# Introduction

---

The Minnesota Office of Higher Education publishes reports on enrollments in Minnesota postsecondary institutions. Educational leaders, policy-makers, and the public use the data for descriptive and research purposes.

Since 1983, this report has been generated from the Office of Higher Education's student enrollment record data base. The data base contains unit records for undergraduate and graduate students enrolled during the fall in Minnesota's public and private postsecondary education institutions. Prior to 1983, the *Basic Data Series* was prepared from summary data that was supplied by individual postsecondary institutions. The first *Basic Data Series* was produced in 1974.

Beginning with fall 2005, all institutions eligible to participate in a Minnesota-funded student financial aid program are required to report their student enrollment data to the Office of Higher Education. Private institutions eligible for state-funded student financial aid may change from year to year.

The *Basic Data Series* is comprised of four sections:

## 1) Five-year Summaries

Five-year enrollment summaries are presented for each postsecondary institution. Summarized enrollments include a total headcount, full time and part time, gender, and new entering student enrollments.

## 2) Residence

The county of residence for Minnesota new entering students is summarized for each system. Residency by state or foreign country is summarized by system for all students.

## 3) Distribution by Year of High School Graduation

The distribution of Minnesota new entering students by year of high school graduation is presented for each institution from 2005 to 2009.

## 4) Institution Enrollment Reports

Enrollment data are summarized by level of study, gender, and full-time or part-time attendance for each institution.

Data may vary from previously published reports due to corrections made after the publication date.

This and other enrollment data can be found at [www.ohe.state.mn.us](http://www.ohe.state.mn.us).

## Technical Notes

- A. Institutions are asked to provide unit records for students enrolled on the tenth day of fall term, or the institution's official fall reporting date. Institutions without distinct academic terms, such as private career schools, are asked to provide enrollments using the three-month period, July 15 through October 15, as a proxy for tenth day data.
- B. The data in the *Basic Data Series* may differ from data that appear in preliminary fall headcount data posted on the Office of Higher Education Web site. Preliminary data are often based on a verbal headcount figure. The data that appear in the *Basic Data Series* and other reports are derived from actual unit record data received from postsecondary institutions containing 36 data elements on each individual student.
- C. In some cases, the unit record data received for the databases differ from the headcount figure that is used in the preliminary report. The main reasons are:
- Headcount data is obtained verbally for the preliminary report before a data file has been submitted. The headcount census may be taken at different points in time in this case.
  - The Minnesota State Colleges and Universities provide an early fall estimate for the preliminary headcount report. The system then provides end-of-term data for the student enrollment data base.

# Glossary

---

**Academic Year** — the period of time, typically from fall through spring, when institutions traditionally have conducted their instructional activity.

**Community and Technical Colleges** — are 25 public two-year institutions that are part of the Minnesota State Colleges and Universities System. There are five community colleges, seven technical colleges, and 13 combined community and technical colleges. These colleges offer general education, associate degrees and shorter programs leading to occupationally specific diplomas or certificates.

**Credit-Based Instruction** — organized instruction that is part of a major program of study in the technical colleges.

**First Professional** — professional school or program which requires at least two academic years of college work for entrance and a total of at least six years for a degree. Programs of study include: chiropractic, dentistry, law, medicine, theology and veterinary medicine.

**Full-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to at least 75 percent of the normal full-time load during an academic term.

**Graduate Student** — a program of study culminating in the attainment of a master's, specialist, or doctorate degree.

**Headcount** — the number of individuals enrolled at a postsecondary institution. See Technical Notes on previous page.

**International Student** — a student whose residence was located outside the United States or its territories, or who was reported as a nonresident citizen in the United States on a temporary basis. Race/ethnic background information are not collected for international students.

**New Entering Student** — a student who is enrolled at a postsecondary institution for the first time and who previously has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

**Part-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to less than 75 percent of the normal full-time load during an academic term.

**Private Career Online Schools** — have corporate offices in Minnesota. Their nation-wide enrollment is reported here. Most of their enrollments are graduate students enrolled from out of state. Currently includes Capella University and Walden University.

**Private Career Schools** — are predominately for-profit institutions offering only career specific certificates, diplomas, and degrees. While institutions in this group offer mostly programs that can be completed in two years or less, some institutions offer limited career specific bachelor's degrees, and/or graduate programs in addition to their shorter programs.

Programs are offered predominantly in the following fields of study:

- Allied Health and Health Services
- Business, Management and Marketing
- Communication and Communication Technologies
- Computer and Information Sciences
- Design and Applied Arts
- Legal Support Services
- Personal and Culinary Services
- Transportation, Vehicle Maintenance and Repair Services

***Private Colleges and Universities*** — are predominately not-for-profit four-year liberal arts or religious institutions. In addition to providing undergraduate education, some private colleges offer professional education and graduate degree programs in certain fields.

***Private Graduate and Professional Schools*** — institutions that predominately offer specialized graduate or first professional programs. In some cases, limited undergraduate programs may also be offered. These may be for-profit or not-for-profit institutions. A first professional program requires completion of a program that is necessary to practice in the profession; at least two years of college work prior to entering the program; and a total of at least six academic years of college work to complete the program. First professional degrees may be awarded in the following 10 fields:

- Chiropractic
- Dentistry
- Law
- Medicine
- Optometry
- Osteopathic Medicine
- Pharmacy
- Podiatry
- Theology
- Veterinary Medicine

***Racial/Ethnic Background*** — reported by the student. This is the group with which the student identifies. The reporting options are:

American Indian or Alaskan Native; Asian; Hawaiian Native or Other Pacific Islander; Black or African American; Two or More Races; White; or unavailable.

***Residence*** — the place the student identifies as his or her address at the time of application for admission to the postsecondary institution.

***Secondary Student*** — a student who is concurrently enrolled in high school and a postsecondary institution. Students are usually enrolled through the Postsecondary Enrollment Options Program (PSEO) or the College in the Schools Program.

***State Universities*** — are public four-year comprehensive institutions that are part of the Minnesota State Colleges and Universities System. There are seven state universities offering bachelor's degrees and graduate programs leading to master's and advanced degrees.

***Unclassified Graduate/Professional Student*** — a student enrolled for graduate credit whose status as a graduate or professional school student has not been specified.

***Unclassified Undergraduate*** — a student enrolled for undergraduate credit whose specific class level cannot be specified.

***University of Minnesota*** — comprises five campuses. The Twin Cities campus is the state's land-grant research university, offering bachelor's degrees, professional education, and graduate education through the doctorate. The Morris campus offers an undergraduate liberal arts curriculum. The Crookston campus focuses on career and technology based undergraduate programs. The Duluth campus offers a broad undergraduate and graduate curriculum. The Rochester campus specializes in health professions.

# Part 1. Five-year Summaries

---

Part one summarizes headcount enrollments at Minnesota postsecondary institutions during the fall term over the past five years:

- ***Five-year Summary of Total Enrollment*** presents the total number of individuals enrolled for fall terms 2005 through 2009. The percent change columns compare fall 2009 enrollment to fall 2005 and fall 2008. Enrollment includes both undergraduate and graduate students.
- ***Five-year Summary of Full-time and Part-time Enrollment*** presents the distribution of total headcount by enrollment status. The table also displays each institution's full-time/part-time ratios for 2005 and 2009. A full-time student is registered for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term. Part-time students are registered for less than 75 percent of the

normal full-time load. Enrollment includes both undergraduate and graduate students.

- ***Five-year Summary of Enrollment by Gender*** presents the distribution of men and women for each institution from 2005 through 2009. Students whose gender was not known are not included. Enrollment includes both undergraduate and graduate students.
- ***Five-year Summary of New Entering Students*** presents new entering student enrollments from 2005 through 2009. A new entering student is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. New entering students are undergraduates. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

## Part 2. Residence

---

Part two summarizes student residence by type of postsecondary institution attended. The residence is the place the student identified as his or her residence at the time of admission to the postsecondary institution.

For each type of postsecondary institution, residence is tabulated in two different ways:

- The **County of Residence** tables present Minnesota resident county, gender, and full-time or part-time enrollment status for new entering students who are Minnesota residents.
- **Students by Place of Residence** tables present state residence by level of study for all students. For new entering students, gender and their full-time or part-time enrollment status are also presented.

Note: The “**Total Undergraduate Students**” column includes new entering students.

## Part 3. Year of High School Graduation

---

Part three summarizes the distribution of year of high school graduation for Minnesota resident new entering students. Students who graduated from high school in 2009 through 2006 are listed separately. High school graduates from 2005 and earlier years are combined into one category.

These tables include only Minnesota residents who were reported as new entering students in fall 2009. New entering students who did not report their year of high school graduation are not included.

A **new entering student** is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measures.

# Part 4. Institution Enrollment

---

Part four summarizes the number of students enrolled by level of study, gender, and full-time or part-time attendance at each institution in fall 2009.

## Level of Study

The levels of study are defined by the level of instruction and program of enrollment.

For undergraduate students the levels are:

- **Freshman**—for baccalaureate institutions, a student at the freshman level as defined by the institution. For subbaccalaureate institutions, a student in the first year of a sub-baccalaureate program.
- **Sophomore**—for baccalaureate institutions, a student at the sophomore level as defined by the institution. For subbaccalaureate institutions, a student in the second year of a sub-baccalaureate program.
- **Junior**—for baccalaureate institutions, a student at the junior level as defined by your institution.
- **Senior**—for baccalaureate institutions, a student at the senior level as defined by your institution.
- **Unclassified undergraduate**—a student enrolled for undergraduate credit who cannot be defined by the above classification.

For graduate students the levels are:

- **Graduate**—a student enrolled in a program of studies culminating in the attainment of a master’s degree, specialist, post-master’s certificate, doctor’s degree, or other graduate level program of studies.

- **First Professional**—a student enrolled in a program requires completion of at least two years of college work prior to entering the program; and a total of at least six academic years of college work to complete the program. These programs include law, medicine, chiropractic, dentistry, pharmacy and veterinary medicine.
- **Unclassified graduate**—a student enrolled in a graduate level program of study who cannot be defined.

## Total New Entering Students

Total New Entering Students for each institution appear after the *Grand Total*. Any undergraduate students listed in the preceding student levels who are also reported as new entering students are included. New entering students would normally be classified at the freshman level.

A new entering student is enrolled at a postsecondary institution for the first time and has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measure.

## Racial/Ethnic Background

The race/ethnicity for undergraduate and graduate students are included if the student was a United States citizen, permanent United States resident, or was **not** residing in Canada or

another foreign country. The racial/ethnic reporting options are *American Indian, Asian, Black or African American, Hispanic, Native Hawaiian or Other Pacific Islander, Two or More Races, White* or *Race Not Reported*.

***International students*** are identified separately. Their race/ethnic background is not reported. International students either are nonresident, non-United States citizens (temporary residents), or were reported as residing in Canada or another foreign country.
