## **ECRAC FINAL REPORT FY 2014 – REGION 7E**

Fiscal year (FY) 2014, was the 34<sup>th</sup> anniversary of the East Central Arts Council (ECAC) which was an advisory committee to the East Central Regional Development Commission (ECRDC). In FY 2012 ECAC, now known as the East Central Regional Arts Council (ECRAC), became an independent 501c3 non-profit. In FY 2014 ECRAC completed its 3<sup>rd</sup> year as an independent organization. ECRAC successfully undertook many accomplishments this year: they operated the 5<sup>th</sup> year of Region 7E Arts and Cultural Heritage Legacy Fund; they started a stand-alone general operating support grant for arts organizations and developed the Small/Art Project Grant program; they supported the annual IMAGE Art Show; all in addition to providing all the previously supported RAC grant programs and services.

### **Arts and Cultural Heritage Legacy Fund**

The arts and cultural heritage fund, popularly known as the Legacy Fund, started in FY 2010. It is intended to create a strong arts legacy in Minnesota. It will exist for a period of twenty-five years. The East Central Regional Arts Council (ECRAC) in FY 2014, as one of Minnesota's designated Regional Arts Councils, was entrusted with stewardship of the 5<sup>th</sup> year of funding through the State of Minnesota's arts and cultural heritage (ACHF) Legacy Fund in Region 7E. Proceeds from the fund may be spent on arts and arts access, arts education and arts and cultural heritage.

The awarding of the FY 2014 ECRAC ACHF grants, the fifth year of the Region 7E arts and cultural heritage fund grants, continued to be successful. Non-profit organizations, community groups, units of government, public schools and individual artists were all eligible to apply. The number of applications in this program was 21. Of the applications received 17 ACHF projects were funded during competitive grant reviews. A total of almost \$200,700 dollars were requested from ECRAC in this grant program and grants funded were \$166,839. Only the top ranked projects were funded.

ECRAC board members felt it was incredibly encouraging to be able to offer support for worthwhile art projects that were found to be of a very high artistic caliber and which also supported the regional economy and community development.

This East Central Regional Arts Council arts and cultural heritage programming was made possible by the Minnesota arts and cultural heritage fund as appropriated by the Minnesota State Legislature with money from the vote of the people of Minnesota on November 4, 2008.

## **East Central Regional Arts Council Transition Complete**

In FY 2010 the East Central Regional Development Commission (ECRDC) and the ECAC, as part an extensive planning process and consultant study with attorney Tom Triplett, had decided that in order to better serve its mission the Regional Arts Council would no longer be a program of the ECRDC. In FY 2011 the new East Central Regional Arts Council (ECRAC), with existing ECAC advisory committee members, established itself as a non-profit organization, held separate monthly meetings, and became independent of the ECRDC on July 1, 2011 – FY 2012. The board members are very excited about the new arts funding opportunities and the arts programming this transformation is providing for Region 7E. In 2011 ECRAC established a new office and gallery space in Braham, MN, developed a logo, and finalized their website, all while continuing to provide grants and services to the local arts community during the transition. During FY 2014, this transition was complete and almost all ECAC/ECRDC grants are finalized.

## **ECRAC Mission**

The mission of ECRAC is to improve the quantity and quality of arts experiences in Region 7E (the Minnesota Counties of Chisago, Isanti, Kanabec, Mille Lacs and Pine) by facilitating the production, presentation, and dissemination of art development for arts organizations and by promoting the growth of individual artists.

ECRAC accomplishes its mission through programs and special initiatives for artists and arts organizations. Goals of the ECRAC in FY 2014 included improving the arts experiences in the region, increasing awareness of the arts, making the arts available to those who desire exposure to the arts, and promoting greater communication among the community of artists and art organizations.

ECRAC's mission, vision and values are at the heart of the programs and grantees funded. ECRAC's grantee partners are at the forefront of the work to enhance the arts environment in Region 7E. It is the artist's and arts organization's daily work and commitment that expands arts opportunities, increases the quality of life, and enhances the community/economic development in the region.

Carrying out the responsibilities of a regional arts council, the ECRAC was involved in work activities designed to meet these goals. The East Central Regional Arts Council accomplished its mission through the implementation of programs and services identified in the approved biennial plan.

## **ECRAC Highlights and Activities**

The FY 2014 work program of the Regional Arts Council included the following: implementation of the East Central Regional Arts Council arts and cultural heritage fund grants for organizations and individuals; initiating the General Operating Support Grant for arts organizations, Art in Our Schools grants; developing the Small/Art Project Grants Program, K-12 Scholarships for Kids; IMAGE - the annual regional art show hosted in the fall

of 2013 by the Old School Art Center in Sandstone; McKnight/ECRAC Individual Artist and Fellowship Grant Programs; continued updating the ECRAC website; and grant writing assistance was provided by hosting various workshops, providing technical assistance and arts resource information.

ECRAC, because of the increased workload this fiscal year, and per the Work Program did hire a consultant to assist with grant programming needs from July to October and then hired a Grant Program Specialist as a regular employee in October. ECRAC now has two employees. In addition, in FY 2014, ECRAC used the services of Sannerud and Savarese and Associates, P.A. for accounting services.

In FY 2014, ECRAC sponsored a series of art grant information sessions. Many potential applicants were in attendance at these sessions where they learned more about ECRAC arts funding sources and services. ECRAC staff worked extensively with grant applicants during this year.

The Arts Council also provided other important services for the region. The website [www.ecrac.org](http://www.ecrac.org) is one of these. This site is updated regularly and continues to provide the region with information about the Arts Council's programs, and resources available to the arts community. The website also highlights individual artists and arts organizations in the region. ECRAC contracted with Moriarty Web Designs to design this resource and occasionally still uses their consulting services on the site.

ECRAC staff continued the *Essential Arts* newsletter. In FY 2014 ECRAC used consultant Dr. Kate Maurer to assist in preparing most of the newsletters. The newsletter is an email focused on ECRAC activities and opportunities but it also includes interesting arts issues and arts news. ECRAC has an newsletter because of the distinct advantages over a printed newsletter: timeliness and cost. There are 875 active addresses on the newsletter mailing list.

ECRAC also uses social media in addition to traditional media sources. In FY 2010, ECRAC initiated Twitter and Facebook pages. These were used in FY 2014 to highlight the ECRAC services and to notify constituents about various opportunities. It is felt that social media is an important way to get the word out about ECRAC. In FY 2014 it was found that by using Facebook advertisements we could geographically target Region 7E residents that have key interests in various art mediums. This was a new and very successful way to get the word out about ECRAC programs and services. ECRAC expects to continue these ads because it expands outreach directly to those interested in the arts in Region 7E.

Individual Artist Grants & Artist Fellowships - The McKnight/ECRAC Individual Artist grants are designed for artists in the region wanting to expand their artistry with a specific arts project. The Fellowship Program is designed to recognize, reward, and encourage outstanding professional artists. Funding for these programs is supported by The McKnight Foundation. This year ECRAC awarded almost \$22,500 in artist grants/fellowships to artists in Region 7E, a small increase over past years.

Art in Our Schools Grants - Schools may apply to the East Central Regional Arts Council to help fund special art projects related to the curriculum. The funds can support artist residencies, art field trips, or any special school art focused project. This year six grants were funded in schools throughout Region 7E. The total amount of grants was \$5,800 for school projects. This is an increase over the previous fiscal year and ECRAC encourages educators to apply for these \$1,000 grants.

Small/Art Project Grants – This program was initiated in FY 2014 and combined two previous funding programs in order to streamline the granting processes. Grants were awarded for local or regional arts and cultural projects sponsored/coordinated by organizations, schools, units of government, or non-profits. Funds were available for a variety of arts projects that developed or enhanced local arts organizations, artists, or art audiences. Grant proposals from \$500 to \$5,000 were considered. The grants were awarded with a required one-to-one financial match. The Small/Art Project grants in fiscal year 2014 totaled over \$26,000.

## **Evaluation/Monitoring of Grants**

The East Central Regional Arts Council follows a multi-step process regarding competitive grant reviews and grant evaluations. As requested, ECRAC staff initially works with applicants on their draft grant applications especially new applicants, those grant applications needing revisions, and those that need further direction on the grant guidelines. Applications are then submitted to the Arts Council and are reviewed individually during the grant rounds at either a grant panel meeting or at the Regional Arts Council board meeting. This is a competitive grant process. Applications are ranked/prioritized according to grant review criteria published in the grant program information. Funding is allocated based on the ranking and program information. All grants have final approval by the East Central Regional Arts Council board of directors.

ECRAC grantees are required to attend a final report training session once per fiscal year. This was a new requirement in FY 2014 and the education has cleared up some final reporting requirement confusion. Organization grantees submit a final report within 60 days of the completed project and individual artists within 30 days. The ECRAC Grant Program Specialist and Executive Director then conduct substantive and financial reviews of the final reports. Any issues found are reported to grantee and to the full ECRAC board. The ECRAC Board of Directors reviews summaries of all grantee final reports. ECRAC reserves the right to audit any grant project for 3 years after the ending date of the grant. ECRAC audited 2 grantees in FY 2014 based on final report discrepancies.

The East Central Regional Arts Council organizational audit for FY 2014 is scheduled for late November. ECRAC's grant file documentation will be included in this audit.

## **FY 2014 GRANT LISTING BY GRANT PROGRAM**

### **ECRAC Art In Our Schools**

\$1,000 grants are available to schools. This program supplements the existing school arts curriculum with such projects as artistic residencies, arts related field trips, and special arts events or projects. Grants may be used to support all students and/or student groups such as drama club, art classes, entire grades, or gifted and talented students.

Deadlines are October 1, February 1, and April 1.

Chisago Lakes Area Schools Community Education Program of Lindstrom received a grant in the amount of \$1,000 for a project entitled Let the Children Sing. Total project costs were \$1,625. The project created a youth choir for students in Grades 3-8 living in southern Chisago County utilizing the skills of Henry Novotny during the first week of February 2014. 10 sessions were offered, with approximately 25 students participating. The project included an open to the public Spring 2014 concert held on March 6th. For more information, check out their website at: [www.chisagolakes.k12.mn.us/communityed](http://www.chisagolakes.k12.mn.us/communityed).

Chisago Lakes Area Schools Community Education Program of Lindstrom received a grant in the amount of \$1,000 for a project entitled Make a Movie After School. Total project costs were \$1,500. Videographer Jack Doepke will teach young people how to make their own movie. Using the Chisago Lakes High School camera and television studio, Jack will give students first-hand knowledge on how to use the principles of cinematography to create art with a video camera. The project will be offered during the first quarter of the 2014-15 school year. The final product video will appear on cable television in the Chisago Lakes area. Announcements of the time(s) and date(s) of the December showing will be made in the Chisago County Press newspaper For more information, check out their website at: [www.chisagolakes.k12.mn.us/communityed](http://www.chisagolakes.k12.mn.us/communityed).

Mora Public Schools received a grant in the amount of \$1,000 for a project entitled Poetry Alive! and in Mora. Total project costs were \$1,470. Poetry Alive! performed curriculum-based literature for student audiences Grades 3-6 at Trailview Elementary, and conducted an in-service workshop for faculty. The project included a community event held on March 31st, 2014 from 6:30-8:00 entitled "Ice Cream for Books and Poetry Alive!"

Mora Public Schools received a grant in the amount of \$820 for a project entitled Sculpting Our Community. Total project costs were \$1,140. This project is described as a "Summer Art Camp" with sculpture emphasis and a chance to be inspired by a field trip to see outdoor sculpture at Franconia Sculpture Park. Elements of creating sculpture through an Observe and Interpret Tour will kick off the week of August 11-15 activities for 40 students in grades 1-6. The students' art work from this project will be displayed at the Kanabec State Bank located in Mora, MN, during the month of September 2014.

Onamia Public Schools received a grant in the amount of \$980 for a project entitled Block Cutting & Printing, and GREAT Theatre. Total project costs were \$980. On January 29th and February 5th, 2014, visual artist Vernetta Hart held two class sessions on block making and printing for 20 Onamia students. The second part of the project involved the same students visiting the Great River Educational Arts Theatre (GREAT) in St. Cloud on February 4th attending a production of "To Kill a Mockingbird." The community component invited local senior citizens from the Onamia Senior Club to participate in the block cutting portion and then displayed the works at the Rolf Olson Community Center for several months. During the play component, students were asked to blog on the school website, sharing their reactions to the play and the book.

Pine City Schools received a grant in the amount of \$1,000 for a project entitled I Love to Read Month Project. Total project costs were \$1,420. David Geister, artist and children's book illustrator, presented his drawing and illustrating skills to students in Grades K-6th. He incorporated storytelling as he illustrated for children. The students were able to draw with him as part of the program. There were three presentations each day, so all Pine City Elementary students could be in contact with him. The community was also able to attend a public presentation by Mr. Geister held at 3:00 on February 4th, 2014.

### ECRAC - McKnight Individual Artist Grant

Grants up to \$1,000 are available to individual artists. This program provides financial support to artists committed to personal artistic growth. Applications are encouraged from artists in all disciplines. The program funds specific art projects designed to enhance the artistic skills, artwork and/or the artistic career of the individual artist.

Deadlines are October 1, February 1, and April 1.

Hugh Bryant of Shafer received a grant in the amount of \$869 for a project entitled Time-Lapse Sculpture. During this project, the artist will use digital photography and time-lapse video to record himself building sculptural works. These photos and videos will provide insights into creating, and will offer a better understanding of both the creative process and the sculptures.

Martin Gilchrist of Milaca received a grant in the amount of \$909 for a project entitled The Next Step. The artist has identified two artistic areas he wants to improve – post processing and presentation of his works. For his Next Step project, he will purchase Photoshop software, Spyder software, photography books and equipment, and will attend a photography class/workshop to improve his artistic skills and abilities.

John Harrington of Stacy received a grant in the amount of \$1,000 for a project entitled St. Croix Suite. This project involves the development of materials to be used to create 15-25 poems with corresponding photographs suitable for publication. The artist is working to complete a book with sections related to each major ecological area of Minnesota.

Colleen McKinney of Mora received a grant in the amount of \$900 for a project entitled Online Coaching/Editing of Creative Non-Fiction Manuscript. The artist is writing a creative nonfiction memoir/manuscript. During this project, she will work individually with a writing coach/editor who can review her manuscript and help prepare it for publication. The coaching/editing will be arranged online and will include the artist submitting 20 pages of writing to the coach/editor every two weeks for six months.

Don L. Moyer of Center City received a grant in the amount of \$993 for a project entitled Voice Lessons with International Opera Star, Audrey Stottler. During the project, the artist will attend nine hour-long voice lessons with international singing artist and voice teacher, Audrey Stottler on consecutive Sundays during the period of October 5, 2014 through November 30, 2014. During that time they will work on voice training and on duet, trio, and quartet repertoire.

Karen V. Nelson of Onamia received a grant in the amount of \$950 for a project entitled Mille Lacs Area Photography Production. During this project, the artist will purchase a new camera and related equipment, allowing her to produce professional-quality photographs. The artist will also take online photography classes and will be mentored by a local artist/photographer.

Carissa Samaniego of Shafer received a grant in the amount of \$798 for a project entitled Documentation Equipment. This project involves purchasing a Nikon d5100 camera with video capacity to be used for documenting the artist's work. The equipment will allow her to produce professional-quality documentation of her artwork to be used for her online portfolio and for producing submissions to exhibitions and calls for artists.

Zachary Sander of Pine City received a grant in the amount of \$1,000 for a project entitled Commissioning and Performing Finnish Saxophone Repertoire. During this project, the artist commissioned two new pieces of saxophone literature from Finnish composers, rehearsed these new pieces and other pieces of Finnish saxophone repertoire, and performed them on June 1, 2014 at Our Redeemer Lutheran Church in Pine City, MN.

Zofia Warpeha of Milaca received a grant in the amount of \$1,000 for a project entitled World Music Study-Arabic Music Retreat. The artist will attend the Arabic Music Retreat, a 7-day immersion in traditional Arabic music. The retreat is held at Mount Holyoake College in South Hadley, Massachusetts and will take place August 9-16th, 2014. The retreat is led by Simon Shaheen, an internationally-acclaimed Arabic music performer, composer, and educator.

## ECRAC Mission

The mission of the East Central Regional Arts Council is to improve the quantity and quality of arts experiences in Region 7E by facilitating the production, presentation, and dissemination of art development for arts organizations and by promoting the growth of individual artists.

**This activity is made possible by the voters of Minnesota thanks to a legislative appropriation from the general fund and the arts and cultural heritage fund.**

**These can be made available in the following alternative formats:  
PDF, Braille, large print, and as an audio CD.  
To accommodate your special request ECRAC  
will need at least 15 working days.**
