

**2006 State Fair Opinion Poll  
Minnesota State Senate  
Results**

September 5, 2006

To: All Senators, staff and interested citizens

Attached are the results of our State Fair opinion poll survey. This is an unscientific survey. It is simply a measurement of the opinions expressed by those individuals that visited the Senate Fair Booth within the Education Building and took the time to fill out our questionnaire.

Our main purpose in conducting this opinion poll was to familiarize fair-goers with some of the issues that were considered during the past year, or may be dealt with in 2007.

If you have any questions please feel free to contact us.

Sincerely,

Scott Magnuson  
and Senate Information staff
