NOTES

1. Legal citations

Minnesota Statutes, Section 17.03:

Subd. 13 Semiannual reports. (a) The commissioner shall submit to the legislative committees having jurisdiction over appropriations from the agricultural fund in section 16A.531 reports on the amount of revenue raised in each fee account within the fund, the expenditures from each account, and the purpose for which the expenditures were made. The reports must be issued in February and November each year, to coincide with the forecasts of revenue and expenditures prepared under section 16A.103.

(b) The report delivered in February of each year must include the commissioner's recommendations, if any, for changes in statutes relating to the fee accounts of the agricultural fund.

2009 Legislative changes are in Laws of Minnesota for 2009, Ch 9, Art 1. 2011 Legislative changes are in Laws of Minnesota for 2011, Ch 14.

- <u>Pesticide Regulatory Account (page 3)</u>
 2009 law changed several provisions in M.S. 18B (notably 18B.26).
- <u>Waste Pesticide Cooperative Agreement Account (page 4)</u>
 2009 law set a new \$50 surcharge on each pesticide product registered in the state. This money is to be deposited in a separate waste pesticide cooperative agreements account and is dedicated for local waste pesticide programs through cooperative agreements.
- 4. Fertilizer Inspection Account (page 5)

2009 law increased the tonnage fee in M.S. 18C.425 from 30 to 70 cents per ton (for ten fiscal years) and changed M.S. 18C.421 so that all a fiscal year's tonnage fees are collected by the department in the July after the year ends (shifting revenue forward). Annual appropriations were also made for \$800,000 or 57% of the tonnage fees collected the previous year, whichever is less, for fertilizer research grants.

- Ag Chemical Response & Reimbursement Account (page 6)
 2009 law added an eligible use for ACRRA funds (incident response program costs for ACRRA-eligible sites), expanded the cap on administrative costs to include this use and increased the cap for the two uses by \$225,000. A small amount of new revenue was added as a result of new pesticide licenses paying the surcharge.
 Laws of 2010, Chapter 215, required a transfer of \$1,046,000 from this account to the General Fund in 2011.
 2011 law removed the minimum fee exemption on agricultural pesticides.
- 6. Grain Buyers & Storage Account (page 8)

Responsibility for this activity was transferred from the Marketing Division to the Plant Protection Division during FY2010.

7. Nursery-Phytosanitary Account (page 9)

Laws of 2010, Chapter 333, Article 1, Section 10, amended M.S. 18G.07 to initiate a fee for tree care company registrations.

8. Wholesale Produce Dealers (page 13)

2011 law created a wholesale produce dealers account in the agricultural fund for the deposit of fees collected under M.S. 27.041. This money is to be used solely for the purposes of the wholesale produce program. These fees had previously been deposited in the General Fund.

9. Dairy Services Account (page 15)

2009 law increased the reinspection fee in M.S. 32.394 and made the fee different depending whether a farm has 100+ cows or fewer than 100 cows. This is a minor fee for this account.

 Food Handler Reinspection Account (page 17) 2009 law increased the reinspection fees in M.S. 28A.085.

NOTES

11. Minnesota Grown Account (page 22)

2011 law appropriated \$186,000 per year from the General Fund for 2012 and 2013 for transfer into this account. Spending and transfer projections for future years assume this base level appropriation from the General Fund will continue. If General Fund support is decreased, all receipts will likely decrease and expenditures will have to be lowered to balance the budget.

12. Fund Transfers

Laws of 2010, Chapter 215, Article 5, required a transfer of \$1,046,000 from the ag chemical response and reimbursement account to the General Fund (page 6) in 2011. This law also requires a transfer of \$2,092,000 from the Agricultural Fund to the General Fund in 2013. The 2013 amount appears only on the summary page because the source of the transfer is not specified and is yet to be determined.

Laws of 2010, Chapter 215, Article 12, as implemented by the Commissioner of Management and Budget, also required transfers from this fund to the General Fund totaling \$8,000 in 2011 in recognition of rent reductions. These transfers came from the pesticide regulatory account (page 3), the nursery-phytosanitary account (page 9), the commercial feed account (page 14) and the dairy services account (page 15).

Laws of 2011, 1st Special Session Chapter 10, Article 1, Section 37, as implemented by the Commissioner of management and Budget, also required transfers from this fund to the General Fund totaling \$16,000 in 2013 in recognition of estimated savings in the State Employee Group Insurance Plan (SEGIP). These transfers came from the pesticide regulatory account (page 3), the the commercial feed account (page 14) and the dairy services account (page 15).

13. <u>Governor's Recommendations</u>

As part of his 2014-2015 Biennial Budget, the Governor recommends implementing changes to Commercial Animal Waste Technician (CAWT) licensing and fees as proposed by the CAWT Work Group. This recommendation would license companies and supervisors, would generate additional revenue and provide extra training. The effects of these changes are shown on page 5.
