Letter of Transmittal

Members of the Association:

The trustees and staff of the St. Paul Teachers' Retirement Fund Association (SPTRFA) present the Annual Financial Report for the fiscal year ended June 30, 2014, in accordance with the provisions of Minnesota Statutes § 356.20.

This report is intended to provide readers with sufficient information to make informed assessments about the organization's financial condition, fiscal activities, actuarial status, investment performance, and compliance with laws, regulations, bylaws and policies.

This is the complete Annual Report of the Association. This report is also available on the Fund's website at: www.sptrfa.org, or by request from the SPTRFA office.

A summary of the information in this report has been sent to each member, along with a statement of account status, which includes retirement service credit and contributions of record.

Major sections included in this report and their content are as follows:

Introduction

Mission Statement, Board of Trustees, professional service relationships, and organizational structure.

Benefits

Summary information regarding Plan benefit options, calculation methods, and a history of annual retirements.

Investments

Fund investment returns, security holdings, and investment advisors under contract with the Association.

Actuarial Valuation

Actuary's Certification Letter and various actuarial valuation sections that assess the Plan's longterm funded status, adequacy of revenues and describe relevant actuarial methods and assumptions.

• Appendix A – State Auditor's Report

SPTRFA received an "unmodified opinion" – the highest opinion level possible. The report contains management's discussion and analysis of the financial performance of the Fund and is available on our website at: www.sptrfa.org, or directly from the Minnesota Office of the State Auditor at: www.osa.state.mn.us

The audit report was prepared in conformity with standards established by the Governmental Accounting and Standards Board. Internal controls are intended to provide the highest level of assurance, within reasonable constraints on cost, that the funds of the Association are secure and transactions undertaken are at all times consistent with law and general norms of prudent management of the organization.

The SPTRFA Board and staff are responsible for the safekeeping of the Association's assets, the prudent investment of those assets, and for ensuring that benefits are calculated properly and paid timely. Administrative costs are budgeted at a level sufficient to meet service needs of the members. We strive to be service providers of the first order and our administrative costs remain extremely efficient.

The Board and staff of the SPTRFA serve as fiduciaries on behalf of our members and their survivors and beneficiaries. We endeavor to manage the assets entrusted to our care in concert with the Prudent Person Standard in Minn. Stat. § 356A.04, subd. 2, and as specified under Minn. Stat. § 356A.06, subd. 7.

Fulfilling the SPTRFA's mission requires assistance from a number of valued consultants, advisors and regulators:

The Office of the State Auditor audits the financial statements of the SPTRFA.

Gabriel Roeder Smith & Company, Minneapolis, Minnesota, performs the actuarial valuation for the Association. Key portions of its valuation, reflecting our funding status and adequacy of contributions over a long-term funding horizon, are included.

Oppenheimer Wolff & Donnelly LLP, Minneapolis, Minnesota, serves as primary Legal Counsel to the Board and staff, providing advice, representation, and monitoring of ongoing legal and regulatory developments.

Asset Consulting Group, St Louis, MO, serves as consultant to the Board and staff for investment performance measurement and certain compliance services.

U.S. Bank Institutional Trust & Custody, provides Custody services to the Fund.

With over 105 years of service to our members, the SPTRFA Board and staff remain committed to administering the affairs of the Association with the highest degree of diligence and efficiency.

Respectfully submitted,

John R. Kunz, (2)

BENEFITS

Pre-Retirement Topics

Membership

Membership is mandatory upon employment in any position requiring a license issued by the MN Department of Education for employment with St. Paul Public Schools (SPPS), St. Paul College (SPC) – if employed prior to July 1, 1995, or St. Paul Charter Schools – from July 1, 1995 through June 30, 2002. Hereinafter collectively referred to as "St. Paul Schools."

Allowable Retirement Service Credit

A full year of retirement service credit is earned after 170 days are worked during each fiscal year. Partial years are calculated based on the ratio of days worked to 170 days. No more than one year of retirement service credit is allowable during any fiscal year.

Definition of Salary

Minnesota Statutes Chapter 354A and the Association Articles and Bylaws define salary. Salary is the entire compensation upon which member contributions are required and made.

Refund of Contributions

In lieu of a monthly retirement benefit, a member who resigns from St. Paul Schools may apply for a refund of employee contributions, plus applicable interest. Coordinated Plan members have access to a refund of contributions at any age. Basic Plan members must be under Age 55 or be ineligible for a pension to receive a refund of contributions.

Repaying a Refund of Contributions

A member who received a refund may reinstate previous retirement service credit by repaying the amount refunded plus 8.5% interest compounded annually from the date the refund was taken. The repayment can only be made after the member has accumulated at least two years of allowable retirement service credit since the last refund was taken.

Leaves of Absence

The following St. Paul Schools approved leaves of absence qualify to allow members to purchase retirement service credit for the leave period. The terms and conditions for each leave are different: Sabbatical, Military, Parental, Mobility, Medical, Family Medical

Service Payments

Members may repay refunds or purchase SPTRFA retirement service credit while on leave by using personal savings or by transferring money from their tax-sheltered retirement accounts, such as 403(b), 457, 401(k), IRAs, or from another plan qualified under 401(a).

Beneficiary

A beneficiary is the person or persons designated to receive a refund of employee contributions plus applicable interest, upon the death of the member if no survivor or family benefit is payable. If no valid beneficiary designation form is on file for a member, a refund of contributions plus applicable interest will be paid to the member's estate.

Marriage Dissolution

Minnesota Statutes Section 518 covers marriage dissolutions and requires that SPTRFA receive a copy of the petition and summons, including a copy of the affidavit of service, before information will be released. In the event that the court orders that future pension benefits be divided, a judge signed copy of the domestic relations order is required. All inquires are kept confidential. Survivor benefit coverage ends at the dissolution of marriage.

Disability Benefit

A disability benefit is available to vested members who become totally and permanently disabled. Members may not have more than 60 sick days remaining at the time of application for the benefit, and they must have used all sick days prior to beginning the benefit. A Basic Plan member's disability benefit is 75% of the member's earnings for the last full year of service, less any benefits received from Workers' Compensation or Social Security. In the Coordinated Plan, the disability benefit is equal to the unreduced pension benefit amount using the member's years of retirement service credit and final average salary at the time of the disability, less any benefits received from Workers' Compensation.

Retirement Topics

Basic Plan Retirement Options

Basic Plan members receive a formula benefit payable for life. An automatic spousal survivor benefit is a percentage of the member's benefit, based on the ages of the member and spouse at the time of retirement. In the Basic Plan the survivor benefit* does not cause a reduction in the member's benefit.

Coordinated Plan Retirement Options

At the time of retirement, Coordinated Plan members select one from the five benefit annuity options below:

C1 Member Life Only

Monthly benefit payable for life to the member, with nothing payable after the member's death. Other annuity option amounts (C2 - C5) are reduced from the C1 amount in an attempt to actuarially cover any financial obligation that the SPTRFA would incur in paying additional benefits after the member's death.

C2 Guaranteed Refund

Reduced monthly benefit payable for life to the member. In exchange for the member's benefit reduction, after the member's death, the SPTRFA pays a refund to a designated beneficiary. The refund is equal to the difference between SPTRFA pre-retirement member contributions less cumulative SPTRFA post-retirement benefits paid to the member prior to death. The refundable amount payable to a beneficiary typically decreases to zero after two to three years after the member begins receiving retirement benefits.

C3 15-Year Certain

Reduced monthly benefit payable for life to the member. In exchange for the member's benefit reduction, the SPTRFA continues monthly payments to a beneficiary if the member's death occurs within 15 years after retirement. The beneficiary payments would end after the balance of the 15 years of SPTRFA benefit payments (member and beneficiary combined) is fulfilled.

C4 100% Joint & Survivor*

Reduced monthly benefit payable for life to the member. In exchange for the member's benefit reduction, after the member's death, the member's spouse receives the same monthly benefit for life. If the spouse precedes the member in death, the member's benefit would bounceback to the full, unreduced benefit amount payable under the C1 option.

C5 50% Joint & Survivor*

Reduced monthly benefit payable for life to the member. In exchange for the member's benefit reduction, after the member's death, the member's spouse receives 50% of the member's benefit as a monthly benefit for life. If the spouse precedes the member in death, the member's benefit would bounceback to the full, unreduced benefit amount payable under the C1 option.

^{*} Survivor benefit coverage ends at the dissolution of marriage.

Post-Retirement Topics

Teaching After Retirement

If a retired member of SPTRFA is reemployed by SPPS prior to Social Security normal retirement age, their SPTRFA monthly benefits may be reduced. If the retiree earns more than \$46,000 while working with or at SPPS in any calendar year, the following year's pension will be reduced by one dollar for every three dollars in SPPS earnings over \$46,000. This reduction is forfeited to SPTRFA. After Social Security normal retirement age, retired members have no SPPS re-employment earnings limitation. Retired members may work for any other employer without a reduction in their SPTRFA pension benefits, as long as their work is not peformed at or for SPPS.

Period of Separation

After resignation, members must maintain a 90-day break in service, with or at the District. This includes any contracted employment for or with the District, for example Teachers On Call.

Post-Retirement Increase

Post-retirement increases may be provided annually in January. If the Accrued Liability Funding Ratio, based on the Actuarial Value of Assets, as determined by the most recent actuarial valuation is:

- Less than 80 percent for two consecutive years, the COLA: 1.00 percent
- At least 80 percent, but less than 90 percent for two consecutive years: 2.00 percent
- If at least 90 percent for two consecutive years, then the subdivisions for the 1 percent and 2 percent provisions above expire and COLAs will be paid as follows:
 - O Increases will be equal to the Consumer Price Index urban wage earners and clerical workers all items index as reported by the Bureau of Labor Statistics within the United States Department of Labor each year as part of the determination of annual COLA to recipients of federal old age, survivors, and disability insurance.
 - O The COLA is determined by dividing the most recent average of third quarter monthly index values by the same average third quarter index value from the previous year, subtracting the quantity one from the resulting quotient, and expressing the result as a percentage amount, which must be rounded to the nearest one-tenth of one percent. The final amount may not be a negative number and may not exceed 5.0 percent. Partial increases are granted for new retirees in the calendar year immediately preceding the increase on the basis of whole calendar quarters that the benefit recipient has been in pay status, calculated to the third decimal place.

Basic Plan - Summary of Tier Benefits

Vested members of the Basic Plan are eligible to receive a lifetime monthly pension based on the member's Final Average Salary (**FAS**), Years of Service (**YOS**) and a Percentage Multiplier.

The following chart provides an overview of the Tier 1 and Tier 2 retirement benefits:

| Normal | Mini | mum | |
|---------|------|---------|--------------------------------------|
| Benefit | Age | Service | Computation of Annual Benefit |

Tier 1

| Unreduced | Rule of 90 | | |
|-----------|------------|---------|--|
| | 60 65 | 25 5 | FAS x YOS x 2.0% |
| Reduced | 55 | 5 | Reduced for early retirement by 0.25% for each month a member's age is under 65. |
| | 55 | 25 | Reduced for early retirement by 0.25% for each month a member's age is under 60. |

Tier 2

| Unreduced | 65 | 5 | FAS x YOS x 2.5% |
|-----------|----|---|--|
| Reduced | 55 | 5 | Formula reduced for early retirement by the use of actuarial tables. |

Deferred Retirement

| 55 | 5 | Annual Benefit (see above). |
|----|---|-----------------------------|
| | | |

Formula Key:

FAS: Final Average Salary YOS: Years of Service

2.0% or 2.5%: Percentage Multiplier

Coordinated Plan - Summary of Tier Benefits

Vested members of the Coordinated Plan are eligible to receive a lifetime monthly pension based on the member's Final Average Salary (**FAS**), Years of Service (**YOS**) and a Percentage Multiplier. Members first hired after June 30, 1989 are only eligible for Tier II benefits.

The following chart provides an overview of the Tier 1 and Tier 2 retirement benefits:

Minimum

| Normal | 1/1111111 | Iuiii | | | | |
|---------------------|------------------------|---------|--|--|--|--|
| Benefit Age Service | | Service | Computation of Annual Benefit | | | |
| Tier 1 | | | | | | |
| Unreduced | Rule of 90 62 65 | 30 3 | (FAS x First 10 YOS x 1.2%) + (FAS x YOS greater than 10 x 1.7%) | | | |
| Reduced | 55 | 3 | Reduced for early retirement by 0.25% for each month a member's age is under 65. | | | |
| | Any Age | 30 | Reduced for early retirement by 0.25% for each month a member's age is under 62. | | | |

Tier 2

| 1101 2 | | | | | | | |
|-----------|----------------|---|--|--|--|--|--|
| Unreduced | If first emplo | If first employed before July 1, 1989: | | | | | |
| | 65 | 3 FAS x YOS x 1.7% | | | | | |
| | If first emplo | If first employed on or after July 1, 1989: | | | | | |
| | 65-66 | 65-66 3 FAS x YOS x 1.7% | | | | | |
| Reduced | 55 | 3 | Reduced for early retirement by the use of actuarial tables. | | | | |

Deferred Retirement

| 55 | 3 | Annual Benefit (see above) with augmentation *. |
|---------|----|---|
| Any Age | 30 | |

* Augmented by 3% per year from date of resignation to January 1 after reaching Age 55, then 5% per year thereafter, if first hired prior to July 1, 2006.

Augmented by 2.5% for all years if first hired on or after July 1, 2006.

Augmentation for all members, regardless or hire date, changed to 2% as of July 1, 2012 for the portion of benefit deferral occuring after June 30, 2012.

Formula Key:

FAS: Final Average Salary YOS: Years of Service

1.2% or 1.7%: Percentage Multiplier

ACTUARIAL SECTION

December 23, 2014

Ms. Jill E. Schurtz Executive Director St. Paul Teachers' Retirement Fund Association 1619 Dayton Avenue, Room 309 St. Paul, MN 55104-6206

Dear Ms. Schurtz:

We are pleased to present the report of the actuarial valuation of the St. Paul Teachers' Retirement Fund Association ("Fund") as of July 1, 2014. This report provides among other things, the required annual contribution rate of the Fund for the Plan Year commencing July 1, 2014, and ending on June 30, 2015.

The valuation was based upon information furnished by the Fund staff, concerning Retirement Fund benefits, financial transactions, plan provisions and active members, terminated members, retirees and beneficiaries. Their efforts in furnishing the materials needed are gratefully acknowledged. We checked for internal and year-to-year consistency, but did not otherwise audit the data. We are not responsible for the accuracy or completeness of the information provided by the Fund.

The report has been prepared at the request of the Fund's Board of Trustees in accordance with Section 356.215 of the Minnesota Statutes as well as the Standards for Actuarial Work established by the State of Minnesota Legislative Commission on Pensions and Retirement. To the best of our knowledge, this report is complete and accurate, and has been prepared in accordance with generally accepted actuarial principles and practice. This report is intended for use by the Fund and those determined or approved by the Fund's Board of Trustees. This report may be provided to parties other than the Fund only in its entirety and only with the permission of the Board.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. Due to the limited scope of our assignment, we did not perform an analysis of the potential range of such future measurements.

Ms. Jill E. Schurtz December 23, 2014 Page 2

Actuarial assumptions, including discount rates, mortality tables and others identified in this report, are prescribed by Minnesota Statutes Section 356.215, the Legislative Commission on Pensions and Retirement (LCPR), and the Board of Trustees. These parties are responsible for selecting the plan's funding policy, actuarial valuation methods, asset valuation methods, and assumptions. The policies, methods and assumptions used in this valuation are those that have been so prescribed and are described in the Actuarial Basis of this report. The Fund is solely responsible for communicating to GRS any changes required thereto.

This report should not be relied on for any purpose other than the purpose described herein. Determinations of the financial results associated with the benefits described in this report in a manner other than the intended purpose may produce significantly different results.

Bonita J. Wurst and James D. Anderson are Members of the American Academy of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. The signing actuaries are independent of the plan sponsor.

We will be pleased to review this report with you at your convenience.

Respectfully submitted,

Bonita J. Wurst, ASA, EA, MAAA

James D. anclesson

I. ACTUARIAL COST METHOD

An Actuarial Cost Method is a set of techniques used by the actuary to develop contribution levels under a retirement plan. The Actuarial Cost Method used in this valuation for all purposes is the Entry Age Actuarial Cost Method. Under this Method, a Normal Cost is developed by amortizing the actuarial value of benefits expected to be received by each active participant (as a level percentage of pay) over the total working lifetime of that participant, from hire to termination. Years of Service for valuation purposes was provided by the Retirement Fund. Age as of the valuation date was calculated based on the dates of birth provided by the Retirement Fund. Entry Age for valuation purposes was calculated as the age on the valuation date minus the years of service on the valuation date.

To the extent that current assets and future Normal Costs do not support participants' expected future benefits, an Unfunded Actuarial Accrued liability ("UAAL") develops. The UAAL is amortized over the closed statutory amortization period ending June 30, 2042 using level percent of payroll assuming payroll increases of 4.00% per annum. (In prior valuations, a 25 - year open amortization period was used.) The total contribution developed under this method is the sum of the Normal Cost and the payment toward the UAAL.

II. CURRENT ACTUARIAL ASSUMPTIONS

The assumptions were last updated for the July 1, 2013 valuation as a result of an experience study during the five-year period of July 1, 2006 to June 30, 2011, as well as a legislated change to the investment return assumption in 2012.

A. Demographic Assumptions

Mortality:

- 1. Healthy Mortality*:
 - a. Male: RP-2000 Combined Mortality Table for males projected with Scale AA to 2020 set back 1 year
 - b. Female: RP-2000 Combined Mortality Table for females projected with Scale AA to 2020 set back 3 years

2. Disabled Mortality:

- i. Male: RP-2000 Disabled Life Mortality Table for males
- ii. Female: RP-2000 Disabled Life Mortality Table for females

^{*} Mortality rates were adjusted to include margin for future mortality improvement as described in the table name above.

B. Economic Assumptions

Investment Return Rate: Select and Ultimate Rates:

8.00% for the period July 1, 2014 to June 30, 2017

8.50% thereafter

8.40% Equivalent Discount Rate – Present Value of Benefits Determination

Cost of Living Increases: 1.00% per annum through 2028; 2.00% through 2037; 3.00% thereafter.

Wage Inflation: 4.00% per annum

Future Salary Increases: In addition to the age-based rates shown below, during the first 15 years of

employment, a service-based component of 0.20% x (15-T), where T is

completed years of service, is included in the salary increase used.

Annual Salary Increases

| Age | Ultimate Rate of Annual Salary Increases | Age | Ultimate Rate of Annual Salary Increases |
|-----|--|-----------|--|
| | | | |
| <22 | 5.90% | 45 | 4.75% |

| 41 | 4.95 | | |
| 42 | 4.90 | | |
| 43 | 4.85 | | |
| 44 | 4.80 | | |
| | | | |

Asset Value: The actuarial value of assets is smoothed by using a five-year

average market value.

C. Other Assumptions

Marital Status: It is assumed that 75% of male members and 60% of female

members have an eligible spouse. The male spouse is assumed to be two years older than the female spouse. Married members are

assumed to have two dependent children.

Deferred Benefit Basic Plan members who terminate vested are assumed to commencement: Commence benefits at age 61. Coordinated Plan members are

assumed to commence benefits at age 62. If the member is already past the assumed deferral age, the member is assumed to

commence benefits one year from the valuation date.

Administrative Expenses: Prior year administrative expenses (excluding investment

expenses) are expressed as a percentage of payroll and then

applied to current projected payroll.

Allowance for Combined Service Annuity:

7.00% load on liabilities for active members hired before July 1,

1989;

2.00% load on liabilities for active members hired after June 30,

1989; and

30.00% load on liabilities for former members.

Missing Salary and Salary Minimums:

Active members with reported salaries of \$100 or less were assumed to have the average non-zero active salary. Active members with salaries less than those reported at the prior valuation date are valued using their prior salary amount. Active members who have been hired within one year of the valuation date have had their pay annualized by dividing by months of service credited, not to exceed the average non-zero active salary. For members on leave of absence at valuation date who were not on leave at the prior valuation date, the prior year's valuation pay was used. Deferred vested members without salary information were valued using accumulated contributions.

Supplemental Contributions:

1996 legislation provides for a variable amortization aid contribution paid annually on July 15. We assumed the annual amortization aid contribution will equal \$838,000, which was the actual contribution for the most recent fiscal year. Additionally, according to 1997 legislation, annual additional supplemental contributions currently equal to \$2,827,000 are scheduled to be paid on October 1. The contributions described herein will continue until the plan is 100% funded or until June 30, 2037, whichever occurs earlier. According to 2014 legislation, the State of Minnesota will make annual supplemental contributions of \$7,000,000 on October 1 until the plan is 100% funded or June 30, 2042, whichever occurs earlier.

Decrement Timing:

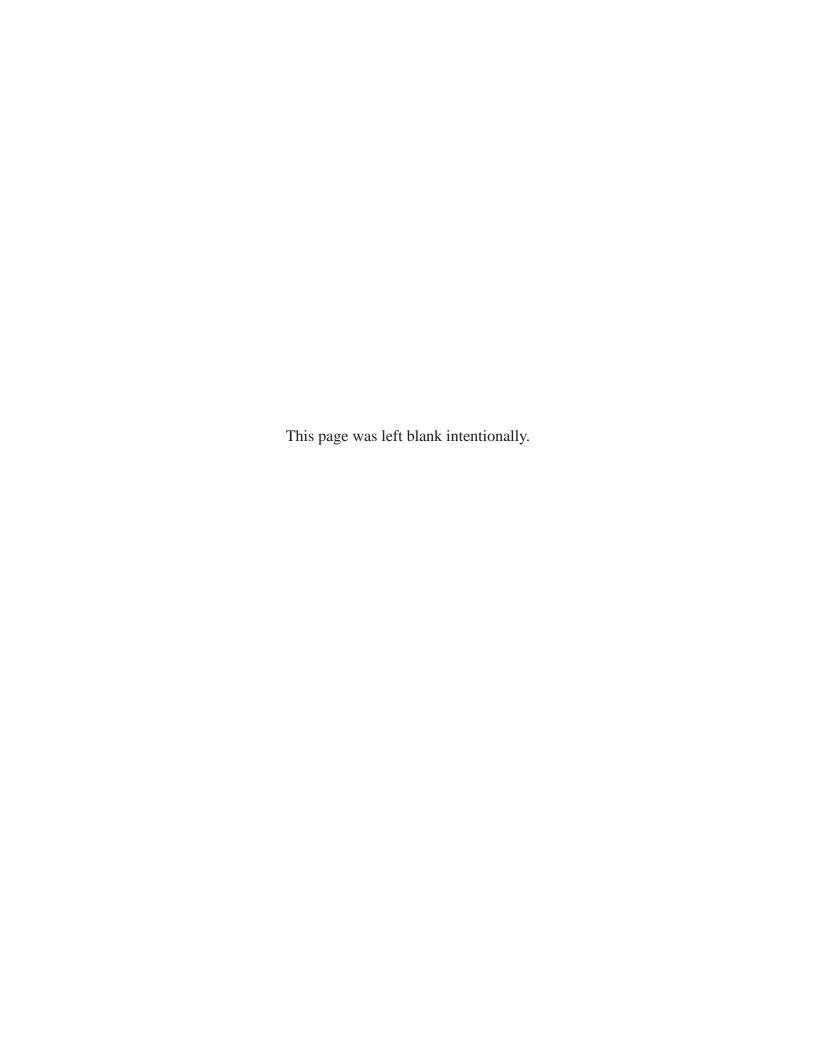

Retirement and Termination: end of valuation year – consistent with retirements and terminations occurring at the end of the school year.

Death and Disability: middle of valuation year.

Valuation of Future Post-Retirement Benefit Increases: If the plan has reached the funding ratio threshold required to pay a different benefit increase, Minnesota Statutes require the benefit increase rate to be reflected in the liability calculations. If the plan has not yet reached the funding ratio threshold required to pay a benefit increase, Minnesota Statutes require a projection to be performed to determine the expected attainment of the funding ratio thresholds, and the expected payment of benefit increases must be reflected in the liability calculations.

Projected Annual Payroll Calculation:

The census data as of July 1, 2014 reflects retirements and terminations occurring during the months of May and June; however, it does not necessarily reflect the replacements hired to fill their positions who may have hire dates in August and September. We assumed that May and June retirements are replaced by members coming in at the B.A. Step 1 salary level of \$43,021; and the Projected Annual Payroll for the fiscal year ending June 30, 2015 includes this replacement salary amount.

APPENDIX A – State Auditor's Report

STATE OF MINNESOTA

Office of the State Auditor

Rebecca Otto State Auditor

The SPTRFA received the highest possible audit opinion for its fiscal year ended June 30, 2014 financial statements. We invite you to read the full report on the website of the Minnesota Office of the State Auditor http://www.osa.state.mn.us
