Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

Executive Summary

- In 2008, 225 Minnesota law enforcement agencies (8 more agencies than in 2007) reported a total of 3,823 incidents of property seized subject to forfeiture. While 8 more law enforcement agencies reported forfeiture incidents in 2008, the total number of incidents decreased by 1,108 forfeiture incidents, or 22.5 percent from the number reported in 2007 (pg. 7).
- Gross sales of forfeited property or seized cash totaled \$3,823,463 in 2008, down 21.4 percent from the \$4,866,485 reported in 2007. Administrative expenses and lien holder's obligations decreased 35.0 percent between 2007 and 2008, dropping from \$547,835 in 2007 to \$356,362 in 2008.¹ Net proceeds totaled \$3,500,434 in 2008, which was 18.9 percent less than the \$4,318,651 reported in 2007 (pg. 7).
- Cash accounted for 55 percent (51 percent in 2007) of property seized, followed by vehicles at 26 percent (21 percent in 2007), firearms at 18 percent (26 percent in 2007), and other property at 1 percent (2 percent in 2007) (pg. 8).
- Of the 3,823 forfeiture incidents reported, 3,262 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. Net proceeds derived from forfeitures ranged from \$0 to \$108,620.² Net proceeds per forfeiture incident averaged \$1,073 in 2008, compared to \$1,237 in 2007 (pg. 10).
- The agencies with the most forfeiture incidents in 2008 were: the Minneapolis Police Department (406), the Minnesota State Patrol (337), the Southeast Minnesota Drug Task Force (224), the Dakota County Drug Task Force (146), and the Anoka-Hennepin Drug Task Force (122) (pg. 11).
- Criminal activity involving a controlled substance accounted for 3,136 (82 percent) of the 3,823 forfeiture incidents reported in 2008 (pg. 11).
- In addition to the 225 law enforcement agencies that completed forfeitures in 2008, 180 agencies reported that they had no forfeitures, and 95 did not file reports with the Office of the State Auditor (pg. 7).

¹ These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

² In some cases, the reported expenses were greater than the gross sales amount, but the net amount was recorded as zero rather than a negative amount.

Scope and Methodology

Minn. Stat. § 609.5315, subd. 6, directs law enforcement agencies to report to the Office of the State Auditor all property seized subject to forfeiture, with the exception of driving under the influence (DUI) related forfeitures.³ This report lists and summarizes these forfeiture incidents to help provide transparency to the forfeiture process and to keep policymakers and the public informed on the nature and frequency of property seized subject to forfeiture.⁴

This report provides information on the cash and property seized subject to forfeiture in 2008.⁵ Forfeitures are considered complete in the year in which a final decision is rendered on the seized property regardless of the date the property is initially seized. At that time, items are sold, retained for law enforcement purposes, destroyed, forwarded to other law enforcement agencies, or returned to the owner.⁶

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of Minnesota Management and Budget.

Forfeitures that were completed in 2008 are detailed in the four tables in this report. Table 2 lists, by agency, those forfeitures in which the seized property was cash or was sold (pg. 16). The data in this table is sorted first by agency name and then by level of net proceeds. Table 3 summarizes forfeiture activity by agency (pg. 91). Table 4 lists all forfeitures completed in 2008 where the seized property was cash or was sold (pg. 96). This table is sorted in descending order by net proceeds. Table 5 lists all property that was retained for law enforcement purposes, destroyed, returned to owner, or forwarded to other law enforcement agencies (pg. 160). This table is sorted by law enforcement agency.

³ Criminal and firearm forfeitures are authorized by Minn. Stat. §§ 609.531-609.5318. DUI offenses are authorized pursuant to Minn. Stat. § 169A.63 and are not required to be reported to the Office of the State Auditor.

⁴ All forfeiture information in this report is self-reported by individual law enforcement agencies. The Office of the State Auditor does not audit this data.

⁵ In Minn. Stat. §§ 609.531–609.5318, the subject of this report is described as “property seized” which is “subject to forfeiture.” Other terminology used in this report such as “forfeiture incidents” and “forfeitures” are intended to convey the same meaning.

⁶ Property seized under Minn. Stat. §§ 609.531-609.5318 is subject to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. Property seized in connection with a controlled substance offense and vehicles used in drive-by shootings are subject to administrative forfeiture procedures. The owner(s) of the seized property must be given written notice of the seizure, the intent to forfeit the property, and their right to obtain judicial review of the forfeiture. The court may order the return of seized property or find that the property is subject to forfeiture. If the forfeiture of property is related to controlled substances, the court may not issue an order of forfeiture while the alleged owner of the property is in custody and the related criminal proceedings are pending against the alleged owner. Forfeitures are not complete until all related judicial and administrative proceedings have been completed.

Background

State laws governing property that is subject to criminal forfeiture proceedings and the actual disposition of the forfeited property have changed considerably since their inception in 1971.

- In 1971, the Legislature authorized law enforcement agencies making an arrest involving a controlled substance to seize property associated with the use or transportation of the controlled substance. Upon conviction of the offense, the individual forfeited the seized property to the local law enforcement agency. Legislation authorized local law enforcement agencies to use forfeited property for law enforcement purposes or sell the property and use the proceeds of the sale for authorized agency activities and to destroy forfeited contraband.
- In 1973, the Legislature authorized the seizure and subsequent forfeiture of money that was deemed to be related to the commission of an offense involving a controlled substance. The 1973 law prescribed a more detailed process for criminal forfeitures. It also directed that half of all proceeds from the sale of forfeited property, and half of all of the forfeited cash, be forwarded to the state drug abuse authority. The state drug abuse authority was directed to use its share of the proceeds for the care and treatment of individuals with drug-related disorders. The remaining half of the proceeds from the sale of forfeited property would continue to be used by the local law enforcement agency.
- In 1984, the Legislature expanded the items that are subject to criminal forfeiture to include all money, precious metals, gems, negotiable instruments, securities, and property or things of value. The 1984 law further stipulated that “all moneys, precious metals, and gems found in proximity to controlled substances or in proximity to any equipment or records pertaining to a controlled substance, are subject to forfeiture.” It also revised the formula for distributing forfeited cash and the net proceeds from the sale of forfeited property. Under the 1984 revision, the state retained one-third of the cash and net proceeds for the care and treatment of individuals with drug-related disorders. The remaining two-thirds of the net proceeds were to be shared equally between the law enforcement agency making the initial arrest and the prosecuting agency.
- In 1988, the Legislature significantly expanded the list of criminal offenses that could result in the forfeiture of cash and personal property. In addition to controlled substance-related forfeitures, the Legislature authorized forfeitures of cash and property related to the commission of a variety of other criminal offenses including: murder, aggravated assault, criminal sexual conduct, criminal vehicular homicide, robbery, kidnapping, prostitution, bribery, fraud, and theft. The 1988 law also amended the formula used to distribute forfeited cash and the proceeds from the sale of forfeited property. The new formula directed that 70 percent of the cash and net proceeds be used by the law enforcement agency initiating the forfeiture action, 20 percent of the cash and net proceeds be distributed to the prosecuting agency, and the remaining 10 percent of the cash and net proceeds be forwarded to the state for deposit in the state’s General Fund.

- In 1992, legislative interest in the nature and extent of criminal forfeitures increased throughout the state. This increased interest resulted in a legislatively-imposed requirement that law enforcement agencies report all criminal forfeitures to the Office of the State Auditor. The new reporting requirement mandated that the reports be filed monthly and include the amount forfeited, date, and a brief description of the circumstances involved.
- In 1993, the Legislature passed legislation that prohibited law enforcement agencies from selling forfeited firearms. The provision required that all forfeited weapons, ammunition, and firearm accessories be destroyed unless retained for law enforcement purposes.
- In 1994, the Legislature amended the forfeiture statutes to require law enforcement agencies to report to the Office of the State Auditor “the number of firearms forfeited, and the make, model, and serial number of each firearm forfeited.”
- In 1995, the Legislature expanded DUI-related forfeiture statutes to include offenses involving snowmobiles, all-terrain vehicles, boats, and automobiles. A vehicle used in an incident that results in a third impaired driving conviction in 5 years or a fourth conviction within 15 years is subject to forfeiture. The legislation also required law enforcement agencies to report these forfeitures to the Office of the State Auditor on an annual basis.
- Due to the 1997 legislative repeal of Minn. Stat. § 84.912, subd. 10, and § 86B.337, subd. 10, the requirement to report information on DUI-related forfeitures to the Office of the State Auditor was eliminated.
- In 1999, the Legislature amended Minn. Stat. § 609.5315, subd. 1, to allow law enforcement agencies to sell forfeited firearms to federally-licensed firearms dealers. Hennepin and Ramsey County Boards were given authorization to ban the sale of forfeited firearms by their respective sheriff departments. The Boards subsequently voted to continue the ban.

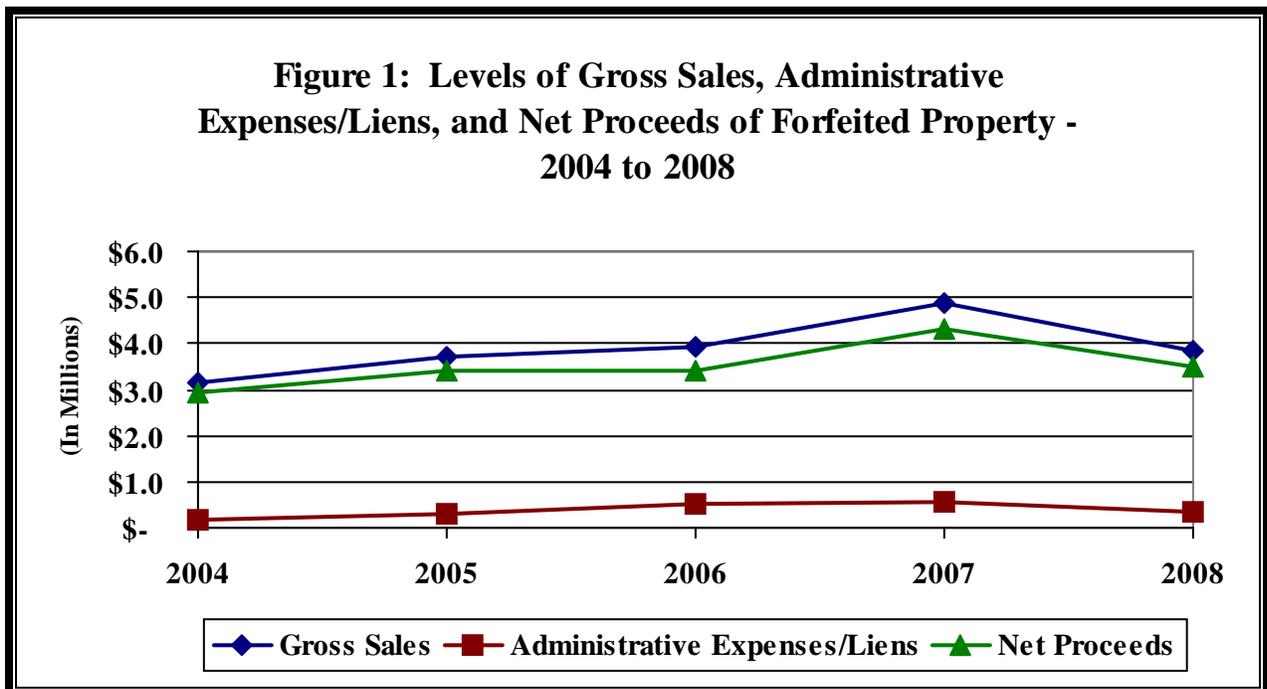

2008 Forfeiture Activity

In 2008, 225 Minnesota law enforcement agencies (8 more agencies than in 2007) reported a total of 3,823 incidents of property seized subject to forfeiture. While 8 more law enforcement agencies reported forfeiture incidents in 2008, the total number of incidents decreased by 1,108 forfeiture incidents, or 22.5 percent from the number reported in 2007. In addition to the 225 law enforcement agencies that completed forfeitures in 2008, 180 agencies reported that they had no forfeitures, and 95 did not file reports with the Office of the State Auditor.

Coinciding with the decrease in the number of forfeiture incidents completed in 2008 was a decrease in gross sales, administrative expenses, and net proceeds between 2007 and 2008.

- Gross sales of forfeited property or seized cash totaled \$3,823,463 in 2008, down 21.4 percent from the \$4,866,485 reported in 2007.
- Administrative expenses and lien holder's obligations decreased 35.0 percent between 2007 and 2008, dropping from \$547,835 in 2007 to \$356,362 in 2008.⁷
- Net proceeds totaled \$3,500,434 in 2008, which was 18.9 percent less than the \$4,318,651 reported in 2007.

Figure 1 below shows the five-year trend in the gross sales, administrative expenses/liens, and net proceeds of seized property that was either cash or was sold.

⁷ These costs represent the payment of seizure, storage, forfeiture, and sale expenses; satisfaction of valid liens against the property; or court-ordered restitution (Minn. Stat. § 609.5315, subd. 4).

Factors Affecting 2008 Forfeitures

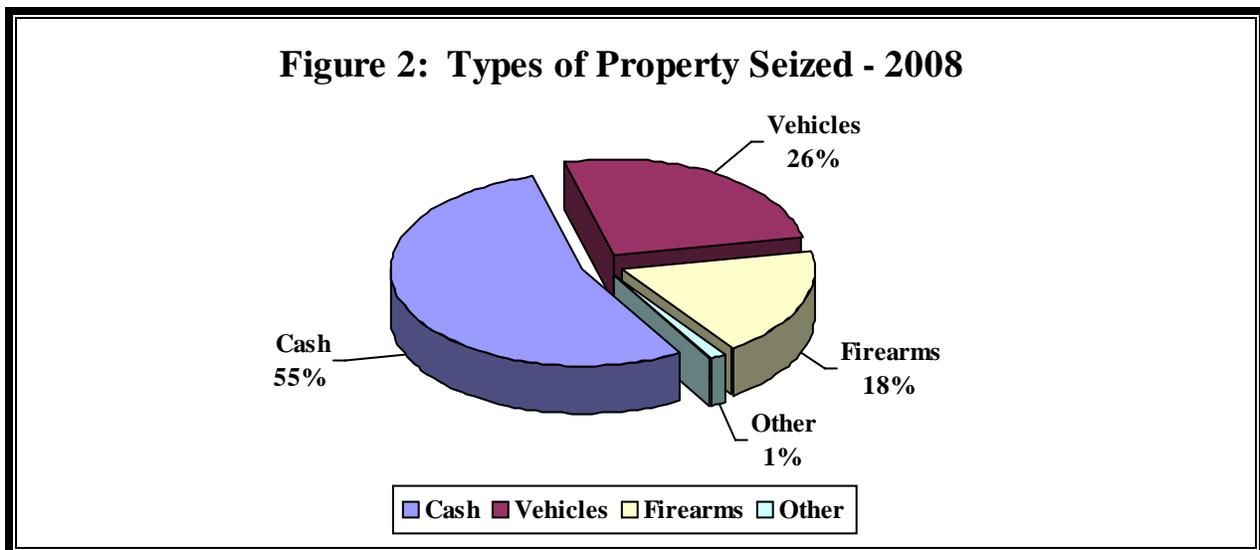

The decline in the number and value of forfeitures was related to several factors. The primary factor for the decline in the number of forfeiture incidents between 2007 and 2008 was that the Minneapolis Police Department did not complete any firearm forfeitures in 2008. The Department, which reported 809 firearm forfeitures in 2007, had none in 2008. The reason for this was the business that Minneapolis had used to destroy firearms stopped providing the service in 2008.⁸ Until the firearms are destroyed, final disposition is not complete and cannot be reported. The Minneapolis Police Department indicated that firearm forfeitures are being processed again and that their 2009 reporting will reflect two years of firearm forfeitures.

Based on discussions with several of the other agencies that showed large declines in forfeiture incidents between 2007 and 2008, the decline does not reflect a drop in property seizure activity but rather a backlog in processing forfeitures. These agencies indicated that due to a combination of funding and staffing issues in both the courts and law enforcement agencies, forfeiture cases were not processed as quickly as in the past.

Another factor that contributed to a decline in the number and value of non-firearm forfeitures was the Minneapolis Police Department had more forfeiture cases prosecuted through the federal courts than the previous year. The Department indicated that the value of forfeitures in 2008 was greater than in 2007 if the federal cases were included.⁹

Type of Property

Figure 2 below shows the type of property seized subject to forfeiture in 2008. The drop in firearm forfeitures between 2007 and 2008 changed the composition of forfeited property in 2008. Cash accounted for 55 percent (51 percent in 2007) of property seized, followed by vehicles at 26 percent (21 percent in 2007), firearms at 18 percent (26 percent in 2007), and other property at 1 percent (2 percent in 2007).

⁸ The firm that had previously handled the destruction of firearms has agreed to resume this service and processed its first batch in June of 2009.

⁹ Cases that are prosecuted at the federal level are not reported to the Office of the State Auditor.

A closer examination of forfeited property by type reveals differing trends for the major categories of forfeitures. A significant decrease in the number of cash forfeitures was the leading factor in the overall decline in the total net proceeds from forfeited property. The number of cash forfeitures in 2008 was down 16.8 percent from 2007. The net value of cash forfeitures decreased 23.9 percent over this period. In contrast, the net proceeds from vehicle forfeitures increased 13.7 percent due to lower expenses.

The table below shows the year-to-year change for the three most common types of forfeited property (cash, vehicles, and firearms) and all other property.

Year	Type of Property	Gross Sales	Expenses and Liens	Net Proceeds	Number of Forfeiture Incidents
2007	Cash	\$3,521,045	\$189,612	\$3,331,434	2,487

Forfeiture Proceeds Forwarded to the State

Pursuant to Minn. Stat. § 609.5315, subd. 5, cash or net proceeds from the sale of forfeited property (after administrative expenses and payment of liens are subtracted) are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to be forwarded within 60 days after resolution of the forfeiture to the Treasury Division of the Minnesota Management and Budget Department. In 2008, 3,263 incidents resulted in forfeitures, 299 resulted in an agreement, 152 incidents resulted in court-ordered return to the owner, and 109 resulted in other disposition.¹⁰

¹⁰ Agreements that are completed by the agency and the property owner may involve the agency keeping 100 percent of the proceeds or the relevant county or city attorney receiving 20 percent of the proceeds. These types of agreements result in no funds being forwarded to the state. Some agencies, especially those that do not own their own impound lots, incur a loss in holding the property before the forfeiture is completed and, therefore, have no proceeds to distribute.

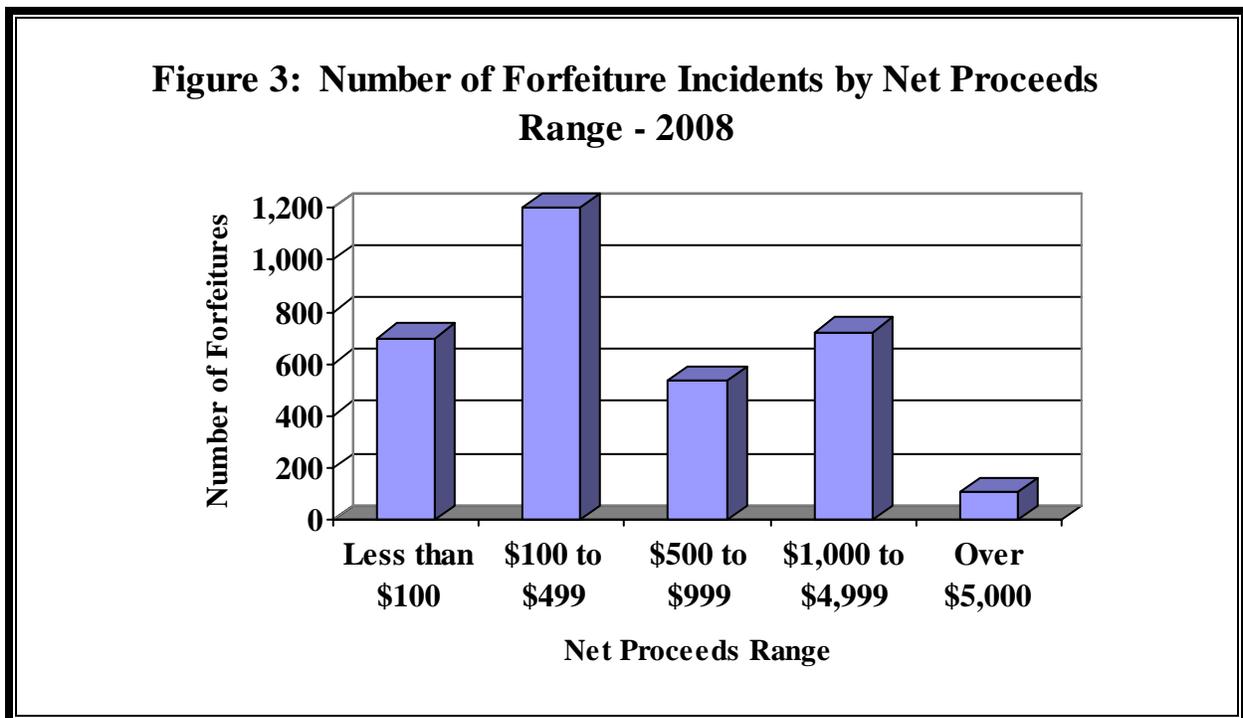

Of the 3,823 forfeiture incidents reported, 3,262 involved seized cash, property that was sold, or an agreement that required monetary compensation to the agency. The total value of net proceeds from these forfeitures was \$3,500,434. Net proceeds derived from forfeitures ranged from \$0 to \$108,620.¹¹ Net proceeds per forfeiture incident averaged \$1,073 in 2008, compared to \$1,237 in 2007.

Range in Net Proceeds Level

Law enforcement agencies receive funds derived from forfeitures in three primary ways: the forfeited item was cash, the forfeited item was sold, or an agreement required monetary compensation to the agency. An analysis of the net proceeds of these incidents showed the following:

- 700 (21.5 percent) forfeitures were less than \$100;
- 1,200 (36.7 percent) forfeitures ranged from \$100 to \$499;
- 534 (16.4 percent) forfeitures ranged from \$500 to \$999;
- 721 (22.1 percent) forfeitures ranged from \$1,000 to \$4,999; and
- 107 (3.3 percent) forfeitures were greater than \$5,000.

Figure 3 below shows the distribution of forfeitures by net proceeds range.

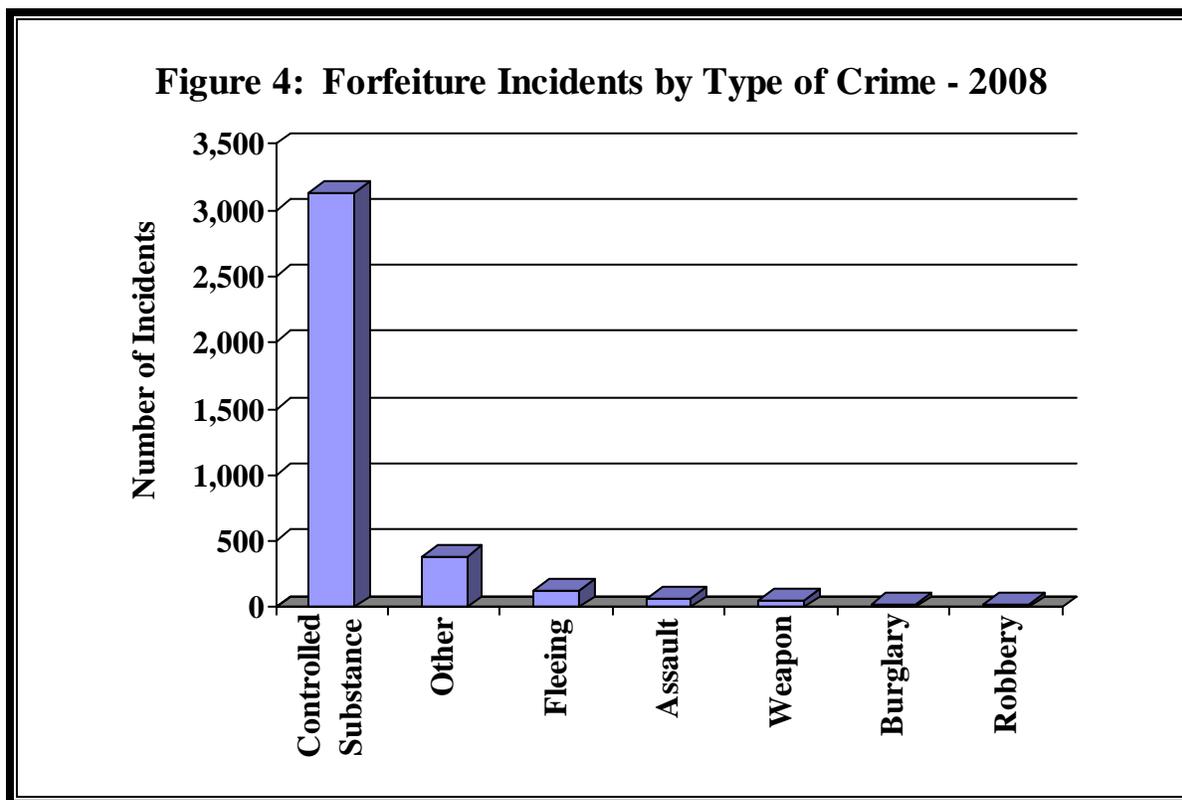

¹¹ In some cases, the reported expenses were greater than the gross sales amount, but the net amount was recorded as zero rather than a negative amount.

Criminal Forfeiture Activity by Law Enforcement Agency

The 225 law enforcement agencies reporting criminal forfeiture incidents in 2008 included county sheriff's departments, city police departments, various drug task forces, and the Minnesota State Patrol. The agencies with the most forfeiture incidents in 2008 were: the Minneapolis Police Department (406), the Minnesota State Patrol (337), the Southeast Minnesota Drug Task Force (224), the Dakota County Drug Task Force (146), and the Anoka-Hennepin Drug Task Force (122). Forfeiture incidents are an infrequent occurrence for most law enforcement agencies, with many smaller agencies forwarding forfeiture incidents to a narcotics task force (see map on page 183).

Type of Crime

Criminal activity involving a controlled substance accounted for 3,136 (82 percent) of the 3,823 forfeiture incidents reported in 2008. The remaining incidents involved weapons, assault, fleeing, burglary, robbery, and "other" crimes. The "other" category includes murder, prostitution, and crimes not classified or provided by the reporting agency. Figure 4 below shows forfeiture incidents by type of crime.

Forfeited Property Destroyed, Retained, or Forwarded to Other Agency

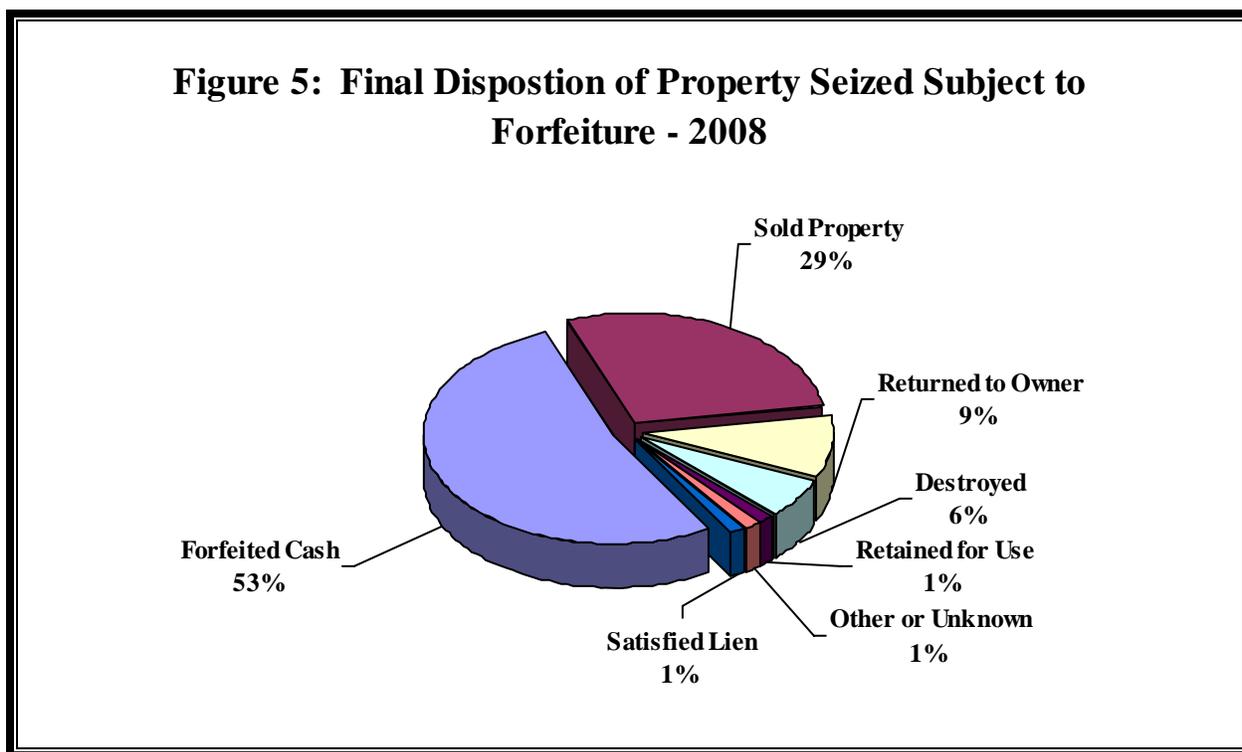

In addition to selling forfeited property, law enforcement agencies have the authority to destroy property that is harmful to the public, retain property for official use by the agency, return the seized property upon court order or agreement, or forward property to a state or federal agency (usually the Drug Enforcement Administration). When the final disposition of seized property is one of those listed, there are no net proceeds transmitted to the Treasury Division of Minnesota

Management and Budget. If property retained for official use is later sold, the net proceeds are apportioned according to Minn. Stat. § 609.5315, subd. 5.

In 2008, 137 forfeitures resulted in property being retained by the agency or forwarded to another agency, 227 forfeitures resulted in property being destroyed, 54 forfeitures were used to resolve liens against the property, and in 347 cases, the seized property was returned to the owner upon agreement or court order. The “other” category in Figure 5, which accounted for 114 forfeiture incidents, includes any other disposition of property not previously classified.

Final Disposition of Property

Law enforcement agencies reported final disposition for 3,823 incidents of seized property in 2008. In the figure below, the reported category of disposition is used. There are many instances where the final disposition could be classified differently. For example, a vehicle listed as “returned to owner” may have also included a monetary payment to the law enforcement agency per an agreement. Some agencies may have classified that as sold property. Figure 5 below shows the final disposition of all 3,823 forfeitures completed in 2008.

Property or Proceeds Shared With Other Agency

Law enforcement agencies frequently work together, especially on drug-related offenses. Law enforcement agencies working on a case often share the cash proceeds from drug-related criminal forfeitures. Sharing of property or proceeds occurs most frequently in narcotics task forces, where proceeds are split amongst the contributing agencies. The cash proceeds are divided among the cooperating agencies in accordance with Minn. Stat. § 609.5315, subd. 5.

Agencies Reporting No Forfeitures in 2008

Not all law enforcement agencies in the state process property for forfeiture. For 2008, 180 agencies reported that they did not process any property under the forfeiture statutes (see Appendix 1). As previously mentioned, reported forfeitures do not include DUI-related forfeitures. This does not mean that forfeitable offenses do not occur in these jurisdictions, but rather it is often cost-prohibitive for these agencies to take advantage of the forfeiture statutes due to their limited size. Many agencies forward their forfeitures to the task force in their jurisdiction. Appendix 2 contains a map of the narcotics task forces throughout the state.
