Lessard-Sams Outdoor Heritage Council
The State of Minnesota

State Office Building, Room G95 100 Dr. Rev. Martin Luther King Jr. Blvd. Saint Paul, Minnesota 55155

January 3, 2011

The Honorable Mark Dayton
Governor of Minnesota
130 State Capitol
St. Paul, MN 55155

Dear Governor Dayton,

On behalf of the Lessard-Sams Outdoor Heritage Council, it is my honor to present the enclosed legislation incorporating the Lessard-Sams Outdoor Heritage Council's recommendations for FY 12 appropriations from the Outdoor Heritage Fund. By law, the Council is required to make annual recommendations for appropriations from the Outdoor Heritage Fund. This proposed legislation contains the Council's third annual appropriation recommendations to protect, enhance, and restore Minnesota's prairies, wetlands, forests, and habitat for fish game and wildlife. These recommendations are consistent with and effectively address the Council's strategic statewide and regionally-based conservation and habitat priorities from the Outdoor Heritage Fund's 25-Year Framework.

The Council received 42 requests totaling almost \$198 million from a cross-section of public and non-profit organizations. The Council's FY12 recommendations include 27 proposed appropriations with expenditures totaling \$86 million.

The Council's recommendations are consistent with the constitutionally-specified uses of the Outdoor Heritage Fund and promise to have lasting and positive impact on the state's natural resources.

Associated with these recommendations are the following outcomes:

- o 41,950 acres of forest land protected, restored, and enhanced;
- o 11,702 acres of wetland and wetland systems protected, restored, and enhanced;
- o 40,130 acres of prairie and prairie systems protected, restored, and enhanced; and
- o Broad geographic distribution across the state, with projects represented in at least 75 counties.

The Council recommends just over \$10.55 million of the Outdoor Heritage Fund be held in reserve to accommodate cash flow and possible further downturns in projected sales tax collections during the fiscal year. Minnesota Management and Budget staff have advised the Council to maintain a healthy reserve between five and ten percent to protect the integrity of the fund.

The recommended appropriations are to county, state, federal, and non-governmental organizations. The Council's largest single recommendation, *The Reinvest in Minnesota Reserve -Wetlands Reserve Program Partnership* (\$13 million), will protect and restore over 9,657 acres of previously drained wetlands. The program has been a national leader in converting marginal farmland to a thriving wetland-upland habitat complex, while providing economic benefit to the private landholder. This recommended appropriation will leverage \$20.8 million of federal funds, bringing a total state and federal investment in this program to \$33 million.

The habitat work associated with the Council's recommendations will create jobs. For example, *The Accelerated Aquatic Management Area Habitat Program, Phase III* (\$6.5 million) will generate work in some areas of the state that have been hard hit by unemployment. As with many other recommended projects, the Accelerated Aquatic Management Area Habitat Program project-related jobs range from natural resource scientists, managers, technicians, and engineers to construction and shoreland habitat restoration and enhancement crews.

The Prairie Recovery Project (\$4.5 million) represents a strategic "working lands" approach to conservation. These lands will be permanently dedicated to conservation purposes, yet remain on the property tax role while providing critical wildlife habitat, supporting grass-based businesses, and ensuring the long-term habitat stewardship needs are met. This project is an example of a creative conservation model that serves the interests of both the state's natural and fiscal resources.

As a council, we are cognizant of the constitutional prohibition to use Legacy funds as a substitute for traditional funding sources, "*The dedicated money under this section must supplement traditional sources of funding for these purposes and may not be used as a substitute.*" Many of the programs that we recommend receive funding from the Outdoor Heritage Fund have been historically supported by other funding sources. Due to the timing of our recommendations, the Council did not know what level of funding will be contained in the Governor's budget for many of these long-standing conservation and habitat programs. As such, our allocations were made in the spirit that recommendations from the Outdoor Heritage Fund would be in addition to other sources that have traditionally funded these programs.

The Lessard-Sams Outdoor Heritage Council is confident its recommendations will be broadly supported by the citizens of Minnesota. The Council stands prepared to provide any assistance and additional information necessary during the legislative session.

On behalf of the Lessard-Sams Outdoor Heritage Council, I thank you for the opportunity to serve the people of Minnesota in improving our state's great outdoors.

Sincerely,

Michael A. Kilgore
Chair, Lessard-Sams Outdoor Heritage Council

14.13 Land acquired in fee must be open to
14.14 hunting and fishing during the open season
14.15 unless otherwise provided by state law. The
14.16 program shall require a match of at least ten
14.17 percent from nonstate sources for grants of
14.18 \$100,000 or less and a match of at least 15
14.19 percent from nonstate sources for grants over
14.20 \$100,000. Up to one-third of the match may
14.21 be in-kind resources. For grant applications
14.22 of \$25,000 or less, the commissioner shall
14.23 provide a separate, simplified application
14.24 process. The criteria for evaluating grant
14.25 applications over \$25,000 must include the
14.26 amount of habitat restored, enhanced, or
14.27 protected; local support; encouragement
14.28 of a local conservation culture; urgency;
14.29 capacity to achieve multiple benefits;
14.30 habitat benefits provided; consistency with
14.31 current conservation science; adjacency
14.32 to protected lands; full funding of the
14.33 project; supplementing existing funding;
14.34 public access for hunting and fishing during
14.35 the open season; sustainability; degree
14.36 of collaboration; and use of native plant

15.1 materials. All projects must conform to
15.2 the Minnesota statewide conservation and
15.3 preservation plan. Wildlife habitat projects
15.4 must also conform to the Minnesota wildlife
15.5 action plan. Subject to the evaluation
15.6 criteria and requirements of this paragraph
15.7 and Minnesota Statutes, the commissioner
15.8 of natural resources shall give priority to
15.9 organizations that have a history of receiving
15.10 or charter to receive private contributions
15.11 for local conservation or habitat projects
15.12 when evaluating projects of equal value. If
15.13 acquiring land or a conservation easement,
15.14 priority shall be given to projects associated
15.15 with existing wildlife management areas
15.16 under Minnesota Statutes, section 86A.05,
15.17 subdivision 8; scientific and natural areas
15.18 under Minnesota Statutes, sections 84.033
15.19 and 86A.05, subdivision 5; and aquatic
15.20 management areas under Minnesota Statutes,
15.21 sections 86A.05, subdivision 14, and 97C.02.
15.22 All restoration or enhancement projects
15.23 must be on land permanently protected by a
15.24 conservation easement or public ownership
15.25 or in public waters as defined in Minnesota
15.26 Statutes, section 103G.005, subdivision
15.27 15. Priority shall be given to restoration
15.28 and enhancement projects on public lands.
15.29 Subdivision 9 applies to grants awarded
15.30 under this paragraph. All restorations must
15.31 comply with subdivision 9, paragraph (b).
15.32 This appropriation is available until June
15.33 30, 2015. No less than five percent of the
15.34 amount of each grant must be held back from
15.35 reimbursement until the grant recipient has
15.36 completed a grant accomplishment report by

16.1 the deadline and in the form prescribed by
 16.2 and satisfactory to the Lessard-Sams Outdoor
 16.3 Heritage Council. The commissioner shall
 16.4 provide notice of the grant program in the
 16.5 2011 game and fish law summaries that are
 16.6 prepared under Minnesota Statutes, section
 16.7 97A.051, subdivision 2.

16.9 **(a) Contract Management**

16.10 \$175,000 the first year is to the Legislative
 16.11 Coordinating Commission to contract with
 16.12 the commissioner of natural resources for
 16.13 expenses incurred for contract fiscal services
 16.14 for the agreements specified in this section.
 16.15 The contract management services must be
 16.16 done on a reimbursement basis.

16.17 **(b) Legislative Coordinating Commission**

16.18 \$471,000 the first year and \$471,000
 16.19 the second year are to the Legislative
 16.20 Coordinating Commission for two years of
 16.21 administrative expenses of the Lessard-Sams
 16.22 Outdoor Heritage Council and for two years
 16.23 of compensation and expense reimbursement
 16.24 of council members.

16.25 **(c) Technical Assistance Panel**

16.26 \$42,000 the first year is to the commissioner
 16.27 of natural resources for a technical assistance
 16.28 panel to conduct up to ten restoration audits
 16.29 under Minnesota Statutes, section 97A.056,
 16.30 subdivision 10.

16.31 **Subd. 7. Availability of Appropriation**

16.32 Money appropriated in this section may
 16.33 not be spent on activities unless they are
 16.34 directly related to and necessary for a

17.1 specific appropriation and are specified in the
17.2 accomplishment plan. Money appropriated
17.3 in this section must not be spent on indirect
17.4 costs or other institutional overhead charges.
17.5 Unless otherwise provided, the amounts
17.6 in this section are available until June 30,
17.7 2014, when projects must be completed and
17.8 final accomplishments reported. Funds for
17.9 restoration or enhancement are available
17.10 until June 30, 2016, or four years after
17.11 acquisition, whichever is later, in order to
17.12 complete restoration or enhancement work.
17.13 If a project receives federal funds, the time
17.14 period of the appropriation is extended to
17.15 equal the availability of federal funding.
17.16 Funds appropriated for fee title acquisition
17.17 of land may be used to restore, enhance, and
17.18 provide for the public use of land acquired
17.19 with the appropriation. Public use facilities
17.20 must have a minimal impact on habitat on
17.21 acquired lands.

17.22 **Subd. 8. Accomplishment Plans**

17.23 It is a condition of acceptance of the
17.24 appropriations made under this section that
17.25 the agency or entity using the appropriation
17.26 submit to the Lessard-Sams Outdoor
17.27 Heritage Council an accomplishment plan
17.28 and periodic accomplishment reports in
17.29 the form determined by the council. The
17.30 accomplishment plan must identify the
17.31 project manager responsible for expending
17.32 the appropriation and the final product. The
17.33 accomplishment plan must account for the
17.34 use of the appropriation and outcomes of
17.35 the expenditure in measures of wetlands,
17.36 prairies, forests, and fish, game, and wildlife

18.1 habitat restored, protected, and enhanced.
18.2 The plan must include an evaluation of
18.3 results. None of the money provided in this
18.4 section may be expended unless the council
18.5 has approved the pertinent accomplishment
18.6 plan.

18.7 **Subd. 9. Project Requirements**

18.8 (a) As a condition of accepting an
18.9 appropriation made under this section, an
18.10 agency or entity receiving an appropriation
18.11 must comply with this subdivision for any
18.12 project funded in whole or in part with funds
18.13 from the appropriation.

18.14 (b) To the extent possible, a person
18.15 conducting restoration with money
18.16 appropriated under this section must plant
18.17 vegetation or sow seed only of ecotypes
18.18 native to Minnesota, and preferably of the
18.19 local ecotype, using a high diversity of
18.20 species originating from as close to the
18.21 restoration site as possible and must protect
18.22 existing native prairies, grasslands, forests,
18.23 wetlands, and other aquatic systems from
18.24 genetic contamination.

18.25 (c) All conservation easements acquired with
18.26 money appropriated under this section must:
18.27 (1) be permanent; (2) specify the parties to
18.28 the easement; (3) specify all of the provisions
18.29 of an agreement that are permanent; (4)
18.30 specify the habitat types and location
18.31 being protected; (5) where appropriate for
18.32 conservation or water protection outcomes,
18.33 require the grantor to employ practices
18.34 retaining water on the eased land as long as
18.35 practicable; (6) specify the responsibilities

19.1 of the parties for habitat enhancement and
19.2 restoration and the associated costs of these
19.3 activities; (7) be sent to the office of the
19.4 Lessard-Sams Outdoor Heritage Council; (8)
19.5 include a long-term stewardship plan and
19.6 identify the sources and amount of funding
19.7 for monitoring and enforcing the easement
19.8 agreement; and (9) identify the parties
19.9 responsible for monitoring and enforcing the
19.10 easement agreement.

19.11 (d) For all restorations, a recipient must
19.12 prepare and retain an ecological restoration
19.13 and management plan that, to the degree
19.14 practicable, is consistent with current
19.15 conservation science and ecological goals
19.16 for the restoration site. Consideration should
19.17 be given to soil, geology, topography, and
19.18 other relevant factors that would provide
19.19 the best chance for long-term success and
19.20 durability of the restoration projects. The
19.21 plan must include the proposed timetable for
19.22 implementing the restoration, including, but
19.23 not limited to, site preparation, establishment
19.24 of diverse plant species, maintenance, and
19.25 additional enhancement to establish the
19.26 restoration; identify long-term maintenance
19.27 and management needs of the restoration
19.28 and how the maintenance, management,
19.29 and enhancement will be financed; and use
19.30 current conservation science to achieve the
19.31 best restoration.

19.32 (e) For new lands acquired, a recipient
19.33 must prepare a restoration and management
19.34 plan in compliance with paragraph (d),
19.35 including identification of sufficient funding
19.36 for implementation.

20.1 (f) To ensure public accountability for the
20.2 use of public funds, a recipient must provide
20.3 to the Lessard-Sams Outdoor Heritage
20.4 Council documentation of the process
20.5 used to select parcels acquired in fee or as
20.6 permanent conservation easements and must
20.7 provide the council with documentation
20.8 of all related transaction costs, including,
20.9 but not limited to, appraisals, legal fees,
20.10 recording fees, commissions, other similar
20.11 costs, and donations. This information
20.12 must be provided for all parties involved
20.13 in the transaction. The recipient must
20.14 also report to the Lessard-Sams Outdoor
20.15 Heritage Council any difference between the
20.16 acquisition amount paid to the seller and the
20.17 state-certified or state-reviewed appraisal, if
20.18 a state-certified or state-reviewed appraisal
20.19 was conducted. Acquisition data such
20.20 as appraisals may remain private during
20.21 negotiations but must ultimately be made
20.22 public according to Minnesota Statutes,
20.23 chapter 13.

20.24 (g) Except as otherwise provided in this
20.25 section, all restoration and enhancement
20.26 projects funded with money appropriated
20.27 under this section must be on land
20.28 permanently protected by a conservation
20.29 easement or public ownership or in public
20.30 waters as defined in Minnesota Statutes,
20.31 section 103G.005, subdivision 15.

20.32 (h) To the extent an appropriation is used to
20.33 acquire an interest in real property, a recipient
20.34 of an appropriation under this section must
20.35 provide to the Lessard-Sams Outdoor
20.36 Heritage Council and the commissioner

21.1 of management and budget an analysis of
21.2 increased operations and maintenance costs
21.3 likely to be incurred by public entities as
21.4 a result of the acquisition and of how these
21.5 costs are to be paid.

21.6 (i) A recipient of money from an
21.7 appropriation under this section must give
21.8 consideration to and make timely written
21.9 contact with Conservation Corps Minnesota
21.10 for possible use of the corps' services to
21.11 contract for restoration and enhancement
21.12 services. A copy of the written contact
21.13 must be filed with the Lessard-Sams
21.14 Outdoor Heritage Council within 15 days of
21.15 execution.

21.16 (j) A recipient of money under this section
21.17 must erect signage according to Laws 2009,
21.18 chapter 172, article 5, section 10.

21.19 **Subd. 10. Payment Conditions and Capital**
21.20 **Equipment Expenditures**

21.21 All agreements, grants, or contracts referred
21.22 to in this section must be administered on
21.23 a reimbursement basis unless otherwise
21.24 provided in this section. Notwithstanding
21.25 Minnesota Statutes, section 16A.41,
21.26 expenditures directly related to each
21.27 appropriation's purpose made on or after July
21.28 1, 2011, are eligible for reimbursement unless
21.29 otherwise provided in this section. Periodic
21.30 reimbursement must be made upon receiving
21.31 documentation that the deliverable items
21.32 articulated in the approved accomplishment
21.33 plan have been achieved, including partial
21.34 achievements as evidenced by approved
21.35 progress reports. Reasonable amounts may
21.36 be advanced to projects to accommodate

22.1 cash flow needs, support future management
 22.2 of acquired lands, or match a federal share.
 22.3 The advances must be approved as part of
 22.4 the accomplishment plan. Capital equipment
 22.5 expenditures for specific items in excess of
 22.6 \$10,000 must be itemized in and approved as
 22.7 part of the accomplishment plan.

22.8 **Subd. 11. Purchase of Recycled and Recyclable**
 22.9 **Materials**

22.10 A political subdivision, public or private
 22.11 corporation, or other entity that receives an
 22.12 appropriation under this section must use the
 22.13 appropriation in compliance with Minnesota
 22.14 Statutes, sections 16B.121, regarding
 22.15 purchase of recycled, repairable, and durable
 22.16 materials, and 16B.122, regarding purchase
 22.17 and use of paper stock and printing.

22.18 **Subd. 12. Accessibility**

22.19 Structural and nonstructural facilities must
 22.20 meet the design standards in the Americans
 22.21 with Disabilities Act (ADA) accessibility
 22.22 guidelines.

22.23 **Subd. 13. Land Acquisition Restrictions**

22.24 (a) An interest in real property, including, but
 22.25 not limited to, an easement or fee title that
 22.26 is acquired with money appropriated under
 22.27 this section must be used in perpetuity or for
 22.28 the specific term of an easement interest for
 22.29 the purpose for which the appropriation was
 22.30 made.

22.31 (b) A recipient of funding who acquires
 22.32 an interest in real property subject to this
 22.33 subdivision may not alter the intended use
 22.34 of the interest in real property or convey
 22.35 any interest in the real property acquired

23.1 with the appropriation without the prior
23.2 review and approval of the Lessard-Sams
23.3 Outdoor Heritage Council or its successor.
23.4 The council shall notify the chairs and
23.5 ranking minority members of the legislative
23.6 committees and divisions with jurisdiction
23.7 over the outdoor heritage fund at least 15
23.8 business days before approval under this
23.9 paragraph. The council shall establish
23.10 procedures to review requests from recipients
23.11 to alter the use of or convey an interest in
23.12 real property. These procedures shall allow
23.13 for the replacement of the interest in real
23.14 property with another interest in real property
23.15 meeting the following criteria: (1) the
23.16 interest must be at least equal in fair market
23.17 value, as certified by the commissioner
23.18 of natural resources, to the interest being
23.19 replaced; and (2) the interest must be in a
23.20 reasonably equivalent location and have a
23.21 reasonably equivalent useful conservation
23.22 purpose compared to the interest being
23.23 replaced, taking into consideration all effects
23.24 from fragmentation of the whole habitat.

23.25 (c) A recipient of funding who acquires an
23.26 interest in real property under paragraph
23.27 (a) must separately record a notice of
23.28 funding restrictions in the appropriate local
23.29 government office where the conveyance
23.30 of the interest in real property is filed. The
23.31 notice of funding agreement must contain:
23.32 (1) a legal description of the interest in real
23.33 property covered by the funding agreement;
23.34 (2) a reference to the underlying funding
23.35 agreement; (3) a reference to this section; and
23.36 (4) the following statement: "This interest

24.1 in real property shall be administered in
 24.2 accordance with the terms, conditions, and
 24.3 purposes of the grant agreement controlling
 24.4 the acquisition of the property. The interest
 24.5 in real property, or any portion of the interest
 24.6 in real property, shall not be sold, transferred,
 24.7 pledged, or otherwise disposed of or further
 24.8 encumbered without obtaining the prior
 24.9 written approval of the Lessard-Sams
 24.10 Outdoor Heritage Council or its successor.
 24.11 The ownership of the interest in real property
 24.12 shall transfer to the state if: (1) the holder of
 24.13 the interest in real property fails to comply
 24.14 with the terms and conditions of the grant
 24.15 agreement or accomplishment plan; or
 24.16 (2) restrictions are placed on the land that
 24.17 preclude its use for the intended purpose as
 24.18 specified in the appropriation."

24.19 **Subd. 14. Real Property Interest Report**

24.20 By December 1 each year, a recipient of
 24.21 money appropriated under this section that
 24.22 is used for the acquisition of an interest in
 24.23 real property, including, but not limited to,
 24.24 an easement or fee title, must submit annual
 24.25 reports on the status of the real property to
 24.26 the Lessard-Sams Outdoor Heritage Council
 24.27 or its successor in a form determined by the
 24.28 council. The responsibility for reporting
 24.29 under this section may be transferred by
 24.30 the recipient of the appropriation to another
 24.31 person or entity that holds the interest in the
 24.32 real property. To complete the transfer of
 24.33 reporting responsibility, the recipient of the
 24.34 appropriation must: (1) inform the person to
 24.35 whom the responsibility is transferred of that
 24.36 person's reporting responsibility; (2) inform

25.1 the person to whom the responsibility is
 25.2 transferred of the property restrictions under
 25.3 subdivision 13; (3) provide written notice
 25.4 to the council of the transfer of reporting
 25.5 responsibility, including contact information
 25.6 for the person to whom the responsibility is
 25.7 transferred; and (4) provide the council or
 25.8 its successor written documentation from the
 25.9 person or entity holding the interest in real
 25.10 property certifying the person's or entity's
 25.11 acceptance of all reporting obligations
 25.12 and responsibilities previously held by the
 25.13 recipient of the appropriation. After the
 25.14 transfer, the person or entity that holds the
 25.15 interest in the real property is responsible for
 25.16 reporting requirements under this section.

25.17 **Subd. 15. Easement Monitoring and**
 25.18 **Enforcement Requirements**

25.19 Money appropriated under this section
 25.20 for easement monitoring and enforcement
 25.21 may be spent only on activities included in
 25.22 an easement monitoring and enforcement
 25.23 plan contained within the accomplishment
 25.24 plan. Money received for monitoring
 25.25 and enforcement, including earnings on
 25.26 the money received, shall be kept in a
 25.27 monitoring and enforcement fund held by
 25.28 the organization and dedicated to monitoring
 25.29 and enforcing conservation easements within
 25.30 Minnesota. Within 120 days after the close
 25.31 of the entity's fiscal year, an entity receiving
 25.32 appropriations for easement monitoring
 25.33 and enforcement must provide an annual
 25.34 financial report to the Lessard-Sams Outdoor
 25.35 Heritage Council on the easement monitoring
 25.36 and enforcement fund as specified in the

26.1 accomplishment plan. Money appropriated
 26.2 under this section for monitoring and
 26.3 enforcement of easements and earnings on
 26.4 the money appropriated shall revert to the
 26.5 state if: (1) the easement transfers to the
 26.6 state under subdivision 13; (2) the holder of
 26.7 the easement fails to file an annual report
 26.8 and then fails to cure that default within 30
 26.9 days of notification of the default by the
 26.10 state; or (3) the holder of the easement fails
 26.11 to comply with the terms of the monitoring
 26.12 and enforcement plan contained within the
 26.13 accomplishment plan and fails to cure that
 26.14 default within 90 days of notification of the
 26.15 default by the state.

26.16 **Subd. 16. Successor Organizations**

26.17 The Lessard-Sams Outdoor Heritage Council
 26.18 may approve the continuation of a project
 26.19 with an organization that has adopted
 26.20 a new name. Continuation of a project
 26.21 with an organization that has undergone
 26.22 a significant change in mission, structure,
 26.23 or purpose requires: (1) notice to the
 26.24 chairs of the legislative committees with
 26.25 relevant jurisdiction; and (2) presentation
 26.26 by the council of proposed legislation either
 26.27 ratifying or rejecting continued involvement
 26.28 with the new organization.
