Subj: Report on Surveys of Biennial Determination of Student Interest in Athletics

During the 1992-93 school year, the Minnesota State High School League (MSHSL) and the Minnesota State Department of Education (MDE) joined efforts to provide schools with information which would:

- 1) define state and federal laws and rules which govern gender equity in athletics; and,
- 2) assist school districts to evaluate the status of gender equity in their district, and take necessary action, thereby avoiding costly and unnecessary complaints and litigation.

The project was initiated through an ad hoc committee, the Sports Equity Committee, which was formed in April 1992. The following projects were accomplished:

- 1) *On October 1, 1992, a uniform Student Athletic Interest Survey was sent to all member schools of the MSHSL. The survey was designed for use by your district to make its biennial determination of student demonstrated athletic interests, as required by the Department of Education and Title IX; and,*
- 2) *On February 1, 1993, two (2) copies of the Gender Equity in Athletics Review Manual was sent to all MSHSL member schools. The manual provides information on how to conduct a self-review of your district's athletic program as it relates to Title IX, M.S. 126.21 and State Board rules on gender equity; and,*
- 3) *On May 1, 1993, schools provided select data from their student athletic interest surveys to the League Office on their 1993-94 Registration Form.*

Information Included in This Mailing:

The League office has compiled the data provided. Enclosed find information which includes the data specifically provided by your district and other statewide data. This information is available to schools and their constituents for use in evaluating their athletic programs and planning for any new activities needed to reach gender equity.

Part I. Data Provided By Your School.

1. Appendix A: Data Provided by Your School Regarding Participation and Student Interest.

a. 400 and 500 Activities:

- 1) League activities which your school *sponsors*, indicated by a "Y" and the number of girls and boys participating in these activities for the past year, 1992-93; and,
- 2) League activities which your school *does not sponsor* indicated by an "N" and data from your survey which indicates the number of students *interested* in that activity.

b. 600 Series:

Represent activities *not sponsored by the League* and data provided by schools which indicates the *number of students interested* in that activity.

Part II. Statewide Data Information

1. Appendix B: Participation Data from 1992-93. List of League-sponsored activities and the number of student participants as reported by member schools.
2. Appendix C: Student Interest in League Activities. Indicates the number of students interested in League activities by students whose schools *do not sponsor* the activity.
3. Appendix D: Student Interest in Activities Not Sponsored by League.
4. Appendix E: Summary of the Twenty Activities for Girls and Boys Which Received the Most Interest.

Part III. Sample of Data Available From The League Office:

1. Appendix F: Participation Data in Each League Activity: lists each member school and the number of participants reported for 1992-93. Sample page from Girls Gymnastics. Available for all League-sponsored activities.
2. Appendix G: Student Interest in League Activities Not Sponsored by Their School. Sample Page from Baseball. Available for all League-sponsored activities.
3. Appendix H: Student Interest in Activities Not Sponsored by the League. Sample Page from Girls Ice Hockey. Available for all activities reported.

Part IV. Participating Schools

1. Appendix I: List of MSHSL members who did not provide data from their Student Interest Survey from either 1991-92 or 1992-93. Data was received from 403 of the 436 MSHSL member schools.

Overview for the Approaching School Year, 1993-94:

The year ahead promises to be active with many schools conducting their self-reviews using the Gender Equity in Athletics Review Manual and the data obtained from the student interest survey.

OCT 07 1993

LEGISLATIVE REFERENCE LIBRARY

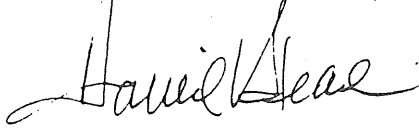

STATE CAPITOL

ST. PAUL, MN. 55155

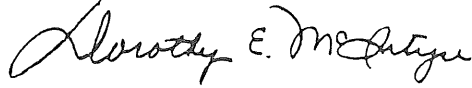

As you know the manual and your self-review will not guarantee compliance should a complaint be filed. However, the results of your study and actions taken will reflect the commitment of your district to bring equity to your athletic program. In addition, you will have information on file which can respond to a compliance review by the Minnesota Department of Education or the Office for Civil Rights.

The League Office will continue to keep you informed and we are prepared to respond to any of your questions.

Best wishes for the year ahead.
