Region 2 Arts Council Biennial Plan FY2006-2007

MISSION STATEMENT of the Region 2 Arts Council

The Region 2 Arts Council
strengthens the presence of the arts
by supporting opportunities
for arts creation, promotion, education and funding
for the people of
Beltrami, Clearwater, Hubbard, Lake of the Woods,
and Mahnommen Counties.

BACKGROUND

The Region 2 Arts Council (R2AC) has been helping the people of North Central Minnesota strengthen the presence of the arts in their lives since 1980. The R2AC is served by ten volunteer board members, and employs two part-time staff.

The five-county area served by R2AC remains among the poorest in the state in terms of median household income. In terms of arts support, the difficulties associated with low household income levels in our area are compounded by the overall lack of access to family or corporate foundations willing to invest in rural areas, and by our small local governments that struggle to provide adequate services with a remarkably inadequate tax base. In addition, our low population density makes the cost of arts programming higher per participant than in other more densely populated areas of the state.

The arts suffer a low profile in most communities. Art exhibit and performance facilities are inadequate, and in most of Region 2 communities, totally non-existent. Often there is a lack of recognition that arts and artists serve as integral elements to our communities. There is also a lack of information about those people and groups who engage in artistic activity. Outside of the occasional news release, the rural media pays little to no attention to the arts.

In spite of disadvantages mentioned above, the people who believe in the meaning and the purpose of the arts in rural settings are accustomed to hard work and perseverance. With a little seed money, they produce remarkable events by making the best of what is available, be it the local restaurant as a gallery, a church or the school gym as a theater, or the lawn at the city park as a concert hall. The level of volunteer involvement in the arts is high because without it, the arts would not and could not happen in rural Minnesota.

PLANNING PROCESS

The Region 2 Arts Council dedicated time to the biennial planning process at several meetings from January to April 2005. All ten members of the R2AC Board were involved in the planning process. The R2AC Goals and Objectives and the Mission Statement were reviewed and revised, utilizing the needs assessment information, at a planning session on January 15, 2005 at the David Park House in Bemidji, Minnesota. The meeting was facilitated by former R2AC Executive Director, MaryAnn Wilimek.

On May 5, 2005, a public meeting was held at the R2AC office in Bemidji to seek input and responses to the Plan. This meeting was publicized throughout the region using news releases. Written comments from the public were also invited.

The FY06-07 Biennial Plan, including the FY06 Budget, was reviewed and approved by the Region 2 Arts Council on April 18, 2005.

PROCESS AND SUMMARY

Every four years, each regional arts council is mandated to complete a Needs Assessment within its region. R2AC uses an ongoing needs assessment process. There were five components to our most recent assessment:

- (1) Direct meetings with artists through the **Arts Marketing Program**
- (2) Artist **focus group** meetings in each county
- (3) Survey for **arts organizations** and **individual** artists
- (4) Writers Survey and **focus group** meeting
- (5) **Informal discussions** with arts organization directors and board members, grantees, artists, and members of the public.

(1) Direct Meetings with Artists through the Arts Marketing Program

The Arts Marketing Program consultant met with artists throughout the region while implementing a variety of marketing programs.

Needs were identified in informal conversations, discussions at professional development workshops, recording days and slide shoots.

(2) Artist Focus Group Meetings

During Fiscal Year 2004 and 2005, the R2AC Executive Director met with artist focus groups in the region.

At each meeting, artists were asked to reflect on their personal artistic goals, the perceived barriers to those goals, and potential solutions to removing the barriers. These comments were recorded, along with any general comments.

(3) Survey for Arts Organizations and Individual Artists

R2AC conducted a needs assessment for the arts in December 2003 to survey Native American artists. Surveys were distributed to individual artists at craft shows, work sites and libraries. In FY04 we implemented a needs assessment questionnaire in the Final Report. Individual artists and art organizations are now required to complete this questionnaire as part of the Final Report. The Executive Director also met individually with the directors of the arts organizations to gather survey information. The responses from the artists, arts organizations and art organization directors were compiled.

(4) Writers Survey and Focus Group Meeting

Writers from the region were surveyed to identify and understand their unique needs. A written survey was conducted as well as informal conversations. Three focus group meetings were held in

FY04 with regional writer's groups.

(5) Informal discussions with arts organization directors and board members, grantees, artists, and members of the public.

This is done as a matter of routine by R2AC board and staff from our day to day contacts with people. Frequently, we have the opportunity for in-depth discussions of needs when discussing grant proposals.

**NEEDS ASSESSMENT SUMMARY
CATEGORIES IDENTIFIED IN REGION 2**

Using the Needs Assessment information that we gathered from the tools outlined above, we identified the following categories. We are able to fully fund some and others only partially.

- (1) Organizational Development, General Operating Support and Arts Project** grants for arts organizations. Partial funding available. Addressed in Goal # 1(a) of R2AC's Biennial Plan.
- (2) Informational/technical grant writing assistance** in the form of presentations and workshops. Funding available. Addressed in Goals # 1(b), 2(b) and 4(a) of R2AC's Biennial Plan.
- (3) Supplies, Equipment, Mentoring, Educational Opportunities and Workshops.** Grants to **individual artists** to help them learn new skills and take artistic risks. Funding available. Addressed in Goal # 1(a) of R2AC's Biennial Plan.
- (4) Printed information** relative to Opportunities, Events and Networking. Partial funding available. Addressed in Goals # 2(d) and 4(b) of R2AC's Biennial Plan.
- (5) Marketing/promotional assistance, Documenting Work, Networking** for artists in the region. Partial funding available. Addressed in Goal #4(c) of R2AC's Biennial Plan.
- (6) Opportunities for schools/Arts in Education** to assist in the growth of teachers, students, artists, and the community. Partial funding available. Addressed in Goals #1(a); #3(a); and #3(b) of R2AC's Biennial Plan.
- (7) Venues/Opportunities for performance and exhibit space** in the region. Funding not available. Addressed in Goal #7(a) of R2AC's Biennial Plan.
- (8) Intergenerational Opportunities/Activities** in the arts throughout the region. Partial funding available. Addressed in Goals #1(a); #3(a); #3(b) and #7(b) of R2AC's Biennial Plan.

- (9) Conference for artists** of all disciplines to increase marketing skills and networking. Partial funding available. Addressed in Goal #4(c) of R2AC's Biennial Plan.

In terms of R2AC's own organizational needs, we recognize that we have a need for **increased staff hours**, as the two current staff positions are still part-time and the workload has grown significantly over the years. We also recognize the need for a different **office space**, as our current office (while inexpensive) is not located in an accessible space. However, no changes are being planned. Given the current level of funding that R2AC receives through the state appropriation, we feel that we do not have enough to meet both our own internal needs and the needs of our constituents.

R2AC WORK PLAN

This work plan addresses the services and programs specified in R2AC's goals and objectives.

A. Granting Programs

The R2AC will continue to make grants monies available to regional artists, schools, and organizations. Copies of FY06-07 Grant Guidelines and Application Forms are included as an appendix to this document. These give more detailed information as to the intent of each granting program, eligibility requirements, and review criteria and processes.

- (1) **R2AC Arts Project Grants** may be requested to help produce an arts event or performance; sponsor a "prepackaged" performance or exhibit; host an arts residency; and give planning or developmental assistance to an arts organization. Applications are accepted into two annual grants rounds. Deadlines for these two rounds are:

FY06: September 14, 2005	March 14, 2006
FY07: September 14, 2006	March 14, 2007

Effective FY04, a maximum request limit of \$1,250 was placed on the Arts Project Grants.

- (2) **R2AC/McKnight Grants for Arts Organizations** are available to the region's 501(c)3 arts organizations. These grants fund arts production and sponsorship activities as well as small capital purchases. The program is funded by the McKnight Foundation. A R2AC/McKnight grants deadline is posted once per year. Deadlines for this grants round are:

FY06: January 11, 2006	FY07: January 11, 2007
------------------------	------------------------

- (3) **Individual Artist Grants.** Funded by the McKnight Foundation, these grants provide financial assistance to artists who show serious commitment to creative growth and career advancement. This program is designed for artists at various career levels. Individuals may request up to \$1,000 for expenses associated with a specific project, opportunity, or mentorship. Collaborative projects are welcome. Grant deadlines are twice per year:

FY06: October 12, 2005	February 8, 2006
FY07: October 12, 2006	February 8, 2007

(4) **General Operating Support Grants** program offers three-year grants that are intended to provide a measure of stability to 501(c)3 arts organizations so that their energies can be better focused on increasing the quality and availability of the arts to their community. Because these are three year awards, this grants round is held only once every three years. The next deadline will be in February 2008, contingent upon state funding.

(5) **Anishinabe Arts Initiative Grants** program supports and promotes traditional and contemporary Native American arts in the region through grants to schools, individual artists, and community organizations.

FY06: October 5, 2005

March 8, 2006

FY07: October 5, 2006

March 8, 2007

All grants rounds are publicized 60 days in advance by (1) sending **news releases** to regional media, (2) mailing **flyers** out to all organizations and individuals on the R2AC grants mailing list, and (3) posting a notice in our newsletter . Those interested in applying are instructed to request the Guidelines and an Application Form from the R2AC office. Applicants are always strongly encouraged to ask for R2AC staff assistance when developing their proposal ideas and in completing their application form.

For over 20 years, the R2AC has kept track of the amount of monies going to each of the region's five counties as compared to the percent of population that the county has. Ideally, R2AC would like each county to receive an amount of money proportional to the percent of the region's population that live in that county. Counties that receive less than this amount are termed "under-served". In order to increase funding to the **under-served counties**, all requests for grant applications from these counties are followed up with a phone call from the R2AC Executive Director. The purpose of this follow-up is to encourage potential arts projects in these counties and to directly offer assistance with the grant application process. R2AC also targets under-served counties with other R2AC programs, such as workshops, arts marketing activities, and/or community/school partnerships.

Each project grant awardee is assigned an R2AC Board Member who evaluates the project and reports back to the R2AC Board.

B. Programs and Services

R2AC will continue the **Community/School Partnership** initiative in the future when more state funding is available. This initiative mentors selected educators into the process of developing partnerships in arts education between their school and community. R2AC Executive Director will work with the consultant in selecting schools to participate in the program.

R2AC will continue to sponsor the **Anishinabe Arts Initiative (AAI)**. Funded by the McKnight Foundation, the AAI supports and promotes traditional and contemporary Native American arts in the region through grants to schools, individual artists, and community organizations. An advisory board made up of Native Americans from the area review grant applications, make funding recommendations, and give input as to the content, purpose, and structure of the AAI program.

R2AC will continue its "no risk" **workshop program** whereby monies are awarded for workshops on an on-going basis at no financial risk to the sponsoring group. This program has been very successful, and has resulted in more high quality adult workshops in the region. R2AC will continue to offer planning, implementation, and funding assistance for workshops through this program.

R2AC will continue to publish its **newsletter "Northern Arts News"**. Funded by the McKnight Foundation, this newsletter is published seven times per year and fills a huge need in the region for arts information.

R2AC will continue its FY 98-99 initiative of helping artists with their **arts marketing issues**. A consultant was retained in February 1999 for the purpose of (1) developing and implementing a number of specific opportunities for visual artists in Region 2 to exhibit and/or sell their work; (2) developing and implementing a number of specific opportunities to educate individuals, business owners, building managers, and the public in general about how to evaluate visual art on their own terms and what the merits are of living with original works of visual art in various daily environments, thereby stimulating an interest in art acquisition; (3) developing and implementing traditional or nontraditional methods for bringing visual art from the studio into homes, work places, and public spaces; (4) developing and implementing opportunities for writers in Region 2; and (5) developing and implementing opportunities for performers in Region 2.

The R2AC will continue to **co-sponsor presentations** to the people of Region 2 as offered by representatives of other arts organizations and/or foundations.

When appropriate, the R2AC may seek new sources of **funding**, either for R2AC programming efforts, or on behalf of other regional arts organizations. R2AC does not intend that these efforts compete with fundraising by other regional arts organizations. The R2AC Executive Director will continue working with the newly established Bemidji Area Arts Endowment.

C. Administration

The R2AC Board appointed Terri Widman, effective April 30, 2001, as Executive Director. Kay McCune was hired as Executive Assistant effective October 1, 2000.

R2AC will continue to assess the **needs of individual artists** in the region through a mix of information-gathering tools that may include focus groups, mailed surveys, and individual interviews.

R2AC will continue to assess the **needs of 501(c)3 arts organizations** in the region. The R2AC Executive Director and/or one or more R2AC Board members will meet with board and staff members of these organizations over the next two years to hear needs and concerns.

R2AC will continue to retain professional **accounting services** to prepare tax statements and audit reports.

R2AC will add to and maintain a lending **library** of publications of interest to organizations and individuals in the arts. The library list is on our website. R2AC will maintain files containing information on such things as touring artists, performing groups, arts schools, foundations, and arts organizations.

R2AC will maintain its **databases** on regional artists, arts organizations, arts educators and the media.

The **web site** update, started in FY01, includes an on-line artist registry for the region, downloaded grant applications, the R2AC newsletter and information on programs and services.

R2AC Board Member Duties and Responsibilities

- A. You must regularly attend Board meetings that are held on the third Monday of each month at the Region 2 Arts Council Office in Bemidji. There are approximately 8 meetings per year. Meetings are not scheduled for the months of June, July, August, and December.

If you want to place an item on the Board's agenda, you should contact the Board chair or the Executive Director at least one week prior to the Board meeting.

- B. If you fail to attend three of the scheduled meetings during a year, this will constitute reason for your removal from the Board. The presence of an alternate at the scheduled meetings does not negate this requirement.
- C. You **must** contact the designated alternate for your County if you are unable to attend a Board meeting. You must pass materials pertinent to that meeting on to the alternate so that the alternate is adequately prepared for the meeting. If neither you nor your alternate can attend, **it is your responsibility to notify the Executive Director of this at least 24 hours before the meeting.** If the Executive Director then determines that a quorum will not be present, the meeting may be canceled or postponed.

Please remember: Some Board members travel up to two hours to attend Board meetings. If neither you nor your alternate can attend a meeting and you **do not**

let the Executive Director know, these members may make a two-hour trip only to find out that the meeting was canceled because a quorum was not present.

- D. All Board members must attend a biennial planning session on the third Saturday or Sunday of January of each odd-numbered year. (1999, 2001, etc). This planning session generally lasts eight hours.
- E. You are responsible for overseeing the policies and general management of the R2AC.
- F. You are expected to read and familiarize yourself with the information

presented in the R2AC Orientation Manual.

- G.** You are expected to prepare for each Board meeting by reading all materials sent to you prior to the meeting. You are expected to take an active role in discussions during Board meetings.
- H.** From time to time, you will be expected to serve on a committee established to carry out the programs or policies of the R2AC.
- I.** You are expected to thoroughly read all grant applications before a grants round and come prepared to discuss the applications in detail according to the established grant review process. (See Section E: "Granting Policies and Procedures" in this Manual.)
- J.** Each Board member is expected to serve as an evaluator for one or more grant projects awarded in a grants round. Assignments will be made at the close of each grants round. You will complete a brief Evaluation Form and give a short oral report to the Board.
- K.** Remember that you are serving as a representative of your community and county, and as such you serve as a conduit for information between the R2AC and your county. Keep informed of arts activities and needs in your county and share this information at Board meetings.
- L.** When appropriate, you may be asked to attend local arts meetings, performances, or exhibits as a representative of the R2AC.
- M.** You will receive news releases that R2AC issues to regional media. You are expected to follow up on your local media to ensure that they are publishing R2AC news releases.
- N.** You will be expected to participate in lobbying efforts to help secure funding for the R2AC. These efforts are generally coordinated by Minnesota Citizens for the Arts.

GENERAL INFORMATION

The purpose of the Anishinabe Arts Initiative (AAI) is to promote traditional and contemporary Native American arts in the region. There are three categories of AAI grants available:

- (1) **Individual Artist Grants** are made directly to **Native American artists**. Funds of up to \$700 may be requested to assist an artist complete an artistic work or to take advantage of an opportunity.
- (2) **School Residency Grants** are awarded to a school for a **Native American artist-in-residence** project. The school completes and submits the application. Funds of up to \$500 may be requested.
- (3) **Community Project Grants** are awarded to help an organization sponsor or produce an arts project or event such as an arts workshop, a play, an exhibit, or a performance. The sponsoring organization completes and submits the application. Funds of up to \$1,200 may be requested.

Assistance with your application is available from the director of the Region 2 Arts Council (R2AC) Terri Widman. Her position is part-time, so be sure to get your request for help in well ahead of the deadline date. If you are applying to the October 5, 2005 grant deadline, your project must be completed by November 1, 2006. If you are applying to the March 8, 2006 grant deadline, your project must be completed by April 1, 2007.

- Grant review meetings are open to the public, however, no oral presentation, discussion, or statements will be allowed from the public during the meeting.
- **Conflict of Interest:** AAI Council members who have a conflict of interest with a grant application must declare that conflict of interest and abstain completely from discussion and voting during the review of that grant application.
- Each application will be reviewed and scored using the following three criteria:
 - (1) For all grant categories: Artistic merit as demonstrated in the work samples submitted. (20 points.)
 - (2) For Individual Artist Grants: Evidence of serious commitment to one's art career as found in the artist's resume and artist's statement. (20 points.)

For School Residency Grants and Community Project Grants: The ability of the applicant organization to accomplish the proposed project. (20 points.)
 - (3) For Individual Artist Grants: How well the project relates to the artistic growth of the applicant. (20 points.)

For School Residency Grants and Community Project Grants: How well the project benefits the school/community. (20 points.)

- Awards will be made on the basis of numerical rank of each applicant's total score. Grant money will be awarded in order from highest to lowest ranking until money is depleted. Partial awards may be made.
- All applicants will be notified within four weeks of the AAI Board review meeting.
- The successful applicants will receive a Request for Payment form and a Grant Contract. Both forms must be signed and returned to the Region 2 Arts Council within 30 days.

IF YOU RECEIVE A GRANT AWARD

You will sign a Grant Contract with the AAI and the Region 2 Arts Council which holds the you to the following terms:

1. If you are applying to the October 5, 2005 deadline, your project must be completed by November 1, 2006. If you are applying to the March 8, 2006 deadline, your project must be completed by April 1, 2007.

"This activity is made possible, in part, by the Anishinabe Arts Initiative through support from the Region 2 Arts Council and with funding from the McKnight Foundation."

3. Within 45 days after completion of the proposed project, a Final Report, consisting of a narrative and budget, must be submitted to Region 2 Arts Council on forms which Region 2 Arts Council will provide.
4. You are legally responsible for the completion of the proposed project plan and for the proper management of the grant funds.
5. The Region 2 Arts Council may conduct random spot audits or project evaluations of grant recipients. In the case of an audit or a project evaluation, the Region 2 Arts Council shall have access to all books, documents, papers, and records related to the proposed project. You must retain such records for a period of three years following submission of the Final Report.
6. In the event that you cannot complete your proposed project, the Region 2 Arts Council may require that you return part or all of your grant award.
7. Individual Artist Grants are intended to support artists who have made a commitment to living and producing in or nearby the geographical boundaries of Region 2. The Region 2 area includes Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnomen Counties. Nearby counties include Becker, Roseau, Itasca, and Cass counties. If you move out of the area before your proposed project is completed, the Region 2 Arts Council may require that you return part or all of your grant award.

Non-compliance with terms of the Grant Contract will be just cause for the grantee returning the entire grant award back to the Region 2 Arts Council, as well as for being ruled ineligible for future Region 2 Arts Council and Anishinabe Arts Initiative grants.

Region 2 Arts Council may terminate a Grant Contract at any time upon failure of the grantee to comply with one or more of the conditions of the Grant Contract. The Grant Contract may be terminated by mutual written agreement of the Region 2 Arts Council and the grantee. If termination occurs after funds have been distributed to the grantee, the entire amount of the grant award must be returned to the Region 2 Arts Council.

RECEIPT OF AWARD

A check for 80% of the grant award will be sent to the grantee upon receipt of the Request for Payment and the Grant Contract between AAI and the grantee. The remaining 20% will be sent upon the timely receipt of an acceptable Final Report. Schools and established organizations may received 100% of the grant award up front.

APPEALS

Any applicant who can show cause that established grant review procedures were not followed may file an appeal. Appeals must be based on alleged procedural errors. Appeals based on judgments of merit, quality, or ability, will not be heard.

Appellants must submit a formal letter of appeal to the Executive Director of the Region 2 Arts Council stating the reason(s) for the appeal. Letters of appeal must be received within 10 days of written notification of the AAI Board's decision on the original application.

I. INTRODUCTION.

The mission of the Region 2 Arts Council (R2AC) is to strengthen the presence and the purpose of the arts in the lives of the people of Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnomen Counties of North Central Minnesota by promoting and funding arts creation, appreciation, and education. The R2AC offers granting programs funded by the Minnesota State Legislature as well as by the McKnight Foundation. The R2AC also offers a "Fast-Track" Workshop funding program, a free bimonthly newsletter "Northern Arts News", an Arts Marketing Program, information services, technical assistance, and other arts programming throughout the five-county region. The term "arts" refers to music, creative writing, dance, visual arts, theater, and other forms of creative expression.

The R2AC is one of a network of eleven regional arts councils in the state of Minnesota. The idea behind the regional arts council concept is that local people are best able to respond to and evaluate the needs of arts organizations, artists, and audiences within their own region. The volunteer board of the R2AC is comprised of ten people, two from each of the region's five counties. The board meets eight times per year to discuss new arts initiatives, evaluate existing programs, review grant applications, enact policies, and conduct other business. Individuals who are interested in serving a two-year term on the Board should contact the R2AC office.

II. WHAT TYPES OF GRANTS ARE AVAILABLE?

A. GRANT CATEGORIES

The R2AC offers five categories of grants:

R2AC Arts Project Grants may be requested to help your organization create or produce an arts project or event such as an arts workshop, a play, an exhibit, a performance, a collaborative work, etc. Funds may be requested for developmental assistance for your arts organization, such as help with long-range planning or board development. Funds may be requested to help your organization bring into your community a "prepackaged" touring arts performance or exhibition. Artist-in-Residence projects that use local or non-local artists for school or community residencies are also included in this category. The maximum amount that you can request cannot exceed 50% of the total project cost. The other 50% must be contributed as cash and in-kind.

The other grant categories are **R2AC/McKnight Grants** and **General Operating Support Grants** that are available to 501(c)3 arts organizations; **Individual Artist Grants** available to artists; and grants to artists, schools and organizations that promote Indian art through the **Native American Arts Initiative**. Contact the R2AC for information on these other granting categories.

B. HOW MUCH GRANT AWARD MONEY IS AVAILABLE?

The amount of money available for any given grants round is budgeted in July, the beginning of our Fiscal Year. This year in our Arts Project Grants Program, we will have about \$17,750 available to regrant; half will be awarded in the fall grants round, and half will be awarded in the spring grants round. Funds are provided through an appropriation by the Minnesota State Legislature. There is a **request limit of \$1,250** placed on the Arts Project Grants.

Based on statistics from the past three years, the average size of an R2AC Arts Project Grant is **\$1,815**. The highest grant award made was **\$3,700**; the lowest was **\$280**. Because there are more requests for grants funds than money available, you should know that your chances of receiving a grant award are about 70%. Partial awards are rarely made.

III. SOME THINGS YOU NEED TO KNOW ABOUT OUR GRANTING PROGRAMS.

You have **two** years from the date of the grant award within which to **complete** your project. The project, however, must be **started** within **one** year of the grant award.

You should be aware that submitted grant applications are accessible to the public and can be reviewed at the R2AC office.

According to R2AC bylaws, R2AC Board members may only serve a maximum of two two-year terms. Because of this, the membership of the Board changes from year to year. As a result, applicants can expect professionalism but not consistency in R2AC Board opinions and decisions from grants round to grants round. Applicant organizations should **never assume** that the R2AC Board members are familiar with them or with their project. For this reason, information given on the grant application form should always be **clear, specific, and complete**.

If a project is funded in one year, this in no way guarantees it will be funded in subsequent years. Our granting programs are very competitive and are not intended to provide ongoing support for any specific project or to any applicant organization.

Organizations are cautioned against applying for assistance if their project will have started before the date of the grants round. There have been situations in the past where an organization has made financial and other commitments to a project **before** knowing if their grant request to R2AC was approved or denied. If the R2AC grant was denied, the organization was put in a crisis situation, scrambling to find funds at the last minute. Don't put yourself in this situation.

R2AC requires its grantees to work with persons with disabilities to facilitate their access to projects that receive funding through an R2AC grant award. Furthermore, R2AC encourages arts organizations to develop a policy and a plan that works toward compliance with the Americans With Disabilities Act. For more information, contact: VSA Minnesota (Craig Dunn) 528 Hennepin Avenue - Suite 305; Minneapolis MN 55403; 1-800-801-3883.

IV. WHO MAY APPLY FOR A GRANT FROM R2AC?

A. *501(c)3 ORGANIZATIONS*

Any non-profit, tax-exempt **501(c)3** organization may apply, whether they are an **arts** or a **non-arts organization**. Organizations are required to submit a copy of their **IRS letter** which identifies them as having 501(c)3 status. Established groups or temporary coalitions that are formed for non-profit purposes and do not have a 501(c)3 status from the IRS may apply for a grant if they use a **fiscal agent** (defined below).

Schools and units of government may also apply; this includes community education offices, cities, townships, elementary and secondary schools, etc. These types of organizations do not need to submit an IRS letter.

B. *WHAT IS A FISCAL AGENT?*

A fiscal agent is any non-profit, tax-exempt 501(c)3 organization or any school or unit of government that agrees to handle and account for funds granted to another group or organization. The fiscal

agent will receive and distribute the grant award. The fiscal agent is **legally responsible** for the completion of the project and for the proper management of the grant funds. The fiscal agent is responsible for verifying that the Final Report is accurate.

The applicant organization must have a **written contract** with the fiscal agent that specifies the responsibilities of each party. This contract must be submitted as part of the grant application package. R2AC has samples of Fiscal Agent contracts that we will provide to you upon request. The fiscal agent must sign the grant application form and, if a grant is received, sign the grant contract.

If you are a 501(c)3 organization, or are a school or unit of government, **you do not need a fiscal agent.**

C. INELIGIBLE APPLICANTS

In addition to the above restrictions, an organization is not eligible to apply for an R2AC grant if it has not turned in an overdue, unexcused Final Report from a previous R2AC grant. Even after such a Final Report is received, the grantee may be ruled ineligible to apply for future R2AC grants for a period of one year.

In compliance with advice from the Minnesota Attorney General's office regarding 1985 rulings of the U.S. Supreme Court, the R2AC may not provide grants using state money (i. e. APG grants) to parochial or other religious schools serving grades K-12.

This APG grant application must be submitted on behalf of an organization. (Individuals are not eligible to apply to this grants program, but are eligible to apply to our Individual Artist Grant Program.)

V. WHAT TYPES OF PROJECTS WILL WE CONSIDER FUNDING?

The following list will give you some idea as to the types of projects that are eligible for funding. This list is in no way meant to be all-inclusive of the types of projects that are eligible.

R2AC Arts Project Grants may be requested for:

- a. Production costs:** Costs related to the creation and production of arts activities such as performances or exhibitions. Costs may relate to the commission of new works or to the planning and preparation of productions or locally curated exhibitions. Applicants may request funds for **specific programs** of an arts fair or festival; general operating support is not available through this granting program.
- b. Outreach projects:** Costs related to the development of productions or exhibitions to be toured.
- c. Engagement of guest artists:** Contracting a professional artist who does not regularly work with the applicant organization and who is engaged for the artistic development of the organization or of artists in the community.
- d. Publications:** Costs for special arts publications such as exhibition catalogs, visual arts and literary materials, or dialogues on arts issues. Contributing writers may be paid. Literary magazines and small press books are eligible only after they have been published at least once. (Publication projects which are not a part of an ongoing series are eligible without the stipulation of previous publication.) Applicants should provide as

much information as possible on proposed content and format of publications. Any publication that is distributed only to an organization's membership is not eligible for funding.

- e. **Arts awareness projects:** Activities or materials that are developed and/or disseminated to educate the public in the arts or arts-related issues. This may include classes, conferences or workshops, publications, films, exhibitions and other presentations.
- f. **Administration or consultation services:** Managerial or consultant projects that improve existing programs or develop new programs for the applicant. Most grants for administration or consultation services are normally awarded on a one-time only basis. A second request may be considered, but the applicant must demonstrate significant need and commitment. Eligible services include public relations, audience development, program design assistance, fiscal management, fundraising, and other management activities.
- g. **Touring:** Costs related to the presentation of touring exhibitions or performances.
- h. **Artists:** Costs related to readings, lecture/demonstrations, and workshops. Activities must be open to registration or participation by the public.
- i. **Artists-in-Residence:** Costs related to a school or community residency by a local or non-local artist. School residencies must have a component that is specifically designed for and accessible to the **general public**, such as an evening performance or exhibit.

VI. WHAT TYPES OF PROJECTS ARE *NOT* ELIGIBLE?

In addition to some situations mentioned above, applications will be considered **ineligible** when one of the following conditions exist:

- a. Artists are required to pay a significant **entry or exhibition fee** in order to exhibit, perform, or be included in the project.
- b. Funds are requested for **capital improvement**, construction costs, renovation costs, the purchase of any type of real properties (non-expendable items) such as uniforms, equipment, books, framing; or for endowment funds.
- c. Funds are requested to account for **fund deficiencies** in projects that were completed prior to the date of the grants round.
- d. Funds are requested to support a project that is itself intended to be a **fund-raising** endeavor.
- e. Funds are requested to support activities that are essentially for the **religious** socialization of the participants.
- f. Funds are requested for a project that is limited in access to or only serves those attending **schools**, including staff. Such proposals **must** include a component specifically designed and accessible to the general public, such as an evening performance or exhibit.
- g. The project does not benefit the **residents of Region 2**.

- h.** The project is **not accessible** to participation by the public. (Administration or consultation service grants are the exception.)
- i.** The project has already received a R2AC grant award. (You may not use more than one R2AC grant award to support one project.)
- j.** More than 50% of the total project cost would be funded by a combination of R2AC and Minnesota State Arts Board grants.

VII. WHAT WE'D LIKE TO SEE IN YOUR GRANT APPLICATION.

You should note that **R2AC is particularly interested** in grant applications that address one or more of the needs identified through R2AC's Needs Assessment. These needs are identified below.

- (1) Publicity** about arts events and opportunities should be significantly increased. Publicity efforts should be well-planned and include media within the five-county Region 2 area. (R2AC can provide you with a mailing list.)
- (2) The base of financial support** for arts activities needs to be **increased and diversified**. In addition to your organization's own budget and the grant requested from R2AC, you should make every reasonable attempt at securing partial funding from other sources.
- (3) The region needs more workshops** that provide skills-building opportunities or creative growth to individual artists and/or arts organizations in the region.
- (4) Innovative, arts-related opportunities for students** and/or arts teachers should be increased.
- (5) If projects include a performance, an admission fee** should be charged.
- (6) The following issues are also considered important to R2AC:**
 - The goal of your project must focus on being artistic, rather than an emphasis on being educational or therapeutic.
 - Cultural inclusiveness in the arts.
 - Arts events that foster participation by children and adults together.
 - The use of "block-booking" when scheduling touring events so that travel costs can be minimized.
 - The availability of arts opportunities in the under-served counties of Clearwater, Mahanomen, and Lake of the Woods.
 - The encouragement of new arts groups and the growth of relatively small arts groups.
 - The need for evening and weekend hours for events and exhibits.
 - The need for increased publicity of the arts within the region.
 - Improved accessibility to arts activities and facilities by persons with disabilities.

Refer to Section B., 1-3 on page 13 for the criteria used in reviewing a grant application.

VIII. HOW TO APPLY FOR AN R2AC GRANT.

A. APPLICATION DEADLINES

R2AC holds two grants rounds per year for R2AC Arts Project Grants. Application deadlines are:

FY06 Application Deadlines: September 14, 2005 & March 14, 2006

FY07 Application Deadlines: September 14, 2006 & March 14, 2007

IMPORTANT!

Applications that are mailed in to the R2AC Office MUST be postmarked no later than midnight of the deadline date. IN FAIRNESS TO ALL APPLICANTS, THERE ARE ABSOLUTELY NO EXCEPTIONS _ TO THIS RULE.

You are responsible for determining how late your local post office will be open to cancel your application with the necessary date.

If you prefer to deliver your application directly to the R2AC office, you may do so, however, it must be brought to the R2AC Office and received by a member of the R2AC staff by 4:00 p.m. of the deadline date. We do not accept applications that are slipped under our door after the office closes at 4:00 p.m.

B. STEP-BY-STEP: FILLING OUT THE APPLICATION FORM

You can **download** the application form from our website (www.r2arts.org). Remember to download the RAC Data Form. It is a separate document.

An Application Form should be included with these Application Instructions. If you need an extra copy, they are available at the R2AC Office. The Application form **must** be typed. We make many photocopies of your Application Form, and dark type is the only way to make sure all copies are legible.

Submit the signed original of the Application Form. Be sure to **keep a copy** for your records; you will need to refer to it if we call you with any questions.

Because grant rounds are competitive, it is to your advantage to be sure that your responses to the questions on the Application Form are complete, accurate, and are of sufficient quality and scope.

You are encouraged to request assistance from the R2AC Executive Director. Questions can be answered over the phone, or an in-person appointment can be made. Most applicants find it very helpful to have the Director review the application **before** it is formally submitted on the deadline date. This assistance should be requested well in advance, however, so that you will have time to make any suggested changes to your application. The Director's position is part-time, so be sure to get your request for help in **early**. Assistance from the Director does not guarantee nor imply that the grant request will be funded.

The following numbered items correspond to the numbered items on the Application Form. This section is designed to “walk you through” the Application Form.

1. **Organization name.** Fill in the name of your organization.
2. **Project director.** Fill in the name of the project director. This is the person who is ultimately responsible for overseeing the project. This is also the person who will be informed as to whether or not the grant request was funded. If a grant is awarded, this person is responsible for the timely submission of all forms and reports to the R2AC. This person should be knowledgeable in all aspects of the proposed project, as R2AC may need to contact this person with questions specific to the application, the budget, or the project itself.
3. **Address.** The address to which the R2AC will send all correspondence. This may be the applicant organization’s address or the address of the project director.
4. **Phone.** Provide a day and evening phone number where the project director can be reached.
5. **Email Address.** Provide an email address where the project director can be reached.
6. **Project Dates.** Provide the start and end dates of your proposed project. Do not include planning or evaluating time in these dates ... use the actual dates of the event.
7. **One-sentence description.** Provide a brief, one-sentence description of your project. Try to be both concise and descriptive. Use the names of primary artists involved. This sentence is used by the R2AC to define your project on in-house materials and reports to state agencies.
8. **Address.** Provide the address where the activities will take place. If the activities will take place at more than one address, list the primary and secondary address.
9. **Fiscal Agent.** Provide the name, address, phone number and contact person of your fiscal agent. **Remember, a fiscal agent is not always necessary!** Fill in this line **only** if you are required to have a fiscal agent. (See Section IV: “Who May Apply For A Grant From R2AC”.)
10. **Project description.** Be **clear, specific and complete.** Provide names, dates, schedules, and descriptions. What are the **goals** of your project? We often advise applicants to give their application to another person who has no idea of what the project is about. You’ll know your project description is done well if that person can understand **exactly** what it is you are proposing to do. (Please read Section III: “Something You Need To Know About Our Granting Programs”.)
11. **Need.** **Why** are you doing this project? Is there a **need** for it? How did you **determine** that there was a need? Is anyone else in the area filling this need? If so, how does **your** project differ from theirs? How do the **goals** of your project fill this need? Does your project meet any of the needs that R2AC has identified? (See Section VII, “What We’d Really Like to See in Your Grant Application”.) You may attach support letters that confirm the need for your project.
12. **Planning.** We want to make sure your project is well thought out. We want to know the **process** that you used to pull this idea together. When did the idea form? How did you decide on the structure of your project? How many meetings were held and who attended? (We like to know that more than one individual was involved in putting this idea together.) Be sure to include the **names** of the primary people that were involved in the planning of your project.
13. **Selection process.** We want to know the thought process that went into the selection of the personnel involved in the project. If there are artists involved, **how** did you choose them? Where did you get their names? If you are using artists as panelists or teachers, how were they selected? Are they **qualified** to do what you want them to do? **Who** made the final decision as to what artists were

selected for the project? What **criteria** was used in the selection process? If your project involves an exhibit or performance, the same types of questions apply ... how did you make your selection and who made the final decision?

Important: There are rare instances when you may not have all of the personnel selected for your project at the time the grant application is due. If this is the case, you must, at the very least, tell us **who** will be making the selection, what their qualifications are, and **what criteria** will be used in the selection process. You should be aware that the lack of names of selected personnel, exhibits, etc., will weaken your grant application.

14. Ticket and audience information. Some of these items may or may not apply to you. Fill in what is appropriate to your project. Item f. asks you how you determined your ticket prices. Please note we feel quite strongly that **admission fees should be charged** for arts events, especially performances. If you are not charging an admission, explain why not.

15. Publicity. Because we are a five-county **regional** arts council, we like to see all projects that we fund publicized on a **regional** level. (We have a mailing list of all regional media that you can use in your publicity efforts.) How will you publicize this project throughout Region 2? Be specific. Will you use news releases? Posters? Display ads? List the **names** of the media that you will use. What non-media publicity efforts will you use?

16. Evaluation. Any project worth doing is worth evaluating. How will you determine if your project was a success? How will you know whether or not your goals (as stated in Question # 9) were met? Who will be responsible for doing the evaluation?

17. Your organization's goals. We would like to know if this project is helping your organization achieve its own goals. If yours is an **arts organization**, what are your artistic goals? If yours is a **non-arts organization**, how do the goals of this project help you to work toward some specific goals that your organization has set for itself? (Some people are not sure if theirs is an "arts" or "non-arts" organization. Just look at your mission statement. If the focus is clearly and solely on arts, yours is an arts organization.)

18. Longevity. How long has your organization been operating in its present format?

19. History. What types of projects have you done in the past that will convince us of your ability to do the proposed project? If there are no similar **projects** in your past, describe similar **experiences and responsibilities**. This question should be answered from the viewpoint of **both** the project director **and** the applicant organization.

20. Past Grants. If you've received grant awards from us (or from the Minnesota State Arts Board) within the past two years, we want you to list the name of the project and the amount you received.

21. Organizational Budget. For the years listed, how much in revenues does your organization take in and how much does it spend?

22. For school-related projects only. You must be sure that a portion of your project is specifically designed for the general public, otherwise, your project is ineligible for funding. Be sure that the time of day and location of the event offers reasonable accessibility to the public. Activities held in a classroom during the middle of the school day are not considered reasonably accessible.

23. Signatures. The **authorizing official** is that person who is empowered to enter into contracts for your organization. This is usually an executive director, a board chairperson, or a board treasurer. The authorizing official may or may not be the **project director**. Remember, a **Fiscal**

Agent signature may **not** be needed. Please check with Section IV to see if you need a Fiscal Agent.

C. YOUR PROJECT'S BUDGET

1. The Budget Pages. The budget pages of the Application Form must be completed in such a way that it is **unquestionably clear** what the expenses are for. **PLEASE, round your figures to the nearest \$5.00.** Back up all your figures with short **calculations**. For example, if a \$145.00 travel expense is reported, the line item should show where travel was to and from, and what the rate of reimbursement was:

“Artist Mary Doe: Round trip Mpls. to Bemidji: 512 miles @ 30¢ per mile = \$155.00”

If necessary, you may attach a separate sheet of paper to fully explain any budget items. Avoid using technical jargon in describing your budget items. Remember, it is your responsibility to describe and estimate as accurately as you can the expenses of your proposed project.

2. Matching Requirements. As we described in Section II. A., “What Types of Grants Are Available”, you **cannot request more than 50%** of the total cost of your project from R2AC. The other 50% that you need will be made up from a combination of cash and donations.

Types of **cash** sources may include grants from other organizations, personal or business contributions, earned income from your project (ticket sales), or money your organization is budgeting towards the project. **Profits from a previous R2AC Arts Project Grant must be reported in the Cash Match (budget section II, #2).**

Donated contributions are *donated* materials, services, labor, or space that can be given a dollar value. For example, if the project director is **donating** his/her time to the project, the value of that person's time is considered “donated” and should have a dollar figure given to it. If, on the other hand, that person is being **paid** to do the project, this is not considered “donated”; rather, it would be considered part of the cash match. Use this rule of thumb: If actual dollars are changing hands, it is **not** donated. The 50% match for a project cannot be made up entirely of donated contributions.

If you are committing the space or the significant services of another group or person as part of your donated match, you must **include a signed letter** in your application materials from that person or group that substantiates the donation from them that you are claiming.

If you are using **Minnesota State Arts Board (MSAB)** money as part of your project's support, the combined total of MSAB money and R2AC money cannot exceed 50% of the total project cost.

3. What About Profit? We encourage you to make your project financially profitable. If you receive a grant award, the Final Report that you fill out will identify any profit that you have made. If yours is an arts organization (see Section VIII. B. 16.), we will want to know what the profit will be used for. **If yours is a non-arts organization, we may ask you to return to R2AC a cash amount that is equal to or less than the grant award you received.** This requirement may be waived if you can guarantee that the profit will be used for future arts activities. The R2AC will evaluate such requests on a case-by-case basis.

D. THE “RAC DATA COLLECTION FORM”

The information that you enter on this form is very important ... it is used to collect and compile statistics on grant activity from the eleven regional arts councils (RACs) around the state. If you have any questions regarding this form, please call the R2AC office for assistance.

E. REQUIRED ATTACHMENTS

Be **absolutely certain** that you have included the following items with your application materials:

1. A copy of your **letter from the IRS** that certifies your status as a **501(c)3** organization. If you don't have 501(c)3 status and are using a Fiscal Agent, you must include a copy of your Fiscal Agent's IRS letter certifying **their** 501(c)3 status. If you are a public school or a **government** organization, you do **not** need to submit an IRS letter.
2. If you are using a **Fiscal Agent**, you must include a **signed contract** between your organization and your Fiscal Agent which specifies the responsibilities of each organization in the implementation of your project. Contact the R2AC office for sample contracts.)
3. If you are committing the **donated** space, materials, or services of another person or organization as part of your donated match, the donor must substantiate this support intent in a **signed letter** to be included with your application materials.
4. You must include **resumes** for all personnel significantly involved with your project. This includes the **project director, artists, jurors and teachers**.

Resumes should contain information about the individual's career or experience that pertain to the project you are proposing. **Do not submit resumes that are over two pages in length.** If your resume is longer, summarize the most pertinent information onto two pages. If we receive resumes over two pages in length, we only use the **first two pages** and discard the remainder.

5. **Work samples.** Remember, the R2AC Board places heavy weight on the **artistic merit** of your project. **If there is no material submitted with which to evaluate the artistic merit of your project, there is a reduced chance that your grant request will be approved.** For projects involving visual artists, include photographs or slides of the work ... slides are preferred. For artists in other disciplines such as music, theater or literature, include work samples appropriate to the discipline, such as a portion of a manuscript; a video tape; a cassette tape, etc.

Liability: R2AC is not responsible for the loss of or damage to required attachments or supporting materials. No materials will be returned unless you make prior arrangements with the R2AC staff.

6. **Other materials.** You may submit other supporting materials with your application, such as brief copies of promotional materials, newspaper reviews, videos, audiotapes, flyers, posters, newsletters, or other items that provide information directly related to the proposed project or to your organization.

IX. HOW ARE GRANT APPLICATIONS REVIEWED?**A. HOW DOES A GRANTS ROUND WORK?**

The R2AC Director logs in all applications submitted and reviews them to ensure that they are eligible. The Director may request further or clarifying information from the applicant.

The R2AC Board members receive copies of all applications prior to the review meeting. At the meeting, the Director may introduce any amended or corrected application materials, or provide any

materials that could not be reasonably duplicated, such as work samples from artists.

Grants review meetings are open to the public, however, no oral presentation, discussion, or statements will be allowed from the public during the meeting.

Conflict of Interest: R2AC Board members who have a conflict of interest with a grant application must declare that conflict of interest and abstain completely from discussion and voting during the grants review.

B. WHAT CRITERIA WILL THE R2AC BOARD USE IN REVIEWING MY GRANT APPLICATION?

Grants are reviewed by the 10-member R2AC Board using the following criteria:

1. Artistic merit of the project.

Considerations:

- The artistic content of the project.
- The degree to which your project contributes positively to one or more art forms.
- The degree to which your proposed resources (artists, facilities, activities, etc.) work to meet the goals of your project.
- The degree to which your project advances the artistic goals of your organization.
- The degree to which the goal of your project focuses on being artistic rather than an emphasis on being educational or therapeutic.

2. The demonstrated need for the project by artists, arts organizations, arts resources, or the public.

Considerations:

- The degree of community support for the project in terms of direct involvement and financial or donated contributions.
- The degree to which the project meets regional needs identified by the R2AC Needs Assessment.
- The way in which this project is different from other similar projects currently available.

3. The ability of the applicant organization to accomplish the proposed project.

Considerations:

- The scope and quality of the planning and evaluation process.
- The qualifications of the project director.
- The feasibility of the project's budget.
- The scope and quality of publicity efforts.
- The quality of past projects.
- Past compliance with R2AC policies and Grant Contract terms.

C. HOW ARE GRANT APPLICATIONS REVIEWED?

1. Applications that are accepted based on artistic quality and merit are then discussed in detail. Discussion is based on the three review criteria of **(1)** artistic merit, **(2)** demand or need for the project, and **(3)** ability of the organization to accomplish the project.

Applications are first discussed in terms of artistic merit. If the project is deemed to have sufficient artistic merit, need and ability will then be discussed. If it is deemed to *not* have sufficient artistic merit, a motion is made for no funding with no consideration of need or ability.

A motion is made concerning the level of funding for each application immediately after it is discussed: Full, partial, or no funding. If a motion is made for partial funding, the amount must be specified. The level of funding motion is then voted on.

Motions for partial funding are rare. However, when they occur they are usually based on things such as budget errors, perceived unreasonable amounts for budget items, ineligible budget items, etc.

2. Each Board member rates each application on a 60-point scale, with 30 points being possible for artistic merit, 20 points being possible for demonstrated need, and 10 points being possible for ability of the organization. The ratings are averaged and the grant applications are ranked from the highest to the lowest based on the averaged rating.

3. Grant money is awarded, in order of highest to lowest grant ranking, until the money is depleted.

D. HOW WILL I KNOW IF MY GRANT REQUEST WAS FUNDED?

The project director (as listed on your grant application form) will be notified, in writing, of the results of the grants review within 45 days of the application deadline date. Organizations that are awarded **full funding** for their project will receive a Request for Payment form and a Grant Contract. Both forms must be returned to the R2AC office within 30 days of receipt.

Organizations awarded **partial funding** will receive a Revised Budget form which must be completed and returned before the Request for Payment form and Grant Contract are sent. The Revised Budget form must be completed and returned within 30 days of receipt.

Full payment of the award will be made to the applicant organization (or to the Fiscal Agent) **30 days prior** to the beginning date of the project.

X. APPEALS PROCESS

Any applicant who believes that established grant review procedures have not been followed may make a formal appeal of the decision to the R2AC Board. The applicant wishing to appeal a decision must submit a written request for reconsideration **within 10 days** following the date of the R2AC letter denying funding.

XI. IF I RECEIVE AN AWARD, WHAT ARE MY RESPONSIBILITIES?

A. THE GRANT CONTRACT

The grantee will sign a **Grant Contract** with R2AC which holds the grantee to the following terms:

1. The project must be carried out in compliance with the project description, budget, and date, as entered on the grant application form. The grantee **must notify** R2AC immediately if the project is changed from the description, date, and/or the budget.
2. The following credit line must appear on all printed material and publicity related to the project: ***"This activity is made possible, in part, by a grant provided by the Region 2 Arts Council through funding from the Minnesota State Legislature."***
3. Within 45 days after completion of the project, a **Final Report**, consisting of a narrative and budget report must be submitted to R2AC on forms which R2AC will provide. The Final Report **must** include at least one piece of publicity or promotional material that exhibits the credit line from Item #2. Grantees with long-term projects will provide in-progress information as requested by R2AC.
4. The R2AC may conduct random **spot audits** of grant recipients. The purpose of these audits is to establish accountability for public funds received by the grantee. In the case of an audit or a project evaluation, the R2AC shall have **access** to all books, documents, papers, and records related to the granted project. The grantee must retain such records for a period of three years following submission of the Final Report.
5. Access to participate in the project shall not be limited on the basis of national origin, race, religion, age, or sex.
6. The grantee will accommodate requests from persons with disabilities who wish to access the funded project. Requests may involve an individual's access to a facility or to the content of the project.
7. Other contractual terms may be added by R2AC on a case-by-case basis.

Non-compliance with terms of the Grant Contract will be just cause for:

- (a) **The grantee returning the entire grant award back to R2AC; and/or**
- (b) **Lower ratings on future grant applications to the R2AC.**

A grant project may be terminated at any time upon request of the grantee, but such termination does not necessarily relieve the grantee of its responsibilities as set forth in the Grant Contract. R2AC may terminate a Grant Contract at any time upon failure of the grantee to comply with one or more conditions of the Grant Contract. The Grant Contract may be terminated by mutual written agreement of the R2AC and the grantee.

XII. EVALUATION OF YOUR PROJECT BY R2AC

For purposes of **evaluation**, the grantee must provide R2AC with **two free passes** to all activities related to the grant project. Passes will be sent to the R2AC evaluator in advance, or arrangements should be made for R2AC evaluators to claim free admission at the door.

I. Introduction

The Region 2 Arts Council (R2AC) strengthens the presence of the arts by supporting opportunities for arts creation, promotion, education and funding for the people of Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnommen Counties. The R2AC offers granting programs funded by the Minnesota State Legislature as well as by the McKnight Foundation. The R2AC also offers information services, technical assistance, a free newsletter "Northern Arts News", workshops, and other arts programming throughout the five-county region. Contact the R2AC for more information.

The R2AC is one of a network of eleven regional arts councils in the state of Minnesota. The concept behind the regional arts council system is that local people are best able to respond to and evaluate the needs of arts organizations, artists, and audiences within their own region. The volunteer board of the R2AC is comprised of ten people, two from each of the region's five counties. The board meets seven to eight times per year to discuss new arts initiatives, evaluate existing programs, review grant applications, enact policies, and conduct other business. Individuals who are interested in serving a two-year term on the Board should contact the R2AC office.

II. Something You Need to Know About Our Grants Programs

R2AC Board members serve two-year terms, renewable to four years. Because the membership of the Board changes from year to year, applicants can expect professionalism but not consistency in R2AC Board decisions from grants round to grants round. Applicant organizations should **never assume** that the R2AC Board members are familiar with their organization. For this reason, information given on the grant application form should always be **clear, specific, and complete**.

III. Purpose of R2AC General Operating Support Grants

The purpose of the **R2AC General Operating Support Grants** is to provide some measure of funding stability for arts organizations so that their energy can be better focused on increasing the quality and availability of the arts to their communities.

R2AC General Operating Support Grants are three year awards. If your organization is awarded a grant, it will receive the same award amount each year for three consecutive years, pending R2AC approval of your annual interim report and plan. Your organization must expend the grant funds and submit an annual report and plan by February 1st of each year.

General Operating Support Grants may be requested for up to 10% of the average of your organization's annual revenues for the past three years, not to exceed \$6,000 per year for each of three consecutive years. Because this will be a very competitive grants round, approved proposals may be awarded less than the requested amount.

General Operating Support Grants may be requested for general operating expenses that your

organization incurs such as rent, utilities, administrative salaries, upkeep or maintenance of your facility, publicity, equipment purchases, programming, etc.

R2AC Operating Support Grants cannot be used toward endowment funds or to cover fund deficiencies incurred prior to the grant request.

IV. Who Is Eligible To Apply?

- Your organization must be a non-profit, tax-exempt arts organization with Articles of Incorporation on file with the State of Minnesota and you must have documented 501(c) 3 tax-exempt status with the Internal Revenue Service. Your organization must be located in and serve the people of Beltrami, Clearwater, Hubbard, Lake of the Woods, or Mahnommen Counties of Minnesota.
- Your organization's purpose and mission statement must be focused clearly and solely on the arts.
- Your organization must have produced or sponsored arts projects, events, or opportunities for the public during each of the past three years.
- Your organization's annual revenues for the last two fiscal years prior to the date of this deadline must average less than \$133,000.

V. Who May NOT Apply

- You are not eligible if your organization does not meet the eligibility criteria listed above in Section IV.
- You are not eligible if your organization receives direct operating support from the McKnight Foundation or from the Minnesota State Arts Board in the form of a merit award.
- You are not eligible if your organization has not turned in an overdue, unexcused Final Report from a previous R2AC grant, or if a Final Report has not been approved.
- You are not eligible if your organization or its activities promote a particular political agenda or religious belief.

VI. How To Apply

Applications **MUST** be postmarked no later than midnight of the deadline date of **February 14, 2008. THERE WILL BE NO EXCEPTIONS.** You are responsible for determining how late your local post office will be open to cancel mail with the necessary date. If you prefer to deliver your application directly to the R2AC office, you may do so, however, it must be received by **4:00 p.m.** of the deadline date. The next deadline date for this granting program will be in 2011.

An Application Form should be included with these Application Instructions. If you need an extra

copy, they are available at the R2AC Office. The Application form **must** be typed. We make many photocopies of your Application Form, and dark type is the only way to make sure all copies are legible.

Submit the signed original of the Application Form. Be sure to **keep a copy** for your records; you will need to refer to it if we call you with any questions.

Because grant rounds are competitive, it is to your advantage to be sure that your responses to the questions on the Application Form are complete, accurate, and are of sufficient quality and scope.

You are encouraged to request assistance from the R2AC Executive Director. Questions can be answered over the phone, or an in-person appointment can be made. Most applicants find it very helpful to have the Director review the application **before** it is formally submitted on the deadline date. This assistance should be requested well in advance, however, so that you will have time to make any suggested changes to your application. The Director's position is part-time, so be sure to get your request for help in **early**. Assistance from the Director does not guarantee nor imply that the grant request will be funded.

VII. The "RAC Data Collection Form"

The information that you enter on the RAC Data Collection Form is very important ... it is used to collect and compile statistics on grant activity from the eleven regional arts councils (RACs) around the state. If you have any questions regarding this form, please call the R2AC office for assistance.

VIII. Required Attachments

Be **absolutely certain** that you have included the following items with your application materials:

1. The signed original of the Application Form and attached narrative answers to questions.
2. A copy of your letter from the IRS that certifies your status as a 501(c)3 organization.
3. A copy of your organization's Mission Statement and Bylaws.
4. A copy of your organization's Articles of Incorporation.
5. Evidence of a project that your organization offered to the public within the past year.
6. A copy of your organization's most recent financial statement reviewed and approved by your board.
7. A list of all current board members. Indicate officers.
8. Resumes for all personnel significantly involved with your organization. This would include any staff positions as well as Board Chairperson and Board Treasurer. Do not submit resumes that are over two pages in length.
9. Other materials. You may submit other supporting materials with your application, such as brief copies of promotional materials, newspaper reviews, videos, audiotapes, flyers, posters, newsletters, or other items that provide information directly related to your organization.

Liability: R2AC is not responsible for the loss of or damage to required attachments or supporting materials. No materials will be returned unless you make prior arrangements with

the R2AC staff.

IX. The Grant Review and Awards Process

A. How Does a Grants Round Work?

The R2AC Director logs in all applications submitted and reviews them to ensure that they are eligible. The Director may request further or clarifying information from the applicant.

The R2AC Board members receive copies of all applications prior to the review meeting. At the meeting, the Director may introduce any amended or corrected application materials, or provide any materials that could not be reasonably duplicated.

Grants review meetings are open to the public, however, no oral presentation, discussion, or statements will be allowed from the public during the meeting.

R2AC Board members who have a conflict of interest with a grant application must declare that conflict of interest and abstain completely from discussion and voting during the grants review.

B. What Criteria Does R2AC Use in Reviewing My Application?

Grant applications are reviewed by the 10-member R2AC Board using the following criteria:

1. Quality and Excellence in the Field - (10 points)

Considerations:

- Does the organization show evidence of high artistic standards in its activities?
- In what way has the organization demonstrated artistic growth in the past several years?

2. Commitment to the Community - (10 points)

Considerations:

- Is the organization filling a need in the community that would otherwise be unmet?
- Does the organization have significant community involvement?
- How does the organization assess the needs of the community it serves? How has it responded to those needs?
- Is there evidence of on-going support from the community in terms of financial contributions, the contribution of volunteered time or materials, and attendance at projects or events?

3. Organizational Stability and Commitment to Sound Management - (10 points)

Considerations:

- Does the Board of the organization meet on a regular basis?
- Does the organization have a current short-range and/or long-range plan that it uses?
- Does the organization regularly evaluate its activities and by what means?
- Is the organization fiscally sound?
- Does the organization have an annual fundraising plan? Are the fundraising efforts successful? Is the Board actively involved in fundraising efforts?

C. How Are Grant Applications Reviewed?

Applications are reviewed using the three criteria listed above, and a motion is made to approve applicant organizations for funding. For those applications that are approved, Board Members rate each application on a 30-point scale, with 10 points being possible for each review criteria. The ratings are averaged and the applications are ranked from highest to lowest. Grant money is awarded based on consideration of the application's rating, the applicant organization's annual revenues, the number of approved applications, and the total amount of dollars available for regranteeing.

D. How Will I Know If My Grant Request Was Funded?

The grant administrator (as listed on your grant application form) will be notified, in writing, of the results of the grants review within 45 days of the application deadline date. Organizations that are awarded funding will receive a Request for Payment form and a Grant Contract. Both forms must be returned to the R2AC office within 30 days of receipt.

Full payment of the award will be made to the applicant organization within 45 after the receipt of the Request for Payment Form and Grant Contract.

X. Appeals Process

Any applicant who believes that established grant review procedures have not been followed may make a formal appeal of the decision to the R2AC Board. The applicant wishing to appeal a decision must submit a written request for reconsideration within 10 days following the date of the R2AC letter denying funding.

XI. If I Receive a Grant Award, What Are My Responsibilities?

A. THE GRANT CONTRACT

The grantee will sign a Grant Contract with R2AC which holds the grantee to the following terms:

1. The funds must be used in accordance with the purposes indicated in the grant application.
2. If the organization should significantly change its Articles of Incorporation, bylaws, mission statement, operations, or planning documents, it must notify the R2AC immediately. The organization must keep R2AC informed about significant changes in its staffing or in Board membership.
3. The following credit line must appear on printed material and publicity: *"This organization is supported, in part, by a grant provided by the Region 2 Arts Council through funding from the Minnesota State Legislature"*.
4. By February 1st of each of the three years of the award, an **interim report** must be submitted to R2AC. In the third year the interim report is a Final Report. The report will

consist of a narrative and a budget.

5. The R2AC may conduct random **spot audits** of grant recipients. The purpose of these audits is to establish accountability for public funds received by the grantee. In the case of an audit, the R2AC shall have access to all books, documents, papers, and records related to the organization. The grantee must retain such records for a period of three years following submission of the last annual report.
6. Other contractual terms may be added by R2AC on a case-by-case basis.

Non-compliance with terms of the Grant Contract will be just cause for:

- (a) **The grantee returning the entire grant award back to R2AC and/or**
- (b) **lower ratings on future grant applications to the R2AC.**

A grant award may be terminated at any time upon request of the grantee, but such termination does not necessarily relieve the grantee of its responsibilities as set forth in the Grant Contract. R2AC may terminate a Grant Contract at any time upon failure of the grantee to comply with one or more conditions of the Grant Contract. The Grant Contract may be terminated by mutual written agreement of the R2AC and the grantee.

A. GENERAL INFORMATION

The mission of the Region 2 Arts Council (R2AC) is to strengthen the presence and the purpose of the arts in the lives of the people of Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnommen Counties of North Central Minnesota by promoting and funding arts creation, appreciation, and education.

The R2AC offers granting programs funded by the Minnesota State Legislature as well as by the McKnight Foundation. The R2AC also offers a "Fast-Track" Workshop funding program, a free bimonthly newsletter "Northern Arts News", an Arts Marketing Program, information services, technical assistance, and other arts services.

The term "arts" refers to music, creative writing, dance, visual arts, theater, and other forms of creative expression.

The Region 2 Arts Council (R2AC) is one of eleven regional arts councils in the State of Minnesota. The regional arts council system was instituted by the Minnesota State Legislature in 1976 in order to ensure a decentralized mechanism for the distribution of state arts funding.

The volunteer Board of the R2AC is comprised of ten people, two from each of the Region's five counties. Individuals who may be interested in serving a two year term on the R2AC Board should contact the R2AC Office.

B. THE INDIVIDUAL ARTIST GRANTS PROGRAM

1. Intent of the Granting Program

The Region 2 Individual Artist Grants Program stimulates new artistic endeavors in the region by providing project assistance to regional artists who are seriously committed to their work and to the advancement of their artistic careers. It is designed for artists at various career stages. This program is supported by a grant from the McKnight Foundation.

Individual Artist Grants may also be requested by an established adult artist who wishes to mentor the artistic development of an exceptional student artist under the age of 18. These mentorships must include a specific project that will be completed by the student.

2. Size of Grants

An artist may request a grant of up to \$1,000 for expenses associated with a specific project or opportunity that contributes significantly to the artist's creative growth or

career advancement. Two or more artists who wish to collaborate on a single specific project may each apply as part of a collaboration and be eligible for \$1,000 each.

Based on statistics from the past three years, the size of Individual Artist Grant awards ranged from \$297 to the previous maximum of \$1,000. Because there are more requests for grant funds than money available, the chances of receiving a grant award are about 41%. Partial awards are rarely made.

C. WHO IS ELIGIBLE TO APPLY?

Artists in all arts disciplines will be considered eligible, including music, dance, visual art, theater, and creative writing. (See Page 18 Item 5 for a more complete listing of disciplines.)

The five-county Region 2 area includes Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnommen Counties.

The applicant must meet all of the following criteria:

1. The applicant must be a resident of the State of Minnesota.
2. The applicant must have physically resided within the five-county area of Region 2 for at least one full year prior to the deadline date of the application.
3. The applicant must physically reside within the five-county area of Region 2 for seven months or more of the calendar year in which they apply. For example, students who attend a school located outside of the Region 2 area or retirees who travel to other climates for more than 5 months of the year are not eligible to apply for this grant.
4. The applicant must continue to reside in the Region 2 area until the proposed project is completed according to the proposed project plan.
5. The applicant must be at least 18 years of age. (A student who is applying as part of a young student mentorship team has no minimum age requirement.)
6. An individual who has received a Region 2 Individual Artist Grant or an individual artist grant from the Anishinabe Arts Initiative within the last 2 years is not eligible to apply.

7. Current R2AC Board members and members of their immediate family are not eligible to apply. AAI Council members can't apply.
8. For collaborations, each artist must meet the applicant eligibility criteria.
9. The applicant must not have any outstanding reports due to the R2AC, nor be in violation of any past contractual agreements with R2AC.

D. WHAT TYPES OF PROJECTS ARE ELIGIBLE?

Types of eligible requests include support for:

- Costs associated with the exhibition, performance, or production of a specific creative work. Proposals for assistance with the routine completion of works in progress may be less competitive. Music production requires:
 - Two written bids from production companies.
 - Written justification for choosing the higher bid.
 - Resumes or credentials of musicians assisting you on the project.
 - Written commitment from musicians and others who are participating in your project.
 - Written lyrics (if applicable).
- The rental or purchase of specific materials, equipment, or rental of studio space necessary for a specific creative work. It is *required* that the applicant solicit and document two bids or quotes for materials, equipment or rental space. Written justification for choosing the higher bid is required. Submit a compilation of your bids rather than multiple copies. (Circle the dollar amounts you chose for your project.)
- A specific educational opportunity with a well-known established artist. This includes fees and/or travel costs associated with attending a workshop, class, mentorship arrangement or other educational opportunity. Classes/workshops taken for academic credit are not eligible.
- A young student mentorship arrangement between an established artist and a young student artist (under 18 years of age) who shows exceptional talent and potential. The mentor must meet the applicant eligibility criteria in Section C. Mentorships must include a specific project that will be completed by the young student.
- Proposals for other types of specific career-enhancing projects or opportunities may be considered.

D. WHAT TYPES OF PROJECTS ARE ELIGIBLE? (Continued)

- Creative non-fiction:

Personal essay about personal experiences	Opinion
Radio Commentary about personal experiences	Memoir
Travel writing, if a memoir	Rhetorical Essay
Poetry	

In general, the work focuses more on ideas expressed through stories about personal experiences and the human experience. Creative non-fiction draws from techniques used in fiction, journalism, autobiography, memoir, journal and similar forms.

- Fiction
- Self-publishing is allowed. Please refer to "what is NOT eligible" below regarding "subsidy publishing."

What is NOT eligible:

- Projects that have received funding from other programs of the Region 2 Arts Council or from the Minnesota State Arts Board.
- Publishing with a subsidy publisher. (Note: Self-publishing is eligible for funding.)
- Payment of project debts incurred before the grant request was approved. (Note: The R2AC Board meets approximately 4-6 weeks following the deadline date to review and award the grants.)
- Projects that are essentially for the religious socialization of the participants or audience.
- Projects that are related to an arts degree program or that will result in academic credit to the grantee.
- Editing relates to a finished work. The author has no say in changes the editor makes. Also, the compiling of different authors or putting it in order to be published by someone other than the author. An author revising their own work needs to use the term "revision" rather than "editing." If an author asks another person to review their work, use terms such as feedback, comments, suggestions or mentoring. If you ask for assistance to develop and learn the craft of writing, do not use the term editing in your grant application.
- Literary works with the primary purpose to relay information, such as journalism, history, biography, and scholarly manuscripts; or translation of literary works into a different language.

E. HOW TO APPLY

Assistance with completing your application is available from the R2AC Executive Director. Questions can be answered over the phone, or an in-person appointment can be made. However, this assistance should be requested well in advance of the deadline date, as the Director's position is part-time. Assistance from the Director does not guarantee nor imply that the grant request will be funded.

1. Deadline Dates and Policies

All applications must be postmarked by the deadline date. They are:

<u>Deadline Dates:</u>	<u>Awards are Made in:</u>
FY 06	
October 12, 2005	late November, 2005
February 8, 2006	late March, 2006
FY 07	
October 12, 2006	late November, 2006
February 8, 2007	late March, 2007

IMPORTANT!

Applications that are mailed in to the R2AC Office **MUST** be postmarked no later than midnight of the deadline date. **IN FAIRNESS TO ALL APPLICANTS, THERE ARE ABSOLUTELY NO EXCEPTIONS TO THIS RULE.** You are responsible for determining how late your local post office will be open to cancel your application with the necessary date.

If you prefer to deliver your application directly to the R2AC office, you may do so, however, it must be brought to the R2AC Office and received by a member of the R2AC staff by 4:00 p.m. of the deadline date. We will not accept applications that are slipped under our door after the office closes at 4:00 p.m.

2. What You Need to Submit in Your Application Package.

Submit the signed original of your Application Form along with the application materials required below. Be sure to keep a copy for your records; you will need to refer to it if we call you with any questions. Applications may not be faxed or e-mailed.

- a. **For Individual Artists:** Applicants must submit the application materials listed in (3a) through (3h). The total request cannot exceed \$1,000.
- b. **For Collaborations:** Each artist involved in the collaboration applies

separately and must submit the application materials listed in (3a) through (3h). Requests cannot exceed \$1,000 per artist. Although each artist must submit his/her own application package, the collaboration is reviewed as a unit ... either all artists in the collaboration will be approved or all will be denied. Weaknesses in one application will effectively weaken all applications involved the collaboration.

- c. **For Young Student Mentorships:** This category is intended for adult artists who wish to mentor students who are under the age of 18. (NOTE: If the mentorship involves two adult artists, the mentee artist should apply under category 1, "Individual Artist." See d. below.)

Both the mentor and student must each submit the application materials listed in (3a) through (3h). On his/her Application Form, the mentor and student should each request the amount of money that will be payable directly to him/her. The total amount requested cannot exceed \$1,000. Part of this amount may be used as a fee to the mentor; part of the amount may be used toward materials, etc., for the student.

The mentorship must be targeted to the student accomplishing a specific creative work.

Artists who routinely give lessons in their discipline must justify how this mentorship goes beyond the lessons that he/she normally offers.

A letter of permission signed by the student's parents/guardians must be included with the application. The letter must refer by name to the mentor who will be working with the student as well as specifically refer to the project that they are undertaking.

- d. **For Adult Mentorships:** This category is intended for mentorship involving two adult artists. The mentee artist should apply under a., "Individual Artist." The mentor does not submit an application, but must provide credentials and work samples for the mentee's application. For details, refer to (h) on page 11.

3. Application Materials:

- (a) Complete and submit the **Application Form** (Pages 15 and 17) and the **RAC Data Collection Form** (Pages 18 and 19) included with this application package. You can download the application form from our website (www.r2arts.org). Remember to download the RAC Data Form. It is a separate document.
- (b) Submit a one-page typewritten **artist statement**. Your statement should be personal, honest, and clear. (We prefer that you avoid cryptic, pretentious jargon.) The statement should be a thoughtful exploration and analysis of yourself and your art. You may include information on your style, the ideas behind your art, your

goals as an artist, what motivates you to do your art, a philosophical or historical context for your art, etc. Your artist statement should help us to better understand your creative vision. It is imperative that your artist statement refer in some way to your proposed project.

- (c) Submit a typewritten artist resume, not to exceed three typed pages. (If a longer resume is submitted, only the first three pages will be considered.) Your resume may have a structured, formal format, or may be a less formal, narrative profile. It should describe your training and experience in the arts, and any special awards or achievements.

We want to see from your resume that you are committed to your work as an artist and have been routinely taking advantage of opportunities that enhance your creative growth and direction.

- (d) Submit a one or two-page typewritten proposed project plan that explains what project you want to undertake. The plan should be very clear and specific. *Your plan must clearly explain how your proposed project will help you meet one or more of your artistic goals.* Include timelines. (All projects must be completed within one year of the grant review date.)
- (e) Complete and submit the Project Budget (Page 17). Be careful with the Donated Column, as some people misunderstand what this is. "Donated" does *not* mean cash that you or anyone else is contributing to the project. It does refer to *donated* things that can be given a dollar value. If you do not understand the Donated column, please call the R2AC Office and we'll help you. Refer to page 5 on the requirement for two bids for materials, equipment, space or music production. Written justification for choosing the higher bid is required.
- (f) Submit work samples as outlined below. Do not submit original works. Work samples are *extremely* important to your application, so be sure that your work samples adequately reflect the quality of your art. It is to your advantage to submit work samples that are recent (within the last four years) and that connect your current work with what you intend to accomplish in your proposed project. (For example, if your proposed project plan is to produce a specific sculptural piece, it is to your advantage that you submit slides of your other sculptural pieces completed within the last four years.)

Keep in mind that it is better to submit samples that represent a cohesive body of work rather than a "retrospective" of a variety of your work styles over the years. *We're interested in your artistic focus, not your versatility.*

(1.) Work Samples for Visual Artists

A maximum of 15 slides of your artwork. Submit standard 2" by 2" slides in a clear plastic sheet. Label each slide with your name, the title of the work, and the date it was completed. Indicate on the slide which end is up.

Film and Video Artists: A maximum of 5 minutes on 1/2" VHS videotape. Depending on how many grants the Board needs to review in any given grants round, it is likely that no more than two to three minutes of your tape will be viewed, *so be sure that the tape is cued up to the portion that you want reviewed.* Films must be transferred to 1/2" VHS videotape. (Your name must be on the cassette.)

(2.) Work Samples for Literary Artists

(Your name must appear on each page.)

Poetry: A maximum of 10 typewritten pages.

Prose: A maximum of 15 typewritten pages double-spaced.

(3.) Work Samples for Performing Artists

A maximum of 5 minutes of your work on a CD, a 1/2" VHS videotape or a standard audio cassette tape. Depending on how many grants the Board needs to review in any given grants round, it is likely that no more than two to three minutes of your tape will be listened to, *so be sure that the tape is cued up to the portion that you want reviewed.* (Your name must be on the CD or cassette.)

(4.) Work Samples for Theater Artists

Playwrights and Screenwriters: A maximum of 25 pages of manuscript typewritten and double-spaced. (Your name must appear on each page.)

Acting and Directing: A maximum of 5 minutes of your work on a 1/2 " VHS videotape. Depending on how many grants the Board needs to review in any given grants round, it is likely that no more than two to three minutes of your tape will be viewed, *so be sure that the tape is cued up to the portion that you want reviewed.* (Your name must be on the the CD or cassette.)

Set Design and Costume Design: A maximum of 15 slides of your work. Submit standard 2" by 2" slides in a clear plastic sheet. Label each slide with your name, the title of the work, and the date of completion. Indicate on the slide which end is up.

- (g) Submit a Work Sample Description page:** A maximum of one typewritten page for all (not for each) samples. Include on this page dates of completion and any other information you feel is

pertinent to better understand your work samples. For visual artists, your information must include the size of the work, the medium used, and the date of completion. Be sure your name appears at the top of this page.

- (h) If your project involves the services of another artist or other professional, you must submit information/brochures/work samples which communicate that person's credentials.

For example, if you want to attend a workshop given by a well-known artist, you should include information about that artist *and* about the workshop. If your project depends on the cooperation of another person, you must include a letter from the person indicating his/her willingness to be involved in your project. If you want to be mentored by an artist more accomplished than yourself, submit work samples of the mentor you have selected along with his/her artist statement and resume.

- (i) You may submit other printed information or material that you feel would be helpful in reviewing your application.

Note: If you wish to have your work samples returned to you, you must include a self-addressed mailing container with sufficient postage affixed, or you must make arrangements to pick up your material at the R2AC Office. If you do not wish to have your work samples returned write "Do Not Return" on the Work Sample Description page. While we do take care with the samples submitted, the Region 2 Arts Council will not be responsible for the loss or damage of submitted work samples.

F. HOW ARE GRANT APPLICATIONS REVIEWED AND AWARDED?

The R2AC Director logs in all applications submitted and reviews them to ensure that they are eligible. The Director may request further or clarifying information from the applicant. R2AC Board members receive copies of all applications prior to the review meeting. At the meeting, the Director may introduce any amended or corrected application materials, or provide any materials that could not be reasonably duplicated, such as work samples from artists.

R2AC Board members who have a conflict of interest with a grant applicant must declare that conflict of interest and abstain completely from discussion and voting during the entire grants round.

The following process is used for the grant review:

1. Each artist's application package is discussed in detail, including all submitted written information and submitted work samples. For collaborations, all artists involved in the collaboration will be considered as a unit and receive the same rating.

A motion is made concerning the level of funding for each application immediately after it is discussed: Full, partial, or no funding. If a motion

is made for partial funding, the amount must be specified. The level of funding motion is then voted on.

2. Each Board member rates each application on a 60-point scale using the following criteria:
 - (a). The artistic merit of the applicant's work as demonstrated by the **work samples** submitted. For young student mentorships, the artistic merit of both the mentor's and the mentee's work will be reviewed. (20 points)
 - (b). Evidence of serious commitment to one's artistic career as demonstrated by the applicant's **artist statement and resume**. For young student mentorships, the serious commitment of both the mentor and the mentee will be reviewed. (20 points)
 - (c). How financially feasible the proposed **project plan** is and how well it contributes to the artistic goals of the applicant. For young student mentorships, how well the proposed project plan contributes to the mentee's growth will be reviewed. (20 points)

The ratings are averaged and the grant applications are ranked from the highest to the lowest based on the averaged rating. Grant money is awarded, in order of highest to lowest grant ranking, until the money is depleted.

Each applicant will be notified, in writing, of the results of the grants review within 45 days of the application deadline date. Applicants that are awarded full funding for their proposed project plan will receive a Request for Payment form and a Grant Contract. Both forms must be signed and returned to the R2AC office within 30 days of receipt.

Applicants awarded partial funding will receive a Revised Budget form which must be completed and returned within 10 days of receipt.

G. IF I RECEIVE A GRANT AWARD, WHAT ARE MY RESPONSIBILITIES?

The grantee will sign a Grant Contract with R2AC which holds the grantee to the following terms:

1. The proposed project must be completed within one year of the award date and must be in compliance with the proposed project plan, budget, and timeline, as submitted in the grant application materials. Any significant changes must be approved by the R2AC in advance.
2. The following credit line must appear on all printed material and publicity related to the proposed project: "This activity is made possible, in part, by a Region 2 Arts Council Individual Artist Grant with funding from the McKnight Foundation."
3. Within 45 days after completion of the proposed project, a Final Report, consisting of a narrative and budget report must be submitted to R2AC

on a form which R2AC will provide.

4. The grantee is legally responsible for the completion of the proposed project plan and for the proper management of the grant funds.
5. The R2AC may conduct random spot audits of grant recipients. In the case of an audit or a project evaluation, the R2AC shall have access to all books, documents, papers, and records related to the proposed project. The grantee must retain such records for a period of three years following submission of the Final Report.
6. The grantee must return the entire grant award back to the R2AC in the event that the proposed project cannot be completed.
7. Grants are intended to support artists who have made a commitment to living and producing within the geographical boundaries of Region 2. If the grantee moves out of the Region before the proposed project is completed, he/she must return the entire grant award amount back to the Region 2 Arts Council.
8. Other contractual terms may be added by R2AC on a case-by-case basis.

Non-compliance with terms of the Grant Contract will be just cause for the grantee returning the entire grant award back to R2AC. R2AC may terminate a Grant Contract at any time upon failure of the grantee to comply with one or more conditions of the Grant Contract. The Grant Contract may be terminated by mutual written agreement of the R2AC and the grantee. If termination occurs after funds have been distributed to the grantee, the entire amount of the grant award must be returned to the R2AC.

H. WHEN DO I RECEIVE THE FUNDS?

Grants are reviewed and either denied or awarded late in the month that follows the grant deadline. If you need to know the specific date, call the R2AC Office.

A check for 80% of the full grant award will be sent to the grantee 30 days prior to the beginning date of the grantee's proposed project. The grantee may claim the remaining 20% of the grant award by submitting for approval a Final Report and budget within forty-five days of the project's completion.

At the Board's discretion, the R2AC may exercise its option to award only 50% of the full grant award up front, with the remaining 50% being awarded after the Final Report and budget has been submitted and approved. This arrangement will most likely be used for proposed projects that involve travel costs, living expenses, or space rental.

I. APPEALS PROCESS

Any applicant who can show cause that established grant review procedures were not followed may file an appeal. Appeals must be based on alleged procedural errors. Appeals based on judgments of artistic merit, commitment, or project feasibility will

not be heard.

Appellants must submit a formal letter of appeal to the R2AC Executive Director stating the reason(s) for the appeal. Letters of appeal must be received within 10 days of written notification of the R2AC Board's decision on the original application.

The R2AC offers granting programs funded by the McKnight Foundation as well as by the Minnesota State Legislature. The R2AC also offers information services, technical assistance, workshops and other arts programming throughout the five-county region.

The R2AC is one of a network of eleven regional arts councils in the state of Minnesota. The idea behind the regional arts council concept is that local people are best able to respond to and evaluate the needs of arts organizations, artists and audiences within their own region. The volunteer board of the R2AC is comprised of ten people; two from each of the region's five counties. The board meets eight times per year to discuss new arts initiatives, evaluate existing programs, review grant applications, enact policies and conduct other business. Individuals who are interested in serving a two-year term on the Board should contact the R2AC office.

II. WHAT TYPES OF GRANTS ARE AVAILABLE?

A. GRANT CATEGORIES

The R2AC offers five categories of grants:

R2AC/McKnight Grants for Arts Organizations are geared to meet the needs of 501(c)3 arts organizations in the region. This granting program is intended to provide funding for certain artistic needs that would enhance the cultural climate of the region and develop arts professionalism.

Grant funds may be requested to help an organization create or produce an arts project or event such as an arts workshop, a play, an exhibit, a performance, etc., or to bring into a community a "prepackaged" touring arts performance or exhibition. Funds may also be used to make small capital or equipment purchases related to an artistic production or event.

The four other grant categories (not covered in these Guidelines) are the **R2AC Arts Project Grants**, the **R2AC Individual Artist Grants**, the **Anishinabe Arts Initiative Grants**, and the **General Operating Support Grants**. Contact the R2AC office for information specific to these granting categories.

B. HOW MUCH GRANT AWARD MONEY IS AVAILABLE?

The amount of money available for any given grants round is budgeted in July, the beginning of our Fiscal Year. This year we have a total of **\$10,000** available to regrant in the R2AC/McKnight Grants round. These funds are provided to the Region 2 Arts Council through the McKnight Foundation's Arts Funding Plan. Beginning in FY04 there will be a **request limit of \$3,000** placed on the Region 2 Arts Council/McKnight Grants.

Based on statistics from the last three years, the average size of a Region 2 Arts Council/McKnight Grant awarded was \$2,420, the highest McKnight grant award was \$4,270 and our lowest was \$765. The Region 2 Arts Council receives more requests for funds than are available to award. Based on a past three-year history of the R2AC/McKnight Grants Program, we have been able to award about 75% of requests received.

III. SOMETHING YOU NEED TO KNOW ABOUT OUR GRANTING PROGRAMS

According to R2AC bylaws, R2AC Board members may only serve two or four year terms. Because the membership of the Board changes from year to year, applicants can expect professionalism but not consistency in R2AC Board opinions and decisions from grants round to grants round. Applicants should **never assume** that the R2AC Board members are familiar with their organization or with their project. For this reason, information given on the grant application form should always be **clear, specific and complete**.

If a project is funded in one year, this in no way guarantees it will be funded in subsequent years. Our granting programs are very competitive and are not intended to provide ongoing support for any specific project or to any applicant organization.

Organizations are cautioned against applying for assistance if their project will have started before the date of the grants round. There have been situations in the past where an organization has made financial and other commitments to a project **before** knowing if their grant request to R2AC was approved or denied. If the R2AC grant was denied, the organization was put in a crisis situation, scrambling to find funds at the last minute. Don't put yourself in this situation.

Projects that receive grant awards must be completed within 24 months of the notification of the receipt of a grant. The grant project must be started in the same fiscal year in which the grant is awarded.

IV. WHO MAY APPLY FOR A GRANT FROM R2AC?

A. 501(c)3 ARTS ORGANIZATIONS

Only non-profit, tax-exempt **501(c)3 arts organizations** located in Region 2 may apply. Organizations are required to submit a copy of their **IRS letter** which identifies them as having 501(c)3 status. In order to qualify as an "arts organization", your organization's mission statement must be focused clearly and solely on the arts.

B. INELIGIBILITY

A 501(c)3 arts organization is not eligible to apply for a R2AC grant if it has not turned in an overdue, unexcused Final Report from a previous R2AC grant. Even after such a Final Report is received, the grantee may be ruled ineligible to apply for future R2AC grants for a period of one year.

V. WHAT TYPES OF PROJECTS WILL WE CONSIDER FUNDING?

The following list will give you some idea as to the types of projects that are eligible for funding. This list is in no way meant to be all-inclusive of the types of projects that are eligible.

- A.** Programs which maintain or enhance the professional capabilities of groups, such as payment to artists, engagement of guest artistic personnel, production costs, or special management initiatives.
- B.** Small capital or equipment costs associated with an artistic production, excluding the purchase or major renovation of buildings.
- C.** Limited duration projects that are of high quality, enhance the artistic offerings of the region and provide opportunities for artists living in the region.
- D.** Sponsor assistance to allow arts organizations to host an arts event by contracting the services of another organization or individual to provide programming to the community.
- E.** Management development assistance through a contract with a consultant. The following limitations apply to management assistance proposals:
 - The identification and choice of the consultant must involve the participation of the R2AC's Executive Director.
 - The application must indicate specifically the objective(s) for which the consultant is to be retained, the exact services the consultant is to provide and the expected outcome of the consultancy.

VI. WHAT TYPES OF PROJECTS ARE NOT ELIGIBLE?

In addition to some situations mentioned above, applications will be considered **ineligible** when one of the following conditions exist:

- A. Artists are required to pay a significant entry or exhibition fee in order to exhibit, perform, or be included in the project.
- B. Funds are requested for the purchase or major renovation of a building or other property, for endowment funds, or for fundraising efforts.
- C. Funds are requested to account for fund deficiencies in projects that were completed prior to the date of the grants round.
- D. Funds are requested to support activities that are essentially for the religious socialization of the participants.
- E. The project does not benefit the residents of Region 2.
- F. The project is not accessible to participation by the public. (Management development assistance grants are the exception.)
- G. The project has already received an R2AC grant award. (You may not use more than one R2AC grant to support one project.)
- H. If your organization receives project support from the McKnight Foundation, it is ineligible to apply to any of R2AC's granting programs for assistance with that same project.

VII. WHAT WE'D REALLY LIKE TO SEE IN YOUR GRANT APPLICATION

You should note that R2AC is **particularly interested** in grant applications that address one or more of the needs identified through R2AC's Needs Assessment. These needs are identified below.

- A. **Publicity** about arts events and opportunities should be significantly increased. Publicity efforts should be well-planned and include media within the five-county Region 2 area. (R2AC can provide you with a mailing list.)
- B. The base of **financial support** for arts activities needs to be **increased and diversified**. In addition to your organization's own budget and the grant requested from R2AC, you should make every reasonable attempt at securing partial funding from one or more other sources.
- C. The region needs more **workshops** that provide skills-building opportunities or creative growth to individual artists and/or arts organizations in the region.
- D. **Innovative, arts-related opportunities for students and/or arts teachers should be increased.**
- E. If projects include a performance, an **admission fee** should be charged.
- F. The following issues are also considered important to R2AC:
 - Marketing opportunities for artists.
 - Cultural inclusiveness in the arts.
 - Arts events that foster participation by children and adults together.
 - The use of "block-booking" when scheduling touring events so that travel costs can be minimized.
 - More arts opportunities in the underserved counties of Clearwater, Mahanomen, and Lake of the Woods.
 - The encouragement of new arts groups and the growth of relatively small arts groups.
 - The need for evening and weekend hours for events and exhibits.
 - Improved accessibility to arts events and facilities by persons with disabilities.

VIII. HOW TO APPLY FOR AN R2AC/McKNIGHT GRANT

A. APPLICATION DEADLINES

R2AC holds one grant round per year for the R2AC/McKnight Grants Program for Arts Organizations. The application deadlines for Fiscal Year 2004 and Fiscal Year 2005 are:

FY06: January 11, 2006

FY07: January 11, 2007

IMPORTANT!

Applications that are mailed in to the R2AC Office MUST be postmarked no later than midnight of the deadline date. IN FAIRNESS TO ALL APPLICANTS, THERE ARE ABSOLUTELY NO EXCEPTIONS TO THIS RULE.

You are responsible for determining how late your local post office will be open to cancel your application with the necessary date.

If you prefer to deliver your application directly to the R2AC office, you may do so, however, it must be brought to the R2AC Office and received by a member of the R2AC staff by 4:00 p.m. of the deadline date. We do not accept applications that are slipped under our door after the office closes at 4:00 p.m.

B. STEP-BY-STEP: FILLING OUT THE APPLICATION FORM

An Application Form should be included with these Program Guidelines. If you need an extra copy, they are available at the R2AC Office. The Application Form must be typed. We make many photocopies of your Application Form and dark type is the only way to make sure all copies are legible.

Submit the signed original of the Application Form. Be sure to keep a copy for your records; you will need to refer to it if we call you with any questions.

Because grant rounds are competitive, it is to your advantage to be sure that your responses to the questions on the Application Form are complete, accurate and are of sufficient quality and scope.

You are encouraged to request assistance from the R2AC Executive Director. Questions can be answered over the phone, or an in-person appointment can be made either at the R2AC office in Bemidji or at a location more convenient to you. Most applicants find it very helpful to have the Director review the application before it is formally submitted on the deadline date. This assistance should be requested well in advance, however, so that you will have time to make any suggested changes to your application. The Directors's position is part-time, so be sure to get your request for help in early. Assistance from the Director does not guarantee nor imply that the grant request will be funded.

The following numbered items correspond to the numbered items on the Application Form. This section is designed to "walk you through" the Application Form.

1. **Organization name.** Fill in the name of your organization.
2. **Project director.** Fill in the name of the project director. This is the person who is ultimately responsible for overseeing the project. This is also the person who will be informed as to whether or not the grant request was funded. If a grant is awarded, this person is responsible for the timely submission of all forms and reports to the R2AC. This person should be knowledgeable in all aspects of the proposed project, as R2AC may need to contact this person with questions specific to the application, the budget, or the project itself.
3. **Address.** The address to which the R2AC will send all correspondence. This may be the applicant organization's address or the address of the project director.

4. **Phone.** Provide a day and evening phone number where the project director can be reached.
5. **Project Dates.** Provide the start and end dates of your proposed project. Do not include planning or evaluating time in these dates ... use the actual dates of the event. If you are purchasing a small capital item, when will that purchase be made?
6. **One-sentence description.** Provide a brief, one-sentence description of your project or purchase. Try to be both concise and descriptive. This sentence is used by the R2AC to define your project on in-house materials and reports to state agencies.
7. **Address.** Provide the address where the activities will take place. If the activities will take place at more than one address, list the primary and secondary address. If you are purchasing small capital items, where will those items be housed?
8. **Project description.** Be clear, specific and complete. Provide names, dates, schedules and descriptions. What are the goals of your project? (We advise you to give your application to another person whose opinion you respect and who has no idea of what the project is about. You'll know your project description is done well if that person can understand exactly what it is you are proposing to do. Please read Section III: "Something You Need To Know About Our Granting Programs".) If you are proposing to purchase small capital items, be very clear as to the description of the items needed, exactly what they will be used for and who will be ultimately responsible for their use and maintenance.
9. **Need.** Why are you doing this project? Is there a need for it? How did you determine that there was a need? Is there anyone else in the area who is filling this need? If so, how does your project differ from theirs? How do the goals of your project fill this need? Does your project meet any of the needs that R2AC has identified, as listed in Section VII "What We'd Really Like to See in Your Grant Application?" If you are proposing small capital purchases, explain why you need these items. How have you been getting along without them so far? How will these new purchases improve your current situation?
10. **Expected Impacts.** What are the expected impacts of your project on regional artists, on your organization, on other organizations, or on specific communities? The McKnight Foundation wants to know specifically how its grant money is making a difference.
11. **Planning.** We want to make sure your project is well thought out. We want to know the process that you used to pull this idea together. When did the idea form? How did you decide on the structure of your project? How many meetings were held and who attended? (We like to know that more than one individual was involved in putting this idea together.) Be sure to include the names of the primary people that were involved in the planning of your project.
12. **Selection process.** We want to know what kind of thought process went into the selection of the personnel involved in the project. If there are artists involved, how did you choose them? Where did you get their names? If you are using artists as panelists or teachers, how were they selected? Are they qualified to do what you want them to do? How do you know? Who made the final decision as to what artists were selected for the project? What criteria was used in the selection process? If your project involves an exhibit, performance, or purchases of small capital items, the same types of questions apply ... how did you make your selection and who made the final decision? Important: There are rare instances when you may not have all of the personnel selected for your project at the time the grant application is due. If this is the case, you must, at the very least, tell us who will be making the selection, what their qualifications are and what criteria will be used in the selection process. You should be aware that the lack of names of selected personnel, exhibits, etc., will weaken your grant application.
13. **Ticket and audience information.** Depending on the type of project you are proposing, some of these items may or may not apply to you. Fill in what is appropriate to your project. Item f. asks you how you determined your ticket prices. Please note we feel quite strongly that admission fees should be charged for arts events, especially performances. If you are not charging an admission, explain why not.

14. **Publicity.** Because we are a regional arts council, we like to see all projects that we fund publicized on a regional level. (We have a mailing list of all regional media that you can use in your publicity efforts.) How will you publicize this project throughout Region 2? Be specific. Will you use news releases? Posters? Display ads? List the names of the media that you will use. What non-media publicity efforts will you use?
15. **Evaluation.** Any project worth doing is worth evaluating. How will you determine if your project was a success? How will you know whether or not your goals (as stated in Question # 8) were met? Who will be responsible for doing the evaluation?
16. **Your organization's goals.** We would like to know how this project is helping your organization achieve its own goals.
17. **Longevity.** How long has your organization been operating in its present format?
18. **History.** What types of projects have you done in the past that will convince us of your ability to do the proposed project? If there are no similar projects in your past, describe similar experiences and responsibilities. This question should be answered from the viewpoint of both the project director and the applicant organization. For proposed purchases of small capital items, does your organization own other items similar in use or value?
19. **Past Grants.** If you've received grant awards from us (or from the Minnesota State Arts Board) within the past two years, we want you to list the name of the project and the amount you received.
20. **Organizational Budget.** What size budget is your organization working with?
21. **Certification and Signatures.** The authorizing official is that person who is empowered to enter into contracts for your organization. This is usually an executive director, a board chairperson, or a board treasurer. The authorizing official may or may not be the project director.

C. YOUR PROJECT'S BUDGET

1. The Budget Pages

The budget pages of the Application Form must be completed in such a way that it is unquestionably clear what the expenses are for. **PLEASE, round your figures to the nearest \$5.00.**

Back up all your figures with short calculations. For example, if a \$155.00 travel expense is reported, the line item should show where travel was to and from, and what the rate of reimbursement was:

"Artist Mary Doe: Roundtrip Mpls. to Bemidji: 512 miles @ 30¢ per mile = \$ 153.00"

If necessary, you may attach a separate sheet of paper to fully explain any budget items. It is your responsibility to estimate as accurately as you can the expenses of your proposed project.

2. Matching Requirements

Although a 50% match is not required for R2AC/McKnight grants, it is expected that some cash and donations will be contributed to the project. This indicates to us that your project has a diverse base of support. Types of cash sources may include grants from other organizations, personal or business contributions, earned income from your project (ticket sales), or money your organization is budgeting towards the project. **Profits from a previous R2AC/McK grant must be reported in the Cash Match (budget section II, #2).**

Donated contributions include **donated** materials, services, labor, or space that can be given a dollar value. For example, if the project director is donating his/her time to the project, the value of that person's time is considered donated and should have a dollar figure given to it. If, on the other hand, that person is being paid to do the project, this is not considered to be donated; rather, it would be considered part of the cash match.

Use this rule of thumb; if actual dollars are changing hands, it is not donated.

If you are committing the space or the significant services of another group or person as part of your in-kind match, you must include a signed letter in your application materials from that person or group that substantiates the donation from them that you are claiming.

3. What About Profit?

We encourage you to make your project financially profitable. If you receive a grant award, the Final Report requires that you identify any profit that you have made and indicate specifically what you plan to use it for.

D. THE "RAC DATA COLLECTION FORM"

The information that you enter on this form is very important ... it is used to collect and compile statistics on grant activity from the eleven regional arts councils (RACs) around the state. If you have any questions regarding this form, please call the R2AC office for assistance. This information is not seen by the grant review board.

E. REQUIRED ATTACHMENTS

Be **absolutely certain** that you have included the following items with your application materials.

1. A copy of your letter from the IRS that certifies your status as a 501(c)3 organization.
2. If you are committing the donated space, materials, or services of another person or organization as part of your in-kind match, the donor must substantiate this support intent in a signed letter to be included with your application materials.
3. If you are requesting funding assistance for the purchase of small capital items, you must include evidence of comparative shopping for the items.
4. You must include resumes for all personnel significantly involved with your project. This includes the project director, artists, jurors and teachers. Resumes should contain information about the individual's career or experience that pertain to the project you are proposing. Do not submit resumes that are over two pages in length. If your resume is longer, summarize the most pertinent information onto two pages. If we receive resumes over two pages in length, we only use the first two pages and discard the remainder.
5. **Work samples.** For projects involving visual artists; photographs, slides, or actual samples of the work must be included with your application. Slides are preferred. For artists in other disciplines such as music, theater or literature, you must include work samples or some other material that can be used to judge the artistic merit of the work. Remember, the R2AC Board places heavy weight on the artistic merit of your project. **If there is no material submitted with which to evaluate the artistic merit of your project, there is a reduced chance that your grant request will be approved.**

Liability: R2AC is not responsible for the loss of or damage to required attachments or supporting materials. No materials will be returned unless you make prior arrangements with the R2AC staff.

6. A list of your organization's current board members. Officers should be identified.
7. A copy of your organization's Articles of Incorporation.
8. A recent financial statement from your organization. This may be as formal as an audit report or as informal as a monthly treasurer's report. It must be a document that has been presented to and approved by your organization's board of directors.
9. **Other materials.** You may submit other supporting materials with your application, such as brief copies of promotional materials, newspaper reviews, CDs, videos, audiotapes, flyers, posters, newsletters, or other

items that provide information directly related to the proposed project or to your organization.

IX. HOW ARE GRANT APPLICATIONS REVIEWED?

A. HOW DOES A GRANTS ROUND WORK?

The R2AC Director logs in all applications submitted and reviews them to ensure that they are eligible. The Director may request further or clarifying information from the applicant.

The R2AC Board members receive copies of all applications prior to the review meeting. At the meeting, the Director may introduce any amended or corrected application materials, or provide for Board review any materials that could not be reasonably duplicated, such as work samples from artists.

Conflict of Interest: R2AC Board members who have a conflict of interest with a grant application must declare that conflict of interest and abstain completely from discussion and voting during the grants review.

B. WHAT CRITERIA WILL THE R2AC BOARD USE IN REVIEWING MY GRANT APPLICATION?

Grants are reviewed by the 10-member R2AC Board using the following criteria:

1. Artistic merit of the project.

Considerations:

- The artistic content of the project.
- The degree to which your project contributes positively to one or more art forms.
- The degree to which your proposed resources (artists, facilities, activities, etc.) work to meet the goals of your project.
- The degree to which your project advances the artistic goals of your organization.
- The degree to which the goal of your project focuses on being artistic rather than an emphasis on being educational or therapeutic.

2. The demonstrated need for the project by artists, arts organizations, arts resources, or the public.

Considerations:

- The degree of community support for the project in terms of direct involvement and financial or in-kind contributions.
- The degree to which the project meets regional needs identified by the R2AC Needs Assessment.
- The way in which this project is different from other similar projects currently available.

3. The ability of the applicant organization to accomplish the proposed project.

Considerations:

- The scope and quality of the planning and evaluation process.
- The qualifications of the project director.
- The feasibility of the project's budget.
- The scope and quality of publicity efforts.
- The quality of past projects.
- Past compliance with R2AC policies and Grant Contract terms.

C. HOW ARE GRANT APPLICATIONS REVIEWED?

1. Applications that are accepted based on artistic quality and merit are then discussed in detail. Discussion is based on the three review criteria of (1) artistic merit, (2) demand or need for the project and (3) ability of the organization to accomplish the project.

A motion is made concerning the level of funding for each application immediately after it is discussed: Full, partial, or no funding. If a motion is made for partial funding, the amount must be specified. The level of funding motion is then voted on.

2. Each Board member rates each application on a 60-point scale, with 30 points being possible for artistic merit and quality, 20 points being possible for demonstrated need, and 10 points being possible for ability of the organization. The ratings are averaged and the grant applications are ranked from the highest to the lowest based on the averaged rating.
3. Grant money is awarded, in order of highest to lowest grant ranking, until the money is depleted.

D. HOW WILL I KNOW IF MY GRANT REQUEST WAS FUNDED?

The project director (as listed on your grant application form) will be notified, in writing, of the results of the grants review within 45 days of the application deadline date. Organizations that are awarded full funding for their project will receive a Request for Payment form and a Grant Contract. Both forms must be returned to the R2AC office within 30 days of receipt.

Organizations awarded **partial funding** will receive a Revised Budget form which must be completed and returned before the Request for Payment form and Grant Contract are sent. The Revised Budget form must be completed and returned within 30 days of receipt.

Full payment of the award will be made to the applicant organization 30 days prior to the beginning date of the project.

X. APPEALS PROCESS

Any applicant who believes that established grant review procedures have not been followed may make a formal appeal of the decision to the R2AC Board. The applicant wishing to appeal a decision must submit a written request for reconsideration **within 10 days** following the date of the R2AC letter denying funding.

XI. IF I RECEIVE A GRANT AWARD, WHAT ARE MY RESPONSIBILITIES?

A. THE GRANT CONTRACT

The grantee will sign a Grant Contract with R2AC which holds the grantee to the terms below. **Non-compliance with terms of the Grant Contract will be just cause for (a) the grantee returning the entire grant award to R2AC and/or (b) lower ratings on future grant applications to the R2AC.**

1. The project must be carried out in compliance with the project description, budget and date, as entered on the approved grant application form. The grantee must notify R2AC immediately if the project is changed from the description, date and/or the budget.
2. The following credit line must appear on all printed material and publicity related to the project: **“This activity is made possible, in part, by a grant from the Region 2 Arts Council through funding provided by the McKnight Foundation.”**
3. Within 45 days after completion of the project, a **Final Report**, consisting of a narrative and budget report must be submitted to R2AC on forms which R2AC will provide. The Final Report must include at least one piece of publicity or promotional material that exhibits the credit line from Item #2. Grantees with long-term projects will provide in-progress information as requested by R2AC.
4. The R2AC may conduct random spot audits of grant recipients. The purpose of these audits is to establish accountability for public funds received by the grantee. In the case of an audit or a project evaluation, the R2AC shall have access to all books, documents, papers and records related to the granted project. The grantee must retain such records for a period of three years following submission of the Final Report.
5. Access to participate in the project shall not be limited on the basis of national origin, race, religion, age, or sex.

6. Other contractual terms may be added by R2AC on a case-by-case basis.

A grant project may be terminated at any time upon request of the grantee, but such termination does not necessarily relieve the grantee of its responsibilities as set forth in the Grant Contract. R2AC may terminate a Grant Contract at any time upon failure of the grantee to comply with one or more conditions of the Grant Contract. The Grant Contract may be terminated by mutual written agreement of the R2AC and the grantee.

XII. EVALUATION OF YOUR PROJECT BY R2AC

All granted projects are assigned to a R2AC Board member to evaluate. The grantee will be informed as to who the evaluator is for their project. The grantee is responsible for contacting the evaluator and inviting him/her to the grant activity. For purposes of evaluation, the grantee must provide the R2AC evaluator with two free passes to activities related to the grant project. Passes will be sent to the evaluator two weeks in advance, or arrangements should be made for R2AC evaluators to claim free admission at the door.
