Minnesota Child Support Performance Report

Child Support Enforcement Division
Minnesota Department of **Human Services**

Contents

1	Scope of Services
2	Minnesota County Disbursements and Total Expenditures
6	Disbursements per Open Support Case
8	Disbursements per Case with Court Order
10	Child Support Caseload Comparisons
12	County Court Order Summaries
14	Current/Former/Never Assistance Case Analysis
16	County Case Flow Analysis
18	Federal and State Payments to Counties
20	Minnesota State and County Performance
22	County Results: Federal Performance Measures
26	County Results: Federal Measures Ranking
28	County Results: Paternity Ranking
30	County Results: Order Ranking
32	County Results: Current Ranking
34	County Results: Arrears Ranking
36	County Results: Cost Effectiveness Ranking
38	Preliminary Federal Fiscal Year 2008 State Comparison
42	National Ranking: Caseload
43	National Ranking: Collections Distributed
44	National Ranking: Unidentified Undistributed Collections
45	National Ranking: Paternity Measure
46	National Ranking: Order Establishment Measure
47	National Ranking: Current Support Measure
48	National Ranking: Arrears Measure
49	National Ranking: Cost Effectiveness Measure
50	Minnesota and Other States' Performance
52	Paternity Establishment Map
53	Order Establishment Map
54	Current Support Collections Map
55	Arrears Map
56	Cost Effectiveness Map
57	Glossary
64	Federal Performance Measures

Scope of Services

Child support services

- ♦ Locating parents
- ♦ Establishing parentage
- ♦ Establishing and enforcing court orders for child support, medical support and child care support
- ♦ Collecting and processing payments
- ♦ Reviewing and modifying court orders for child support, medical support and child care support
- ♦ Adjusting court orders based on the cost of living index
- ♦ Working with other states to enforce support when one parent does not live in Minnesota.

A comparison of performance

In Federal Fiscal Year (FFY) 2008, the United States:

Collected	\$26.6 billion in child support
Spent	\$5.9 billion to fund child support services
Served	15.7 million Title IV-D child support cases.

By comparison, in FFY 2008 Minnesota:

Collected	\$614.6 million (13 th highest in the nation)
Spent	\$162.2 million to fund child support services
Served	247,950 Title IV-D child support cases (23 rd highest in the nation).

Note: All terms used in this report are defined in the glossary.

Minnesota State and County Performance

SFY 2009

Collections and Caseloads

In 2009, Minnesota continued to see growth in total collections disbursed and a slight reduction in open case-load. Collections reached a record \$629 million as the number of cases decreased to approximately 247,000. Chart 1 shows the growth in collections and caseload totals for the past eleven state fiscal years.

Chart 1. Caseload and Collections Growth
SFY 1998 through 2009

Chart 2. Collections by Source
SFY 2009

The majority of collections come from income withholding, that is, employers withholding child support obligations from the paycheck of a non-custodial parent. Chart 2 compares the sources of child support collections. When parents owe past due support, federal and state tax intercepts are important sources of collections.

Minnesota State and County Performance

SFY 2009 - continued

Expenditures and Collections

SFY 2009 expenditures for county and state child support offices totaled about \$164.6 million. Total collections disbursed reached about \$628.8 million, for an overall cost effectiveness ratio of \$3.82.

Chart 3. Expenditures and Collections
SFY 1998 through 2009

Child Support Debt

As of June 30, 2009, the total amount of child support debt was \$1,662,197,031. Charts 4, 5, and 6 show that most of the total due is child support, most debt is more than one year old, and depicts the debt split between money owed to custodial parents and public assistance.

Chart 4. Child Support Debt by Obligation Type

Chart 5. Age of Child Support Debt (SFY 2009)

Chart 6. Child Support Debt by Debt Type (SFY 2009)

Minnesota and Other States' Performance

FFY 2008

In Federal Fiscal Year (FFY) 2008, Minnesota ranked second in managing distributed collections as measured by 'unidentified undistributed collections' using the criteria as follows:

An **Undistributed Collection** is any collection received by the State during the period of performance that has not been both distributed and disbursed by the last day of the current quarter. An **Undistributed Collection Pending Distribution** is any collection that has been identified and allocated to a particular account and which the State reasonably expects to distribute and disburse through normal processing at a date certain or a date determined by laws in the near future. An **Undistributed Collection Unresolved** is any collection that either has not been fully identified or allocated or does not have a definite disbursement date due to insufficient information. Finally, an **Unidentified Undistributed Collection** is that portion of the undistributed unresolved collection reported that has been received in a manner that prevents the State from identifying the specific case to which the collection should be allocated. It is expected that the amount reported will remain in this status for an indefinite period until identification becomes possible or until the collection meets the State criteria to be escheated as "abandoned property." (Also see Table 1 in the glossary under 'Unresolved Undistributed Collections' for additional reference).

Chart 7 compares Minnesota's Undistributed Collections (UDC) vs the National average in three categories: 1) Resolved, 2) Unresolved and 3) Age. Chart 7 depicts that Minnesota performs well vs the national average in all categories and is a national leader in managing collections.

Chart 7. Minnesota Ranks Second in Distributing Collections to Families

Minnesota and Other States' Performance

FFY 2008 - continued

In Federal Fiscal Year (FFY) 2008, Minnesota continued to perform above the national average in collections per open case, collecting an average of \$2,479. Chart 8 also shows how Minnesota compares to the other top performing states and to the national average of \$1,694. (The most recent data available is for FFY 2008.)

Chart 8. **Top Five Performing States, Collections per Open Case**

Minnesota Ranks Third in Collections Per Open Case

FFY 2008

The following maps show how each Minnesota county performed on the five federal performance measures. The maps are shaded to highlight differences in performance on an individual county basis. To find each county's individual score, please refer to the data table that supports these maps, on pages 20 through 23, entitled "County Results: Federal Performance Measures." Please note, however, that each map's legend box will add up to 84 counties (and not 87), because five counties provide services together as two discrete regional entities: Faribault and Martin counties are one regional entity, and Lincoln, Lyon and Murray counties make up the other regional entity.

Glossary

Aid to Families with Dependent Children (AFDC) - The former national income maintenance program, replaced with Temporary Assistance for Needy Families (TANF) as part of the 1996 welfare reform legislation passed by the United States Congress.

Arrears collection measure - The total number of cases that had a collection on arrears during the federal fiscal year, divided by the number of cases that had arrears due.

Average disbursement per case with order - The total collections disbursed during the state fiscal year, divided by the number of open support cases with a support order in place.

Average disbursement per open case - The total collections disbursed during the state fiscal year, divided by the total number of open cases.

Cases per Full Time Equivalent (FTE) - The total number of active IV-D cases during the federal fiscal year, divided by the total Full Time Equivalent (FTE) Staff associated with child support activities.

Case Count Beginning - The total number of active IV-D cases at the beginning of the state fiscal year.

Cases Reopened - The total number of IV-D cases reopened during the state fiscal year.

Cases Closed - The total number of IV-D cases closed during the state fiscal year.

Case Count End - The total number of IV-D cases at the end of the state fiscal year.

Children in open IV-D cases not born in marriage - The number of children in open IV-D cases that were not born in marriage during the federal fiscal year.

Children in open IV-D cases with paternity established - The number of children in open IV-D cases that were not born in marriage with paternity established during the federal fiscal year.

Collections disbursed - The number of dollars collected and sent to persons or agencies for child support during the state or federal fiscal year.

Collections/expense ratio (CSPIA) - The total dollars collected by each state during the federal fiscal year, divided by the total dollars spent by each state to provide child support services. CSPIA is the Child Support Performance and Incentives Act.

Collections per current assistance case - The total collections disbursed for current assistance cases during the federal fiscal year, divided by the number of current assistance cases. This is also referred to as “*collections per current assistance case*” in the federal fiscal year section of this report.

Collections per former assistance case - The total collections disbursed for former assistance cases during the federal fiscal year, divided by the number of former assistance cases. This is also referred to as “*collections per former assistance case*” in the federal fiscal year section of this report.

Collections per never assistance case - The total collections disbursed for never assistance cases during the federal fiscal year, divided by the number of never assistance cases. This is also referred to as “*collections per never assistance case*” in the federal fiscal year section of this report.

Cost effectiveness measure - The total dollars collected during the federal fiscal year divided by the total dollars spent for providing child support services during the same year. It is also called the “*CSPIA collections/expense ratio*” in this report.

Glossary - continued

Cost per case - The total dollars spent for providing child support services during the federal fiscal year, divided by the number of open cases at the end of the federal fiscal year.

County expenditures + allocation - The total SFY county expenditures plus the total state cost allocation per case.

County % of state caseload - The total number of county cases divided by the total number of cases in the state.

Court order caseload - The total number of cases currently served by Minnesota's child support program that have a support order in place at the end of the state fiscal year.

Current assistance case - A case in which the children are: (1) recipients of Temporary Assistance for Needy Families (TANF) under title IV-A of the Social Security Act or (2) entitled to Foster Care maintenance payments under title IV-E of the Social Security Act. In addition, the children's support rights have been assigned by a caretaker to the state and a referral to the state IV-D agency has been made.

Current assistance collections - The total amount of collections made on current assistance cases during the federal fiscal year.

Current support - An ongoing court-ordered obligation for support due each month and either received by the Minnesota Child Support Center or withheld by the obligor's employer or other payor of funds.

Current support collected - The total dollars collected and disbursed toward current support obligations during the federal fiscal year.

Current support due - The total dollars due in current support obligations during the federal fiscal year.

Data Reliability Audit (DRA) - Title IV-D of the Social Security Act, requires the Office of Child Support Enforcement's (OCSE) Office of Audit to conduct an annual audit to evaluate the completeness, reliability, security and accuracy of the performance measure data reported by the states.

Disbursement - The process that sends funds to a payee by warrant (check) or electronic funds transfer.

Disbursement expenditure ratio - The total collections disbursed during the state fiscal year, divided by the total dollars spent for child support services. This is also referred to as "*the cost effectiveness measure*" and "*the collections/expense ratio*".

Dollars collected per case - The total dollars of collections disbursed by each state during the federal fiscal year, divided by each state's total caseload.

Establishment measure - The total number of open cases with orders established as of the end of the federal fiscal year, divided by the number of open cases.

Expenditures - Dollars spent by County and State Administrations for providing child support services during the state or federal fiscal year. They are also referred to as "*costs*" in this report.

Federal Fiscal Year 2008 (FFY 2008) - The time period from October 1, 2007 through September 30, 2008.

Glossary - continued

Federal incentive - The total amount of money each county earned by its performance during the state fiscal year on the five federal performance measures. For the definition of these measures, please refer to the inside back cover page of this report.

Federal performance measures - The five measures used to evaluate the performance of each state IV-D agency:

- paternity establishments
- order establishments
- current support collections
- arrears collections
- cost effectiveness.

Federal tax offset - Collections made through intercepting federal tax refunds of parents who are behind in their child support payments.

Former assistance case - A case in which the children were formerly receiving title IV-A (AFDC or TANF) or title IV-E Foster Care services.

Former assistance collections - The total amount of collections made on cases that received MFIP, AFDC or IV-E Foster Care at some point in the past.

Full Time Equivalents (FTE) - The total number of each state's or county's staff dedicated to providing child support services during the federal fiscal year.

Full Time Equivalents (FTE) - child support workers 6/30/2008 - The number of Full Time Equivalent staff dedicated to working directly on and supporting child support cases.

Full Time Equivalents (FTE) - cooperative agreement workers 6/30/2008 - The number of Full Time Equivalent staff on contract to support the effort associated with child support cases.

Full Child Support (IV-D) Services - Services provided by state and county child support agencies for the purpose of processing child support, and spousal maintenance if child support is also being collected on the same case. Full services include:

- locating parents
- establishing paternity
- establishing court orders
- reviewing and modifying support orders
- enforcing support orders
- working with other states to enforce support orders
- collecting and processing payment for support orders

Income withholding - The deduction of the current basic support, child care support, medical support, or spousal support obligation and arrears from an obligor's wages or other sources of income.

Income Withholding-only Services - Child support agencies provide income withholding-only services to record and process child support and maintenance payments that an obligor's employer or payor of funds withholds from the obligor's wages. The child support agency charges the obligor \$15 per month. The child support agency does not provide any other services or enforcement activities for income withholding-only cases.

Glossary - continued

IV-D - Title IV-D of the Social Security Act. It mandated creation of state-operated child support programs throughout the country, which maintain IV-D cases.

IV-D Services - Services provided by state and county child support agencies to process child support and spousal maintenance payments. Full services include locating parents; establishing paternity; establishing court orders; reviewing and modifying support orders; enforcing support orders; working with other states to enforce support orders; and collecting and processing payments for support orders. Also called “Full Child Support Services.”

IV-D Case - A case where a party has assigned to the state rights to child support because of the receipt of public assistance or has applied for child support services. PRISM assigns a unique 12-digit case number to each IV-D case.

Medicaid - The United States health program for individuals and families with low incomes and resources. It is an entitlement program that is jointly funded by the states and federal government, and is managed by the states. Among the groups of people served are eligible low-income parents, children, seniors and people with disabilities.

Minnesota Family Investment Program (MFIP) - The state’s welfare reform program for low-income families with children. MFIP helps families move to work and focuses on helping families. It includes both cash and food assistance. When most families first apply for cash assistance, they will participate in the Diversionary Work Program (DWP). This is a four-month program that helps parents immediately go to work rather than receive welfare.

Never assistance case - A case in which the children are receiving services under the title IV-D program, but are not currently eligible for and have not previously received assistance under titles IV-A or IV-E of the Social Security Act. This includes cases in which the family is receiving IV-D services as a result of a written application for IV-D services (including cases in which children are receiving state, not title IV-E, foster care services) or a case in which they are Medicaid recipients not receiving additional assistance.

Never assistance collections - The total amount of collections made on never assistance cases during the federal fiscal year.

New Cases Added - The total number of IV-D cases added to the measured caseload during the state fiscal year.

Open caseload to total FTE staff ratio 6/30/2009 - The total number of open cases as of 6/30/2009, divided by the total number of FTE staff, including cooperative agreement staff.

Open caseload to worker ratio 6/30/2009 - The total number of open cases as of 6/30/2009, divided by the number of FTE child support workers. This ratio excludes cooperative agreement staff.

Open cases - The total number of cases being served by Minnesota’s child support program as of the end of the state or federal fiscal year.

Open cases with arrears due - The total number of open cases that have arrears due during the federal fiscal year.

Open cases with collections on arrears - The total number of open cases with arrears due that also had a collection toward arrears during the federal fiscal year.

Glossary - continued

Open cases with current support due - The number of cases that have a court order and have a current charging amount due.

Open cases with current support disbursed - The number of cases that have a court order that also received a current support disbursement during the state fiscal year.

Open cases with no court order - The number of open cases at the end of the state fiscal year that requires services to establish a child support order.

Open cases with orders established - The number of open cases that also have a court order establishing child support. This is also referred to as “*court order caseload*” in this report.

Other state collections - Collections made by other states for a Minnesota case.

Paternity - The status of being a father. This status exists whether the child is biological or adopted.

Paternity measure - The number of children in open IV-D cases not born in marriage with paternity established during the current federal fiscal year, divided by the number of children in open IV-D cases not born in marriage as of the end of the previous federal fiscal year.

Percentage disbursed of current support due - The total collections disbursed in current support during the state or federal fiscal year, divided by the total dollars of current support due.

Percentage of open cases with court order - The number of cases with court orders established at the end of the state fiscal year, divided by the number of open cases.

Percentage of open cases with current support disbursed - The number of cases that have a court order and received a current support disbursement during the state fiscal year, divided by the total number of court order cases with a current charging amount.

PRISM - Minnesota’s statewide child support computer system. PRISM is an acronym for **P**roviding **R**esources to **I**mprove **S**upport in **M**innesota.

Regular collections - These are collections received by the Child Support Payment Center paid directly by the obligor. It does not include payments received from other payors, income withholding, worker’s compensation, unemployment insurance, Minnesota Collection Enterprise, tax offset, a financial institution, or other states.

State cost allocation per case - The total SFY state expenditures multiplied by the county % of caseload.

State establishment incentive - A \$100 bonus paid from the State of Minnesota to counties for each support order they establish during the state fiscal year.

State medical support incentive - A \$50 per child bonus paid from the State of Minnesota to counties for each medical assistance or MNCARE child for whom health insurance is either identified or enforced during the state fiscal year.

State modification incentive - A \$100 bonus paid from the State of Minnesota to counties for each modification where the county successfully completes a legal action resulting in a court order modification during the state fiscal year.

Glossary - continued

State public assistance (PA) incentive - An incentive paid from the State of Minnesota to counties based on “total public assistance collections” defined as current and former assistance recoveries and foster care recoveries during the state fiscal year. Medical assistance recoveries are not included in determining the incentive.

State Paternity incentive - A \$100 bonus paid from the State of Minnesota to counties for each parentage order they establish and for each Recognition of Parentage form signed in their county office during the state fiscal year.

State Fiscal Year 2009 (SFY 2009) - The time period from July 1, 2008 through June 30, 2009.

State tax offset - Collections made through intercepting state tax refunds to pay child support arrears.

Temporary Assistance for Needy Families (TANF) - The program provides time-limited public assistance payments to families based on Title IV-A of the Social Security Act. It also provides parents with job preparation, work, and support services to help them become self sufficient. Applicants for TANF are automatically referred to the state IV-D agency to establish paternity and child support for their children, if not already established, or to open a IV-D case for enforcement, if established. TANF replaced Aid to Families with Dependent Children (AFDC) in 1996.

Total Case Transactions - The total number of IV-D cases added, reopened and closed during the state fiscal year.

Total caseload - The number of each state’s open cases, as of the end of the federal fiscal year.

Total collections - The total dollars collected by each state during the federal fiscal year.

Total disb expenditure ratio SFY2009 - The total county collections disbursed divided by the SFY total county expenditures plus the total state cost allocation per case.

Total expenditures - The total money spent by each state to provide child support services during the federal fiscal year.

Total federal and state incentives - Each county’s sum of all federal and Minnesota funded incentives received during the state fiscal year.

Total FTE staff 6/30/2009 - The total number of Full Time Equivalent staff dedicated to overseeing and working on child support issues, although sometimes not directly with child support cases. This total includes cooperative agreement staff.

Total state incentive - Each county’s sum of all the Minnesota funded incentives received during the state fiscal year.

Unemployment compensation offset - Collections made through intercepting a portion of a parent’s unemployment compensation check to pay toward their child support obligation.

Glossary - continued

Unresolved Undistributed Collections - The portion of net undistributed collections that either have not been fully identified or allocated and do not have a definite disbursement date due to insufficient information (see Table I below for calculation methodology). These undistributed collections include but are not limited to:

- unidentified collections
- collections being held pending the location of the custodial or noncustodial parent
- collections initially disbursed by check that remain uncashed and are now considered stale-dated and non-negotiable in accordance with State law and procedures
- collections with inaccurate or missing information, including, but not limited to, information to be supplied by an employer or where the amount of the payment does not equal the transmittal amount; collections received on cases with no open or active account; and other data issues
- other collections remaining undistributed.

Table I

State	Total FFY2008 Distributed Collections	Net UDC as of 9/30/2008	Pending UDC		Unresolved UDC	
			Amount	As a percent of Net UDC	Amount	As a percent of Net UDC
Minnesota	\$ 614,573,014	\$ 10,376,418	\$ 10,189,667	98.2%	\$ 186,751	1.8%
National	\$ 26,560,705,858	\$ 704,018,474	\$ 401,069,546	72.0%	\$ 156,101,632	28.0%

Federal Performance Measures

Minnesota's Child Support Division participates in the federal incentive funding system based on program performance as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA). The federal Office of Child Support Enforcement's (OCSE) Action Transmittal 01-01, dated January 3, 2001 contains the federal regulations that govern the system. Since Federal Fiscal Year 2000, states are evaluated and compete for federal incentive funds based on the five performance measures described on the following page.

In addition to meeting these OCSE performance standards, for purposes of incentives and penalties, a state's data must meet a 95 percent DATA RELIABILITY standard, beginning in the fiscal year 2001. Reliable data means the most recent data available found to be reliable for the purposes of computing each of the Federal performance measures. Data must be found to be sufficiently complete and error free to be convincing for their purpose and context. Federal auditors are required to conduct audits to assess completeness, reliability, and security of the data, and the accuracy of the reporting systems used in calculating performance indicators. Failure to meet any of the five federal performance standards or the 95 percent data reliability standard puts Minnesota at risk of losing its eligibility for incentive funds and at risk for incurring significant penalties to its TANF grant if no improvement is made during the corrective action year. If the state falls below one or more of the performance measures, or does not meet the data reliability criteria, an automatic corrective action period of one year will ensue. If not corrected during that period, a penalty will be imposed at the end of the year. For example, the corrective action period for the data reliability audit done for FFY 2006 would end September 30, 2007. If the state fails the audit in FFY 2008, the penalty would be imposed in FFY 2009. The penalty level by which payments will be reduced is one to two percent of the TANF grant for the first finding; two to three percent for the second consecutive finding; and three to five percent for the third and subsequent consecutive findings. Total penalties may not exceed 25 percent of the TANF grant.
