Introduction

In response to the statutory requirement, the department created a new Uniform Financial Accounting and Reporting (UFARS) code to monitor special education litigation costs. Entities reporting financial data to the department of education are requested to use object code 306 for special education litigation costs. The definitions of the account code in the UFARS manual is as follows:

Include all Special Education expenditures incurred for time spent by legal counsel in consideration of litigation, during litigation and in post-litigation work, including appeals and discussions regarding potential appeals. Costs should include the legal fees associated with a request for a due process hearing whether or not it settles the issue, and any expense incurred when seeking counsel in consideration of filing.

Fiscal Year 2008 was the initial year of this UFARS code for Special Education Litigation Costs.
