# What's on the COVER?

Test yourself or your family with Minnesota Grown fun facts and Ag-Trivia! You can find these throughout the whole Directory! Check out each regional cover page for family-friendly activities!

Minnesota has a diverse selection of locally raised meats for your grilling or cooking pleasure! This Directory includes traditional meats such as 90+ producers of beef, over 50 producers of pork and 70+ producers of chicken. Spice up your meals with bison, elk, turkey, duck, lamb, yak meat, beefalo and more specialty meats. Find exactly what you are looking for or try something new. Browse our product index starting on page 104.

This Directory contains 978 farms, farmers markets, berry patches, orchards, vegetable farms, livestock producers and more where you can buy directly from the grower. You can also find specialty products like jams/jellies, wine, honey, maple syrup, cooking oils and liquor. Don't forget about fiber products like wool and yarn! Browse our index by product starting on page 104 to see what Minnesota Grown members have to offer!

What could be a better way to spruce up your yard than by using plants from Minnesota Grown nurseries and garden centers? You can find local hanging baskets, mums, flowers, trees, shrubs, mulch, native grasses and more! Many places will also carry seeds or starter plants for your home garden.

Make a trip to one of Minnesota Grown's many wineries. Bring your date, make a winery your event location or go to relax. Some of the wineries offer sampling so you can find exactly which Minnesota wine is your favorite! See the Wineries Quick List on page 11 for more information!

# How to Use This Directory

This directory lists Minnesota Grown products and services that are available direct from growers. You can search by area, product, and farm or market name.

## To Search by **AREA**

The directory is separated into five Minnesota Regions (see map). Within each region, listings are further sorted alphabetically by city, and then by farm or market name.

## To Search by **NAME**

If you know the name of a farm or market, you can find them quickly by referring to the alphabetical index on page 111.

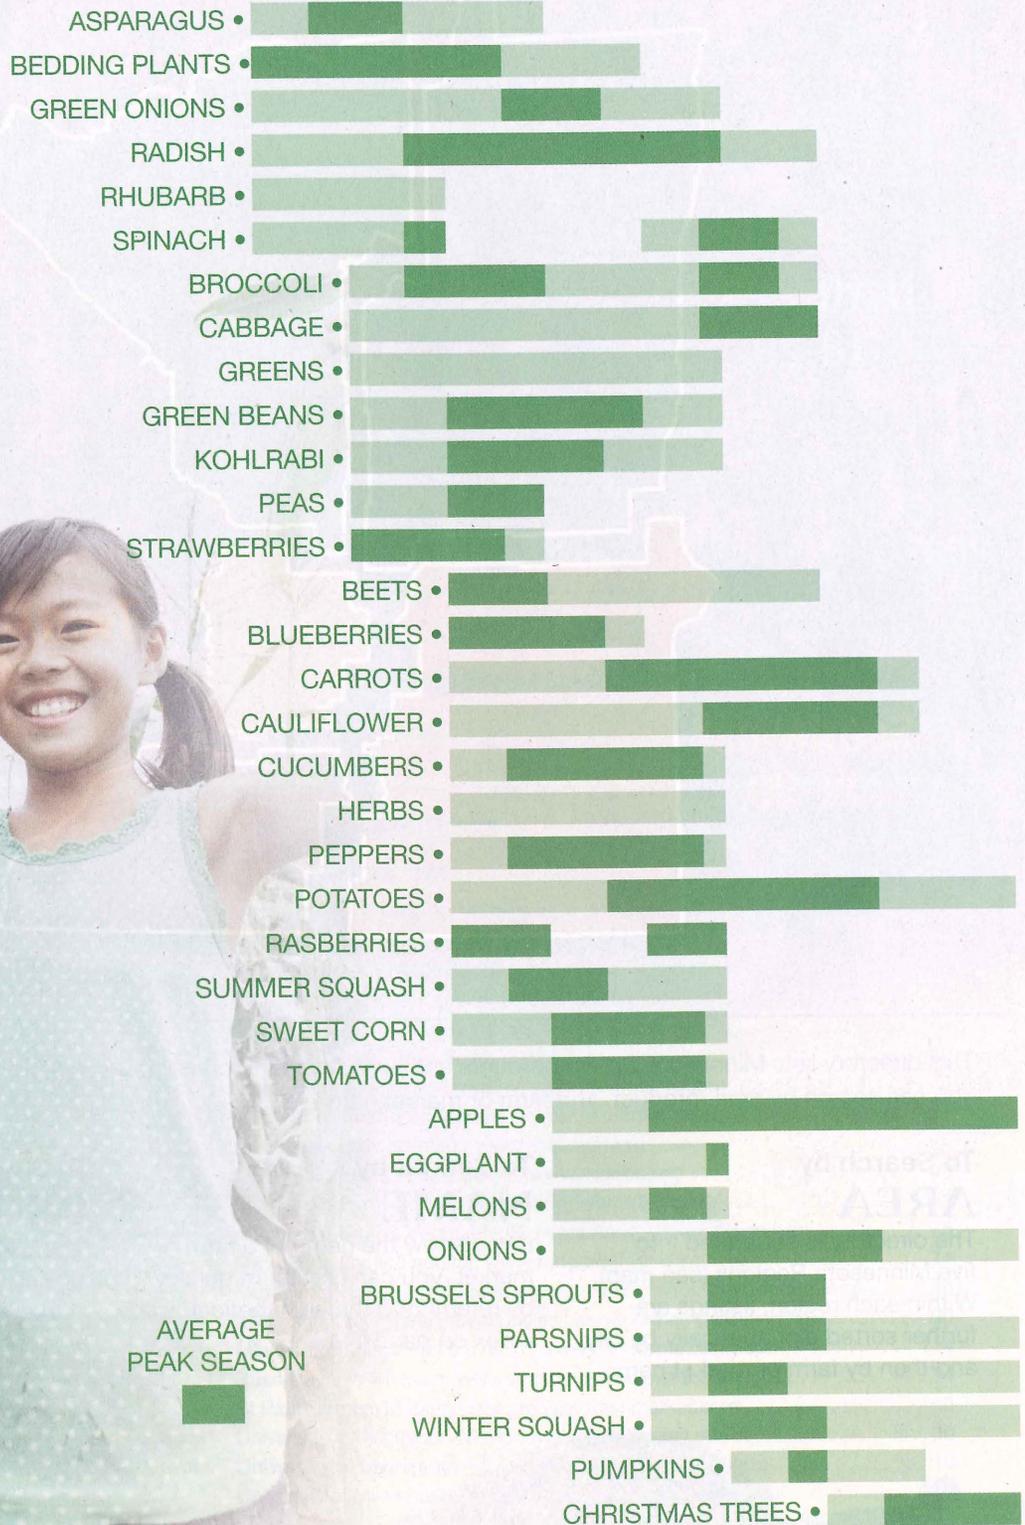

## To Search by **PRODUCT**

If you know the product or service, you can find a farm or market quickly by referring to the product index on page 104.

Award winning wines from Minnesota grapes?

- ▶ **Absolutely!**  
Wines produced from cold hardy grapes developed by University of Minnesota researchers are winning medals. Prestigious medals from the Indy, Eastern, Finger Lakes, San Francisco and Cold Climate International Wine Competitions: Best in Class, Double Gold, Gold, Silver, Bronze. Look for the fruits of U of M grapes: Frontenac, Frontenac gris, La Crescent and Marquette.

Did you know that Minnesota is home to over 600 vineyards & more than 30 wineries?

It hasn't always been that way. In 1994 there were just 3 wineries in the Minnesota Grown Directory & ten years later in 2004 there were only 10. This Directory proudly boasts 35 wineries!

Much of the growth of Minnesota's wine industry can be attributed to the University of Minnesota, which is recognized as having one of the top wine grape programs in the United States. They have developed four outstanding cold-hardy wine grape varieties including Frontenac, Frontenac Gris, La Crescent & Marquette. With a state-of-the-art enology lab & research winery, the University of Minnesota is a valuable resource for an industry that has its sights set on continued growth!

To learn more about specific white, red & table/juice cold-hardy grape varieties, visit [www.mnrapegrowers.com/varieties](http://www.mnrapegrowers.com/varieties)

Minnesota wineries can be the perfect day trip, weekend getaway, girls night out location or date activity. With Minnesota's beautiful landscape, spring, summer & fall weather, it's no wonder these wineries are great destinations.

# The Power of AgMax<sup>®</sup>

**Specialized commercial agriculture insurance. Customized for you.**

Diversified and direct market ag operations have distinctly different exposures than traditional farms and ranches. That's why we created AgMax specifically to serve the unique needs of commercial agriculture operations and related businesses, including:

- Producers who market their products locally at farmers markets or restaurants
- Dairies who make and market their own dairy products
- Ranchers who direct-market their meat products
- On-farm retail stores
- Agritainment and agritourism operations
- Farmers offering Community Sponsored Agriculture shares

Visit [www.fbfs.com](http://www.fbfs.com) to find a Farm Bureau agent near you to learn how we can help you maximize your insurance protection.

AgMax is underwritten by Western Agricultural Insurance Company\*/West Des Moines, IA. \*Company provider of Farm Bureau Financial Services CA058 (2-14)

CSA farms are a fast-growing direct-farm marketing & production model. Consumers get fresh, healthy & local food directly from the farm. A CSA farm sells subscriptions (or memberships) to their farm generally in late winter or early spring. Members pay up front & then receive a share of produce, generally once a week for 14-20+ weeks. Some meat/poultry & flower farms have adopted this CSA marketing model as well. Shares are either picked up on the farm or delivered to a designated drop site. Often, CSA farms offer on-farm activities, weekly newsletters & other membership benefits. Each farm varies in what it offers, how much it costs, the delivery/pick-up locations & the length of its season. It's important to understand that CSA memberships involve a shared risk & reward – you share in the bounty of the crops that do well & the risk of crop failure. Many CSA farms have drop sites outside the city they are located in.

Joining one of the 95 CSA farms in the Minnesota Grown Directory is a great way to connect with the local community & your local farmer!

Minnesota's strawberry season begins in southern Minnesota and gradually moves north. Northern Minnesota growers typically begin their season two weeks after their metro area counterparts. The length of the season usually depends on the weather. Mild temperatures in the 70's and low 80's extend the season by letting the berries ripen at a steady pace while excessive heat can shorten the season and cause berries to ripen more quickly. Conditions vary from farm to farm and can fluctuate from day to day depending on the weather. Always call ahead or check the website before you visit. Minnesota strawberry season only comes once each year and we don't want anyone to miss out on the wonderful flavor of fresh picked berries!

# Berry Nutritious

8 medium-sized strawberries contain more vitamin C than citrus fruit (like an orange)

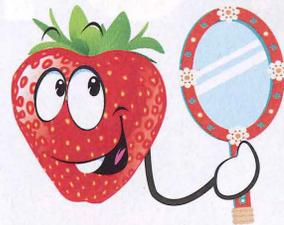

Vitamin C boosts your immune system to keep you feeling good. The high amount found in strawberries has been linked to reduced risk of cancer, suppressing the progression of tumors and maintaining healthy weight

12 or more strawberries each day helps keep your vision clear

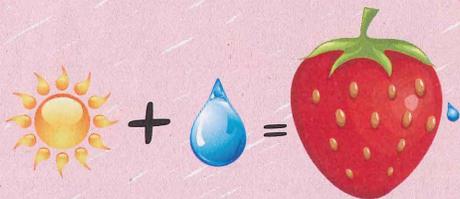

Potassium makes strawberries good at regulating blood pressure and keeping your heart healthy

Strawberries can also slow the effects of aging and keep your skin wrinkle-free

## Fun Facts

A strawberry's sweetness comes from the sun, while moisture affects the size ...  
More moisture = bigger strawberries!

**S**trawberries are the first fruit to ripen in the spring. Blueberries and raspberries typically ripen just as strawberry season wraps up  
**keep your eye out!**

The average Minnesotan eats about 5 lbs. of strawberries per year!

## Picking Tips

Call your grower ahead of time to make sure the berries haven't been picked out!

Wear comfortable shoes

Pick with the stem and cap intact to keep berries fresh

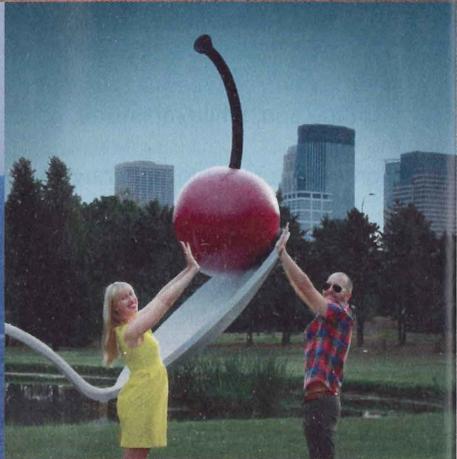

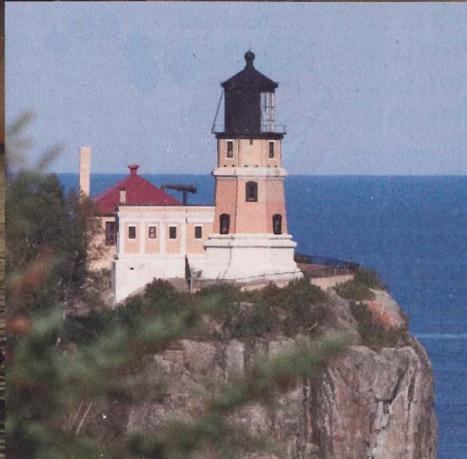

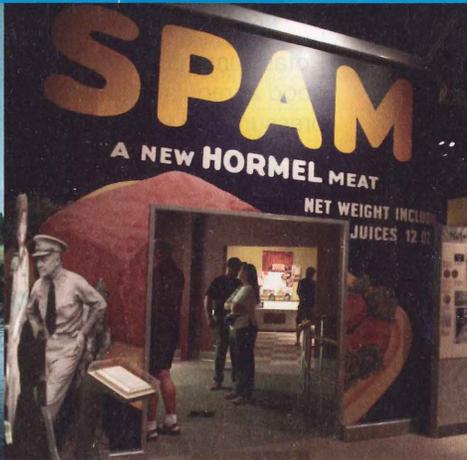

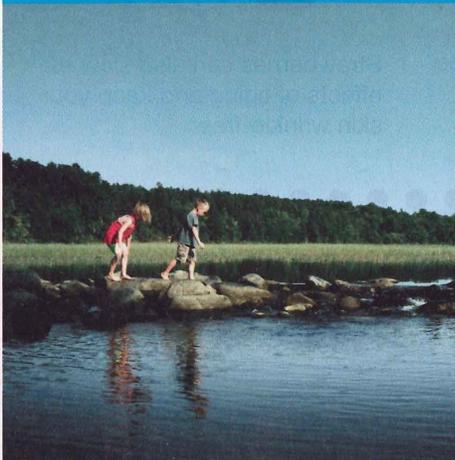

Bring a hat, sunscreen, and water

Check if your grower provides containers or plan to bring your own

*All information was compiled from Minnesota Grown members, the University of Minnesota Extension, and the USDA*

Purchasing a real, locally grown Christmas tree is about more than just the tree; it's about the experience your family will have. Many Christmas tree farms provide a wonderful family-friendly bonding time that everyone will remember for years to come. The rows of trees provide a beautiful natural backdrop for those candid pictures or for your annual Christmas card photo. Many farms offer additional activities like wagon/sleigh rides, custom wreath making and some are even visited by Santa! Some farms let you warm up in the shop with cider and cookies while you browse the selection of gifts, decorations and wreaths.

- Frazee - Spank's Stone Hearth [www.spanksstonehearth.com](http://www.spanksstonehearth.com)

## Activity

### Dig into Agriculture – start your own growing experience!

Try planting a vegetable in your own garden or container to learn more about how it grows! Vegetables like tomatoes, peppers and even eggplants grow great in containers. Be sure the container is large enough to hold plenty of soil for the plant. If it's a climbing vegetable, make sure you build a lattice for it to grow upwards on. It'll be fun to check on the growth of the plant and to see how long it takes the vegetable to ripen! Were there any surprises about how the vegetable starts or grows?

Minnesota Grown garden centers will have lots of advice on containers, the proper soil to use and of course, they'll have the seeds!

## Lake Country Lamb Chops

Chef Josh Hanson from Spanky's Stone Hearth

Serves 2

4 rib lamb chops	1/2 oz white wine
4 oz olive oil	6 oz mint jelly
1 oz fresh mint leaves	1/4 c heavy cream
3 oz fresh rosemary sprigs	6 oz balsamic vinegar
1 T coarse grind black pepper	4 oz Worcestershire
1/2 oz fresh thyme	4 oz brown sugar

1. Coat both sides of lamb chops in olive oil, mint leaves, rosemary and black pepper. Set aside in cooler for 2-4 hours.
2. In stockpot sauté thyme in white wine until fragrant; add mint jelly and cream. Whisk until completely blended and smooth. Take off heat and set aside.
3. In a stockpot boil balsamic vinegar and Worcestershire down by half, then add brown sugar. Reduce until a thick band forms around whisk. Set aside.
4. Cook lamb chops over charcoal for 3 minutes on each side or until medium rare. To serve, place 1 oz mint jelly in middle of serving plate and whisk in balsamic around edges of mint jelly. Place lamb chops around sauces and serve.

Call for an appt & we will pick fresh produce together. Jun-Oct.

## Do you know...

the difference between a vegetable and a fruit?

A fruit is developed from a flower and is also the part of the plant that contains seeds.

A vegetable is a plant or part of a plant that is edible but does not necessarily play a role in the plants reproductive cycle. Did you know a tomatoes, cucumbers, pumpkins and squash are technically fruits?

Early season apple with great taste and crisp?

- ▶ **Crunch!**  
The Zestar!® Apple has a sprightly sweet-tart taste with a hint of brown sugar. Plus, unlike other early season apples that are mealy or soften quickly, Zestar! is juicy, with a light, crisp texture that stays firm for weeks in a refrigerator. Keep your eyes open for Zestar! around late August to early September. Crunch Into Zestar!™

## Activity

### Make your own pumpkin seeds!

Every time you visit a pumpkin patch, you come home with more than just a pumpkin – you come home with seeds too! Many people hollow out the pumpkin to create a scary jack-o-lantern for decorations, but instead of throwing away the insides save the seeds and make a tasty snack!

1. Wash pumpkin seeds well.
2. Spread the seeds in a single layer on a cookie sheet to dry
3. Roast at 375 degrees for 20-30 minutes until dry.
4. Dot with butter and brown for 5-10 minutes at 400 degrees, stirring often
5. Sprinkle with salt, cool and serve

Recipe courtesy of Barten Pumpkin Farm, listing 528. You can find a full list of pumpkin patches on page 104.

## Angry Trout Café Trout Chowder

Chef's Barb LaVigne and George Wilkes from Angry Trout Café.

Serves 6

4 c vegetable stock	1 bay leaf
2 1/2 c diced Yukon gold or red potatoes	1 t dried dill
1 c diced carrots	Salt and pepper to taste
4 T butter	8 oz lake trout or other fish, cut into soup-sized chunks
1/4 c chopped red onion	3 T flour
1 clove garlic, minced	3/4 c half-and-half
1 1/4 celery stalks, diced	1/2 c chopped fresh Italian parsley

1. In a large pot, boil potatoes and carrots in vegetable stock until tender. In a fry pan sauté onion, garlic, and celery in 2 T of the butter until tender, then add to stock. Add bay leaf, dill, salt, and white pepper. Simmer for 5 minutes.
2. Add trout and simmer until trout is cooked through (about 5 minutes). Stir gently to avoid breaking up the fragile chunks of fish.
3. Make a roux by melting 2 T of the butter in a pan. Add flour and whisk over medium heat. Heat for about 3 minutes. Remove from heat, gradually add half-and-half while whisking until smooth. Do not cook any further. Add roux mixture to soup, stir gently, and heat until soup is just starting to think about boiling, then remove from heat. Check seasoning. Garnish with chopped fresh Italian parsley.

# Did you know...

mushrooms are one of the oldest plants and grow wild in almost all locations on Earth?

[www.minnesotahoneyproducers.org](http://www.minnesotahoneyproducers.org)

## Honey Strawberry Preserves

Makes 3 pints

6 cups sliced strawberries  
2 boxes (1-3/4 oz. each) powdered pectin  
1-3/4 cups honey  
2 Tablespoons lemon juice

Combine strawberries and pectin in large saucepan; crush berries to blend completely. Bring mixture to a full rolling boil over medium-high heat. Boil hard 1 minute, stirring constantly. Stir in honey and lemon juice; return to a full rolling boil. Boil hard 5 minutes, stirring constantly. Remove from heat. Skim off foam. Ladle into clean, hot canning jars to within 1/4 inch of tops. Seal according to manufacturer's directions. Place jars on rack in canner. Process 10 minutes in boiling water bath with boiling water 2 inches above jar tops. Remove jars from canner. Place on thick cloth or wire rack; cool away from drafts. After 12 hours test lids for proper seal; remove rings from sealed jars.

## Cooking Hints

- Reduce all liquids by 1/4 cup for each cup of honey used.
- Add 1/2 teaspoon baking soda for each cup of honey used.
- Reduce oven temperature by 25°F to prevent over-browning.
- Store honey at room temperature to prevent crystallization. If your honey does crystallize, place your jar of honey in a pan of very hot, but not boiling, water and stir until crystals dissolve.

## Sweet Facts

- 17g of carbohydrates per 1 tablespoon of honey
- 5g of sugars per 1 tablespoon of honey
- Bees are the only insects that provide us with food
- Honey was the first sweetener used by man
- It takes 12 bees a lifetime to produce 1 teaspoon of honey

UNIVERSITY OF MINNESOTA  
Driven to Discover<sup>SM</sup>

- ▶ Sweet!  
The SnowSweet<sup>®</sup> Apple tastes sweet with a slight tart balance and rich overtones. Kids young and old can savor the flavor for a long time because the fine textured, firm to crisp, snow white flesh is very slow to oxidize and brown when cut. Prepare tasty and appealing snacks and salads hours ahead. Savor The Sweet<sup>TM</sup>

## Treat yourself to good, healthy eating Minnesota Elk

### Elk Steak Marinade

Mix all marinade ingredients together in a small measuring cup. Place elk steaks in a large zip lock bag. Pour marinade over steaks and seal bag. Place bag in a flat casserole dish so that the steaks are in a single layer. Refrigerate and marinate at least 4 hours, turning every half hour to marinate each side. Drain marinade and grill steaks to desired doneness, rare to medium rare is best. Double or triple this recipe accordingly for additional pounds of steak.

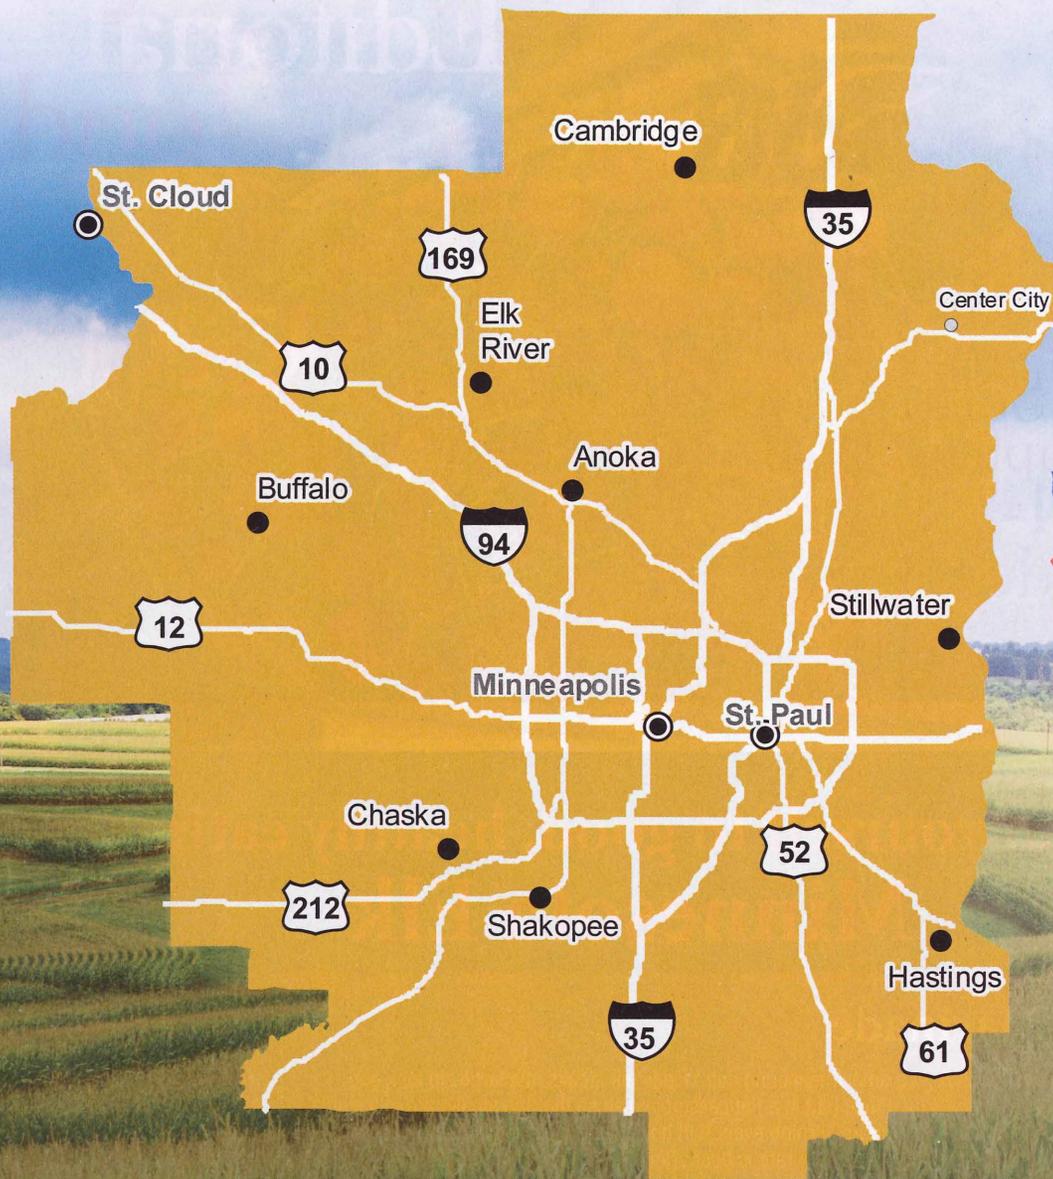

3 Tbsp. canola oil  
1-2 tsp. minced garlic  
1 Tbsp. lemon juice  
1 Tbsp. soy sauce  
1 Tbsp. Worcestershire sauce  
½ tsp. pepper  
1½ lb. package elk steak

**MNElk**™

More restaurants in St Paul, Minneapolis and the metro region – find them at [www.minnesotacooks.com](http://www.minnesotacooks.com)

## Kid-Friendly Activity

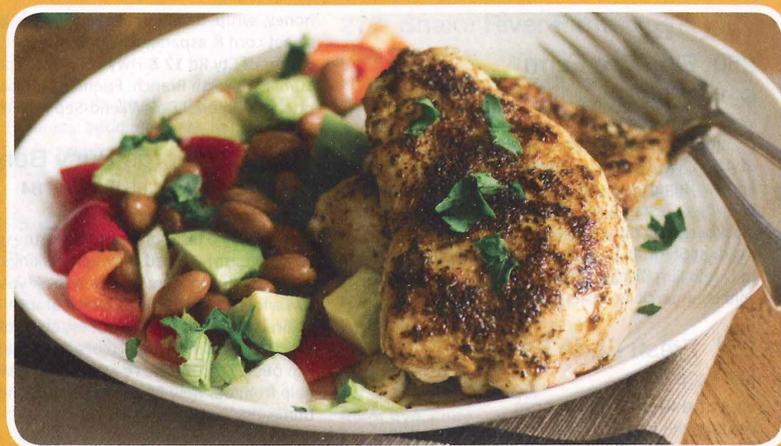

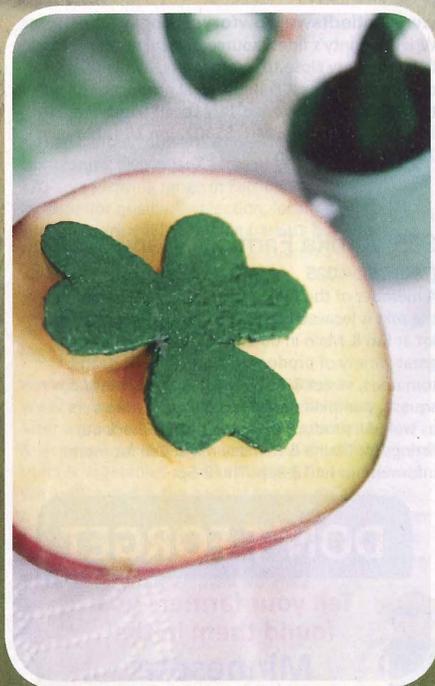

### Potato Stamps

What you need:

- 1 potato
- Paint
- Paper
- Knife
- Pen

Procedure:

- Cut the potato in half so that you have two circular exposed halves
- Pat one exposed half with a towel until mostly dry
- Draw the shape you want to stamp with a marker- in this case a shamrock!
- Assist children as needed in cutting the excess potato away from the shape drawn, so that the shape sticks out about 1/4 of an inch. Depending on the potato, a butter knife may be sharp enough.

## Roasted Wild Acres Spring Chicken, Herbed Quinoa and Seasonal Vegetables

Chef's Barb LaVigne and George Wilkes from Angry Trout Café.

### For the Quinoa

2 c Quinoa	1 Carrot	1 T Parsley, chopped
4 c Vegetable stock (or water)	1 Garlic head	1 T Thyme, chopped
1 Onion	1 Bay leaf	1 T Chives, chopped
	4 T Extra virgin olive oil	1 T Tarragon, chopped

1. Place the stock and vegetables in a pot and bring to a simmer. Meanwhile, rinse the quinoa in several changes of cold water. Add the quinoa to the stock and simmer until tender, about 7 minutes. Mix the quinoa with the olive oil and herbs. Season to taste.

### For the Spring Chicken

3lb roasting chicken	Olive oil	Garlic	Lemon wedges
	Parsley	Shallots	Thyme

1. De-bone and marinate a roasting chicken (approximately 3 lbs) in a mix of olive oil, parsley, garlic, shallots, lemon wedges, and thyme.
2. Roast chicken skin side down until cooked through. Meanwhile prepare a nice mix of seasonal vegetables and mix in some pickled ramps.
3. Serve chicken with the quinoa and the mixed vegetables.

## Afton

### 250 Elm Tree Farm

(651) 998-0507

[www.theelmtreefarm.com](http://www.theelmtreefarm.com)

Located in the St. Croix River Valley in the town of Afton, we offer the following certified organic apples: Honeycrisp, Haralson, Sweet Sixteen, Fireside & Zestar. Also, we offer plums, pears, wild blackberries & honey. The farm is named after the resident St. Croix Elm Tree, famous for its resistance to Dutch Elm Disease. It is patented & soon to be sold commercially. Visits by appointment only.

### 251 Fresh Earth Farms

(651) 436-2778

[www.freshearthfarms.com](http://www.freshearthfarms.com)

We take the far out of farming! Just 20min from St Paul. Very few food miles. Money stays local to the Twin Cities. Pure CSA-all produce goes to our members. We don't do farmers mkts or wholesale. Excess produce donated to Twin Cities food shelves. Great customer service, talk directly to the farmer. Freshest veggies around; harvested the day of your pick-up. Many heirlooms! We resell organic fruit, meat & cheese from similar small family farms.

### 252 Whistling Well Farm

(651) 998-0301 or (651) 334-6522

[www.whistlingwellfarm.com](http://www.whistlingwellfarm.com)

Located 2mi S of Afton Alps/Afton State Park on Cty Rd 21 (St Croix Tr) & Cty Rd 76 (90th St). PYO pumpkins & apples. Also fall mums, ornamental corn, corn stalks, straw, squash, gourds, honey, dried flowers & other assorted vegetables. Apple varieties include: Zestar, SweeTango, Honeycrisp, SnowSweet & Haralson. Aug 15-Nov 15: 9a-6p.

### 253 ZBR FOOD

(651) 238-6625

[www.zbrfood.com](http://www.zbrfood.com)

We are a small CSA farm located in Afton, MN. Our goal is to provide an abundance of fresh local produce to our membership. Our farm is staffed largely by University students in Horticulture & Agriculture seeking opportunities to use knowledge gained in school. We pride ourselves on having produce that has better quality than anything found in a grocery store.

## Albertville

### 254 Albertville Farmers Market

**Answer...** Question is on page 86.

### The Minnesota State Tree is the Norway Pine (aka the Red pine)

In 1953, the Norway pine became the official state tree. You may find some decorated in homes during the holiday season.

The name comes from early explorers who thought the tree was a pine they had seen back home in Norway.

The tallest Minnesota Norway pine known is in Chippewa National Forest, and it towers 120 feet.

How many two-story houses would you need to stack on top of each other to reach the top of this Norway pine? (Clue: The average height of a two-story house is 20 feet)

Information from the Minnesota Department of Natural Resources.

## 466 Locust Lane Vineyards (612) 770-3182

## Visit Minnesota Ag in the Classroom for more activities and fun!

[www.mda.state.mn.us/maitc](http://www.mda.state.mn.us/maitc)

Minnesota Ag in the Classroom's mission is to promote understanding and awareness of the importance of agriculture. Their educational programs provide a wealth of opportunities for embedding agriculture, food and natural resources education into the K-12 classroom. MAITC seeks to improve student achievement by applying authentic agricultural examples to teach core curriculum concepts in science, social studies, language arts, math and nutrition. These programs cultivate an understanding and appreciation of the food and fiber system that we all rely on every day.

Their website is chock-full of ideas, activities not only for the classroom but for you at home! Stay up to date with the latest ideas and news. There is also a link to the national Ag in the Classroom's Teen Scene and Kids Zone! Go explore!

## Tomato and Bread Soup - "Alma Style"

Chef's Barb LaVigne and George Wilkes from Angry Trout Café.

Serves 6

3/4 C extra virgin olive oil	1/8 C Parmigiano Reggiano
1/4 C fresh garlic, sliced thin	2" fresh rosemary
1/4 C fresh basil, chopped	1 Bay leaf
8 C roasted local summer tomatoes*	2 C dried bread, rustic, ciabatta-type, diced
1 T tomato paste	Sea salt and freshly ground pepper to taste
4 C homemade chicken stock	

1. Roast tomatoes in a 350°f oven until they split and release their juices. Allow to cool, reserving juices and discard skins. Chop or lightly puree remaining tomato and mix with reserved juices.
2. Heat olive oil in a soup pot until hot but not smoking, add garlic and stir or shake pan vigorously until lightly browned (careful not to burn). Add basil and immediately follow with tomatoes, chicken stock, tomato paste, rosemary, parmesan and seasoning. Simmer at medium heat for 20 minutes.
3. Remove from heat, whisk in bread, set aside to cool. Remove remaining rosemary branch and whisk well to blend bread into soup. Heat to serve, constantly stirring so bread does not stick and scorch pot. Garnish soup with parmesan, fresh basil, or tasted croutons if you like.

## Minnesota fun facts

The first dairy cattle were brought to North America in 1624 to the Plymouth Colony.

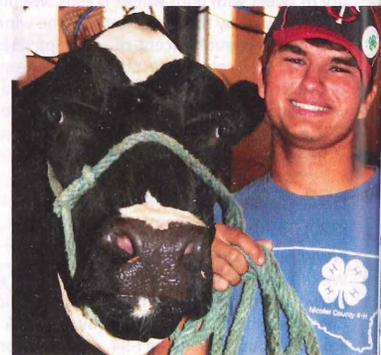

In 1984, Milk became Minnesota's official state drink.

The average dairy cow in Minnesota produces 19,400 pounds of milk, or around 60 gallons a day. This is nearly 2,255 gallons of milk a year!

June is Dairy month! This annual celebration began in 1937. Try to visit a local dairy farm during this month.

*This information is from Minnesota Ag in the Classroom (MAITC). For more information about MAITC go to page 77.*

[www.mda.state.mn.us/kids/~media/Files/kids/cc/cc-dairycattle.ashx](http://www.mda.state.mn.us/kids/~media/Files/kids/cc/cc-dairycattle.ashx)

*Pictured on top is a Jersey dairy cow, known for its high protein milk. Below is Holstein, the most popular dairy cow.*

### 716 Tollefson Family Pork

(507) 246-5147

[www.tollefsonfamilypork.com](http://www.tollefsonfamilypork.com)

In 1986, we became the 1st natural pork producer in the US, using no antibiotics or growth hormones. Soybean & fish oil gives our pork omega-3 fatty acids, which stimulates blood circulation, reduces clots & can reduce blood pressure. Superior genetics give an ideal level of marbling. After frying our bacon, grease remains liquid because it's high in poly-unsaturated fat. Pick up our healthy & great tasting pork at farmers mkts, see website for locations.

## Gibbon

### 752 Pastures A Plenty Co & Farm

(320) 367-2061 or (866) 290-2469

[www.pasturesaplenty.com](http://www.pasturesaplenty.com)

We produce our animals outdoors as much as possible. Sunshine & fresh air are the best guarantee of animal health. Beef is grass fed & maintained in pasture. Chickens are raised on grass in summers only. Hogs are kept on pastures or they live in the open airy hoops & barns on deep straw beds. We use no drugs in feed to promote growth & no liquid manure systems. We are a three generation farm. Best to call/email ahead. Mon-Fri 8a-5p, Sat 9a-noon.

## Swine language

Do you know the difference between a **pig** and a **hog**?

In the US, a **pig** refers to a younger animal weighing less than 120 pounds, and a **hog** refers to an older animal weighing more than 120 pounds.

Both can be referred to as **swine**, which means a domesticated pig or hog!

**Pig or hog:** What do you think this slick Minnesota swine to the right is?

*This information is from Minnesota Ag in the Classroom (MAITC). For more information about MAITC go to page 77.*

## Kimball

Keep up with us & local foods on facebook!  
[www.facebook.com/minnesotagrown](http://www.facebook.com/minnesotagrown)

## “An apple a day keeps the doctor away”

Does this quote sound familiar? Well, according to linguists, the original quote was “*Eat an apple on going to bed and you’ll keep the doctor from earning his bread.*”

Research seems to support this proverb, no matter which version. Apples contain an abundance of components that have been found to lower LDL (bad) cholesterol, support strong bones and a healthy brain, reduce the risk of various cancers, fight free radicals, and reduce the risk of heart disease, diabetes, and asthma.\*

**Did you know** that the popular Honeycrisp apple was developed at the University of Minnesota in 1960? It was also named Minnesota’s state fruit in 2006.

\* Information from [HowStuffWorks.com](http://HowStuffWorks.com)

### St. Peter

# Minnesota fun facts

There are about 6.2 million **sheep** and more than 69,000 sheep farms in the US.\*

On this page you will see a couple of the many fine Minnesota sheep that competed at the State Fair last year.

Did you know that ...

- 🐏 one sheep can produce 2-30 pounds of wool per year?
- 🐏 one pound of wool can be spun into 20 miles of yarn?

Doing the math with what you just learned, how many miles of yarn can one sheep produce in a year?

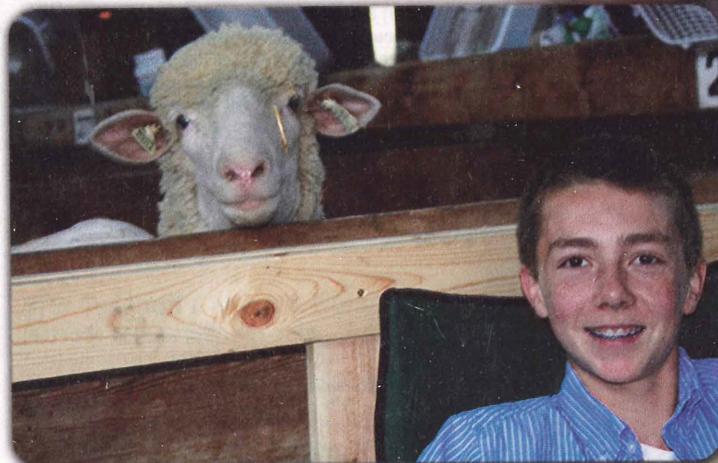

One sheep can produce enough wool/yarn annually to string from  the most northern to the most southern borders of Minnesota, and you would still have 200 miles of yarn left!

This must require a lot of energy. Maybe that's why sheep are big eaters, grazing for an average seven hours per day!

There are 40 different breeds of sheep in the US, each with different sizes, shapes, and colors.

You can find Minnesota sheep products from nearly 40 different vendors in this directory.

*Information compiled from the American Sheep Industry Association ([www.sheepusa.org](http://www.sheepusa.org)) and Minnesota Grown members.*

## 905 Pepin Heights Orchards, Inc.

(651) 345-2305

[www.pepinheights.com](http://www.pepinheights.com)

More than just the Honeycrisp Place, Pepin Heights is now home to SweeTango, the U of M apple variety you've heard so much about. Juicy & sweet, SweeTango's flavor has a long & satisfying finish on the palate & features the satisfying crunch of a Honeycrisp. SweeTango season start in late Aug & early Sep, so plan an early visit to The Pepin Heights store. The store features many great MN apple varieties, ciders & locally grown products. Aug-Dec: 9a-6p.

## 949 Uecker family farm

(507) 259-3148 or (507) 282-2419

[www.ueckerfarm.com](http://www.ueckerfarm.com)

Small diversified crop & livestock farm raising kids, cattle, sheep, rabbits, honeybees & poultry. Now we have added pollination to our list of services & goods available. All livestock spends as much time as possible on pasture & open fields. We manage pasture to increase productivity & plant-pollinator friendly trees & shrubs on the farm to increase diversity. No antibiotics are used on our operation.

## 950 Produce Plus Inc.

(507) 287-8839 or (507) 289-5183

One of the state's largest family owned sweet corn producers. Wholesale & retail sales with references & delivery available. Also sell large varieties of melons, squash, tomatoes & pumpkins. Located between Rochester & Eyota. Seasonal hrs.

## Rushford Village

951 Featherstone Fruits & Vegetables

(507) 864-2400

[www.featherstonefarm.com](http://www.featherstonefarm.com)

In the spectacular Bluff Country of SE MN. Certified organic by MOSA & delivers CSA shares to 20+ drop-sites in the Twin Cities, Rochester & Winona. Our CSA offers a simple mix of mainstream veggies in hearty proportions. Summer runs 21 wks, while 9 winter shares extend the season. A passion for high quality, healthful foods & a commitment to sustainable agriculture drive Jack & the Featherstone employees to dedicate themselves to growing the best produce possible.

## Spring Valley

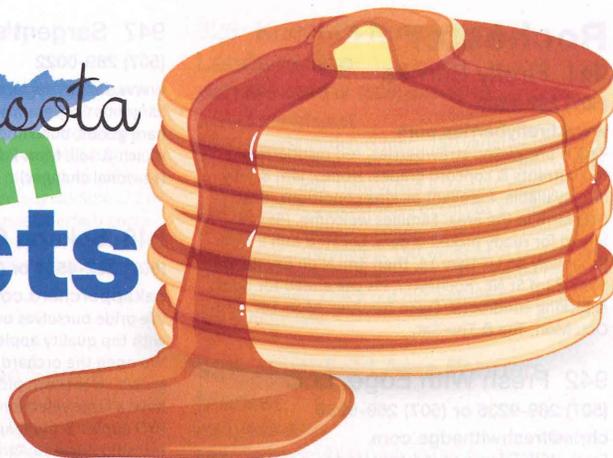

952 Earth Dance Farm

(507) 378-4252

[www.earthdancefarm.net](http://www.earthdancefarm.net)

We are a family owned farm located in the rolling hills of SE MN. Our CSA offers a large, diverse variety of herbs, vegetables, fruits, berries, honey & eggs. We encourage & welcome visits online & in person. Pitch a tent & walk to gather fresh eggs & garden vegetables for your omelet! No synthetic fertilizers or chemicals are used on our land. Apr-Nov: 7a-5p.

# Minnesota fun facts

## Answer... Maple Syrup.

Question is on page 110.

- It takes about 40 gallons of sap to make 1 gallon of syrup.
- You can use maple syrup as a sweetener in your coffee, baking and cooking recipes as well as use it as a breakfast topping!

### St. Charles

**953 St Charles Farmers Market**  
(507) 457-6552

[www.facebook.com/stcharlesfarmersmarket](http://www.facebook.com/stcharlesfarmersmarket)

The St Charles Farmers Mkt is a producer-only mkt bringing together local growers & artisans with high quality products. *If you are looking for a delicious, crowd-pleasing appetizer, you can't get any better than this. Serve with a side of salsa and watch these roll-ups disappear!*

**Servings: 10**

## Turkey Roll-Ups

### Ingredients:

- 1 Pound deli turkey breast, thinly sliced
- 3 Ounces cream cheese, softened
- 3/4 Cup light sour cream
- 5 (9") Flour tortillas
- 4 Green onions, chopped (about 1/4 cup)
- 1 Cup (4 ounces) shredded Cheddar or Monterey Jack cheese
- Salsa (optional)

### Directions:

1. In a small mixing bowl, combine cream cheese and sour cream; mix with a mixer until smooth.
2. Spread 1/5 of the cream cheese mixture on each flour tortilla.
3. Layer 1/5 of the onions, cheese and turkey (in that order) on each tortilla.
4. Roll up tortillas and wrap individually in plastic wrap.\*
5. Refrigerate for at least one hour.
6. Remove plastic wrap and cut into 1" slices. Serve with salsa (if desired) for dipping.

**Nutrition information per serving:** Calories 200; Total Fat 10g; Cholesterol 45 mg; Sodium 500 mg; Total Carbohydrate 10g; Protein 16 g

\* Tip: Place a piece of plastic wrap on the counter first and assemble the tortilla on top of the plastic wrap as directed above. Then it's a cinch to roll up the tortilla for cooling in the refrigerator.
