# MFIP Self-support Index and Participation Rate by Racial/Ethnic or Immigrant Group and County

#### The Three-year Self-support Index

This measure tracks whether adults are either (1) working an average of 30 or more hours per week or (2) no longer receiving MFIP cash, three years from a baseline quarter. Adults who are "timed-off" the program after 60 months are only counted as a success on this measure if they were working 30 or more hours per week or were converted to SSI during the last month for which their eligibility was determined using reliable employment information. For further information on this measure, see Evaluation Notes #15, *Updated information on the MFIP Self-support Index*, located at: http://edocs.dhs.state.mn.us/lfserver/Legacy/DHS-4064O-ENG.pdf

The rates reported here are based on adults who were eligible for MFIP during the quarter of January through March of 2008. Participants are grouped by eight racial/ethnic or immigrant subgroups. Participants served by the four tribal providers are reported separately from the county data (the Mille Lacs tribal program is a separate TANF program, therefore the Self-support Index does not apply).

Cells highlighted by shading indicate a potential problem -- the particular racial/ethnic or immigrant subgroup has a Three-year Self-support Index five percent or more below the rate of the White subgroup.

Cells associated with racial/ethnic or immigrant subgroups with fewer than 30 adults are not reported due to data privacy restrictions.

#### The MFIP Work Participation Rate

This measure identifies the percentage of MFIP cases that are fully engaged in employment or employment-related activities in a quarter, per federal activity requirements. More information on this measure and it's history can be found in Evaluation Note #18, *The TANF Work Participation Rate*, located at http://edocs.dhs.state.mn.us/lfserver/Legacy/DM-0157J-ENG.pdf.

The rates reported here are based on MFIP cases with eligible, non-exempt adults during from the quarter of January through March of 2011. Under legislation effective July 1, 2005, participants who were formerly exempt from Employment Services were included in the in the MFIP Work Participation Rate. Participants are grouped by eight racial/ethnic or immigrant subgroups. Participants served by the four tribal MFIP providers are reported separately from the county data (the Mille Lacs tribal program is a TANF program, therefore the MFIP Participation Rate does not apply).

Cells highlighted by shading indicate a potential problem -- the particular racial/ethnic or immigrant subgroup has a MFIP Work Participation Rate five percent or more below the rate of the White subgroup.

Cells associated with racial/ethnic or immigrant subgroups with fewer than 30 adults are not reported due to data privacy restrictions.
