HOSPITAL AND NURSING HOME LICENSING LAW

Hospitals, boarding care homes, outpatient surgical centers and supervised living facilities in Minnesota are licensed under the provisions of Sections 144.50 to 144.58 inclusive, Minnesota Statutes. Nursing homes are licensed under the provisions of 144A.01 - .17, inclusive, Minnesota Statutes.

A "HOSPITAL" means an institution primarily engaged in providing, by or under the supervision of physicians, to inpatients (A) diagnostic services and therapeutic services for medical diagnosis, treatment, and care of injured, disabled or sick persons, or (B) rehabilitation services for the rehabilitation of injured, disabled, or sick persons.

A "PSYCHIATRIC HOSPITAL" means an entire institution which is primarily engaged in providing, by or under the supervision of a physician, psychiatric services for the diagnosis and treatment of mentally ill persons. A psychiatric wing or building of a general hospital would not be considered a psychiatric hospital.

An "OUTPATIENT SURGICAL CENTER" means a freestanding facility organized for the specific purpose of providing elective outpatient surgery for preexamined, prediagnosed, low risk patients.

A "NURSING HOME" means a facility or that part of a facility which provides nursing care to five or more persons. Nursing care means health evaluation and treatment of patients and residents who are not in need of an acute care facility but who require nursing supervision on an inpatient basis.

A "BOARDING CARE HOME" provides personal or custodial care only. Examples of personal or custodial care include: Help with bathing, dressing, or other personal care; supervision of medications which can be safely self-administered; plus a program of activities and supervision required by persons who are not capable of properly caring for themselves.

A "SUPERVISED LIVING FACILITY" provides a residential, homelike setting for persons who are mentally retarded, adult mentally ill, chemically dependent, or physically handicapped. Services include provision of meals, lodging, housekeeping services, health services, and other services provided by either staff or residents under supervision. Class A facilities include homes for ambulatory and mobile persons who are capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions. Class B facilities include homes for ambulatory, nonambulatory, mobile or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions.

HOME CARE PROVIDER LICENSING LAW

Home care providers in Minnesota are licensed under the provisions of Sections 144A.43-144A.47 inclusive, Minnesota Statutes.

A "Home Care Provider" means an individual, organization, association, corporation, unit of government, or other entity that is regularly engaged in the delivery, indirectly or by contractual arrangement, of home care services for a fee. At least one home care service must be provided directly, although additional home care services may be provided by contractual arrangements.

Classes of home care licenses are:

Class A or professional home care agency license. Provider may provide all home care services, but at least one of which is nursing, physical therapy, speech therapy, occupational therapy, nutritional services, medical social services, home health aide tasks, or the provision of medical supplies and equipment when accompanied by the provision of a home care services. These may be provided in a place of residence, including a residential center.

Class B or paraprofessional agency license. Under this license, a provider may perform home care aide tasks and home management tasks in a place of residence.

Class C, or individual paraprofessional license. Under this license, a provider may perform home health aide, home care aide, and home management tasks in a place of residence.

Class F home care provider license. Under this license, a provider may provide assisted living home care services solely for residents of one or more registered housing with services establishments.

HOME MANAGEMENT SERVICES

A provider performing only home management tasks must obtain a certificate of registration from the commissioner of health. Home management services include at least two of the following services: housekeeping, meal preparation, and shopping provided to a person who is unable to perform these activities due to illness, disability or physical condition.

HOUSING WITH SERVICES ESTABLISHMENTS

Housing with services establishments are registered under the provisions of Chapter 144D., Minnesota Statutes. A housing with services establishment provides sleeping accommodations to one or more adult residents, at least 80 percent of which are 55 years of age or older and offering or providing for a fee, one or more regularly scheduled health related services or two or more regularly scheduled supportive services.

An establishment that meets all the requirements of this chapter except that fewer than 80 percent of the adult residents are age 55 or older may, at its option, register as a housing with services establishment.

Housing with services establishments that provide Assisted Living Services must meet the requirements under the provisions of Chapter 144G., Minnesota Statutes. "Assisted living" means a service or package of services advertised, marketed or otherwise described, offered or promoted under the phrase "assisted living" and which is available only to individuals residing in a registered housing with services establishment

HOSPICE PROVIDERS

Hospices are licensed under Minnesota Statutes, Section 144A.75, 144A.751-144A.756 and rules adopted thereunder.

A hospice provider means an individual, organization, association, corporation, unit of government, or other entity that is regularly engaged in the delivery, directly or by contractual arrangement, of hospice services for a fee to terminally ill hospice patients.

Residential hospice facility means a facility that resembles a single-family home located in a residential area that directly provides 24-hour residential and support services in a home-like setting for hospice patients as an integral part of the continuum of home care provided by a hospice.
