MEMORANDUM OF AGREEMENT

Between the State of Minnesota, herein called the state, and  
Gopher Stamp and Die Company, a Delaware corporation,  
at St. Paul, Minnesota, herein called the contractor.

The state, through its commissioner of administration, herein  
called the commissioner, having duly advertised for proposals for the

Furnishing of Motor Vehicle Number Plates for the  
use of the state in carrying out, during the year 1942,  
the provisions of the laws relating to the registration  
and taxation of motor vehicles,

in accordance with specifications therefor, copy of which is hereto  
attached, and the contractor having duly submitted its proposal, dated  
May 19, 1941, for the furnishing of such plates, at the prices stated  
therein, at a total estimated cost of approximately \$107,622.59.

The contractor will enter at once upon the performance of the  
contract and will manufacture and deliver the required number plates  
promptly at the place and in the quantities specified for delivery at  
the respective dates fixed by the specifications, and of the quality,  
workmanship, and finish required, all in accordance with the specifica-  
tions, the proposal of the contractor, and the award of the contract  
by the commissioner acting through the Director of Purchases, copies  
of which proposal and notice of award of contract are hereto annexed  
and made a part hereof.

There is incorporated in this memorandum the provision in the  
specifications relating to rescission of the contract and the purchase  
of needed plates elsewhere in case of default in delivery as fully and  
with the same effect as if copied at length herein.

Payments will be made substantially at the end of each delivery  
period for plates delivered therein on bills therefor approved by the  
registrar of motor vehicles, and in the usual course of state payment.

The contractor herewith shall give bond to the state with  
corporate surety acceptable to the commissioner in the amount of \$107,622.59,  
conditioned for the faithful performance of the contract.

This memorandum shall become binding upon the parties when signed in behalf of the state by the head of the Department of State and approved by the commissioner of administration or his delegated agents, together with the certification of the Auditor hereon that the appropriation and allotment have been encumbered for the full amount of the contract liability herein, and when signed in behalf of the contractor by its proper officers under its corporate seal.

Dated this 29th day of May, 1941.

Available funds have been encumbered this day for the full amount of contract liability.

Dear Sir:

The undersigned propose and agree to furnish, in strict accordance with specification, Motor Vehicle License Plates as required by the State of Minnesota for the year 1942, at prices as shown on the attached form.

If two coats of enamel are required add .00355 per plate to the above prices.

As required in your specification we submit the following information:  
We are sole owners of a factory located at Chicago Avenue and Custer Street, in the City of St. Paul, Minnesota, and are equipped to turn out at least 15,000 pairs of Motor Vehicle License Plates per day, complete and ready for shipment.

The mailing weight of license plates called for in specification is as follows:

SIZE	WEIGHT
7 1/8" Tags	9 oz. per pair
10" Tags	12 oz. per pair
12" Tags	14 1/2 oz. per pair

The price on additional plates ordered shall be the same as previously mentioned.

As to delivery on additional and duplicate plates, we can and will if necessary, give you twenty-four hour service as we have in the past and guarantee first class workmanship on all plates.

Attached to and forming a part of this bid is a certified check in the amount of \$1000.00.

Respectfully submitted,

SPECIFICATIONS FOR  
NUMBER VEHICLE NUMBER PLATES

MATERIAL AND WORKMANSHIP - Proposals shall be submitted for #18 gauge standard black steel and shall be submitted for one or more coats of enamel, dipped or sprayed, besides the coat necessary for the figures and other inscriptions, and such baking and other finishing that the contractor will guarantee the plates to meet the conditions required herein and all materials must be such that they will withstand the various physical and chemical tests usually required and as ordered by the Department of Administration. The plates shall be guaranteed to withstand hard usage and the elements for a term of one year, and each bidder will be required to submit with his bid samples of unfinished material to be used and also made up sample plates, and will be required to state in detail the character of the material, gauge of metal, number of coats of enamel, the process of manufacture, and the mailing weight of the finished plates.

All materials and workmanship of plates furnished under the contract shall be first-class and fully equal to samples submitted with bid and shall be in every particular in strict accordance with these specifications.

GENERAL DESIGN - All plates are to be embossed (raised or outlined), corners are to be rounded, edges are to be beaded or reinforced, a raised beading completely surrounding the plates 1/8 inch inside the edge. There must be a marked contrast between the numerals and the background of the plate.

DESIGN OF AUTOMOBILE, BUS, TRUCK, SNOWMOBILE, AND TRAILER PLATES - All numerals except "1" of the number of the plates shall be 1-3/16 inches wide. All numerals of the number on the plates shall be 3 inches high and of a 5/16 inch stroke. Between the thousandths and hundredths

digits of the number except in the case of four figure numbers, there shall be a dash (-) 5/16 inch square. Between each figure of the number and between the aforementioned dash and the figure on each side of it, there shall be at least 7/16 inch space, measured between the nearest points of adjacent figures. To indicate the class of registration other than the "Regular" passenger car registration, the registration number shall be preceded by a letter, or letters also 3 inches high and of same stroke as the digits of the registration number. Horizontally below the registration number, on plates 10 and 12 inches long, there shall appear the word "MINNESOTA" and the number "1942" in characters 3/4 of an inch high, 5/8 of an inch wide and of a 1/8 inch stroke.

On plates 7-5/8 inches long, the word "MINNESOTA" shall be abbreviated and the inscription shall read "MINN-1942". The dash (-) shall be 1/4 of an inch long and 1/8 of an inch wide.

At the right end, half an inch from the margin of the plate, there shall be two holes, the vertical distance between which shall be 4-3/8 inches from center to center. At the left end of the plate there shall be two holes, located half an inch from the end of the plate and 4-3/8 inches apart, measured vertically from center to center. Each of the four holes shall be 1/4 of an inch in diameter. Half an inch below the upper edge and also half an inch above the lower edge and proportionately spaced from ends of plate shall be two slots in no case more than 7 inches apart measured from center to center, 1/4 of an inch wide and 1 inch long, running horizontally.

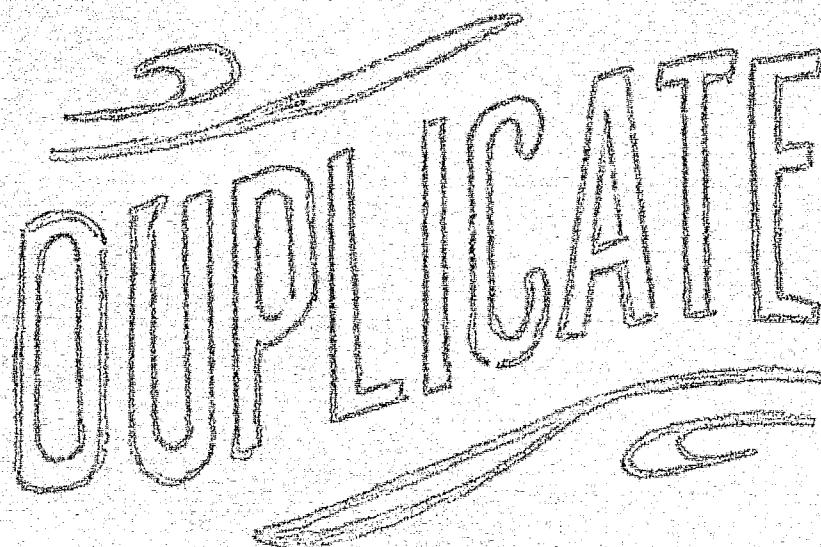

DESIGN OF MOTORCYCLE PLATES - The motorcycle plates shall be 3 inches wide and 7 inches long and shall be substantially the same design as the automobile plates. The numerals of registration number shall be 2-1/4 inches high, 7/8 of an inch wide and of a 1/4 inch stroke. At the left end of the plate there shall be the letters "M C" arranged with the letter "M" above the letter "C" in characters 1/2 inch high, 3/4 of an inch wide and of a 1/16 inch stroke, set to occupy the space proportionately to the left of the numerals. Lengthwise across the plate 3/8 of an inch above the lower edge shall appear "MINNESOTA 1942" in characters 3/8 of an inch high, approximately 5/26 of an inch wide

and of a 1-16 inch stroke. Spaces shall be 1/4 of an inch high and each of the four corners of the plate just inside the raised edge slightly below the upper edge and proportionately spaced from the ends of the plate, shall be two slots 3/16 of an inch wide and 3/16 of an inch long, running horizontally.

DESIGN OF MOTORCYCLE DEALERS PLATES - The design of the motorcycle dealers' plates will be the same as the design of the regular motorcycle plates, except that before the number, there will be the letter "D" of the same size as the figures of the license number, and between the parts of the number, there will be a dash (-) to distinguish the dealer's number from the Plates' number by the same system of numbering as that purpose is served in the regular dealers' plates.

DESIGN OF DEALERS PLATES - The design of the dealers' plate shall be the same as that of the automobile and truck plates in every particular except that before the first figure of the license number of dealers' plates, there shall also be the letter "D" 3 inches high, 1-3/16 inches wide and of a 5/16 inch stroke.

DESIGN OF DUPLICATE PLATES - The design of duplicate plates, except for motorcycles and dealers' licenses, shall be substantially the same as that of the automobile and truck plates, 5-5/8 inches wide and 12 inches long. The word "DUPLICATE" shall appear before the numeral or series letter in characters approximately 1-1/2 inches high and set proportionately in scroll in a space 3 inches high and 4-1/2 inches long as follows:

The design of duplicate dealers plates shall be the same as that of the regular dealers license plates except that ahead of the license number there shall be the abbreviation D.D.P. arranged in a vertical column reading from the top down.

The design of duplicate plates for motorcycles shall be the same as that of the regular motorcycle plates except that ahead of the registration number there shall be the abbreviation D.U.P.

DESIGN OF DRIVE AWAY IN TRANSIT PLATES - The design of the Drive-Away In Transit plates shall be substantially the same as that of the automobile and truck plates, except that at the left end of the plate and set so as to occupy proportionately the space to the left of the license number or series letter, there shall appear the inscription

DRIVE  
AWAY  
IN  
TRANSIT

In characters 5/8 of an inch high, approximately 1/2 inch wide, and of a 1/16 inch stroke. Horizontally, below the registration number, there shall appear the inscription "MINNESOTA 1942" in characters 3/4 of an inch high, 5/8 of an inch wide, and of a 1/8 inch stroke. The size shall be approximately 5-5/8 inches wide and 12 inches long, with the same holes and slots as the automobile and truck plates.

DESIGN OF "IN TRANSIT" PLATES - The "In Transit" plates shall be approximately 5-5/8 inches wide and 12 inches long. The design of the "In Transit" plates shall be substantially the same as that of the automobile and truck plates, except that at the left end of the plate and set so as to occupy proportionately the space to the left of the license number or series letter, there shall appear the inscription

NEW CAR  
IN  
TRANSIT

In characters 3/4 of an inch high, approximately 1/2 inch wide and of a 1/8 inch stroke.

DESIGN OF TAX EXEMPT PLATES - The design of tax exempt plates shall be substantially the same as that of the "In Transit" plates except that at the left end of the plate and set so as to occupy proportionately

THE PLATES TO THE STATE OF MINNESOTA AND APPROVED. THESE PLATES SHALL BE  
THE STANDARD PLATES.

All plates shall be delivered not later than September 1, 1942.

ALL DELIVERANCES MADE TO THE UNITED STATES GOVERNMENT AND  
SPLIT TRAIL MANUFACTURE AS DIRECTED BY THE SECRETARY OF STATE OR  
ARRANGED IN SUPPORT OF SAME AND MADE OR DIRECTED BY THE SECRETARY  
OF STATE.

The Secretary of State shall have the right to order additional  
quantities of any or the above classes of plates at such time and in  
such quantities as he may require for use during the term of the  
contract, and the additional plates as required must be supplied and  
delivered from time to time after September 1, 1941 as required, upon  
ten days notice at the regular contract price. The Secretary of  
State shall also have the right to order at the regular contract  
price additional quantities of plates as may be needed with a  
different series letter and/or with a letter in place of any  
numeral and/or a numeral in place of any letter.

Every bidder will be required to state in his proposal that  
he is the owner or lessee of a suitable manufacturing plant equipped  
with suitable machinery for the manufacture and production of such  
plates, and capable of turning out at least 15,000 pairs of plates  
per day giving the name and place of location of such plant, or  
in case the bidder is not a manufacturer of such plates, he must  
state in his proposal that he has entered into a contract with a  
manufacturer who is the owner or lessee of a plant of similar  
capacity, giving the name, place, and capacity of such plant, to  
furnish and deliver upon his order the number of plates required by  
these specifications, and must enclose with and submit as part of his  
proposal the statement of such manufacturer to the effect that he has  
entered into such contract with the bidder and that in the event the  
contract is awarded to such bidder, the manufacturer will deliver  
upon his order the required number of plates in accordance with these  
specifications in fulfillment of the contract so to be entered into.

The Department of Administration reserves the right to inspect  
regarding the conformity to these the factory in which it is proposed  
to manufacture the plates herein required and investigate the  
facilities and conditions of such plant and to reject such bid without  
estimated that the bidder will be able promptly to comply with the  
terms of the proposed contract and the right is reserved generally  
to the Department of Administration to reject any and all bids.

In passing on the bids submitted not only the cost in money  
will be considered, but also the durability, workmanship, and  
general appearance of the plates, as well as the ability of the  
bidder to perform his agreements promptly and faithfully is  
awarded the contract.

Time is of the essence of the proposed contract for the manu-  
facture and delivery of these plates, and if the contractor shall  
fail to make delivery of any specified quantity of plates within  
the time required by these specifications, the State shall be  
deemed to be damaged by such failure of delivery, and the amount of  
such damage is hereby fixed and agreed upon in advance as liquidated  
damages, and not as a penalty, and a deduction will be made from  
the contract price accordingly, and the contract will so provide  
that is to say, for each day's delay, Sundays and holidays excepted,  
until such satisfactory delivery shall have been made of the plates  
as herein provided at the rate of 1/3 of 1 per cent of the contract  
price, but not to exceed in all ten per cent thereof.

No liquidated damages shall be deducted for such period after  
the expiration of the time prescribed for delivery, as in the judg-  
ment of the Department of Administration, shall equal the time, that  
either in the beginning or in the prosecution of the deliveries con-  
tracted for shall have been lost on account of strikes, riots, fires,  
or other disasters, delays in transit for delivery on the part of the  
transportation company, or any other circumstance beyond the control  
of the contractor; but the question whether delays are due to the

causes herein specified shall be determined by the Department of Administration and its determination report shall be conclusive and binding on the contractor. The contract will contain the provision that if the contractor shall fail in any respect to perform the contract, the State, at the option of the Department of Administration may cancel and declare it null and void and the Department of Administration may purchase or procure such plates in such number and from such person or persons as it deems proper, paying such price therefor as may be necessary in order to procure such said articles or materials of the kind as nearly as practicable, as the contractor shall fail to deliver as required, and may charge to, demand and recover from the contractor the difference between the price so paid therefor and the price stipulated in the contract, and the amount of such difference shall be paid by the contractor to the State on demand.

OFFICE  
OF  
SECRETARY OF STATE—MOTOR VEHICLE DIVISION

Dear Motor Vehicle Operator:

Consider for a moment your great opportunity to aid in reducing the tremendous annual loss of life thru traffic accidents. By just exercising good judgment and courtesy and observing a few simple rules of caution most accidents could be avoided.

REMEMBER you are not a good driver unless you are a **SAFE DRIVER**.

**GOOD SAFETY RULES TO OBSERVE**

1. Don't pass on hills or blind curves—you might just as well drive blind-folded.
2. Don't fail to signal all turns—the fellow behind is entitled to this courtesy.
3. Don't challenge the right-of-way—if in doubt, take no chances.
4. Don't cut corners—that's the other fellow's territory and he might claim it.
5. Don't cut in sharply after passing—the driver you pass hates the ditch as much as you do.
6. Don't weave all over the highway—your half of the road is on the right.
7. Don't come to sudden stops without signaling—rear end crashes are costly. Don't be a tightwad—give the driver behind you a "Hand-out."
8. Don't lag in traffic—you have no right to delay those behind.
9. Don't take a chance with faulty brakes or tires—it's a saving you'll regret.
10. Don't be reckless at any time—you endanger not only your own life, but the other fellow's as well. Caution is your protection—use it.
11. Don't drive with blinding lights—the driver approaching hates it as much as you do.
12. Don't race for an intersection then stop suddenly—brakes have been known to fail.
13. Don't drive if you drink. Don't drink if you drive.
14. Keep a safe, clear stopping distance ahead of you. Something unexpected might happen to the vehicle ahead.
15. Drive sanely—signal plainly.  
Save a life—perhaps your own.  
Always keep your plates clean.
16. Pedestrians aren't armored—give them a chance.

**OBSERVE LAWS AND SAVE LIVES.**
