DIRECTORY OF MINNESOTA ORGANIC FARMS

THE MINNESOTA DEPARTMENT OF AGRICULTURE developed this directory to benefit organic farmers and buyers in Minnesota.

ARE YOU A FARMER? Use it to:

- Assess production and market opportunities, as well as areas of saturation.
- Contact other growers.
- Form production and/or marketing alliances.

ARE YOU A BUYER? Use it to:

- Identify farmers growing organic products you want to buy.
- Find groups of organic farmers in a particular county or region.
- Contact farmers.

PLEASE NOTE

This directory is intended for farms who sell to each other and to processors, traders, retailers, chefs, and other intermediate or large-scale buyers. If you are seeking organic or other local products for home use, try the Minnesota Grown Directory at www.minnesotagrown.com

NOTE: This is a voluntary directory that lists 256 of the estimated 630 certified organic farms in the state. No farm was listed without its permission.

An electronic version of the directory is available at www.mda.state.mn.us/food/organic

TO COMMENT on this directory, request additional copies, or to be listed in future editions call 651-201-6012.

ABOUT THE MINNESOTA DEPARTMENT OF AGRICULTURE

Our mission is to enhance Minnesotans' quality of life by ensuring the integrity of our food supply, the health of our environment, and the strength of our agricultural economy.

MDA services start before the crop even goes into the ground. We help ensure that farmers have quality seed, fertilizer, pesticides and animal feed so that the final product is also high quality.

We continue our service after the plants and animals leave the farm. In the processing and distribution segments of the food chain, we perform duties such as dairy and food processing facility inspections and international market development.

In Minnesota, **it is legal** for brokers, buyers, and commercial food establishments (including restaurants, caterers, schools, food service, institutions, daycares, grocery stores, food markets, bakeries, etc.) **to buy directly from farmers**. For information about the requirements regarding direct sales, see the following or call the MDA Dairy and Food Division at 651-201-6027.

Providing Safe Locally-Grown Produce to Commercial Food Establishments and the General Public

To protect the interests of farmers any **wholesale dealer or food processor** who purchases or contracts with other Minnesota dealers or farmers for livestock, grain, fresh fruits and vegetables, milk and cream (or their products), poultry, and/or eggs **must be licensed**.

Retailers must be licensed if they purchase more than \$500 per month directly from Minnesota farmers.

For information about licensing and bonding requirements, see www.mda.state.mn.us/licensing/amlicenses.htm or call the MDA Marketing Services Division at 651-201-6620.
