LEGISLATION

As required by Minnesota Statutes 122A.18, Subdivision 2 (e)

All colleges and universities approved by the board of teaching to prepare persons for teacher licensure must include in their teacher preparation programs a common core of teaching knowledge and skills to be acquired by all persons recommended for teacher licensure. This common core shall meet the standards developed by the interstate new teacher assessment and support consortium in its 1992 model standards for beginning teacher licensing and development. Amendments to standards adopted under this paragraph are covered by chapter 14. The board of teaching shall report annually to the education committees of the legislature on the performance of teacher candidates on common core assessments of knowledge and skills under this paragraph during the most recent school year.

APPENDIX A: Teacher Testing Requirements in Minnesota	
	130
APPENDIX B: Description of Minnesota Licensure Standards	

BACKGROUND

REQUIRED TEACHER LICENSURE TESTS

The Minnesota Board of Teaching is committed to establishing and maintaining quality standards for the licensing of teachers who teach in Minnesota public schools. As part of these standards, specific and selected examinations serve as important instruments in the licensing process. The purpose of the examinations of professional knowledge and subject matter is to measure examinees' pedagogical and subject matter knowledge of the subject(s) in which they are seeking licensure.

Praxis II

- **Professional Knowledge Assessments**

Principles of Learning and Teaching Tests use a case study approach to measure the examinees' general pedagogical knowledge at three grade levels: K-6, 5-9, and 7-12. The tests feature short answer essays and multiple-choice items.

- **Subject Assessments**

Subject tests measure the examinees' knowledge of the subject(s) in which they are seeking teacher licensure.

Praxis I

- **Academic Skills Assessments (reading, writing, mathematics)**

The Board of Teaching adopted different licensure examinations to measure licensure applicants' basic skills in reading, writing, and mathematics. The basic skills tests are designed to determine objectively if prospective teachers have adequate skills in reading, writing, and mathematics to meet the needs of the learners whom they serve, regardless of grade or subject taught. Background information, tests descriptions, and performance of licensure applicants on the Pre-Professional Skills Tests are reported separately. See:

- Report to the Legislature, March 2007, Minnesota Laws 1st Special Session, Chapter 6, Article 2, Section 7, Subdivision 2(b).

ADOPTING TEACHER LICENSURE TESTS

Following the national requests for proposals to provide Minnesota with a testing program that would align licensing standards to tests specifications, and offer a testing program to meet all validation, reliability and administration requirements, the Board of Teaching selected Educational Testing Service as the licensure test administrator in June 2000 (*Part 8710.0500, Examinations for Teachers*). <http://www.revisor.leg.state.mn.us/arule/8710/>). ETS provides and administers required tests of 1) general pedagogical knowledge, and 2) subject-content knowledge for all candidates applying for an initial Minnesota teaching license. The professional knowledge and subject-content knowledge licensure tests must be passed before granting an individual a professional license in the field. Tests in the Praxis Series are developed in accordance with recommended technical guidelines, Standards for Educational and Psychological Testing (American Education Research Association, American Psychological Association, and the National Council on Measurements in Education), and are supported by validity evidence accumulated at a national level.

*Board Rules 8710.0500, Subpart 2. **Selection and adoption.***

The Board of Teaching shall solicit proposals for the development, validation, and implementation of teacher examinations under subpart 1. The Board of Teaching shall select the proposal of a party whose understanding of the project, statement of work to be performed, management plan, staffing, and related experience demonstrate the ability to develop, validate, and implement statewide examination system and to conduct subsequent administrations of the adopted examinations. The Board of Teaching shall adopt examinations that have been validated by another state or reputable national testing organization and field tested in Minnesota.

General Pedagogical Knowledge: The Board adopted four tests to measure the general pedagogical knowledge of licensure applicants:

1. *Principles of Learning and Teaching Grades K-6*
2. *Principles of Learning and Teaching Grades 5-9*
3. *Principles of Learning and Teaching Grades 7-12*
4. *Principles of Learning and Teaching: Early Childhood.*

Note: In May 2006, the Board adopted Principles of Learning and Teaching Early Childhood test, which became effective October 1, 2006. Performance data on the new test will be included in the 2008 report.

Each of the tests of general pedagogical knowledge focus on standards adopted by the Minnesota Board of Teaching and are identified in Minnesota Standards of Effective Practice for Teachers (Part 8710.2000, *Adopted Permanent Rules Regarding Teacher Licensure*). <http://www.revisor.leg.state.mn.us/arule/8710/>.

Subject Content Knowledge: All candidates applying for the first Minnesota teaching license must demonstrate knowledge and skills in the respective field for which they are seeking licensure. Subject-content tests focus on the subject matter competencies identified in standards adopted by the Minnesota Board of Teaching identified in Parts 8710.3000 to 8710.5800, *Adopted Permanent Rules Regarding Teacher Licensure*. <http://www.revisor.leg.state.mn.us/arule/8710/>. Subject-content tests were adopted for 21 different licensure fields with requirement date of September 2001. Subsequently, eight additional subject-content tests were adopted and required beginning October 1, 2004, and two more were adopted and required beginning October 1, 2006. While there are multiple years of data for most tests, only one year of data is available for the most recently adopted tests.

*Board Rules 8710.0500, Subpart 1. B. Examination requirements.
On or after September 1, 2001, an applicant for a first professional teaching license in any field shall provide evidence of having successfully completed an examination of general teaching knowledge and the examination required for the teaching field for which licensure is applied under this chapter. Teachers applying to add teaching fields to existing licenses must successfully complete the examination required for each teaching field to be added, but are not required to complete an examination of general teaching knowledge.*

Test Validation & Standard Setting Process

For each test adopted, a panel of Minnesota experts was convened to review, validate and recommend a passing score to the Board of Teaching. Educational Testing Service has convened meetings of more than 400 professional educators from across Minnesota to serve as panelists to validate each test for use in Minnesota. Each licensure panel consisted of approximately twelve to twenty panelists. Selection of panelists was based on criteria designed to help ensure that panelists: (1) were familiar with the job requirements in the relevant licensure area and the capabilities of the beginning teacher, (2) were representative of Minnesota public school educators in terms of gender, ethnicity, and geographic region within the state, and (3) consisted primarily of Minnesota licensed teachers. Validation panels were later selected for the additional tests adopted in 2004 and 2006.

The recommended passing score represented what the professional experts determined as the level of knowledge and/or skill believed to be sufficient for an entry-level teacher to demonstrate in order to be

considered ready to engage in professional practice in Minnesota. The standard setting study and the recommended score (study value) provide critical data need in setting a state qualifying score on a test for licensing teachers. Additional data are also considered and may provide reasons for a state agency choosing a higher or a lower passing score than the recommended study value.

SETTING MINNESOTA QUALIFYING SCORES

To set the performance standards for initial teacher licensure, the Minnesota Board of Teaching used documentation from the field-testing study (three statewide administrations of the tests conducted between November 2000 – January 2001), national performance data, and recommendations from the Minnesota validity studies conducted in 2001, to determine the appropriateness of each test. The same score setting procedures were followed for the tests adopted in 2004 and 2006.

After the systematic review of data from the validity study which represented the professional judgments of Minnesota educators from representative educational organizations at elementary through college/university levels, a decision was made by the Minnesota Board of Teaching to set qualifying scores and effective dates for each test.

All Minnesota scores were set by the Board of Teaching and were derived from the panelists' judgments (a study value). The study value, or recommended passing score represents the combined judgments of one group of experienced educators regarding the level of knowledge and/or skill believed to be just sufficient for an entry level teacher. State scores were not enforced until September 1, 2002. This report is based on the performance of applicants who took the tests from September 2001 through August 2006.

*Board Rules 8710.0500, Subpart 3. A **Requirement.***

An applicant must achieve a minimum passing score on each examination required under subpart 1. The Board of Teaching shall establish a minimum passing score for each examination based on validation for use in Minnesota.

The Board of Teaching also considered the performance of various reference groups when setting the qualifying scores, including Minnesota graduates, gender, race/ethnicity and supply and demand conditions. The following is extracted from the validity study and might help with this question:

What advantages and disadvantages should be considered in setting higher qualifying scores?

Setting a higher passing score has certain potential advantages as well as disadvantages that should be considered. By setting a higher score, one would hope to improve professional standards. Higher

professional standards may also have strong public appeal in terms of addressing current nationwide concerns about the need for excellence in education. However, in setting a higher score, student enrollment in teacher preparation programs as well as the supply of future teachers might be diminished. Also, research suggests that some minority groups are adversely affected by the setting of high passing scores.

What advantages and disadvantages should be considered in setting lower qualifying scores?

In general, the lower the qualifying score is set, the less the risk of rejecting qualified candidates who happen to score below the study values. At the same time, however, the greater is the risk that unqualified candidates will exceed the adjusted qualifying score. Advantages in setting a lower passing score would be to increase the number of students entering teacher preparation programs. Thus, the supply of applicants for teaching positions would not be drastically affected and efforts at affirmative action might be more successfully pursued.

TESTS DEVELOPMENT & ADMINISTRATION

Test Development

All adopted Praxis II tests:

1. Provide a complete list of objectives for each examination and the specifications to be used in item development.
2. Show a relationship between the recommended objectives for each examination and the domains of knowledge and skills identified in *Minnesota's Standards of Effective Practice for Teachers*; and between the recommended objectives for each field-specific content knowledge and skills examination(s) and Minnesota subject-matter standards in 8710.3000 to 8710.5800.
3. Provide sufficient depth in the item pool and multiple forms of each examination.
4. Were validated by Minnesota teachers and teacher educators.
5. Were field-tested in Minnesota (no-fault periods).

Administration Procedures

The Praxis II licensure tests:

1. Provide a system that allows maximum opportunities for examinee registration and payment, including paper, telephone and Internet registration, and credit card payment. Administered 6 times annually.

2. Provide accommodations at all sites for examinees with disabilities and those whose religion precludes them from taking tests on a Saturday; and granting of special testing accommodations in compliance with ADA, proposing alternative assessment accommodations for individuals with learning and physical disabilities and examinees whose first language is other than English (Primary Language is not English).
3. Are systematically reviewed by test item and procedures to ensure a lack of systematic bias due to gender, race, ethnicity, or any other factor not related to the test content.
4. Are reviewed to ensure that they are given under fair, uniform, and secure conditions.
5. Provide documented procedures for protecting the security of the form(s) of the tests.
6. Provide information about both individual and aggregated data, including significant subgroups, of all test results to Minnesota teacher preparation institutions and the Minnesota Board of Teaching.
7. Provide tabulation and reporting of the results of each test to the candidate within a specific time period following the examination date and make provisions to report evidence of the successful completion of the test to the preparing institution designated by the candidate and to the Minnesota Department of Education, Division of Educator Licensing & Teacher Quality.

Board Rules 8710.0500 Subpart. 6. Administration, scoring, and reporting.

Administration, scoring, and reporting of examinations shall be conducted by the party whose examinations have been adopted by the Board of Teaching. Applicants may take the examinations on any of the dates that are established by the party for national administration or on dates established by the Board of Teaching for special administration. Examinations shall be administered at least four times a year in Minnesota. It is the responsibility of the applicant to be informed about the dates and locations of the examinations and to apply for the appropriate examinations. Registration procedures are governed by the party whose examinations have been adopted. Examinees shall authorize the forwarding of their scores to the institutions they attend and to the Board of Teaching. The scores as forwarded are the official evidence required in this part.

Teacher Testing Requirements in Minnesota

The following information is supplemental to the 2003-2003 Praxis Registration Bulletin. This information is subject to revision and changes. Additional registration information (registration procedures, fees, application forms, scores, test dates, locations, requests for special accommodations, etc.) is included in the [Praxis Series Registration Bulletin](#).

Who must take Minnesota teacher licensure tests?

All applicants for a first-time Minnesota teaching license must complete the required teacher licensure tests and achieve the Board of Teaching adopted score. As of September 1, 2002, passing scores for Praxis I and Praxis II are required of all candidates applying for a first-time Minnesota teaching license.

What are the licensure testing requirements for individuals adding a field to a Minnesota teaching license?

All applicants adding a licensure field to an existing Minnesota teaching license must complete the appropriate Praxis II: Subject Assessment and Specialty Area Test requirement for the added field. Candidates holding, or who have held a Minnesota standard teaching license before September 1, 2001, are not required to take additional tests of basic skills or the examination of professional knowledge.

DESCRIPTION OF MINNESOTA LICENSURE AND STANDARDS: PROFESSIONAL KNOWLEDGE

In May 1999, the Board of Teaching adopted a set of performance-based licensure rules that require candidates for a Minnesota teaching license to demonstrate competency in both pedagogy and subject-matter content. These newly adopted rules (Minnesota Rules: Chapter 8710 (8710.0100 – 8710.5800)) were adopted to ensure that teachers in Minnesota public schools possess the knowledge and skills necessary to deliver a results-oriented education to students. Minnesota Standards of Effective Practice for Teachers (8710.2000) have been adapted, with modifications, from the INTASC principles as licensure standards.

The expertise to be demonstrated for an initial teaching license is stated in this set of performance-based standards that embody the knowledge and skills all teachers need to practice responsibly. The *Minnesota Standards of Effective Practice for Teachers* (Board Rule 8710.2000) identify the common core of principles and foundations of practice that cut across specialty areas and focus on the knowledge of student learning and development, curriculum and teaching, contexts and purposes. These rules find their origin in a set of nationally recognized performance standards developed by the *Interstate New Teacher Assessment and Support Consortium (INTASC)*. These standards were used as the basis for teacher preparation in Minnesota.

- Based on the adopted licensure scope of practice, the Board adopted examinations of general pedagogical knowledge that aligned with the adopted scope of practice to assess the knowledge and skills that teachers need to practice responsibly.

DESCRIPTION OF MINNESOTA LICENSURE AND STANDARDS: SUBJECT MATTER

Board of Teaching rules adopted in May 1999 (8710.3000 – 8710.6400) identify the central concepts, tools of inquiry and structures of the discipline(s) as well as aspects of teaching and learning unique to that discipline. These standards define the minimum essential understandings and skills necessary for entry into practice.
