CERTIFICATION OF PREVAILING HOURS OF LABOR AND,
WAGE RATES IN AITKIN, BENTON, CHISAGO, CROW
WING, ISANTI, JACKSON, KANABEC, MARTIN, MCLEOD,
MEEKER, MILLE LACS, NOBLES, PINE, ROCK, SIBLEY,
WASECA, AND WRIGHT COUNTIES, FOR ALL CLASSES
OF LABOR AND MECHANICS COMMONLY EMPLOYED IN
BUILDING CONSTRUCTION.

CERTIFIED PURSUANT TO MINNESOTA STATUTES SECTION 177.42-44 (1974) AS AMENDED

TO: DEPARTMENT OF ADMINISTRATION
DEPARTMENT OF AERONAUTICS
DEPARTMENT OF NATURAL RESOURCES
HISTORICAL SOCIETY
STATE UNIVERSITY SYSTEM
STATE ZOOLOGICAL BOARD
UNIVERSITY OF MINNESOTA

FROM: MINNESOTA DEPARTMENT OF LABOR AND INDUSTRY

CERTIFIED BY:

HARRY D. PETERSON, COMMISSIONER

DATE: October 8, 1979

TIME PERIOD INCLUDED IN SURVEY:

December 1, 1977 - December 1, 1978

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers
and mechanics to be employed on State contract building construction
work are eight hours per day and forty hours per calendar week.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in building construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the state will not be liable for increased labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract building construction work are eight hours per day and forty hours per calendar week.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in building construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the state will not be liable for increased labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract building construction work are eight hours per day and forty hours per calendar week.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in building construction work. Additional classifications may develop between certifications by the Commissioner. Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the State will not be liable for increased labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract building construction work are eight hours per day and forty hours per calendar week.

Tile Setter/Layer Helpers	3.50	-	-	-	-

*Data is insufficient to make a determination for this classification based upon work performed in the county. Therefore, the wage rate is based upon wages paid in this classification in the adjacent counties.

NOTICE TO BIDDERS, WAGE DETERMINATIONS

The wage determinations include classifications which the Commissioner of the Department of Labor and Industry has determined to be the classes of labor and mechanics commonly employed in building construction work. Additional classifications may develop between certifications by the Commissioner.

DEPARTMENT OF LABOR AND INDUSTRY WAGE RATE DETERMINATION
Laws 1973 - Chapter 724
10/8/79

County Sibley (cont.)

Building Construction

Therefore, no inference may be drawn from the omission of classifications which have local usage. Further, the state will not be liable for increased labor costs if and when additional classifications are subsequently required or wage rates increase prior to the awarding of contracts.

PREVAILING HOURS OF LABOR

The "prevailing hours of labor" for all classes of laborers and mechanics to be employed on State contract building construction work are eight hours per day and forty hours per calendar week.
