## About the Minnesota Office of Higher Education

The Minnesota Office of Higher Education is a cabinet-level state agency providing students with financial aid programs and information to help them gain access to post-secondary education. The agency serves as the state's clearinghouse for data, research and analysis on post-secondary enrollment, financial aid, finance and trends.

The Minnesota State Grant Program, which is administered by the agency, is a need-based tuition assistance program for Minnesota students. The agency oversees tuition reciprocity programs, a student loan program, Minnesota's 529 College Savings Program, licensing and an early awareness outreach initiative for youth. Through collaboration with systems and institutions, the agency assists in the development of the state's education technology infrastructure and shared library resources.

# Introduction

This report presents information on financial resources provided to undergraduates at Minnesota post-secondary institutions. The financial resources reported are grants<sup>1</sup>, loans, and student earnings that help students pay tuition, fees, room and board, and other costs of attending post-secondary education. This report presents information for fiscal Year 2005, which corresponds to academic year 2004-2005. Corresponding information for Fiscal Years 1987, 1989, 1991, 1993, 1995, 1997, 1999, 2001, and 2003 is available from the Minnesota Office of Higher Education.

## Post-Secondary Institutions Included

The data in this report cover resources used by undergraduates attending the 121 Minnesota post-secondary institutions that were eligible to participate in the Minnesota State Grant Program in Fiscal Year 2005. Data were collected on financial aid received by undergraduates who attended these institutions in Fiscal Year 2005. Fiscal Year 2005 was from July 1, 2004 through June 30, 2005.

## Sources of Data

Data were obtained from several sources:

- Minnesota Office of Higher Education records were used for the Minnesota State Grant Program, the Minnesota Post-Secondary Child Care Grant Program, the Minnesota Safety Officer Survivor Program, the Minnesota Student Education Loan Fund (SELF), and the Minnesota State Work-Study Program.
- For institutions in the University of Minnesota and Minnesota State Colleges and Universities systems, data were obtained from the central office institutional research staff, with some supplemental information provided by the campuses.
- For private institutions, institution financial aid directors provided data on the amount of grants, loans, and earnings from work-study jobs received by undergraduates who attended in Fiscal Year 2005.
- All 121 institutions eligible to participate in the Minnesota State Grant Program in Fiscal Year 2005 provided data.

## Data Verification

In July 2006, Minnesota Office of Higher Education staff sent each financial aid director at the public and private institutions a preliminary version of the report for that campus for verification.

---

<sup>1</sup> Grants are scholarships, grant, tuition discounts, tuition remissions and gift aid that does not have to be repaid.

## **Minnesota State Grant Program Data**

The amounts reported for the State Grant Program were reported earlier in the Office's *Minnesota State Grant Program 2005, End of Year Statistics*. As institutions close their State Grant accounts, the Services Office makes small adjustments that do not appear in this report or in the *End of Year Statistics*.

## **Definitions of Financial Aid Programs**

Definitions of the financial aid programs and categories used in the report are included in Appendix I.

## **Financial Aid Awarded in Earlier Years**

Totals by program for Fiscal Years 1987 through 2003 (odd numbered years) are included in Appendix II. The full reports for those years can be obtained by contacting the Minnesota Office of Higher Education, 1450 Energy Park Drive, Suite 350, Saint Paul, MN 55108-5227, 651-642-0589, [www.ohe.state.mn.us](http://www.ohe.state.mn.us).

# **Appendix A. Definitions of Financial Aid Programs**

This appendix describes the financial aid programs in place in Fiscal Year 2005, the year for which the data were collected.

## **Grant Programs**

Grant programs require no commitment to repay from students or parents. Most grants require students to make satisfactory educational progress. Restrictions are placed on eligibility, award amounts, and use.

### **State and Local Grant Programs**

The State of Minnesota funds the following grant programs:

#### **Minnesota State Grant Program**

Minnesota residents registering as undergraduates at Minnesota institutions can apply for State Grants. The award is based on the financial circumstances of students' families and on recognized tuition (and fees) and an allowance for living and education-related costs.

#### **Minnesota Post-Secondary Child Care Grants**

Grants are to undergraduates who demonstrate financial need and use child care services in order to attend post-secondary education. Awards are for assistance in paying for child care for children age 12 and under.

#### **Minnesota Safety Office Survivor Grants**

Awards are to post-secondary students who are spouses or dependent children of public safety officers killed in the line of duty.

#### **Local and State Agency Grants**

Local and State Agency Grants include grants, scholarships, fellowships and gift aid funded by counties, local governments, and state agencies. Examples of these grants are Department of Rehabilitation Services Grants, Minnesota Indian Scholarship awards, and Workforce Investment Act Grants.

## **Federal Grant Programs**

The federal government funds the following grant programs.

### **Federal Pell Grant Program**

Federal Pell Grants are awarded directly to students. The federal government determines the award based on the financial circumstances of students' families. The maximum Federal Pell Grant in Fiscal Year 2005 was \$4,050.

### **Federal Supplemental Educational Opportunity Grant (SEOG) Program**

The Federal government allocates funds to institutions to respond to special financial circumstances not recognized in the Federal Pell Grant Program. Students receiving Federal Pell Grants have priority for SEOG awards.

### **Federal Agency Grants**

Federal Agency Grants include all federal grants, scholarships, fellowships and gift aid except Pell Grants, SEOGs and veterans benefits. Examples of these grants are Health professions grants, Federal Nursing Scholarships, ROTC stipends, Bureau of Indian Affairs grants, and Tribal grants.

## **Institution Grants**

Post-secondary institutions fund the following grants:

### **Institution Awarded Grants and Scholarships**

Institution Grants and Scholarships include all grants, fellowships, and gift aid awarded by the institution, excluding that which has been reported above. These grants and scholarships are financed by revenues generated by the institution, funds appropriated to the institution, and money donated to the institution that has been allocated for grants or donated explicitly for financial aid. These awards include awards to students who do not have financial need as well as awards to students with need.

## **Tuition Discounts or Remissions Provided by Institutions**

Awards include all reductions in the posted tuition and fee charges provided by the institution. Examples of these awards are tuition waivers to non-residents, University of Minnesota Regents Scholarships, tuition forgiven or charged at a reduced rate as an employment benefit for institution staff, tuition charged at a reduced rate to members of a religious order, and free tuition provided to wards of the state.

## **Private Grants and Other Grants**

Various organizations fund the following grants.

### **Private Grants and Scholarships**

Private Grants include all grants, scholarships, fellowships, and gift aid provided by organizations not associated with the federal or state government or organizations not associated with the institution. Examples of these grants are grants awarded by service clubs (such as Lions Clubs, Kiwanis, PTAs, and churches), grants awarded by labor unions and fraternal organizations, and Blandin Foundation grants to students living in northeastern Minnesota.

### **Other Grants**

Other grants are grants and scholarships that do not fit into the categories identified above. One example is a grant from a state government outside Minnesota for post-secondary education at a Minnesota institution.

## **Loan Programs**

Loans are long term loans that students (or their families) will repay after they are no longer attending post-secondary education. Some loan programs, such as the Minnesota SELF and Federal Unsubsidized Stafford Loan programs described below, also require payments while students are enrolled in post-secondary education. Long term loans do not include emergency loans and loans that cover the time between when tuition payments are due and other aid is received.

### **State Loan Program**

The state of Minnesota has one loan program for post-secondary students, the SELF Program.

## **Minnesota Student Educational Loan Fund (SELF Program)**

The Minnesota Office of Higher Education provides loan capital. Interest is charged while the borrower is enrolled in post-secondary education. The borrower repays principal and interest after leaving school. Borrowers must have a credit worthy cosigner. Borrowers do not have to show financial need to be eligible.

## **Federal Loan Programs**

The federal government funds or guarantees the following loan programs:

### **Federal Stafford Loan Programs** (part of the Federal Family Education Loan Program (FFEL))

Federal Stafford Loans include Federal Subsidized Stafford Loans and Federal Unsubsidized Stafford Loans. Lenders provide the loan capital for Federal Stafford Loans, and the federal government insures the loans against default, reimbursing the lender if the borrower defaults. The federal government also sets the interest rates and subsidizes lenders of the rate paid by borrowers is less than market rates. Borrowers apply to the lender to obtain loans.

**Federal Subsidized Stafford Loans** are made by lenders approved by the federal government. The federal government guarantees the loans, subsidizes the interest if market rates exceed the rate the student pays, and pays the interest while the student is attending. Borrowers of Federal Subsidized Stafford Loans must demonstrate financial need.

**Federal Unsubsidized Stafford Loans** are available to borrowers without demonstrated financial need. The loan limits and interest rates are the same as those for Federal Subsidized Stafford Loans. Borrowers are charged interest while they are in school.

### **Federal Ford Direct Stafford Loans**

Federal Ford Direct Stafford Loans also include subsidized and unsubsidized loans. The federal government provides the loan capital. Borrowers apply to their institution to obtain the loans. The interest rates and repayment terms are similar to Federal Stafford Loans (FFEL).

**Federal Ford Direct Stafford Subsidized Loans** are made by institutions with capital from the federal government. The borrower does not pay interest while attending. Borrowers of Federal Direct Stafford subsidized Loans must demonstrate financial need.

**Federal Ford Direct Stafford Unsubsidized Loans** are available to borrowers without demonstrated financial need. The loans limits and interest rates are the same as those for Federal direct Stafford Subsidized Loans. Borrowers are charge interest while they are in school.

## **Federal Perkins Loans**

The federal government awarded funds to institutions to create a loan fund. The program required that institutions match the federal contributions. Institutions make the loans to students with financial need. Students pay no interest while attending. Upon leaving school, they pay a 5 percent fixed interest rate.

## **Federal Parent Loans for Undergraduate Students (PLUS)**

Loans are made by lenders approved by the federal government to parents of dependent students in the FFEL program. The federal government insures the loans against default, sets the interest rates and subsidizes lenders of the rate paid by borrowers is less than market rates. Borrowers do not have to show financial need to be eligible. Similar PLUS loans are made to parents in the Federal Direct PLUS Loan program.

## **Federal Agency Loans**

Federal Agency Loans include loans made or guaranteed by an agency of the federal government other than the US Department of Education. Examples are Health Professions Student Loans, Nursing Loans, and Veterans Administration Loans. Federal Agency Loans do not include Federal Stafford Loans, Federal Direct Stafford Loans, Federal Perkins Loans, and Federal PLUS loans, made or guaranteed by the federal government.

## **Institution Awarded Loans**

Institution Awarded Loans are loans made by the institution to the student and his or her parents. Institution awarded loans include loans that borrowers are expected to repay after completion of their education. Loans in this category are from institution controlled funds. Institution Awarded Loans do not include Federal Perkins Loans.

## **Loans Made by Private and Other Lenders**

There are two categories for loans made by private and other lenders.

## **Loans Made by Private Lenders to Students and Their Parents**

Loans Made by Private Lenders to Students and Their Parents are from private sources (with no guarantee provided by a state or federal agency). Loans in this category should be limited to those made to cover part or all of the cost of attendance. This does not include second mortgages or home-equity lines of credit. Examples are Citibank Citiassist Student Loans, Marquette Students Choice Loans, Signature Loans (SallieMae, TCF), U.S. Bank Education Loans, U.S. Bank Gap Loans, and Wells Fargo Collegiate Loans.

## **Other Loans**

Other Loans include loans that are reported to campus financial aid administrators, but the loans do not fit into one of the categories identified above. An example is a loan by a state outside of Minnesota.

## **Work-Study Programs**

Student earnings from jobs at the post-secondary institution and work-study jobs provide money to pay for post-secondary expenses. Since many institutions do not have records of student earnings at off-campus jobs and jobs where the employer contracts for services on campus, the information collected is only for jobs where the institution is the employer.

## **State Work-Study Program**

The state funds a work-study program. The Minnesota Office of Higher Education allocates the money to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded a State Work-Study job. Most jobs are on campus, but some may be with eligible off-campus employers. In Fiscal Year 2003, the entire State Work-Study appropriation was transferred to help cover a shortfall in the Minnesota State Grant Program. There no students received earnings under the State Work-Study Program in 2003.

## **Federal Work-Study Program**

The federal government funds the Federal Work-Study Program. The federal government makes an annual allocation to institutions. Institutional financial aid directors make the awards. Employers must provide at least 25 percent of the wages paid to students awarded Federal Work-Study jobs. Most jobs are on campus, but some may be with eligible off-campus employers.

## **Appendix B. Totals by Program Fiscal Years 1987, 1989, 1991, 1993, 1995, 1997, 1999, 2001 and 2003<sup>2</sup>**

---
