Minnesota Management & Budget Statement of Commitment

The law requires each agency in the executive branch to develop an affirmative action plan. This plan has been developed as part of the Equal Employment Opportunity and Statewide Affirmative Action efforts to provide equal opportunity in employment to current and prospective employees without regard to race, religion, creed, color, age, national origin, sex, sexual orientation, marital status, and disability, status with regard to public assistance, membership or activity in a local human rights commission. The provisions of this plan apply to all phases of employment, including, but not limited to, recruitment, selection, placement, retention, advancement, demotion, transfer, layoff, recall, termination, disciplinary action, rates of pay or other forms of compensation, and agency sponsored training and tuition assistance. To ensure a diverse workforce representative of all protected groups, Minnesota Management & Budget will ensure that positions are accessible to all qualified persons and will make every effort to recruit, hire, retain, and support qualified protected group members.

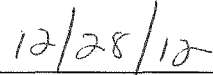

Managers and supervisors are the individuals who can ultimately make the most impact on this program and they will be accountable for ensuring that Affirmative Action Programs are implemented. Each manager and supervisor shall have a statement in his/her position description describing affirmative action responsibilities.

The plan is revised biennially and submitted for review and approval to Minnesota Management & Budgets Office of Diversity and Equal Opportunity.

The HRD is also the Affirmative Action Officer for this agency and is responsible to monitor and implement the activities of the Affirmative Action Plan.

Goals and Timetables

Minnesota Management & Budget 2012-2014

The State of Minnesota as an employer is concerned with reducing the size of government and continues to challenge agencies to reduce costs and run operations more efficiently. This process typically involves the reduction of staff and positions. In order to maintain the lowest staffing level possible, the Commissioner of Minnesota Management & Budget will review all position filling activities for appropriateness. The agency HR office, supervisors and employees will recruit a diverse applicant pool so that when a vacancy is approved for hire, the most qualified candidate will provide an affirmative hire.

Minnesota Management & Budget has established the following goals and timetables for the correction of the underutilization of minorities and people with disabilities.

The utilization analysis revealed that the technical group has an underutilization for females (1), as well as an underutilization for minorities (1) in the Officials and Administrators job group.

The department is underutilized by 4 people with a disability in the Officials and Administrators group, 14 people with disabilities in the Professional job group and 1 person with a disability in the Technicians job group. If there are vacancies, the agency will conduct additional recruitment efforts to work towards correcting the underutilization in the plan years 2012-2014.

Officials & Administrators	0	1	1	
Professionals	0	0	4

Pre-Hire Review Process

Objective: To establish action steps to be taken during the selection process in order to meet the department's affirmative action goals when filling classified and unclassified vacancies. A pre-hire review is required for all hiring decisions for occupational categories for which statistics indicate a disparity for a protected group.

No offer of employment will be made for positions where a disparity exists and a protected group member is available until the Deputy Commissioner of Minnesota Management & Budget reviews and approves written rationale for not making an affirmative hire.

1. Each supervisor/manager who determines to fill a vacancy must, from his/her knowledge of the job and from the written position description, determine which duties are most important for successful job performance. For each of the major job duties the supervisor/manager must decide what knowledge, skills and abilities are necessary for successful job performance. The supervisor will review the position description to ensure that essential functions are reviewed and identified.
2. A representative of the Human Resource office will provide a list of candidates and applications to the supervisor. The supervisor will review the applications for the position and make a determination which candidates to further assess in an interview process and provide a list of individuals to consider to the Human Resource representative. The Human Resource representative will confer with the Affirmative Action Officer, and the supervisor, if necessary, to determine if the selected pool of interviewees includes a representative group of protected group members. The Affirmative Action Officer will review the candidate pool and determine if removal of protected group candidates is justified or if candidates need to be added to the interview pool. If the Affirmative Action Officer determines to add candidates to the interview pool, the supervisor will interview the additional candidates. If the Affirmative Action Officer determines the non-inclusion of protected group members is justified, she will document the decision for the position-filling file.
3. Structured interviews will be conducted for the filling of all classified positions. The supervisor establishes written questions consistent with the identification of necessary knowledge and skills to assess the applicant's job related knowledge, skills, abilities and other job related factors. All questions developed must be job related and asked of each applicant interviewed. A final draft of the questions will be given to the human resource representative to review and approve.
4. Applicants are rated on an interview rating form. This may be a form developed by the supervisor/manager. The rating form for each applicant interviewed is turned into the department Human Resource Office. The interview rating forms will be kept on file for one year to provide the documentation required for affirmative action. All applicants must be interviewed by a minimum of two persons. Sufficient time must be allowed to permit each candidate to give complete answers to all questions.
5. The hiring supervisor will conduct a reference review on all final candidates. The hiring supervisor will notify the Human Resource representative to contact the human resource office of the selected candidate for an HR reference check. Final candidates will also undergo a criminal history review. The Affirmative Action Officer will discuss job related criminal histories with the Deputy Commissioner.
6. The Affirmative Action Officer must approve all hiring decisions affected by this plan before a candidate is notified of his/her selection. If the supervisor makes a final selection that will result in a

missed opportunity, the supervisor will provide written documentation to the Affirmative Action Officer and the Deputy Commissioner with the job-related reasons for the decision. **This documentation will include a copy of the structured interview questions, ratings of the protected group and the selected candidate, resumes for the protected group and selected candidate, a copy of the position description, and a memo explaining the rationale for the decision.**

7. The Deputy Commissioner will make a determination on whether to allow or deny a justified non-affirmative hire or a missed opportunity. The Human Resource representative will notify the supervisor of the decision. A selected candidate may then be notified with a job offer.

The Minnesota Data Government Practices Act, Section 13.43, Subdivision 2 defines protected group status as non-public data. As a result, this information will not be shared with hiring supervisors. Supervisors are not to disclose information to anyone regarding the protected group status of the selected candidates.

Pre-Review Process for Lay-Off

Minnesota Management & Budget does not anticipate layoffs in the next year. The following year may see budget reductions, but may be balanced by attrition. In the event that department layoffs become necessary, the HR Director/Affirmative Action Officer will review procedures to ensure that the terms of the applicable bargaining contracts and plans are followed. An analysis will be conducted to determine the impact on the diversity of the workforce.

Recruitment Plans

A number of positions were filled last year due to retirements, the launch of the SWIFT project, and other changes in MMB. To date, \$2,961.00 dollars were spent on advertising last year. MMB Human Resources staff members continue to make connections with the statewide recruiter when necessary. The recruiter understands the type of work in our agency and provides recruiting assistance for hard to fill jobs. When vacancies are posted, the agency uses multiple areas that have no cost associated with the job posting, i.e. City of St. Paul and Minneapolis; Hennepin and Ramsey Counties; public and private college websites. Free advertising of jobs with identified professional organizations, such as NASBO and GFOA is also done. Agency representatives attend the Accounting Auditing annual conference and some targeted job fairs.

Partnerships between Minnesota Management & Budget and protected group organizations are established and maintained. Every effort is made to include protected group employees on interview panels when filling vacancies.

Internship Program Opportunities

The supervisor seeking a student intern will establish the relationship with the educational institution.

Supported Work Program

Minnesota Management & Budget will seek opportunities to hire Supported Work Employees through an assessment of the vacant positions and determination of positions appropriate for Supported Employment Workers. When there are job tasks determined to be suitable for a Supported Employment Worker, the AAO will work with the appropriate personnel (hiring supervisor, vocation rehabilitation or job coach) in the placement, monitoring and certification of the Supported Employment Worker.

Employee Retention Plan

The Affirmative Action Officer/HR Director will collaborate with the Statewide Workforce Planning Director to oversee the department's retention activities.

- The AAO/HRD will analyze separation data to determine the impact on protected groups and all staff.
- The AAO/HRD Provide training opportunities for staff in the area of diversity, equal opportunity and affirmative action.
- The HR office will offer exit questionnaires/interviews to all employees who are leaving the department.

Anti-Discrimination and Harassment Policy

Introduction:

Minnesota Management & Budget intends to have a workplace free of harassment and discrimination and, therefore, will not tolerate actions by employees that are harassing or discriminatory. Employees are expected to conduct themselves with dignity and respect for others.

Policy:

It is the policy of Minnesota Management & Budget to prohibit discrimination and/or harassment of its employees and applicants based on race, religion, creed, color, age, national origin, sex, sexual orientation, marital status, disability, status with regard to public assistance, or membership or activity in a local human rights commission. This prohibition of discrimination or harassment includes overt acts as defined by the Equal Employment Opportunity Commission (EEOC) as well as acts which create a negative or hostile work environment. Any unintentional or deliberate violation of this policy by an employee will be cause for appropriate disciplinary action.

Each manager and supervisor is responsible for application of this policy. This includes initiating and supporting programs and practices designed to develop understanding, acceptance, commitment and compliance of this policy. All employees will be informed that harassment is unacceptable behavior and each supervisor will be responsible for ensuring that all employees have knowledge and understanding of this policy. The Affirmative Action Officer (AAO) will keep the agency informed of any changes in the law or its interpretation regarding this form of discrimination. In this agency, the Human Resources Director (HRD) is the AAO designee.

The department will take prompt and appropriate action in response to complaints of alleged discrimination, including sexual harassment. If an investigation into a complaint of discrimination/sexual harassment finds evidence that discrimination or harassment has occurred, prompt and remedial action will be taken. Retaliation will not be tolerated against any employee who has participated as a complainant or as a witness in any departmental proceedings involving discrimination or sexual harassment. No employee shall intentionally use this policy or related procedure for reason of personal malice or abuse. Coercion, reprisal or intimidation of anyone filing a complaint or serving as a witness under this procedure is prohibited. Employees violating this policy may receive discipline up to and including discharge.

Any supervisor or manager who receives a complaint of discrimination and fails to report it to the HRD is subject to disciplinary action. Appropriate disciplinary action will also be taken against supervisors and managers who fail to take timely and appropriate action when conduct that violates this policy is brought to their attention. Performance evaluations of managers and supervisors will include consideration of the individual's compliance with and support for this policy.

All managers and supervisors must take immediate and appropriate corrective action to ensure compliance with the intent of this policy. Upon observing words or actions that may violate this policy, managers and supervisors must immediately take corrective action, even if no complaint is made. Managers and supervisors are also expected to protect anyone who initiates a complaint from reprisal, retaliation or intimidation.

Employees who experience sexual harassment from coworkers can choose to either directly tell the coworker that such behavior is offensive and ask him or her to stop the offensive conduct or instead bring the matter to the attention of his/her supervisor or the agency HRD.

Under the laws of sexual harassment, the fact that an employee does not openly object to others' actions or words does not suggest it was welcome. Harassment may occur even if the individual originally remains silent or fails to show disapproval. Acts and statements that may not be offensive to some people may be extremely offensive to others.

Employees who engage in sexual harassment such as making an offer or threaten to use the power of his/her position to control, influence, or affect the career, salary, or job of another employee (or prospective employee such as an applicant) in exchange for sexual favors will be subject to serious disciplinary action, up to and including discharge.

Appropriate disciplinary action will be taken against individuals found to be engaging in discriminatory conduct based on an applicant or employee's protected class characteristic(s). Some forms of harassment are also criminal acts that may be referred to local law enforcement. Corrective action will be taken when necessary to build and/or restore a respectful work environment.

If the department learns through an exit interview or other means that an employee alleges sexual harassment or discrimination, the HRD will conduct an inquiry.

Definitions:

Sexual harassment: a form of discrimination that includes unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature when any of the following occurs:

Discrimination/Sexual Harassment Complaint Procedures:

The agency has established the following complaint procedure to be available to all employees. This procedure is designed to provide an opportunity to resolve complaints internally and employees are encouraged to use this procedure before seeking redress from an outside authority. However, all employees have the right, at any point in the process, to file a charge with the EEOC, the Minnesota Department of Human Rights or other agencies.

Internal Procedure for Handling Complaints

1. Any employee of the agency who believes he/she is being subjected to discrimination or harassment in any form or believes he/she has witnessed discrimination or sexual harassment, should promptly report it to his/her supervisor/manager, the Assistant Commissioner for the division or the HRD.
2. A supervisor or manager who receives a complaint or becomes aware of a violation of this policy will immediately notify and forward all written documentation to the HRD. The HRD will notify the Deputy Commissioner that a complaint has been received.
3. The HRD and Assistant Commissioner will review the complaint and determine whether a violation of this policy has taken place. Within five (5) working days of receipt of the complaint, the HRD will determine if the complaint falls within the area of discrimination/sexual harassment. If it does not, the employee will be notified of the determination. If it is determined that an investigation is warranted, the Deputy Commissioner will authorize an investigation.
4. The HRD will identify an investigator, notify the complainant, the assistant commissioner of the division of the complainant and respondent and the appropriate bargaining unit representative that an investigation into alleged discriminatory conduct will commence.
5. All complaints will be handled in a timely and confidential manner. The complainant or information related to the complaint will not be disclosed to anyone who does not have a business need to know.
6. No person is permitted to discuss the complaint, the identity of the person complaining, or any other facts, except where necessary for investigating the complaint or determining a resolution.

All managers, supervisors and employees are subject to disciplinary action if they unnecessarily disclose information about the complaint or the investigation.

7. Upon filing a complaint, and during the investigation process, the complainant should be assured that department policy and the law prohibits any reprisal for making a good-faith complaint, even if it is later determined that a violation of the policy did not occur.
8. The investigator will notify the complainant of his/her right under the collective bargaining agreement to request union participation at his/her request.
9. The investigator will take statements from the complainant, and respondent, and any witnesses, obtain additional evidence or facts by reviewing relevant files, documentation, interviews of other alleged victims and co-workers, while disclosing as little about the case as is feasible to preserve confidentiality and prepare a thorough written report of the findings and submit it to the HRD.
10. The HRD will review the report, confer with legal authority when necessary and determine whether a violation of this policy has taken place.
11. If the investigation findings do not support violation of this policy, the HRD will notify the complainant and respondent of those findings.
12. If the investigation findings support a violation of this policy, the HRD will notify the complainant and the assistant commissioner of the respondent's division. The assistant commissioner and HRD will determine the corrective action to be taken and notify the respondent and appropriate bargaining unit.
13. The agency is required to complete the investigation and notify the complainant of the final disposition within 60 days of receipt of the complaint. All efforts will be made to comply with this; however, there may be circumstances that extend the timeline.
14. The HRD will file final disposition of complaints with the Commissioner of Minnesota Management & Budget within 30 days of final determination.
15. All data collected may, at some point, become evidence in civil or criminal legal proceedings pursuant to state or federal statutes. Investigative data may include, but is not limited to, the following types of data: interviews or written interrogatories with all parties involved in the complaint (i.e. complainant, respondent, witnesses, officials providing pertinent records or files); and all records pertaining to the case (i.e., written, recorded, filmed, etc.).
16. All documentation associated with a complaint will be considered investigative data under the Minnesota Government Data Practices Act. The status of the complaint is public. After an investigation is completed and all appeals are exhausted, all documentation is subject to the provisions of the Minnesota Government Data Practices Act.

ADA and Reasonable Accommodation

Policy

It is the policy of Minnesota Management & Budget to reasonably accommodate qualified individuals, as defined by the Americans with Disability Act (ADA) with known physical or mental disabilities, to enable them to compete in the selection process and/or to perform the essential functions of the job unless the accommodation would impose an undue hardship on the state or pose a direct threat to the health and safety of others in the workplace.

This agency's reasonable accommodations policy applies to all qualified applicants, current employees and employees seeking promotion who have a physical or mental impairment that substantially or materially limits one or more major life activities. This policy does not pertain to persons with non-ADA qualifying conditions.

Communication with job applicants regarding job vacancies will indicate the willingness of the agency to make reasonable accommodations to the known physical or mental disability and will invite the applicant to contact the agency for the needed accommodation.

Accommodations will not be required for non-job related personal needs of individuals even though they may be a qualified individual with a disability. In such cases, questions may arise as to whether the accommodation is personal or job related. The primary factors in evaluating an accommodation is whether the accommodation will enable the person to perform the job on an equal basis in the most cost effective manner and in the most integrated setting possible.

Examples of accommodations may include but are not limited to: acquiring or modifying equipment or devices, modifying examinations and training materials, making facilities readily accessible, job restructuring, modifying work schedules, providing qualified readers or interpreters and/or reassignment to a vacant position.

Transportation to and from work is the responsibility of the employee. This agency will not provide transportation to and from work as part of reasonable accommodation.

Procedure to Request an Accommodation

A. JOB APPLICANTS

1. A job applicant will indicate to Human Resources or the supervisor conducting interviews that he/she may require an accommodation in order to compete for the job or in the interview process. The individual notified of the request will contact the HRD immediately. In order to ensure that the accommodation is provided at the interview (if needed), requests shall be handled in a timely manner.
2. The HRD or designee shall contact the job applicant to discuss the needed accommodation and possible alternatives.
3. If the accommodation is approved, the HRD or designee will take the necessary steps to see that the accommodation is provided.
4. If the accommodation cannot be provided, the HRD will inform the applicant in writing of the reason within a reasonable time.

B. EMPLOYEES

1. The employee will inform his/her supervisor or HRD of the need for an accommodation. The employee will complete the *Request for Reasonable Accommodation* form contained in this Affirmative Action Plan. If necessary, the supervisor will work with the employee and the HRD to obtain documentation of the individual's functional limitations.
2. When an accommodation has been requested, the HRD, in consultation with the employee and supervisor, will participate in interactive dialogue so that all parties can work together towards a successful outcome.
3. The HRD will:
 - Discuss the purpose of the job and the essential functions. (It may be necessary to complete a step-by-step job analysis);
 - Determine the precise job-related limitations;
 - Identify potential accommodations and assess the effectiveness of each;
 - Consider if the accommodation will create an undue hardship for the agency;
 - Review the situation to determine if a direct threat exists; and/or
 - Select and implement the accommodations that are the most appropriate for both the employee and the employer. While an employee's preference will be given consideration, the agency may consider equally effective accommodations and may choose the one that is less expensive or easier to provide.
4. If the accommodation considered may impose an undue hardship according to the factors outlined in ADA law, an analysis and recommendation including the nature and cost of the accommodation in relation to the size, the financial resources, nature and structure of the agency operation and the impact of the accommodation will be sent to the Deputy Commissioner.

5. If the HRD and the supervisor are unable to make a decision about a requested accommodation, s/he will forward the written request for accommodation along with her/his recommendation to the division manager within five working days of the employee's request. The division manager and Deputy Commissioner, working with the agency's HRD, will make the decision and provide the response to the employee within 10 working days after receiving the request.
6. The HRD fills out the Reasonable Accommodations Agreement Form and obtains necessary signatures.
7. If the accommodation is approved and involves purchase of equipment or assistive services, the HRD will complete and submit appropriate purchasing documents to the purchasing agent.
8. If an accommodation cannot be made, the ADA Coordinator/HRD will provide the employee with written notification explaining the reasons(s) for denying approval.
9. If an accommodation cannot overcome the existing barriers, or if the accommodation would cause an undue hardship (see section C) to the operation of the agency or pose a direct threat (see section D) to the health or safety of others in the workplace, the employee and the supervisor will work together to determine whether reassignment may be an appropriate accommodation:
 - HRD will first look for a vacant position in the agency equivalent to the one presently held by the employee in terms of pay and other job status. If the individual with the disability is not qualified, with or without reasonable accommodation, for a vacant position or no equivalent vacant position exists, the agency may, as a reasonable accommodation, reassign the employee to a vacant position in a lower classification for which the employee is qualified. If this occurs, the agency is not required to maintain the employee's salary at the previous level.
 - HRD will examine transfer, mobility, or other employment options for the employee.

The agency will not be required to create a new job or bump another employee from a job in order to provide an accommodation.

Funding for Reasonable Accommodations

This agency will make funds available in order to provide reasonable accommodations to employees/job applicants with disabilities. Requests will be complied by the HRD and reviewed by the Deputy Commissioner.

Purchase and Maintenance of Accommodations

While an employee's preference will be given consideration, the agency may consider equally effective accommodations and may select the one that is less expensive or easier to provide.

All tangible accommodations purchased by this agency will be the property of the State of Minnesota and shall be used only for job related functions. The maintenance of equipment will be the responsibility of the agency and projected maintenance costs will be a factor in the initial decision to provide the accommodation.

Documentation of Accommodation Process

All requests for reasonable accommodation will be documented and kept on file by the HRD. A copy

of the document that approves or denies the request for reasonable accommodation will be given to the supervisor. The HRD will notify the employee of the decision and how the accommodation will be implemented. If the accommodation is denied, the HRD will inform the employee of his/her right to appeal and to file with other government agencies such as Human Rights and the Equal Employment Opportunity Commission.

Appeal of the Accommodation Decision

An employee who is dissatisfied with the reasonable accommodation decision can appeal to the Commissioner with fifteen (15) working days of the decision.

The HRD will convey written copies of the Commissioner's decision to the employee and supervisor. If the employee is still dissatisfied with the decision and feels that he/she has been discriminated against on the basis of disability, he/she may file a complaint internally through the agency's complaint procedure as outlined in this plan, or he/she may file with federal, state and local agencies. Information will be provided in compliance with the Minnesota Government Data Privacy Act. Compliance agencies that are investigating complaints or request information from the agency head will be provided documentation relating to the denial of a request for reasonable accommodation.

This grievance procedure is to be used by persons with disabilities who are eligible for the services, benefits, programs or activities of this agency.

Emergency and Building Evacuation Plan

Building evacuation is a component of the Affirmative Action Plan because of its importance to employees with disabilities whose impairments may necessitate assistance in the event of a building evacuation.

Minnesota Management & Budget has developed building evacuation procedures so that in the event of an emergency, all individuals will be ensured safe exit from the area of danger or from the building.

Fire Emergencies

In the event of a fire in the building, audible and visual alarms will activate on the public address system. When the building alarm sounds or is activated, individuals should follow these procedures:

- Immediately evacuate via the nearest emergency exit. Do not use elevators.
- Close all doors.
- Evacuation Team members assist with evacuation and ensure that all individuals in the assigned area are safely evacuated.
- Individuals with mobility impairments who are identified in advance or who have requested assistance are assisted in moving into the stairwells or other safe, smoke-free areas of the building as previously arranged with fire authorities. Individuals with mobility impairments are accompanied by two “assistants” during all evacuations. A third helper immediately reports the location of individuals inside the building to the Building Emergency Director or his/her representative or the Fire Department representative on the scene.
- Individuals who are deaf or hard of hearing and who have not seen the alarm lights are notified of the evacuation by an individual from his/her work unit or the evacuation team.

Individuals who observe fires and other emergencies and no alarms have sounded should call Capitol Security immediately at 9-651-296-2100. Capitol Security will set off the alarm and will contact the Fire Department.

When it is safe to enter the building, the Building Emergency Director will issue the “all clear” and normal business may resume.

Severe Weather

The Building Emergency Director will be notified by Capitol Security or by the National Weather Service when the Capitol Complex is placed on a severe weather or tornado watch status and will notify the Department Emergency Coordinator. The Department Emergency Coordinator will monitor the weather conditions on a weather radio. If the watch is upgraded to a warning, the Building Emergency Director will determine the need for relocation of all employees and visitors to safe areas and will use the public address system to communicate that decision.

When the relocation order is given via public address system, the Department Emergency Coordinator(s) will monitor activities to ensure that “assistants” are in place procedures are followed as stated below:

- All individuals will be instructed to move away from windows and into assigned safe areas.
- Individuals with mobility impairments who are identified in advance or who have requested assistance are assisted in moving into the stairwells or other safe areas of the building. Individuals with mobility impairments are accompanied by two “assistants” during all relocations.

- Individuals who are deaf or hard of hearing and who are not aware of the public address announcement are notified of the relocation by an individual from his/her work unit or the evacuation team and assisted in relocating to assigned safe area or stairwell.

When the weather threat has passed, the Building Emergency Director will issue the “all clear” and normal operations may resume.

Bomb Threats

In the event of a bomb threat, the Department will make a public address announcement.

- A. **Yellow Alert**. This alert will indicate that a bomb threat has been received.
 - All employees should take note of and report suspicious packages, envelopes, or items.
 - If an item is discovered, DO NOT TOUCH OR MOVE IT. Notify Capitol Security immediately at 9-651-296-2100.
 - Individuals who are deaf or hard of hearing will be informed of the alert by “assistants” or their supervisor.

- B. **Blue Alert**. This alert will notify building occupants that an unidentified container or package has been found.
 - All individuals in the affected area will be instructed to move to a safe area.
 - Individuals who are deaf or hard of hearing will be assisted by an “assistant” or by their supervisor.
 - Individuals who have mobility impairments will be accompanied by two “assistants” and may use the elevators if it is safe to do so.

- C. **Red Alert**. This alert will notify building occupants that it is unsafe to remain in the building.
 - All occupants should evacuate the building until further notice.
 - Individuals who are deaf or hard of hearing will be assisted by an “assistant” or by their supervisor.
 - Individuals who have mobility impairments will be accompanied by two “assistants” and may use the elevators if it is safe to do so.

- D. **All Clear**. When it is safe to return to normal operation, the Evacuation Team members will announce the “all clear”.
 - Note: All employees should continue to be cautious of suspicious items and should contact the Department Emergency Coordinator at 9-651-201-8080 or Capitol Security at 9-651-296-2100 if concerned.

Medical Emergencies

- A. Call 9-651-296-2100 (Capitol Security) or 9-911 and give:
 - the exact location of the medical emergency, including the building address, floor and room number or name
 - the symptoms of the victim
 - your name; any other requested information

Do not hang up the phone until Capitol Security or the 911 operator ends the call.

- B. Support the victim's medical needs. Call for a first aid certified employee to help.
- C. Send someone to meet the paramedics and lead them to the scene.

The complete policy and procedure is found on the agency Intranet site. A member of the HR staff meets with all new employees in their first week of employment to review a number of policies, including the emergency and evacuation plans.

Weather Emergencies

In the event of a weather emergency, the Commissioner of Minnesota Management & Budget determines and declares the closure of state offices. S/he also notifies the local radio stations. The MMB Office of the Commissioner implements the Alertcast system. Alertcast initiates a phone call and/or email to the MMB senior staff, Human Resource staff, and key office staff, providing notice of the weather emergency.

The HR office staff will place a voice message on the HR unit phones explaining the weather emergency. Where there are employees who are deaf or hard of hearing, the employee's supervisor or designee will contact the employee to notify them of a building closure, using the Minnesota Relay Service at 1-800-627-3529.
