Agricultural Fund Statement - November 2010
Minnesota Department of Agriculture

NOTES

1. Legal citations

Minnesota Statutes, Section 17.03:

Subd. 13 Semiannual reports. (a) The commissioner shall submit to the legislative committees having jurisdiction over appropriations from the agricultural fund in section 16A.531 reports on the amount of revenue raised in each fee account within the fund, the expenditures from each account, and the purpose for which the expenditures were made. The reports must be issued in February and November each year, to coincide with the forecasts of revenue and expenditures prepared under section 16A.103.

(b) The report delivered in February of each year must include the commissioner's recommendations, if any, for changes in statutes relating to the fee accounts of the agricultural fund.

2009 Legislative changes made to these accounts can be found in Laws of Minnesota for 2009, Chapter 94, Article 1.

2. Fertilizer Inspection Account (page 3)

2009 law increased the tonnage fee in M.S. 18C.425 from 30 to 70 cents per ton (for ten fiscal years) and changed M.S. 18C.421 so that all a fiscal year's tonnage fees are collected by the department in the July after the year ends (shifting revenue forward). Annual appropriations were also made for \$800,000 or 57% of the tonnage fees collected the previous year, whichever is less, for fertilizer research grants.

3. Pesticide Regulatory Account (page 4)

2009 law changed several provisions in M.S. 18B (notably 18B.26).

4. Waste Pesticide Cooperative Agreement Account (page 5)

2009 law set a new \$50 surcharge on each pesticide product registered in the state. This money is to be deposited in a separate waste pesticide cooperative agreements account and is dedicated for local waste pesticide programs through cooperative agreements.

5. Ag Chemical Response & Reimbursement Account (page 6)

2009 law added an eligible use for ACRRA funds (incident response program costs for ACRRA-eligible sites), expanding the cap on administrative costs to include this use and increasing the cap for the two uses by \$225,000. A small amount of new revenue was added as a result of new pesticide licenses paying the surcharge.

Laws of 2010, Chapter 215, Article 5, Section 3 requires a transfer of \$1,046,000 from the ACRR account to the General Fund.

6. Nursery-Phytopathology Account (page 8)

Laws of 2010, Chapter 333, Article 1, Section 10, amended M.S. 18G.07 to initiate a fee for tree care company registrations.

7. Grain Buyers & Storage Account (page 13)

Responsibility for this activity was transferred from the Marketing Division to the Plant Protection Division during FY2010.

8. Dairy Services Account (page 15)

2009 law increased the reinspection fee in M.S. 32.394 and made the fee different depending whether a farm has 100+ cows or fewer than 100 cows. This is a very minor fee for this account.

9. Food Handler Reinspection Account (page 17)

2009 law increased the reinspection fees in M.S. 28A.085.

10. Minnesota Grown Account (page 24)

\$186,000 is annually appropriated from the General Fund for 2010 and 2011 but does not appear as transferred into this account until the year is closed. Spending projections for future years assume this base level appropriation from the General Fund will continue. If General Fund support is decreased, all receipts will likely decrease and expenditures will have to be lowered to balance the budget.

Agricultural Fund Statement - November 2010
Minnesota Department of Agriculture

NOTES

11. Fund Transfers (page 2)

In addition to the 2011 transfer from the ACRRA account to the General Fund (see note 5), 2010 law also requires a 2013 transfer from the Agricultural Fund to the General Fund in the amount of \$2,092,000. The 2013 amount appears only on the summary page because the source of the transfer is not specified and is yet to be determined.
