STATEMENT OF POLICY AND COMMITMENT BY THE COMMISSIONER

As Commissioner of the Minnesota Pollution Control Agency (MPCA), I am firmly committed to the state's policy of both equal opportunity and affirmative action employment. It is my responsibility to ensure that the MPCA provides equal opportunity employment to both current and prospective employees without regard to race, color, creed, religion, age, sex, disability, marital status, status with regard to public assistance, membership or activity in a local commission, national origin, or sexual orientation. This policy applies to all conditions of employment, including, but not limited to, recruitment, selection, placement, advancement, retention, transfer, demotion, layoff, recall, termination, disciplinary action, compensation and employee development.

Because protected group members in our society have been denied equal opportunity in the past, we strongly support and will actively pursue a policy of affirmative action employment and retention for those classes and goal units experiencing underutilization in the agency. Protected groups are defined in Minnesota Statutes, Chapter 43A, as women, minorities, and persons with disabilities. We endorse affirmative action as a viable and proper approach to ensuring that the work force of this agency reflects the same configuration as the related work force as a whole.

Because equal employment cannot exist in the presence of discrimination in any form, efforts will be made to provide a work environment free of discrimination and harassment. Accordingly, the agency fully supports the non-discriminatory provisions of all state and federal laws, rules and regulations, which form the legal framework for affirmative action and equal opportunity.

As an employer, the agency is responsible for the actions of our employees and may be held liable for failure to investigate allegations of harassment or failure to take prompt remedial action against an employee who is found to have engaged in harassment of other employees. Consistent with this policy, therefore, no employee of this agency will be allowed to engage in any form of harassment of other employees. Any employee who, after investigation, is found to have engaged in any form of harassment of other employees will be subject to corrective and/or disciplinary action. Although the agency is responsible for maintaining a working environment free from discrimination and discriminatory harassment, each and every employee plays a part by affirmatively raising the subject, expressing strong disapproval and adhering to the provisions of this policy and Affirmative Action Plan.

John Holck, Human Resources Director, has been designated as the Agency's Affirmative Action Officer and the Americans with Disabilities Act (ADA) Coordinator for the MPCA. Mr. Holck will report to Commissioner Moore for resolution of any and all complaints referenced in this plan. Together we will ensure implementation of the Plan.

HARASSMENT / DISCRIMINATION POLICY

Statement of Policy

The policy of the Minnesota Pollution Control Agency (MPCA) is to prohibit harassment of its employees based on race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age.

This prohibition with respect to harassment includes both overt acts of harassment and those acts that create a negative work environment. Any employee subjected to such harassment should file a complaint internally with the MPCA's Affirmative Action Officer designee. If the employee chooses, s/he may file a complaint externally with the Minnesota Department of Human Rights, the Equal Employment Opportunity Commission, or through other legal channels; these agencies have time limits for filing complaints, so individuals should contact them for more information. In extenuating circumstances, the employee should contact the Office of Diversity and Equal Opportunity at the Minnesota Department of Finance and Employee Relations for information regarding the filing of a complaint. Any unintentional or deliberate violation of this policy by an employee will be cause for appropriate disciplinary action.

Each employee is responsible for complying with this policy. This includes supporting programs and practices designed to develop understanding, acceptance, commitment, and compliance within the framework of this policy. All employees must be informed that harassment is unacceptable behavior. The Affirmative Action Officer designee will be expected to keep the MPCA and its employees apprised of any changes in the law or its interpretation regarding this form of discrimination. The Affirmative Action Officer designee is also responsible for:

1. Notifying all employees, and orienting each new employee who is hired, of this policy; and
2. Informing all employees of the complaint procedure and ensuring that all complaints will be investigated promptly and carefully.

Definitions:

Discriminatory harassment is any behavior based on protected class status which is unwelcome and personally offensive and, thereby, may effect morale and interfere with the employee's ability to perform. For example, harassment based on national origin has been defined by the U.S. Equal Employment Opportunity Commission as "Ethnic slurs and other verbal or physical conduct relating to an individual's national origin."

Sexual harassment has also been specifically defined by the Minnesota Human Rights Act, which states in regard to employment, that:

"Sexual harassment" includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature when: (1) submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining employment; (2) submission to or rejection of that conduct or communication by an individual is used as a factor in decision affecting that individual's employment; or (3) that conduct or communication has the purpose or effect of substantially interfering with an individual's employment, and in the case of employment, the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

It is possible for discriminatory harassment to occur: 1) among peers or coworkers, 2) between managers and subordinates, or 3) between employees and members of the public. Employees who experience discriminatory harassment should bring the matter to the attention of the MPCA's Affirmative Action Officer designee. In fulfilling the obligation to maintain a positive and productive work environment, the Affirmative Action Officer designee and all employees are expected to address or report any suspected harassment or retaliation.

Varying degrees of discriminatory harassment violations can occur and require varying levels of progressive discipline. Individuals who instigate harassment are subject to serious disciplinary actions up to and including suspension, demotion, transfer, or termination. Additionally, inappropriate behaviors that do not rise to the level of discriminatory harassment, but are none the less disruptive, should be corrected early and firmly in the interests of maintaining a harassment and discrimination-free work place. Individuals who participate in inappropriate behaviors at work are also subject to disciplinary actions.

PROCEDURE FOR COMPLAINTS OF HARASSMENT OR DISCRIMINATION

Background

This procedure is designed to address complaints which are not generally able to be resolved under a collective bargaining agreement, plan or other method. Complaints must be filed within 365 days from the event which precipitated the complaint. Employees also have the right to file a complaint with the Minnesota Department of Human Rights and/or the U.S. Equal Employment Opportunity Commission (EEOC) regardless of whether a complaint under this procedure is filed.

1. This complaint procedure is established as a means to consider and resolve alleged violations of the Harassment / Discrimination Policy. Complaints will be responded to by the Affirmative Action Officer within 30 working days from the date the complaint was received.
2. Matters relating to the content or general administration of the Affirmative Action Plan will be referred to the Affirmative Action Officer. Complaints which are covered exclusively under provisions of a valid collective bargaining agreement or plan remain subject to those provisions.
3. Any retaliatory action of any kind taken by an employee of the MPCA against any other employee as a result of that person filing a complaint under these procedures, cooperating in an investigation, or otherwise participating in any action under these procedures is prohibited and will be regarded as a separate and distinct matter subject to disciplinary action.

Retaliatory action or reprisal includes but is not limited to any form of intimidation, retaliation or harassment. Examples of actions which may be considered retaliation include but are not limited to: refusal to hire an individual; departure from any customary employment practice; transfer or assignment of the individual to a lesser position in terms of wages, hours, job classification, job security or other employment status; or informing another employer that the individual has engaged in opposing a forbidden practice, filed a charge, testified, assisted, or participated in an investigation, proceeding or hearing; associated with a person or group who is disabled, of a different race, color, creed, religion, sexual orientation, national origin, sex, marital status, status with regard to public assistance, membership activity in a local commission or age.

4. This complaint procedure will not be construed as limiting, in any way, an employee's right to file a complaint with the Minnesota Department of Human Rights, the Federal Equal Employment Opportunity Commission, or an appropriate court.
5. For purposes of this Affirmative Action Plan and these complaint procedures the Human Resources Director, John Holck, serves as the Affirmative Action Officer for the MPCA.

HIRING GOALS and TIMETABLES

The MPCA continually strives to increase workforce representation of women, members of ethnic/racial minority groups, and persons with disabilities in order to achieve parity.

Goals and timetables have been established as an integral part of our affirmative action program. To understand the concept of goals and timetables, and the State's use of them, it is important to understand the terms.

Protected Groups: These are defined in Minnesota Statutes 43A.02, subd. 33 as women minorities (Black, Hispanic, American Indian or Alaskan Native, and Asian or Pacific Islander) and persons with disabilities.

EEO Job Groups: The MPCA has employees in the following EEO Job groups: Officials and Administrators, Professionals, Technicians, and Office / Clerical. The definitions of these job groups are as follows:

1. Officials and Managers
Occupations in which employees set broad policies, exercise overall responsibility for execution of these policies, or direct individual departments or special phases of the agency's operations, or provide specialized consultation on a regional, district or area basis.
2. Professionals
Occupations which require specialized and theoretical knowledge which is usually acquired through college training or through work experience and other training which provides comparable knowledge.

This is the largest job group for the MPCA. The MPCA has identified sub-categories within this category for specialized jobs. These sub-categories include: Engineers, Scientists / Hydrologists, and Information Technology; goals have been established for each of these sub-categories based on census data for specific occupations. MPCA professional jobs that are not included in one of these three specialized categories fall in the broad sub-category of "General Professional."
3. Technicians
Occupations which require a combination of basic scientific or technical knowledge and manual skill which can be obtained through specialized post-secondary school education or through equivalent on-the-job training.
4. Office/Clerical
Occupations in which workers are responsible for internal and external communication, recording and retrieval of data and/or information and paperwork required in an office.

Underutilization: This is the employment of fewer qualified protected group members than would reasonably be expected from their labor force participation in the labor market area. This is also sometimes referred to as a "disparity." Labor force participation was identified through statewide 2000 Census data for sex, race, and disability by occupation and occupational group. In the EEO Job Group of Officials and Administrators, the internal labor market (agency employees in the Professional category) was also considered: for the MPCA, the external labor market (using census data) and the internal labor market were considered in a two-factor analysis.

Goals: The MPCA establish hiring goals for every EEO job group in which members of protected classes are underutilized. The purpose of establishing such goals is to correct underutilization and, ideally, each hiring goal should equal the underutilization number. Correcting the underutilization over a two year period may not be realistic, however, and the hiring goals are less than the underutilization for some groups. The MPCA has considered such factors as anticipated vacancies and the ability to recruit qualified protected group members in setting the goals.

Timetable: This is the target date set for reaching identified goals in any EEO Job Group for which there is underutilization. Timetables established in this plan are based on the fiscal years represented by the Plan.

The following utilization information and hiring goals for the MPCA apply to Fiscal Years 2006-2008:

METHODS OF AUDITING, EVALUATING, & REPORTING PROGRAM SUCCESS

Pre-Hire Review Process

Whenever a vacancy is to be filled, the Human Resources office will determine if underutilization of protected group members currently exists, or based on projected activity, is anticipated for the goal unit in which the vacancy occurs. If it does, the following will apply:

1. The Human Resource Office will provide training regarding the hiring process and the legal aspects of the process.
2. The Human Resource Office will provide expanded candidate lists when necessary.
3. Supervisors or managers who intend to make an offer of employment to a candidate, who is not a member of an underutilized group, must provide a detailed written explanation to the Affirmative Action Officer.
4. The internal transfer of Agency employees and all provisions in collective bargaining agreements based on the "seniority in appointment" clause supersedes this process.

Pre-Review Layoff Process

Whenever a layoff is to occur, the Affirmative Action Officer will determine if underutilization of protected group members currently exists, or based on projected activity, is anticipated for the goal unit in which the layoff occurs.

Methods of Auditing, Evaluating, & Reporting Program Success

In order to ensure that Affirmative Action Goals are sufficiently monitored and reported upon, the Affirmative Action Officer will ensure that the following actions are taken.

1. Data regarding hires is recorded on the Monitoring the Hiring Process Forms. A comparative analysis will be completed on an annual basis to evaluate the progress of the program goals.
2. Data regarding retention will be tracked and analyzed. The agency will request a separation report from DOER and include a brief analysis of the data.
3. Data regarding complaints will be recorded and preventative measures will be instituted to minimize the occurrence of future complaints.
5. Recruitment strategies will be reviewed, in order to enlist strategies to reduce underutilization.

WEATHER EMERGENCIES, EMERGENCY ACTION PLANS & EVACUATION OF WORK AREAS
PLANS & EVACUATION OF WORK AREAS

Weather Emergencies

In the event of a weather emergency, the Commissioner of the Department of Employee Relations (DOER) is responsible for making the determination as to the official closing of state offices. During work hours, employees will be notified via the agency's computer system (e-mail or system-wide message), loud speaker, telephones or floor wardens, if a weather emergency is called for their work area. During non-work hours, an announcement detailing the date, time and geographic location of the closure will be given by DOER to WCCO (830) and WMNN (1330) radio, KSTP, WCCO and KARE TV for broadcast. The announcement will also be forwarded to the Associated Press (AP) to be placed on the news wire for radio stations in greater Minnesota. If changes in the emergency declaration are warranted, they will be broadcast as the day or night progresses. Deaf or hard of hearing employees can watch close captioned weather broadcasts on WCCO or KARE 11 television.

If an employee requires special notification he/she is encouraged to consult with his/her supervisor in advance to arrange a procedure that is most appropriate for her/him. If an employee requires notification by TTY, his/her supervisor will make contact via the Minnesota Relay Service (MRS) at 7-1-1 (metro) or 1-800-627-3529 (greater Minnesota.)

Emergency Action Plans and Evacuation of Work Areas

At any time, it may be necessary for employees to evacuate work areas and/or seek shelter areas. Causes for evacuation or shelter could be fire, explosion, severe storm, tornado, and chemical release or spill or bomb threat.

This plan is established to ensure that staff are prepared for emergencies and that evacuation/shelter procedures are developed. Employees are to be provided with information and comprehensive training concerning the Agency's emergency action plans. A listing of emergency contact names and telephone numbers will be maintained and made available to staff as a part of the office emergency plan X:\Minutes\HR\Safetycommittee\Plans.

A. Responsibilities

The Safety Administrator is responsible for the development of emergency action plans for the central office and warehouse facilities.

The district/sub-district Managers, under the direction of the Safety Administrator, are responsible for development of emergency action plans for each regional office facility.

Supervisors or floor wardens are responsible for accounting for each staff person in their unit immediately following emergency evacuation or shelter procedures and will report missing persons to the Emergency Coordinator.

Floor wardens are appointed by supervisors or managers to assist with emergency response responsibilities as required for their work areas.

B. Employees and Visitors with Disabilities

Employees with disabilities are responsible to contact their supervisor or the Safety Administrator regarding any special needs they may have for emergency evacuation plans. Supervisors are then responsible for providing the floor wardens or the Safety Administrator with a list of those in their work unit who have identified the need for assistance during evacuation or shelter emergencies. Supervisors will work with the Safety Administrator and Affirmative Action Officer to develop plans to address the needs of such individuals.

Each Supervisor, coordinated with the Floor Warden, is responsible for insuring that a volunteer attendant has been assigned to assist persons with disabilities in his/her unit. People with mobility impairments or sensory impairments will be assisted in evacuating by the Floor Warden or assigned attendant. All people who need assistance evacuating should meet at the stairwell.

REASONABLE ACCOMMODATION POLICY

Policy

The agency is committed to the fair and equal employment of people with disabilities. Reasonable accommodation is the key to this non-discrimination policy. While many individuals with disabilities can work without accommodation, other qualified applicants and employees face barriers to employment without the accommodation process. It is the policy of the agency to reasonably accommodate qualified individuals with disabilities unless the accommodation would impose an undue hardship. In accordance with the Minnesota Human Rights Act and the Americans with Disabilities Act (ADA), accommodations will be provided to qualified individuals with disabilities when such accommodations are directly related to performing the essential functions of a job, competing for a job, or to enjoy equal benefits and privileges of employment. This policy applies to all applicants, employees, and employees seeking promotional opportunities.

An individual with a disability is defined for purposes of this policy as: a person who has physical or mental impairment that substantially or materially limits one or more major life activities.

A reasonable accommodation is any modification or adjustment to a job, an employment practice, or the work environment that makes it possible for a qualified individual with a disability to enjoy an equal employment opportunity.

Examples of accommodations may include acquiring or modifying equipment or devices; modifying examinations and training materials; making facilities readily accessible; job restructuring; modifying work schedules; providing qualified readers or interpreters; and reassignment to a vacant position.

Reasonable accommodation applies to three aspects of employment:

1. To assure equal opportunity in the employment process.
2. To enable a qualified individual with a disability to perform the essential functions of a job; or
3. To enable an employee with a disability to enjoy equal benefits and privileges of employment.

The ADA Coordinator for the MPCA is John Holck, Human Resources Director, (651) 296-6675.

Requests for Reasonable Accommodations of Employees:

Procedure - Current Employees and Employees Seeking Promotion

1. The agency will inform all employees that this accommodation policy can be made available in accessible formats.
2. The employee must inform their supervisor or the ADA Coordinator of the need for an accommodation.
3. The ADA Coordinator may request documentation of the individual's functional limitations to support the request. Any medical documentation must be collected and maintained on separate forms and in separate, locked files. No one will be told or have access to medical information unless the disability might require emergency treatment.
4. When a qualified individual with a disability has requested an accommodation, the supervisor or ADA Coordinator will, in consultation with the individual:
 - a. Discuss the purpose and essential functions of the particular job involved. Completion of a step-by-step job analysis may be necessary.
 - b. Determine the precise job-related limitation.
 - c. Identify the potential accommodations and assess the effectiveness each would have in allowing the individual to perform the essential functions of the job.

- d. Select and implement the accommodation that is the most appropriate for both the individual and the agency. While an individual's preference will be given consideration, the MPCA is free to choose among equally effective accommodations and may choose the one that is less expensive or easier to provide.
5. The ADA Coordinator will work with the employee to obtain technical assistance, as needed.
6. The ADA Coordinator will provide a decision to the employee within a reasonable amount of time.
7. If an accommodation cannot overcome the existing barriers or if the accommodation would cause an undue hardship on the operation of the business, the employee and the ADA Coordinator will work together to determine whether reassignment may be an appropriate accommodation.

Procedure - Job Applicants

1. The job applicant must inform the ADA Coordinator of the need for an accommodation. The ADA Coordinator will discuss the needed accommodation and possible alternatives with the applicant.
2. The ADA Coordinator will make a decision regarding the request for accommodation and, if approved, take the necessary steps to see that the accommodation is provided.

Funding and Undue Hardship:

Funding will be provided for reasonable accommodations. The expenditure of funds for accommodations over \$350.00 must be approved by the MPCA Commissioner or designee. When determining whether or not to make the accommodation without imposing undue hardship on the agency, the following factors must be considered:

- the size of the agency's budget,
- the nature and cost of the accommodation,
- documented good faith effort to explore a less restrictive or less expensive alternative, and
- the disruption or alteration to the nature or operation of the agency.

Denial of Accommodations:

If the requested accommodation made by a job applicant or employee is denied, the ADA Coordinator will notify the requestor of the decision and inform the requestor of the right to file a complaint under the agency's Affirmative Action Plan complaint procedure outlined in this plan or to file with the Minnesota Department of Human Rights, the U.S. Equal Employment Opportunity Commission, or other legal channels. All denials of requests for accommodation will be documented and kept on file by the ADA Coordinator.

Accessibility for People with Disabilities

It is the policy of the MPCA to comply with the provisions of the Americans with Disabilities Act (ADA), 42 U.S.C.A. Section 12101, and et. Seq. The ADA prohibits discrimination against qualified individuals with disabilities on the basis of their disability. The ADA provides, in part, that qualified individuals with disabilities will not be excluded from participating in or be denied the benefits of any program, service or activity offered by this agency.

The ADA requires that all programs, services and activities, when viewed in their entirety, are readily accessible to and usable by qualified individuals with disabilities. The MPCA will make every effort to communicate effectively with individuals who have speech, visual, and hearing impairments and provide auxiliary communication aids to qualified individuals with disabilities participating in or benefiting from this agency's programs, services or activities to afford equal opportunity.

RETENTION PLAN

Person responsible for retention program initiatives: John Holck, MPCA Human Resources Director

Methods of Retention:

Supervisor's New Employee Orientation

A comprehensive process is outlined for supervisors involved in the hiring process, with step-by-step instructions on how to proceed in orienting and training new employees. This is key to the retention of good employees.

Telecommuting and (Flexible) Compressed Time Policy

As a method of retaining all employees, this agency offers telecommuting and compressed time schedules. Upon supervisory approval, employees may telecommute or work flexible schedules, which are in keeping with the agency's guidelines of eight, nine-hour days, one, eight-hour day and one day off per pay period.

Employee Development through Work Plans/Training Plans

It is the policy of the MPCA to link agency priorities to the work of staff and to facilitate communication between supervisors and staff about the accomplishment of agency priorities through the use of a work planning and review process. One of the purposes of work planning is to identify, discuss and agree on each employee's development needs and goals. By doing so, personal strengths can be capitalized and plans to address development needs can be mutually created. This process provides a continuous opportunity for dialogue and feedback between the supervisor and employee to ensure open communication and elimination of misunderstanding. Communication enhances the relationship between the supervisor and employee and encourages personal development which is key to an employee's job satisfaction.

Analysis of Separation and Layoff Patterns

The MPCA experienced a relatively low turnover among staff (approximately 5% annually). The agency plans to monitor separations of members of protected groups to determine whether any pattern exists. Separating employees are asked to complete a questionnaire designed to elicit feed back regarding their employment experiences, which could be used to enhance recruitment and retention strategies. The MPCA utilizes the statewide exit survey developed by DOER, to obtain data regarding the reasons for separation. Data will be collected, analyzed and reviewed, as appropriate, with management.
