## STATE OF MINNESOTA

## Office of the State Auditor

# Rebecca Otto State Auditor

# MANAGEMENT AND COMPLIANCE REPORT PREPARED AS A RESULT OF THE AUDIT OF THE FINANCIAL AFFAIRS OF

# PINE COUNTY PINE CITY, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2012

#### **Description of the Office of the State Auditor**

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 160 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

Office of the State Auditor 525 Park Street, Suite 500 Saint Paul, Minnesota 55103 (651) 296-2551 state.auditor@osa.state.mn.us www.auditor.state.mn.us

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2012

#### I. SUMMARY OF AUDITOR'S RESULTS

#### **Financial Statements**

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

- Material weaknesses identified? **No**
- Significant deficiencies identified? Yes

Noncompliance material to the financial statements noted? No

#### **Federal Awards**

Internal control over major programs:

- Material weaknesses identified? **No**
- Significant deficiencies identified? No

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133? **No** 

The major programs are:

Community Development Block Grants/State's Program	
and Non-Entitlement Grants in Hawaii	CFDA #14.228
Temporary Assistance for Needy Families (TANF) Cluster	
Temporary Assistance for Needy Families	CFDA #93.558
Emergency Contingency Fund for TANF State Program -	
ARRA	CFDA #93.714
Medical Assistance Program	CFDA #93.778

The threshold for distinguishing between Types A and B programs was \$300,000.

Pine County qualified as a low-risk auditee? No

## II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INTERNAL CONTROL

#### PREVIOUSLY REPORTED ITEMS NOT RESOLVED

#### 96-4 Departmental Internal Accounting Controls

**Criteria:** A good system of internal control provides for an adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

**Condition:** Two of the County's departments have processes that lack segregation of duties. The accounts payable process in the Auditor's Office has one staff person responsible for setting up new vendors, entering the vouchers into the accounting system, reconciling the vouchers entered to the check run, and printing and stamping the signatures on the checks. The payroll process in the Administrator's Office allows one staff person to input data, process the payroll transactions, make changes to the master files, review and adjust time reports, set up direct deposit authorizations, and print and stamp signatures on checks.

**Context:** Due to the limited number of office personnel within the County, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of Pine County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an internal control point of view.

**Effect:** Inadequate segregation of duties could adversely affect the County's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

**Cause:** The County does not have the economic resources needed to hire additional qualified accounting staff in order to segregate duties in every department.

**Recommendation:** We recommend that the County's elected officials and management be aware of the lack of segregation of duties of the accounting functions and, where possible, implement oversight procedures to ensure that the internal control policies and procedures are being implemented by staff to the extent possible.

#### Client's Response:

Pine County is aware of this condition and sends monthly account activity reports for review by departments as well as monthly review by the Auditor-Treasurer and Chief Deputy Auditor-Treasurer.

#### 06-5 Computer Risk Management

**Criteria:** The County's management is responsible for establishing and maintaining effective internal control over financial reporting.

**Condition:** The County has internal controls in place for its computer system. However, the County has not developed a formal plan to identify and manage risks associated with its computer system.

**Context:** The risk assessment is intended to determine if the internal controls established by management are still effective or if changes are needed to maintain a sound internal control structure. Changes may be necessary due to such things as organizational restructuring, updates to information systems, or changes to services being provided.

**Effect:** Weaknesses in internal control could go undetected which could affect the County's ability to detect misstatements in the financial statements.

**Cause:** The County has not had the staffing resources available to complete the risk assessment process.

**Recommendation:** We recommend the County management implement procedures to document the significant internal controls related to its computer system. We also recommend a formal plan be developed that calls for assessing and monitoring significant internal controls on a regular basis, no less than annually. The assessment of risks should be documented and procedures implemented to address those risks found. Monitoring procedures should be documented to show the results of the review, changes required, and who performed the work.

#### <u>Client's Response</u>:

Pine County continues to work toward a Computer Risk Management plan to ensure that internal controls are in place to reduce the risk associated with the County's computer systems.

#### PREVIOUSLY REPORTED ITEMS RESOLVED

#### **Audit Adjustments (06-2)**

Material audit adjustments were identified that resulted in significant changes to some of the County's financial statements.

#### Resolution

No material audit adjustments were identified in the current audit.

#### **Property and Evidence Room Procedures (11-1)**

The Pine County Sheriff's Department did not have documented policies and procedures for its property and evidence room.

#### Resolution

Policies and procedures were documented in a manual during 2012.

#### III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

#### PREVIOUSLY REPORTED ITEMS RESOLVED

#### Eligibility Testing (11-2)

Periodic supervisory case reviews were not being performed to provide reasonable assurance of compliance with grant requirements for eligibility for the Temporary Assistance for Needy Families (CFDA No. 93.558) and Medical Assistance Program (CFDA No 93.778). Not all documentation was available to support participant eligibility.

#### Resolution

Supervisory case reviews are now being performed. All documentation was available to support participant eligibility in the cases tested.

#### **Reporting - Review Process (11-3)**

There was no documented review process for reports submitted to the Minnesota Department of Human Services (DHS) by a supervisory-level individual independent of the individual who prepared the reports. This related to the State Administrative Matching Grants for the Supplemental Nutrition Assistance Program (CFDA No. 10.561), Temporary Assistance for Needy Families (CFDA No. 93.558), and Medical Assistance Program (CFDA No. 93.778).

#### Resolution

Reviews of the reports are now being documented.

#### IV. OTHER FINDINGS AND RECOMMENDATIONS

#### MANAGEMENT PRACTICES

#### PREVIOUSLY REPORTED ITEM NOT RESOLVED

#### 96-11 <u>Information Systems Department Review</u>

**Criteria:** The County needs to provide for the continuance of several important applications processed by its computer system, including the preparation of payroll, the calculation of tax assessments and settlements, and the recording of receipts and

disbursements. A disaster recovery plan should include, but not be limited to, the following:

- a detailed list of recovery procedures,
- a timeline of when procedures will take place,
- identification of disaster recovery team,
- a list of emergency telephone numbers,
- responsibilities of the disaster recovery team,
- hardware configuration and minimum equipment requirements,
- a master operations schedule and critical job schedule,
- a list of forms or supplies necessary,
- an organizational chart and director of personnel,
- information relative to off-site back-up storage facilities, and
- any agreements regarding back-up processing sites.

**Condition:** Our review of the data processing policies and procedures noted that the County has an alternative site processing agreement but does not have formal written procedures for continued operations in the event of a disaster or major computer failure.

**Context:** A disaster recovery plan would give greater assurance that the County is prepared for a disaster or major computer breakdown.

**Effect:** In the event of a disaster, the County could experience delays in processing of important applications.

**Cause:** The County is aware of the issue but has not had time to address establishment of a plan.

**Recommendation:** We recommend the County develop, implement, and test the disaster recovery plan. All County employees should be familiar with the plan.

#### Client's Response:

Pine County's Technology Committee continues to work toward completion of a Disaster Recovery Plan which sets forth recovery and workflow processes in the event of a disaster or major computer breakdown.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Board of County Commissioners Pine County

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pine County as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 17, 2013.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Pine County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as items 96-4 and 06-5, that we consider to be significant deficiencies.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Pine County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Minnesota Legal Compliance**

The Minnesota Legal Compliance Audit Guide for Political Subdivisions, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because that provision did not apply.

In connection with our audit, nothing came to our attention that caused us to believe that Pine County failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions.

#### **Other Matters**

Also included in the Schedule of Findings and Questioned Costs is a management practices comment. We believe this recommendation to be of benefit to the County, and it is reported for that purpose.

Pine County's responses to the internal control and management practices findings identified in our audit have been included in the Schedule of Findings and Questioned Costs. The County's responses were not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

SUITE 500 525 PARK STREET SAINT PAUL, MN 55103-2139

(651) 296-2551 (Voice) (651) 296-4755 (Fax) state.auditor@state.mn.us (E-mail) 1-800-627-3529 (Relay Service)

## REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditor's Report

Board of County Commissioners Pine County

#### Report on Compliance for Each Major Federal Program

We have audited Pine County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2012. Pine County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Pine County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance with those requirements.

#### Opinion on Each Major Federal Program

In our opinion, Pine County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

#### **Report on Internal Control Over Compliance**

Management of Pine County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Pine County as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have issued our report thereon dated September 17, 2013, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### **Purpose of This Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2012

#### 1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Pine County. The County's reporting entity is defined in Note 1 to the financial statements.

#### 2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Pine County under programs of the federal government for the year ended December 31, 2012. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Because the schedule presents only a selected portion of the operations of Pine County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Pine County.

#### 3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity-identifying numbers are presented where available.

#### 4. Clusters

Clusters of programs are grouping of closely related programs that share common compliance requirements. Total expenditures by cluster are:

Highway Safety Cluster \$ 6,334 Temporary Assistance for Needy Families Cluster \$ 526,326

#### 5. Subrecipients

Of the expenditures presented in the schedule, Pine County did not provide any federal awards to subrecipients.

#### 6. American Recovery and Reinvestment Act

The American Recovery and Reinvestment Act of 2009 (ARRA) requires recipients to clearly distinguish ARRA funds from non-ARRA funding. In the schedule, ARRA funds are denoted by the addition of ARRA to the program name.
