

# Choosing a College

Minnesota College Guide  
2011-2012

MINNESOTA  
OFFICE OF  
HIGHER  
EDUCATION

*reach higher*

Find a college that's just right for you.

## Your College Options

*Choosing a College* is published by the Minnesota Office of Higher Education to help you learn more about the many college opportunities in the state. Here you can find information about the colleges that interest you, including admissions policies, student demographics, college costs, graduation rates, programs and more.

Minnesota is home to some of the finest postsecondary institutions in the country. From campuses large to small, urban to rural, close to home or far away, the state's public and private colleges and universities offer a broad spectrum of educational opportunities and experiences that might surprise you.

## Table of Contents

What's in the Guide? .....	2
A-Z College and University Profiles .....	6
Two-year Associate Degree Programs .....	84
Four-year Bachelor's Degree Programs.....	98

# What's in the Guide?

*Choosing a College* is intended to help you explore your Minnesota college options. The guide includes public and private colleges and universities located in Minnesota offering two-year associate and four-year bachelor's degrees. In addition to the profiles for each degree-granting institution, there are program grids at the back to help you identify and locate programs of interest to you.

## How to Use This Guide

Choosing a college is a big decision. Use this guide as a quick reference to learn about your Minnesota options. If you are interested in a particular college, be sure to request more information, visit the website, tour the campus and talk with the admissions and financial aid representatives, current students and recent graduates. Every prospective student should also apply for financial aid. If you are interested in a specific major or career, check out the grids beginning on page 84 first. Otherwise, browse through the two- and four-year college profiles beginning on page 6.

## Two Years or Four?

### Two-year colleges

Two-year colleges offer students two distinct options.

- Many public two-year colleges and some private career colleges offer students the first two years of a four-year bachelor's degree in any major. Students may choose to start at a two-year college and then transfer to a four-year college for a variety of reasons including location, cost, atmosphere or because they are uncertain of their program of study.

- Two-year colleges also offer career-specific programs leading directly to employment. Technical and career programs prepare students for careers in fields such as health care, manufacturing technology, law enforcement, computer networking, accounting, e-commerce and many other fields.

### Four-year colleges and universities

Minnesota's four-year colleges and universities provide hundreds of different majors leading to careers in teaching, business, science, health care, engineering, the arts, communications, social services, computer science and many other fields. After students earn their four-year bachelor's degrees, some continue on in professional or graduate-level programs to become doctors, business professionals, lawyers, librarians, counselors, college professors, pharmacists, researchers, orthodontists and other professionals.

## Preparing for College

The best way to prepare for college is to challenge yourself while in high school by taking rigorous courses in core subjects. Even if you have completed your high school's graduation requirements, you will increase your chances for success in college by taking more advanced mathematics, science, English and social studies courses. Most four-year colleges and universities require the following, at a minimum, for admission:

- Four years of English (including composition and literature)
- Three and one-half years of social studies (including one year each of U.S. history and geography)
- Three years of mathematics (including two years of algebra and one year of geometry)
- Three years of science (including one year each of a biological and a physical science)
- Two years of a single world language
- One year of either world culture or fine arts

Public two-year colleges accept all high school graduates and GED holders. However, some programs offered at these schools are more selective and have higher admissions standards and waiting lists to get in. Some students find they must spend a semester or even two just getting ready to enter a two-year career program by taking basic required courses they could have taken in high school. That is why your high school preparation is so important. Students who master core subjects while in high school save money and time in college.

## Associate Degrees

Associate degree programs require the equivalent of two years of full-time study. They are designed to either prepare individuals for an occupation, or to provide a foundation for the completion of a bachelor's degree. Some general education courses are included in associate degree programs such as English and mathematics.

## Bachelor's Degrees

All bachelor's degrees require the equivalent of at least four years of full-time study. The degree includes both general courses and advanced course work in a defined area of study, typically called a major. There are hundreds of programs of study that lead to either a Bachelor of Arts (B.A.), Bachelor of Science (B.S.), or discipline-specific bachelor's degrees such as a Bachelor of Music or a Bachelor of Fine Arts.

## What is Not in the Guide?

Only degree-granting institutions serving 200 or more students are included in this guide. This guide does not include information about institutions offering only short-term certificates and diplomas or only graduate and professional degrees. For a more complete listing of Minnesota postsecondary institutions, visit [www.getreadyforcollege.org](http://www.getreadyforcollege.org).

## Other Minnesota Resources

### **Minnesota State Colleges and Universities:**

Seven state universities and 25 community and technical colleges. [www.mnscu.edu](http://www.mnscu.edu)

**University of Minnesota:** Minnesota's flagship research university in the Twin Cities and four universities in Duluth, Morris, Rochester and Crookston. [www.umn.edu](http://www.umn.edu)

**Minnesota Career Colleges:** 14 private career schools that make up the Minnesota Career College Association. [www.mncareercolleges.org](http://www.mncareercolleges.org)

**Minnesota Private College Council:** 17 private, not-for-profit colleges and universities. [www.mnprivatecolleges.org](http://www.mnprivatecolleges.org)

**Career information:** A gateway to Minnesota information on careers, training, education, employment and the workforce. [www.iseek.org](http://www.iseek.org)

## Take College Courses in High School

High school juniors and seniors in Minnesota may be eligible to enroll in college courses at no cost. A program called Postsecondary Enrollment Options may allow you to take college courses on a nearby campus or right in your high school, for credit. The college courses you successfully complete will count toward your high school and college degrees and help you save time and money in college. To participate, you need a B average and must meet the college's admissions deadlines and standards. For more information see your high school counselor or contact the admissions office at a nearby college.

## Evaluating Private Institutions

There are several ways to evaluate the quality and value of different programs and institutions. Most private and out-of-state institutions operating in Minnesota are required to be either registered or licensed by the Office of Higher Education. Public colleges and universities do not need to be licensed or registered. Some occupational training providers must be licensed by other state agencies and organizations as well. (For example, cosmetology programs are licensed by the Minnesota Board of Barber and Cosmetology Examiners.)

One way an institution can demonstrate that it meets basic standards is to become accredited. Accreditation means that the institution has been approved by a non-government agency that reviews institutions in a region or an occupational area. An institution should tell you whether it is accredited and identify which agency has granted accreditation. The federal government reviews and recognizes about 50 accrediting agencies across the country.

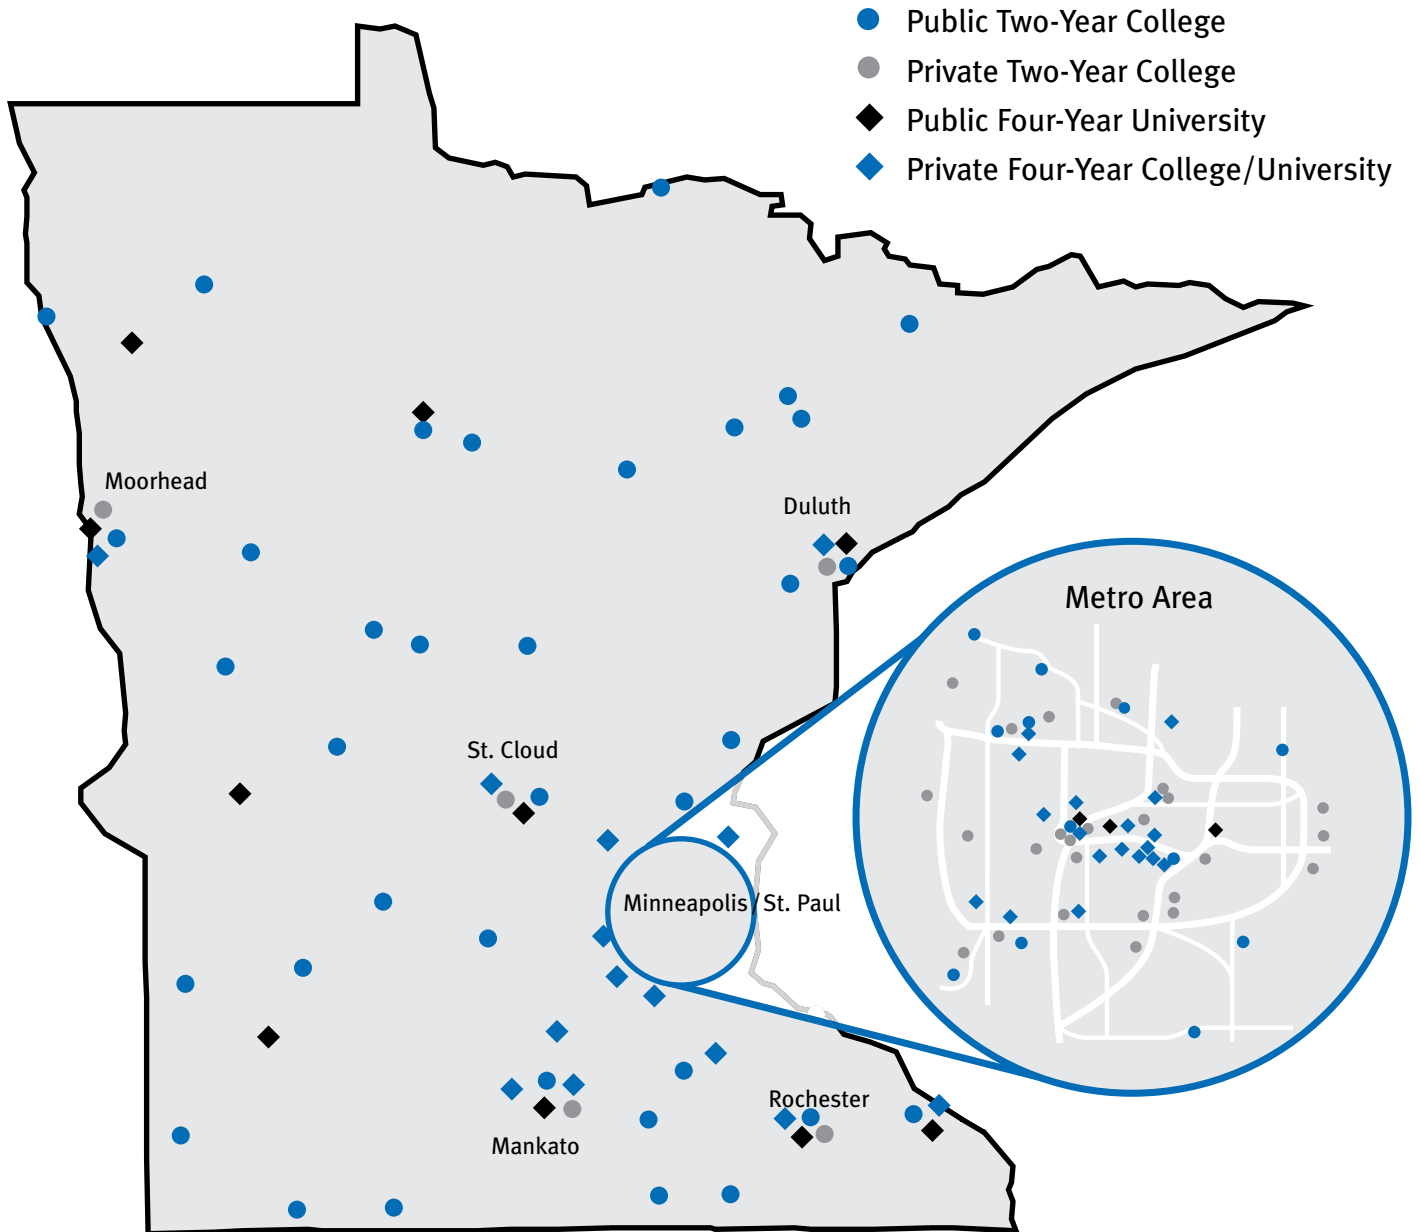

To check the legitimacy of a claim of accreditation, contact the accrediting agency directly.

- U.S. Department of Education

- Council for Higher Education Accreditation  
[www.chea.org/directories/](http://www.chea.org/directories/)  
(877) 955-2432

## Understand Your Transfer Options

If you are considering enrolling in a two-year college with the possibility of transferring your credits later to a four-year institution, it's essential that you understand in advance how your credits will be received by the four-year institution. While many technical and career programs are transferable to a four-year degree program, some are not. Contact the four-year institution you would like to attend to find out how your credits will be applied toward a four-year degree. You can find the contact name of the transfer specialist at each institution at [www.mntransfer.org](http://www.mntransfer.org).

# Minnesota's Colleges and Universities

## Public Two-Year College

At **Alexandria Technical and Community College**, students can graduate in two years or less in one of 50 programs including health, business, office professions, computers, law enforcement, management, manufacturing, marketing and transportation. Students receive personal attention from experienced faculty, and enjoy hands-on learning in a friendly, supportive atmosphere. The college features excellent technology, equipment and facilities and welcomes students from diverse backgrounds. Alexandria Technical and Community College offers degrees that can be applied to a four-year degree as well as online courses and degrees and flex-time courses for students who want to study when it is convenient for them.

### Curious Fact

The college started as a women's college in 1911. The campus also once included a high school, which closed in 1969.

## Private Four-Year College / University

**Bethel University** is located 12 minutes from the downtown areas of Minneapolis and St. Paul, and its 230-acre campus is nestled on the shore of a picturesque lake. The university offers 68 undergraduate majors within 85 areas of study, including the arts, reconciliation studies, humanities, natural sciences and social sciences. It is renowned for a highly credentialed faculty dedicated to teaching, integration of faith and learning, and the translation of Christian belief into global service. Two-thirds of the students participate in short-term missions or community volunteer work.

## Private Four-Year College / University

The **College of Saint Benedict** is a nationally-leading liberal arts college whose unique partnership offers students the educational choices of a large university and the individual attention of a premier small college. The college shares academic programs with Saint John's University, and students attend classes and activities together and have access to the resources of both campuses. This integrated learning experience is enlivened by Catholic and Benedictine traditions of hospitality, stewardship, service and the lively engagement of faith and reason. Ranked nationally among the top baccalaureate institutions for the number of students who study abroad, the college is committed to preparing students for leadership and service in a global society. The college enrolls students from around the world and integrates global citizenship into the curriculum.

## Private Four-Year College / University

The **College of Saint Scholastica** is an independent college founded in the Catholic intellectual tradition and shaped by its Benedictine heritage. The college offers programs in the liberal arts and sciences and professional career fields. The Saint Scholastica community is committed to an educational process that requires students to meet rigorous academic standards, broaden the scope of their knowledge and be accountable to both self and society. The small, friendly community enables students to participate in extracurricular and recreational activities, and a low student-teacher ratio makes it easy to seek individualized help and encouragement. Last year, 97 percent of graduates either secured employment or enrolled in graduate school within six months of graduation. The School of Extended Studies offers students an accelerated degree evening program in Brainerd, Rochester, St. Cloud and St. Paul.

## Public Two-Year College

Founded in 1987 as the nation's only combined tribal college and state community college, **Fond du Lac Tribal and Community College** offers two-year associate degrees across a wide range of program areas. Popular programs include law enforcement, nursing, human services, business, liberal arts, American Indian studies and environmental science. Students may also choose to complete credits for transfer to another college. The college's goal is to provide a well-rounded experience for students so they can be successful in their educational endeavors. Classes are offered during the day, evening and on weekends. Intercollegiate athletics teams, student clubs and activities are added bonuses at Fond du Lac. Students can also earn a bachelor's degree in social work through the College of St. Scholastica or a bachelor's degree in business through Bemidji State University.

## Private Four-Year College / University

**Hamline University** has been making history since 1854. Today more than 1,900 undergraduate students are developing their intellectual, creative and leadership potential and making their own mark on the world. Students choose from more than 40 areas of study and receive personal attention from faculty members who are at the top in their fields. Outside the classroom, students participate in more than 80 student organizations and 19 Division III athletic teams. All students engage in their local and global communities through internships, service-learning projects or study abroad opportunities. Hamline is the top-ranked and only “Great Schools, Great Prices” university of its class in Minnesota, according to *U.S. News & World Report*. Founded in 1854, Hamline also is Minnesota’s first university and among the first coeducational institutions in the nation.

### Curious Fact

The institute's students are able to record their own music and produce multimedia content in 10 studios at more than 125 workstations 24 hours a day, seven days a week.

## Public Two-Year College

**Inver Hills Community College** offers two-year associate degrees in a wide array of fields. Many graduates transfer to four-year schools to complete bachelor's degrees. Classes are offered days, evenings and some Saturdays, and over 25 percent of courses are available online. Being placed in a small learning community is an option for students, and new programs have been developed to help students of color and first-generation students succeed in college. Inver Hills is a scenic campus with 90 acres of rolling woodlands and wetlands and eight separate buildings with distinctive natural architecture. Many student clubs and organizations are available to help students enjoy the feel of a larger four-year school, but with the added service and attention of smaller liberal arts colleges.

## Public Two-Year College

At **Itasca Community College**, you can take general education courses, earn an Associate in Arts or Associate in Science degree in two years and then transfer to a four-year college as a junior. You can also complete one of the college's career programs and be ready for work in two years or less. You'll find the "big college" experience on a friendly, comfortable and academically challenging campus surrounded by majestic pine trees. Itasca has exceptional programs in engineering, psychology, early childhood education, business, natural resources, education, geographic information systems and practical nursing. The college offers free tutoring, study skills assistance, dormitory and apartment housing on and near campus, up-to-date computer labs, online registration and library services. Students can earn the last two years of a four-year degree in business management through the College of St. Scholastica.

## Private Two-Year College

ITT Technical Institute provides technology-oriented postsecondary programs at the associate and bachelor’s degree levels in four programs of study: information technology, electronics engineering technology, drafting and design and criminal justice. Programs of study are delivered through a combination of resident and online formats. Most classes have about 15 students, which ensures students receive plenty of face-to-face time with instructors, and a lot of hands-on experience.

## Private Four-Year College / University

**Macalester College** has been preparing students for world citizenship and providing an integrated international education for over six decades. The college challenges students to consider ideas from multiple perspectives, to be responsible global citizens and to forge solutions to problems that the world faces today and will encounter tomorrow. Macalester students come from every state and 90 countries for an academic program ranked among the top 20 in the nation. Students also benefit from the opportunity to learn in an international community with faculty who love to teach, and a location that offers broad accessible research and internship opportunities, plus a friendly neighborhood. Most students study abroad for a semester, and graduates reap the benefits of a global education in the job market and at the nation's top graduate programs.

## Private Four-Year College / University

The **Minneapolis College of Art and Design** is a small four-year private college committed to educating individuals to become professional artists and designers, leaders and effective critical thinkers. The college offers rigorous programs focused on studio-based and liberal arts courses and offers Bachelor and Master of Fine Arts degrees with 13 majors in fine arts, media and design as well as the unique Bachelor of Science degree in visualization. Some of our more prominent majors include comic art, web and multimedia environments, graphic design and advertising. State-of-the-art facilities are available 24/7 and students have the opportunity for personal studio space and on-campus living. The college was founded in 1886 and has the highest level of accreditation for a school of its kind.

## Public Two-Year College

**Minnesota State Community and Technical College** offers more than 120 academic and career programs on its four campuses and through its online eCampus. Financial aid (including the eCampus) and scholarship opportunities makes it an affordable option for a top-notch education. All campuses are wireless. While all locations offer intramural athletics, the Fergus Falls location offers varsity football, volleyball, basketball, softball, baseball and golf. Affordable housing is near all campuses with the Fergus Falls and Moorhead campuses offering college-operated housing. Some of the most popular and unique programs include electrical line worker, equine science, powersports and dental hygiene. All campuses also offer nursing programs, and the college's most popular program is its Associate of Arts transfer degree. Students can also earn a bachelor's degree in business 4.0 (Fergus Falls campus only) through Minnesota State University Moorhead.

South Dakota. The school mascot  
is the Maverick.

## Public Two-Year College

Normandale Community College has more than 40 academic programs as well as outstanding student life and academic support services. With faculty dedicated to teaching excellence and average class sizes around 27 students, Normandale is small enough to allow you to get to know your instructors and other students. Nearly two-thirds of Normandale’s graduates transfer to four-year colleges. Students in fields such as accounting, business, criminal justice, computer technology, dental hygiene, hospitality management, nanotechnology, nursing and radiologic technology benefit from Normandale’s excellent reputation and job placement services.

## Public Two-Year College

Northwest Technical College provides a 21st century learning environment, where technology is the foundation of all instruction. The college's unique partnership with Bemidji State University means students can live in the university's residence halls and take advantage of university services and activities. Northwest offers associate degree, diploma, and certificate programs in business, health/human and protective services, industrial technologies, and environment technologies. Industrial model-making and high performance engine machining are two unique programs. Students in the college's nursing program can continue on to complete a Bachelor of Science in nursing from Bemidji State. The college has online majors in nursing, accounting, administrative support, medical administrative secretary, medical office practices, medical coding/insurance and transcription, marketing and management, sales, supervisory management and occupational health and safety. New in 2011 is the emerging computer technologies program.

## Public Two-Year College

**Rainy River Community College** is located in northern Minnesota where, just minutes from campus, you can fish a hot spot on a lake or river, find a wilderness campsite in a world-class national park or visit a Native American museum in Canada. The setting is a small, secure community of about 6,700 people located between a lake, a river, a national park and the Canadian border. The 80-acre campus has an eight-building complex connected with heated walkways enclosing a landscaped courtyard. The grounds feature a softball field, tennis courts, lighted cross-country skiing and hiking trails and three ponds edged by decks and walkways. The adjacent student housing offers furnished apartment-style accommodations.

## Public Two-Year College

Riverland Community College is a comprehensive community and technical college where the faculty and staff help you achieve your goals, whether that means completing a two-year associate degree and transferring to a four-year college or university, completing a technical program and starting a new career, or gaining knowledge and skills as a lifelong learner. Support services are available to help you improve study skills, locate resources, address personal issues, make strong career decisions, pay for college or arrange the details of a smooth college transfer. Riverland has on-campus student housing in Austin with private or shared bedrooms available in three-bedroom apartments.

## Public Four-Year University

**St. Cloud State University** is an opportunity-rich public university that combines the advantages of a larger campus with smaller class sizes, personal attention and hands-on approaches to learning. Students benefit from an emphasis on strong academic programs, a global education and the diversity of ideas, cultures and experiences. The university is widely known for teacher preparation, business, mass communication, criminal justice, psychology and the sciences, but also offers undergraduates nearly 200 majors, minors, emphasis areas and pre-professional programs. St. Cloud State University is accredited by the Higher Learning Commission with membership in the North Central Association of Colleges and Schools. The University receives recognition for its individual academic programs, earning national endorsements in business, education, arts, sciences and engineering.

## Private Four-Year College / University

**Saint John's University** is a nationally-leading liberal arts college whose unique partnership offers students the educational choices of a large university and the individual attention of a premier small college. The college shares academic programs with the College of Saint Benedict, and students attend classes and activities together and have access to the resources of both campuses. This integrated learning experience is enlivened by Catholic and Benedictine traditions of hospitality, stewardship, service and the lively engagement of faith and reason. Ranked nationally among the top baccalaureate institutions for the number of students who study abroad, the college is committed to preparing students for leadership and service in a global society. The college enrolls students from around the world and integrates global citizenship into the curriculum.

### Curious Fact

South Central offers a full-tuition Presidential Scholarship to high school seniors with a 3.75 or higher GPA who demonstrate leadership skills and school and community involvement.

## Public Four-Year University

Southwest Minnesota State University is the youngest of Minnesota’s state universities and enjoys a strong working relationship with the Marshall community. Southwest provides a quality academic experience in an intimate learning environment, and students enjoy a wide variety of campus activities ranging from one of the nearly 100 clubs and organizations to NCAA Division II athletics to sponsored bands, comedians and speakers. With a strong sense of community, the university offers students the chance to know their faculty as well as their peers. The university campus buildings are completely interconnected by tunnels, skyways and walkways. Construction and improvements totalling more than \$130 million have been completed over the past eight years including a new student center, renovated library, regional event center, Alumni Plaza and residence halls and apartments. Southwest has also invested in the renovation of science labs, culinology kitchens, weight room and fitness center facilities. And, if that’s not enough, all students pay in-state tuition.

## Public Four-Year University

Students at the [University of Minnesota-Crookston](#) earn degrees on an affordable, private campus setting through career-oriented learning, research and top-level technology. With a balance of theory and practical application, the university offers associate and bachelor's degrees in over 25 academic majors with more than 50 concentration areas. The university's size offers students a friendly, personalized learning environment featuring small classes that allow easy access to faculty and staff. The university has developed a technology-rich interactive living and learning community that provides all full-time students with laptop computers (through payment of a technology access fee) to further develop their knowledge and skills.

## Public Four-Year University

The **University of Minnesota-Morris** is an academically rigorous, public undergraduate liberal arts college. The university's strength as a liberal arts institution comes primarily from three factors: a focused, narrowly defined mission that provides a rigorous liberal arts program; an intellectually gifted student body; and a faculty dedicated to teaching, personal contact with students and research with full student participation. It is a college for intelligent, thoughtful, down-to-earth students who want to be involved members of campus and academic life.

## Public Four-Year University

The **University of Minnesota-Rochester** is the newest campus of the University of Minnesota system, formally established in December 2006. With over 30 academic programs available, the Rochester campus provides undergraduate and graduate degrees, conducts research and pursues outreach services focusing on health sciences and biotechnology while continuing its commitment to offer high quality academic programming in business, education, technology, public health and social work. The university strives to collaborate with existing community resources to capitalize on the assets already available in the Rochester area and helps students to network and develop relationships with organizations and individuals throughout their college experience.

## Public Four-Year University

The **University of Minnesota-Twin Cities** is a classic Big 10 campus and one of the country's top public research universities. The Twin Cities campus is Minnesota's only research university, and undergraduate students benefit from participating in hands-on research opportunities across all disciplines. The university takes pride in its vibrant student community, with students hailing from all 50 states and 130 countries. Students also expand their worldview through the nation's largest study abroad program, with almost 300 study and internship opportunities in more than 60 countries. Staff and faculty are focused on undergraduate success, helping students achieve their dreams through advising, career counseling, and a four-year graduation guarantee.

## Public Two-Year College

Founded in 1922, **Vermilion Community College** is a two-year residential college located on the edge of the Boundary Waters Canoe Area wilderness. Students enjoy a personal learning environment where relationships with faculty, staff and administration add to the fullness of college life. The college offers unique environmental academic programs for students interested in outdoor careers including programs in taxidermy and professional forest harvester. Field study, hands-on learning and internships are integral to the curriculum. Faculty are experts in their fields with experience in the careers students are pursuing and actively assist students with national job placement after graduation. Job placement rates are excellent. Students can also start a major or complete the foundation for almost any bachelor's degree in the liberal arts and sciences program.

## AGRICULTURAL & FOOD INDUSTRIES

Agribusiness Production																				
Agribusiness Service and Management																				
Agriculture																				
Agriculture Business Management																				
Agriculture Business Marketing																				
Agriculture Production Management																				
Agriculture Science & Technology																				
Animal Production Systems																				
Baking & Pastry																				
Biofuels Technology																				
Crops, Soils & Pest Management																				
Culinary Arts / Food Service Management																				
Dairy Management																				
Farm Operation & Management																				
Floral Design																				
Food & Beverage Management																				
Golf Course Grounds Management																				
Horse Husbandry & Equine Business Management																				
Horticulture																				
Taxidermy																				
Veterinary Technology																				

## ARCHITECTURE & CONSTRUCTION

Architectural Construction Technology																				
Architectural Drafting																				
Building & Property Maintenance																				
Building Construction Technology																				
Building Inspection Technology																				
Building Utilities Mechanic																				
Cabinetmaking & Finishing Trades																				
CAD Drafting																				
Carpentry & Building Trades																				
Commercial & Residential Wiring																				
Communication System Installation / Repair																				
Concrete / Masonry / Bricklaying																				
Construction Field Supervision																				
Construction Management																				
Construction Project Supervision																				
Electrical Construction & Maintenance Technology																				
Electrical Construction Design & Management																				
Electrician / Electical Maintenance																				
Environmental Design, Technology & Production																				
Facility Systems Technology																				
Green & Sustainable Construction Technology																				
Heating, Ventilation, Air Conditioning & Refrigeration																				
Heavy Equipment Operation																				
Interior Design																				
Ironworker																				
Plumbing / Pipefitting

# NOTES

## About Us

The Minnesota Office of Higher Education is a state agency providing students with financial aid programs and information to help them gain access to postsecondary education.

## Other Resources Available From the Office of Higher Education:

- Web site on preparing, planning and paying for college [www.getreadyforcollege.org](http://www.getreadyforcollege.org)
- Paying for College: State & Federal Financial Aid Guide (60 pages)
- Financial Aid Basics: An Introduction to Paying for College (12 pages, available in English, Spanish, Hmong and Somali)

## Technical Notes

Information for each institutions as well as program offerings were reported by each college to the Office of Higher Education in April 2010. Enrollment numbers represent fall 2009 headcount.

Tuition and fees were reported as estimates in May 2010. For the most current tuition and fees, contact the college or university directly or visit [www.getreadyforcollege.org/tuition](http://www.getreadyforcollege.org/tuition).

Any information determined to be inaccurate should be reported to the college and the Office of Higher Education. Questions may be directed to [materials.ohe@state.mn.us](mailto:materials.ohe@state.mn.us).

## Retention and Graduation Rates

The source of the graduation and retention data is the U.S. Department of Education, IPEDS Graduation Rate and Enrollment Survey for 2009.

**Retention rates** measure the percentage of first-time, full-time students enrolled in fall 2008 who return to the institution to continue their studies the following fall.

**Transfer rates** indicate the percentages of first-time, full-time students who report leaving their institution within three years of first enrolling to enroll in a different institution the following term.

**Three-year graduation rates** measure the percentage of first-time, full-time students in fall 2006 who plan to earn a two-year degree who complete their program within three years at the same institution.

**Six-year graduation rates** measure the percentage of first-time, full-time students in fall 2003 who plan to get a bachelor's degree who complete their degree program within six years at the same institution.

**Overall Graduation Rates** are used for institutions offering a mix of awards, varying in length. The rate measures the percentage of students who began their studies as full-time, first-time degree-, diploma or certificate-seeking students who completed their awards within 150 percent of the "normal time" for completion. (For example, for students enrolled in associate degree programs, it measures the percentage of first-time, full-time students who completed within three years.)
