Dear Representative Howes:

Pursuant to Minnesota Statutes, Section 16C.32, Subdivision 3, Minnesota State Colleges and Universities (MnSCU) is required to submit a report listing the number of projects and the total cost of those projects that were delivered using design-build contract and construction manager at risk delivery methods that are funded in whole or in part with proceeds from the sale of state general obligation bonds.

For 2009 - 2010, MnSCU did not complete any design-build or construction manager at risk projects.

Thank you for your continued interest in and support of facilities programs at Minnesota State Colleges and Universities. If you require any additional information, you can contact Heidi Myers, Director of Design and Construction at 651.201.1773.

Sincerely,

Laura M. King
