The specific mention of particular municipal powers in other sections of this charter shall not be construed as limiting the powers of the city in the premises to those thus mentioned.

Section 4. Charter a Public Act. This charter shall be a public act and need not be pleaded or proved in any case. It shall take effect thirty days from and after its adoption by the voters.

#### Chapter 3.

All discretionary powers of the city, both legislative and executive, shall vest in and be exercised by the city council. It shall have complete control of the city administration.

## Section 6. Board and Commissions

(a) The council shall itself be, and shall perform the duties and exercise the powers of, all local boards and commissions except as herein otherwise provided. It may, however, by ordinance, resolution or motion create commissions with advisory powers to investigate any subject of interest to the municipality, and also a commission to prepare a city plan subject to the approval of the council. Such commissions may be given the power to administer oaths and to compel the attendance of witnesses and the production of books, papers, and other documentary evidence.

(b) The council, together with the health officer if any, shall be, and shall perform the duties and exercise the powers of the local board of health. Such health officer shall be appointed by the council. He shall be a physician duly licensed to practice medicine in the State of Minnesota, and of good standing in his profession.

(c) There shall be a Water, Light, Power and Building Commission which shall have the same commissioners and officers, until their successors are appointed and qualified, as the Village of Biwabik Water, Light, Power and Building Commission had when this Charter became effective, and the Water, Light, Power and Building Commission of the City of Biwabik shall function under and be governed by Mason's Minnesota Statutes of 1937, Sections 1883 to 1889, both inclusive, and all laws amendatory thereof and supplementary thereto now or hereafter existing, provided, however, that until September 1, 1943, the secretary's salary shall not be more than \$105 per month, and from and after September 1, 1943, the secretary shall receive no salary as such, but the members of the commission may receive the same amount of salary that the city councilmen receive, except that the commissioner whose term expires in 1944 shall receive no salary from September 1, 1943, to September 1, 1944.

(d) There shall be a Library Board which shall have the same directors and officers, until their successors are appointed and qualified, as the Village of Biwabik Library Board had when this Charter became effective, and the city Library Board shall function under and be governed by Mason's Minnesota Statutes of 1937, Sections 5861 to 5866, both inclusive, and all laws amendatory thereof and supplementary thereto now or hereafter existing.

(e) There shall be a Biwabik Volunteer Fire Department which shall have the same officers, until their successors are elected or appointed and qualified, as the Village of Biwabik Volunteer Fire Department had when this Charter became effective, and the Biwabik Volunteer Fire Department of the City of Biwabik shall function under and be governed by Village of Biwabik Ordinance No. 28 and such further or other regulations as may hereafter be prescribed by ordinance by the city council and the constitution and by-laws of the Biwabik Volunteer Fire Department of the Village of Biwabik and all laws of the state of Minnesota relating thereto.

(f) There shall be a Police Civil Service Commission with powers and duties as prescribed by L-40 Supplement to Mason's Minnesota Statutes for 1937, Sections 1883-47 to 1883-608, both inclusive, and all laws amendatory thereof and supplementary thereto now or hereafter existing, provided, however, that each member of the commission shall receive nothing for his services and provided that all policemen regularly employed (whether part time or not) at the time of the taking effect of this charter shall automatically continue employment as policemen and shall automatically come under the jurisdiction of the Civil Service Commission and provided that all salaries, duties, and hours of duty of service of the policeman shall be established by the city council. If upon written application from the council to the Police Civil Service Commission for the employment of a policeman one is not appointed within two weeks by written order, the council may appoint one who shall have the same status under the jurisdiction of the commission as if appointed by the commission.

Section 7. Elective Officers and Date of Election.

(a) The council shall be composed of a mayor, three councilmen and a clerk, who shall be qualified electors and all of whom shall have the right to vote at council meetings, and who shall be elected at large in the manner hereinafter provided. The mayor shall preside at all council meetings at which he is present and shall have an equal vote with other members of the council on any matter coming before that body, and he shall have no veto power. The resident electors shall choose the following named officers, namely: a treasurer, two constables, two justices of the peace, and a council composed of a mayor, a clerk and three councilmen. All officers upon their qualification as such shall hold office until their successors qualify. Vacancies in office may be filled, for the remainder of the term for which said respective officers were elected, by the council; if the council because of equal division of votes is unable to fill the vacancy, then the mayor shall fill the vacancy by appointment for the unexpired term. All city elections for the terms and in the manner herein provided shall be held annually on the first Tuesday after the first Monday in December in each year at which the above named officers shall be elected for the terms following, to-wit: Mayor, for a term of two years; one councilman, for a term of three years; one clerk for the term of two years; and all other such officers, each having a term of two years. All terms, except as herein otherwise provided, shall commence on the first secular day of January following the election.

(b) Special city elections may be ordered by the city council, upon its own motion or upon the petition of fifty resident voters, of which at least ten days' posted and one week's published notice in one or more legal newspapers published in said city, if there be one, shall be given, clearly setting forth the question submitted; Judges and clerks shall be appointed, the vote taken, and the results ascertained, declared and certified as in the case of annual city elections; provided, however, that no proposal so submitted shall be deemed carried, without such a majority in its favor as may be required by law in the particular instance; provided, further, that in the case of a tie the proposal shall be deemed lost.

(c) The conduct of city elections, the affidavit of candidacy, the preparation of ballots by the city clerk, the selection of polling places, the Australian ballot system, and the application of the general election laws as stated in Sections 15 to 20, both inclusive, of Chapter 4 of Part 11 of Laws of Minnesota for 1939, Chapter 345, shall apply to the City of Biwabik except that affidavits of candidacy shall be filed not less than fourteen days preceding the city election.

(d) Nothing in this charter shall be construed as having the effect of separating the city of Biwabik from the town of Biwabik for assessment or election purposes; and such city and town shall constitute a single election and assessment district in the same manner as provided by law for towns and villages which have not by proper legal procedure become separated for election and assessment purposes, but the town of Biwabik and the city of Biwabik may at any time become separate election and assessment districts through the statutory procedure for the separation of villages and towns.

(e) If more than two candidates have filed for mayor or councilman or clerk at any general municipal election in the city, the candidates shall be nominated by a primary election, and the names of the two receiving the highest number of votes for each office shall be placed upon the general ballot. The primary election for such nominations shall be held on the Tuesday preceding the general municipal election. The judges of election, the clerks, the place of election, the hours for opening and closing the polls and all other procedure shall be designated by the city council.

Section 8. Incompatible offices. No member of the council shall hold any other paid municipal office or employment under the city except the city clerk; and until one year after the expiration of his

term as mayor or councilman or clerk no lesser number shall be appointed to any vital office or department under the city chief office or employment when created or the evolution of which were incorporated during his term as mayor, councilman or clerk.

**Section 9. Vacancies in the council.** A vacancy in any council, clerk and other elective and appointive officer shall be deemed to exist in case of the failure of any person elected thereto to qualify, within ten days after the written notification of his election by the city clerk, or by reason of the death, resignation, removal from office, removal from the city, continuous absence from the city for more than three months, or for conviction of the felony or any such person whether before or after his qualification; or by reason of the failure of any such person without just cause to resign any of the duties of membership in the council for a period of three months. In each such case, the council shall by resolution designate such vacancy to exist and shall forthwith nominate an eligible person to fill the same as in this charter provided.

**Section 10. The Mayor.** The mayor shall be the presiding officer of the council, except that a president pro tem shall be chosen who shall serve as president in the mayor's absence, and as acting mayor in case of the mayor's disability or absence from the city. The mayor shall be the chief executive officer of the city, and shall exercise all powers and perform all duties conferred and imposed upon him by this charter, the ordinances, resolutions and actions of the council of the city, and the laws of the state. He shall be recognized as the official head of the city for all commercial purposes, by the courts for the purpose of serving civil processes and by the governor for the purpose of martial law. In time of public danger or emergency he may, with the consent of the council, take command of the police, maintain order and enforce the law.

**Section 11. Salaries.** The mayor shall receive \$50.00 per month, each councilman \$35.00 per month, and the clerk such an amount each month as may be determined by the council. All subordinate officers and other officers and employees of the city shall receive such salaries and expenses or wages as may be fixed by the council by ordinance, resolution or action as may be allowed by the council. After January 1, 1844, the mayor and councilmen shall receive such salaries as a president and the trustee of a village of similar population and assessable valuation would receive under law of Minnesota for 1841, chapters 301 and 303 and all laws supplementary thereto and supplemental thereto now or hereafter existing. After January 1, 1844, the salary of the Mayor shall be \$10 per month; the councilmen shall receive \$75 per year; the members of the Water, Light, Power and Building Commission shall receive \$50 per year each. No greater amount than \$200 per year shall be spent by the Water, Light, Power and Building Commission for trips.

**Section 12. Investigation of City Affairs.** The council and any officer or officers authorized by it shall have power to make investigation into the city's affairs, to subpoena witnesses, administer oaths, and compel the production of books and papers. The council may at any time provide for an examination or audit of the accounts of any officer or department or board or commission of city government.

#### CHAPTER 5. Procedure of Council.

**Section 13. Council Meetings.** The council shall meet at such times as may be prescribed by ordinance, resolution or rule, except that they shall meet not less than once each month. The mayor, or any two members of the council, may call special meetings of the council upon at least twelve hours' written notice to each member of the council. Such notice shall be delivered personally to such member or shall be left with some responsible person at the member's usual place of residence or mailed to such member, but the notice and the amount of notice may be waived by any member and the special meeting shall be properly called and held if all members are present without the usual notice given them. All meetings of the council shall be public, and any person shall have access to the minutes and records thereof at all reasonable times.

Section 14. Rules of Procedure and Quorum. The council shall determine its own rules and order of business, and shall keep a journal or minute book of its proceedings. A majority of all members elected shall constitute a quorum to do business, but a less number may adjourn from time to time. No ordinance, resolution, motion or other procedure shall be adopted unless there are at least three votes in favor of it. The council may provide by ordinance, resolution or motion or rule a means by which a minority may compel the attendance of absent members.

Section 15. Ordinances, Resolutions and Motions. Except as in this charter otherwise provided, all legislation and all appropriations of money shall be by ordinance, resolution or motion. Every final vote upon all ordinances, resolutions and motions, and upon all amendments thereto, shall be by ayes and nays, and the vote of each member shall be recorded in the minutes. A majority vote of all the members of the council shall be required for the passage of all ordinances, resolutions and motions. Such codification may be published in book form and made available by the council in the office of the city clerk for general distribution to the people. Such publication shall be a sufficient publication of all the ordinances therein contained. Every book shall contain a printed certificate of the mayor, attested to by the city clerk, that the publication is correct; and such book so published shall be received in evidence in all courts for the purpose of proving the ordinances therein contained, the same as though the original ordinances were produced in court.

Contracts of this magnitude shall be let by the council to the lowest responsible bidder. The council may, however, reject any and all bids. Nothing contained in this section shall prevent the council from contracting by a vote of four members of the council for the doing of work with patented processes, or from the purchasing of patented appliances by the same majority. Further regulations for the making of bids and the letting of contracts may be made by ordinance, resolution or motion, subject to the provisions of this Charter.

(6) Justices of the Peace. Section 25. Fiscal Year. The fiscal year of the city shall end each year on the 31st day of December.

Section 26. Power of Taxation. The city shall have, in addition to the powers by this Charter expressly or impliedly granted, all the powers to raise money by taxation, pursuant to the laws of the state which are applicable to cities of the class of which it may be a member from time to time, providing, however, there shall be no limitation on its power to tax or on the amount it can levy, except the limitations provided in Laws of Minnesota for 1941, Chapter 543 and the limitations contained in this charter. All powers by this section conferred shall be exercised conformably to this Charter so far as may be possible, and such authority and power shall not authorize the city to incur any debt beyond the limitations or in any other manner than authorized in this Charter.

Section 27. Levy and Collection of Taxes. On or before the tenth of October each year the council shall levy by resolution the taxes it deems necessary for the ensuing fiscal year, and the council and the city shall not be limited in the amount of any levy for general city and municipal purposes or for any other purposes or for any other funds to the limitations provided for in Mason's Minnesota Statutes for 1937, Section 1727, and laws amendatory thereof or supplementary thereto, but shall be limited only by the per capita provisions of Laws of Minnesota for 1941, Chapter 543, and laws amendatory thereof and supplementary thereto and by the provisions of this charter.

The city clerk shall transmit to the county auditor annually, not later than the tenth of October, a statement of all the taxes levied and such taxes shall be collected and the payment thereof be enforced with and in like manner as state and county taxes. No taxes shall be invalid by reason of any informality in the manner of levying the same, nor in case the amount levied shall exceed the amount required to be raised for the special purposes for which the same is levied, but in that case the surplus shall go into the fund in which such taxes belong.

Section 28. Tax Settlement with County Treasurer. The city treasurer shall see to it that all moneys in the county treasury belonging to the city are promptly turned over to the city according to law.

Section 29. Disbursements.. How made. Such demand shall be made out in items, and be verified by an attached affidavit that the claim is true and correct, and that no part of it has been paid. The clerk shall endorse thereon the word "Disallowed," if such be the fact, or "Allowed in the sum of \$\_\_\_\_\_, " if approved in whole or in part; specifying in the latter case the items rejected.

Such accounts and affidavits shall be filed by the clerk, and consecutively numbered throughout the year. Each claim allowed shall also bear the number of the order or check drawn for its payment, and the clerk shall take and preserve a receipt for each order or check issued. Every order drawn for the payment of money shall be signed by the mayor and clerk and countersigned by the treasurer if required by the council. No order or check shall be drawn or issued on any fund until there is sufficient money in such fund to pay the same, together with all orders or ~~checks~~ checks previously issued against such fund, except when there are ~~unpaid~~ delinquent taxes on iron ore property which may cause financial embarrassment to the city.

Whenever the expenses and obligations incurred chargeable to any particular fund of the city in any calendar year are sufficient to absorb 95% of the entire amount of the tax levy for such fund payable in that year, including such amount as may remain in the fund from the levy or otherwise of the prior year or years, neither the city council nor any officer, commission, board or employee shall have power and no power shall exist to create any additional indebtedness (save as the remaining 5% of such tax levy is collected) which shall be a charge against that particular fund or shall be in any manner a valid claim against the city; but such additional indebtedness, if attempted to be created, shall be a personal claim against the officer or member of the council, commission, or board voting for or attempting to create the same; and in no event shall the city council or any officer, commission, board or employee have the power and no power shall exist to create any indebtedness which shall be a charge against the village in excess of cash on hand at the beginning of the year, and the local income and the tax levy payable in that year for the use of any particular department, commission, board or official body, less the amount required to be paid each year therefrom on bonds authorized and interest accruing thereon. At any time after the annual tax levy has been certified to the county auditor and not earlier than October 10 in each year, the city council may, for the purpose of meeting the obligations of the ensuing year, by resolution or motion issue and sell, with or without advertisement, as many certificates of indebtedness as may be needed in anticipation of the collection of the taxes so levied for any fund named in the tax levy, for the purpose of raising money for such fund. No certificates shall be issued and outstanding for any separate fund exceeding 50% of the amount named in the tax levy for that fund as spread by the county auditor, and in no event exceeding the uncollected portion of the levy. No certificates shall be issued or become due and payable later than December 31 of the year succeeding the year in which such tax levy, certified to the county auditor as aforesaid, was made. Such certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than 6% per annum. Each certificate shall state upon its face for which fund proceeds of the certificate shall be used, the total amount of certificates issued and outstanding against such fund, and the whole amount embraced in the tax levy for that particular purpose. They shall be numbered consecutively and be in denominations of \$25.00 or multiples thereof and may have interest coupons attached, and shall be otherwise of such terms and form and be made payable at such place as will best aid in their negotiation. The certificates of indebtedness issued hereunder shall be negotiable instruments. The proceeds of the tax assessed and collected as aforesaid on account of such fund, and the full faith and credit of such city shall be irrevocably pledged for the redemption of the certificates so issued. Such certificate shall be paid from the moneys derived from the levy against which such certificates were issued, or if they be insufficient for that purpose, from other funds of the city. The money derived from the sale of such certificates shall be credited to such fund or funds for the calendar year immediately

succeeding the making of such levy and shall not be used or spent except during such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended unless the non-payment of taxes on iron ore financially embarrasses the city; provided that money derived from the sale of certificates of any one year may, if necessary, be issued to redeem unpaid certificates issued in a prior year. In the event the city is unable to sell such certificates of indebtedness in the manner prescribed, Laws of Minnesota for 1888, Chapter 375, Section 4, and all amendments thereto, now or hereafter existing, shall apply to the City of Eveleth.

Section 30. Levies and Bonds Payable Under Laws of Minnesota for 1927, Chapter 275. The amount of the levies for the payment of bonds authorized and issued under Laws of Minnesota for 1927, Chapter 275, may be paid from the levy for the general fund.

Section 31. Not to Incur Indebtedness. Section 38. Contract to be Null and Void in Certain Cases.  
Every contract attempted to be entered into, or indebtedness or pecuniary liability attempted to be incurred in violation of the provisions of this charter shall be null and void in regard to any obligations to be sought to be imposed upon the city, and no claim therefore shall be allowed by the council of the city nor by any board thereof; nor shall the city clerk or any other officer or employee issue or execute, nor shall the city treasurer pay any check, warrant or certificate of indebtedness issued on account thereof. Each member of the city council and each other city officer or employee participating in or authorizing any violation of this charter shall be individually liable to the city or to any other person for any damages caused thereby. Every member of the city council or any board or commission of the city present at a meeting of the board, commission or council when any action is taken with reference to paying money or incurring indebtedness or entering into any contract in violation of the provisions of this charter shall be deemed to have participated in and authorized the same unless he shall have caused his dissent therefrom to be entered upon the minutes of the meeting.

Total levies set apart for the general fund and for all funds of the city and for all purposes, general and specific, including judgments and bonded or other indebtedness, except for the payment of bonded indebtedness outstanding at the time of the adoption of this ordinance, shall not exceed 40 mills upon the taxable valuation of the city equivalent, which much levy is apportioned among the several districts in which a levy of 40 mills would not produce sufficient revenue, the city may levy 40 mills, if so provided, such however, that the city council may exempt the same from the flat rate of 40 mills, and that the amount of such exemption be equal to the levy of 40 mills upon 1947, and unless the city levy is less than the total in the levy of 1947, the difference between the two levies shall be paid into the general fund.

in all the above mentioned years, the city may levy the above described amounts in the above numbered years, in excess of any amounts levied for bonded indebtedness and interest thereon.

In the event the levies made by the council, plus any levies for judgments, bonds, indebtedness or other indebtedness, or interest thereon, required by law to be included by the County Auditor in such levies (other than the levies for bonded indebtedness existing at the time of the adoption of this charter, and subsequent thereto) shall exceed the limitations herein, the County Auditor shall reduce such levies until the total thereof is within the limitations herein set forth. In making such reduction, the County Auditor shall first in full levies, if any, for judgments or bonded indebtedness and interest thereon, or other mandatory levies, and then shall reduce the levy or levies for other purposes proportionately, or as directed by the council, to such extent as is necessary to bring the total within the limitations herein set forth.

##### Eminent Domain

Section 44. Power to Acquire Property. The city of Bismarck is hereby empowered to acquire, by purchase, gift, device, or condemnation, any property, corporeal or incorporeal, either within or without its corporate boundaries, which may be needed by said city for any public use or purpose. In addition to the power to acquire property for other public purposes, the city may also acquire, as herein provided, any gas, water, heat, power, light, telephone, or other plant, or other public utility; but no proceedings to acquire any such public utility shall be consummated until authorized by vote of the people, and provision for paying for the property proposed to be acquired has been made. Easements for slopes, fills, covers, building lines, poles, wires, pipes, and conduits for water, gas, heat, and power may be acquired by gift, device, purchase, or condemnation in the manner provided by law.

Section 45. Proceedings in Acquiring Property. The necessity for the taking of any property by the city shall be determined by the council and shall be declared by a resolution which shall describe such property as nearly as may be and state the use to which it is to be devoted. The acquisition of such property may be accomplished by proceedings at law, as in taking land for public use by right of eminent domain according to the laws of this state, except as otherwise provided in this charter.

Section 46. Payment of Award. Whenever an award of damages shall be confirmed in any proceeding for the taking of property under this charter, or whenever the court shall render final judgment in any appeal from any such award, and the time for abandoning such proceedings by the city shall have expired, the city shall be bound to, and shall, within sixty days of such final determination, pay the amount of the award with interest thereon at the rate of six per cent per annum from the date of the confirmation of the award or judgment of the court, as the case may be; and if not so paid, judgment therefor may be had against the city.

Section 47. City May Abandon Proceedings. The city may, by resolution of the council at any stage of the condemnation proceedings, or at any time within thirty days after any commissioners appointed by the court hereunder shall have filed their report with the clerk of court, or in case of an appeal to the district or supreme court at any time within thirty days after final determination thereof, abandon such proceedings as to all or any parcel of the property sought to be acquired and shall pay all costs thereof.

Section 48. City May Acquire Entire Plant. In case the city shall condemn a public utility which is operated at the time of the commencement of the condemnation proceedings as one property or one system, it shall not be necessary in such condemnation proceedings, or any of the proceedings of the council, to describe or treat separately the different kinds of property composing such system, but all of the property, lands, articles, franchises, and rights which enter into and go to make up such system may, unless otherwise ordered by the court, be treated together as constituting one property, and an award for the whole property in one lump sum may be made by the commissioners on condemnation or other body assessing the damages. But this shall not prevent the city, in cases where the plant and property is separable into distinct parts, from taking only such part or parts thereof as may be necessary in the public interest.

### Chapter 8.

#### Franchises

Section 49. Definition of Franchises. The word "franchise" as used in this charter shall be construed to include all privileges granted to any person, firm, association or corporation in, over, upon or under any of the highways or public places of the city, whether such privileges have been or shall hereafter be granted either by the city or by the State of Minnesota.

Section 50. Franchise Ordinances. The council may grant franchises by ordinance adopted by an affirmative vote of five members of the council. Franchise rights shall always be subject to the superior right of the public to the use of streets and public places. All corporations, co-partnerships, persons or other entity desiring to make an especially burdensome use of the streets or public places, inconsistent with the public's right in such places, or desiring the privilege of placing in, over, upon or under any street or public place any permanent or semi-permanent fixtures for the purpose of constructing or operating street or other railways, or for telephoning or telegraphing or transmitting electricity, or transporting by pneumatic tubes, or for furnishing to the city or its inhabitants or any portion thereof transportation facilities, water, light, heat, power, or any other public utility, or for any other purpose, shall be required to obtain a franchise before proceeding to make such use of the streets or public places or before proceeding to place such fixtures in such places.

Section 51. Publication of Franchise. Every ordinance granting or extending any franchise shall contain all the terms and conditions of the franchise. A franchise shall be without any validity whatever until it has been unconditionally accepted in all its terms by the grantee, signed by the proper officers thereof, and such acceptance filed with the city clerk, and until it has been published in the official newspaper of the city at least once a week for four successive weeks after its passage. The grantee shall bear the cost of publication of franchise ordinances and shall deposit sufficient cash to guarantee the publication before the ordinance is passed.

Section 52. Term Limited. The council in granting any franchise shall fix the term thereof. No franchise shall be granted for a longer term than twenty-five years.

Section 53. Power of Regulation Reserved. The city shall have the right and power to regulate and control the exercise by any corporation, co-partnership, person or other entity, of any franchise, however acquired, and whether such franchise has been

herebefore granted by the Village of Bismarck or by the State of Minnesota, or shall hereafter be granted by the city or by the State of Minnesota.

**Section 54. Rates and Services.** Every grantee of a franchise to operate a public utility shall give courteous, efficient and adequate service at reasonable rates. A reasonable rate shall be construed to be one which will, with efficient management, normally yield above all operating expenses and depreciation a fair return on all money honestly and efficiently invested in the plant and equipment of the grantee in the public service within the city. This shall not be construed as a guarantee of a return and in no case shall there be any return upon franchise value. Within these limits the determination of a maximum price to be charged by any franchise holder for service rendered to the city or to any person, persons, firm or corporation within the city shall be made, if possible, by direct negotiations between the franchise holder and the council at public hearings. In case of failure to reach an agreement by this method within a reasonable time, a board of arbitration consisting of three members shall be appointed in the following manner. Either the council or the franchise holder shall appoint some person to represent it on said board of arbitration, and within twenty days after such appointment the council or the franchise holder, as the case may be, shall also appoint some person to represent it on said board of arbitration. Within twenty days after the appointment of representatives by the council and the franchise holder, the said representatives shall by mutual agreement select a third person, preferably an expert in valuation and rate making, to act as umpire, and said two representatives and said umpire shall constitute a board of arbitration. If the representatives of the council and the franchise holder are unable to agree on an umpire, such umpire shall be appointed by the senior judge of the District Court of St. Louis County, Minnesota. The board of arbitration so selected shall as soon as possible make the necessary investigations and agree by a majority vote upon a schedule of rates. The schedule of rates set by the board of arbitration shall be the legal rates, subject to review by a court of competent jurisdiction. Schedules of rates thus fixed shall be as flexible as may be, and shall in no case fix a definite rate for a period of more than five years. If the franchise holder fails to appoint a representative to the board of arbitration within the time required after notification by the council of the appointment of the council's representative, or if the board of arbitration fails to agree upon a schedule of rates within sixty days after the appointment of an umpire, the council shall have the power to prescribe a schedule of reasonable rates by ordinance, to be effective until a decision has been reached by the board of arbitration. The rate determined upon by the board of arbitration may be retroactive to the time of the termination of the preceding rate schedule, if any. The city and the franchise holder may by mutual agreement revise existing schedules of rates at any time, proceeding in each case as provided for the original fixing of rates. The city may pay a reasonable amount for the services and expenses of its representative and a reasonable share of the remuneration and expenses of the umpire.

**Section 55. Conditions of Franchises.** Every franchise shall contain the conditions set forth in this section, and every franchise ~~shall be deemed to include the conditions unless actually stated in the franchise~~ shall be susceptible of modification by contract or otherwise. Every franchise shall contain the following provisions:

(1) That the grantee shall be subject to and will perform on its part all the terms or sections 49 to 53, inclusive, as well as all other pertinent provisions of this charter.

(2) That the grantee shall in no case claim or pretend to exercise any power to fix rates, fares and charges; but that such rates, fares and charges shall at all times be just, fair and reasonable for the services rendered, and shall in all cases be fixed and from time to time changed in the manner provided in Section 54 of this charter. The granting of any franchise shall not be deemed to confer any right to include in the charges for services any return on the value of the franchise.

(3) That the council shall have the right to require reasonable extensions of service from time to time and to make such rules and regulations as may be required to secure adequate and proper service, and to provide sufficient accommodations for the public.

(4) That the grantee shall not issue any capital stock on account of the franchise or the value thereof, and that the grantee shall have no right to receive, upon condemnation proceedings brought by the city to acquire the public utility exercising such franchise, any return on account of the franchise or of its value.

(5) That no sale, assignment or lease of said franchise shall be effective until approved by an affirmative vote of five members of the council and until the vendee, assignee or lessee shall have filed in the office of the city clerk an instrument duly executed, reciting the fact of such sale, assignment or lease, accepting the terms of the franchise, and agreeing to perform all the conditions thereof.

(6) That every grant in said franchise contained of permission for the erection of poles, masts or other fixtures in the streets and for the attachment of wires thereto, or for the laying of tracks in, or of pipes or conduits under the streets or public places, or for the placing in the streets or other public places of any permanent or semi-permanent fixtures whatsoever, shall be subject to the conditions that the council shall have the power to require such alterations therein, or relocation or rerouting thereof, as the council may at any time deem necessary for the safety, health or convenience of the public, and particularly that it shall have the power to require the removal of poles, masts and other fixtures bearing wires and the placing underground of all wires for whatsoever purpose used.

(7) That the grantee, or its assignee, if any, shall post a bond in such amount and such form as may be determined by the city council, conditioned to repair promptly all damages to public streets, alleys and ways and public property occasioned by the acts or omissions of any such grantee or assignee.

(8) That the city shall have free access to all books, records and papers of the grantee which in any way deal with, affect or record its operations within the city.

Section 56. Further Provisions of franchises. The enumeration and specification of particular matters which must be included in every franchise or renewal or extension thereof, shall not be construed as impairing the right of the city to insert in any such franchise or renewal or extension thereof such other and further conditions and restrictions as the council may deem proper to protect the city's interests, nor shall anything contained in this charter limit any right or power possessed by the city over existing franchises.

Section 68. Rates and Remuneration. The Water, Light, Power and Building Commission shall have the power to fix all rates and charges for water, light, heat, and all other utilities provided by plants owned by the city, but such rates and charges shall be just and reasonable. In like manner the Water, Light, Power and Building Commission may prescribe the time and manner in which payments for all such services shall be made, and the manner in which water and electric current shall be furnished or measured, whether by meter or flat rate, and make such other regulations as may be necessary, and may prescribe penalties for violations of such regulations.

In no case shall such contract be for a longer term than ten years. The contractor shall be subject as far as possible to the rules as to rates and service, and as to council control, laid down for the holders of franchises in Chapter 8 of this charter.

Section 71. Public Utility - How Sold. No public utility owned by the city, whether acquired prior to the adoption of this charter or thereafter, shall be sold or otherwise disposed of by the city, unless the full terms of the proposition of said sale or other disposition thereof, together with the price to be paid therefor, shall have been embodied in an ordinance passed by an affirmative vote of five members of the council, and submitted to the electors at a general or special election and approved by a majority vote of the electors voting thereon.
