RE: REPORT ON LEGACY FUNDS APPROPRIATED (2011 Minn. Laws 1st Spl. Sess. Chap. 6 Art. 4 Sec. 2 Subd. 10)

Each agency receiving funding from the Clean Water Land and Legacy Amendment is required to submit an annual report with details about programs, projects and activities supported with this funding.

The Minnesota Department of Agriculture (MDA) provides the required information on the *Minnesota's Legacy* website which is managed by the Legislative Coordination Commissions (LCC). On this website, MDA provides details about every project, program and activity supported in full or in part by Clean Water Fund dollars. This website is updated to include all information through Fiscal Year 2013.

The LCC website includes many details. For example:

- Protect goals and objectives
- Project details
- Name of recipient and type of recipient
- Project start date, end date and status
- Funding amount by Fiscal Year
- Number of Full Time Equivalent (FTEs) supported
- Administrative and direct costs
- Proposed measureable outcomes
- Contact information for MDA project managers
- Links to reports, videos and other project resources

MDA currently maintains 46 Clean Water Fund project pages on Minnesota's Legacy website and all pages are directly linked to information on MDA's website. The information provided meets the criteria established in M.L. 2010 Article 5, which outlines the content of the LCC's website. We encourage you to visit these sites to learn more about the exciting work MDA is supporting all over the state.
