Introduction

The 1995 Minnesota Legislature passed Minnesota Statutes § 176.223 that states in part the Minnesota Department of Labor and Industry "... shall publish an annual report providing data on the promptness of all insurers and self-insurers in making first payments on a claim for injury. The report shall identify all insurers and self-insurers and state the percentage of first payments made within 14 days from the date the employer was notified of claimed lost time beyond the waiting period for each of the insurers and self-insurers. The report shall also list the total number of claims and the number of claims paid within the 14-day standard." Because the insurer's responsibility for promptness lies also with the denial of a claim, the *Prompt First Action Report on Workers' Compensation Claims* combines data related to the promptness of first payments and denials.

Minnesota Statutes § 176.231, Subdivision 1, states, "Where ... injury occurs which wholly or partly incapacitates the injured worker from performing labor or service for more than three calendar days, the employer shall report the injury to the insurer on a form prescribed by the commissioner within ten days from its occurrence. An insurer and self-insured employer shall report the injury to the commissioner no later than 14 days from its occurrence."

Minnesota Statutes § 176.221, Subdivision 1, states, "Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence." This statute also gives insurers the same 14-day deadline to deny the claim and to communicate this decision to the injured worker and the department. Minnesota Rules Part 5220.2540, Subpart 1, further applies this 14-day deadline to the first payment or denial of temporary partial benefits.

Department actions upon receipt of the data

The Department of Labor and Industry evaluates data submitted on the *First Report of Injury* and the *Notice of Insurer's Primary Liability Determination* forms to determine whether the first payment or denial of benefits is timely. The *First Report of Injury* form is used to report claimed work-related injuries and illnesses to the department. The *Notice of Insurer's Primary Liability Determination* form is used by the insurer to report the acceptance or denial of the claim and to communicate information about the payment of benefits. It is also used to clarify or change information previously submitted on the *First Report of Injury*.

If, during the evaluation, the data is inconclusive, a letter asking for the missing or incomplete data is sent to the insurer (see Appendix C). A list of claims where the first actions were believed to be untimely is sent to each insurer quarterly. A review period of approximately 30 days is allowed to refute the accuracy of the department's data.

After the report is published each year, insurers that had any claims listed in the report for the current fiscal-year are notified of their performance in comparison to all insurance companies, self-insured employers and the system as a whole. For those insurers with a significant number of claims that have a performance level substantially above or below the average, the notices provide additional information (see Appendix D).

Explanation of Prompt First Action Report table

The Prompt First Action Report table identifies insurance companies and self-insured employers that filed lost-time claims for the previous five fiscal-years (July 1 through June 30) and the number and percentage of those claims that were paid or denied within the statutory 14-day deadline. This report includes claims received during each fiscal-year with claimed lost time beyond the three-calendar-day waiting period. These claims do not include asbestosis and other litigated claims in which the lost-time determination is inconclusive at the time this report is published.

Conclusion

In fiscal-year 2014, 89.6 percent of the 24,116 lost-time claims had a timely first action. This percentage is the same as fiscal-year 2013, where 89.6 percent of the 23,093 lost-time claims had a timely first action.

The department's Workers' Compensation Division anticipates increased use of technology, electronic data exchange and early intervention will maintain or improve the overall first action timeliness percentage.

* The promptness with which insurers make first payments and deny claims can depend on how promptly the employer files the *First Report of Injury* form with them. This report does not make a distinction between first actions that were untimely due to the actions of the employer versus the insurer. All untimely actions, regardless of responsible party, are subtracted from the overall number of claims to arrive at the number and percentage of timely first actions.

GENERAL INSTRUCTIONS TO THE EMPLOYER

Employers, not employees, are responsible for completing this form. The information is needed to determine liability and entitlement to benefits. You must file this form with your insurer, and give a copy to the employee and the employee's local union office. You are required to provide the employee with a copy of the Employee Information Sheet, which is available on the Department of Labor and Industry's web site at <u>www.dli.mn.gov</u>.

Filing this form is not an admission of liability. You must report a claim to your insurer whenever anyone believes that a workrelated injury or illness that requires medical care or where lost time from work has occurred. If the claimed injury wholly or partially incapacitates the employee for more than three calendar days, the claim must be made on this form and reported to your insurer within ten days. Your insurer may require you to file it sooner. Failure to file within the ten days may result in penalties. It is important to file this form quickly to allow your insurer time to investigate the claim. Your insurer will report the injury to the Department of Labor and Industry (Department), when necessary. Self-insured employers have 14 days to report the injury to the Department, when necessary.

If the claim involves death or serious injury (including injuries that later result in death), you must notify the Department and your insurer within 48 hours of the occurrence. The claim can be reported initially to the Department by telephone (651-284-5041), fax (651-284-5731), or personal notice. The initial notice must be followed by the filing of this form with the Department within **seven** days of the occurrence.

SEND THIS FORM TO YOUR INSURER IMMEDIATELY – DO NOT WAIT FOR THE DOCTOR'S REPORT

SPECIFIC INSTRUCTIONS TO THE EMPLOYER ON COMPLETING THIS FORM

- Item 2: OSHA case #. Fill in the case number from the OSHA 300 log. This form contains all items required by the OSHA form 301.
- Items 17-21: Fill in all the wage information. If the employee does not work a regularly scheduled work week, attach a 26 week wage statement so your insurer can calculate the appropriate average weekly wage. Attach a separate sheet giving the weekly value of any meals, lodging, or 2nd income paid to the employee.
- Item 20: Fill in the average number of days per week that the employee works. Also include their normal work schedule, Sunday Saturday, by checking the appropriate boxes. If the employee's work schedule fluctuates from week-to-week, leave the boxes blank.
- Items 22-24: Be as specific as possible in describing: the events causing the injury; the nature of the injury (cut, sprain, burn, etc.), and the part(s) of body injured (back, arm, etc.); and the tools, equipment, machines, objects or substances involved.
- Item 26: Fill in the first day the employee lost any time from work (including time lost for medical treatment), even if you paid the employee for the lost time.
- Item 27: Check the appropriate box to indicate if there was lost time on the date of injury and whether you paid for that lost time.
- Item 28: Fill in the date you first became aware of the injury or illness.
- Item 29: Fill in the date you became aware that the lost time indicated in Item 26 was related to the claimed injury.
- Item 30: Leave the box blank if the employee has not returned to work by the time you file this form. If the employee has returned to work, fill in the date and answer the questions in Items 31 and 32. Notify your insurer if the employee misses time due to this injury after that date.
- Item 34: Check all the boxes that apply AT the time you file this form.
- Item 39: Fill in your Federal Employer Identification Number (FEIN). For information, see <u>www.usa.gov/Business/Business-</u> <u>Gateway.shtml</u> and click on "Get an Employer ID Number".
- Items 40 and 44: Fill in your Unemployment ID number and North American Industry Classification System (NAICS) code, which are both assigned by the Minnesota Unemployment Insurance Program (651-296-6141).
- Items 46-54: Your insurer or claims administrator will complete this information if you do not have it available.

INSTRUCTIONS TO THE INSURER/CLAIMS ADMINISTRATOR (For first reports of injury filed on or after Jan. 1, 2014)

Pursuant to Minnesota Statutes, section 176.231, and Minnesota Rules, part 5220.2530, insurers and self-insured employers must file with the Department's Workers' Compensation Division an electronic first report of injury, according to the requirements set out in sections 2 to 4 of the Minnesota implementation guide, in all cases where a first report of injury is required to be filed under Minnesota Statutes, chapter 176. The Minnesota implementation guide can be found on the Department's website at www.dli.mn.gov/WC/Edi.asp.

A first report of injury submitted by the insurer or self-insured employer in any other manner or format is not considered filed with the division, except for a written first report of injury on a paper form filed by a self-insured employer within seven days of death or serious injury.

If the claim does not involve lost time beyond the waiting period or potential permanent partial disability (PPD), or has not been requested to be filed by the Department, a first report of injury does **not** need to be filed.

Time Limitations

If the <u>injury</u> claim has been denied, you may lose your right to benefits if you do not commence legal proceedings within three years after your employer/insurer filed a written report of your claimed injury with DLI, not to exceed six years after the date of the claimed injury. If you have an <u>occupational disease</u>, you have three years to begin legal proceedings from the date you learned that the cause of the disease might be work related and the disease first caused disability.

If the <u>death</u> claim has been denied, you may lose your right to benefits if you do not commence legal proceedings within three years after the employer/insurer filed the written notice of death with DLI, except that:

1) For claims where the employer/insurer did <u>not</u> pay benefits for the injury, commencement of legal proceedings cannot exceed six years from the **date of injury** resulting in the death.

2) For claims where the employer/insurer did pay benefits for the injury, commencement of legal proceedings cannot exceed six years from the **date of death**.

In very rare circumstances, there may be exceptions to the time limits noted above.

Vocational Rehabilitation

If the insurer is denying primary liability for your claim and you disagree, cannot return to your former employment, and would like vocational rehabilitation assistance, contact DLI, Vocational Rehabilitation Unit at (651) 284-5038.

Instructions to Insurer/Claims Administrator

- 1. If the claim is a fatality with dependents and payment is being made, attach dependent information.
- 2. The reason for a denial must be clear and specific, and state a legal and factual basis in language which is easily understood. If the reason for a denial is based on medical information, attach medical reports or summary of any health care provider contacts that support your reason for denial.
- 3. This form may be filed more than once if your liability determination changes. (Examples: when you initially deny primary liability, but later accept liability; when you initially accept a claim and pay wage loss benefits, but later deny primary liability within 60 days pursuant to M.S. § 176.221, subd 1; when you accept liability, but are unable to pay TPD benefits until verification of wage loss is received, but later issue the first TPD check.)
- 4. If you file this form more than once, check the Amended box in the upper left-hand corner for each subsequent filing.
- 5. Do not use this form to reinstate benefits. Use the Notice of Benefit Reinstatement (NOBR) form.
- 6. If you indicate that the employer paid "full wage," you must also file a Notice of Intention to Discontinue (NOID) at the appropriate time showing the date of return to work or other reason for discontinuance and the payment data on the back of the form as required by M.S. § 176.221, subd. 9.
- 7. The date served must be completed each time you file this form.
- 8. The boxes (in the upper left-hand corner on the front of the form) containing claim identifying information must be fully completed each time you file the form. The boxes containing the dates of lost time, notice, and initial return to work, and the average weekly wage must also be completed, if applicable, each time you file the form, regardless of your liability determination.

This material can be made available in different forms, such as large print, Braille or on a tape. To request, call (651) 284-5030 or 1-800-342-5354 (DIAL-DLI)/Voice or TDD (651) 297-4198.
