Report on Minnesota School District and Charter School Student Fees Fiscal Years 2002-2005

Minnesota Laws 2005, First Special Session, Chapter 3, Article 11, Section 7, Subdivision 2, states:

By January 15, 2006, the Department of Education shall provide the house and senate education finance divisions and tax committees with a report that examines the total annual fees collected under Minnesota Public School Fee Law, Minnesota Statutes, sections 123B.34 to 123B.39, in fiscal years 2002 to 2005. The report must detail all different types of fees charged to Minnesota students under the law. The report must report total fees statewide as well as by school district and charter school.

This report will communicate to the house and senate education finance divisions and tax committees the total annual fees collected under Minnesota Public School Fee Law from fiscal years 2002 to 2005.

Districts and charter schools report to the Minnesota Department of Education (MDE) fees charged to students through Uniform Financial Accounting and Reporting Standards (UFARS). The financial data reported to MDE by districts and charter schools is verified by independent auditors on an annual basis.

The following three tables summarize student fees collected under the Minnesota Public School Fee Law and expenditures by program dimensions as reported in the general fund in UFARS. The Appendices contain information by individual district and charter school regarding the fees collected by revenue source dimensions, fees collected by program dimensions and expenditures by program dimensions. Definitions of the UFARS dimension codes and Minnesota Statutes referenced in this report are available in the Appendices.

Fees by Revenue Source Dimension

The Minnesota Public School Fee Law (Minn. Stat. §§ 123B.34 to 123B.39) provides districts and charter schools the authority to charge and collect fees from Minnesota students. Table one summarizes student fees in three categories: Fees from Patrons, Admissions and Student Activity Revenue, and Sale of Materials Purchased for Resale. Fees from Patrons are charges made to students, parents or guardians for rental or user fees for items such as musical instruments, physical education equipment and all other charges permitted by law including transportation and activity or athletic fees. Admission and Student Activity Revenue are admissions, gate receipts and voluntary donations relating to attendance to any event or activity sponsored by and under the control of the school board such as: athletic events, fine arts performances, and exhibitions. Sale of Materials Purchased for Resale include sales of materials and supplies to pupils including lumber sold to industrial arts classes, supplies sold to family living classes, and any other materials sold which were originally purchased for resale to pupils.

*Data Compiled as of 12/16/05

Conclusions from **Table 1** include:

1. Total annual fees increased each fiscal year with the largest increase occurring in fiscal year 2003.
2. The increases in all revenue categories over the four year period are significant; 53.36% for Fees from Patrons, 40.76% for Admission and Student Activity and 29.01% for the Sale of Materials Purchased for Resale, the total increase being 45.06%.
3. For the category Sale of Materials Purchased for Resale there was a small decrease from fiscal year 2002 to fiscal year 2003 (-2.16%) then a substantial increase from fiscal year 2003 to fiscal year 2004 of 52.49% followed by a decrease of 13.53% from fiscal year 2004 to fiscal year 2005.
4. Fees from Patrons had the largest total percentage of change of 53% between fiscal years 02-05 with an overall percentage of change of 45% for the three fee categories during the same time period.

Fees by Program Dimension

Districts and charter schools record student fee information by using UFARS program dimension codes. Program dimension codes describe the following information in Table 2; Athletics, Co-Curricular Activities (Non-Athletics), Extra-Curricular Activities, Music, Transportation and Other miscellaneous fees. Athletics include co-educational sports or contests for boys and girls, sports or contests for just boys and sports or contests for just girls. Co-Curricular activities represent school sponsored and directed activities designed to provide opportunities for pupils to participate in school and public events for the improvement of skills (for example Student Council or Yearbook). Extra-Curricular activities are under board control for public school pupils that are managed and operated under the guidance of an adult or staff member. Music includes courses that impart the skills and knowledge necessary for the creation, understanding and performance of music. Transportation includes fees charged to pupils to and from school or between schools for instructional purposes. The Other program category includes all program codes not previously identified.

The Athletic, Co-curricular and Extra-curricular program dimensions include both Fees from Patrons, and Admission and Student Activity Revenue. The Music program dimension includes both Fees from Patrons and the Sale of Materials Purchased for Resale. The Transportation program dimension includes Fees from Patrons. The Other category includes all remaining program dimensions and the three revenue source dimensions (Fees from Patrons, Admission and Student Activity Revenue, Sale of Materials Purchased for Resale). The Appendices provide a list of specific revenue source and program dimension codes.

Data Compiled as of 12/16/05

Conclusions from **Table 3** include:

1. For the two categories, Athletics and Co-Curricular and Extra-Curricular the proportion of fee revenues to expenditures increased each of the fiscal years reviewed.
2. The total fee revenues collected for all categories represent less than 1% of the total expenditures.
3. For each of the individual categories, Athletics and Co-Curricular and Extra-Curricular the percentage of fee revenue collected was approximately 20% of expenditures in fiscal year 2005.

Summary

The Minnesota Public School Fee Law authorizes public schools to establish fees for extra curricular, noncurricular and supplementary programs. The fees charged by school districts increased each fiscal year from 2002 to 2005. Total fees collected rose from \$46,783,473 in fiscal year 2002 to \$67,865,824 in fiscal year 2005, an increase of 45.06 percent. More than half of the increase for the four-year period occurred between FY 2002 and FY 2003, when fees increased by \$10.9 million, or 23.35 percent. Between FY 2003 and FY 2004, the increase was \$7.1 million, or 12.34 percent, and between FY 2004 and FY 2005, the increase was \$3.0 million, or 4.67 percent.

The increases over the four-year period varied among revenue categories and programs. When the increases are broken down by revenue category, Fees from Patrons increased by 53.36 percent, while Admission and Student Activity fees increased by 40.76 percent and Sales of Materials Purchased for Resale increased by 29.01 percent. When the increases are broken down by program, the largest increase occurred in transportation, where fees nearly doubled between FY 2002 and FY 2003.

Fees are a significant source of revenue for athletics and other co-curricular and extra-curricular programs, but still amount to less than one percent of total school district general fund expenditures. Between FY 2002 and FY 2005, total fees for all programs increased from 0.70 percent to 0.92 percent of total general fund expenditures. For athletics, fee revenues increased from 16.25 percent to 20.00 percent of expenditures between FY 2002 and FY 2005. For other co-curricular and extra-curricular activities, fee revenues increased from 12.87 percent to 19.76 percent of expenditures between FY 2002 and FY 2005. Fees for other areas represent less than 1 percent of related expenditures in both FY 2002 and FY 2005.

Minnesota Statutes

Minn. Stat. § 123B.34 Minnesota Public School Fee Law, citation.

Sections 123B.34 to 123B.39 may be cited as the “Minnesota Public School Fee Law.”

Minn. Stat. § 123B.35 General Policy.

It is the policy of the state of Minnesota that public school education shall be free and no pupil shall be denied an education because of economic inability to furnish educational books and supplies necessary to complete educational requirements necessary for graduation. Any practice leading to suspension, coercion, exclusion, withholding of grades or diplomas, or discriminatory action based upon nonpayment of fees denies pupils their right to equal protection and entitled privileges. It is recognized that school boards do have the right to accept voluntary contributions and to make certain charges and to establish fees in areas considered extra curricular, noncurricular or supplementary to the requirements for the successful completion of a class or educational program. No public school board may require, except as authorized by sections 123B.36 and 123B.38, the payment of fees.

Minn. Stat. § 123B.36 Authorized fees.

Subdivision 1. School boards may require fees.

- (a) For purposes of this subdivision, “home school” means a home school as defined in sections 120A.22 and 120A.24 with five or fewer students receiving instruction.
- (b) A school board is authorized to require payment of fees in the following areas:
 - (1) in any program where the resultant product, in excess of minimum requirements and at the pupil's option, becomes the personal property of the pupil;
 - (2) admission fees or charges for extra curricular activities, when attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity is the same for all students, regardless of whether the student is enrolled in a public or a home school;
 - (3) a security deposit for the return of materials, supplies, or equipment;
 - (4) personal physical education and athletic equipment and apparel, although any pupil may personally provide it if it meets reasonable requirements and standards relating to health and safety established by the board;
 - (5) items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements;
 - (6) fees specifically permitted by any other statute, including but not limited to section 171.05, subdivision 2; provided (i) driver education fees do not exceed the actual cost to the school and school district of providing driver education, and (ii) the driver education courses are open to enrollment to persons between the ages of 15 and 18 who reside or attend school in the school district;
 - (7) field trips considered supplementary to a district educational program;
 - (8) any authorized voluntary student health and accident benefit plan;
 - (9) for the use of musical instruments owned or rented by the district, a reasonable rental fee not to exceed either the rental cost to the district or the annual depreciation plus the actual annual maintenance cost for each instrument;
 - (10) transportation of pupils to and from extra curricular activities conducted at locations other than school, where attendance is optional;
 - (11) transportation to and from school of pupils living within two miles from school and all other transportation services not required by law. If a district charges fees for transportation of pupils, it must establish guidelines for that transportation to ensure that no pupil is denied transportation solely because of inability to pay;

- (12) motorcycle classroom education courses conducted outside of regular school hours; provided the charge must not exceed the actual cost of these courses to the school district;
- (13) transportation to and from postsecondary institutions for pupils enrolled under the postsecondary enrollment options program under section 123B.88, subdivision 22. Fees collected for this service must be reasonable and must be used to reduce the cost of operating the route. Families who qualify for mileage reimbursement under section 124D.09, subdivision 22, may use their state mileage reimbursement to pay this fee. If no fee is charged, districts must allocate costs based on the number of pupils riding the route.

Subdivision 2. Boards may require students to furnish certain items. Students may be required to furnish personal or consumable items including pencils, paper, pens, erasers and notebooks.

Subdivision 3. Boards may require students to provide for certain transportation. Students may be required to furnish their own transportation to and from an instructional community-based employment station that is part of an approved occupational experience secondary vocational program. As an alternative, a board may require the payment of reasonable fees for transportation to and from these instructional community-based employment stations. This subdivision only applies to students who receive remuneration for their participation in these programs.

Subdivision 4. School Uniforms. Notwithstanding section 123B.37, a board may require students to furnish or purchase clothing that constitutes a school uniform if the board has adopted a uniform requirement or program for the student's school. In adopting a uniform requirement, the board shall promote student, staff, parent, and community involvement in the program and account for the financial ability of students to purchase uniforms.

Subdivision 5. School store permitted. Sections 123B.34 to 123B.39 may not preclude the operation of a school store where pupils may purchase school supplies and materials.

Subdivision 6. Waiver of student fees based on need. A board may waive any deposit or fee if any pupil or the pupil's parent or guardian is unable to pay it.

Minn. Stat. § 123.37 Prohibited fees.

Subdivision 1. Boards shall not charge certain fees.

- (a) A board is not authorized to charge fees in the following areas:
 - (1) textbooks, workbooks, art materials, laboratory supplies, towels;
 - (2) supplies necessary for participation in any instructional course except as authorized in sections 123B.36 and 123B.38;
 - (3) field trips that are required as part of a basic education program or course;
 - (4) graduation caps, gowns, any specific form of dress necessary for any educational program, and diploma;
 - (5) instructional costs for necessary school personnel employed in any course or educational program required for graduation;
 - (6) library books required to be utilized for any educational course or program;
 - (7) admission fees, dues, or fees for any activity the pupil is required to attend;
 - (8) any admission or examination cost for any required educational course or program;
 - (9) locker rentals;
 - (10) transportation to and from school of pupils living two miles or more from school.
- (b) Notwithstanding paragraph (a), clauses (1) and (6), a board may charge fees for textbooks, workbooks, and library books, lost or destroyed by students. The board must annually notify parents or guardians and students about its policy to charge a fee under this paragraph.

Subdivision 2. Boards shall not withhold grades or diplomas for nonpayment of student fees. No pupil's rights or privileges, including the receipt of grades or diplomas may be denied or abridged for nonpayment of fees; but this provision does not prohibit a district from maintaining any action provided by law for the collection of fees authorized by sections 123B.36 and 123B.38.

Minn. Stat. § 123B.38 Hearing.

Before the initiation of any fee not authorized or prohibited by sections 123B.36 and 123B.37, the local board must hold a public hearing within the district upon three weeks public notice in the district's official newspaper, or such notice as is otherwise required for a regular board meeting given three weeks before the hearing on the proposed adoption of the policy.

Minn. Stat. § 123B.39 Postsecondary instructional programs.

Sections 123B.34 to 123B.39 may not be construed to prohibit a board from charging reasonable fees for goods and services provided in connection with any postsecondary instructional program, including but not limited to vocational technical, veteran farmer cooperative training, and community education programs, and continuing education and evening school programs other than those conducted pursuant to section 124D.52.
