MINNESOTA, Wednesday, February 5, 1941 has been designated
as Fifth National Social Syphilis Day by the American Social Hygiene
Association in cooperation with official and voluntary health, medical,
welfare and civic organizations of this state, and,

MINNESOTA, the object of this national observance is to extend
public knowledge of one of man's greatest enemies, syphilis, and the
power of medical science to lessen this scourge and relieve the suf-
fering caused by it, and,

MINNESOTA, special efforts are being made to protect soldiers,
sailors and defense industrial workers from syphilis and gonorrhea, and,

MINNESOTA, public attention is being directed toward any con-
ditions which may endanger the health and morale of the armed forces,

WILL THOMPSON, I, Harold W. Stinson, Governor of the State of
Minnesota, do hereby proclaim

WEDNESDAY, FEBRUARY 5, 1941

BY

CHARLES H. JOHNSON, CLERK

and do hereby urge all residents of the State of Minnesota to consider
