JOINT LEGISLATIVE SERVICES DIRECTORY

About this Directory

The Joint Departments and Commissions of the Legislature created this directory to illustrate the services provided by the legislative commissions and joint offices. These services are available to members of both the Minnesota House of Representatives and Minnesota Senate, and state and local agencies in Minnesota, in addition to the general public.

This directory is intended to provide detailed information about the purpose of each commission and office, the main work each does, and how to access those services. Contact information for each office and commission is included, as are photographs of the key staff employed by each office.

The Legislature has created a number of commissions to focus attention on specific areas of policy, such as Minnesota resources, health care access, pensions, and poverty. These commissions carefully examine these issues and recommend changes to existing law governing these areas. They also provide regulatory oversight to a number of state agencies and programs.

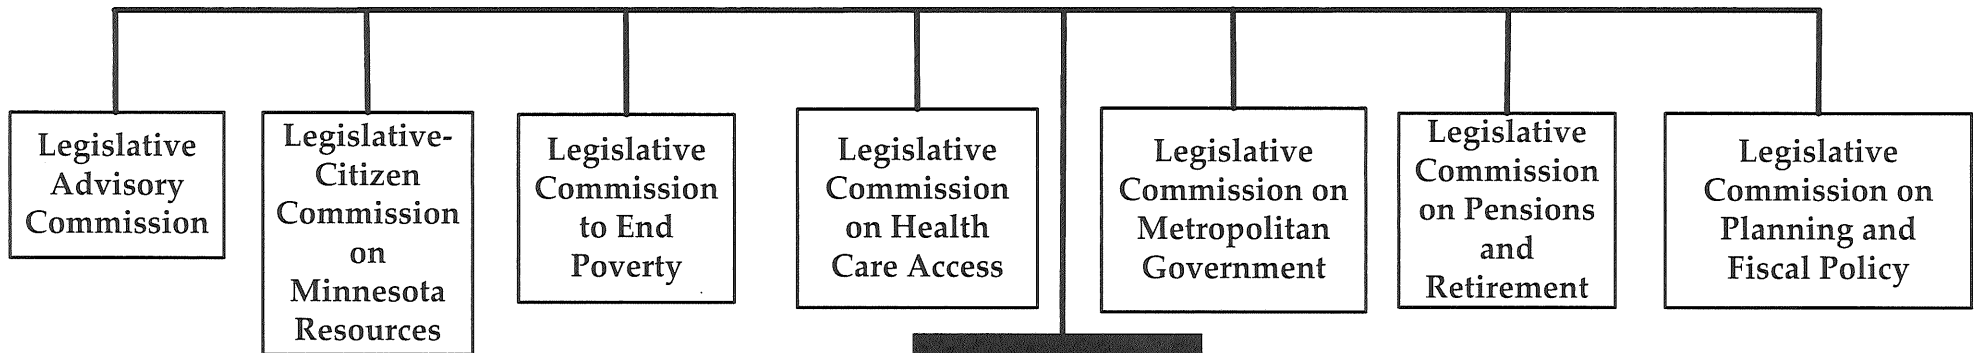

The Legislative Coordinating Commission (LCC) provides support to many of the commissions, as well as the joint offices of the Legislative Reference Library, Office of Revisor of Statutes and the Office of the Legislative Auditor. In addition, several offices and task forces benefit from the resources of the LCC.

These offices operate autonomously, though they work together toward the same goals – to provide coordinated services to both houses of the Legislature. The diagram on the following page illustrates generally how the offices relate to one another.

If you have any questions or suggestions about this directory, contact the Legislative Coordinating Commission at 651-296-9002 or lcc@lcc.leg.mn.

OFFICE OF THE LEGISLATIVE AUDITOR & LEGISLATIVE AUDIT COMMISSION

JOINT LEGISLATIVE SERVICES DIRECTORY

About the Legislative Auditor

The Office of the Legislative Auditor (OLA) is a professional, nonpartisan audit and evaluation office within the Legislative Branch of Minnesota state government. The office is under the direction of the legislative auditor, who is appointed by the Legislative Audit Commission. The office's principal goal is to provide the Legislature, agencies, and the public with audit and evaluation reports that are accurate, objective, timely, and useful. Through its reports, the office seeks to strengthen accountability and promote good management in government.

The office focuses primarily on state agencies and programs, but also audits three metropolitan agencies and selectively reviews programs that are administered locally. Financial audits of local units of government are the responsibility of the state auditor, an elected office established in the Minnesota Constitution.

History

The Office of the Legislative Auditor was created in 1973 following the recommendation of a private-sector study group called the Loaned Executive Action Program (LEAP). Between 1878 and 1973, state agencies and local governments were audited by the public examiner, an appointee of the governor. LEAP argued that this arrangement did not provide for a true independent, or "arms-length," examination of the Executive Branch. LEAP recommended creation of an office in the legislative branch comparable to the Government Accountability Office (GAO), a nonpartisan congressional

Mission of the Legislative Auditor

- Promote accountability
- Strengthen legislative oversight
- Support good management
- Enhance program effectiveness

the Program Evaluation Division was directed by law to also conduct "best practice reviews" of local government functions. This responsibility was shifted to the state auditor in 2004. The state auditor is also responsible for auditing local governments.

The Legislative Audit Commission

The Legislative Audit Commission (LAC) is a bipartisan commission with six members from the House of Representatives and six from the Senate, equally divided between the majority and minority parties. Membership is governed by *Minnesota Statutes*, Section 3.97, subd. 2.

The commission appoints the legislative auditor and selects topics for the Program Evaluation Division to review. It also periodically holds hearings to review audit and evaluation reports. The commission chair rotates every two years between the House and the Senate.

"watchdog" at the national level.

Initially, Minnesota's Office of the Legislative Auditor conducted only financial audits of state agencies. In 1975, its duties were expanded when a Program Evaluation Division was created within the office to examine the management and impact of state-funded programs. In 1994,

Organization

Legislative Auditor Jim Nobles oversees the office's two divisions: the Financial Audit Division and the Program Evaluation Division.

Deputy Legislative Auditor Cecile Ferkul, CPA, CISA, directs the Financial Audit Division. The division has a staff of approximately 40 auditors; most are certified public accountants (CPAs) and several are also certified to audit computerized information systems. The division conducts an annual financial audit of the largest state agencies and funds, and issues an opinion on the state's financial statements. The division also audits the state's expenditure of federal money, under the Single Audit Act, and conducts approximately 40 financial and compliance audits of individual state agencies each year. Finally, the division conducts special studies and investigations of alleged irregularities.

The Program Evaluation Division has a staff of 13 full-time professionals with advanced degrees in fields such as economics, law, public affairs, and sociology. The division performs several evaluations each year on topics selected by the Legislative Audit Commission.

Jurisdiction

In 1973 the Minnesota Legislature divided audit jurisdiction using a simple principle: the legislative auditor would audit state government and the state auditor would audit local government. Over the years, the legislative auditor's jurisdiction has expanded and become more complex. In 1975 the Legislature created the Program Evaluation Division within the office with authority to evaluate virtually any state-funded program or study any topic that affects state government. In 1984 the Legislature clarified audit jurisdiction over metropolitan agencies, assigning three agencies to the legislative auditor. In 1994 the Legislature directed the Program Evaluation Division to conduct "best practices reviews" of local government functions. However, those reviews were transferred to the state auditor in 2003.

Categorized by type of examination or review, here is an outline of the legislative auditor's current jurisdiction:

Financial Audits

- State agencies, boards, commissions, and other organizations in the Executive Branch
- Courts and other organizations in the Judicial Branch
- Minnesota State Colleges and Universities
- University of Minnesota
- Semi-state agencies, including: Minnesota Historical Society, Minnesota Agricultural Society (The State Fair), Agricultural Utilization and Research Institute, Minnesota Technology, Inc., Minnesota Partnership for Action Against Tobacco
- Metropolitan Airports Commission, Metropolitan Sports Facilities Commission, Metropolitan Mosquito Control District (other metropolitan agencies are audited by the state auditor)

Investigations ("Special Reviews")

- Alleged misuse of state money or resources
- Alleged violations of the state code of conduct for employees in the Executive Branch of state government

Program Evaluations

OFFICE OF THE REVISOR OF STATUTES & REVISOR SUBCOMMITTEE

JOINT LEGISLATIVE SERVICES DIRECTORY

About the Revisor of Statutes

The Office of the Revisor of Statutes is a legislative office that provides services to members of both houses of the Legislature, as well as all constitutional offices, and all state agencies and departments. The services of the office are nonpartisan and confidential. The office consists of attorneys, editors, computer specialists, and support personnel. Services are provided in the following four areas:

Legislative: The office assists members of both the House and Senate and legislative staff at most stages of the legislative process from the preparation of a draft of a bill through to its presentation to the governor. The office drafts bills, amendments, resolutions, and other legislative documents. As required by statute, the office drafts bills upon request for any member of the House or the Senate, for the governor and other constitutional officers, and for state agencies. Bill drafting services are nonpartisan and confidential. In addition, the revisor's office prepares three types of bills to maintain quality: the "Revisor's bill" to correct technical errors in the statutes, the "correction bill" to correct errors in a given session's bills, and bills to improve the style and form of statutory chapters. The session correction bill is customarily one of the final bills passed during a session. Office staff members prepare and issue a bill drafting manual containing styles and forms for drafting bills, resolutions, and amendments known as the *Minnesota Revisor's Manual with Styles and Forms*. The office maintains a bill tracking system for the Legislature, prepares all House committee reports, and prepares conference committee and comparison reports. The revisor's office formally engrosses bills – which involves incorporating all changes – and enrolls them – which means they are signed by the presiding officers of both houses and formally presented to the governor on behalf of the Legislature.

Administrative Rules: The office helps state agencies draft and adopt administrative rules. In addition, staff members are available to answer questions about *Minnesota Rules*, the rulemaking

process and state agencies, and can help you search the text of *Minnesota Rules* for specific rules information. Office staff also prepare and issue *Minnesota Rules Drafting Manual with Styles and Forms* and *Rulemaking in Minnesota: A Guide*.

Publications: The office compiles, edits, and prints *Laws of Minnesota*, *Minnesota Statutes*, and *Minnesota Rules*. *Laws of*

The Revisor Subcommittee

The Office of the Revisor of Statutes is a joint legislative agency under the Legislative Coordinating Commission. Each biennium a Revisor Subcommittee made of up four legislators, two from the House and two from the Senate, is appointed.

Office's Statutory Authority

"The Legislative Coordinating Commission shall appoint a qualified person to the position of revisor of statutes. The revisor shall serve at the pleasure of the commission. The commission shall fix the revisor's salary. "

- Minnesota Statutes 3C.01

OFFICE OF THE REVISOR OF STATUTES & REVISOR SUBCOMMITTEE

JOINT LEGISLATIVE SERVICES DIRECTORY

Minnesota contains the laws and resolutions passed each legislative session. *Minnesota Statutes* contains the codified general and permanent laws. *Minnesota Rules* contains the compiled administrative rules adopted by state agencies. A compilation of Minnesota court rules is included as a supplement to Minnesota Statutes. All of the publications contain user aids and indexes, and are the official text of the law. All publications are also available online.

Legal Assistance and Liaison Duties: The revisor's office provides counsel to the Legislative Coordinating Commission Subcommittee on Claims. The revisor or designee serves as a commissioner to the Uniform Laws Conference, a national group working toward consistency in state statutes. In addition, the office prepares a biennial report on Minnesota court opinions related to declaring a statute unconstitutional or otherwise noting statutory deficiencies.

Computer: The revisor's office maintains hardware and develops software to support the work of the Legislature. In 2006, the office implemented XTEND, a new XML-based bill drafting and publishing system. This system is used by House, Senate and revisor's office staff. Staff members of the revisor's office provide support to legislative users through training and through our helpdesk. Staff also provide network and server support for the Legislature's Internet services and provide Internet information on bills, rules, and laws.

LEGISLATIVE COORDINATING COMMISSION

JOINT LEGISLATIVE SERVICES DIRECTORY

About the Legislative Coordinating Commission

The commission serves as the umbrella organization for legislative commissions, joint agencies, and other boards. The president of the Senate and the speaker of the House alternate annually as chair. The Legislative Coordinating Commission (LCC) establishes the complement and the compensation of employees for joint agencies and commissions. All joint agency budgets are reviewed and approved by the commission. The commission coordinates certain activities of the House and Senate including setting insurance benefits.

Commission's Statutory Authority

"The Legislative Coordinating Commission is created to coordinate the legislative activities of the Senate and House of Representatives."

- Minnesota Statutes 3.303

The foreign delegations liaison serves as the main point of contact in scheduling meetings and arranging itineraries for visiting international and state delegations to the Legislature.

Other offices under the administration of the LCC are:

The Geographic Information Services Office is the repository for statewide boundary information for legislative use. The office focuses on mapping and data services for legislators and staff. Maps and data are available through hard copy maps and reports, or via the Web.

The Office on the Economic Status of Women (OESW) provides information and statistics regarding women, children, and families in Minnesota, and studies legislative and agency proposals that have impact on these areas.

The Joint House/Senate Subcommittee on Claims hears claims against the state by people who cannot proceed against the state under the State Tort Claims Act (*Minnesota Statutes, section 3.732*).

The Regent Candidate Advisory Council recommends candidates for the University of Minnesota Board of Regents. **The Trustee Candidate Advisory Council** recommends candidates for the Minnesota State Colleges and Universities Board of Trustees.

The **Subcommittee on Employee Relations** reviews and provides interim approval of collective bargaining agreements between the state and its employees.

The LCC Fiscal Services office provides accounting and budget services for the commissions and joint agencies. The LCC also arranges for sign language interpretive services for legislative hearings and meetings with members. The office also provides staff support to the Compensation Council, which recommends salaries for judges, legislators, and constitutional officers.

LCC Members

The membership consists of the majority leader of the Senate, the president of the Senate, two senators appointed by the majority leader, the minority leader of the Senate, and one senator appointed by the minority leader; and the majority leader of the House, the speaker of the House,

LEGISLATIVE COORDINATING COMMISSION - SUBCOMMITTEE ON EMPLOYEE RELATIONS

JOINT LEGISLATIVE SERVICES DIRECTORY

About the Subcommittee on Employee Relations

The Subcommittee on Employee Relations assists the Legislature by providing interim approval of negotiated agreements, arbitration awards, and compensation plans for employees in the Executive Branch. It also monitors the state civil service system and makes recommendations regarding certain state and local government salaries.

State Employee Negotiations

The Executive Branch of the state of Minnesota employs approximately 50,000 people. About 90 percent of these employees are placed in one of 17 occupationally based bargaining units,

which are represented by one of 11 unions. The unions negotiate collective bargaining agreements that establish the terms and conditions of employment. Traditionally, these agreements are valid for two years and coincide with the state biennium. The Department of Employee Relations represents management and negotiates on behalf of the state with the exclusive representatives.

Other Salaries

The subcommittee also reviews and approves, rejects, or modifies recommendations for salaries submitted by the governor or other appointing authority under section 43A.18, subdivision 5, covering agency head positions listed in section 15A.0815.

Salaries of individuals employed by political subdivisions (excluding school district employees, medical doctors and doctors of osteopathy) are limited to 110 percent of the salary of the governor. The commissioner of employee relations may increase the salary for a position that the commissioner determines requires special expertise. Before granting such a waiver to the salary cap, the commissioner must seek advice from the subcommittee (Minn. Stat. § 43A.17, subd. 3).

Members

The subcommittee has 10 members: five members of the Senate, appointed by the Subcommittee on Committees of the Committee on Rules and Administration, two of whom must be members of the minority; and five members of the House, three appointed by the speaker, and two appointed by the minority leader.

Subcommittee's Statutory Authority

"The commissioner (of employee relations) shall submit to the chair of the commission any negotiated collective bargaining agreements, arbitration awards, compensation plans, or salaries for legislative approval or disapproval."

- 1 appointed by the Senate
- 1 appointed by the House

5 Senators

- 2 from the minority caucus

5 Representatives

- The chair of the environment finance committee

The assets of the fund shall be appropriated by law for the public purpose of protection, conservation, preservation, and enhancement of the state's air, water, land, fish, wildlife, and other natural resources. The amount appropriated each year of a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, maybe up to 5½ percent of the market value of the fund on June 30 one year before the start of the biennium. Not less than 40 percent of the net proceeds from any state-operated lottery must be credited to the fund until the year 2025.

-- Minnesota Constitution, Article XI, Section 14

LEGISLATIVE-CITIZEN COMMISSION ON MINNESOTA RESOURCES

JOINT LEGISLATIVE SERVICES DIRECTORY

Funding Sources

Recommendations for funding by the Legislature are made each odd-numbered year from four sources:

- The Minnesota Environment and Natural Resources Trust Fund
- Great Lakes Protection Account
- Oil overcharge funds
- The federal Land and Water Conservation Fund (LAWCON)

Prior to 2003, the Minnesota Future Resources Fund also provided \$15 million in funding per biennium. This funding was repealed in 2003.

General Information about LCCMR Projects

The LCCMR process is open to all projects where there is a demonstrated public benefit. Past recipients include: state agencies, private non-profits, academic institutions, local government units, federal government, tribal governments and private corporations.

In addition to review by the commission, proposals may be reviewed by a peer review committee and/or technical advisory committees.

Funding recommendations must be measured against a six-year strategic plan. The funding recommendations are compiled into a single piece of legislation for consideration by the Legislature.

Projects may extend beyond a single biennium, as long as it meets identified goals for the Environment and Natural Resources Trust Fund. Interim funding to address emerging issues and regional block grants may also be available.

A biennial report with accomplishments of completed projects, recommendations for future funding, and the current strategic plan for the trust fund is submitted to the full Legislature each biennium on Jan. 15 of the odd-numbered year.

LEGISLATIVE ELECTRIC ENERGY TASK FORCE

JOINT LEGISLATIVE SERVICES DIRECTORY

About the Legislative Electric Energy Task Force

The Legislative Electric Energy Task Force was created by the Minnesota Legislature in 1994 to study future electric energy sources and costs and to make recommendations for legislation for an environmentally and economically sustainable energy supply. The Legislature expanded the role of the task force in the 1997 Legislative Session, directing the task force to review issues relating to electric industry restructuring and deregulation. In 1998, the Legislature required the task force to conduct a detailed analysis, with the assistance of technical work groups, of several critical issues relating to electric restructuring.

Task Force's Statutory Authority

"There is established a Legislative Electric Energy Task Force to study future electric energy sources and costs and to make recommendations for legislation for an environmentally and economically sustainable and advantageous electric energy supply."

-Minnesota Statutes, 216C.051

In 2003, the Legislature instructed the task force to gather information and make recommendations regarding potential electric energy resources. The task force may contract with one or more energy policy experts and energy economists to assist it in its analysis. The final report and recommendations regarding adequate, renewable, and economic electric power for the long term shall be submitted to the Legislature every two years. The task force has appointed a steering committee to conduct research, provide analysis, develop recommendations, and produce reports on wind, transmission, renewables, supply side adequacy, and resource utilization.
