BIENNIAL REPORT OF EXAMINING AND LICENSING BOARDS

(M.S. 1997, Section 214.07)

BOARD: Minnesota Board of Architecture, Engineering, Land
Surveying, Landscape Architecture, Geoscience, and Interior
Design

LOCATION: 85 E. 7th Place, Suite 160, St. Paul, MN 55101

STATUTORY AUTHORITY: 326.02 – 326.15

REPORT PERIOD: July 1, 2002 to June 30, 2004

SUBMITTED BY: Doreen Johnson Frost, Executive Secretary

This report shall be delivered to the Governor.

**Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience,
and Interior Design**

Clause a: GENERAL STATEMENT OF BOARD ACTIVITIES

This description should cover both FY 03 and FY 04 and include any changes (additions/deletions) in activities between those years.

The Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design has been established to safeguard life, health and property and to promote the public welfare. The Board meets its mission through the examination, licensure, certification and regulation of individuals who practice architecture, professional engineering, land surveying, landscape architecture, geology, or soil science or who use the title certified interior designer. In addition, the Board regulates the unlicensed practice of these professions.

The Board reviews and process applications for examination by identifying those candidates who meet the education and experience requirements set forth in statute and rule. Board staff administer fifteen examinations per year to approximately 2,292 candidates. In addition, the examinations for architect, landscape architect (beginning with the June 2004 examination), and certified interior design are given through their respective national licensing councils after approval that a given candidate meets the Board's requirements.

In the FY03/FY04 reporting period, the Board granted 1,531 new licenses and certificates. The Board renewed approximately 13,937 licenses in FY04.

The Board, in cooperation with the Attorney General's office, processed 153 complaints alleging violations of the Board's statutes and rules. During this period 173 complaints were filed.

The Board generates non-dedicated revenue (license fees, examination fees, fines, civil penalties) into the General Fund. Fees are set to cover all direct and indirect costs.

Clause f: A BRIEF SUMMARY OF BOARD RULES PROPOSED OR ADOPTED
DURING THE REPORTING PERIOD WITH APPROPRIATE CITATIONS
TO THE STATE REGISTER AND PUBLISHED RULES.

During the reporting period, the Board proposed rules pertaining generally to all licensees and pertaining specifically to landscape architectural licensing. The nature of the proposed rules is to provide clarity in general and to specifically and accurately reflect the examination instrument used by the Board as it pertains to landscape architecture, and to clarify the rules with respect to the education and experience requirements those specific prospective licensees must satisfy prior to acquiring licensure without changing the actual requirements for licensure.

The Board published these proposed rules in the August 9, 2004 State Register. Although the Board will not have adopted these rules prior to the date this report is due, it anticipates doing so within the next few months.

*Includes complaints and communications received between July 1, 2002 and June 30, 2004 (inclusive), as referred to in clause (n), and responses and dispositions occurring between July 1, 2002 and June 30, 2004 (inclusive).

**Board of Architecture, Engineering, Land Surveying, Landscape Architecture,
Geoscience, and Interior Design**

Clause p: ANY OTHER OBJECTIVE INFORMATION WHICH THE BOARD MEMBERS BELIEVE WILL BE USEFUL IN REVIEWING BOARD ACTIVITIES.

(For Example: In what other states do your licensees hold licenses? Number of Minnesota licenses verified/certified to other states? Number of inspections? Comparisons with past biennial reports?)

Annually the Board verifies to other states the status of approximately 925 licensees and certificate holders. The completion of a verification does not mean that the individual necessarily follows through and receives a license or certification in the other jurisdiction.

It would be difficult to track licensure or certification in other jurisdictions. Non-home state licensure/certification is not always long term – it may be due to a single project. If all our licensees and certificate holders were asked to tell other jurisdictions in which they were licensed/certified, the data would be obsolete very quickly.

Licensees and certificate holders have a varying number of other licensing jurisdictions with which they can become licensed/certified. For example, architects and engineers could be licensed in 55 separate jurisdictions whereas soil scientists would find only 8 such jurisdictions.

The Board investigates complaints alleging unlicensed practice and because those individuals did not hold a license with the Board, the data is not included in clause m. Data for those complaints is set forth below:

	FY 03	FY 04	FY 03/04
TOTAL number of actions against unlicensed persons:	7	7	14

TYPE OF ACTION	BRIEF STATEMENT OF REASON(S)
Cease and Desist Order and Notice of Right to Hearing	Holding Out, Architect
Cease and Desist Order and Notice of Right to Hearing	Unlicensed Practice of Professional Engineering
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Professional Engineering
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Land Surveying
Settlement Agreement and Cease and Desist Order	Holding Out, Architect

TYPE OF ACTION	BRIEF STATEMENT OF REASON(S)
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Architecture
Settlement Agreement and Cease and Desist Order	Holding Out, Architect
Settlement Agreement and Cease and Desist Order	Holding Out & Unlicensed Practice of Land Surveying
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Architecture and Professional Engineering
Settlement Agreement and Cease and Desist Order	Holding Out, Architect
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Architecture and Professional Engineering
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Architecture
Settlement Agreement and Cease and Desist Order	Unlicensed Practice of Architecture
Stipulation and Order	False information on Application for Licensure (Professional Engineering)
