

STATE OF MINNESOTA

Office of the State Auditor

Rebecca Otto
State Auditor

Analysis of Municipal Liquor Store Operations

For the Year Ended December 31, 2008

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

Explanation of Tables, Charts, and Maps.....	58
--	----

Background and Purpose

This report provides comparative data on municipal liquor operations owned and operated by Minnesota cities.¹ In 2008, 212 Minnesota cities operated 242 municipal liquor stores, with 120 cities operating both on-sale and off-sale liquor establishments and 92 cities restricting their municipally-owned establishments to off-sale liquor stores.²⁻³ While the majority of municipally-owned liquor stores are located in Greater Minnesota, 19 cities within the 7-County Metro Area (Metro Area) own and operate liquor establishments (see maps on pages 5 and 6 for locations of establishments).

Minnesota municipalities were originally authorized to own and operate liquor establishments as a means of controlling the sale of alcohol. For many communities in Greater Minnesota, municipal liquor operations provide access and convenience in areas that might be unable to attract a privately-run establishment. In addition to these functions, profitable municipal liquor operations have provided another source of revenues to supplement traditional tax and fee revenues.

The underlying financial data provided in this report is compiled from audited and unaudited financial statements that are required to be filed annually with the Office of the State Auditor. The tables and analysis derived from this data provide a basis of comparison for municipal liquor operations to highlight the current trends and financial condition of these operations. This report provides comparative data to city officials to assist them in the management of their municipal liquor store operations. In addition, it provides information to the public and policymakers enabling them to evaluate the financial condition of these operations.

¹ Minn. Stat. § 340A.601 authorizes cities with not more than 10,000 people to own and operate on-sale and off-sale liquor establishments. Once a city has established a municipal liquor store, it may continue to operate the store regardless of its subsequent population growth.

² “On- and off-sale” operations are referred to as “on-sale” operations in this report.

³ There were 214 cities that operated municipal liquor stores in 2008. Two cities, Conger and Williams, did not file financial information with the Office of the State Auditor and are not included in the analysis.

This page left blank intentionally

Executive Summary

- The combined net profit of all municipal liquor operations totaled \$20.4⁴ million in 2008. This represents a decrease of \$2.0 million, or 8.9 percent, from the amount generated in 2007. Among on-sale operations, net profits totaled \$1.9 million in 2008, which was a decrease of \$913,333, or 31.9 percent, from 2007. Total net profits for off-sale operations totaled \$18.5 million in 2008, which was a decrease of \$1.1 million, or 5.6 percent, from 2007 (pg. 7).
- Over the past five years, net profits have increased 9.9 percent. Among off-sale stores, there was a 23.5 percent increase in net profits, while on-sale stores showed a decrease of 46.3 percent (pg. 7).
- Forty-two Minnesota cities reported net losses for 2008, compared to 31 cities in 2007. All 42 cities with losses were from Greater Minnesota. (pg. 8).
- During 2008, Minnesota's municipal liquor operations reported a 13th consecutive year of record sales totaling \$303.0 million. Total sales generated in 2008 increased by \$11.3 million, or 3.9 percent, over 2007 (pg. 9).
- Municipal liquor operations located within the 7-County Metro Area are considerably larger and more profitable than their Greater Minnesota counterparts. Sales by all Metro Area operations averaged \$3.0 million in 2008, compared to average sales of \$924,413 for all Greater Minnesota municipal liquor operations. In 2008, the average net profit of Metro Area municipal liquor operations was \$214,361, compared to \$60,094 for municipal liquor operations in Greater Minnesota (pgs. 10 and 11).⁵
- During 2008, Minnesota's municipal liquor stores transferred \$17.8 million of their profits to other city funds. This represents an increase of 8.9 percent over the total net transfers made in 2007. Transfers totaled \$6.8 million among Metro Area establishments, compared to \$11.0 million for Greater Minnesota establishments (pg. 13).
- Minnesota law⁶ requires cities to hold a public hearing on the future of their liquor store(s) if the liquor operation shows a net loss in at least two of the past three years. While this report is based on 2008 data, an examination of losses for the years 2006, 2007, and 2008 shows that the 29 cities on Table 3 should have held hearings sometime during 2009 (pg. 14).
- Due in part to the lack of profitability, insurance costs, and other concerns, the number of cities operating municipal liquor stores has steadily declined. There was a net decrease of two stores between 2007 and 2008 (pg. 15).

⁴ All figures are rounded from the actual numbers.

⁵ The average was calculated by dividing the total sales for each area by the number of liquor stores in each area.

⁶ Minn. Stat. § 340A.602.

Recommendations

One purpose of this report is to provide data to city officials that will enable them to evaluate the efficiency of their liquor operations through comparisons to similarly-situated liquor operations. The tables included in this report may be downloaded as a spreadsheet so those who manage municipal liquor operations can compare their operation to similar operations. Municipal officials can compare location, population, and financial indicators, such as total sales, to make a review of operations more meaningful.

City officials should make sure that they compare their operations to cities with the same type of operations. Off-sale operations should not be compared to on-sale operations because operating expenses are generally much higher for on-sale operations, due to factors such as the added costs of bartenders, wait staff, and entertainment. Useful comparisons include:

- **Gross Profits.** Cities with relatively low gross profits (total sales minus cost of sales) should consider whether the gross profits reflect their intended markup policies. If gross profits are well below the intended markup of inventory, a number of factors can be in play such as theft, poor inventory control, or damage of inventory.⁷
- **Gross Profits as a Percent of Total Sales.** This measure may help a city determine if its intended markup is below other nearby municipal liquor stores, therefore resulting in a lower gross profit. Conversely, if the markup is higher than nearby cities, it may hurt sales. It is important to use the proper comparison. Gross profits as a percent of total sales are much higher for on-sale operations than off-sale operations. On-sale operations require a greater gross profit margin to cover the higher operating costs associated with these types of operations.
- **Operating Expenses.** If operating expenses are relatively high compared to similarly-sized stores, city officials should look at stores with low operating expenses for ideas on how they might operate more efficiently.
- **Operating Expenses as a Percent of Sales.** A comparison of operating expenses as a percent of sales can help determine the efficiency of the operation. In operations with similar levels of sales, this percentage should be comparable. If the percentage is much higher, city officials should examine why their costs are higher.

⁷ It is important to conduct a physical inventory on a regular basis and compare it to perpetual inventory amounts and investigate discrepancies. For additional information on detecting and preventing fraud, see the Office of the State Auditor's Statement of Position, "[Internal Controls for Municipal Liquor Stores \(Revised 3/2007\)](#)".

2008 Municipal Liquor Operations in the Seven-County Metro Area

Analysis of Minnesota Municipal Liquor Store Operations

Net Profits of Municipal Liquor Store Operations

Overall

The combined net profit of all municipal liquor operations totaled \$20.4⁸ million in 2008. This represents a decrease of \$2.0 million, or 8.9 percent, from the amount generated in 2007. Among on-sale operations, net profits totaled \$1.9 million in 2008, which was a decrease of \$913,333, or 31.9 percent, from 2007. Total net profits for off-sale operations totaled \$18.5 million in 2008, which was a decrease of \$1.1 million, or 5.6 percent, from 2007.

Over the past five years, net profits have increased 9.9 percent. Among off-sale stores, there was a 23.5 percent increase in net profits, while on-sale stores showed a decrease of 46.3 percent.

Figure 1 shows the five-year trend of net profits.

⁸ All figures are rounded from the actual numbers.

Variations Among Individual Operations

Net profits and losses for municipal liquor stores operating as of December 31, 2008, ranged from a loss of \$139,318 in Biscay to a profit of \$1.4 million in Lakeville. Overall, the municipal liquor operations in 100 cities showed year-to-year increases in their net profits. Of the 111 cities with declines in net profits, 101 were in Greater Minnesota and 10 were in the Metro Area.

Operations Losing Money

In addition to municipal liquor operations that posted declining net profits between 2007 and 2008, 42 Minnesota cities reported net losses for 2008, compared to 31 cities in 2007. All 42 cities with losses were from Greater Minnesota. Table 1 lists the cities whose liquor operations posted net losses in 2008.

Name of City	Net Loss	Name of City	Net Loss
Biscay	(139,315)	Dassel	(15,244)

* Discontinued operations in 2008.

Total Sales at Municipal Liquor Operations

During 2008, Minnesota's municipal liquor operations reported a 13th consecutive year of record sales totaling \$303.0 million. Total sales generated in 2008 increased by \$11.3 million, or 3.9 percent, over 2007. Total municipal liquor sales ranged from \$92,729 in Canton to \$14.4 million in Lakeville.⁹

Figure 2 shows that while overall sales have increased every year, total sales among on-sale operations have been trending downward.

Operating Expenses of Municipal Liquor Operations

During 2008, Minnesota's municipal liquor operations reported operating expenses totaling \$64.6 million. This represents an increase of \$1.8 million, or 2.8 percent, over the amount reported in 2007. Off-sale liquor operations had operating expenses totaling \$40.3 million in 2008. This represents an increase of \$1.7 million, or 4.5 percent, over 2007. Operating expenses for on-sale liquor operations totaled \$24.3 million in 2008. This represents an increase of \$31,440, or 0.1 percent, over 2007.

Among individual liquor operations that were in business for all of 2008, expenses ranged from a high of \$2.2 million in Lakeville to a low of \$25,308 in Elmore. In general, the level of sales largely dictates the level of expenses. However, even among operations of similar size, there is a wide range of operating expenses.

⁹ The cities of Delevan, Dundee and Northome reported lower sales and/or expenses but were not included in these comparisons because the stores were not open for the full year. The cities of Delavan and Dundee discontinued operations during 2008 while the city of Northome restarted operations after a fire destroyed the municipal liquor store in 2006.

Figure 3 below shows that operating expenses have continued to rise for off-sale operations and remained flat for on-sale operations between 2007 and 2008.

Comparison between Municipal Liquor Operations in Greater Minnesota and the Metro Area

Sales

Municipal liquor operations located within the Metro Area are considerably larger and more profitable than their Greater Minnesota counterparts. Although only 19 of the 212 Minnesota cities (9.0 percent) that own and operate municipal liquor stores are located in the Metro Area, they represent 37.8 percent of the total sales and 39.9 percent of the net profits of municipal liquor operations.

Sales by all Metro Area operations averaged \$3.0 million in 2008, compared to average sales of \$924,413 for all Greater Minnesota municipal liquor operations.¹⁰

On-Sale and Off-Sale Sales Comparison

When broken down by type of operation, the contrasts between Greater Minnesota and Metro Area operations remain clear. Off-sale operations in the Metro Area average sales of \$3.1 million, compared to \$1.6 million in Greater Minnesota. Metro Area operations are almost exclusively off-sale operations. Among Metro Area municipal liquor operations, off-sale operations outnumbered on-sale operations 35 to 3. Conversely, among Greater Minnesota cities with municipal liquor operations, on-sale operations outnumbered off-sale operations 124 to 80. As with the off-sale operations, on-sale operations are much larger in the Metro Area than in Greater Minnesota. Sales per on-sale establishment were more than four times greater in the Metro Area than in Greater Minnesota, \$2.2 million to \$501,945, respectively.

¹⁰ The average was calculated by dividing the total sales for each area by the number of liquor stores in each area.

Figure 4 shows the contrast in the level of sales between liquor operations in Greater Minnesota and the Metro Area by establishment type.

Net Profit

In 2008, the average net profit of Metro Area municipal liquor operations was \$214,361, compared to \$60,094 for municipal liquor operations in Greater Minnesota. All Metro Area liquor operations reported a net profit in 2008, ranging from \$6,397 in Lexington to \$1.4 million in Lakeville. Net profit and losses among Greater Minnesota municipal liquor operations ranged from a loss of \$139,315 in Biscay to a profit of \$873,770 in Elk River.

On-Sale and Off-Sale Net Profit Comparison

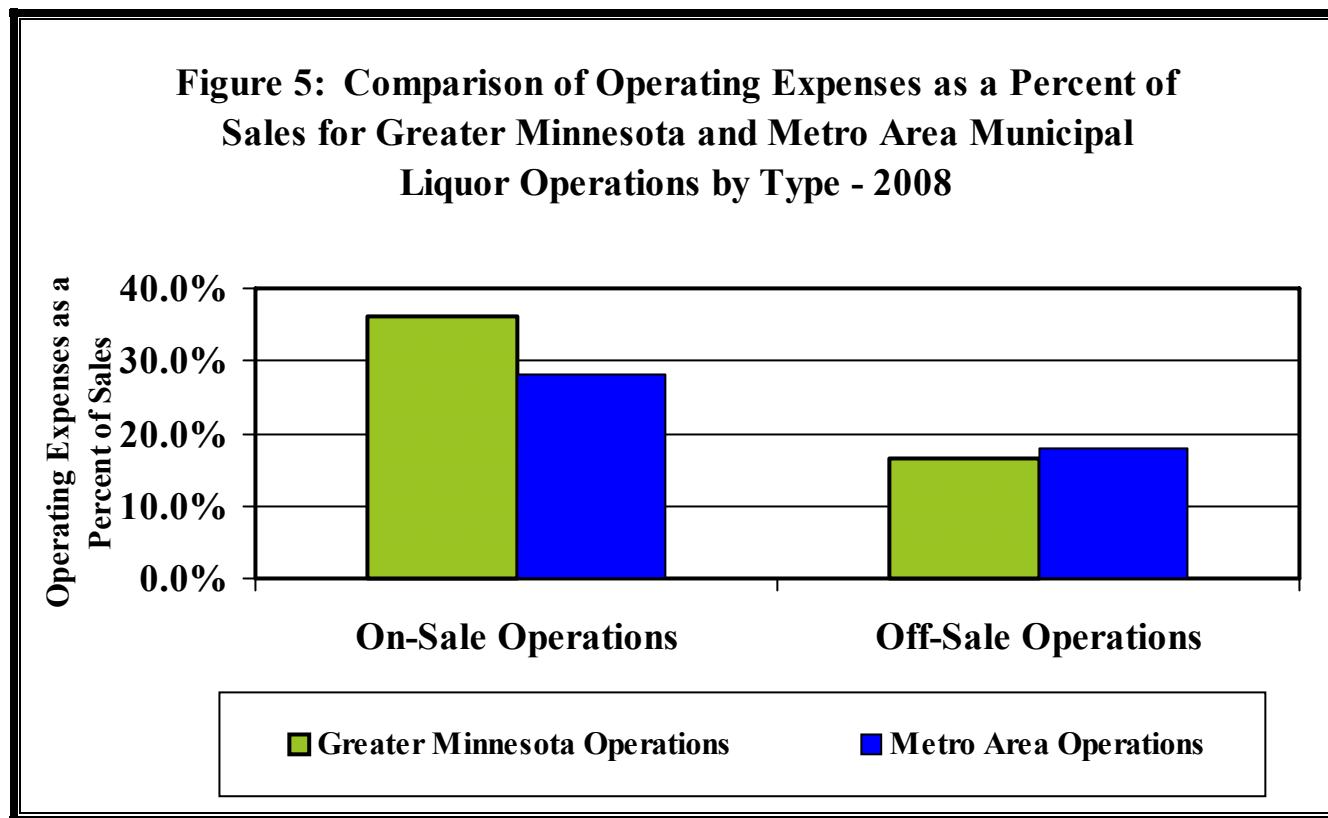

The average net profit of off-sale operations in the Metro Area was \$218,447, compared to \$135,168 for those in Greater Minnesota.¹¹ The large difference in net profit appears to be primarily the result of the higher sales volume at Metro Area stores compared to those in Greater Minnesota because operating expenses as a percent of sales is actually higher among Metro Area stores (17.9 percent) than Greater Minnesota (16.6 percent).

Among on-sale operations, there was a stark contrast between the Metro Area operations and those in Greater Minnesota. The average net profit per store in the Metro Area was \$166,692 compared to \$11,659 in Greater Minnesota.¹² The wide variance in net profit was primarily the result of two factors: much higher sales at Metro Area operations and the accompanying efficiencies in regards to purchasing power, staffing, and fixed asset costs in larger operations. These differences are evident when one compares operating expenses as a percent of sales among Metro Area operations to those in Greater Minnesota. Among Metro Area stores, operating expenses as a percent of sales averaged 28.0 percent, compared to 36.1 percent in Greater Minnesota.

¹¹ The average was calculated by dividing the total net profit for each area by the number of liquor stores in each area.

¹²The Metro Area on-sale average is based on only 3 stores compared to 124 stores in Greater Minnesota.

Figure 5 compares operating expenses as a percent of sales for the Metro Area and Greater Minnesota by type of municipal liquor operation.

Operating Expenses as a Percent of Sales

An examination of sales and operating expenses of off-sale and on-sale operations shows a wide variation in operating expenses as a percent of sales. Among off-sale operations, operating expenses as a percent of sales ranged from a high of 31.9 percent in Kiester to a low of 7.7 percent in Detroit Lakes. The average operating expenses as a percent of sales for off-sale operations in 2008 was 17.2 percent, the same 2007.¹³

Among on-sale operations, operating expenses as a percent of sales ranged from a high of 74.7 percent in Biscay to a low of 7.6 percent in Hinckley.¹⁴ The average among on-sale operations was 35.3 percent. Off-sale operations should not be compared to on-sale operations because operating expenses are generally much higher for on-sale operations due to factors such as the added costs of bartenders, wait staff, and entertainment.

¹³ The average operating expenses as a percent of sales was calculated by dividing the sum of operating expenses by the sum of sales for off-sale operations.

¹⁴ The City of Delavan had a higher percentage than Biscay but was not included in this comparison because its liquor operation was discontinued during 2008.

Table 2 shows the range of operating expenses for stores with similar levels of total sales.¹⁵

Off-Sale Municipal Liquor Stores with Total Sales Between	Number of Cities	Range in Total Operating Expenses
\$1 to \$300,000	8	\$25,308 to \$91,507
\$300,001 to \$500,000	8	\$43,432 to \$127,248
\$500,001 to \$1,000,000	14	\$84,904 to \$222,105
\$1,000,001 to \$2,000,000	22	\$152,870 to \$374,828
\$2,000,001 to \$3,000,000	17	\$274,660 to \$600,109
\$3,000,001 to \$5,000,000	12	\$337,872 to \$1,022,765
Greater than \$5,000,000	11	\$919,920 to \$2,191,414

Net Transfers of Municipal Liquor Store Operations

Transfers

Profits generated by municipal liquor operations generally serve two purposes. First, municipal liquor operations use profits to ensure that they have an adequate level of reserves to purchase inventory and maintain their facilities. Second, profits in excess of what is needed to fulfill the first purpose may be transferred to other city funds to supplement existing revenue sources. During 2008, Minnesota's municipal liquor stores transferred \$17.8 million of their profits to other city funds. This represents an increase of 8.9 percent over the total net transfers made in 2007. Transfers totaled \$6.8 million among Metro Area establishments, compared to \$11.0 million for Greater Minnesota establishments. The difference in the overall dollar value of net transfers is a result of more municipal liquor operations in Greater Minnesota than in the Metro Area.

On-Sale and Off-Sale Transfers Comparison

The overall level of net transfers was larger in Greater Minnesota than the Metro Area. When transfers are examined on a per-establishment basis, however, the average net transfer for off-sale stores in the Metro Area was more than in Greater Minnesota (\$185,218 to \$110,152, respectively). The average net transfer per on-sale establishment was more than 6 times greater among operations in the Metro Area than in Greater Minnesota (\$104,732 to \$17,343).¹⁶

¹⁵ A similar analysis for cities that operate both on-sale and off-sale liquor establishments is not as useful because of the differences among these operations. The operating expenses of on-sale establishments are generally considerably higher than the operating expenses of off-sale establishments. It would be inappropriate to draw comparisons between the total operating expenses of on-sale and off-sale establishments in different cities. Such comparisons could be flawed due to the potential for contrasting the operating expenses of a city with a small on-sale operation and a large off-sale operation with the operating expenses of a city with a large on-sale operation and a small off-sale operation.

¹⁶ The Metro Area on-sale average is based on only 3 stores compared to 124 stores in Greater Minnesota.

Figure 6 shows the difference in average net transfers between operations in the Metro Area and Greater Minnesota by type of store.

Oversight Responsibilities

City officials who are responsible for the operation of municipal liquor establishments must make certain that the operations are managed appropriately and do not have a negative financial impact on the city. Minnesota law requires cities to hold a public hearing on the future of their liquor store(s) if the liquor operation shows a net loss in at least two of the past three years.¹⁷ While this report is based on 2008 data, an examination of losses for the years 2006, 2007, and 2008 shows that the 29 cities in Table 3 should have held hearings sometime during 2009. Of the 29 cities required to hold a hearing in 2009, 23 were on the previous year’s list. The cities of Delavan and Dundee would have been required to hold a hearing but they discontinued operations in 2008.

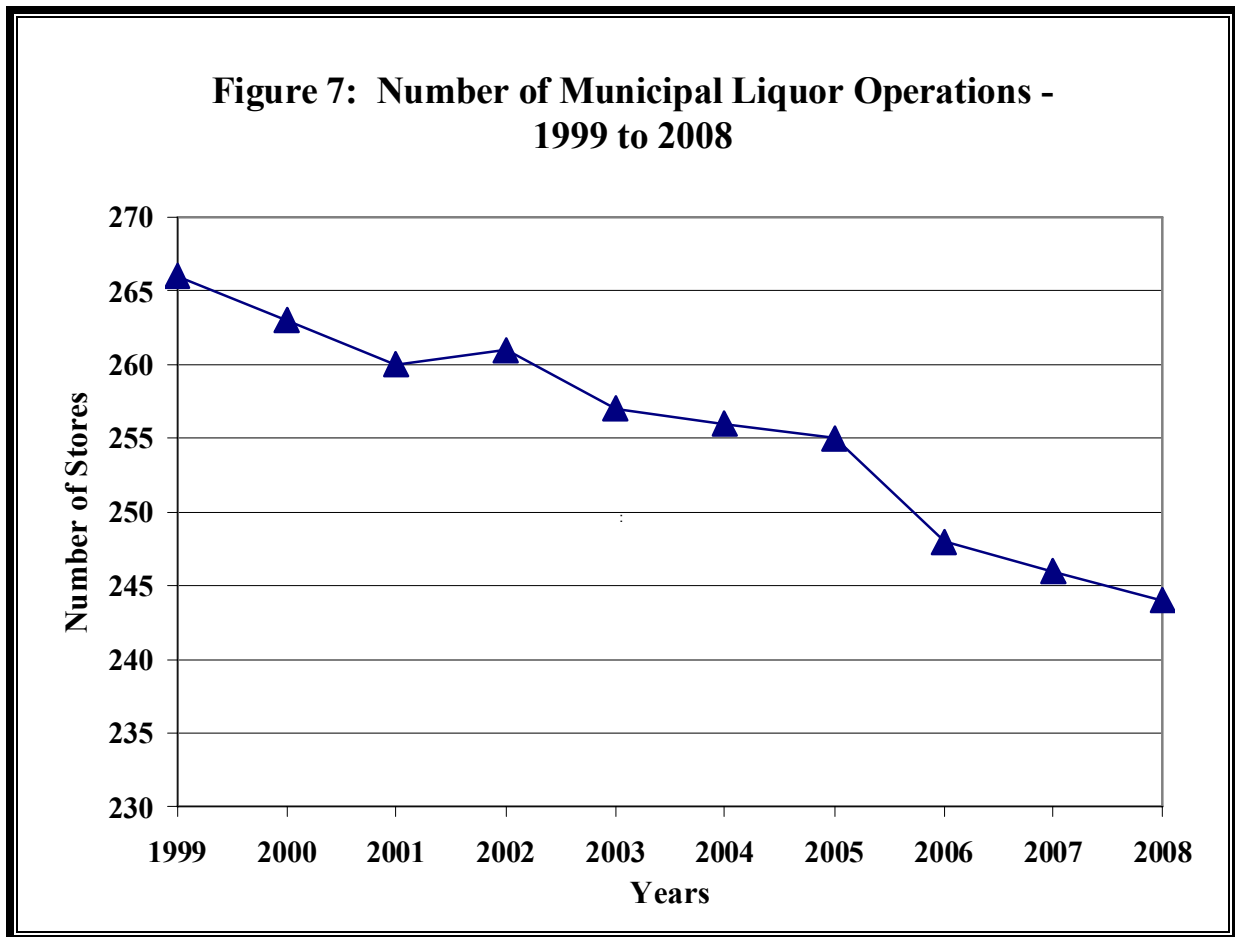

**Table 3
Cities Required to Hold Hearings in 2009**

Audubon	Biscay	Canton	Clontarf	Cottonwood	Darwin
Dassel	Ellendale	Ellsworth	Hackensack	Howard Lake	Isle
Kellogg	Kenyon	Lake Wilson	Lancaster	Lewisville	Moose Lake
Morton	Northome	Okabena	Palisade	Parkers Prairie	Rushford
Sleepy Eye	Spring Grove	Tracy	Vesta	West Concord	

¹⁷ Minn. Stat. § 340A.602.

Declining Number of Liquor Operations

Due in part to the lack of profitability, insurance costs, and other concerns, the number of cities operating municipal liquor stores has steadily declined. Figure 7 shows the decline in the number of municipal liquor stores over the last ten years. There was a net decrease of two stores between 2007 and 2008.¹⁸

¹⁸ The City of Shorewood sold its 2 municipal liquor stores in 2007. In addition, the cities of Delavan and Dundee ceased operations in 2008 which will result in a decrease of 2 additional stores in the 2009 report.

Table 4
Comparison of 2007 and 2008 Liquor Store Operations

On-Sale and Off-Sale Stores

	2007		2008		Variance	Percent Change

Explanations of Tables, Charts, and Maps

Explanation of Tables, Charts, and Maps

The tables and charts throughout the report provide additional information on the financial activities of Minnesota's municipal liquor operations.

- Figure 1 on page 7 shows the trend in net profits from 2004 to 2008 by operation type.
- Table 1 on page 8 lists those municipal liquor stores that reported net losses in 2008.
- Figure 2 on page 9 shows the trend in sales from 2004 to 2008 by operation type.
- Figure 3 on page 10 shows the trend in operating expenses from 2004 to 2008 by operation type.
- Figure 4 on page 11 shows a comparison of average sales per store for Greater Minnesota and Metro Area municipal liquor operations by type in 2008.
- Figure 5 on page 12 shows a comparison of operating expenses as a percent of sales for Greater Minnesota and Metro Area municipal liquor operations by type in 2008.
- Table 2 on page 13 compares sales at off-sale liquor operations to expenses for 2008.
- Figure 6 on page 14 shows a comparison of average net transfers for Greater Minnesota and Metro Area municipal liquor operations by type in 2008.
- Table 3 on page 14 shows cities that have had net losses in two of the three previous years.
- Figure 7 on page 15 shows the decline in the number of municipal liquor operations from 1999 to 2008.
- Table 4 on page 16 provides a comparison of the activities of municipal liquor operations for 2007 and 2008.
- Table 5 starting on page 19 provides a summary of municipal liquor operations by city for 2008.
- Table 6 starting on page 24 ranks city municipal liquor operations by gross sales for 2008.
- Table 7 starting on page 29 ranks city municipal liquor operations by net profit/(loss) as a percent of sales for 2008.
- Table 8 on page 34 provides a summary of municipal liquor operations in the Metro Area by city for 2008.
- Table 9 starting on page 35 provides a summary of municipal liquor operations in Greater Minnesota by city for 2008.

- Tables 10 and 11 on page 40 compare off-sale and on-sale liquor operations based on the per-store averages of economic development regions for 2008.
- Table 12 starting on page 41 provides a summary of financial information for municipal liquor operations by economic development region and city for 2008.
- Table 13 starting on page 47 ranks municipal liquor operations based on net profit/(loss) as a percent of sales by economic development region and city for 2008.
- Figures 8 through 11 on pages 53 to 56 illustrate, through the use of maps, the average sales and net profit per store of each economic development region for on-sale and off-sale operations for 2008.
