Mike Godfrey  
Minnesota Department of Labor and Industry  
Construction Codes and Licensing Division  
443 Lafayette Road N  
St Paul, MN 55155-4341

Dear Mike,

As I expressed to you on the phone today, the City of Minneapolis would like to request an extension for submitting the Municipal Construction and Development Fee Revenue and Expenses Annual Report until Mid-August.

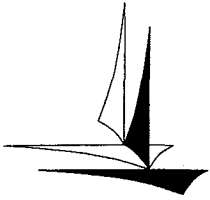

The City of Minneapolis is in the process of implementing a new financial system that is schedule to "go live" January 1, 2008. Because of the implementation, it has been difficult to obtain the information from departments for the report.

We want to ensure we submit a thoroughly reviewed and accurate report and believe the requested extension would enable us to provide a more accurate report.

If you have additional questions, please do not hesitate to give me a call at 612-673-3205.

Sincerely,

LaTonia Green  
Accounting Manager

Construction Codes and Licensing Division  
443 Lafayette Road N  
St Paul, MN 55155-4341

Dear Mike,

Originally I requested an extension for submitting the Municipal Construction and Development Fee Revenue and Expenses Annual Report until Mid-August. Because of the bridge collapse and implementing a new financial system-training, we are having difficulties gathering the information. Would it be possible to extend our extension until September 17<sup>th</sup>?

The City will make every attempt to get the report to you sooner than the 17<sup>th</sup>.

If you have additional questions, please do not hesitate to give me a call at 612-673-3205.

Sincerely,

LaTonia Green  
Accounting Manager

Mr. Mike Godfrey  
Minnesota Department of Labor and Industry  
443 Lafayette Road N.  
St. Paul, MN 55155

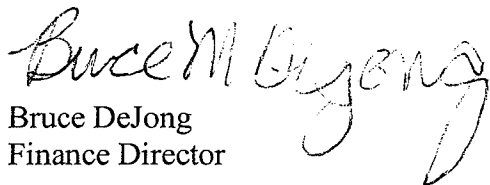

Dear Mr. Godfrey:

I am the new Finance Director at the City of St. Louis Park. I am officially requesting an extension of the time to file the *Municipal Construction and Development Fee Revenue and Expenses Annual Report* for 2006.

We have experienced a significant setback this year through the loss of several of our key accounting staff. Two of our accountants have left the city to become Finance Directors at other municipalities. While that is a wonderful recognition of the high quality experience they received here, it has put us way behind schedule on the audit. My Assistant Finance Director was also out on maternity leave for the last three months, returning in mid-May. Our auditors are scheduled to complete their work during the week of July 9-13. After that date, we can begin to compile the fee report. We fully expect to be able to provide this report by July 31. This is the same date that we have committed to the Office of State Auditor for submitting our annual financial report.

Please let me know if there is anything else we need to provide in order to complete this request for extension.

Sincerely,

  
Bruce DeJong  
Finance Director

EC001\_03\_06

City of Cambridge, Minnesota  
Additional information related to  
Municipal Construction and Development Fee Revenue  
And Expenses Annual Report  
2006 Report

- (1) A significant amount of accumulated park dedication funds were spent down in 2006 as construction of some significant sections of trail and a skateboard park occurred 2006.
- (2) The City's Long Range Financial Plan calls for an accumulation of infrastructure fees until 2011 when we plan to expend approximately \$1.7 million of infrastructure funds to bring water and sewer to an area currently not serviced by utilities.
- (3) The City of Cambridge views the functions of development and building permit activities as integrally related. Issuance of building permits does not occur unless certain up-front development activities occur. Therefore, we believe it is more appropriate to consider section III and IV of this report together when evaluating relationships of fee revenue to expenditures related to the generation of the fees. When adding these sections together, fees total \$453,422 and expenditures related to the generation of fees total \$1,010,620. This displays a significant level of taxpayer subsidy to encourage growth in the City of Cambridge.

We also believe that it would be a significant deterrent to economic development within the City of Cambridge if we were to bring the fees charged during the development phase more in line with the expenditure levels associated with the cost of development. We believe that if development fees were raised significantly that it would discourage inquiries of potential developers.
