

THE MINNESOTA BOARD OF ARCHITECTURE, ENGINEERING, LAND SURVEYING,  
LANDSCAPE ARCHITECTURE, GEOSCIENCE & INTERIOR DESIGN

November 7, 2012

Governor Mark Dayton  
Office of the Governor

Michele Timmons  
Revisor of Statutes

Mr. Greg Hubinger, Director  
Legislative Coordinating Commission

Representative Joyce Peppin, Chair  
Government Operations & Elections Committee

Representative Bob Gunther, Chair  
Jobs & Economic Development Finance Committee

Senator Chris Gerlach, Chair  
Commerce and Consumer Protection Committee

Senator Geoff Michel, Chair  
Jobs & Economic Growth Committee

Subject: Annual Report on Obsolete, Unnecessary or Duplicative Rules as Required by  
Minnesota Statutes, Section 14.05, Subdivision 5

Dear Governor Dayton, Senators, Representatives, and Revisor Timmons:

Minnesota Statutes, section 14.05, subdivision 5, directs the Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience and Interior Design ("Board") to report to you by December 1 of each year whether any of its rules are obsolete, unnecessary, or duplicative of other state or federal statutes or rules.

The Board has previously declared its intention to repeal the following rules:

1. Minnesota Rules, Chapter 1800.0200, paragraph A, clause (3): "pursuant to Minnesota Statutes, section 326.10, subdivision 1, paragraph (b), as it applies to geoscientists who seek licensure within one year after August 4, 1997."

85 East 7th Place, Suite 160, St. Paul, MN 55101  
p. 651-296-2388 ■ f. 651-297-5310 ■ TTY 800.627.3529

AN EQUAL OPPORTUNITY EMPLOYER

This document is made available electronically by the Minnesota Legislative Reference Library as part of an ongoing digital archiving project. <http://www.leg.state.mn.us/lrl/lrl.asp>

This rule is in reference to the “grandparenting” period for licensure in the discipline of geoscience. The time frame for licensure through grandparenting has expired.

2. The next four rules or parts of rules are in reference to the “grandparenting” rule identified above and have been identified as obsolete:
  - a) Minnesota Rules, Chapter 1800.0500, Subpart 7, paragraph F: “for each application for licensure within a geoscience discipline by submission of records under Minnesota Statutes, section 326.10, subdivision 1, paragraph (b), a fee of \$100;”
  - b) Minnesota Rules, Chapter 1800.0800, paragraph J, in part: “...and 326.10, subdivision 1, paragraph (b).”
  - c) Minnesota Rules Chapter 1800.3910, Subpart 1, in part: “...or those geoscientists who are qualified for licensing by submission of records as defined in Minnesota Statutes, section 326.10, subdivision 1, paragraph (b), by applying for licensure within one year after August 4, 1997, and meet the requirements in this part.”
  - d) Minnesota Rules Chapter 1800.3910, Subpart 7.
3. The following rule, in reference to certification by comity as a certified interior designer, is duplicative of the requirements spelled out in Minnesota Statute §326.10, Subdivision 1, paragraph (a), clause (2): “...in which the requirements for registration or licensure of architects, engineers, land surveyors, landscape architects, geoscientists, or certified interior designers, respectively, at the time of registration or licensure in the other jurisdiction, were equal, in the opinion of the board, to those fixed by the board and by the laws of this state, and in which similar privileges are extended to the holders of certificates of registration or licensure issued by this state...”

Minnesota Rules, Chapter 1800.0800, paragraph I, in part: “The applicant shall meet the certification requirements that were in effect in Minnesota at the time of the applicant’s original licensure or certification in the other state, territory, or the District of Columbia...”

4. Minnesota Rules Chapter 1800.3915.

The Board does not conduct oral interviews for applicants for licensure in the disciplines of geoscience, therefore, the rule is not necessary.
5. Minnesota Rules Chapter 1800.2500, Subpart 1, in part: “Written examinations are required of all applicants except those licensed under part 1800.0800, items E and G, [comity applicants] that apply to those professional engineers licensed in one or more states other than Minnesota.”

Written examinations are still required of comity applicants, so this language is not necessary.

Timetable for repeal:

The removal of obsolete, unnecessary or duplicative rules regarding geoscience and engineering is included in the Board's current rule package, tracking numbers AR #2017 and R-0432.

We look forward to working with you during this legislative session. We appreciate your dedication during difficult financial times and support your efforts. If you have any questions regarding this report, please contact me at 651-757-1511.

Sincerely,

Doreen Frost  
Executive Director

cc: Lisa Hanni, LS, Board Chair
