INDEPENDENT AUDITORS' REPORT

Minnesota State Senate State of Minnesota St. Paul, Minnesota

We have audited the accompanying balance sheets, statements of revenue, expenditures, and changes in fund balance – budget and actual, and statements of expenditures of the Minnesota State Senate, State of Minnesota for the years ended June 30, 2006 and 2005. These financial statements are the responsibility of the Senate's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1B, the financial statements of the Minnesota State Senate, which is a department of the general fund of the State of Minnesota, are intended to present the financial position, and the change in financial position of only that portion of the general fund of the State of Minnesota that is attributable to the transactions of the Minnesota State Senate. They do not purport to and do not present fairly the financial position of the State of Minnesota as of June 30, 2006 and 2005 and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Minnesota State Senate, State of Minnesota as of June 30, 2006 and 2005 and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Minnesota State Senate, State of Minnesota, has not presented the management's discussion and analysis that accounting principles generally accepted in the United States of America require to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2006 on our consideration of the Minnesota State Senate's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

The statistical information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Minnesota State Senate. The information has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we express no opinion on it.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 and 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Minnesota State Senate (Senate) was established in 1858. It consists of 67 members who are elected by Minnesota voters to serve four-year terms making laws of the State of Minnesota (the State) and its people, and proposing amendments to the State constitution.

B. Basis of Presentation and Basis of Accounting

The Minnesota State Senate is part of the general fund of the State of Minnesota. The general fund appropriations for the Senate, the use of the appropriations, and the balances of current expendable resources and related current liabilities are reported in the financial statements. Noncurrent assets and liabilities resulting from agency activities are assets and liabilities of the State of Minnesota as a whole and are not included in this report.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The financial statements of the Minnesota State Senate have been prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to governmental units. The State of Minnesota general fund appropriations to the Senate for the fiscal years ended June 30, 2006 and 2005 have been recorded as revenues. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. Exceptions to this general rule include accumulated unpaid vacation, sick pay and other employee benefits, which are recorded as expenditures when they are paid.

The unspent portion of the appropriation is carried forward indefinitely and, in accordance with specific approval procedures, is available currently for unbudgeted, major expenditures. The cumulative amount of the unspent portion of appropriations is included in the balance sheet. Unspent appropriations not carried forward and unencumbered at the end of a biennium shall be returned to the fund from which appropriated (see Note 4). The Senate's expenditures are classified according to the State administrative guidelines. Senate funds are disbursed by the State's Department of Finance.

C. Measurement Focus

The measurement focus of all governmental funds is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays, debt proceeds, and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue or a reservation of fund equity. Liabilities for claims, judgments, compensated absences, and pension contributions which will not be currently liquidated using expendable available financial resources are not recorded as expenditures or current liabilities. The related expenditures are recognized when the liabilities are liquidated.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 and 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. Budgetary Accounting

The Senate adopts a budget for each year of the State's fiscal biennium that reflects the total amount that can be expended by the Senate. Budgets for each year in a biennium are prepared by the Senate's administrative staff. The budget is first reviewed and approved by the Rules and Administration Senate Budget Subcommittee. Based on the Subcommittee's recommendation, the Rules and Administration Committee adopts an operating budget for the Senate. The budget is then referred to the Senate Finance Committee. The budget must be approved by the Senate Finance Committee, the Senate and the State House of Representatives, and signed by the Governor. The approved budget is submitted to the State's Department of Finance and an appropriation for the budgeted amount is awarded for each year in the biennium.

Expenditures cannot legally exceed the total initially appropriated unless supplemental appropriations are approved by the State Commissioner of Finance or unspent appropriations carried forward from previous years are available.

The budget is prepared in accordance with generally accepted accounting principles. Budgetary control is at the appropriation level. Unexpended appropriations from the first year (year ended June 30, 2006) of the biennium are carried over and are available for operations in the second year (year ended June 30, 2007) of the biennium.

E. Compensated Absences

Permanent employees accrue vacation and sick leave according to State administrative guidelines. Senators and temporary employees do not accrue vacation or sick leave. Upon severance, permanent employees are compensated for all of their earned but unused vacation up to a maximum of 275 hours and a percentage of their accumulated sick leave depending upon length of State service and the nature of their severance (voluntary or involuntary).

F. Capital Assets

Capital asset acquisitions, consisting of furniture and equipment, are recorded as expenditures, consistent with the procedures for governmental fund-type accounting. These capital assets are property of the State of Minnesota and are reported in the State's basic financial statements.

G. Accounting Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of status of appropriations at the date of the financial statements, the reported amounts of appropriations and other receipts and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 and 2005

NOTE 2 - RETIREMENT PLANS

Except as described below, Senators are covered by the Legislative Retirement Plan, a defined benefit plan established and administered in accordance with Minnesota Statutes Chapter 3A, which is administered by the Minnesota State Retirement System (MSRS). Senators contribute nine percent of their salaries to the plan. These contributions are deposited into the State's General Fund. Upon retirement of a senator, funds equal to the present value of future benefits to be paid to that senator are transferred from the General Fund to the Minnesota Post Retirement Investment Fund. The Senate makes no direct contribution to the plan and is not responsible for any unfunded liability of the plan. In fiscal year 2000, this Plan was amended to serve only existing members. No new participants are allowed. New Senators are covered by the Retirement Plan described below.

All permanent employees and members of the Senate are covered by one of the defined contribution plans, established by Minnesota Statutes Chapter 352D, which is also administered by MSRS. Employees contributed 4% of their salaries and the Senate contributed 6% or 4% of salaries each year depending on the plan the employee or member is covered under.

The employees' and Senate's contributions were \$463,104 and \$693,277, respectively, in 2006; \$451,938 and \$679,574, respectively, in 2005; \$431,444 and \$645,097, respectively, in 2004; and \$501,275 and \$751,912, respectively, in 2003. The Senate made all required contributions.

The permanent employees and members of the Senate are eligible to participate in the Senate's deferred compensation plan as permitted by Minnesota statutes. Eligible employees may elect to have a percentage of their pay contributed to the plan. Contributions are invested in MSRS or qualifying annuity contracts selected by plan participants. Eligible employees can elect to contribute up to 40 hours of vacation pay to the plan or have the Senate match the first \$300 contributed to the plan each calendar year. Employee contributions for 2006 and 2005 were \$859,432 and \$838,645, respectively. The vacation pay and Senate matching contributions totaled \$42,619 and \$52,454, respectively, for the fiscal year ended June 30, 2006 and \$37,406 and \$54,330, respectively, for the fiscal year ended June 30, 2005. The Senate made all required matching contributions.

NOTE 3 – COMPENSATED ABSENCES

The Senate's liability for unpaid vacation and sick leave is reported in the State's basic financial statements. The Senate recognizes expenses for compensated absences as they are paid.

The accrued liabilities at June 30, 2006 and 2005 for vacation and sick leave, which would be payable as severance pay, are as follows:

	2006			
Vacation	\$ 894,773	\$	920,678	
Sick Leave	 914,138		893,427	
	\$ 1,808,911	\$	1,814,105

NOTE 4 – RECONCILIATION OF SENATE STATEMENTS TO DEPARTMENT OF FINANCE BUDGETARY REPORTS

The accompanying financial statements are prepared on a different basis of accounting than the budgetary reports of the State's Department of Finance. The Senate statements are presented on the modified accrual basis and the Department of Finance reports are presented on a cash basis, except that at year end encumbered amounts are included in expenditures. As a result, differences exist between expenditures reported in the Senate financial statements and expenditures reported by the Department of Finance. The following is a reconciliation of expenditures reported in the Senate statements to the expenditures included in the budgetary reports:

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2006 and 2005

NOTE 4 – RECONCILIATION OF SENATE STATEMENTS TO DEPARTMENT OF FINANCE BUDGETARY REPORTS (cont.)

Under Minnesota State Law 16A.281, an appropriation, if not spent during the first year, may be spent during the second year of a biennium. The unreserved appropriation carryforward at June 30, 2005 represents the remainder of the 2005 appropriation. An unexpended appropriation balance not carried forward and remaining unexpended and unencumbered at the end of the biennium shall be returned to the fund from which appropriated. Balances carried forward into the next biennium are to be credited to special accounts to be used for non-recurring expenditures on investments that enhance efficiency or improve effectiveness; to pay expenses associated with session, interim activities, public hearings, or public outreach efforts and related activities; and to pay severance costs of involuntary terminations. The unexpended and unencumbered fund balances credited to the special accounts at June 30, 2006 and 2005 are as follows:

2006			2005
\$	930,558	\$	2,900,798
	-		1,484,248
	324,134	<u> </u>	211,807
<u>\$</u>	1,254,692	\$	4,596,853
	\$	\$ 930,558 	\$ 930,558 - 324,134

NOTE 5 – RISK MANAGEMENT

The Minnesota State Senate is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions, injuries to employees and natural disasters. The Minnesota State Senate is self insured through the State of Minnesota for all types of losses. An administrative fee is paid annually for workers' compensation, but no other premiums are paid.

NOTE 6 – TRANSFERS OUT

During the year ended June 30, 2006, the Minnesota State Senate transferred \$1,750,000 to the State's general fund. This was a cancellation of the Senate's accumulated carryforward account balance, per the appropriations legislation.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Minnesota State Senate State of Minnesota St. Paul, Minnesota

We have audited the financial statements of the Minnesota State Senate, State of Minnesota as of and for the year ended June 30, 2006 and 2005, and have issued our report thereon dated November 3, 2006. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Minnesota State Senate's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting to a relatively low and the internal control over financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Minnesota State Senate's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the Minnesota State Senate, State of Minnesota, in a separate letter dated November 3, 2006.

This report is intended solely for the information and use of the Minnesota State Senate, management, and the State of Minnesota and is not intended to be, and should not be, used by anyone other than these specified parties.
