AUTHORIZING LEGISLATION:

Minnesota Statutes, Section 122A.18, Subdivision 2(e)

All colleges and universities approved by the board of teaching to prepare persons for teacher licensure must include in their teacher preparation programs a common core of teaching knowledge and skills to be acquired by all persons recommended for teacher licensure. This common core shall meet the standards developed by the interstate new teacher assessment and support consortium in its 1992 model standards for beginning teacher licensing and development. Amendments to standards adopted under this paragraph are covered by chapter 14. The board of teaching shall report annually to the education committees of the legislature on the performance of teacher candidates on common core assessments of knowledge and skills under this paragraph during the most recent school year.

Minnesota Statutes, Section 122A.09, Subdivision 4(e)

The board must adopt rules requiring successful completion of an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective on the dates determined by the board but not later than September 1, 2001.

BACKGROUND

REQUIRED TEACHER LICENSURE TESTS

The Minnesota Board of Teaching is committed to establishing and maintaining quality standards for the licensing of teachers who teach in Minnesota public schools. As part of these standards, specific and selected examinations serve as important instruments in the licensing process. The purpose of the examinations of professional knowledge and subject matter is to measure examinees' pedagogical and subject matter knowledge of the subject(s) in which they are seeking licensure.

Minnesota Statutes, Section 122A.09 Subdivision 4(e) *The board must adopt rules requiring successful completion of an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective on the dates determined by the board but not later than September 1, 2001.*

In compliance with this statute, the Board of Teaching requires licensure candidates to pass two types of tests:

- **Professional Knowledge Assessments**
Principles of Learning and Teaching Tests use a case-study approach to measure examinees' general pedagogical knowledge within one of the following grade bands: birth-age 8, grades K-6, grades 5-9, and grades 7-12. The tests feature both short-answer essays and multiple-choice items. Examinees select the test that most closely aligns with their intended licensure field.
- **Content-Specific Subject Assessments**
Subject tests measure examinees' content knowledge of the specific subject area(s) in which they are seeking licensure.

The requirements are described in Minnesota Rule 8710.0500, Subpart 1B.

Examination requirements. *On or after September 1, 2001, an applicant for a first professional teaching license in any field shall provide evidence of having successfully completed an examination of general teaching knowledge and the examination required for the teaching field for which licensure is applied under this chapter. Teachers applying to add teaching fields to existing licenses must successfully complete the examination required for each teaching field to be added, but are not required to complete an examination of general teaching knowledge.*

ADOPTING TEACHER LICENSURE TESTS

In accordance with Minnesota Rule 8710.0500, Educational Testing Service (ETS) currently provides and administers the required tests for general pedagogical knowledge and for content-specific content knowledge for all candidates applying for a Minnesota teaching license. The pedagogical knowledge and content-specific licensure tests must be passed before granting an individual a professional license in the field. If a licensed Minnesota teacher seeks to earn licensure in additional fields, only the content-specific examination is required; the examination of general pedagogical skills is not required.

General Pedagogical Knowledge: The Board has adopted four tests to measure the general pedagogical knowledge of licensure applicants:

1. *Principles of Learning and Teaching: Grades K-6.*
2. *Principles of Learning and Teaching: Grades 5-9.*
3. *Principles of Learning and Teaching: Grades 7-12.*
4. *Principles of Learning and Teaching: Early Childhood, ages Birth–8.*

Each of the tests of general pedagogical knowledge focus on the Standards of Effective Practice for Teachers, which are found in Board of Teaching rule: Minnesota Rule 8710.2000.

<http://www.revisor.leg.state.mn.us/arule/8710/>.

Subject Content Knowledge: All candidates applying for the first Minnesota teaching license must also demonstrate knowledge and skills in the respective field for which they are seeking licensure. Content tests focus on the subject matter competencies identified and adopted by the Board of Teaching in Minnesota Rules 8710.3000 to 8710.5800.

<http://www.revisor.leg.state.mn.us/arule/8710/>.

Content examinations were adopted for 21 licensure fields with requirement date of September 2001. Subsequently, eight additional subject-content tests were adopted and required beginning October 1, 2004; two more were adopted and required beginning October 1, 2006. While there are multiple years of data for most tests, limited data is available for the most recently adopted tests.

Test Validation and Standard Setting Process

For each test adopted, a panel of Minnesota experts was convened to review and validate test items and to recommend a passing score to the Board of Teaching. Educational Testing Service convened meetings of more than 400 professional educators from across Minnesota to serve as panelists to validate all tests administered in Minnesota. Each licensure panel consisted of 12 - 20 panelists. Selection of panelists was based on criteria designed to help ensure that panelists: (1) were familiar with the job requirements in the relevant licensure area and the capabilities of the beginning teacher; (2) were representative of Minnesota public school educators in terms of gender, ethnicity, and geographic region within the state; and, (3) consisted primarily of Minnesota licensed teachers.

The recommended passing score represented what the professional experts determined as the level of knowledge and/or skill believed to be sufficient for an entry-level teacher to demonstrate in order to be considered ready to engage in professional practice in Minnesota. The standard-setting study and the recommended score (study value) provide a critical data need in setting a state qualifying score on a test for licensing teachers.

SETTING MINNESOTA QUALIFYING SCORES

To set the performance standards for initial teacher licensure, the Minnesota Board of Teaching used documentation from the field-testing study (three statewide administrations of the tests conducted between November 2000–January 2001), national performance data, and recommendations from the Minnesota validity studies conducted in 2001, to determine the appropriateness of each test. The same score-setting procedures were followed for the tests adopted in 2004 and 2006.

After the systematic review of data from the validity study which represented the professional judgments of Minnesota educators from representative educational organizations at elementary through college/university levels, a decision was made by the Minnesota Board of Teaching to set qualifying scores and effective dates for each test.

All Minnesota scores were set by the Board of Teaching and were derived from the panelists' judgments (a study value). The study value, or recommended passing score, represents the combined judgments of one group of experienced educators regarding the level of knowledge and/or skill believed to be just sufficient for an entry-level teacher. State scores were not enforced until September 1, 2002. This report is based on the performance of applicants who took the tests from September 2001 through August 2010.

Minnesota Rule 8710.0500, Subpart 3. A Requirement. *An applicant must achieve a minimum passing score on each examination required under subpart 1. The Board of Teaching shall establish a minimum passing score for each examination based on validation for use in Minnesota.*

The Board of Teaching also considered the performance of various reference groups when setting the qualifying scores, including Minnesota graduates, gender, race/ethnicity and supply-and-demand conditions.

What advantages and disadvantages should be considered in setting higher qualifying scores?

Setting a higher passing score has certain potential advantages as well as disadvantages that should be considered. By setting a higher score, one would hope to improve professional standards. Higher professional standards may also have strong public appeal in terms of addressing current nationwide concerns about the need for excellence in education. However, in setting a higher score, student enrollment in teacher preparation programs as well as the supply of future teachers might be diminished. Also, research suggests that some minority groups are adversely affected by the setting of high passing scores.

What advantages and disadvantages should be considered in setting lower qualifying scores?

In general, the lower the qualifying score is set, the less the risk of rejecting qualified candidates who happen to score below the study values. At the same time, however, there is a greater risk that unqualified candidates will exceed the adjusted qualifying score. Advantages in setting a lower passing score would be to increase the number of students entering teacher preparation programs. Thus, the supply of applicants for teaching positions would not be drastically affected and efforts at affirmative action might be more successfully pursued.

TESTS DEVELOPMENT and ADMINISTRATION

Test Development

All adopted Praxis II tests:

1. Provide a complete list of objectives for each examination and the specifications to be used in item development.
2. Show a relationship between the recommended objectives for each examination and the domains of knowledge and skills identified in *Minnesota's Standards of Effective Practice for Teachers*; and between the recommended objectives for each field-specific content knowledge and skills examination(s) and Minnesota subject-matter standards in 8710.3000 to 8710.5800.
3. Provide sufficient depth in the item pool and multiple forms of each examination.
4. Were validated by Minnesota teachers and teacher educators.
5. Were field-tested in Minnesota.

Administration Procedures

The Praxis II licensure tests:

1. Provide a system that allows maximum opportunities for examinee registration and payment, including paper, telephone and Internet registration, credit card payment, and scores available online. Administered six times annually.
2. Provide accommodations at all sites for examinees with disabilities and those whose religion precludes them from taking tests on a Saturday; and granting of special testing accommodations in compliance with Americans With Disabilities Act, proposing alternative assessment accommodations for individuals with learning and physical disabilities, and examinees whose first language is other than English (Primary Language is not English).
3. Are systematically reviewed by test item and procedure to ensure a lack of systematic bias due to gender, race, ethnicity, or any other factor not related to the test content.
4. Are reviewed to ensure that they are given under fair, uniform, and secure conditions.
5. Provide documented procedures for protecting the security of the form(s) of the tests.
6. Provide information about both individual and aggregated data, including significant subgroups, of all test results to Minnesota teacher preparation institutions and the Minnesota Board of Teaching.
7. Provide tabulation and reporting of the results of each test to the candidate within a specific time period following the examination date and make provisions to report evidence of the successful completion of the test to the preparing institution designated by the candidate and to the Minnesota Department of Education, Division of Educator Licensing and Teacher Quality.

Minnesota Rule 8710.0500 Subpart. 6. Administration, scoring, and reporting.

Administration, scoring, and reporting of examinations shall be conducted by the party whose examinations have been adopted by the Board of Teaching. Applicants may take the examinations on any of the dates that are established by the party for national administration or on dates established by the Board of Teaching for special administration. Examinations shall be administered at least four times a year in Minnesota. It is the responsibility of the applicant to be informed about the dates and locations of the examinations and to apply for the appropriate examinations. Registration procedures are governed by the party whose examinations have been adopted. Examinees shall authorize the forwarding of their scores to the institutions they attend and to the Board of Teaching. The scores as forwarded are the official evidence required in this part.
