

08 - 0157

Date: January 15, 2008**To:** Senator Leroy A. Stumpf
Representative Mindy Greiling**From:** Tom J. Hanson
Commissioner *TJH***Phone:** 651-201-8010**Subject:** No Child Left Behind Act

During the 2005 Special Session, language was adopted requiring the Minnesota Department of Education (MDE) to implement the No Child Left Behind Act (NCLB) without interruption (M.S. 127A.095). The statute also required MDE to seek enhanced flexibility through waivers from the federal Department of Education (DOE). If the waivers sought by MDE are not approved by DOE, the Commissioner of Finance must certify the amount of federal revenue that would be withheld as a result of the potential state decision to discontinue implementation of the NCLB Act.

In addition, subdivision 3 of the statute states that the Commissioner of Finance shall report to the legislature by January 1, 2008. Since MDE is not required report to the legislature until January 15, 2008 and the departments have been working collaboratively to produce the reports, the departments are presenting their reports jointly so the information can be reviewed together.

The analysis certifying the amount of federal revenue that would be withheld as a result of the potential state decision to discontinue implementation of the NCLB Act is complete and the final report is attached. DOE estimates that NCLB funding in Minnesota will be \$219.7 million in FFY2007/SFY2008. From the district perspective, MDE estimates that nonparticipation of NCLB would have a total fiscal impact of \$202.3 million in SFY 2008 for school districts statewide. In addition, MDE would experience a fiscal impact of approximately \$15.1 million in SFY2008 for statewide NCLB costs related to assessment, school-improvement activities, support for new charter schools, and state level activities as allowed for under the law.

No Child Left Behind Act

Report to the Legislature

January 2008

*As required by
M.S. 127A.095*

ESTIMATED COSTS OF PREPARING THIS REPORT

This report provides information that the Department of Finance does not normally collect as part of its business functions. The cost of information reported below is the estimated cost of collecting and organizing the data, determining assumptions, and preparing this report document.

Special funding was not appropriated for the costs of preparing this report.

In accordance with M.S. 3.197, the estimated cost incurred by the Minnesota Department of Finance in preparing this report is \$2,000.

No Child Left Behind Act Overview

The federal No Child Left Behind Act (NCLB) was signed into law in 2002 and affects every state and public school district in the country. More than 90 percent of America's school districts receive funding for federal educational and supportive services programs covered by the act. The wide range of services support before and after school programs, family literacy, parenting classes, library materials, technology services, educating migrant children, and safe and drug-free schools. Of the nine titles in the act, Titles I and II are the largest programs in terms of both requirements and funding. Title I funds help educators improve teaching and learning for economically disadvantaged students. In addition, Title I funds promote the involvement of parents in becoming partners in their children's education. Title II funds are used to train, retain, and recruit qualified teachers, principals, and paraprofessionals.

The main focus of NCLB is to improve the academic achievement of students in low-performing schools around the country. It strives to have every student achieving at a proficient level, as defined by each state, by the 2013–14 school year.

Implementation of NCLB

Minnesota has participated in NCLB since its inception and has received \$1.5 billion in federal funding under the Act since SFY2002. According to M.S. 127A.095, the Minnesota Department of Education (MDE) shall continue to implement the federal NCLB Act without interruption while seeking flexibility through waivers from the federal Department of Education (DOE). If the waivers are not attained, MDE must submit a report to the legislature explaining the status of the waivers sought and provide recommendations regarding future participation in the NCLB Act. Furthermore, M.S. 127A.095, subd. 3 states that if the waivers are not obtained the commissioner of Finance shall certify to the legislature the amount of revenue that the federal government may withhold as a result of a potential state decision to discontinue implementation of the NCLB Act.

In 2007, MDE sought waivers in eight areas from DOE. Since MDE was unsuccessful in obtaining waivers in all eight areas, this report will certify the amount of NCLB revenue that the federal government may withhold as a result of a potential state decision to discontinue implementation of the NCLB Act in Minnesota.

Certification of Federal NCLB Revenue

In Minnesota, DOE estimates that NCLB funding will be \$219.7 million in FFY2007/SFY2008, which includes an administrative allowance for statewide NCLB activities. MDE estimates that opting out of NCLB would have a total fiscal impact of \$202.3 million in SFY2008 for school districts statewide. In addition, MDE would experience a fiscal impact of approximately \$15.1 million in SFY2008 for statewide NCLB costs related to assessment, school-improvement activities, support for new charter schools, and state level activities as allowed for under the law.

If the state declined to accept future NCLB funding, districts would lose program funds that are determined via the NCLB formulas. The state has the option not to participate in one or more titles of NCLB. If the state opted out of NCLB Title I funds, for example, other competitive grant programs that receive their funding through the Title I formula would also lose funding. Specifically, other competitive grant programs that would be affected by state nonparticipation include, Safe and Drug Free Schools, 21st Century Community Learning Centers, the State and Local Technology Grants, and Even Start because the funding for these programs is based on the Title I formula. The district funding levels of these competitive grant programs are outlined in attachments 1 and 2.

Nonparticipation would not impact any programs that receive a formula allocation of federal funds outside of the NCLB formulas, nor would the state lose eligibility to apply for other discretionary funding. For example, state nonparticipation in NCLB does not disqualify it from receiving funds under the Perkins Vocational and Technical Education program or the Adult Education and Family Literacy Act.

In addition to federal funding, nonparticipation in NCLB may require additional state funding to administer carryforward amounts and for test development and other assessment activities. It is assumed that in the event Minnesota opts out of NCLB, carryforward funds identified by districts for competitive grant funds in FFY2006 will not be lost to either districts or MDE. Districts and MDE would continue to be responsible for the administration of the federal program through the period allowed by the Tydings Amendment.¹ If Minnesota opted out in July, 2008, districts could encumber any carryforward available to them until September, 2009 and disburse this funding through December, 2009. While there may be a small amount of administrative carryforward to accomplish administration through that period, state funding may be required to complete the work associated with administering the carryforward funds if remaining NCLB administrative funds were not adequate. Carryforward amounts vary by districts so it is not possible at this time to determine potential state costs related to the administration of NCLB carryforward after Minnesota has discontinued the program.

Assessment funds under NCLB for test development and other assessment activities may also be lost if the state decides to opt out of NCLB. Since these funds support state testing standards as a part of NCLB, additional state funds may be required depending upon the legislature's direction for continued Minnesota standards development and testing. It is uncertain at this time to what extent funds for test development and other assessment activities would be lost if the state decides to opt out of NCLB; therefore, it is not possible at this time to estimate the potential state costs related to assessment.

Following is a list of programs included in No Child Left Behind funding along with a brief statement of purpose.

¹ Most formulaic allocations provide for local spending decisions that allow the allocation to be obligated over a twenty-four month period, and disbursed within a twenty-seven month period (Tydings Amendment).

Title I Grants to LEAs (Local Education Agencies) (CFDA 84.010)

Elementary and Secondary Education Act of 1965, as amended, Title I, Part A.

Title I of the Improving America's Schools Act is the largest of the federal compensatory education programs. Almost every district in the state qualifies for Title I funds and Title I services are in approximately 90% of the state's elementary schools. More than 110,185 public and nonpublic students participate in Title I programs annually. There are several parts to Title I, including, Basic Grants, Concentration Grants, Targeted Assistance, Education Finance Incentive Grants, Accountability Grants, Grants for Neglected or Delinquent Institutions, NCLB grants, and Capital Expenses.

Minnesota's share of the national appropriation is based on the number of low-income children counted during the 2000 census. MDE adjusts these entitlements to provide the required set-asides for administration, school support teams, low-performing schools, and charter schools.

Specific objectives of the Title I basic grants to local education agencies (LEAs) are:

- ◆ to align Title I evaluation measures with the state student achievement and system performance measures;
- ◆ to identify and serve students who are most at risk of not meeting our state content and performance standards;
- ◆ to increase success in the regular classroom through coordination of supplemental services with classroom instruction and curriculum;
- ◆ to provide for the involvement of parents in the education of their children;
- ◆ to provide intensive and sustained staff development; and
- ◆ to coordinate with state and federal programs to maximize the services available for at-risk students and to increase the number of students receiving services.

School Improvement Grants (CFDA 84.215)

Elementary and Secondary Education Act of 1965; Title V, Part D, as amended.

This program funds projects that will improve the quality of education, assist all students to meet challenging state content standards, and contribute to the achievement of elementary and secondary students.

Reading First (Title 1, Part B) (CFDA 84.357)

Elementary and Secondary Education Act of 1965, as amended, Title I, Part B, Subpart 1.

The Reading First program replaced reading excellence in FFY 2002. The Reading First program is a federal education program aimed at improving K-3 reading instruction through the use of effective, research-based strategies, and methods. This program allows the state to make competitive sub-grants to school districts meeting specific eligibility criteria identified in the authorizing legislation. Grantees will use program funds to: 1) provide preschool-age children with high-quality oral language and literature-rich environments; 2) provide professional development that is based on scientifically based reading research knowledge of early language and reading development; 3) identify and provide activities and instructional materials that are based on scientifically based reading research; 4) acquire, provide training for, and implement screening reading assessments or other appropriate measures based on scientifically based

reading research; and 5) integrate instructional materials, activities, tools, and measures into the programs offered.

Even Start Family Literacy Programs (CFDA 84.213)

Elementary and Secondary Education Act of 1965, Title I, Part B, Subpart 3, as amended. 20 U.S.C. 6362.

Even Start is the early childhood and family literacy initiative of the Title I program. The state's allocation for Even Start is determined by the amount of the basic and concentration funds the state receives. Funds are distributed to districts on a competitive basis; grants are awarded for four years. Currently there are 14 Even Start programs in Minnesota. In FFY 2005, 577 children and 437 adults participated.

Specific objectives of the Even Start Family Literacy Programs are:

- ◆ to improve the academic achievement by integrating early childhood education and adult education for parents into a unified program;
- ◆ to create a new range of services through cooperative projects that build on existing community resources; and
- ◆ to assist children and adults from low-income families in breaking the cycle of illiteracy and poverty.

Migrant Education (CFDA 84.011)

Elementary and Secondary Education Act of 1965, Title I, Part C, as amended. 20 U.S.C. 6391 et seq.

The specific purposes of the migrant education program are:

- ◆ to ensure that migratory children are provided with appropriate educational services (including support services) that address their special needs in a coordinated and efficient manner;
- ◆ to ensure that migratory children have the opportunity to meet the same state content and performance standards that all children are expected to meet;
- ◆ to prepare migratory children to make a successful transition to post-secondary education or employment by supporting high-quality educational programs to help them overcome educational disruption, cultural and language barriers, social isolation, various health-related problems, and other factors; and
- ◆ to ensure that migratory children benefit from state and local systemic reform.

Neglected and Delinquent (CFDA 84.013)

Elementary and Secondary Education Act of 1965, Title I, Part D, as amended. 20 U.S.C. 6431 et seq.

The specific purposes of the neglected and delinquent programs include:

- ◆ to provide supplementary instruction to students, ages 5-21, who are neglected and have been placed in a locally operated residential institution for such students;
- ◆ to improve educational services to neglected or delinquent children and youth so that such children and youth have the opportunity to meet the same challenging state content and performance standards that all children will be expected to meet;

- ◆ to provide the targeted population the services needed to make a successful transition from institutionalization to further schooling and employment; and
- ◆ to prevent at-risk youth from dropping out and to provide dropouts and youth returning from institutions with a support system to ensure continued education.

Impact Aid (CFDA 84.041)

Elementary and Secondary Education Act of 1965, Title VIII, as amended.

This program, which is administered directly by the federal government, provides funding based on formula to schools where enrollments or availability of revenue are adversely affected due to reduced tax base due to federal ownership of property, where there are significant number of children who reside on federal or Indian lands and/or children whose parents are employed on federal properties, or where there is a sudden change in enrollment due to federal activities. The formula includes a basic aid, aid for disabled students, and a capital component for qualifying schools. Basic aid is for general fund uses.

Improving Teacher Quality (CFDA 84.367)

Higher Education Act of 1965, Title III, Part A, P.L. 105-244.

This program provides funding to improve student achievement by improving the quality of current and future teaching force by improving the preparation of prospective teachers and enhancing professional development activities; holding institutions of high education accountable for preparing teachers who have the necessary teaching skills and are highly competent in the academic content areas in which the teacher plan to teach, such as mathematics, science, English, foreign language, history, economics, arts, civics government, and geography; including training effective uses of technology in the classroom; and recruit highly qualified individuals, including individuals from other occupations, into the teacher force.

Math and Science Partnership (CFDA 84.366)

Elementary and Secondary Education Act of 1965, as amended, Title II, Part B.

The purpose of this program is to improve the academic achievement of students in mathematics and science through projects that support partnerships of organizations representing preschool through higher education. These projects promote strong teaching methods based on scientifically based research and technology.

Education Technology State Grants (Enhancing Education Through Technology) (CFDA 84.318)

Elementary and Secondary Education Act of 1965, as amended, Title II, Part D, Subparts I and 2, as amended.

Provides funding on a formula basis to states to:

- ◆ improve student academic achievement through the use of technology in schools,
- ◆ assist all students in becoming technologically literate by the end of eighth grade, and
- ◆ encourage the effective integration of technology with teacher training and curriculum development to establish research-based instructional methods.

21st Century Community Learning Centers (CFDA 84.287)

Elementary and Secondary Education Act of 1965, as amended, Title IV Part B.

The program funds after school programs to help K-12 students attending low performing schools or schools with concentrations of families in poverty improve their academic achievement. Programs provide academic and cultural enrichment activities, tutoring, art, music, recreation, and other programs that are designed to reinforce academic instruction. Funds are distributed through an open competition.

Innovative Education Program Strategies (CFDA 84.298)

Elementary and Secondary Education Act of 1965, Title V, as amended, 20 U.S.C. 7301-7373.

This program provides funding to assist state and local education agencies in the reform of elementary and secondary education.

Improving Academic Achievement Accountability, Grants for State Assessments
(CFDA 84.369)

Elementary and Secondary Education Act of 1965, as amended, Title VI, Part A, Subpart I, Public Law 107-110.

This program supports:

- ◆ the development of the additional state assessments and standards required by Section 1111(b) of the federal ESEA, as amended; or
- ◆ the administration of the assessments required by Section 1111(b) or
- ◆ to carry out other activities related to ensuring that the state's schools and local education agencies are held accountable for results.

Rural and Low-Income Schools Grant (CFDA 84.358)

Elementary and Secondary Education Act of 1965, Title VI, Part B, as amended.

This is a small grant program for small rural school districts with high poverty rates that do not qualify for the Small Rural School Achievement Program. Funds are used for teacher recruitment and retention; teacher professional development; educational technology; parental involvement activities, and activities allowed under the Title 1 program.

Small, Rural School Achievement Program (CFDA 84.358)

Elementary and Secondary Education Act of 1965, Title VI, Part B, as amended.

This program is designed for small rural school districts in sparsely populated locations. Funds supplement other Title program funding and may be used for the same purposes authorized under those programs.

Safe and Drug-Free Schools and Communities State Grants (CFDA 84.186)

Elementary and Secondary Education Act, 2001, Title IV, Part A, Subpart 1, as amended 20 U.S.C. 7111-7118

Safe and drug-free schools provides resources to school districts and charter schools through a formula allocation to assist and support programs to prevent violence in and around schools and to prevent the illegal use of alcohol, tobacco, and other drugs. Specifically the law focuses on:

- ◆ supporting researched-based drug abuse and violence prevention and education programs that involve parents and are coordinated with related community efforts and resource programs;
- ◆ providing resources to schools to establish, operate, and improve programs of violence and drug abuse prevention, early intervention, rehabilitation referral, and education for elementary and secondary students; and
- ◆ providing resources to community-based organizations for programs of violence and drug abuse prevention and education, early intervention, and rehabilitation referral for school dropouts and other high-risk youth.

English Language Acquisition Grants for Limited English Proficient Students
(CFDA 84.365)

Elementary and Secondary Education Act as amended, Title III, Part A, Sections 3101-3129.

This new program consolidates the 13 bilingual and immigrant education programs into a formula grant program and significantly increases flexibility and accountability. Minnesota previously received funds under the Title VII Emergency Immigrant program, while districts applied directly to the U.S. Department of Education for grants under other programs. This program maintains the current focus on assisting school districts in teaching English to limited English proficient students and in helping these students meet the same challenging state standards required of all other students. Some of the funds may be reserved to serve districts significantly impacted by the needs of immigrant students.

Assumptions

1. Minnesota's eligibility for federal programs and funding amounts as a result of Minnesota's participation in NCLB are taken from DOE's state tables and include the programs funded through the NCLB Act of 2001. The report of Minnesota's total allocation and allocation by program is available at the following website and is also provided below. <http://www.ed.gov/about/overview/budget/statetables/08stbystate.pdf> The total estimated Minnesota federal funding for NCLB programs for FFY 2008/SFY 2009 is \$225.4 million.
2. Due to differences in fiscal years between DOE and MDE, federal appropriations identified as 2006 fund programs in state fiscal year 2007. Similarly, federal appropriations identified as 2007 fund programs in state fiscal year 2008. District listings of allocations/awards are provided by state fiscal year.
3. It is assumed that in the event Minnesota opts out of NCLB, carryforward funds will not be lost to either districts or MDE.
4. It is assumed that in the event the state determined to opt out of implementation of the NCLB Act, MDE would continue to be responsible for administration of the federal program through the period allowed by the Tydings Amendment. If Minnesota opted out in July, 2008, districts could encumber any carryforward available to them until September, 2009 and disburse through December 2009. While there may be a small amount of administrative carryforward to accomplish administration through that period, state funding may be required to complete the work associated with administering the carryforward funds if remaining NCLB administrative funds were not adequate.

5. Assessment funds under NCLB for test development and other assessment activities may be lost if the state decides to opt out of NCLB. Since these funds support state testing standards supporting NCLB, additional state funds may be required depending upon the legislature's direction for continued Minnesota standards development and testing.
6. Due to carryforward provisions, total allocations and awards identified here will not equal amounts carried on the statewide accounting or budget system or provided in the Governor's Budget as both of these presentations are based on estimated expenditures.
7. On district runs, organizations such as, nonprofits, institutions of higher education, service cooperatives, cities and counties may be included, if the organization is an eligible recipient of the federal funds.
8. On district runs, a district, charter school, or other organization may be listed twice within a competitive grant program as they may receive multiple grants within a year.
9. Many federal programs under the NCLB Act allow for an administrative allowance or set-asides for statewide activities. Also, funding for new charter schools may not be included in district allocations/awards. Funding for those activities is included in the totals by program, and amounts for assessment, administration and statewide activity set-asides are assumed to be the difference between the total appropriations and district allocations or awards. A calculated estimation of the amount currently available for assessment, administration, statewide activity set-asides, and new charter schools, based on federal appropriation amounts and school district allocations/awards is included.
10. Indian Education Grants are not administered by MDE, but are administered by the DOE and paid directly to local entities. MDE has requested information at the local grantee level, but has not yet received that data. District level data is also not available for the Rural and Low Income Schools Program.

Table 1. NCLB Federal Funding	FFY2006 SFY2007	FFY2007 SFY2008	FFY2008 SFY2009	FFY2009 SFY2010

Safe and Drug Free Schools and Communities	4,649,215	4,649,215	1,635,285	1,635,285
Language Acquisition State Grants	7,098,282	6,707,874	6,726,261	6,726,261
Subtotal, All of the Above Programs that constitute NCLB	211,578,287	219,778,940	225,382,142	225,382,142

Amounts identified by district for Title formulaic programs are the amounts allocated or awarded for the year and do not include carryforward from previous years. In addition, amounts identified by districts for competitive grant funds for FFY 2006 may include carryforward amounts from previous years' allocations. For this reason, actual spending in any given year at both the state and local level may be higher or lower due to these carryforward provisions and local budget decisions, which will cause district level totals not to match federal funding totals.

Table 2. NCLB District Level Totals	FFY2006 SFY2007	FFY2007 SFY2008	FFY2008 SFY2009	FFY2009 SFY2010
