STATE OF MINNESOTA

Office of the State Auditor

Rebecca Otto State Auditor

MEEKER COUNTY LITCHFIELD, MINNESOTA

YEAR ENDED DECEMBER 31, 2010

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 160 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

STATE OF MINNESOTA OFFICE OF THE STATE AUDITOR

SUITE 500 525 PARK STREET SAINT PAUL, MN 55103-2139

(651) 296-2551 (Voice) (651) 296-4755 (Fax) state.auditor@state.mn.us (E-mail) 1-800-627-3529 (Relay Service)

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners Meeker County

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County, Minnesota, as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of (1) the Meeker Memorial Hospital, which represent the amounts shown as the business-type activities and the major proprietary fund; and (2) the Meeker County Housing and Redevelopment Authority, which represents 14 percent, 127 percent, and 37 percent, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us and, our opinion, insofar as it relates to the amounts included for the Meeker Memorial Hospital Enterprise Fund and the Housing and Redevelopment Authority component unit, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Meeker Memorial Hospital were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes

assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. In accordance with auditing standards generally accepted in the United States of America, we have applied certain limited procedures to the required supplementary information, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Meeker County's basic financial statements taken as a whole. The supplementary information, including the Schedule of Expenditures of Federal Awards required by OMB Circular A-133, listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2011, on our consideration of Meeker County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

September 27, 2011

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2010 (Unaudited)

As management of Meeker County, Minnesota, we offer the readers of the Meeker County financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented here in conjunction with the County's basic financial statements that follow this section. All amounts, unless otherwise indicated, are expressed in whole dollars.

FINANCIAL HIGHLIGHTS

- The assets of Meeker County exceeded its liabilities on December 31, 2010, by \$89,013,981 (net assets). Of this amount, \$29,468,327 (unrestricted net assets) may be used to meet Meeker County's ongoing obligations to citizens and creditors.
- Meeker County's total net assets increased by \$4,602,902 in 2010. This is attributed primarily to an increase in activity.
- As of the close of 2010, Meeker County's governmental funds reported combined ending fund balances of \$15,398,605, an increase of \$1,196,725 in comparison with the prior year. Of this fund balance amount, \$952,286 was unreserved and undesignated by Meeker County, and thus available for spending at the government's discretion.
- At the end of 2010, unreserved fund balance for the General Fund was \$5,317,513, or 58.59 percent, of the total General Fund expenditures for that year.
- Meeker County's total debt increased by \$783,813, or 2.18 percent. The key factor in the increase was the issuance of capital notes that exceeded payment on principal.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to Meeker County's basic financial statements. Meeker County's basic financial statements are composed of three components: (1) government-wide financial statements, (2) fund level financial statements, and (3) notes to the financial statements. The MD&A is required to accompany the basic financial statements and is included as required supplementary information. This report also contains other supplementary information.

Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers with a broad overview of Meeker County's finances in a manner similar to a private-sector business.

The statement of net assets presents information on all of Meeker County's assets and liabilities, with the difference being reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Meeker County is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (for example, uncollected taxes and earned but unused vacation leave).

Meeker County's government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from those intended to recover all or a significant portion of their costs through fees and charges (business-type activities). The governmental activities of Meeker County include general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, economic development, and interest. The business-type activity for Meeker County represents the Meeker Memorial Hospital.

The government-wide statements include not only the financial data for Meeker County itself (known as the primary government), but also the legally separate component units of the Economic Development Authority and Housing and Redevelopment Authority for which Meeker County is legally accountable. Further financial information for these component units is audited and reported separately from the financial information provided herein for the primary government itself.

The government-wide financial statements can be found on Exhibits 1 and 2 of this report.

Fund Level Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Meeker County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements. All of the funds of Meeker County can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Meeker County reports 15 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Special Revenue Fund, Human Services Special Revenue Fund, Revolving Loan Special Revenue Fund, and Capital Projects Fund--all of which are considered to be major funds. Data from the other ten governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements after the notes to the financial statements.

Governmental fund financial statements can be found on Exhibits 3 through 6 of this report.

The proprietary fund is maintained by Meeker County to account for the activities of the Meeker Memorial Hospital. The financial statements for this fund provide the same type of information as the government-wide financial statements, only in detail.

Proprietary fund financial statements can be found on Exhibits 7 through 9 of this report.

Fiduciary funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, or other funds. Meeker County's fiduciary funds consist of three funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. In addition, the agency funds are not reflected in the government-wide financial statements because these resources are not available to support the County's programs.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 37 through 82 of this report.

Other information regarding Meeker County's intergovernmental revenues is provided as supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net assets serve as a useful indicator of the County's financial position. Meeker County's assets exceeded liabilities by \$89,013,981 at the close of 2010. The largest portion of Meeker County's net assets (61.07 percent) reflects the County's investment in capital assets (for example, land, buildings, equipment, and infrastructure such as roads and bridges), less any related debt used to acquire those assets that is still outstanding. However, it should be noted that these assets are not available for future spending or for liquidating any remaining debt.

| | | | | | | | | | | | | | |

Governmental Activities

Meeker County's governmental activities increased the County's net assets during 2010 by \$3,294,330.

Business-Type Activities

Business-type activities of the Meeker Memorial Hospital increased Meeker County's net assets by \$1,308,572, accounting for 28.43 percent of the total growth in the County's net assets. Fees, charges, fines, and others increased \$2,669,939, or 11.33 percent, while expenses were up \$2,167,165, or 9.37 percent.

Financial Analysis of the Government's Funds

As noted earlier, Meeker County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Meeker County's governmental funds reported combined ending fund balances of \$15,398,605, an increase of \$1,196,725 in comparison with the prior year. The majority of this amount, \$13,606,488, consists of unreserved fund balance, which is available for spending at the County's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed for various reasons.

The General Fund is the chief operating fund for Meeker County. At the end of the current fiscal year, it had an unreserved fund balance of \$5,317,513, while total fund balance was \$6,101,617. As a measure of the General Fund's liquidity, it may be useful to compare unreserved fund balance to total expenditures. Unreserved fund balance represents 58.59 percent of total General Fund expenditures. In 2010, ending fund balance in the General Fund increased by \$320,717. The primary reason for this increase was a decrease in liabilities.

The Road and Bridge Special Revenue Fund's unreserved fund balance of \$654,087 at year-end represents 10.79 percent of the fund's annual expenditures. Fund balance increased \$394,849 during 2010, primarily due to less expenditures.

The Human Services Special Revenue Fund's unreserved fund balance of \$3,741,015 at year-end represents 57.95 percent of the fund's annual expenditures. Unreserved fund balance decreased \$652,704 during 2010, primarily due to planned reduction in fund balance.

The Revolving Loan Special Revenue Fund's unreserved fund balance of \$740,776 at year-end represents an increase of \$112,041 during 2010, due to decreased liabilities and increased fund balance with no new loans issued during the year.

GENERAL FUND BUDGETARY HIGHLIGHTS

There are no differences between the original expenditure budget and the final amended budget. (Meeker County did not amend the 2010 expenditure budget.)

Actual revenues exceeded budgeted revenues by \$355,934, primarily due to increased charges for services revenues.

(Unaudited)

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Meeker County's capital assets for its governmental activities at December 31, 2010, totaled \$60,265,662 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and infrastructure. The County's investment in capital assets increased \$3,350,523, or 5.89 percent, from the previous year. The major capital asset events were infrastructure.

Additional information on the County's capital assets can be found in the notes to the financial statements.

Long-Term Debt

At the end of the current fiscal year, Meeker County had a total outstanding debt of \$36,786,275. The governmental activities portion is backed by the full faith and credit of the government; the business-type activities portion is a limited obligation of Meeker County, payable solely from gross revenues of the Meeker Memorial Hospital.

| | Governmental Activities | | | | Business-Ty | rities | Total | | | | |
|---|-------------------------|----|-----------|----|-------------|--------|------------|----|------------|----|------------|
| | 2010 | | 2009 | | 2010 | | 2009 | | 2010 | | 2009 |

| Loan payable | 121,275 | | 7,462 | | | | | | 121,275 | | 7,462 |
| Total | \$ 10,536,275 | \$ | 9,327,462 | \$ | 26,250,000 | \$ | 26,675,000 | \$ | 36,786,275 | \$ | 36,002,462 |

The County's debt related to general obligation bonds, general obligation notes, gross revenue hospital facilities bonds, certificates of participation, capital notes, and loans increased by \$783,813, or 2.18 percent, during the fiscal year due to the issuance of capital notes that exceeded payment on principal.

Meeker County's bond rating is <u>A2</u> from Moody's.

Minnesota statutes limit the amount of debt a county may levy to three percent of its total market value. At the end of 2010, Meeker County is well below the three percent debt limit imposed by state statutes.

Additional information on the County's long-term debt can be found in the notes to the financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The unemployment rate for Meeker County at the end of 2010 was 8.5 percent. This compares with the state unemployment rate of 6.8 percent and shows a County decrease from the rate of one year ago of 0.9 percent.

By the end of 2010, Meeker County approved its balanced 2011 revenue and expenditure budgets.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Meeker County's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the Meeker County Auditor, 325 Sibley Avenue North, Litchfield, Minnesota 55355.

EXHIBIT 6

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES

| Net change in fund balance - total governmental funds (Exhibit 5) | | \$ | 1,211,033 |
|--|--|----|-------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | | |
| In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenues between the fund statements and statement of activities is the increase or decrease in revenues deferred as unavailable. | | | |
| Deferred revenue - December 31 Deferred revenue - January 1 | \$ 1,489,663 (1,390,386) | | 99,277 |
| Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the statement of activities, only the gain or loss on the disposal of capital assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. Therefore, the change in net assets differs from the change in fund balance by the net book value of the assets sold. | | | |
| Expenditures for general capital assets and infrastructure Current year depreciation | \$ 5,661,775 (2,311,252) | | 3,350,523 |
| Proceeds from debt issuances provide current financial resources to funds, but issuing debt increases long-term liabilities in the statement of net assets. | | | |
| Debt issued Capital notes Loans Premiums of notes issued | \$ (2,500,000) (121,275) (10,646) | | (2,631,921) |
| Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. | <u> </u> | | |
| Principal payments General obligation bonds Certificates of participation Loan payable | \$ 1,130,000 275,000 7,462 | | 1,412,462 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. | | | |
| Change in accrued interest payable Amortization of discounts/premiums and deferred issuance charges Change in compensated absences Change in inventories | \$ (7,438) (3,242) (36,031) (14,308) | | |
| Change in other postemployment benefits | (86,025) | ф. | (147,044) |
| Change in Net Assets of Governmental Activities (Exhibit 2) | | \$ | 3,294,330 |

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. <u>Summary of Significant Accounting Policies</u>

Meeker County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as of and for the year ended December 31, 2010. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989, (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Meeker County was established February 23, 1856, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. As required by accounting principles generally accepted in the United States of America, these financial statements present Meeker County (primary government) and its component units for which the County is financially accountable. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year.

Discretely Presented Component Units

While part of the reporting entity, discretely presented component units are presented in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. The following component units of Meeker County are discretely presented:

| Component Unit | Component Unit of Reporting Entity Because | Separate Financial Statements | | |
|---|--|---|--|--|
| Meeker County Economic Development Authority (EDA) | The Board of Directors consists of two County Commissioners and five members appointed by the County Commissioners. Meeker County is obligated for the debt and any operating deficits of the EDA. | The Meeker County EDA does not issue separate financial statements. | | |

1. <u>Summary of Significant Accounting Policies</u>

A. Financial Reporting Entity

<u>Discretely Presented Component Units</u> (Continued)

| Component Unit | Component Unit of Reporting Entity Because | Separate Financial Statements |
|---|---|--|
| Meeker County Housing and Redevelopment Authority (HRA) | The Board of Directors consists of five members who are appointed by the County Commissioners. Meeker County is obligated for the debt and any operating deficits of the HRA. | Meeker County Housing and Redevelopment Authority 840 North Third Street P. O. Box 277 Dassel, Minnesota 55325 |

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net assets and the statement of activities) display information about Meeker County (the primary government) and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

In the government-wide statement of net assets, both the governmental activities and business-type activities columns: (a) are presented on a consolidated basis by column; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

Meeker County's net assets are reported in three parts: (1) invested in capital assets, net of related debt; (2) restricted net assets; and (3) unrestricted net assets. Meeker County first utilizes restricted resources to finance qualifying activities.

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. <u>Government-Wide Statements</u> (Continued)

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities and business-type activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category-governmental, proprietary, and fiduciary--are presented. The emphasis of governmental and proprietary fund financial statements is on major individual governmental and enterprise funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or incidental activities.

In relation to GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, as amended, the Meeker Memorial Hospital has elected not to apply the provisions of pronouncements of FASB issued after November 30, 1989.

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. <u>Fund Financial Statements</u> (Continued)

The County reports the following major governmental funds:

The <u>General Fund</u> is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The <u>Road and Bridge Special Revenue Fund</u> is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The <u>Human Services Special Revenue Fund</u> is used to account for economic assistance and community social services programs.

The <u>Revolving Loan Special Revenue Fund</u> accounts for the revenues and expenditures associated with the County's economic development loan program.

The <u>Capital Projects Fund</u> accounts for financial resources to be used for anticipated capital projects.

The County reports the following major enterprise fund:

The <u>Meeker Memorial Hospital Fund</u> is used to account for the operations of the Meeker Memorial Hospital.

Additionally, the County reports the following fund types:

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

The <u>Debt Service Fund</u> is used to account for the accumulation of resources for and the payment of principal, interest, and related costs of general long-term debt.

1. <u>Summary of Significant Accounting Policies</u> (Continued)

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Meeker County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt are reported as other financing sources.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Cash and Cash Equivalents

Meeker County has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Additionally, each fund's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

1. <u>Summary of Significant Accounting Policies</u>

D. Assets, Liabilities, and Net Assets or Equity (Continued)

2. <u>Deposits and Investments</u>

The cash balances of substantially all funds are pooled and invested by the County Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2010, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Investment earnings on business-type activities are credited to the Meeker Memorial Hospital Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Investment earnings for 2010 were \$247,821.

Meeker County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The MAGIC Fund is not registered with the Securities and Exchange Commission (SEC), but does operate in a manner consistent with Rule 2a-7 prescribed by the SEC pursuant to the Investment Company Act of 1940 (17 C.F.R. § 270.2a-7). Therefore, the fair value of the County's position in the pool is the same as the value of the pool shares.

3. Receivables and Payables

Activity between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances to other funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

1. <u>Summary of Significant Accounting Policies</u>

D. Assets, Liabilities, and Net Assets or Equity

3. <u>Receivables and Payables</u> (Continued)

All receivables, including those of the discretely presented component units, are shown net of an allowance for uncollectibles.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

The Meeker Memorial Hospital Enterprise Fund grants credit to its patients, most of whom are local residents or are employed by the businesses of Litchfield and the surrounding area. The Hospital has agreements with third-party payors, which provide for reimbursement to the Hospital at amounts different from its established rates.

Patient accounts receivable, where a third-party payor is responsible for paying the amount, are carried at a net amount determined by the original charge for the services provided, less an estimate made for contractual adjustments or discounts provided to third-party payors.

Patient accounts receivable due directly from the patients are carried at the original charge for the services provided less amounts covered by third-party payors and less an estimated allowance for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts, by using historical experience applied to an aging of accounts, and by considering a patient's financial history, credit history, and current economic conditions. Patient accounts receivable are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded as a reduction of the provision for bad debts when received.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

4. <u>Inventories and Prepaid Items</u>

All inventories are valued at cost using the first in/first out method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories in proprietary funds and at the government-wide level are recorded as expenses when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

5. Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net assets because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by Meeker County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity

6. Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. During the current period, the County did not have any capitalized interest.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|------------------------------------|---------|
| | |
| Buildings | 25 - 75 |
| Building improvements | 20 - 30 |
| Public domain infrastructure | 25 - 75 |
| Furniture, equipment, and vehicles | 3 - 15 |

7. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. Deferred Revenue

All County funds and government-wide financial statements defer revenue for resources that have been received but not yet earned. Governmental funds report deferred revenue in connection with receivables for revenues not considered to be available to liquidate liabilities of the current period.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

9. <u>Long-Term Obligations</u>

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts not available for appropriation or legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans subject to change.

11. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1. Summary of Significant Accounting Policies (Continued)

E. Hospital Enterprise Fund - Net Patient and Resident Service Revenue

Net patient and resident service revenue for the Medical Center are determined based on agreements with third-party payors that provide for payments to the Medical Center at amounts different from its established rates. Payment arrangements include reimbursed costs, discounted charges, and per diem payments. Net patient and resident service revenue is reported at the estimated net realizable amounts from patients, residents, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Medicare - The Hospital has elected a Critical Access Hospital (CAH) designation. The Medical Center is reimbursed for most inpatient and outpatient services at cost with final settlement determined after submission of annual cost reports by the Hospital subject to audits thereof by the Medicare intermediary.

The Hospital has also entered into reimbursement agreements with certain commercial insurance carriers and other organizations. The basis for payment to the Hospital under these agreements is primarily based on fee schedules and discounts from established charges.

Laws and regulations governing Medicare, Medicaid, and other programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

2. <u>Stewardship, Compliance, and Accountability</u>

A. <u>Budgetary Information</u>

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all major governmental funds, except for the Revolving Loan Special Revenue Fund, and most nonmajor governmental funds. All appropriations lapse at year-end. On or before mid-August of each year, all departments submit requests for appropriations to the County Auditor so that a budget can be prepared. Before October 31, the proposed budget is presented to the County Board for review. The Board holds public hearings, and a final budget must be prepared and adopted no later than December 31.

2. Stewardship, Compliance, and Accountability

A. Budgetary Information (Continued)

The appropriated budget is prepared by fund, function, and department. Transfers of appropriations within a department and between departments require approval of the County Board. The legal level of budgetary control--the level at which expenditures may not legally exceed appropriation--is the fund or departmental level. The Board made some supplemental budgetary appropriations throughout the year; however, none were material.

Encumbrance accounting is employed in governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

B. <u>Deficit Fund Equity</u>

The Ditch Special Revenue Fund had a positive balance of \$126,107 as of December 31, 2010, although seven ditches had deficit balances. The deficits will be eliminated with future special assessment levies against the benefited properties. The following is a summary of the individual ditch systems:

| 43 ditches with positive balances 7 ditches with deficit balances | \$ 160,992 (34,885) |
|---|---------------------------|
| Net Fund Balance | \$ 126,107 |

C. Excess of Expenditures Over Budget

The following nonmajor funds and departments had expenditures in excess of budget for the year ended December 31, 2010:

| | Ex | penditures | Budget | Excess | |
|--|----|------------|---------------|--------|---------|
| Other governmental funds County Parks Special Revenue Fund Culture and recreation Parks | \$ | 422,496 | \$ 260,375 | \$ | 162,121 |
| County Nurse Special Revenue Fund Health Nursing service | | 1,542,265 | 1,510,631 | | 31,634 |

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u>

Reconciliations of the County's total deposits, cash on hand, and investments to the basic financial statements follows:

| Government-wide statement of net assets | | |
|---|----|------------|
| Governmental activities | | |
| Cash and pooled investments | \$ | 15,211,457 |
| Petty cash and change funds | | 2,690 |

| Business-type activities | | |
| Cash and pooled investments | | 5,222,544 |
| Investments, restricted | | 11,587,591 |
| Statement of fiduciary net assets | | |
| Cash and pooled investments | | 448,670 |
| | | _ |
| Total Cash and Investments | \$ | 32,475,582 |
| | | |
| Deposits | \$ | 14,681,482 |
| Petty cash and change funds | Ψ | 2,690 |
| Investments | | 17,791,410 |
| III Councillo | | 17,771,110 |
| Total Deposits, Cash on Hand, and Investments | \$ | 32,475,582 |

a. <u>Deposits</u>

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

3. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments

a. <u>Deposits</u> (Continued)

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; state and local general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. However, the County complies with Minnesota statutes in establishing authorized collateral for its deposits. As of December 31, 2010, the County's deposits were not exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, it instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u>

b. <u>Investments</u> (Continued)

- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers' acceptance of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The County's investment policy is to invest in both short-term and long-term investments to limit exposure to interest rate risk.

At December 31, 2010, the County had the following investments:

| | Fair Value | | | | Less Than 1 Year | | | | 1 - 5 Years | | 5+ Years |
|------------------------------------|---------------|------------|----|------------|---------------------|-----------|-----------------|--|----------------|--|-----------------|
| U.S. government securities | \$ | 3,079,835 | \$ | 767,206 | \$ | 500,398 | \$ 1,812,231 | | | | |
| Treasury notes/bonds | | 1,370,359 | | 309,340 | | 781,078 | 279,941 | | | | |
| Investment pool/MAGIC Fund | | 8,040,772 | | 8,040,772 | | - | - | | | | |
| Negotiable certificates of deposit | | 484,468 | | 2,630 | | 481,838 | - | | | | |
| Money markets | | 4,737,136 | | 4,737,136 | | - | - | | | | |
| Equity securities | | 78,840 | | 78,840 | | - | - | | | | |
| Total Investments | \$ | 17,791,410 | \$ | 13,935,924 | \$ | 1,763,314 | \$ 2,092,172 | | | | |

3. Detailed Notes on All Funds

A. Assets

1. Deposits and Investments

b. <u>Investments</u> (Continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the County's policy to invest only in securities that meet the ratings requirements set by state statute.

The County's exposure to credit risk as of December 31, 2010, is as follows:

| | S & P Rating | | Fair Value | | |
|------------------------------------|--------------|----|------------|--|--|
| U.S. government securities | AAA | \$ | 3,079,835 | | |
| Treasury notes/bonds | AAA | | 1,370,359 | | |
| Investment pool/MAGIC Fund | N/R | | 8,040,772 | | |
| Negotiable certificates of deposit | N/A | | 484,468 | | |
| Money markets | AAA | | 4,737,136 | | |
| Equity securities | N/A | | 78,840 | | |
| Total | | \$ | 17,791,410 | | |
| 10111 | | Ψ | 17,771,710 | | |

N/R - Not rated N/A - Not applicable

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. The County does not have a specific policy for custodial credit risk. As of December 31, 2010, \$7,228,891 of U.S. government securities and Treasury notes in the County's investment balance of \$17,791,410 were exposed to custodial credit risk as follows:

Uninsured and collateral held by the pledging institution's trust department not in the County's name

\$ 7,228,891

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u>

b. <u>Investments</u> (Continued)

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. It is the County's policy that investments in the MAGIC Fund, U.S. Treasury securities, U.S. agency securities, and obligations backed by U.S. Treasury and/or U.S. agency securities may be held without limit.

Investments in any one issuer that represent five percent or more of the County's investments are:

| Issuer | · · · · · · · · · · · · · · · · · · · | Reported Amount | | |
|--|---------------------------------------|------------------------|--|--|

Leases Receivable

Independent School District (ISD) 465 has entered into two lease agreements with Meeker County for use of the auditorium and office space in the County's Family Services Building. At December 31, 2010, the building is carried in the County's capital assets at \$4,207,898, net of depreciation.

- (1) For the auditorium lease of the Family Services Building, ISD 465 pays semiannual lease amounts for the first 15 years equal to seven percent of the County's debt service payments for the certificates of participation sold during 1995 to finance the renovation of the Family Services Building.
- (2) The office space lease at the Family Services Building is for 15 years commencing on June 1, 1996, and ending May 31, 2011. ISD 465 pays semi-annual lease amounts equal to 11 percent of the County's debt service payments for these certificates of participation. The lease payments are due ten days prior to the County's debt payment dates.

The office space lease at 120 North Sibley Avenue is leased to the Heartland Community Action Agency and the Meeker County Food Shelf. The leases are for five years commencing on March 15, 2005, and ended on March 14, 2010; both leases are now on a month-to-month agreement. Each lease requires monthly payments of \$300, totaling \$36,000 at the end of the lease term. The lease payments are due on the first day of each calendar month.

Amounts due under the lease agreements have been recorded as leases receivable and deferred revenue in the Family Services Building Fund at December 31, 2010.

7. Prior Year's Refunded Debt

In 2003, the County defeased certificates of participation issued July 1, 1995, by creating a separate irrevocable fund. Refunding certificates of participation of 2003 in the principal amount of \$2,060,000 were issued, and the proceeds were used to purchase U.S. government securities that were placed in the trust fund. The investments and earnings on the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes,

3. Detailed Notes on All Funds

C. Liabilities

7. <u>Prior Year's Refunded Debt</u> (Continued)

the debt has been considered defeased and, therefore, removed as a liability from the County's government-wide financial statements. As of December 31, 2010, the amount of defeased debt outstanding not included in the financial statements was \$290,000.

4. Pension Plans

A. <u>Defined Benefit Plans</u>

1. Plan Description

All full-time and certain part-time employees of Meeker County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Local Government Correctional Service Retirement Fund (the Public Employees Correctional Fund), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356.

General Employees Retirement Fund members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security, and Basic Plan members are not. All new members must participate in the Coordinated Plan and benefits vest after three years of credited service (five years for those first eligible for membership after June 30, 2010).

All police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Fund. Members who are employed in a county correctional institution as a correctional guard or officer, a joint jailer/dispatcher, or as a supervisor of correctional guards or officers or of joint jailer/dispatchers and are directly responsible for the direct security, custody, and control of the county correctional institution and its inmates, are covered by the Public Employees Correctional Fund.

4. Pension Plans

A. Defined Benefit Plans

1. Plan Description (Continued)

For members first eligible for membership after June 30, 2010, benefits vest on a graduated schedule starting with 50 percent after five years and increasing 10 percent for each year of service until fully vested after ten years. Members eligible for membership before July 1, 2010, are fully vested after three years of service.

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by state statute. Defined retirement benefits are based on a member's average yearly salary for the five highest-paid consecutive years of allowable service, age, and years of credit at termination of service.

Two methods are used to compute benefits for General Employees Retirement Fund Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each year thereafter. For a Coordinated Plan member, the annuity accrual rate is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each successive year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For Public Employees Police and Fire Fund members, the annuity accrual rate is 3.0 percent of average salary for each year of service. For Public Employees Correctional Fund members, the annuity accrual rate is 1.9 percent of average salary for each year of service.

For all General Employees Retirement Fund members hired prior to July 1, 1989, whose annuity is calculated using Method 1, and for all Public Employees Police and Fire Fund and Public Employees Correctional Fund members, a full annuity is available when age plus years of service equal 90. Normal retirement age is 55 for Public Employees Police and Fire Fund members and Public Employees Correctional Fund members, and either 65 or 66 (depending on date hired) for General Employees Retirement Fund members. A reduced retirement annuity is also available to eligible members seeking early retirement.

4. Pension Plans

A. Defined Benefit Plans

1. Plan Description (Continued)

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for the General Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Public Employees Correctional Fund. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, Saint Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

2. Funding Policy

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the State Legislature. The County makes annual contributions to the pension plans equal to the amount required by state statutes. General Employees Retirement Fund Basic Plan members and Coordinated Plan members are required to contribute 9.10 and 6.00 percent, respectively, of their annual covered salary. Public Employees Police and Fire Fund members are required to contribute 9.40 percent. Public Employees Correctional Fund members are required to contribute 5.83 percent of their annual covered salary.

The County is required to contribute the following percentages of annual covered payroll in 2010:

| General Employees Retirement Fund | |
|---------------------------------------|--------|
| Basic Plan members | 11.78% |
| Coordinated Plan members | 7.00 |
| Public Employees Police and Fire Fund | 14.10 |
| Public Employees Correctional Fund | 8.75 |

4. Pension Plans

A. Defined Benefit Plans

2. Funding Policy (Continued)

The County's contributions for the years ending December 31, 2010, 2009, and 2008, for the General Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Public Employees Correctional Fund were:

| | 2010 | | 2009 | | 20 | | 2008 |
|---------------------------------------|------|---------|------|---------|----|----|---------|
| General Employees Retirement Fund | \$ | 514,132 | \$ | 494,578 | | \$ | 448,765 |
| Public Employees Police and Fire Fund | | 154,865 | | 144,664 | | | 117,372 |
| Public Employees Correctional Fund | | 45,759 | | 51,442 | | | 44,225 |

These contribution amounts are equal to the contractually required contributions for each year as set by state statute.

B. Defined Contribution Plan

Four County Commissioners of Meeker County are covered by the Public Employees Defined Contribution Plan, a multiple-employer, deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the State Legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes 5.00 percent of salary, which is matched by the employer. Employees may elect to make member contributions in an amount not to exceed the employer share. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.00 percent of employer contributions and 0.25 percent of the assets in each member account annually.

4. Pension Plans

B. Defined Contribution Plan (Continued)

Total contributions by dollar amount and percentage of covered payroll made by the County during the year ended December 31, 2010, were:

| | En | nployee | Employer | | |
|-------------------------------|----|---------|----------|-------|--|
| Contribution amount | \$ | 6,863 | \$ | 6,863 | |
| Percentage of covered payroll | | 5% | 5% | | |

Required contribution rates were 5.00 percent.

5. Postemployment Health Care Plan

A. Plan Description

The County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical coverage. Medical coverage is administered by Blue Cross Blue Shield. The County provides benefits for retirees, in accordance with Minn. Stat. § 471.61, subd. 2b. It is the County's policy to periodically review its medical coverage and to obtain requests for proposals in order to provide the most favorable benefits and premiums for County employees and retirees.

B. Funding Policy

Retirees and their spouses contribute to the health care plan at the same rate as County employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the County based on the contract terms with Blue Cross Blue Shield. The required contributions are based on projected pay-as-you-go financing requirements. For fiscal year 2010, the County contributed \$24,894. As of January 1, 2010, there were approximately four retirees receiving health benefits from the County's health plan.

5. <u>Postemployment Health Care Plan</u> (Continued)

C. Annual OPEB Cost and Net OPEB Obligation

The County's annual other postemployment benefits (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the County's annual OPEB cost of the year, the amount actually contributed to the plan, and changes in the County's net obligation to the plan.

| ARC Interest on net OPEB obligation Adjustment to ARC | \$ 113,387 7,377 (9,845) |
|---|-----------------------------------|
| Annual OPEB cost (expense) Contributions made | \$ 110,919 (24,894) |
| Increase in net OPEB obligation Net OPEB Obligation - Beginning of Year | \$ 86,025 163,930 |
| Net OPEB Obligation - End of Year | \$ 249,955 |

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2008, 2009, and 2010 was as follows:

| | | | | | Percentage of Annual | | |
|-------------------|----|-----------|----|------------|-------------------------|------------|---------|
| Fiscal | | Annual | E | mployer | OPEB Cost | N | et OPEB |
| Year Ended | O | OPEB Cost | | ntribution | Contributed | Obligation | |
| December 31, 2008 | \$ | 112.401 | \$ | 25.462 | 22.7% | \$ | 86.939 |
| December 31, 2009 | Ψ | 112,401 | Ψ | 35,410 | 31.5 | Ψ | 163,930 |
| December 31, 2010 | | 110,919 | | 24,894 | 22.4 | | 249,955 |

D. Funded Status and Funding Progress

As of January 1, 2010, the most recent actuarial valuation date, the County has no assets deposited to fund the plan. The actuarial accrued liability for benefits was \$776,300, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$776,300. The covered payroll (annual payroll of active employees covered by the plan) was \$8,692,073, and the ratio of the UAAL to the covered payroll was 8.9 percent.

5. Postemployment Health Care Plan

D. Funded Status and Funding Progress (Continued)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress - Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, will present multi-year trend information as it becomes available about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2010, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a 4.5 percent discount rate, which is based on the investment yield expected to finance benefits depending on whether the plan is funded in a separate trust (6.5 percent, long-term, similar to a pension plan) or unfunded (4.5 percent, shorter term, based on County's general assets). The County currently does not plan to prefund for this benefit. At the actuarial valuation date, the annual health care cost trend rate was calculated to be 8.5 percent initially, reduced incrementally to 5.0 percent after 7 years. The UAAL is being amortized as a level dollar amount on a closed basis. The remaining amortization period at January 1, 2010, was 28 years.

6. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. The County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$450,000 per claim in both 2010 and 2011. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Hospital is covered by professional liability insurance on a claims-made basis. Individual and aggregate claims coverage is \$1,000,000 and \$3,000,000, respectively. Hospital management is of the opinion that insurance coverage is adequate to cover anticipated losses, if any.

7. <u>Summary of Significant Contingencies and Other Items</u>

A. Subsequent Events

On June 7, 2011, the County Board approved the issuance of a \$250,000 General Obligation Certificate of Indebtedness to finance the acquisition of capital equipment. The certificate has an interest rate of 2.0 percent and will mature within one year.

7. <u>Summary of Significant Contingencies and Other Items</u> (Continued)

B. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

C. Joint Ventures

Southwestern Minnesota Adult Mental Health Consortium Board

In November 1997, the County entered into a joint powers agreement with Big Stone, Chippewa, Cottonwood, Jackson, Kandiyohi, Lac qui Parle, McLeod, Nobles, Pipestone, Redwood, Renville, Rock, Swift, and Yellow Medicine Counties; and Lincoln, Lyon, and Murray Counties, represented by the Lincoln, Lyon, & Murray Human Services Board; creating and operating the Southwestern Minnesota Adult Mental Health Consortium Board under the authority of Minn. Stat. § 471.59. The Board takes actions and enters into such agreements as necessary to plan and develop, within the Board's geographic jurisdiction, a system of care that will serve the needs of adults with serious and persistent mental illness. The governing board is composed of one Board member from each of the participating counties.

Financing is provided by state proceeds or appropriations for the development of the system of care. Current financial statements are available at the Cottonwood County Family Services Agency, Windom, Minnesota 56101.

7. Summary of Significant Contingencies and Other Items

C. Joint Ventures (Continued)

Meeker-McLeod-Sibley Community Health Services Board

The Meeker-McLeod-Sibley Community Health Services Board was established pursuant to Minn. Stat. §§ 145A.09 to 145A.14, Minn. Stat. § 471.59, and a joint powers agreement, effective April 19, 1990. The Community Health Services Board consists of 15 members, 5 each from McLeod, Meeker, and Sibley Counties. The primary function of the joint venture is to provide health services and to promote efficiency and economy in the delivery of health services.

The joint venture is financed primarily from state and federal grants. McLeod County is the fiscal agent. Current financial statements are available at its offices at 114 North Holcombe Avenue, Suite 250, Litchfield, Minnesota 55355.

Prime West Central County-Based Purchasing Initiative

In December 1998, Meeker County became a member of the Prime West Central County-Based Purchasing Initiative Joint Powers Board with Big Stone, Douglas, Grant, McLeod, Pipestone, Pope, Renville, Stevens, and Traverse Counties. Meeker County, in partnership with these nine counties, is organized to directly purchase health care services for county residents who are eligible for Medical Assistance and General Assistance Medical Care. County-based purchasing is the local control alternative favored for improved coordination of services to prepaid Medical Assistance programs in complying with Minnesota Department of Health requirements as set forth in Minn. Stat. chs. 62D and 62N.

Funding from the state is the revenue source for this program.

Douglas County acts as fiscal agent for the Prime West Central County-Based Purchasing Initiative and reports the cash transactions as an investment trust fund on its financial statements. Complete financial information can be obtained from its administrative office at Prime West Health Systems, Douglas County Courthouse, 305 - 8th Avenue West, Alexandria, Minnesota 56308.

7. Summary of Significant Contingencies and Other Items

C. Joint Ventures (Continued)

Crow River Joint Powers Agreement

In April 1999, the County entered into a joint powers agreement with Carver, Hennepin, Kandiyohi, McLeod, Pope, Renville, Sibley, Stearns, and Wright Counties, creating the Crow River Joint Powers Agreement. The Agreement is authorized by Minn. Stat. §§ 103B.311 and 103B.315. The Prairie County Resource Conservation and Development Council is the fiscal agent for this joint powers agreement.

The Board of Directors meets at least two times per year, or more often if needed, at the location to be set by the chair of the Joint Powers Board. The purpose of this agreement is the joint exercise of powers by the counties to promote the orderly water quality improvement and management of the Crow River Watershed through information sharing, education, coordination, and related support to the member counties by assisting in the implementation and goal achievement of comprehensive water plans which counties may develop and implement.

The governing board comprises one County Commissioner from each member county. Financing is provided by state proceeds. Current financial statements are not available.

Supporting Hands Nurse Family Partnership

The Supporting Hands Nurse Family Partnership was established pursuant to Minn. Stat. §§ 145A.17 and 471.59 and a joint powers agreement, effective June 5, 2007. The Board is composed of 12 members, which consist of an appointed Commissioner from each participating county. McLeod County is the fiscal agent. The primary purpose of the joint venture is to improve the health and life course of low-income, first-time mothers and their children.

The joint venture is financed primarily by contributions from participating counties. Audited financial statements are available at the McLeod County Auditor's-Treasurer's Office, 2385 Hennepin Avenue North, Glencoe, Minnesota 55336.

7. Summary of Significant Contingencies and Other Items

C. Joint Ventures (Continued)

Central Minnesota Regional Radio Board

The Central Minnesota Regional Radio Board was established in 2007, under the authority conferred upon the member parties by Minn. Stat. §§ 471.59 and 403.39, and includes the City of St. Cloud and the Counties of Benton, Big Stone, Douglas, Grant, Kandiyohi, Meeker, Morrison, Otter Tail, Pope, Sherburne, Stearns, Stevens, Swift, Todd, Traverse, Wadena, Wilkin, and Wright.

The purpose of the Central Minnesota Regional Radio Board is to provide for regional administration of enhancements to the Statewide Public Safety Radio and Communication System (ARMER) owned and operated by the State of Minnesota. The Central Minnesota Regional Radio Board is composed of one Commissioner of each county appointed by the respective County Board and one City Council member from each city appointed by the respective City Council, as provided in the Central Minnesota Regional Radio Board's by-laws.

In the event of dissolution of the Central Minnesota Regional Radio Board, all property, assets, and funds of the Board shall be distributed to the parties of the agreement upon termination in direct proportion to their participation and contribution. Any city or county that has withdrawn from the agreement prior to termination of the Board shall share in the distribution of property, assets, and funds of the Board only to the extent they shared in the original expense.

The Central Minnesota Regional Radio Board has no long-term debt. Financing is provided by the appropriations from member parties and by state and federal grants. Complete financial information can be obtained from Central Minnesota Regional Radio Board, City of St. Cloud, Office of the Mayor, City Hall, 400 Second Street South, St. Cloud, Minnesota 56303.

7. Summary of Significant Contingencies and Other Items

C. Joint Ventures (Continued)

Central Minnesota Diagnostics, Inc

The Meeker Memorial Hospital and other hospitals (all unrelated parties to the Hospital) formed a non-profit corporation known as Central Minnesota Diagnostic, Inc. (CMDI). CMDI was organized to provide certain agreed upon shared services to those hospitals who are members of this corporation. CMDI operates as a non-profit cooperative and allocates income to its member hospitals based on the services the member hospitals purchase from CMDI. The Medical Center records its investment in CMDI on the equity method of accounting, which approximates the Hospital's equity in the underlying book value of CMDI.

8. Discretely Presented Component Unit Disclosures

A. Summary of Significant Accounting Policies

In addition to those identified in Note 1, the County's discretely presented component units have the following significant accounting policies.

Reporting Entities

The Meeker County Economic Development Authority (EDA) is governed by a nine-member Board of Directors: two are County Commissioners, and seven are appointed by the Commissioners.

The Meeker County Housing and Redevelopment Authority (HRA) is governed by a five-member Board appointed by the County Commissioners. The HRA has a year-end of June 30, 2010. Meeker County is obligated for the debt and any operating deficits of the HRA.

Because of the significance of their financial relationship, Meeker County considers these entities major component units.

Basis of Presentation

The Meeker County HRA and the Meeker County EDA are discrete component units of Meeker County. The EDA does not prepare separate audited financial statements.

8. Discretely Presented Component Unit Disclosures

A. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The Meeker County HRA and the Meeker County EDA are reported using the economic resources measurement focus and accounted for on the accrual basis of accounting.

Cash and Pooled Investments

All cash and investments of the Meeker County EDA are on deposit with the County and so are cash and cash equivalents for the purposes of cash flows.

Cash of the Meeker County HRA is in the custody of the HRA. All checking, savings, certificates of deposit, and cash on hand are cash and cash equivalents.

Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated paid time off. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments. Compensated absences are accrued when incurred.

B. <u>Detailed Notes on All Funds</u>

1. Assets

Receivables

Receivables at December 31, 2010, for the EDA, and at June 30, 2010, for the HRA, including the applicable allowances for uncollectible accounts, are as follows:

| | EDA | HRA | Total Receivables | | |
|---------------------------|---------------------|--------------|----------------------|---------------|--|
| Accounts Accrued interest | \$ 10,324 987 | \$ 19,758 | \$ | 30,082 987 | |
| Loans | 350,587 | - | | 350,587 | |
| Total Component Units | \$ 361,898 | \$ 19,758 | \$ | 381,656 | |

8. Discretely Presented Component Unit Disclosures

B. <u>Detailed Notes on All Funds</u>

1. Assets (Continued)

Loans Receivable

Loans receivable represent amounts owing from businesses within the County for redevelopment purposes. Funding for these loans was contributed from Meeker County, other local governments, and private organizations. For some loans, repayment is contingent and only required if specified loan provisions are not met.

Capital Assets

Component unit capital asset activity for the year ended December 31, 2010, was as follows:

| | 1 | Beginning Balance | Increase | Decrease | | Ending Balance |
|---|----|------------------------|-------------------------|----------|--------|------------------------------|
| Capital assets not depreciated Land | | | | | | |
| EDA HRA | \$ | 155,988 63,966 | \$ - - | \$ | - | \$ 155,988 63,966 |
| Total capital assets not depreciated | \$ | 219,954 | \$ <u> </u> | \$ | | \$ 219,954 |

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The special revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specified purposes. The Ditch Fund, the Septic System Loan Program Fund, the Forfeit Property Fund, and the Sheriff's Contingent Fund do not have legally adopted budgets.

The <u>County Parks Fund</u> accounts for funds used to maintain the County's parks. Financing is provided by transfers from the General Fund, intergovernmental grants, and the rental of facilities.

The <u>Regional Library Fund</u> accounts for the County's contribution to the Crow River Regional Library. Financing is provided by property taxes authorized by the County Board.

The <u>County Nurse Fund</u> accounts for funds used by the County Nurse. Financing is provided by transfers from the General Fund, intergovernmental grants, and charges for services.

The <u>Ditch Fund</u> accounts for funds used to maintain County ditches. Financing is provided by special assessments against the benefited properties.

The <u>Transfer Station Fund</u> accounts for the construction and operation of the County's solid waste transfer station facility. Financing is provided by transfers from the General Fund and charges for services.

The <u>Family Services Building Fund</u> accounts for the revenues and expenditures associated with the County's Family Services Building.

The <u>Septic System Loan Program Fund</u> accounts for activity associated with the Lake Minnie Belle Restoration Clean Water Partnership Project. Financing is provided by a loan from the State of Minnesota.

The <u>Forfeit Property Fund</u> accounts for the revenues and expenditures associated with tax-forfeited property. Financing is provided by County Board authorization and the sale of property.

The <u>Sheriff's Contingent Fund</u> accounts for funds used in special investigations by the County Sheriff. Financing is provided by forfeitures.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

DEBT SERVICE FUND

The <u>Debt Service Fund</u> accounts for the accumulation of resources for, and the payment of, principal, interest, and related costs of the County's long-term debt.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2010

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Meeker County. The County's reporting entity is defined in Note 1 to the financial statements. Meeker County's financial statements include the operations of the Meeker County Housing and Redevelopment Authority component unit, which expended \$286,219 in federal awards during the year ended June 30, 2010, which are not included in the Schedule of Expenditures of Federal Awards because it was audited by other auditors.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Meeker County under programs of the federal government for the year ended December 31, 2010. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of Meeker County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Meeker County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through grant numbers were not assigned by the pass-through agencies.

4. American Recovery and Reinvestment Act

The American Recovery and Reinvestment Act of 2009 (ARRA) requires recipients to clearly distinguish ARRA funds from non-ARRA funding. In the schedule, ARRA funds are denoted by the addition of ARRA to the program name.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2010

I. SUMMARY OF AUDITOR'S RESULTS

- A. Our report expresses unqualified opinions on the basic financial statements of Meeker County.
- B. Significant deficiencies in internal control were disclosed by the audit of financial statements of Meeker County and are reported in the "Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*." None were material weaknesses.
- C. No instances of noncompliance material to the financial statements of Meeker County were disclosed during the audit.
- D. No matters involving internal control over compliance relating to the audit of the major federal award programs were reported in the "Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133."
- E. The Auditor's Report on Compliance for the major federal award programs for Meeker County expresses an unqualified opinion.
- F. No findings were disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133.
- G. The major programs are:

| Temporary Assistance for Needy Families | CFDA #93.558 |
|---|--------------|
| Child Support Enforcement Cluster | |
| Child Support Enforcement | CFDA #93.563 |
| Child Support Enforcement - ARRA | CFDA #93.563 |
| Medical Assistance Program | CFDA #93.778 |
| Homeland Security Grant Program | CFDA #97.067 |

- H. The threshold for distinguishing between Types A and B programs was \$300,000.
- I. Meeker County was not determined to be a low-risk auditee.

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

96-2 <u>Segregation of Duties</u>

Due to the limited number of office personnel within various County offices, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. The Highway Office does not have sufficient segregation of duties. Other smaller County offices may also have insufficient segregation of duties. This is not unusual in operations the size of Meeker County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

We understand the County's management has acknowledged this condition and is taking steps to address it when possible. We encourage the County to continue with these efforts.

Client's Response:

Meeker County's management is aware that staff size does not provide for adequate segregation of accounting duties and responsibilities within various county offices. The County will continue to review and modify procedures to address this issue and provide as much segregation as possible.

06-1 Accounting Policies and Procedures

The County does not have a comprehensive, Board-approved manual of accounting policies and procedures. Written policies and procedures should exist to set forth requirements to account for such matters as:

- receipt and deposit of funds;
- purchase of goods and services;
- contracting practices;
- approval and payment of bills;

- accounting for payroll activities;
- accounting for capital assets (capitalization process and related depreciation);
- physical counts of inventory items;
- creating, changing, and updating passwords; and
- annual financial reporting practices.

Written policies and procedures should exist to ensure that the County's practices are followed as intended by management. A formalized manual will also provide guidance for future staff and provide a standard for management to monitor compliance. Management should periodically evaluate its policies and procedures to assess whether internal controls that have been established are still effective or if changes are needed to maintain a sound internal control structure. Changes may be necessary due to such things as organizational restructuring, updates to information systems, or changes to services being provided.

The County is in the process of preparing a comprehensive accounting policies and procedures manual that will be presented to the County Board for approval upon completion. Though not formalized, the County has documented procedures relating to payroll, capital assets, modified accrual entries, and physical inventory of capital assets. We commend the County on its progress towards compiling a comprehensive accounting policies and procedures manual, and we encourage the County to continue its efforts in developing and formalizing this manual. We recommend that the policies and procedures manuals document significant internal controls in the accounting systems, including a risk assessment and the process used to minimize the risks. We also recommend that a formal plan be developed that calls for monitoring the internal control structure on a regular basis, no less than annually. The monitoring activity should be documented to show the results of the review, any changes required, and who performed the work.

<u>Client's Response</u>:

Meeker County's management understands the need for monitoring the County's internal controls and risk assessment. The county has made significant progress in its efforts to formalize a Comprehensive Accounting Policy and Procedures Manual. The County Board formally adopted a Purchasing Policy that includes contract practices in September 2011 and updated the Technology Systems and Services Use Policy in May 2011.

ITEM ARISING THIS YEAR

10-1 Preparation of Financial Statements

Meeker County is required to prepare financial statements in accordance with generally accepted accounting principles (GAAP). The preparation of financial statements is the responsibility of the County's management. Financial statement preparation in accordance with GAAP requires internal controls over both: (1) recording, processing, and summarizing accounting data (maintaining internal books and records); and (2) preparing and reporting appropriate government-wide and fund financial statements, including the related notes to the financial statements.

Meeker County has established controls and procedures for recording, processing, and summarizing its accounting data used in the preparation of its financial statements. Meeker County has also established procedures for preparing fund financial statements.

As is the case with many small and medium-sized entities, the County has relied upon its independent external auditors to assist in the preparation of the government-wide financial statements, including notes to the financial statements, as part of its external financial reporting process. Accordingly, the County's ability to prepare financial statements in accordance with GAAP is based, at least in part, on its reliance on its external auditors, who cannot by definition be considered part of the government's internal control. As a result of this condition, the government lacks internal controls over the preparation and reporting of financial statements in accordance in GAAP.

We recommend Meeker County obtain the training and expertise to internally prepare its annual government-wide financial statements in accordance with GAAP. If Meeker County still intends to have staff from the Office of the State Auditor assist in preparation then, at a minimum, it must identify and train individuals to obtain the expertise to sufficiently review, understand, and approve the County's financial statements, including notes.

Client's Response:

Meeker County has controls and procedures in place for processing and summarizing accounting data used in preparation of financial statements. County staff has continued to obtain training in an effort to require less external assistance in preparing government-wide financial statements including preparation of notes.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

None.

IV. OTHER FINDINGS AND RECOMMENDATIONS

A. MINNESOTA LEGAL COMPLIANCE

PREVIOUSLY REPORTED ITEM NOT RESOLVED

96-1 Ditch Special Revenue Fund - Cash and Equity Balances

Previous reports have noted deficit cash and equity balances in the County's ditch system. At December 31, 2010, 5 of 49 individual drainage systems had deficit cash balances totaling \$17,056, and 7 of 49 individual systems had deficit equity balances totaling \$34,885. Minn. Stat. § 385.31 permits the payment of expenditures provided the fund has money for that purpose. Minn. Stat. § 103E.655, subd. 2, allows for loans to be made from ditch systems with surplus funds or from the General Fund to a ditch system with insufficient cash to pay its bills, which Meeker County has opted for certain ditches. However, allowing other ditch systems to incur deficit cash flows, in effect, constitutes an interest-free loan from other funds and, as such, is in noncompliance with Minnesota statutes. Pursuant to Minn. Stat. § 103E.735, subd. 1, a fund balance to be used for repairs may be established for any drainage system, not to exceed 20 percent of the assessed benefits of the ditch system or \$100,000, whichever is larger (See 2010 Minn. Laws, ch. 298, § 7).

We recommend County management continue its efforts in reducing the cash deficits. Cash deficits may be eliminated either by loans from other eligible funds of the County or through ongoing cash management practices over the ditch systems. We also recommend that the County levy assessments sufficient to eliminate the equity deficits to the extent allowed by statute.

Client's Response:

Meeker County is aware of Minn. Stat. § 103E.735, subd. 1, that allows for the establishment of a fund balance to be used for ditch repairs. County staff will continue to monitor the fund balances and work toward eliminating the deficits.

B. <u>OTHER IT</u>EM FOR CONSIDERATION

GASB Statement 54

The Governmental Accounting Standards Board's (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, is effective for Meeker County for the year ending December 31, 2011. The standard's objectives are to enhance the usefulness of fund balance information included in the financial report through clearer fund balance classifications that can be consistently applied and to clarify existing governmental fund type definitions.

Fund Balance Reporting

Statement 54 establishes new fund balance classifications based on constraints imposed on how resources can be spent. The existing components of fund balance are reserved, unreserved-designated, and unreserved-undesignated. Statement 54 replaces these components with nonspendable, restricted, committed, assigned, and unassigned as defined below:

- *Nonspendable* amounts that cannot be spent because they are either not in spendable form (for example, inventory or prepaid items) or legally or contractually required to be maintained intact (such as the corpus of a permanent fund).
- Restricted amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- Committed amounts that can be used only for specific purposes determined by a formal action of a government's highest level of decision-making authority.
- Assigned amounts a government intends to use for a specific purpose that do not meet the criteria to be classified as restricted or committed.
- *Unassigned* spendable amounts not contained in the other classifications.

The County should begin the process for implementing the new fund balance classifications. A key step in successfully implementing the new fund balance requirements is to plan ahead. The County can start with the following steps:

- review the requirements of GASB Statement 54;
- review current fund balances and compare to the new classifications;
- reclassify January 1, 2011, fund balance using the new classifications;
- review/update/prepare a comprehensive fund balance policy;
- prepare appropriate Board resolutions to commit fund balance; and
- if the County's Board intends to delegate authority to assign fund balance, prepare the resolutions delegating that authority.

Governmental Fund Type Definitions

The definitions of the general fund, special revenue fund type, capital projects fund type, debt service fund type, and permanent fund type are clarified in the new standard. The new definition for a special revenue fund could have significant impact on the County's current fund classifications.

GASB Statement 54 provides a new and clearer description of when it is appropriate to account for an activity using a special revenue fund. Special revenue funds are used to report specific revenue sources restricted or committed to specified purposes other than debt service and capital projects, where the restricted or committed revenue sources comprise a substantial portion of the fund's resources and are expected to continue to do so in the future. The standard does not define substantial portion; however, most recommendations are generally that the restricted or committed revenues should comprise at least 35 to 50 percent of total fund revenues. Under this definition, it is possible that some current special revenue funds will no longer meet the requirements for special revenue fund treatment. The County's management should review the County's special revenue funds to ensure these funds continue to warrant treatment as special revenue funds.

The County's management should perform the following steps prior to December 31, 2011:

- prepare a list of the County's special revenue funds;
- determine the sources of revenues for each of those funds;
- identify whether any of those revenues are restricted or committed;
- determine if these restricted or committed revenues represent a substantial portion of the fund's revenues and are expected to continue to be a substantial source of revenues:
 - o if yes, the fund may continue to be classified as a special revenue fund;
 - o if not, determine whether the County will combine that fund with the general fund or with a similar purpose special revenue fund that meets the new definition:
- code revenues in the general ledger by source constraints--restricted, committed, assigned, or unassigned; and
- determine if there needs to be a restatement of beginning fund balances.

Additional implementation steps could include: informing any component units that they also will need to meet the requirements; deciding on how fund balance will be presented in the financials, such as detailed vs. aggregate methods; and developing the potential note disclosures. Additional guidance on GASB Statement 54 can be found on the Office of the State Auditor's website at: http://www.auditor.state.mn.us/other/Statements/fundbalances_postGASB54_1012_statement.pdf.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Meeker County

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 27, 2011. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Meeker Memorial Hospital, an enterprise fund of Meeker County, and the Meeker County Housing and Redevelopment Authority, a discretely presented component unit of Meeker County, as described in our report on Meeker County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Meeker Memorial Hospital were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Meeker County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the Schedule of Findings and Questioned Costs as items 96-2, 06-1, and 10-1, that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Meeker County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Minnesota Legal Compliance Audit Guide for Political Subdivisions contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our study included all of the listed categories, except that we did not test for compliance in tax increment financing because the County does not have any tax increment financing districts of its own.

The results of our tests indicate that, for the items tested, Meeker County complied with the material terms and conditions of applicable legal provisions, except as described in the Schedule of Findings and Questioned Costs as item 96-1.

Also included in the Schedule of Findings and Questioned Costs is an other item for consideration. We believe this information to be of benefit to the County, and it is reported for that purpose.

Meeker County's written responses to the internal control and legal compliance findings identified in our audit have been included in the Schedule of Findings and Questioned Costs. We did not audit the County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of County Commissioners, management, others within Meeker County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.

REBECCA OTTO STATE AUDITOR GREG HIERLINGER, CPA DEPUTY STATE AUDITOR

September 27, 2011

STATE OF MINNESOTA OFFICE OF THE STATE AUDITOR

SUITE 500 525 PARK STREET SAINT PAUL, MN 55103-2139

(651) 296-2551 (Voice) (651) 296-4755 (Fax) state.auditor@state.mn.us (E-mail) 1-800-627-3529 (Relay Service)

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of County Commissioners Meeker County

Compliance

We have audited Meeker County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010. Meeker County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

Meeker County's basic financial statements include the operations of the Housing and Redevelopment Authority (HRA), a discretely presented component unit, which expended \$286,219 in federal awards during the year ended June 30, 2010, which are not included in the Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of the Meeker County HRA because it was audited by other auditors.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Meeker County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, Meeker County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010.

Internal Control Over Compliance

Management of Meeker County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of County Commissioners, management and others within Meeker County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.
