## EXECUTIVE SUMMARY

---

The Campaign Finance and Public Disclosure Act (Minnesota Statutes Chapter 10A) requires lobbyists to report disbursements for lobbying purposes to the Campaign Finance and Public Disclosure Board twice each year. The Act also requires principals to file an annual report disclosing expenditures to the nearest \$20,000. This summary is based on the reports of lobbyist and principal disbursements made during calendar year 2012.

During 2012, 1,413 individuals were registered as lobbyists to represent 1,354 associations and individuals. Lobbyists filed 3,583 periodic reports for the twelve-month period. The lobbying disbursement reports disclosed a total of \$11,478,298 spent on lobbying activities, not including the salaries and fees paid to lobbyists.

Principals filed 1,287 annual reports for 2012. Principal expenditures were disclosed in two numbers: 1) the amount spent to influence administrative action by the Minnesota Public Utilities Commission (MN PUC) in cases of rate setting, power plant and power line siting and granting of certificates of need; and 2) all other lobbying expenditures in Minnesota not included in number 1. Principals reported a total of \$61,889,329 in expenditures, with \$2,749,590 of that total being expenditures for the MN PUC and \$59,139,739 in expenditures for all other lobbying. This amount includes lobbyist salaries, advertising and public relations campaigns, and all other lobbying disbursements made by the principal and lobbyists.

Lobbyists reported that 891 (66%) of the 1,354 entities represented made disbursements for lobbying purposes. The reports disclosed that 86% of lobbying disbursements were made for the purpose of influencing legislative action, 13% of disbursements were made to influence administrative action, and 1% were made to influence the official actions of metropolitan governmental units. See page 5 for a comparison of total lobbying disbursements by type of lobbying reported and total lobbying expenditures reported by principals in 2011 and 2012.

Lobbyists must disclose gifts, loans, items or services equal in value to \$5 or more given or paid to officials by the lobbyist, the lobbyist's principal, or an employee of the lobbyist. Twenty-seven lobbyists reported giving items or benefits totaling \$7,165 to 121 legislators, three constitutional officers, and 31 local and 14 public officials. See page 19 for definitions and see subsequent pages for details of the transfers.

Lobbyists are not required to disclose their salaries. Lobbyists and principals are not required to disclose political contributions, which are disclosed by the recipients on periodic campaign finance reports.

The Minnesota Chamber of Commerce reported the largest total disbursements during the period. The largest total disbursements for administrative action lobbying was reported by Xcel Energy Services Inc. Lobbyists for Education Minnesota reported the largest total disbursements for legislative action lobbying, and lobbyists for the Minneapolis Area Association of Realtors reported the largest disbursements in attempts to influence metropolitan governmental units. Complete lists of the entities that reported making the largest amounts of disbursements and the largest amounts of disbursements by type of lobbying begin on page 28.

This summary also includes a list of associations and the lobbyists that represented each association during 2012 along with the total amounts of disbursements made by each association. See page 37.

## LOBBYING OVERVIEW

---

---

### **What is lobbying?**

Lobbying is attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or defined local officials. Any activity that directly supports this communication is considered a part of lobbying.

### **Who is a lobbyist?**

For the purpose of this summary, “lobbyist” means:

1) An individual who is engaged for pay or other consideration of more than \$3,000 from all sources in a year for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

2) An individual who is not compensated more than \$3,000 but spends more than \$250 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

3) A non-elected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

### **Who is not a lobbyist?**

1) An individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action;

2) An individual who volunteers personal time to work without pay on a lobbying campaign and does not spend more than \$250 on lobbying activities; and

3) An individual who provides administrative support to a lobbyist whose salary and expenses are reported by the lobbyist and who does not actually lobby.

**About lobbyist registration**

A lobbyist must register with the Campaign Finance and Public Disclosure Board on behalf of each association or individual that the lobbyist represents. Registration information includes the name and address of the registrant; the name and address of the association (including officers and directors) or individual represented; the lobbyist's reporting status; and a general description of subjects on which the lobbyist expects to lobby and the kind of action the lobbyist seeks to influence.

**Principal**

A principal is an individual or association that spends more than \$500 in the aggregate in any calendar year to engage, compensate, or authorize the expenditure of money by a lobbyist; or is not included in the definition above and spends at least \$50,000 in any calendar year in efforts to influence legislative action, administrative action, or the official action of metropolitan governmental units.
