A DIRECTORY OF MINNESOTA'S RIVER TERMINALS

Prepared by
Port Development, Dick Lambert, Director
Minnesota Department of Transportation
1110 Centre Pointe Curve
Mendota Heights, MN 55120
Phone: 651-406-4805
Fax: 651-406-4811
E-mail: dick.lambert@dot.state.mn.us

Foreword

The Ports and Waterways Section of the Minnesota Department of Transportation has prepared this barge terminal directory to provide information about Minnesota's river terminals. Information on harbor services and ship repair facilities has also been included.

The directory includes information on the 49 terminals on Minnesota's three navigable rivers, the Mississippi, Minnesota and St. Croix. Terminals are arranged, in the directory, by location on each river, beginning with those at the lowest river mile proceeding to the highest river mile. The index presents an alphabetic listing of the terminals. Information for each terminal includes location, commodities handled, handling equipment, rail-truck access, contact person and where available the total storage capacity of the facility.

Information included in this directory was obtained from terminal operators, fleet owners, port authorities, and municipal officials.

Table of Contents

Terminals

Name	City	Mile	Page
Aggregate Industries—Nelson Plant	Cottage Grove	825L	15
Aggregate Industries—Larson Plant	St. Paul Park	826.6L	16
Aggregate Industries—Yard A	St. Paul	837.2L	29
Aggregate Industries—Yard D	Minneapolis	855.9R	36
Agriliance	St. Paul	838.7R	33
Alter River Terminal	St. Paul	836.0R	24
American Iron & Steel	Minneapolis	856.3R	37
