Representative Mary Murphy

Chair, State Government Finance Committee

Subject: FY 2013 Fee Report of the Minnesota Public Facilities Authority

The enclosed report is being submitted to comply with Minnesota Statutes Section 446A.04, Subdivision 5 (b), which requires the Minnesota Public Facilities Authority (PFA) to submit an "annual report to the Chairs of the finance and appropriations committees of the Legislature on: (1) the amount of fees collected under this subdivision for cost incurred by the authority; (2) the purposes for which the fee proceeds have been spent; and (3) the amount of any remaining balance of fee proceeds."

The PFA is authorized to collect up to 2% of each loan repayment as servicing fees. The majority of borrowers make their loan repayments each August and February. The PFA is also authorized to collect fees upon execution of certain grant agreements and credit enhancement applications.

The enclosed Fee Report reflects the PFA's fee collections and expenditures for fiscal years 2011 through 2013.

The PFA's legal authority and financial capacity to pay its administrative expenses and contract for services necessary to fulfill its obligations is critical to maintaining its AAA bond ratings. The expenditure of fee revenues is governed by federal regulations and state law. Both prohibit using the fees for any another purpose, providing another layer of protection considered by the rating agencies in evaluating the long term management capacity and stability of the Authority.

Sincerely,

Jeff Preeman, Executive Director Minnesota Public Facilities Authority

Notes:

This report is presented on a cash basis, reflecting activity during each fiscal year ending, and the cash balance as of, each June 30.

During budget fiscal years 2010-2011, PCA administrative costs were paid from federal capitalization grants to re-build the balance in the fee accounts to a more sustainable level. Loan prepayments received during fiscal years 2012-2013 increased the fee receipts above projected; these factors have combined to temporarily increase the balance carried in the fee accounts.

Note (as required by Minnesota Statutes, section 3.197): Preparation of this report required an estimated 4 hours of staff time for an approximate cost of \$193.
