\*Data is insufficient to make a determination for this classification based upon work performed in the county. Therefore, the wage rate is based upon wages paid in this classification in the adjacent counties.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in highway construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the State will not be liable for increase labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract highway construction work are eight hours per day and forty hours per calendar week.

752 Ironworkers, reinforcing	11.75	.30	.50	.55	.02

\*Data is insufficient to make a determination for this classification based upon work performed in the county. Therefore, the wage rate is based upon wages paid in this classification in the adjacent counties.

## NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in highway construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the State will not be liable for increase labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

## PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract highway construction work are eight hours per day and forty hours per calendar week.

DEPARTMENT OF LABOR AND INDUSTRY WAGE RATE DETERMINATION  
Laws 1973 - Chapter 724  
11/1/78

County Red Lake (cont.)

Highway Construction

<u>Code No. and Classification</u>	BASIC WAGE				
	RATE PER HOUR	H & W	VAC.	PENSION	TRNG.
<u>Special Crafts</u>					
*721 Carpenters	9.95	.50	-	-	-
*731 Cement Masons	10.30	.60	.30	.30	-
*752 Ironworkers, reinforcing	10.85	.52	-	.70	.05

\*Data is insufficient to make a determination for this classification based upon work performed in the county. Therefore, the wage rate is based upon wages paid in this classification in the adjacent counties.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in highway construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the State will not be liable for increase labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract highway construction work are eight hours per day and forty hours per calendar week.
