Youth and the Law

A Guide for Legislators

This publication describes Minnesota laws and court cases that establish rights, responsibilities, and protections for youth. It deals with economic protection, education, families, health and social services, unlawful acts by and against youth, and juveniles in court.

Youth and the Law is a cooperative project by legislative analysts in the Research Department of the Minnesota House of Representatives. Topical questions should be addressed to the analyst who covers that particular subject.

Introduction

Youth and the Law describes Minnesota statutes and cases that establish rights, responsibilities, and protections for young people different from those applicable to adults. The purpose of the guidebook is to give legislators an overview of all laws affecting young people in order to have a reference aid on current state policies toward youth. The guidebook also should prove useful for evaluating any proposals for changing these policies.

This is basically a state guide. Federal statutes and cases are included only in a few areas where they dictate state policy or where state policy has been closely linked with federal law for some other reason. **Youth and the Law** does not attempt to cover federal statutes, cases, or programs in general.

Legal distinctions are generally made between adults, who are statutorily defined as persons age 18 and over, and minors, who are statutorily defined as persons under age 18. **Youth and the Law** uses the terms “minor” and “child” synonymously. Exceptions occur if the text clearly indicates that “child” means a minor of a particular age or means an individual of any age in relation to his or her parents.

Youth and the Law is divided into two parts: Part 1, **The Laws**, consists of substantive laws organized by subject categories. Part 2, **The Courts**, explains the courts and procedures that deal with youths. A glossary of terms used throughout both parts 1 and 2 is provided at the beginning of the guidebook. There is also an index at the end of the publication.

Unless otherwise noted, all citations are to Minnesota Statutes as amended through August 1, 2014, or Minnesota Rules, as of August 1, 2014.

Glossary

Age of Majority	Eighteen years of age. (Minn. Stat. § 645.451 , subd. 5)
CHIPS	An acronym for a category of juvenile court jurisdiction. “CHIPS” means Child in Need of Protection or Services.
Civil Action	A lawsuit to establish or enforce certain rights. It can be based on a statutory right or a legal rule developed in court cases. It can involve seeking payment of money (damages) or a court order compelling someone to act (specific performance) or refrain from an action (injunction). The lawsuit itself involves no possible criminal punishment (imprisonment, criminal fine, developing a record of a criminal conviction, etc.) although criminal penalties can result if a person involved with the lawsuit does not follow the court’s ruling and orders. Civil action examples: personal injury, breach of contract, marriage dissolution.
Contract	An agreement between two or more persons that creates a legal obligation to do or not to do a particular thing, such as to perform a service or to buy or sell goods or real estate.
Crime	Conduct prohibited by statute and for which the actor may be sentenced to imprisonment, with or without a fine.
Delinquent	A minor ten years old or older who has committed an act that would be a crime if committed by an adult, except for certain misdemeanors classified as juvenile petty offenses.
Felony	A crime punishable by a sentence of more than one year imprisonment in a state prison. Fines for felony offenses are equal to or greater than \$3,000, depending on the offense.
Gross Misdemeanor	A crime punishable by a sentence of imprisonment for more than 90 days but not more than one year, and/or up to a \$3,000 fine.
Juvenile	A person who is younger than 18 years old.
Juvenile Petty Offender	A minor who has committed a juvenile alcohol offense, a juvenile controlled substance offense, a tobacco offense, or a violation of a local ordinance prohibiting conduct by a minor that would be lawful if committed by an adult, except for certain designated misdemeanors and other offenses.
Legal or Full Age	Eighteen years of age or older. (Minn. Stat. § 645.451 , subd. 6)
Misdemeanor	A crime punishable by a sentence of up to 90 days imprisonment and/or up to a \$1,000 fine.
Petty Misdemeanor	An offense that is not a crime, which carries no possibility of imprisonment, but for which a fine of up to \$300 may be imposed.
Status Offense	Conduct that is unlawful for children, but lawful for adults (e.g., smoking tobacco).
Statute of Limitations	A deadline set by statute for beginning a particular kind of lawsuit or criminal prosecution.
Tort	The area of law that involves the breach of one person’s legal duty to another that results in an injury or damage of some kind. It is sometimes defined as the law of legal wrongs committed by private individuals against each other, not based on contracts. Some torts are provided for in statute, while many others are the result of legal rules developed over time in case law. Examples include personal injury and defamation.

Part 1: The Laws

Minnesota law makes many distinctions between the rights and responsibilities of adults and young persons. Part 1 describes the major statutory and case law that differentiates between youths and adults. These provisions are divided into the areas of economic regulations, education, family relations, health and social services, motor vehicles, and criminal law. There is a miscellaneous section for other age provisions.

Usually, legal distinctions are drawn at the age of majority, which is statutorily defined as 18 years. Persons under age 18 are minors. They are deemed less able than adults to take responsibility for themselves or to carry out obligations to others. Similarly, they are considered more in need of protection both from their own inexperienced judgments and from the actions of others.

Minnesota law makes some distinctions between adults and youth at points other than 18 years. For example, a few rights are withheld and a few protections are extended until ages 19 or 21 in the belief that 18-year-olds are not ready to be entirely on their own in particular areas. On the other hand, not all minors are treated identically under the law. In some instances, younger children are considered in need of greater protection or unable to carry out the greater responsibilities of older children. As a result, certain statutes treat minors under such ages as 16, 14, or 10 differently from minors over those ages.

Economic Protection

Minors' economic rights and activities are heavily regulated by statute because it is believed that minors are much less able than adults to support themselves, to make decisions about managing property, or to bargain as equals in employment and other business situations.

Child Support

All Parents

If a parent consents to have a child reside with an individual or entity other than the parent, or if the child does so by court order, the parent can be required to pay support for the child. [Minn. Stat. § 256.87, subd. 5](#)

A parent who has been ordered by a court to pay child support and has the financial ability to pay support but continually fails to do so may have his or her parental rights terminated by the juvenile court. [Minn. Stat. § 260C.301, subd. 1\(b\)\(3\)](#)

Divorced Parents

The court may order either or both parents to pay child support. A parent may also be required to provide health insurance or pay medical or child care expenses for a child. Child means an individual who is (1) under age 18; (2) under age 20 and still attending secondary school; or (3) because of his or her physical or mental condition, unable to support himself or herself. [Minn. Stat. §§ 518A.26, subds. 5, 20; 518A.40; 518A.41](#)

Support Guidelines

Statutory guidelines and other specified factors affect the amount of parental support that courts will award to children of divorced parents, unless the parents reach an alternate agreement that is approved by the court. [Minn. Stat. §§ 518A.34; 518A.35; 518A.43](#)

Unmarried Parents

If an individual admits she or he is a child's parent or if parentage is established in a court action, the individual is legally obligated to support the child and will be ordered to pay the amount indicated in the statutory guidelines. [Minn. Stat. §§ 257.51 to 257.75; 518A.44](#)

Enforcement

If a court orders a parent to pay child support, including health insurance or medical or child care costs, legal mechanisms can be used to enforce the order in Minnesota or against a parent who moves to another state. [Minn. Stat. §§ 256.87; 257.67; 548.091; ch. 518; ch. 518A; ch. 518C](#)

Stepparents

When a divorced parent seeks a change in court-ordered child support, the income of both parents' new spouses, if any, will not be considered in raising or lowering the support amount. [Minn. Stat. §§ 518A.29\(f\); 518A.39, subd. 2\(d\)\(1\)](#)

For further information, see [Minnesota's Child Support Laws](#), House Research Department, August 2014.

Property Rights

Control of a Minor's Earnings or Property

A parent or guardian may claim a minor's wages by notifying the minor's employer. Otherwise, the minor has control of his or her own wages. [Minn. Stat. § 181.01](#)

A minor may control his or her own savings account. [Minn. Stat. § 48.30](#)

Minor's Contracts

A minor may make a contract but may choose not to complete it or disaffirm it within a reasonable time after reaching the age of majority, unless it involves the purchase of necessities, like food or shelter. *Miller v. Smith*, 2 N.W. 942 (Minn. 1879); *Kelly, Jr. v. Furlong* 261 N.W. 460 (1935). In most cases, any benefits or value received through a contract must be restored to the other party before the minor is released from the obligations of the contract.

Wills

A minor may not make a will. [Minn. Stat. § 524.2-501](#)

Inheritance from Parents

If there is no will, an adopted individual has a legal right to a share of the adopted parents' estate but not to the birth parents' estate. Special provisions exist to determine inheritance where a child is adopted by certain relatives of a genetic parent or conceived by means of assisted reproduction. [Minn. Stat. §§ 524.2-118; 524.2-119; 524.2-120](#)

If a person does not make a will, his or her children share the estate with the surviving spouse, if that spouse was married to the children's other parent. If no spouse survives, the children share the estate among themselves. [Minn. Stat. §§ 524.2-102; 524.2-103](#)

If parents were not married to each other and did not leave wills, the children inherit from either parent. Parentage may be established under the Parentage Act. [Minn. Stat. §§ 524.2-101; 524.2-116; 524.2-117](#)

A parent who makes a will may intentionally disinherit a child. If it seems a child was omitted from a will by error or because of being born after the parent's death, the child may still be entitled to an inheritance as provided in this statute. [Minn. Stat. §§ 524.2-108; 524.2-302](#)

Uniform Transfers to Minors Act

Any kind of property (money, real estate, stocks, etc.) may be transferred to a custodian for a minor's benefit. This kind of custodianship lasts until the beneficiary turns 21 (or 18, in some cases). [Minn. Stat. §§ 527.21 to 527.44](#)

Employment

Age Discrimination in Employment

The prohibition against unfair employment practices based on a person's age applies to persons over the age of majority. The law permits different treatment in privileges, benefits, services, or facilities for employees under age 21. [Minn. Stat. §§ 363A.03, subd. 2; 363A.20, subd. 9](#)

Child Labor Standards

The Minnesota Child Labor Standards Act restricts the age, days and hours, and occupations of working minors. [Minn. Stat. §§ 181A.01 to 181A.12](#) The Commissioner of Labor and Industry may grant exemptions from these restrictions if the commissioner finds that the exemption is in the minor's best interests. [Minn. Stat. § 181A.07, subd. 5](#) Employment of minors also is governed by federal law which may differ from the Minnesota law described here.

Age Restrictions. No minor under the age of 14 may be employed, except: (1) a minor may be an actor, performer, or model; (2) those 11 and older may be newspaper carriers; (3) those between the ages of 11 and 14 may be employed as a youth athletic program referee, umpire, or official for an age bracket younger than the minor's own age; and (4) those 12 and older may work in agricultural operations. [Minn. Stat. §§ 181A.04, subd. 1; 181A.07, subds. 1, 2, 3, and 4a](#)

Day and Hour Restrictions. On school days during school hours, no minor under 16 years may be employed except with a valid employment certificate. [Minn. Stat. §§ 181A.04, subd. 2; 181A.05](#)

No minor under 16 may work any day before 7:00 a.m. or after 9:00 p.m. except as a newspaper carrier. [Minn. Stat. §§ 181A.04, subd. 3; 181A.07, subd. 3](#)

No one may employ a minor under 16 more than 40 hours per week or more than eight hours in any 24-hour period, except for minors working in agricultural operations with their parents' or guardian's permission. [Minn. Stat. §§ 181A.04, subd. 4; 181A.07, subd. 1](#)

No one may employ a high school student under age 18 after 11:00 p.m. on a school night or before 5:00 a.m. on a school day. With written permission of a parent or guardian, a student may work one-half hour later or begin one half-hour earlier. [Minn. Stat. § 181A.04, subd. 6](#)

Occupation Restrictions. All minors may be excluded from employment in any occupation that the Commissioner of Labor and Industry finds by rule hazardous to their well-being. [Minn. Stat. § 181A.04, subd. 5](#) The commissioner also has the power to exempt an individual minor from this restriction. [Minn. Stat. § 181A.07, subd. 5](#)

Minors under age 18 are prohibited from employment in any rooms in which intoxicating liquor or 3.2 percent malt liquor is served or consumed or in any tasks that involve serving, dispensing, or handling of those liquors that are consumed on the premises except under the following conditions:

- a minor at least 16 years of age can be employed to perform busing, dishwashing, or hosting services in areas of restaurants, hotels, motels, or resorts where the presence of intoxicating liquor is incidental to food service or preparation
- a minor at least 16 years of age can be employed to perform busing, dishwashing, or hosting services or to provide waiter or waitress service in rooms or areas where the presence of 3.2 percent malt liquor is incidental to food service or preparation
- a minor at least 16 years of age can be employed to provide musical entertainment in those rooms or areas where the presence of intoxicating liquor and 3.2 percent malt liquor is incidental to food service or preparation.

Minors are not prevented from working at tasks not prohibited by law in establishments where liquor is sold, served, dispensed, or handled in those rooms or areas where no liquor is consumed or served. [Minn. Stat. § 181A.115](#)

Child Labor Exemptions. Minors employed to do home chores, babysitting, or by their parents are exempt from the above child labor restrictions. [Minn. Stat. § 181A.07, subd. 4](#)

Federal law provides that minors under age 16, working in particularly hazardous agricultural work for their parents, are exempt only if they work on a farm owned or operated by the parent. [29 U.S.C. § 213\(c\)\(2\)](#); [Minn. Stat. § 181A.11](#)

Minimum Wage

Minnesota employers are subject to the following minimum wage rate requirements for teens and young adults. [Minn. Stat. § 177.24, subd. 1, paras. \(c\) and \(d\)](#)

Effective Date	Training Wage and Youth Wage	Summer Work-Travel Exchange Visitor
August 1, 2014	\$6.50	\$7.25
August 1, 2015	\$7.25	\$7.50
August 1, 2016	\$7.75	\$7.75
January 1, 2018	Inflation adjusted	Inflation adjusted

The training wage is a special wage rate that may be paid during the first 90 consecutive days of employment of a person under the age of 20. The training wage applies regardless of the size of the employer. The training wage has existed in Minnesota's minimum wage law for many years. The new training wage rate is at the same level as the youth wage rate.

A new youth wage may be paid to employees under the age of 18. The youth wage applies regardless of the size of the employer. The youth wage is at the same level as the training wage.

A new, special minimum wage must be paid by hotels, motels, lodging establishments, or resorts to employees working under a contract that includes employer-provided food and lodging if the employee is working under a summer work-travel exchange visitor program (J) nonimmigrant visa.

The minimum wage does not apply to persons under the age of 18 who are (1) doing certain agricultural work; or (2) employed part-time by a municipality as part of a recreational program. The minimum wage also does not apply to any person engaged in babysitting as a sole practitioner. [Minn. Stat. § 177.23, subd. 7 \(3\), \(4\), \(12\), \(14\)](#) See [State Minimum Wage](#), House Research Department, July 2014.

Unemployment Insurance Benefits

Like adults, a minor may be covered by unemployment insurance if the minor satisfies the statutory requirements regarding eligibility. [Minn. Stat. § 268.035, subd. 12](#) However, minors in the following employment areas are not eligible for unemployment compensation: (1) agricultural labor performed by a child under 16 for an employer not covered by federal unemployment tax law; (2) service performed by a child under 18 in the employ of a parent; (3) work performed by a student for an academic or vocational program; (4) work performed at a school or university by a student enrolled there; (5) work performed for academic credit; and (6) newspaper delivery by anyone under 18. [Minn. Stat. § 268.035, subds.](#)

11 (6), 20 (18), (20), (21), (22), (31)

Workers’ Compensation

The workers’ compensation system compensates injured minors as well as adult employees. [Minn. Stat. § 176.091](#) A minor with a workers’ compensation-covered injury with permanent total disability receives the maximum temporary total disability benefit available, regardless of wage. [Minn. Stat. § 176.101](#), subds. 1(b)(1), 4, 6(b)

A guardian or conservator is appointed to represent the interests of a minor who has a covered workers’ compensation injury or who is eligible for survivor benefits. [Minn. Stat. § 176.092](#)

Income Tax Treatment of Dependents with Earned Income

Minors who earn income may be subject to income tax on their earnings. If they are not claimed as a “dependent” on someone else’s return, they will be subject to tax on the same basis as an ordinary taxpayer. If they are claimed as a dependent (typically by a parent who partially pays for their support), special rules apply. These rules also apply to adults who are claimed as dependents on another’s tax return, but they apply most often to teenagers and young adults (usually students) who rely on their parents or others for financial support.

The federal individual income tax law does not allow individuals who are claimed as dependents on another’s return to claim the personal exemption. In the case of a parent and child, the parent claims the dependent exemption for the child, and the child is not allowed to claim the personal exemption. The effect is that only one exemption, either the personal exemption or the dependent exemption, is claimed for any individual. In addition, the standard deduction for individuals who are claimed as dependents on another’s return is limited to the lesser of:

- \$1,000 or
- the individual’s earned income for the year plus \$350, but not more than the regular standard deduction amount (\$6,200 in tax year 2014)

Minnesota’s individual income tax of dependents with earned income follows the federal treatment, so that individuals claimed as dependents may not claim a personal exemption and may only claim a limited standard deduction. The bottom line is if a dependent youth earns more \$6,200, he or she may be subject to federal and state income tax on his or her earnings.

Educational Rights and Responsibilities

The state of Minnesota is required by its constitution to provide a free public education to all children in the state. This section provides an overview of some of the rights and responsibilities of students attending elementary and secondary schools.

Stat. § 120A.22, subd. 5](#) A school board's annual school calendar must include at least 165 days of instruction for students in grades 1 to 11 unless the commissioner approves a four-day week schedule. No Child Left Behind Act Waiver; Student Transfers; Supplemental Tutoring

Minnesota's 2012 NCLB waiver means districts need not offer students who attend low-performing Title I schools the opportunity to transfer, with free transportation, to another higher performing district school or provide free supplemental tutoring. Students who attend persistently dangerous schools must be given the opportunity to transfer. **No Child Left Behind Act of 2001, Pub. L. No. 107-110, title I, part A, sub. 1, § 1116**

State Graduation, Statewide Testing, and K-12 Curriculum Requirements

K-12 Academic Standards

Public school students entering the 9th grade must complete four language arts credits, three math credits including an algebra I credit beginning in the 2010-2011 school year, three science credits including at least one biology credit, three and one-half social studies credits, one arts credit, at least seven elective course credits, and physical education beginning in the 2012-2013 school year in order to graduate. [Minn. Stat. § 120B.024](#) (b) and (c) Students scheduled to graduate in the 2014-2015 school year or later must complete an algebra II credit or its equivalent and a chemistry or physics credit or a career and technical education credit approved by the district that combines underlying chemistry, physics, or biology standards. [Minn. Stat. § 120B.023, subd. 2](#) Districts decide whether students meet course credit requirements by successfully completing an academic year of study or by demonstrating mastery of the applicable subject matters. [Minn. Stat. § 120B.024](#) See *Minnesota's High School Graduation Requirements*, House Research Department, July 2010.

Students must complete an algebra I credit by the end of 8th grade sufficient to satisfy all 8th grade math standards. [Minn. Stat. § 120B.024, subd. 1, clause \(3\)](#)

Statewide Testing Requirements

Federal and state law requires that public school students in grades 3 through 8 and in high school take annual statewide Minnesota Comprehensive Assessments (MCAs) in reading and math. Students also must take statewide science assessments in grade 5 and 8, and once in high school when they complete their life sciences curriculum. [No Child Left Behind Act of 2001, Pub. L. No. 107-110, Title I; Minn. Stat. § 120B.30](#)

Alternative Assessments to GRAD Tests

Students in grade 8 in any school year through the 2011-2012 school year who met state and district credit requirements but did not pass the Minnesota Comprehensive Assessments (MCA), Graduation-Required Assessments for Diploma (GRAD), or basic skills tests can take an alternate assessment and still graduate from high school. These students no longer need to pass the grade 9 writing GRAD test, the grade 10 reading MCA or GRAD test, or the grade 11 math MCA or GRAD test. The alternate assessments include the following:

- the WorkKeys jobs skills assessment
- the Compass college placement test
- the ACT assessment for college admission
- a nationally recognized armed services vocational aptitude test
- an alternative, equivalent assessment

Students who choose to retake an MCA/GRAD test must pass it (a student who did not pass and was not required to pass the math GRAD test under a 2009 waiver need not retake the test).

No Required Score or Level of Proficiency

Students are not required to achieve a specified score or level of proficiency on any of the alternate assessments in order to graduate from high school or on any of the new assessments that apply to students in grade 8 beginning in the 2012-2013 school year and later. [Minn. Stat. §§ 120B.128; 120B.30, subd. 1](#)

Career and College Readiness Assessments

Students in grade 8 beginning in the 2012-2013 school year are subject to new assessments, premised on expectations for careers and college readiness. These expectations are based on a continuum of empirically derived, clearly defined career and college-ready benchmarks. These benchmarks let students, parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. [Minn. Stat. § 120B.30, subd. 1](#)

The requirements for the new suite of assessments include:

- **Career exploration and planning:** Beginning no later than grade 9, students undergo a career exploration assessment based on a student's interests, aptitudes, and aspirations. The transition plan helps students and their families explore career options and postsecondary education leading to an industry-recognized credential, an associate's degree, or a bachelor's degree.
- **Math, reading, and writing tests:** Students in grades 8 and 10 take math, reading, and writing Explore and Plan tests in the fall that are predicative of a nationally normed assessment for career and college readiness. The tests will be used to monitor students' continuous development of and growth in acquiring requisite knowledge and skills and to analyze students' academic progress and performance levels.
- **College placement exam:** Students in grades 10 and 11 take the Compass, a college-placement diagnostic exam, if

they have shown that they are not yet ready for a career or college, based on their growth in academic achievement between grades 8 and 10. Results of the exam will be used to diagnose areas where students need curriculum or instructional adjustments, targeted interventions, or remediation; identify the instructional tools and best practices needed to support students; and improve students' knowledge and skills so they can graduate and have a reasonable chance to succeed in a career or college without remediation. Students may participate in targeted instruction, intervention, or remediation through grade 12.

- **College entrance exam:** All students in grade 11 must take the ACT Plus Writing college entrance exam. Students in grades 11 and 12 who demonstrate attainment of required state academic standards and career and college readiness benchmarks are encouraged to participate in courses for college credit, including sequential courses of study within career areas.

See *Minnesota's New High School Assessments*, House Research Department, May 2014.

**Alternative
Assessment for
Eligible Students**

Students with an individualized education program may satisfy state assessment requirements by achieving an individual score on state-identified alternative assessments. Accommodations and alternative assessments must be available for eligible English learners. [Minn. Stat. § 120B.30, subd. 1a, para. \(g\)](#)

**Adult Basic Education
Students**

Adult basic education students must be given diagnostic information about the targeted interventions they need to seek postsecondary education or employment without need for postsecondary remediation. [Minn. Stat. § 120B.30, subd. 1, para. \(d\)](#)

**Required Areas of
Instruction**

School districts must provide students with instruction in basic communication skills including reading, writing, literature, and fine arts; math and science; social studies, including history, geography, and government; and health and physical education. [Minn. Stat. § 120A.22, subd. 9](#)

Physical Education

Students must satisfactorily complete statewide physical education standards. [Laws 2010, ch. 396](#)

CPR Instruction	Students must receive onetime CPR instruction as part of the grade 7 to 12 curriculum. Minn. Stat. § 120B.236
Early Graduation	A high school student who completes all required courses and meets all required standards may graduate early if the student, the student's parent, and school officials approve. Minn. Stat. § 120B.07
Review of Instructional Materials	School districts must adopt a procedure for parents and adult students to review instructional materials given to students. School personnel must make reasonable arrangements for alternative instruction if a parent or adult student objects to the content of the materials. Parents and adult students may provide alternative instruction if the school board fails to satisfy their concerns, but may not receive payment for their costs. School personnel may evaluate the quality of a student's work, but must not penalize the student merely because the student arranges alternative instruction. Minn. Stat. § 120B.20
Bilingual and Multilingual Certificates and Seals	The state may award bilingual and multilingual certificates and seals to K-12 students who demonstrate and maintain a requisite level of proficiency in foreign languages. Students who are eligible to receive a state seal may also receive elective world language credits, community services credits, and college foreign language credits. Minn. Stat. § 120B.022 , subd. 1, paras. (b) and (c); Laws 2014, ch. 272 , art. 1, § 42 See <i>World Language Proficiency for High School Students</i> , House Research Department, June 2014.

Discipline; Bus Privileges; Tobacco Use; Medications

Corporal Punishment; Reasonable Force	<p>A teacher, principal, school employee, school bus driver, or district agent may use reasonable force to discipline a student. Minn. Stat. § 121A.582</p> <p>A school official may not use corporal punishment to discipline a child. Minn. Stat. § 121A.58 A school official who uses reasonable force within the exercise of lawful authority to discipline a child has a defense against a criminal prosecution and civil liability for the disciplinary act. Minn. Stat. §§ 121A.582; 609.06, subd. 1, cl. (6); 123B.25, para. (c)</p>

Grounds for dismissal are the willful violation of reasonable, clearly defined school board regulations, significant disruption of the education process, or endangering persons or property. [Minn. Stat. § 121A.45, subd. 2](#) A public school student is entitled to due process and equal protection guarantees when facing dismissal proceedings. Possible outcomes of a dismissal proceeding include exclusion, expulsion, or suspension. [Minn. Stat. § 121A.42](#) A school must attempt to provide a student subject to dismissal with an alternative education program, except where the student creates an immediate and substantial danger to himself or herself or to surrounding persons or property. [Minn. Stat. § 121A.45, subd. 1](#)

A school's discipline policy must address students' inappropriate behavior and recognize the school's continuing responsibility to educate a student it dismisses. [Minn. Stat. § 121A.55](#)

Suspension

Before being suspended for one to five days, a student generally is entitled to notice and a meeting with an administrator who will inform the student of the grounds for suspension. [Minn. Stat. §§ 121A.41, subd. 10; 121A.46](#) Generally, a student can be suspended from school for a period of no more than ten school days, and a suspension action may include a readmission plan. If the student poses a serious danger, he or she can be suspended for up to 15 school days, provided the school implements an alternative education program for any suspension over five days. [Minn. Stat. §§ 121A.41, subd. 10; 121A.46, subd. 4](#)

The U.S. Supreme Court declared that suspending a student from a public school requires procedural due process, including written notice of the charges, an explanation of the evidence the authorities have, and an opportunity for the student to present his or her side of the story. These requirements do not include the right to counsel, a right to confront and cross-examine witnesses, or a right to call the student's own witnesses. *Goss v. Lopez*, 419 U.S. 565, 95 S. Ct. 729 (1975).

Expulsion and Exclusion

If a student is subject to expulsion (prohibiting an enrolled student from attending school for up to 12 months from the date of expulsion) or exclusion (preventing a student from enrolling in school during that school year), he or she is entitled to notice from the administration and to information about attendance rights, including the right to a formal hearing and appeal. [Minn. Stat. §§ 121A.41, subds. 4, 5; 121A.47; 121A.49; 121A.50](#) The school must notify the student of his or her right of reinstatement within ten days of the end of the dismissal period. [Minn. Stat. § 121A.54](#)

Stat. § 121A.44](#) A school official must refer to the criminal justice or juvenile delinquency system any pupil who unlawfully brings a firearm to school. [Minn. Stat. §§ 121A.05; 609.66, subd. 1d](#)

Admission or Readmission

A school board must prepare and enforce an admission or readmission plan for any pupil who is excluded or expelled from school and may prepare such a plan for a student who is suspended. The readmission plan must not obligate a parent to provide Ritalin or other similar medication to a child as a condition of readmission unless a health or safety emergency applies. [Minn. Stat. §§ 125A.091, subd. 5; 260A.01, para. \(b\)](#)

Removal from Class or School

If a student willfully engages in disruptive, dangerous, or unsanctioned conduct, a school official may prohibit that student from attending a class or activity for up to five class periods. This is not considered a dismissal under the Pupil Fair Dismissal Act. [Minn. Stat. §§ 121A.41, subd. 2; 121A.60; 121A.61](#) School officials must meet with the parent of a student who has been removed from school more than ten times in one school year to determine the student's need for assessment or other services or whether the student should be assessed for a mental health disorder. Student Disciplinary Records

A school must include disciplinary information when transmitting the education records of a student transferring to another school and must notify the student and the student's parent that it is transmitting the disciplinary records. [Minn. Stat. § 120A.22, subd. 7\(c\); 34 C.F.R § 99.34](#)

Nonprescription Pain Relievers	A secondary student may possess and use nonprescription pain relievers in school with a parent’s written permission. Minn. Stat. § 121A.222

Disabled Children

Individuals with Disabilities Education Act (IDEA); Section 504 of the Rehabilitation Act of 1973	<p>A child may be eligible for special education services under the federal IDEA, which relies upon procedural safeguards to ensure appropriate educational services, or under Section 504, a federal law that bars discrimination on the basis of disability in federally funded programs. IDEA provides federal funding to states and school districts for expenses incurred in providing special education and related services to those disabled children covered by the act. To be eligible for this funding, states must provide a “free appropriate public education” (FAPE) for all children with certain disabilities. Section 504 of the Rehabilitation Act is a broader, less prescriptive civil rights statute that covers some disabled children not served under IDEA who have a physical or mental impairment that substantially limits one or more major life activities. All districts must identify, locate, and evaluate all children with disabilities. This “child find” mandate applies to public and private school children, highly mobile children, migrant children, homeless children, and children who are wards of the state. 20 U.S.C. 1421 a(3) The U.S. Supreme Court let stand a federal appeals court decision holding that federal law requires school districts to provide educational services to all children regardless of the severity of their handicap. <i>Timothy W. v. Rochester, New Hampshire Sch. Dist.</i>, 875 F.2d 954 (1st Cir. 1989), cert. denied, 493 U.S. 983, 110 S. Ct. 519 (1989).</p>

**Availability of Services
and Procedural
Requirements under
State Law**

Each school district must provide appropriate nondiscriminatory instruction and services for disabled children from birth until the disabled child is 21 or completes secondary school, whichever comes first. [Minn. Stat. §§ 125A.02; 125A.03](#) Students with disabilities who complete secondary school or its equivalent must be granted a high school diploma. [Minn. Stat. § 125A.04](#)

State law guarantees procedural safeguards and parental participation in the assessment and educational placement of disabled children. To receive such services, a child must be found (1) eligible for special education services according to statewide eligibility criteria, and (2) in need of such services. A lack of instruction in reading or math or limited English proficiency is not a disability. [34 C.F.R. § 300.8\(c\)\(10\)\(ii\)](#) If school district personnel find that a child meets the eligibility criteria and is in need of special education services, a team that includes the child's parents and appropriately trained school personnel will, after a comprehensive evaluation, develop an Individualized Education Program (IEP) that contains, among other things, annual educational goals for the child. Each district, at the beginning of each school year, must have in effect an IEP for each child with a disability. The child's IEP team may authorize certain Medical Assistance services for the child. [Minn. Stat. §§ 125A.03; 125A.08; 125A.091; 256B.0625, subd. 26; 34 C.F.R. § 300.704\(c\)\(8\)](#)

Level of Service

IDEA requires only that children benefit from an education, not that they receive the best possible instruction or achieve outstanding results. *E.S. v. Indep. Sch. Dist. No. 196*, 135 F.3d 566 (8th Cir. 1998).

Related Services

A district must provide children with related services, which encompass supportive services that "may be required to assist a child with a disability to benefit from special education." Services provided by a physician (other than for diagnostic and evaluation purposes) are subject to the medical services exclusion, but services that can be provided by a nurse or qualified layperson are not. *Cedar Rapids Cmty. Sch. Dist. v. Garret F.*, 526 U.S. 66, 119 S. Ct. 992 (1999); *Irving Indep. Sch. Dist. v. Tatro*, 468 U.S. 883, 104 S. Ct. 3371 (1984). Early Childhood Choice	A parent of a child with a disability not yet enrolled in kindergarten and not open-enrolled in another district may ask the resident district to enter into a tuition agreement to allow the child to attend an early childhood program chosen by the child's family if certain conditions are met. Children Not Yet Eligible for Special Education	In certain circumstances, children who are in the regular education program and have not been determined to need special education may still be covered by IDEA procedural protections relating to suspensions and expulsions. 34 C.F.R. § 300.534
Alternative Dispute Resolution	Parents are encouraged to use alternative dispute resolution processes to resolve disputes related to educating a disabled child. Minn. Stat. § 125A.091, subd. 6

Accommodations may include variations in the setting, timing, response, and scheduling that take into account a child's disabilities. 34 C.F.R. § 300.160
Supplementary Services for Extracurricular Activities	School districts must provide supplementary aids and services to disabled students for extracurricular and nonacademic activities, regardless of whether the activity is required for the student's education. <i>Indep. Sch. Dist. No. 12, Centennial v. Minnesota Department of Education</i> 788 N.W.2d 907 (Minn. 2010), cert. denied, 131 Ct. 1556 (2011). See also Section 504 of the federal Rehabilitation Act of 1973, 34 CFR § 104.37 (districts must offer qualified students with disabilities access to extracurricular athletic activities equal to that of students without disabilities).
Restrictive Procedures	Qualified and trained professionals may use restrictive procedures on a child with disabilities only in response to behavior that constitutes an emergency and only if the procedures are consistent with applicable statutory requirements governing the use of such procedures. ("Restrictive procedures" is the use of physical holding or seclusion in an emergency.) Minn. Stat. §§ 125A.0941; 125A.0942
Inclusion	Children with disabilities must be educated in the least restrictive environment (LRE) to the maximum extent appropriate. School districts bear the burden of showing that a disabled child should not participate in the regular education program. Criteria for determining whether the regular classroom is the LRE include the potential benefits to the child, potential disruption to the classroom,

**Suspension, Exclusion,
and Expulsion**

When a child with an IEP is suspended from school for misbehavior that is unrelated to the pupil's disabilities, the district must provide the child with special education and related services. A district must begin reviewing a child's IEP and the relationship between the child's disability and behavior and determine the appropriateness of the child's education plan before expelling or excluding the child. IDEA prohibits school districts from cutting off services to any child with a disability for disciplinary reasons. This requirement applies to children with disabilities excluded from school for more than ten days. The district must review the child's IEP after five consecutive school days of suspension or ten school days if the child is cumulatively suspended for ten or more days in the same school year. *Honig v. Doe*, 484 U.S. 305, 108 S. Ct. 592 (1988); [Minn. Stat. § 121A.43](#)

**Firearms or Illegal
Drugs in School;
Alternative
Placements**

A district may unilaterally place a disabled child in an alternative setting for up to 45 days if the child carries a weapon to school or a school function or uses, possesses, sells, or solicits illegal drugs at school or a school function. Also, a court may order a change of placement. [Minn. Stat. §§ 121A.43; 121A.44; 34 C.F.R. § 300.530\(g\)](#)

Participation in Athletics; Title IX

State Discrimination Law; Opportunity to Use Ice Arenas

All educational institutions must provide equal opportunity for both sexes to participate in athletic programs. Stat. § 121A.04](#) Any school district that operates and maintains an ice arena must offer equal sports opportunities for male and female students to use the ice arena. [Minn. Stat. § 126C.45](#)

Federal Discrimination Law

Title IX of the Education Amendments of 1972, which prohibits sex discrimination in federally assisted interscholastic athletic programs for male and female students, specifies what educational institutions must do in order not to face a cut-off of federal funds. Factors the government will consider in determining whether equal athletic opportunities are available for members of both sexes include whether: the kinds of sports and levels of competition accommodate the interests and abilities of both sexes; equipment and supplies are provided; game and practice time schedules are comparable; coaching and academic tutoring are available; and locker rooms and other facilities are provided. **Discrimination Based on Sex or Blindness**, [20 U.S.C. § 1681](#) Third-party school employees, including students' athletic coaches, who report gender discrimination on students' behalf, may have a private right of action under Title IX. *Jackson v. The Title IX prohibition against sex discrimination extends to discrimination based on a student's gender identity or sexual orientation. Office of Civil Rights, U.S. Department of Education, "*Dear Colleague*" letter, April 21, 2014.

Title IX specifically prohibits discrimination based on pregnancy. Office of Civil Rights, U.S. Department of Education, "*Dear Colleague*" letter, June 25, 2013.

Districts may provide nonvocational voluntary single-sex classes or extracurricular activities under Title IX if the education is substantially related to an "important governmental or educational objective." [34 C.F.R. § 106.34\(b\)](#)

Equal Protection Clause

Female athletes alleging sex discrimination in athletic programs have argued that the Equal Protection Clause of the 14th Amendment to the federal Constitution prohibits rules barring them from male athletic teams or treating female teams differently from male teams. While courts generally agree that the Equal Protection Clause requires permitting females to try out for male teams in

contact and noncontact sports, they are unwilling to find a right for females to participate on male teams when there is a separate female team available. See, *Brendan v. Indep. Sch. Dist.* 742, 477 F.2d 1292 (8th Cir. 1973); *Leffel v. Wisconsin Interscholastic Athletic Ass’n.*, 444 F.Supp. 1117 (E.D. Wis. 1978); *O’Connor v. Right to Participate

Students generally have no claim of entitlement to participate in extracurricular activities. *Brown v. Wells*, 181 N.W.2d 708 (Minn. 1970). Participation in extracurricular activities is not a constitutionally protected property interest and is not of equal importance with the right to an education. Without a protected property interest, there are generally no due process requirements in dismissing a student from a team; however, some courts have said that the minimal due process standards in *Goss v. Lopez* must be met. *Palmer v. Merluzzi*, 868 F.2d 90 (3d Cir. 1989). Athletic programs not offered for credit are not included in the statutory protections under the Pupil Fair Dismissal Act. [Minn. Minnesota State High School League (MSHSL) Activities

Any student in grade 7 to 12 who wishes to participate in a high school league-sponsored activity must be under 20 years old, attend school regularly, and be fully enrolled in the school according to Minnesota Department of Education criteria. Homeschools need not become MSHSL members to participate in MSHSL events. **MSHSL Bylaws**

Ban on Recruiting Student Athletes

A state-sponsored high school athletic league may prohibit school officials and coaches from contacting prospective student athletes to recruit them for their athletic programs. *Tennessee Secondary School Athletic Association v. Brentwood Academy*, [551 U.S. 291](#), 127 S. Ct. 2489 (2007).

Transfer Students

A transfer student is eligible for varsity competition if the student withdraws from the previous school in good standing and: (1) the student enrolls in 9th grade for the first time; (2) the student's parents move to a different district; (3) a court orders a change in a student's residence; (4) a student of divorced parents sharing joint custody moves once to reside with the other parent; or (5) a student's parents move to Minnesota for the first time. **MSHSL Bylaws** A student with an IEP or Section 504 plan who seeks to transfer between schools to overcome barriers to academic success may submit to the MSHSL executive director a written request for varsity eligibility at the receiving school. Public School Fee Law

Prohibited Fees

Public school education is free to all eligible students. School boards may not charge fees for necessary goods and services such as instructional materials and supplies, required library books, required school activities, lockers, graduation caps and gowns, and bus fees to students who live more than two miles from school. A school board may require payment of transportation costs for which state aid is not authorized if guidelines are established to guarantee that no one is denied an education based upon this cost alone. Authorized Fees

School districts may require students to pay for certain school-related costs specified in statute, such as fees for school uniforms, extracurricular activities, security deposits, personal athletic equipment, supplementary field trips, musical instruments, driver education, and personal stationery supplies. A board may charge fees for books a student loses or destroys. School districts must charge the same admission fees for extracurricular activities to public school students and students attending a homeschool with five or fewer students. School districts must hold a public hearing before imposing a fee that is not authorized or prohibited by statute. [Minn. Stat. §§ 123B.36; 123B.38](#)

A school district may not withhold the grades or diploma of a student who fails to pay student fees. [Minn. Stat. § 123B.37, subd. 2](#)

Access to Students' Education Records

Limit on Disclosure

Schools must obtain written permission from a parent or a student over 18 before disclosing information in education records unless a statutory exception applies. For example, an outbreak of H1N1 in a school may constitute a "health and safety emergency" that would allow school officials to disclose personally identifiable information about students on a case-by-case basis, consistent with the circumstances of the threat to students' health. Right to Inspect and Review

School districts annually must publish and distribute or post the procedures by which individuals may access a student's records. Parents and students have the right to inspect and review education records within ten working days. Schools are not required to provide copies of materials in education records unless parents or students cannot inspect the records personally. Schools may charge a fee for providing copies of education records and remote access to data. [34 C.F.R. § 99.10\(a\); Minn. Stat. §§ 13.03; 13.04; 13.32, subd. 1](#)

Right to Request That a School Correct Records

Parents and students have the right to request that a school correct education records they believe to be inaccurate or misleading. If a school refuses to change the records, parents and students have the right to a formal hearing. If the school still refuses to correct the records after the hearing, the parent or student may place written comments about the contested information in the records. [20 U.S.C. 1232g \(a\)\(2\)](#)

Access by Parents to Student Records

A minor student may request that a school deny the student's parents access to educational data about the student. If a school official reasonably concludes that disclosing the information to the parent or guardian could lead to physical or emotional harm to the minor, the official may withhold the data. [Minn. Stat. §§ 13.32, subd. 2; 13.02, subd. 8](#) Education data include the health services of a school nurse working in a public school setting. If the data concern certain medical, dental, mental, or other health services, the school official may release the data if failing to inform the parent would seriously jeopardize the minor's health. [Minn. Stat. §§ 144.341 to 144.347](#) Under state rule, school officials must not deny parents access to a student's education records unless the student is a full-time college student or is 18 years old. Student Transfers

School districts, charter schools, and nonpublic schools that receive public services or aid must transmit a transfer student's educational records within ten business days, upon request, to the school district, charter school, or nonpublic school enrolling the student. The district or school transmitting the records must include in the records information about formal disciplinary actions taken against the student and inform the student and the student's parents that the student's disciplinary records are being transferred. A principal must remove and destroy a probable cause notice included in a student's records if certain conditions are met. [Minn. Stat. § 120A.22, subd. 7](#)

Directory Information

Common examples of directory information include a student's name, address, and telephone number. Stat. § 13.32, subd. 5](#) See *Access to Student Records*, House Research Department, October 2014.

Student Surveys

Districts must notify parents and students over 18 that their prior written consent is required before a student participates in a survey that concerns one or more of eight protected areas if the survey is partially or wholly federally funded. Other surveys require an annual notice to parents. [20 U.S.C. § 1232h](#); [34 C.F.R. Part 99](#)

Juvenile Justice System

School districts may disclose private educational data to appropriate juvenile justice authorities if: (1) the data concern the ability of the juvenile justice system to effectively serve the student before adjudication and the authorities' written request for the data certifies that the data will not be disclosed without the parent's written consent except as authorized by law; or (2) the information about the behavior of the student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals. The district must keep the request and a record of the release in the student's file. [Minn. Stat. § 13.32, subd. 3\(i\), \(1\)](#)

Military Recruiters

Secondary schools must release to military recruiting officers the names, addresses, and home telephone numbers of 11th and 12th grade students within 60 days of receiving a request for the information unless parents or students refuse to consent to release the information. Law Enforcement and Court Records on Students

A law enforcement agency must notify the chemical preassessment team in a school within two weeks of a drug incident in which the agency has probable cause to believe that an enrolled student committed a controlled substance crime. [Minn. Stat. § 121A.28](#)

Court Disposition Order

Principals receive the court disposition order on any public or private elementary or secondary school student who is adjudicated delinquent for (1) an act committed on school property, or (2) an act that would be one of a list of specified felonies if committed by an adult.

The order must be kept in the student's record, may not be released outside the school district other than to another school district to which the student is transferring, and must be destroyed when the juvenile graduates or at the end of the school year after she or he turns 23, whichever is earlier. The school may obtain additional information from the probation officer with parental consent. [Minn. Stat. §§ 121A.75; 260B.171](#)

Law Enforcement Records

A law enforcement agency may notify the principal or chief administrative officer of a juvenile's school if there is probable cause to believe the juvenile has committed an offense, the victim is a student or staff member of the school, and notice is reasonably necessary to protect the victim. Notice is not given if it would jeopardize an investigation.

Data from this notice must be destroyed when the juvenile graduates or reaches the age of 23, whichever is earlier. In a county where the county attorney operates a diversion program, a law enforcement agency or county attorney may provide information on participants or juveniles being considered as participants, to school officials and to public or private social service agencies participating in the program. North Carolina*, 564 U.S. ___, 131 S. Ct. 2394 (2011).

Rights of Nonpublic School Students

Educational Materials and Student Support Services

School districts must provide all students not attending public schools, including those in homeschools, with textbooks, individualized instructional or cooperative learning materials, and standardized tests. All material must be secular in nature and cannot be used for religious instruction or worship. A district must provide the same health services to students of nonpublic schools as it provides to public school students. Public secondary schools must offer nonpublic secondary students guidance and counseling services. Allotments for nonpublic school costs must not exceed average expenditures for the same public school services. [Minn. Stat. §§ 123B.40 to 123B.48](#)

Public school teachers may provide Title I instructional services to eligible nonpublic school students on nonpublic school premises when the program contains adequate safeguards to prevent violating the First Amendment ban on establishing a state religion (Title I of the Elementary and Secondary Education Act provides federal financial assistance to state and local education agencies to help at-risk students meet state academic requirements). *Agostini v. Felton*, 521 U.S. 203, 117 S. Ct. 1997 (1997). Secular instruction that is part of a publicly funded program must supplement a religious school's regular education services.

A school district may provide an interpreter to a deaf student attending a parochial school without violating First Amendment limits on government support for religion. *Zobrest v. Catalina Foothills Sch. Dist.*, 509 U.S. 1, 113 S. Ct. 2462 (1993). The U.S. Supreme Court did not say whether the Individuals with Disabilities Education Act (IDEA) requires public schools to pay for such assistance.

Nonpublic schools may use federal funds for computer equipment and other instructional materials. *Mitchell v. Helms*, 530 U.S. 793, 120 S. Ct. 2530 (2000) (petition for rehearing denied).

Unilateral Placement of Children with Disabilities

IDEA does not require public schools to pay for special education services at nonpublic schools where parents voluntarily place the student at the nonpublic school and timely appropriate services are available to the student at the public schools. Unilateral placement occurs when a parent places a student in a nonpublic school without the consent of an IEP team. Unilaterally placed nonpublic school students generally are not individually entitled to publicly funded special education services. 34 C.F.R. § 300.138

School districts may be required to reimburse parents for the cost of private special education services if the district fails to provide a free appropriate public education (FAPE) and the private school placement is appropriate, regardless of whether the child previously received special education or related services through the public school. *Forest Grove Sch. Dist. v. T.A.*, 557 U.S. 230, 129 S. Ct. 2484 (2009). The Ninth Circuit Court of Appeals later ruled that the Forest Grove school district need not reimburse tuition costs to the parents of a student with ADHD who was unilaterally placed in a private school given that the student's placement was due to drug use and behavioral problems and unrelated to the student's disabilities. *Forest Grove Sch. Dist. v. T.A.*, 638 F.3d 1234 (9th Cir. 2011); cert. denied, 132 S. Ct. 1145 (2012).

A school district may provide special instruction and services to a unilaterally placed child with disabilities at the nonpublic school building, a public school, or other neutral site. A school district must provide instruction in core curriculum at a public school site. [Minn. Stat. § 126C.19, subd. 4\(b\)](#)

Separate School District

Having the state create a separate school district to serve a religious enclave is tantamount to allocating political power on a religious criterion and violates the Establishment Clause of the First Amendment. *Bd. of Educ. of Kiryas Joel Village Sch. Dist. v. Grumet*, [512 U.S. 687](#), 114 S. Ct. 2481 (1994). However, opening a school primarily attended by religious students and granting parents' request to forego using technology in the classroom is permitted where the school is open to all students, the curriculum is the same curriculum used in other schools, the district ordinarily grants parents' requests for an accommodation, and the decision to open the school is based on financial concerns. *Stark v. Indep. Sch. Dist. No. 640*, 123 F.3d 1068 (8th Cir. 1997), cert. denied, 523 U.S. 1094, 118 S. Ct. 1560 (1998).

Transportation

School districts are required to provide "equal transportation" for nonpublic school students within the district's boundaries to the same extent they are required to provide transportation for public school students. A district may provide transportation to a nonpublic school located in another district, but the nonpublic school must pay the cost of the transportation. [Minn. Stat. §§ 123B.84; 123B.86](#)

Education Tax Deduction and Credit

The costs of religious books and materials and the expenses of participating in extracurricular activities at nonpublic schools may not be deducted. [Minn. Stat. § 290.01, subd. 19b, cl. \(3\)](#)

If the family's income is under \$33,500, a taxpayer may claim a credit of \$1,000 per qualifying child for 75 percent of all education expenses allowed under the deduction except nonpublic school tuition. Sexual Harassment in Schools Prohibited	Educational sexual harassment is unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature that: (1) is a term or condition of receiving education; (2) is used as a factor in decisions affecting a person's education; or (3) has the purpose or effect of substantially interfering with a person's education. Educational sexual harassment can occur when school district employees, independent contractors, visitors to the school, or volunteers sexually harass students or when students sexually harass other students. Student-on-Student Harassment

A student may recover money for student-on-student harassment if: (1) school officials are deliberately indifferent to sexual harassment; (2) school officials have actual knowledge of the student-on-student harassment; and (3) the harassment is so severe, pervasive, and objectively offensive that it denies the harassed student access to educational opportunities or benefits provided by the school. *Davis v. Monroe County Bd. of Educ.*, 526 U.S. 629, 119 S. Ct. 1661 (1999).

Student Bullying

School districts and public schools, including charter schools, must have a comprehensive student bullying policy. Student-on-student bullying is prohibited at school, at school functions and activities, and on school transportation, and covers students' use of electronic technology and communications at school, and elsewhere if such use materially and substantially disrupts student learning or the school environment. The law does not apply to homeschool and nonpublic school students unless the students voluntarily participate in public school activities, where they are subject to the same bullying policy as public school students participating in the activity. The Commissioner of Education must provide an electronic format for schools to report aggregate data on dangerous weapon incidents occurring on school property, the area surrounding school property, and in school buses while students are being transported. The form must include certain specified information about the incident, the

offender and victim involved in the incident, the cost of the incident to the school and the victim, and the school's response to the incident. Schools annually by July 31 must submit an electronic report of dangerous weapon incidents to the commissioner and, in turn, the commissioner must compile and forward the information annually to the legislature and the public safety commissioner.

Use of Force Against School Officials

It is a gross misdemeanor to assault and inflict demonstrable bodily harm on a school official while the official is performing official duties. A similar assault against a nonschool official would be a misdemeanor-level offense. "School official" means a teacher, administrator, or other employee of a public or private school.

[Minn. Stat. § 609.2231, subd. 5](#)

Violence Prevention Education Programs

Minnesota law encourages all school districts to integrate a violence prevention program into their existing K-12 curricula. The law also directs the Commissioner of Education to assist school districts, on request, in developing and implementing such programs. A grant program was established in 1992 to help school districts pay for developing, implementing, and continuing these programs, to the extent funds are available. The amount of the grant award cannot exceed \$3 per actual pupil unit. [Minn. Stat. §§ 120B.22; 120B.23](#) Appropriations for these grants were available in fiscal years 1993 through 1997.

Notice of Violent Students

Teachers must be notified and school board and teacher representatives must discuss the need for intervention services and staff training before placing violent students in classrooms. [Minn. Stat. § 121A.64](#) A probation officer must notify the school principal if a student/juvenile is adjudicated delinquent for acts committed on school property or acts that would be criminal acts if committed by an adult. Crisis Management; School Safety Drills

School districts and charter schools must have a crisis management policy to address potential violent situations. [Minn. Stat. § 121A.035](#)

Public and private schools must have at least five school lockdown drills, five school fire drills, and one tornado drill. [Minn. Stat. §§ 121A.035; 121A.037](#)

First Amendment Rights

Freedom of Speech

Students retain their First Amendment right to freedom of speech in school if their speech does not result in “material disruption” of the education process. The test for determining the degree of disruption is “whether the manner of expression is basically incompatible with the normal activity of a particular place at a particular time.” *Tinker v. Des Moines Indep. Cmty. Sch. Dist.*, [393 U.S. 503](#), 509, 89 S. Ct. 733 (1969). Regulating speech that interferes with or disrupts the work and discipline of the school may include discipline for student harassment and bullying. *Kowlaski v. Berkeley County Sch.*, 652 F.3d 565 (4th Cir. 2011); cert. denied, 132 S. Ct. 1095 (2012) (high school senior given ten-day suspension for ridiculing another student on MySpace).

School officials may discipline students for offensively lewd or indecent speech. The U.S. Supreme Court ruled that a student’s speech containing “explicit sexual metaphors” is not protected by the First Amendment. *Bethel Sch. Dist. v. Fraser*, [478 U.S. 675](#), 106 S. Ct. 3159 (1986).

The U.S. Third Circuit Court of Appeals decided school officials may not ban speech “plausibly” containing “social or political” commentary unless the speech is “plainly lewd.” *B.H. vs Easton Area School District*, 725 F.3d 293 (3d. Cir. 2013); *B.H. ex rel. Hawk v. Easton Area Sch. Dist.*, 725 F.3d 293 (3d Cir. 2013), cert. denied, 134 S.Ct. 1515 (2014) (middle school students wearing “I Heart Boobies” breast cancer awareness bracelets protected under the First Amendment). However, a federal trial court in Indiana concluded the opposite in *J.A. v. Fort Wayne Cnty. Sch.*, No. 12-155. (N.D. Ind. Aug. 20, 2013) (“I ♥ Boobies” bracelet contained sexual innuendo that was vulgar within the school context.)

School officials may restrict student speech at a school-sponsored event when they reasonably believe the speech promotes illegal drug use. *Morse v. Frederick*, [551 U.S. 393](#), 127 S. Ct. 2618 (2007).

School officials have the right to impose reasonable restrictions on student speech in school-sponsored student papers as long as their action is reasonably related to an educational purpose. *Hazelwood Sch. Dist. v. Kuhlmeier*, [484 U.S. 260](#), 108 S. Ct. 562 (1988). The U.S. Supreme Court declined to review the application of *Hazelwood* to a student council election in which school officials disqualified a student from the election for making “discourteous” and “rude” remarks about the assistant principal during a speech at a school-sponsored assembly. *Poling v. Murphy*, 872 F.2d 757 (6th

Cir. 1989), cert. denied, 493 U.S. 1021, 110 S. Ct. 723 (1990). School officials disqualified a student from serving as junior class president after he handed out condoms bearing his election slogan “Adam Henerey, the Safe Choice” on election morning. *Henerey v. City of St. Charles*, 200 F.3d 1128 (8th Cir. 1999).

Federal appellate courts disagree about whether school officials can require students to get permission from the principal before distributing noneducation materials. *Burch v. Barker*, 861 F.2d 1149 (9th Cir. 1988) (policy curtailing communication among students violates First Amendment); *Taylor v. Rosewell Indep. Sch. Dist.*, 713 F.3d 25 (10th Cir. 2013) (students banned from distributing rubber “fetus” dolls as part of anti-abortion activities).

A school district violated a lesbian student’s First Amendment free expression rights when it refused to allow her to attend prom with a same-sex date and wear a tuxedo instead of a dress. *McMillen v. Itawamba County Sch. Dist*, 702 F. Supp. 2d 699, (N.D. Miss., 2010).

Pledge of Allegiance

All public school students shall recite the pledge of allegiance at least once per week but may decline to participate in the recitation. [Minn. Stat. § 121A.11](#)

Internet Access and Use; Cell Phones

To regulate students’ access to and use of the Internet, school districts must show that they have the authority to regulate students’ Internet use and that district actions satisfy constitutional standards for free speech. See *Tinker*, 393 U.S. 503 (1969); *Fraser* 478 U.S. 675 (1986); *Hazelwood*, 484 U.S. 260 (1988). In effecting a student Internet use policy, school officials should consider, among other things, who owns the computer, the content of the message, and whether the message affects the educational process or the school climate. See [Regulating Students’ Online Speech Under the First Amendment](#), House Research, August 2014.

Public schools that receive federal technology aid must adopt Internet safety policies that include using filters to protect children against obscene, pornographic, or harmful material. **Children’s Internet Protection Act (CIPA) Pub. L. No. 106-554 (2000)**

Some school policies allow officials to search students’ cell phone messages when they suspect students of cheating, drug abuse, or other school violations, including sending sexually suggestive text messages, e-mails, and photos. Consistent with Fourth Amendment search and seizure requirements, cell phone searches may be allowed if there is a reasonable suspicion of wrongdoing and the search will lead to evidence of that wrongdoing.

Student Speech off School Grounds

School officials may discipline students for offensive conduct off school grounds if the conduct creates a risk of substantially disrupting the school environment and if it was foreseeable that the off-campus conduct would reach the school campus. *Wisniewski v. Bd. of Educ. of Weedsport Cent. Sch. Dist.*, 494 F.3d 34 (2nd Cir. 2007), cert. denied, 128 S. Ct. 1741 (2008); *S.J.W. v. Lee's Summit R-7 Sch. Dist.*, 696 F. 3d 771 (8th Cir. 2012) (off-campus offensive, racist, sexually explicit, and degrading comments about named high school classmates).

Speech Regarding Sexual Orientation

School administrators have the discretion to limit student speech on controversial topics that crosses the line between hurt feelings and bullying, intimidation, and provocation that substantially disrupts the educational environment. The circuit courts are divided on what type of anti-gay speech schools can prohibit as bullying.

The U.S. Ninth Circuit Court of Appeals in *Harper v. Poway Unified Sch. Dist.*, 445 F. 3d 1166 (9th Cir. 2006), vacated as moot, 549 U.S. 1262 (2007), held that a school could likely prohibit a student under the First Amendment from wearing a shirt that read "Homosexuality is Shameful 'Romans 1:27'."

The U.S. Seventh Circuit Court of Appeals in *Zamecnik v. Indian Prairie Sch. Dist. No. 204*, 636 F. 3d 874 (7th Cir. 2011) held that a school district could not enforce a ban on anti-gay T-shirts that read "Be Happy, Not Gay" because the message was "tepidly negative," not truly "derogatory," and did not satisfy the Tinker substantial disruption standard.

Hate Speech

In *Wisconsin v. Mitchell*, [508 U.S. 476](#), 113 S. Ct. 2194 (1993), the U.S. Supreme Court upheld a state statute prescribing higher penalties for crimes motivated by racial or other bias. Arguably, this ruling provides a legal framework for districts to impose more severe discipline for improper behavior motivated by bias.

True Threat Speech

True threat speech is not protected by the First Amendment. To determine what constitutes a true threat, school officials may consider, among other things, the listener's reaction to the threat, whether the threat was conditional, whether the speaker made the threat directly to the victim, whether the speaker had previously threatened the victim, and whether the recipient reasonably believed the speaker to be violent. In *Riehm v. Engelking*, 538 F.3d 952 (8th Cir. 2008), the Eighth Circuit Court of Appeals ruled that a student essay describing a student's murder of a teacher and a suicide was a "true threat" and not protected speech. A student who sent an instant message on his home computer to a classmate on her home computer saying he was going to get a gun and kill certain students made a true threat. *D.J.M. v. Hannibal Pub. Sch.*

Dist., 647 F.3d 754 (8th Cir. 2011).

Prayer in the Schools

The U.S. Supreme Court declared that a district-sanctioned recitation of a nondenominational prayer at the beginning of each school day violated the First Amendment prohibition against establishment of religion. *Engel v. Vitale*, 370 U.S. 421, 82 S. Ct. 1261 (1962). The Court ruled that a law authorizing a short period for “voluntary or silent prayer” is also unconstitutional, but indicated that allowing a moment of silence probably would not violate the U.S. Constitution. *Wallace v. Jaffree*, 472 U.S. 38, 105 S. Ct. 2479 (1985). The Court held that an invocation and a benediction at public school graduation ceremonies violate the Establishment Clause. *Lee v. Weisman*, 505 U.S. 577, 112 S. Ct. 2649 (1992). Lower courts have permitted a student-led graduation prayer where students decide on the type of graduation speech without faculty participation or review. *Adler v. Duval County School Board*, 250 F.3d 1330 (11th Cir. 2001), cert. denied, 534 U.S. 1065, 122 S. Ct. 664 (2001). Student-led, student-initiated prayers at school-sponsored athletic events are prohibited. *Santa Fe Indep. Sch. Dist. v. Doe*, 530 U.S. 290, 120 S. Ct. 2266 (2000).

A moment of silence may be observed in school. [Minn. Stat. § 121A.10](#)

Religious Observances

The Eighth Circuit Court of Appeals held that it is not a violation of the First Amendment’s ban on establishing a state religion for a school to observe holidays that have both a religious and a secular basis. The court found permissible those music, art, literature, and drama programs having religious themes, and the temporary display of religious symbols associated with religious holidays. *Florey v. Sioux Falls Sch. Dist.* 49-5, 619 F.2d 1311 (8th Cir. 1980), cert. denied, 449 U.S. 987, 101 S. Ct. 409 (1980). See [Government Displays of Religious Symbols](#), House Research Department, October 2005.

A fifth grade student distributed flyers inviting her classmates to a Christmas party at her church. The court did not find evidence that distributing the invitations would substantially disrupt the school environment or interfere with the rights of others. *K.A. v. Pocono Mountain Sch. Dist.*, 710 F.3d 99 (3rd Cir. 2013)

A district must make reasonable efforts to accommodate a student who wishes to be absent from school for a religious observance. [Minn. Stat. § 120A.35](#)

Release Time

In *Zorach v. Clauson*, 343 U.S. 306, 72 S. Ct. 679 (1952), the U.S. Supreme Court upheld a “release-time” program in which public school students were allowed to leave school for religious

purposes. The court found that no religious instruction occurred on school property, no public funds were expended to support the program, and students had parental permission to attend the program.

At a parent's request, a student may be released from school for up to three hours per week for purposes of receiving religious instruction. [Minn. Stat. § 120A.22](#), subd. 12, cl. (3)

Student Dress Code

A restrictive dress code abridging students' free speech rights may be justified if facts reasonably lead school officials to forecast substantial disruption of or material interference with school activities. *Jeglin v. San Jacinto Unified Sch. Dist.*, 827 F. Supp. 1459 (C.D. Cal. 1993). A dress code that is viewpoint-neutral and intended to ensure student safety and school order is within a school's educational mandate and permissible under the First Amendment. *Long v. Bd. of Educ.*, 121 F. Supp. 2d 621 (W.D. Ky. 2000). The U.S. Supreme Court has not addressed the constitutionality of banning religious attire in public schools.

School districts may require students to wear a school uniform. [Minn. Stat. § 123B.36](#), subd. 4.

Science Course Requirements

The U.S. Supreme Court held that a statute forbidding the teaching of evolution unless "creation science" is also taught violated the constitutional ban on state establishment of religion. *Edwards v. Aguillard*, [482 U.S. 578](#), 107 S. Ct. 2573 (1987).

Equal Access to School Facilities for Religious and other Purposes

The Equal Access Act forbids secondary schools receiving federal funds from barring student religious groups from meeting at school if the school has a general policy of allowing student meetings. [20 U.S.C. § 4071](#) The U.S. Supreme Court ruled that a school district that allows "noncurriculum-related" student groups access to school facilities must give access on equal terms to all student groups, regardless of the religious or other content of members' speech. *Bd. of Educ. of the Westside Cmty. Sch. v. Mergens*, [496 U.S. 226](#), 110 S. Ct. 2356 (1990); *Good News Club v. Milford Central Sch.*, [533 U.S. 98](#), 121 S. Ct. 2093 (2001) (district must provide space for after-school Bible club for elementary students). A Minnesota federal district court ruled that a school district violated a gay student club's rights when it denied the club access to school facilities on the same basis as other noncurricular student groups. *SAGE v. Osseo Area Sch. Dist. No. 279*, No. 05-2100 (D. Minn. 2007), *aff'd*, 540 F.3d 911 (8th Cir. 2008).

**Exemption from
Compulsory
Attendance**

The U.S. Supreme Court ruled that certain pupils may be exempt from the state compulsory attendance law if they can show that the law imposes an unnecessary burden on the right to free exercise of religion under the First Amendment. *Wisconsin v. Yoder*, [406 U.S. 205](#), 92 S. Ct. 1526 (1972).

Fourth Amendment Rights

Search and Seizure

A government official, including a public school employee, who peeks, pokes, or pries into a place or item shielded from public view, including a locker, desk, purse, knapsack, backpack, briefcase, folder, book, or article of clothing, is conducting a search. The U.S. Supreme Court ruled that the Fourth Amendment of the U.S. Constitution protects students against unreasonable searches and seizures, but permits school officials to search students if there are “reasonable grounds” for suspecting that a student has violated the law or school rules. For a search to be constitutional, it must be “justified at its inception” and there must be reasonable grounds for suspecting “the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.” *New Jersey v. T.L.O.*, [469 U.S. 325](#), 105 S. Ct. 733 (1985); *Terry v. Ohio*, 392 U.S. 1, 88 S. Ct. 1868 (1968).

The scope of the search must be “reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the material of the infraction.” In adult criminal search and seizure cases, courts use a more stringent standard that requires a warrant based on “probable cause” before a search can be done. *New Jersey v. T.L.O.* To the extent that school officials act like agents of the police, the higher standard of probable cause may apply.

A strip search of a middle school student by school officials looking for ibuprofen tablets violated the student’s right to be free from unreasonable searches and seizures. *Safford Unified Sch. Dist. No. 1 v. Redding*, [557 U.S. 364](#), 129 S. Ct. 2633 (2009).

Locker Searches

The *New Jersey v. T.L.O.* decision did not address whether students have a legitimate expectation of privacy in their lockers. Under state law, school lockers belong to the school district, and school authorities may inspect the inside of the lockers. School authorities may search students' personal possessions in a school locker only if the school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. [Minn. Stat. § 121A.72](#) Searches of student cars are subject to the same reasonable suspicion standard. *State v. Slattery*, 787 P.2d 932 (Wash. Ct. App. 1990).

Drug Testing

A drug test is considered a "search" under the Fourth Amendment. In 1988, a federal court upheld a school district's drug testing program requiring random urinalysis for high school athletes and cheerleaders on the grounds that: (1) the right to participate in extracurricular activities was not constitutionally guaranteed, and (2) school officials' interest in a drug-free athletic program outweighed students' privacy interest. *Schail v. Tippecanoe County Sch. Corp.*, 864 F.2d 1309 (7th Cir. 1988).

In 1995, the U.S. Supreme Court declared that drug use impairs children for whom the state has a special responsibility, and drug use by student-athletes is dangerous because of the high risk of immediate physical harm to the drug user or those with whom the athlete is playing. *Vernonia Sch. Dist. 47J v. Acton*, [515 U.S. 646](#), 115 S. Ct. 2386 (1995). Schools may test students, including cheerleaders, who participate in extracurricular activities in order to prevent, deter, and detect drug use. *Bd. of Educ. of Indep. Sch. Dist. No. 92 of Pottawatomie County v. Earls*, [536 U.S. 822](#), 122 S. Ct. 2559 (2002). A policy requiring all students to submit to urinalysis likely would be ruled unconstitutional.

Scans, Bag Searches, Cars, Cell Phones, and Electronic Surveillance

School officials' use of metal detectors constitutes a search and is permissible if the search is justified at its inception and the scope of the search is reasonable. *In re F.B.*, 658 A.2d 1378 (Pa. Super. Ct. 1995), *aff'd* 726 A.2d 361 (Pa. 1999), *cert. denied*, 528 U.S. 1060 (1999). Electronic surveillance using a video camera, audio recording, wiretapping, or computer monitoring may constitute a search. Students' greater expectation of privacy in a locker room or restroom may affect where a school district may place such a device.

School officials may not search a student's car parked off-campus where the off-campus parking is unrelated to a school-sponsored event or activity. If school officials suspect a student's off-campus conduct violates the state's criminal code, they must notify the appropriate law enforcement authorities. *J.P. v. Millard Pub. Sch.*,

830 N.W. 2d 453 (2013).

Policies that allow school officials to search students' lockers, backpacks, and cars parked on school grounds may authorize searches of cell phones if there is a "reasonable suspicion" of wrongdoing and the cell phone search will lead to evidence that a student violated a law or policy. A cell phone search may raise concerns about officials' ability to limit the scope of the search. See *Klump v. Nazareth Area Sch. Dist.*, 425 F. Supp. 2d 622 (E.D. Pa. 2006) (confiscation of cell phone was justified but search of phone violated student's Fourth Amendment rights). Police must obtain a warrant before searching the cell phone of a person placed under arrest unless "exigent circumstances" exist. *Riley v. California*, 573 U.S. (2014).

School districts may conduct video or audio surveillance on school buses if students are given appropriate notice. [Minn. Stat. § 121A.585](#)

Right to Privacy

High school softball coaches who disclosed a student's sexual orientation to the student's mother did not violate the student's constitutional right to privacy. *Wayne v. Fletches*, 718 F. 3d 496 (5th Cir. 2013). Dissent argued court majority was refusing to extend to high school students a recognized right to privacy with respect to personal sexual matters.

Fourteenth Amendment Rights

School Desegregation/ Integration

Racial segregation or other race-based discrimination in public schools and other educational institutions denies minority students the "equal protection" of the laws and is prohibited under the 14th Amendment. *Brown v. Bd. of Educ.*, 347 U.S. 483, 74 S. Ct. 686 (1954). [Minn. Stat. § 363A.13](#) School segregation is prohibited, and the state intends to offers students a diverse and nondiscriminatory educational experience. [Minn. Stat. § 124D.855](#)

Educational diversity is a compelling government interest that school boards can pursue through careful race-conscious policies, including site selection, magnet programs, targeted recruiting, and attendance zones. *Parents Involved in Community Schools v. Seattle Sch. Dist. No. 1*, 551 U.S. 701, 127 S. Ct. 2738 (2007).

**Civil Rights; Student
Discipline; English
Language Learners**

In *Holton v. City of Thomasville Sch. Dist.*, 490 F.3d 1257 (11th Cir. 2007), reh'g denied 521 F.3d 1318 (11th Cir. 2008), the 11th Circuit Court of Appeals affirmed that a school district's tracking program that grouped students into different academic tracks based on their abilities did not violate minority students' equal protection rights under the Fourteenth Amendment or Title VI of the Civil Rights Act.

Title VI of the 1964 Civil Rights Act bars discrimination based on race, sex, national origin, or disability by educational institutions that receive federal funds for academic, athletic, or extracurricular activities. The U.S. Department of Education, Office for Civil Rights, which protects children from discrimination, uses this law to uncover district policies and practices that result in a "disparate outcome" among groups of students and exert pressure on districts to close the academic achievement gap, in part by providing all students with equal access to college preparatory curricula.

When administering student discipline, school officials must not subject students to different or disparate treatment based on the students' race, color, or national origin. Data collected by the U.S. Departments of Justice and Education show racial disparities in student discipline. Joint U.S. Department of Justice, Civil Rights Division, and U.S. Department of Education, Office for Civil Rights, "*Dear Colleague*" letter, January 8, 2014.

The civil rights of students who speak limited English may be violated because of a lack of trained teachers or problems in determining students' language abilities. School officials should consider whether programs for English language learners are based on a sound educational philosophy, whether there are sufficient resources to ensure programs can be properly implemented, and whether the programs actually enable students to overcome language barriers that impede their educational progress. **Equal Educational Opportunities Act, 20 U.S.C. § 1701, et seq. (1974)** Title VI of the Civil Rights Act also requires that English language learners be included in school and district assessment programs unless an educational or psychometric reason justifies excluding the students.

As a result of a lawsuit settlement, the Education Testing Service will stop flagging the results of students who receive special accommodations such as more time on certain tests, including the Test of English as a Foreign Language.

Family Relations

With a few exceptions noted in this section and elsewhere in the guidebook, the statutes do not regulate relations between married parents and their children who live together. Statutes exist primarily to deal with needs that arise when a new family is being created—for example, by marriage or adoption—or when a family is changing form—for example, due to events like divorce, death, or a minor’s marriage. For provisions regulating circumstances arising from neglect or abuse of children by family members see **Unlawful Acts against Youths**, page 85 in this part and the **Juvenile Court**, page 105 in Part 2.

Child's Residence

Parents or a guardian or legal custodian chooses the residence of an unmarried child under age 18. A child who leaves that residence without permission is considered a runaway and can be taken into custody. [Minn. Stat. §§ 260C.007, subd. 28; 260C.175](#)

Child's Surname

Neither parent has a superior right to choose a child's surname, but once a name is chosen the court will be very unwilling to change it if one parent objects. *Application of Saxton*, 309 N.W.2d 298 (Minn.), cert. denied, *Saxton v. Dennis*, 455 U.S. 1034, 102 S. Ct. 1737 (1981) (divorced mother not allowed to change children's last name to hyphenation of her name and father's name).

Housing Discrimination Against Families with Children

The Human Rights Act prohibits (1) refusal to rent or sell real estate to persons with children, and (2) any unlawful restrictions against children in a real estate sale or rental advertisement. These protections also cover women who are pregnant and persons in the process of securing legal custody of a minor. Various exceptions exist for owner-occupied, cooperative, and elderly housing units, and other laws may still restrict the maximum number of individuals permitted to occupy any one dwelling unit. [Minn. Stat. §§ 363A.03, subd. 18; 363A.09; 363A.21, subd. 2](#)

Emancipation of a Minor

"Emancipation" means that a minor has the same legal rights and obligations as an 18-year-old adult. It can also be "partial, conditional ... or limited as to time or purpose." *Sonnenberg v. County of Hennepin*, 99 N.W.2d 444, 447-448 (Minn. 1959).

A minor can be emancipated by a legal marriage or by parental consent. *Lundstrom v. Mample* 285 N.W. 83 (Minn. 1939) (marriage); *In re Fiihr* 184 N.W.2d 22 (Minn. 1971) (parental consent or act). For a child age 16 or older who is the subject of a "child in need of protection" petition, the juvenile court may authorize an independent living situation for the child that is the equivalent of emancipation. [Minn. Stat. § 260C.201, subd. 1, para. \(a\), cl. \(5\)](#)

Minnesota Statutes do not provide grounds or a procedure for emancipation, but the statutes reflect an assumption that minors may be emancipated. Examples include the following:

- an emancipated minor may forego immunization because of religious belief ([Minn. Stat. § 121A.15, subd. 3, para. \(d\)](#))
- an emancipated minor is allowed to own a passenger auto or truck ([Minn. Stat. § 168.101, subd. 1](#))

- a legally emancipated minor is eligible for General Assistance ([Minn. Stat. § 256D.05](#), subd. 1, para. (a), cl. (10))

Emancipation could be expected to occur (1) by reaching the age of 18, (2) by lawful marriage, or (3) by court order. The statutory references above do not indicate which, if any, of these is assumed to be the basis for emancipation.

Marriage by a Minor

A 16-year-old may marry with the consent of the minor's guardian or legal custodial parents and court approval. Any individual may marry at age 18, as long as the individual is otherwise legally competent. [Minn. Stat. § 517.02](#)

Custody Consent Decree

A parent may transfer temporary or permanent legal and physical custody of a child to another person by a consent decree. The parent must pay support. The court will approve the transfer of custody if the transfer is in the child's best interests and all parties agree. [Minn. Stat. § 257C.07](#)

De Facto or Third Party Custody

If a child has resided with an individual without a parent present for at least 12 months of the preceding 24 months if age three or older, or at least six months of the preceding 24 months if under age three, and a parent during that time has lacked consistent participation in the child's life, the individual may initiate a custody proceeding. [Minn. Stat. §§ 257C.01 to 257C.06](#)

Visitation

If an unmarried minor has lived with (1) a grandparent or great-grandparent for at least 12 months, or (2) an individual other than a foster parent for at least two years, the grandparent, great-grandparent, or other individual may obtain a visitation order if statutory requirements are met. [Minn. Stat. § 257C.08](#)

Standby or Temporary Custodian

A parent who has legal and physical custody of a minor child may designate another adult as a standby or temporary custodian to care for the child upon the occurrence of a specified triggering event (such as the incapacity or death of the parent) if statutory requirements are met. [Minn. Stat. ch. 257B](#)

Effect of Certain Convictions

An individual convicted of specified crimes faces a higher standard for gaining legal custody or parenting time with a child. An individual who exercises custody or parenting time with a child and resides with someone convicted of any of those crimes must so notify the child's other parent, the county social services agency, and the court that granted custody or parenting time. [Minn. Stat. §§ 257.026; 518.179](#)

Divorced Parents

Child Custody

After an annulment, dissolution, or legal separation, the court must order either sole or joint legal and physical custody of minor children. In deciding custody, the court must consider the child's best interests and not prefer one parent over the other on the basis of the parent's sex. There is a presumption that joint legal custody is in the child's best interests. If the child is old enough the judge may ask her or his custody preference. [Minn. Stat. § 518.17](#)

Changing Child's Residence

The child resides with the parent who has physical custody or with both parents if the parents have joint physical custody. If a parent has parenting time rights, the parent with whom the child resides may move the child out of state only with a court order or the other parent's consent. The court must apply a specified best interest test to a request to move a child out of state. The burden of proof is on the parent requesting a move, unless there is a history of domestic abuse. [Minn. Stat. § 518.175, subd. 3](#)

Parenting Time

In dissolution or legal separation proceedings, on request of either parent, the court must grant parenting time rights in the child's best interests. There is a presumption that a parent gets at least 25 percent of the time with the child. The court may restrict parenting time or deny it entirely if it would endanger or impair the child. A parent's failure to pay support because of inability to do so is not sufficient cause to deny parenting time. If one parent wrongfully denies the other's parenting time rights, various remedies are available. The court may also refer a parenting time dispute to a parenting time expeditor or mediation. [Minn. Stat. §§ 518.175; 518.1751; 518.612; 518.619](#)

Parenting Plans

Upon the request of both parents or a court's own motion, a parenting plan must be created in lieu of a traditional custody and parenting time order, unless the court finds that the plan is not in the child's best interests. A parenting plan must include: (1) a schedule for the time each parent spends with the child; (2) a designation of decision-making responsibilities; and (3) a method to resolve disputes. A plan may also include other issues and matters that the parents agree to regarding the child. [Minn. Stat. § 518.1705](#)

Other Parental Rights

Notice must be given to both parents of various rights they retain after divorce, especially that they have the right to (1) obtain certain education, health, police, and religious records of the child, and (2) attend school conferences and be notified of an illness or if the child is a victim of a crime. The court may waive these rights in order to protect the parent's or child's welfare. [Minn. Stat. §§ 120A.22, subd. 1a; 518.17, subd. 3](#)

Grandparent's Visitation Rights

During or after a proceeding for a dissolution, separation, custody, annulment, and parentage action or after the death of a parent or when a child has resided with the grandparent for 12 months or more, the child's grandparent or great-grandparent may ask the court for reasonable visitation rights to an unmarried minor child. The rights may be granted if they: (1) are in the child's best interests and (2) do not interfere with the parent and child relationship. Visitation rights end if the child is adopted by someone other than a stepparent or grandparent. [Minn. Stat. § 257C.08](#)

Deceased Parents

Appointing a Guardian for an Orphan

The parent of an unmarried minor may appoint a guardian by will, by designating a standby guardian under [chapter 257B](#), or by a signed writing executed like a health care directive under [chapter 145C](#). A minor 14 years or older or certain other adults interested in the minor's welfare may object to the choice. [Minn. Stat. §§ 524.5-202; 524.5-203](#)

If parents do not name a guardian by will, the court may put the child under the guardianship of the Commissioner of Human Services, a licensed child-placing agency, or an individual willing and able to take responsibility. [Minn. Stat. § 260C.325, subd. 3](#)

Guardianship ends when the child dies, is adopted, legally marries, turns 18, or as otherwise ordered by a court. [Minn. Stat. § 524.5-210](#)

Grandparent's Visitation Rights

If a parent dies while a child is a minor, a grandparent or great-grandparent may obtain a court order for visitation if visitation would not interfere with the parent and child relationship. Rights end if the child marries or is adopted by anyone other than a stepparent or grandparent. [Minn. Stat. § 257C.08](#)

Unmarried Parents

Child Custody and Visitation

The mother has sole custody until paternity is established, either by the father's legally effective admission or by court action. If paternity is established, the father may petition the court for custody or parenting time. [Minn. Stat. § 257.541](#)

Establishing Parentage

The child, parent, or welfare agency may bring an action to establish the child's parentage. The parties may be required to have blood or genetic tests. [Minn. Stat. §§ 257.51 to 257.74](#)

An alternative to legal action: A man is legally presumed to be the biological father of the child if he and the child's mother acknowledge his paternity in writing signed by both of them and filed with the state registrar of vital statistics. The form, which is prepared by the Commissioner of Human Services, is called a Recognition of Parentage form and is available on the state Department of Human Services website. [Minn. Stat. § 257.75](#)

Adoption

Required Consents

An individual over 14 years of age may be adopted only if she or he consents. [Minn. Stat. § 259.24, subd. 3](#)

If an unmarried parent under age 18 wants to place a child for adoption, he or she must be offered consultation with an attorney, clergy, or physician before consenting to the adoption. The consent of the minor's parents or guardian, if any, also is required. If the minor has no parent or guardian to give consent, the Commissioner of Human Services may do so. [Minn. Stat. § 259.24, subd. 2](#)

Order of Preference

Child-placing agencies and courts involved in adoption or foster placement proceedings must consider placing a child according to the following order of preference: (1) with relatives or (2) with an important friend with whom the child has resided or had significant contact. [Minn. Stat. §§ 259.57, subd. 2; 260C.212, subd. 2](#)

Communication or Contact Agreements

At the time of an adoption, the birth parents and adoptive parents may make a legal agreement that while the child is growing up they will share information or have contact. This agreement must be incorporated in a court order to be enforceable. [Minn. Stat. § 259.58; 260C.619](#)

Adoptee's Access to Other Information

Adopted persons age 19 and older may ask an adoption agency to help determine whether a biological parent or adult sibling wants to have contact or share information. The agency also will transmit nonidentifying health information relevant to any genetically related parties to an adoption. A reimbursement fee may be charged for these services. [Minn. Stat. § 259.83](#)

Adoptee's Access to Original Birth Certificate

An adopted person age 19 or older may request the information on his or her original birth certificate. The agent of the Commissioner of Human Services or a licensed child-placement agency must try to notify each parent identified on the certificate of the request. If the birth parents agree, the information is disclosed.

If the agent of the commissioner or the licensed child-placement agency cannot notify a birth parent and if the parent has not filed a consent to disclosure, the information may be disclosed as follows:

- If the person was adopted before August 1, 1977, he or she may petition a court for disclosure, which will be granted if the court determines that it is more beneficial than nondisclosure
- If the person was adopted on or after August 1, 1977, the information must be released

If a parent has filed an unrevoked affidavit of nondisclosure, the information shall not be disclosed until the affidavit is revoked.

If a birth parent dies without revoking a nondisclosure request, the adopted person may petition the court for disclosure. The petition will be granted if the court determines that disclosure would be more beneficial than nondisclosure. [Minn. Stat. § 259.89; 260C.637](#)

Health and Social Services

Minors' access to health care services is dependent upon the parents or guardians, who are expected to act in the best interest of the child. Exceptions are made for older children who are financially independent, who have married or who have borne children themselves, and for certain specific health services. Minors' access to social services is specifically authorized by a number of state laws that require counties to provide day care subsidies for currently eligible children, and child welfare and protective services for children at risk.

Health Programs and Access to Health Services

Medical Assistance

Medical Assistance (MA), Minnesota's Medicaid program, is a joint federal/state program providing certain health care services to low-income adults and children who meet the eligibility requirements. MA has higher income limits for children and pregnant women, and persons under age 21 do not need to meet MA asset standards.

To qualify for MA, infants up to age two can have family incomes up to 283 percent of the federal poverty guidelines. Children two through 18 years of age are eligible for MA if family income does not exceed 275 percent of the federal poverty guidelines. [Minn. Stat. § 256B.057](#)

For certain children with disabilities, special eligibility criteria exist. First, under the TEFRA (Tax Equity and Fiscal Responsibility Act of 1982) option a child under age 19 who is disabled and who requires the level of care provided in a hospital, nursing facility, or intermediate care facility, is eligible for MA without regard to parental income if it is cost-effective for the child to remain at home. In addition, retroactive to July 1, 1997, children with disabilities who lost eligibility for the Supplemental Security Income (SSI) program due to federal changes in childhood disability criteria are eligible for MA. [Minn. Stat. §§ 252.27; 256B.055, subds. 7a, 12](#)

MinnesotaCare

The MinnesotaCare program provides subsidized health coverage to persons not eligible for MA, if their household income is greater than 133 percent but does not exceed 200 percent of the federal poverty guidelines, and other eligibility requirements are met. Children who are not eligible for MA due to that program's household composition rule may be eligible for MinnesotaCare, even if their household income is below the MinnesotaCare income floor. [Minn. Stat. §§ 256L.01 to 256L.18](#)

MNsure

Children with household incomes over the MA income limit, but not exceeding 400 percent of the federal poverty guidelines, may be eligible for premium tax credits and cost-sharing subsidies for health coverage offered through MNsure, the state's health insurance exchange established under the federal Affordable Care Act.

Children's Health Insurance Program

The Children's Health Insurance Program (CHIP) provides federal funding, at an enhanced matching rate (65 percent for Minnesota), for state initiatives to expand insurance coverage for children. CHIP dollars are being used to pay for: (1) the cost of raising the MA income limit for children under age two from 275 percent to 283

percent of the federal poverty guidelines; (2) health care services provided to MinnesotaCare enrollees who are children with family incomes greater than or equal to 133 percent but not exceeding 200 percent of the federal poverty guidelines; (3) health care services provided to MA enrollees who are children with family incomes greater than or equal to 133 percent but not exceeding 275 percent of the federal poverty guidelines; and (4) for prenatal care, labor and delivery, postpartum care, and other services provided to pregnant women who are uninsured and ineligible for MA with federal funding due to immigration status. [Minn. Stat. §§ 256B.057, subd. 8; 256B.06, subd. 4, para. \(i\); Laws 1998, ch. 407, art. 5, § 46](#)

The WIC Program

The Women, Infants, and Children (WIC) program, administered by the Department of Health (MDH) through local public and private nonprofit health or human service agencies, provides supplemental foods, nutrition education, and health assessments and referrals to low-income women, infants, and children up to age five. To be eligible for food and services, a person must have a family income at or below 185 percent of the federal poverty guidelines or receive cash assistance, Food Stamps, or MA; be at nutritional risk; and meet other eligibility requirements. Enrollment in WIC is limited by available funding. [Minn. Stat. §§ 145.891 to 145.897; 145.899](#)

Insurance

Minors' rights to private health insurance benefits usually depend upon the purchase of family coverage by a parent or guardian, or in some cases by a grandparent. Family coverage usually insures unmarried children under age 26 and disabled dependent children of any age. Insurers are required to cover adopted children, children placed for adoption, and children who do not reside with the health plan participant, on the same basis as they cover other children. Coverage for newborns must be available from the moment of birth. Checkups, immunizations, screenings, and certain other preventive services are required to be covered for adults and children without deductibles, copayments, or coinsurance. Federal law preempts the power of a state to regulate the self-insured health plans often offered by large employers or by multiple-employer union plans, so these plans may, but do not have to, comply with any of these state insurance laws. [Minn. Stat. §§ 62A.03; 62A.042; 62A.047; 62A.048; 62A.14; 62A.141; 62A.151; 62A.20; 62A.21; 62A.27; 62A.302; 62A.3021; 62C.14, subd. 14; 62C.142; 62K.14; 62L.02, subd. 11; 62D.101; 62D.102; 62D.105; 62Q.675](#)

Fetal Alcohol Syndrome Prevention and Intervention

MDH, in cooperation with the other relevant agencies, coordinates several initiatives designed to prevent future alcohol-related birth defects and treat children with fetal alcohol syndrome (FAS) or fetal alcohol effects (FAE). These programs include developing professional training materials, providing grants to community organizations for prevention and intervention activities, and conducting a statewide public information and media campaign. [Minn. Stat. §§ 145.9265; 145.9266](#)

Home Visiting Programs

Family Home Visiting is one of the programs funded through local public health grants that MDH distributes to community health boards and tribal governments. (The legislature established the local public health grant program in 2003 by consolidating funding from eight existing grants provided to community health boards.) The Family Home Visiting program provides preventive and early intervention services to families with incomes at or below 200 percent of the federal poverty guidelines and to other families with specified risk factors. [Minn. Stat. § 145A.17](#)

A school district with an early childhood family education program (ECFE) may offer a home visiting program to support the healthy growth and development of children. ECFE home visiting programs prioritize visits to isolated or at-risk families with highest needs. Programs are encouraged to employ licensed parenting educators, certified family life educators, or other professionals with equivalent license. The trained home visitor assesses the family's risk factors, addresses parenting skills and child development, and identifies community-based programs and services that may benefit the child's development. ECFE programs are funded through state aid and local property taxes. A small additional property tax levy is available for participating districts to provide home visiting services. [Minn. Stat. §§ 124D.13; 124D.135](#)

Lead Poisoning Prevention

Minnesota's Lead Poisoning Prevention Act addresses a potentially serious health hazard affecting children caused by exposure to lead from soil, dust, water, or paint. The act does not require testing of children for elevated blood lead levels. Many children, however, are tested voluntarily for lead as part of routine well-child care. The act requires facilities performing blood lead analyses to report findings of high blood lead levels in children to MDH. Using this information, MDH operates a lead surveillance system to identify trends and populations at risk and to ensure that services are provided to affected individuals. The act details how to prevent elevated blood lead levels in children, ways to mitigate the health effects on children with elevated blood lead levels, and standards for lead hazard reduction activities. [Minn. Stat. §§ 144.9501 to 144.9513](#)

Mental Health Services

Under the Children's Mental Health Act, county social service agencies must plan for and coordinate the development and delivery of local children's mental health services. Counties coordinate a variety of mental health services for children under age 18, including education and prevention services, early identification and intervention services, screening, case management and family community support services, emergency services, inpatient and outpatient treatment services, day treatment services, residential treatment services, and therapeutic support of foster care. Counties may apply for state grant funds to help them carry out some of their duties. [Minn. Stat. §§ 245.487 to 245.4889](#)

Tobacco Use Prevention

The Commissioner of Health administers tobacco use prevention and other public health activities aimed at youth, using general fund dollars. [Minn. Stat. § 144.396](#)

Newborn Screening Programs

Minnesota's Newborn Screening Programs are public health programs through which all infants born in the state are screened for a variety of disorders, including hearing loss. Through the Newborn Screening Program, MDH tests blood spots from each infant born in the state to screen for more than 50 heritable and congenital disorders. Parents must be informed they have the right to elect not to have the screening performed and a right to obtain private testing, or elect to have the screening performed but not have the blood samples test results stored. Also, through Early Hearing Detection and Intervention programs, hospitals screen infants for hearing loss. These programs allow for early intervention or treatment of conditions for which the infants are screened. [Minn. Stat. §§ 144.125-144.128; 144.966](#)

Statewide Health Improvement Program

The Commissioner of Health awards competitive grants to community health boards and tribal governments to implement strategies in certain settings, including local communities and schools, targeted at reducing obesity and the use of tobacco in the state. Grants under this program are limited by available funding. [Minn. Stat. § 145.986](#)

Consent for Health Services

Abortion

A minor seeking an abortion in Minnesota must either notify both parents of the intended abortion and wait 48 hours, or seek judicial approval for the procedure. A court may authorize an abortion if it finds either: (1) that the pregnant minor is mature and capable of giving informed consent, or (2) that authorizing the abortion without notification would be in her best interest.

An expedited confidential appeal is available to any minor for whom the court denies an order authorizing an abortion without notification. An order authorizing an abortion without notification is not subject to appeal. [Minn. Stat. § 144.343](#)

Note: Subdivision 2 of the above statute, which required a physician to notify both parents of an unemancipated minor at least 48 hours before the minor could receive an abortion and which did not include a judicial bypass provision, was declared unconstitutional by the U.S. Supreme Court on June 25, 1990. *Hodgson v. Minnesota*, [497 U.S. 417](#), 110 S. Ct. 2926 (1990). The remainder of the statute now operates as described above.

Anatomical Gifts

Emancipated minors and minors who are at least 16 years of age, as well as the minor's parent, may make an anatomical gift during the life of the donor. However, upon the death of an unemancipated minor, the minor's parent may revoke or amend an anatomical gift. Also, upon the death of an unemancipated minor who signed a refusal to donate, a parent of the minor may revoke the minor's refusal. [Minn. Stat. §§ 525A.04 and 525A.08](#)

Upon the death of a minor donor or a minor who had signed a refusal, the procurement organization must conduct a reasonable search for the minor's parents and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal. [Minn. Stat. § 525A.14](#)

Blood Donations

Any person age 17 or older may donate blood in a voluntary noncompensatory blood program without obtaining parental consent. Any person age 16 may donate blood with written permission from the person's parent or guardian. [Minn. Stat. § 145.41](#)

Emergency Treatment

Medical, dental, mental, and other health services may be provided to a minor without the consent of a parent or legal guardian when, in a professional's judgment, treatment should be given without delay. [Minn. Stat. § 144.344](#)

Financial Responsibility

A minor who gives legally effective consent for health services is financially responsible for the health services rendered. [Minn. Stat. § 144.347](#)

Hepatitis B Vaccination

A minor may give effective consent for a hepatitis B vaccination. [Minn. Stat. § 144.3441](#)

**Living Apart from
Parents and
Financially
Independent**

Any minor (1) who is living apart from his or her parents or legal guardian, with or without consent to do so and regardless of the duration of the separate residence, and (2) who is financially independent, regardless of the source or extent of his or her income, may give effective consent for medical, dental, mental, or other health services for himself or herself. [Minn. Stat. § 144.341](#)

**Marriage or Giving
Birth**

Any minor who has been married or has borne a child may give effective consent for personal medical, mental, dental, or other health services, and for services for the minor's child. [Minn. Stat. § 144.342](#)

**Parental Information
and Access to Health
Records**

A professional may inform a minor's parent or legal guardian of any medical treatment given to or needed by the minor where, in the professional's judgment, failure to inform the parent or guardian would seriously jeopardize the minor's health. [Minn. Stat. § 144.346](#)

For purposes of access to health records of a minor, the term "patient" includes a parent or guardian, or a person acting as a parent or guardian in the absence of a parent or guardian. The parent, guardian, or other person may access the minor's health records except where the minor:

- has received treatment related to pregnancy, venereal disease, or alcohol or drug abuse;
- has received emergency treatment or a hepatitis B vaccination;
- is living apart from his or her parents and is financially independent; or
- has been married or has given birth. [Minn. Stat. § 144.291, subd. 2, para. \(g\)](#)

**Pregnancy, Venereal
Disease, Alcohol or
Drug Abuse**

Any minor may give effective consent for medical, mental, or other health services to determine the presence of or to treat pregnancy, venereal disease, and alcohol and other drug abuse. [Minn. Stat. § 144.343, subd. 1](#)

**Representation to
Persons Rendering
Service**

If a minor represents that he or she is able to give effective consent for health services but in fact is not able to do so, his or her consent is effective if relied upon in good faith by the person rendering the health service. [Minn. Stat. § 144.345](#)

**Voluntary
Institutional
Treatment**

Any person 16 years of age or older may consent to hospitalization for observation or treatment of mental illness, chemical dependency, or mental retardation and may give valid consent for hospitalization, routine diagnostic evaluation, and emergency or

short-term acute care. For chemical dependency or mental illness treatment, a 16- or 17-year-old who refuses to consent to admission as a patient may be admitted with the consent of a parent or guardian, provided there is reasonable evidence that the proposed patient is chemically dependent or has a mental illness, and is suitable for treatment. Any person under age 16 may be admitted as a patient with the consent of a parent or guardian, so long as there is some independent review of the placement in accordance with *Parham v. J.R.*, 442 U.S. 584, 99 S. Ct. 2493 (1979). [Minn. Stat. §§ 253B.03](#), subd. 6, para. (d); [253B.04](#), subd. 1

Social Services

Adoption Assistance Program

Using a combination of state and federal monies, the Department of Human Services (DHS) makes adoption subsidies available to eligible families desiring to adopt a “special needs” child. Prospective adoptive parents of a child with special needs must, if adoption assistance is desired, negotiate an adoption assistance agreement before the adoption is finalized. An adoption assistance agreement may provide the family with monthly financial assistance, assistance with onetime or periodic supplemental maintenance expenses, MA eligibility for the child, or some combination of these. Adoption assistance agreements are revised as appropriate. [Minn. Stat. §§ 256N.23 to 256N.26](#); [ch. 259A](#)

Children’s Trust Fund for the Prevention of Child Abuse

Private and public organizations at the local level may develop and offer services and education programs designed to help prevent child abuse before it occurs. Many such offerings are financed through grants obtained from the state Children’s Trust Fund for the Prevention of Child Abuse. The trust fund, which is administered by DHS, is supported primarily by a surcharge on birth certificate filings. It is also supported by federal, state, and private contributions. [Minn. Stat. §§ 256E.20 to 256E.26](#)

Maltreatment of Minors Act

Any person may report abuse or neglect of a child, but state law requires certain professionals to report information if they know or have reason to believe a child is being abused or neglected, or has been abused or neglected within the preceding three years. The term “abuse” includes sexual abuse, physical abuse, threatened abuse, and mental injury. Reports are made to local welfare, state agency, or law enforcement personnel. A failure to report is prosecuted by the county attorney.

Local county welfare agencies are required to assess or investigate all reports, unless the report alleges neglect or abuse in a child care,

residential, or medical facility licensed by MDH or DHS, or in a school. Reports of abuse or neglect in a facility licensed by DHS or MDH are investigated by those agencies. Reports of abuse or neglect in a school are investigated by the Department of Education.

The act sets out special procedures that local welfare, state, and law enforcement agencies must follow in regard to conducting a family assessment or an investigation to determine if abuse or neglect has occurred. Welfare agencies must also provide protective services where necessary. “Protective services” can range from maintaining the child at home while providing services to the family to removing the child from the home and placing him or her in an out-of-home foster care placement. [Minn. Stat. § 626.556](#). See *Overview of the Maltreatment of Minors Act*, House Research Department, August 2012.

Child Care Assistance

Counties provide child care subsidies on a sliding fee scale to eligible low-income families through the Basic Sliding Fee child care program, and to families receiving assistance under the Minnesota Family Investment Program (MFIP) and the transition year child care programs. Participating families may choose any legal child care provider to care for children under the age of 13 (see Health and Safety Regulation of Child Care Settings, page 76). The amount of a family’s sliding fee, or copayment, depends upon the family’s total income, the size of the family, and the child care provider’s rate. The minimum required copayment is \$5.00 per month for families with incomes between 75 percent and 100 percent of the federal poverty level. The copayment amount increases as a family’s income increases. Counties use a variety of federal, state, and county funds to pay for these child care assistance programs. [Minn. Stat. §§ 119B.011 to 119B.16](#)

Child Welfare

Counties are required to provide child welfare services to assure protection and financial assistance for children confronted with social, physical, or emotional problems requiring assistance. Counties must make child welfare services available as required by law, by the Commissioner of Human Services, or by the courts. [Minn. Stat. § 393.07](#). Child welfare services are primarily funded through county property tax revenues. Counties also receive federal and state funds through the Vulnerable Children and Adults Act. [Minn. Stat. §§ 256M.01 to 256M.90](#)

**Vulnerable Children
and Adults Act**

The Vulnerable Children and Adults Act consolidates various state and federal social services grants to counties into a single consolidated grant that counties must use to address the needs of vulnerable children and adults. It specifies how children and community services grants will be allocated to the counties, and the various duties of the Commissioner of Human Services and the counties with regard to the administration of the consolidated grant. This act replaced the Children and Community Services Act and gives counties greater flexibility in administering the vulnerable children and adults grants. [Minn. Stat. §§ 256M.01 to 256M.80](#)

**County of Financial
Responsibility**

Under the state's unitary residence and financial responsibility statute for public assistance and social services, the county of financial responsibility for a minor is generally the county in which her or his parents reside at the time of application for services. [Minn. Stat. § 256G.02](#), subd. 4, [256G.07](#), [256G.10](#). In re *Matter of the Financial Responsibility for the Out-of-Home Placement Costs for S.M.*, 812 N.W.2d 826 (Minn. 2012)

**Out-of-Home
Placement Plans,
Reviews, and
Permanency Plans**

Social service agencies must prepare an out-of-home placement plan within 30 days after a child enters an out-of-home placement. Agencies are also required to conduct administrative reviews of out-of-home placements no later than 180 days after initial placement and at least every six months thereafter to monitor and update the out-of-home placement plan. As an alternative to the administrative review, the social service agency may seek court review, where applicable, in order to assure that children have been appropriately placed and that their out-of-home placement plans are being implemented. [Minn. Stat. § 260C.212](#)

Social service agencies must file pleadings with the juvenile court to establish the basis for the permanent placement determination of a child in an out-of-home placement. The court must conduct a hearing to determine the child's permanent status. Generally, this hearing must occur no later than six months after the child has entered the out-of-home placement. [Minn. Stat. § 260C.204](#). (See the Juvenile Court section, beginning on page 105, for a general discussion of the role of the juvenile courts.)

**Voluntary Foster
Care for Treatment,
Reviews, and
Permanency Plans**

The social service or child-placing agency must obtain a judicial review within 165 days of a child's placement in voluntary foster care for treatment due to emotional disturbance or developmental disability. An administrative review must be conducted prior to the judicial review. [Minn. Stat. §§ 260D.05; 260D.06, subd. 1](#)

If a child remains in care for 13 months from the date of the voluntary placement agreement and the agency determines there are compelling reasons to continue the placement, the agency must seek judicial approval in order to continue the placement. At the hearing, the court must review the permanency plan with the family and the child, if the child is age 12 or older. [Minn. Stat. § 260D.07](#)

The matter must be reviewed by the court at least every 12 months if the child continues in voluntary foster care for treatment. [Minn. Stat. § 260D.08](#)

Medical Neglect

State law defines withholding medically indicated treatment from a disabled infant with a life-threatening condition as a form of neglect that must be reported under the Maltreatment of Minors Act. It also specifies what types of treatment are medically indicated and lists circumstances in which the infant's treatment can be limited. [Minn. Stat. § 260C.007, subd. 6](#)

If a local welfare agency receives a report of medical neglect, the agency must consult the hospital and parents and, if necessary, obtain a court order for an independent medical examination and to prevent the withholding of the indicated treatment from the infant. [Minn. Stat. § 626.556, subd. 10c](#)

Public Assistance

A child's eligibility for MFIP and the other major publicly funded assistance programs is generally tied to his or her family's eligibility for the program. However, a child with disabilities who meets certain income and asset criteria may be eligible in his or her own right for MA or MinnesotaCare. (See page 63.)

For a full description of the special eligibility requirements and benefits of the major public programs providing assistance to families, see [Minnesota Family Assistance](#), House Research Department, November 2012.

**Relative Custody
Assistance**

If a court order establishes the legal and physical custody of a "special needs" child with a relative, the local agency must determine whether the relative is eligible for a monthly cash grant, called a "relative custody assistance payment," to assist the relative in caring for the child. The amount of the relative custody assistance payment varies with the relative's income. If the relative's income is above 300 percent of the federal poverty

guidelines, no assistance is paid. The relative custody assistance program is state funded and is not an entitlement. [Minn. Stat. § 257.85](#)

Counties are required to determine whether, after the birth of her child, a minor mother has a plan to care for herself and her child. If one is needed, the county must work with the minor mother to develop the plan, and the county must provide case management services as needed. [Minn. Stat. § 257.33, subd. 2](#)

Early Childhood Programs

**Early Childhood
Family Education**

School districts provide early childhood family education (ECFE) programs for children from birth to the start of kindergarten and their families; if funds are insufficient, the program should focus on children from birth to age three. ECFE activities are designed to improve parents' skills and the health, development, and learning readiness of children. State aid and local property tax levies fund these programs. If a local school board establishes an ECFE program, all resident families with prekindergarten children are eligible to participate. State law requires substantial parental involvement in all ECFE activities. The purpose of the parent involvement and education component is to enhance the skills of parents to support their children's learning and development. ECFE funds may not be used for traditional child care, nursery, or preschool programs. Many ECFE programs include a home visiting component for at-risk or isolated families (see page 65). All Minnesota school districts may offer ECFE programs. [Minn. Stat. §§ 124D.13; 124D.135](#)

Head Start

Head Start is a federally funded program that provides an array of services, including preschool education, parenting classes, jobs programs, nutrition and health-related services, and other assistance to preschool children and their families with annual incomes below the poverty line. Federal health and human services regulations require that the families of at least 90 percent of students enrolled in a Head Start program have incomes at or below the federal poverty guidelines (\$23,850 for a family of four in 2014) or receive welfare assistance. Local grantees must reserve 10 percent of program slots for children with disabilities. The program was established in 1964 to help break the cycle of poverty by offering disadvantaged children the social and educational services available to more affluent families and by involving the entire family and the local community in the children's development.

The federal Department of Health and Human Services currently administers \$7.9 billion in funds that flow directly to local grantees (cities, school districts, public and private agencies, community organizations, and individuals). Nationally Head Start served 962,000 low-income children in 2012. In Minnesota, 35 local Head Start grantees served about 18,000 children using \$96 million in federal funds and \$20 million in state funds.

Grantees must coordinate the Head Start program with other community child care providers and preschool programs to increase the availability of full-day, full-year child care services. A child in a typical Head Start program is three or four years old and attends four half-day center-based programs per week. All Head Start programs must meet federal performance standards, and all center-based programs must meet Minnesota Department of Human Service rules for licensed child care centers. [Minn. Stat. §§ 119A.50 to 119A.53](#); [45 C.F.R. parts 1301-1311](#)

Early Childhood Developmental Screening

A school district must provide early childhood developmental screening targeting children ages three to four years old. The screening may be done by either the school district, a public or private health organization, or individual health care provider. A public school must receive proof of screening within 30 days of enrolling a child in kindergarten or the child may not continue to attend school. An exception to the screening requirement is made for children whose parents provide the school with a signed statement that screening is precluded by conscientiously held beliefs. A record of the screening must be sent to the parent or guardian of each participating child, and the school district must keep a duplicate copy. All data collected in the screening process are private data. Data on an identifiable child may only be disclosed with parental consent.

The mandatory components of preschool screening include developmental assessments, hearing and vision screening, immunization review and referral, measures of height and weight, assessment of risk factors that could influence learning, a parent interview, and referrals for identified needs. A school board may offer additional components, including nutritional, physical, and dental assessments. Mandatory screening components must be consistent with standards established by the Commissioner of Health. Parents must be notified of any condition that requires diagnosis and treatment, and the school district must ensure appropriate follow-up. [Minn. Stat. § 121A.17](#)

**Part C – Infants and
Toddlers with
Disabilities**

Federal funds are used for services for eligible young children with disabilities from birth to age two and their families. A child with a hearing impairment, visual disability, speech impairment, or other disability is eligible for services. An individualized family service plan (IFSP) sets out the necessary interagency services for an eligible child. The interagency early childhood intervention project is an effort of the Minnesota Departments of Education, Health, and Human Services, funded by a federal grant through Part C (formerly known as Part H) of the Individuals with Disabilities Education Act (IDEA). An initial evaluation and assessment determines a child's eligibility and developmental needs. An individualized service plan is developed to meet the eligible child's needs and skills. Core intervention services are free to participants. Core services include identification and referral, screening, evaluation, assessment, service coordination, and age-appropriate special instruction and services. [Minn. Stat. §§ 125A.26-125A.48](#)

A child under age three who is involved in a substantiated case of child abuse or neglect is eligible for referral to early intervention services funded under Part C of IDEA. **Pub. L. No. 105-17, IDEA (Part C)**

School Readiness

The School Readiness program is offered by school districts for children ages three to school enrollment age. Children must undergo a developmental screening before participating in the program. Participation is voluntary and services are free or available on a sliding fee schedule that may be waived. Priority is given to children who are developmentally disadvantaged or have risk factors that could impede their learning.

The program includes developmental and learning components, health-referral services, nutrition, parental involvement, and outreach. Services may be site- or home-based. State law requires coordination with social service providers and other agencies. This program is funded with state aid; participant fees may be used to supplement the program. [Minn. Stat. §§ 124D.15; 124D.16](#)

Health and Safety Regulation of Child Care Settings

License Required	To protect the health, safety, and welfare of children in child care settings, the state Human Services Licensing Act prohibits an individual, corporation, partnership, voluntary association, other organization or controlling individual from providing child care services without a state license. The licensing process ensures that child care services meet certain minimum standards. Operating a child care program without a license is a misdemeanor. Minn. Stat. §§ 245A.03; 245A.04; Minn. Rules, parts 9502.0315 to 9502.0445 (family day care) and 9503.0005 to 9503.0170 (child care centers)
Permitted Exceptions to Licensure Requirement	The licensing act specifies certain exceptions to the general requirement that child care providers must be licensed. Under these exceptions, some types of child care may be provided without a license. Minn. Stat. § 245A.03, subd. 2
Mandated Reporters	All licensed child care providers are mandated reporters under the state's Maltreatment of Minors Act. (See also page 69) Minn. Stat. § 626.556, subd. 3
Right of Access	The licensing act requires that the Commissioner of Human Services, or the commissioner's designated representative, be given access to a licensed child care program whenever the program is in operation. Child care centers must also permit parents of enrolled children to visit the center at any time during the center's hours of operation. Minn. Stat. § 245A.04, subd. 5; Minn. Rules, part 9503.0095

Instruction Permit

Minnesota has a graduated system of licensing drivers in which driving privileges expand as new drivers gain experience. A minor who is at least 15 years old and is enrolled in a driver's education program can receive an instruction permit once certain conditions have been met, including parental approval, completion of the classroom portion of a driver's instruction program or at least 15 hours of classroom in a program offering classroom and behind-the-wheel concurrently, and passing a vision test as well as a test of knowledge of traffic laws. The instruction permit is valid for two years and authorizes the holder to drive only when accompanied by a driver's education instructor, parent, guardian, or other licensed driver over the age of 21.

The permit holder may not use a cellular telephone or other wireless communication device (both handheld and hands free) while the vehicle is in motion, except when calling for emergency assistance about a crime or if someone's life is in danger.

If a minor is convicted of a moving violation or of certain violations related to alcohol, his or her permit can be revoked. If a minor has ever been convicted of driving while impaired, violated the open bottle law, refused to take a chemical test for intoxication, or had a crash-related moving violation, he or she won't be issued a permit. [Minn. Stat. §§ 169.475; 171.05, subds. 2, 2b](#)

Provisional Driver's License

When a minor is at least 16 years old, has held an instruction permit for at least six months, and has finished a driver's education program, the person can apply for a provisional license. The application must be approved by a parent or guardian, who must certify that the minor has completed at least 50 hours of supervised driving while holding the permit (or 40 hours if the main driving supervisor had completed supplemental curriculum), including at least 15 hours of driving at night. With the provisional license, the minor may drive in the same manner as a holder of a standard license except that: (1) the minor may not use a telephone while the vehicle is in motion, except when calling for emergency assistance about a crime or if someone's life is in danger; (2) limitations are imposed on the allowed number of passengers outside of immediate family;¹ and (3) for the first six months the provisional license holder may only drive between midnight and 5:00 a.m. under limited circumstances, including work or school-related activities or if a licensed driver at least 25 years of age is present.

¹ The passenger limitations are no more than one passenger age 19 or younger during the first six months of provisional licensure, and no more than three passengers 19 or younger during the next six months.

If the minor has in the previous six months been convicted of driving while impaired, violated the open bottle law, refused to take a chemical test for intoxication, or had a crash or noncrash related moving violation, he or she won't be issued a provisional license. [Minn. Stat. § 171.055](#)

Full License

A minor can obtain a standard under-21 driver's license when the person:

- has had a provisional license for 12 months without (1) incurring any moving violations in connection with a crash or more than one moving violation not related to a crash; (2) a conviction for driving while impaired, an open bottle violation, refusal to take a chemical test for intoxication; or (3) a crash-related moving violation;
- has parental approval; and
- has completed at least ten additional hours of driving under the supervision of a licensed driver age 21 or over.

[Minn. Stat. §§ 171.04, subd. 1; 171.055](#)

Farm Work License

A minor who is at least 15 years old, holds an instruction permit, and is otherwise qualified to hold a driver's license may get a restricted license for farm work. A farm work license holder may operate a vehicle unaccompanied only if: (1) performing farm-related work, (2) driving within 20 miles of the farmhouse, (3) driving during daylight hours, and (4) driving outside of cities of the first class. Otherwise, the driver must be accompanied by a licensed driver age 21 or older. [Minn. Stat. § 171.041](#)

Motorized Bicycle (Moped) Permits

A motorized bicycle (commonly referred to as a moped) can be operated by minors who hold a driver's license or a specialized permit. A youth who is at least 15 years old may obtain: a motorized bicycle instruction permit, upon completion of a safety course and the written portion of an exam; or a motorized bicycle operator's permit, upon passage of an exam. [Minn. Stat. §§ 169.223, subd. 2; 171.02, subd. 3](#)

Motorized Foot Scooters

Motorized foot scooters may be operated by minors at least 12 years old who wear a helmet. The operator has roughly the same rights and responsibilities as a bicyclist. The motorized foot scooter may not be operated on the sidewalk, but it can be used on a bicycle lane or path unless: (1) the pathway is reserved for nonmotorized use, or (2) operation is restricted by a local government. [Minn. Stat. § 169.225](#)

Two-Wheeled Vehicle Instruction Permit	A minor over the age of 16 may obtain a two-wheeled vehicle instruction permit if the person holds a driver's license, is taking a two-wheeled vehicle safety course, passes a written test, and pays the permit fee. A permit holder faces some operation restrictions, including not carrying passengers and not driving at night. The permit allows operation of motorcycles as well as motor scooters. Minn. Stat. § 169.974, subd. 2
Two-Wheeled Vehicle License Endorsement	To obtain a two-wheeled vehicle endorsement on the driver's license, a person under age 18 must have an instruction permit, pass a written exam, pass a road test, and complete a safety course. The license endorsement allows operation of motorcycles as well as motor scooters. Minn. Stat. § 169.974, subd. 2
Mandatory Use of Protective Headgear	Persons under the age of 18 must wear protective headgear while operating or riding a motorcycle, motor scooter, motorized bicycle, or motorized foot scooter on public roadways. Violation of this statute is a petty misdemeanor. Minn. Stat. §§ 169.223; 169.225; 169.974
Snowmobile Operation	No person under the age of 18 may operate or ride a snowmobile without wearing a helmet. Various other provisions apply including adult accompaniment requirements and restrictions where the snowmobile may be operated. Minn. Stat. § 84.872
Personal Watercraft Operation	Minors under age 13 are not permitted to operate personal watercraft, regardless of horsepower, except in an emergency. Minn. Stat. § 86B.313, subd. 2 . A minor who is at least 13 but less than 18 years old may not operate a personal watercraft without an operator's permit unless someone at least 21 years old is on board the craft. If the minor is 13 years old, the minor must also be visually supervised by someone at least 21 years old, in addition to obtaining a permit. Minn. Stat. § 86B.313, subd. 3 . In order to obtain a permit, a minor must pass an educational course and a test. Minn. Stat. § 86B.101, subd. 2
Automobile Insurance	A minor may enter into a contract to purchase automobile insurance. The contract is binding on the minor as if the minor were an adult. An insurer is not required to issue insurance coverage to the minor, however. Minn. Stat. § 65B.136
Driving While Talking on Cell Phone or Texting	A person under the age of 18 who has an instruction permit or a provisional license may not drive a vehicle while using a cell phone or other wireless communication device to make a call or to compose, read, or send an electronic message. ² A violation is a petty misdemeanor. Minn. Stat. §§ 169.475; 171.05, subd. 2b; 171.055, subd. 2

² The prohibition on texting while driving applies to all persons operating a motor vehicle, whereas the prohibition on using a cell phone to make a phone call applies only to drivers under the age of 18.

Unlawful Acts by Youths

Minnesota law prohibits young people from performing certain activities that adults are allowed to do and imposes penalties for such conduct. Minnesota law also requires young people to do certain things in order to protect their welfare. The rationale behind these laws is that, due to the harmful nature of the activity and the immature judgment of young people, it is necessary to place stricter controls on youths than adults.

Purchase and Consumption of Alcoholic Beverages
(*Misdemeanor; Gross Misdemeanor*)

No person under 21 years of age may purchase alcoholic beverages or possess or consume alcoholic beverages at a place other than his or her parent's home. This prohibition does not apply if the underage person's activity is undertaken for training, education, or research purposes and is supervised by a responsible person who is over the age of 21. Increased penalties apply to underage purchasers who misrepresent that their age is 21 or older if they have been convicted previously of such an offense. For purposes of these provisions, a person is not 21 years of age until 8:00 a.m. on the day of the person's 21st birthday.

The law provides immunity from prosecution for underage possession or consumption if a person contacts 911 to seek medical assistance. [Minn. Stat. §§ 340A.503; 340A.702; 340A.703](#)

Repeat violations are subject to increased penalties. A violation of this prohibition is punishable by a number of juvenile court dispositions, including probation, fine, and loss of driver's license or driving privileges. [Minn. Stat. §§ 609.685; 260B.235; 171.171](#)

Curfew Ordinances

Although there are no statewide curfew restrictions for minors, state law authorizes local governments to enact local curfew ordinances and specifically authorizes county boards to adopt countywide curfews applicable to all unmarried minors. Any countywide curfew ordinance adopted in the seven-county metropolitan area must contain an earlier curfew for children under age 12 than for older children. [Minn. Stat. § 145A.05, subd. 7a](#)

Gambling
(*Misdemeanor; Petty
Misdemeanor*)

A person under age 18 may not: (1) buy a lottery ticket; (2) make a bet or cash a winning ticket at a racetrack; or (3) participate in lawful gambling (except for certain bingo games). It is a crime for an adult to engage in sexual conduct with a minor when that person has a significant relationship to the minor, or is the minor's guardian. Part 2: The Courts

Minnesota law makes distinctions between adults and minors not only with regard to substantive rights and responsibilities, as described in Part 1, but also with respect to the type of court procedures under which these rights and responsibilities are judicially decided. Part 2 explains these court procedures in three sections.

Civil Adult Court describes procedures applicable to minors who are parties or witnesses to civil lawsuits in adult court.

Criminal Adult Court describes procedures applicable to minors who are involved in criminal cases in adult court as witnesses or parties. It also explains certain procedural protections pertaining to the care and custody of minors found to have committed criminal acts.

Juvenile Court describes the purposes and procedures of the juvenile court, which hears most cases involving unlawful acts committed by minors and cases involving children in need of protection or services from the state.

Civil Adult Court

This section describes the rights and restrictions affecting minors as parties or witnesses in civil lawsuits in adult court.

Parental Liability for Children's Torts and Contracts.....	100
Parents' Liability to Children.....	100
Injury to Minors	100
Statute of Limitations.....	100
Minors as Witnesses	100

Parental Liability for Children's Torts and Contracts

The parent or guardian of a minor who willfully or maliciously causes personal injury or property damage, including damage from graffiti, is jointly and severally liable for up to \$1,000 in damage if the child would be liable for damages if he or she had been an adult when the damage occurred. A parent or guardian may be liable for up to \$5,000 in a civil action for conduct that would be a bias crime if the parent or guardian did not make reasonable efforts to exercise control over the minor's behavior. In some cases, the minor or the minor's parent or guardian will also be responsible for the attorney's fees and costs of the injured party. [Minn. Stat. §§ 540.18; 611A.79, subd. 4; 617.90](#)

The general rule is that minors are not bound by contracts that they enter if the minor disaffirms the contracts provisions within a reasonable time of reaching the age of majority. *Kelly, Jr. v. Furlong*, 261 N.W. 460 (1935). Accordingly, unless a minor's parent cosigned the contract, a court generally cannot compel a parent to fulfill a minor's contractual obligations. A court may impose contractual liability on a parent if the child is not emancipated and the contract is for a "necessity" (e.g., food, clothing, shelter).

Parents' Liability to Children

Children may sue their parents for torts. Parents are judged by a "reasonable parent" standard in determining whether they are negligent. *Anderson v. Stream*, 295 N.W.2d 595 (Minn. 1980).

Injury to Minors

A parent or court appointed guardian may bring suit to recover for injury done to a minor child. If a parent does not bring a suit, a guardian ad litem is eligible to do so. [Minn. Stat. § 540.08](#)

Statute of Limitations

The statute of limitations does not run while a person is a minor. A statute of limitation does not begin to run on a minor's legal right of action until he or she is 18 unless parents file suit before then, with two exceptions. The suspension of the statute of limitations ceases in a medical malpractice case either seven years after the action arises or one year after the plaintiff turns 18. In cases of sexual abuse against a minor there is no statute of limitations, unless the offender was under 15 or the claim is against a school, church, or organization, in which case the claim against that defendant must be brought before the victim is 24 years old. [Minn. Stat. §§ 541.073; 541.15](#)

Minors as Witnesses

A child under the age of ten is a competent witness unless he or she lacks the capacity to remember or to relate facts truthfully. [Minn. Stat. § 595.02, subd. 1, para. \(n\)](#)

If a child 16 years old or older is certified to adult court and is convicted of a felony offense, he or she may be charged and tried in adult court for any subsequent felony without going through the juvenile court's certification process.

A child who is alleged to have committed first-degree murder after becoming 16 years old may be charged and convicted in adult court without going through the juvenile court's certification process, and without regard to the child's previous criminal or juvenile court record. [Minn. Stat. § 595.02, subd. 3](#)

Testimony by Closed Circuit TV or Videotape

A child under 12 years old who is a victim of physical or sexual abuse or another violent crime or who is a witness to the physical or sexual abuse of another may be allowed to give testimony over closed-circuit TV or on videotape, if the court decides that use of these devices is necessary to allow the child to testify without undue psychological trauma. The Commissioner of Corrections is prohibited from placing in a penal institution any juvenile referred by the juvenile court. [Minn. Stat. § 242.14](#)

It is a misdemeanor for any person to abduct, conceal, or improperly interfere with any inmate in a juvenile correctional facility. [Minn. Stat. § 242.47](#)

Expungement of Certain Criminal Records

A juvenile who has been certified to stand trial as an adult in criminal court and who is convicted of a crime may petition for the expungement of the criminal record if the juvenile has been discharged from the custody of the Department of Corrections or has successfully served the conditions of probation ordered by the court. If expungement is approved by a court, the juvenile's criminal record is sealed and cannot be reopened except under limited circumstances. (Juvenile offender photographs or images may not be expunged from law enforcement records or databases.) Expungement of delinquency records is discussed on page 116. [Minn. Stat. §§ 13.82; 609A.02, subd. 2; 609A.03](#)

Purpose and Jurisdiction of Juvenile Court

The juvenile court in Minnesota is authorized to hear and decide two main categories of cases:

- those involving juveniles who commit unlawful acts
- those involving children who, for a variety of reasons, are in need of protection or services by or from the juvenile court (CHIPS)⁵

The juvenile court, however, lacks jurisdiction over two types of juvenile offenders:

(1) juveniles 16 years old or older who are alleged to have committed first-degree murder, and
(2) juveniles 16 years old or older who are alleged to have committed a petty misdemeanor-level traffic offense or a DWI or related nonfelony offense. The district (adult) court has jurisdiction over these offenders. [Minn. Stat. §§ 260B.007](#), subd. 6; [260B.101](#); [260B.225](#)

The juvenile court is also responsible for the following:

- **terminations of parental rights** (TPR) to a child. Parental rights may be terminated by the court either: (1) for good cause with parental consent, or (2) if the child has been abandoned, continuously neglected, or the parent's conduct shows a clear unwillingness or unfitness to be a parent ([Minn. Stat. §§ 260C.101](#), subd. 2(1); [260C.301](#))
- appointments and removals of **guardians** for minors ([Minn. Stat. § 260C.101](#), subd 2(3))
- juvenile **marriages** ([Minn. Stat. § 260C.101](#), subd. 2(4))
- **adoption matters** ([Minn. Stat. § 260C.101](#), subd. 2(5))
- periodic review of a child's placement in **foster care** ([Minn. Stat. § 260C.101](#), subd. 2(6))
- review of **voluntary foster care placement of a child for treatment** due to an emotional disturbance or developmental disability or related condition ([Minn. Stat. §§ 260C.101](#), subd. 2 (7); [260D.001](#))
- **permanency matters** for a child in foster care ([Minn. Stat. §§ 260C.101](#), subd. 2(2); [260C.503](#))
- **persons** (including adults) alleged to be **contributing to the neglect, delinquency, or juvenile petty offender status of a minor**. Juvenile courts may order relief of a civil or injunctive nature and hear and decide a gross misdemeanor criminal charge in these cases ([Minn. Stat. §§ 260B.335](#); [260B.425](#))
- **reestablishment of a legal parent and child relationship** ([Minn. Stat. §§ 260C.101](#), subd. 2(8); [260C.329](#))

Records of juvenile court delinquency actions are accessible to the minor and his or her parents or guardian. Juvenile delinquency records may be seen by others outside the judicial and law

⁵ In 2012, the legislature renamed [chapter 260C](#) as the juvenile protection provisions of the Juvenile Court Act. Juvenile protection proceedings include CHIPS matters, permanency matters including termination of parental rights (TPR), postpermanency reviews, and adoption matters. This publication will continue to highlight CHIPS and TPR matters even where they have been changed in statute to generally reference juvenile protection proceedings. *See Laws 2012, ch. 216.*

enforcement systems in most cases only with a court order, except in the following situations:

- The victim of any alleged delinquent act may obtain the name and age of the juvenile, the act for which the juvenile was petitioned, the date of the offense, and the disposition of the case. [Minn. Stat. § 260B.171, subd. 4](#)
- A county attorney may give a law enforcement agency that referred a delinquency matter to the county attorney a summary of the results of that referral, including the details of any juvenile court disposition. [Minn. Stat. § 260B.171, subd. 4](#)
- Court disposition orders in certain cases are shared with schools as discussed on page 37. [Minn. Stat. § 260B.171, subd. 3](#)
- Records of adjudications, court transcripts, and delinquency petitions must be released to law enforcement agencies and prosecuting authorities for purposes of investigating and prosecuting crimes committed for the benefit of a gang. [Minn. Stat. § 260B.171, subd. 1](#)

All delinquency proceedings conducted by the juvenile court are closed to the public except: (1) hearings and court records⁶ involving minors 16 years or older are open to the public if the minor is accused of a felony-level offense; and (2) a victim of a child's delinquent act may attend any related delinquency proceeding, subject to the court's authority to exclude the victim for specified reasons. [Minn. Stat. § 260B.163, subds. 1, 3](#)

The Bureau of Criminal Apprehension (BCA) retains juvenile history data on a child against whom a delinquency petition was filed and continued without adjudication, or a child who was found to have committed a felony or gross misdemeanor-level offense, until the child reaches age 28. If, however, the offender commits a felony violation between the ages of 18 and 28, the bureau retains the juvenile data for as long as the data would have been retained if the offender had been an adult at the time of the juvenile offense. Juvenile data held by the BCA are private data but accessible to criminal justice agencies, courts, and public defenders. In addition, the BCA must disseminate a juvenile adjudication record in connection with a background check required by statute. [Minn. Stat. § 299C.095, subds. 1\(b\) and 2](#) See also the House Research publication *Criminal Background Check Statutes: An Overview*, February 2014.

Absent exceptional circumstances, juvenile protection hearings (except adoption proceedings) are presumed accessible to the public. In addition, most juvenile protection case records are presumed accessible to the public pursuant to the Rules of Juvenile Protection Procedure. The court, however, may close any hearing and related records as provided in rules. [Minn. Stat. §§ 260C.163, subd. 1; 260C.171; Minn. R. Juv. Prot. P. 8](#)⁷

⁶ Except for criminal justice and other government agencies, public juvenile delinquency records are not remotely accessible, but may be accessed in electronic or paper form at a court facility. [Minn. R. Juv. Del. 30. 02](#). In 2013 the legislature passed a more restrictive law on electronic record access which the Supreme Court declined to adopt. See [Minn. Stat. § 260B.171, subd. 9](#); Order Promulgating Amendments to the Minnesota Rules of Delinquency Procedure, ADM 10-8003 (May 14, 2014).

⁷ Examples of records that are not accessible to the public include medical records, records that identify a reporter of abuse or neglect, and records that identify a minor victim of alleged or adjudicated sexual assault. [Minn. R. Juv. Prot. P. 8.01, 8.04, 27.01](#).

Juveniles Who Commit Unlawful Acts

As mentioned earlier, one important type of case generally assigned to the juvenile court involves minors who engage in unlawful conduct. In contrast to the adult courts, the juvenile proceeding in this context is not a criminal proceeding designed to determine criminal responsibility and punishment but, rather, is a civil proceeding designed to protect the child from the consequences of his or her own conduct, develop individual responsibility for unlawful behavior, rehabilitate him or her, and, at the same time, promote public safety. [Minn. Stat. § 260B.001, subd. 2](#)

Juveniles committing unlawful acts fall into one of the following categories, depending mostly on the nature of the conduct involved:

- **Delinquents:** children 10 years of age or older who commit acts that would be unlawful if committed by an adult, except for those the law designates as petty offenses [Minn. Stat. § 260B.007, subd. 6](#); *In re Welfare of S.A.C.*, 529 N.W.2d 517 (Minn. App. 1995)⁸
- **Extended jurisdiction juveniles:** children 14 years old or older who commit felony-level delinquent acts and who are designated as being in this category by the prosecutor or the court [Minn. Stat. 260B.130](#)
- **Petty offenders:** children who engage in conduct that is unlawful for them but not unlawful for adults (i.e., status offense), such as violating curfew, drinking, and smoking. Also included in the petty offender category are juveniles charged with their first or second nonviolent misdemeanor offense, with the exception of certain designated offenses [Minn. Stat. § 260B.007, subd. 16](#)
- **Juvenile traffic offenders:** children who violate traffic laws. In certain cases, depending on the age of the child and the nature of the traffic offense, the matter may be handled exclusively by the adult court rather than the juvenile court [Minn. Stat. § 260B.225](#)

Safe Harbor

Juveniles who are alleged to have committed prostitution are not considered delinquents or petty offenders, but rather are considered sexually exploited youth and fall under the juvenile protection laws (i.e., CHIPS).

⁸ However, children who commit traffic offenses are not labeled as delinquents, even if the conduct would have been unlawful if committed by an adult. [Minn. Stat. § 260B.225](#). Similarly, children who commit certain nonviolent misdemeanors or who are found in possession of a small amount of marijuana are classified as petty offenders rather than delinquents. [Minn. Stat. § 260B.007, subd. 16](#).

Certification for Adult Prosecution

In some cases, the juvenile court may decide that a child over the age of 14 who is accused of a particularly dangerous offense and/or has engaged in criminal conduct in the past would be handled more appropriately in the adult court. These alleged delinquents may be “certified to adult court for criminal prosecution” upon motion by the prosecutor if the juvenile court finds, after a hearing, that there is probable cause to believe the child committed a felony offense and that there is clear and convincing evidence that public safety is not served by handling the case in juvenile court. Once a child has been certified to the adult court for prosecution he or she may be prosecuted, convicted, and sentenced⁹ as if he or she were an adult.

The law presumes that certain juvenile offenders will be certified to adult court for criminal prosecution. A child is subject to this presumption if:

- the child was 16 or 17 years old at the time of the felony offense; and
- the court finds probable cause to believe the child committed either: (1) a felony offense that would result in a presumptive commitment to prison under the sentencing guidelines and applicable statutes (generally violent or other repeat serious offenses); or (2) any felony offense while using a firearm.

In such cases, the child has the burden to rebut the presumption by clear and convincing evidence demonstrating that retaining the case in juvenile court serves public safety. If the child does not rebut the presumption, the court must certify the case to adult court. [Minn. Stat. § 260B.125](#)

⁹ In a line of cases from 2005 to 2012, the U.S. Supreme Court addressed the issue of culpability of children in adult sentencing. The Court held that the Eighth Amendment bars capital punishment for children, prohibits a life sentence without the possibility of parole for children who committed nonhomicide offenses, and forbids a sentencing scheme that *mandates* life in prison without the possibility of parole for child offenders. *Ropers v. Simmons*, [543 U.S. 551](#) (2005); *Graham v. Florida*, [560 U.S. 48](#) (2010); *Miller v. Alabama*, 132 S. Ct. 2455 (2012)

Dispositions for Juvenile Offenders and Juvenile Petty Offenders

Assuming the juvenile court retains jurisdiction over the alleged juvenile offender, and, after a hearing, determines that the child did engage in the unlawful conduct, the court has available to it a variety of dispositions, including: fines, probation, counseling, home detention, sex offender treatment, placement out of the home, loss of driver's license, restitution or community service, residency restrictions, and (for delinquents only) commitment to the Commissioner of Corrections for placement in a state juvenile correctional facility. A juvenile adjudicated delinquent for a predatory offense (as defined in statute) must register as a predatory offender. A juvenile petty offender may not be placed outside the home except for in-patient treatment for chemical dependency. The juvenile court's jurisdiction over the child lasts until the child's 19th birthday. [Minn. Stat. §§ 243.166, subd. 1b; 260B.193, subd. 5; 260B.198; 260B.225; 260B.235](#)

Extended Jurisdiction Juveniles

A juvenile offender alleged to have committed a felony-level offense after reaching the age of 14 may be prosecuted as an "extended jurisdiction juvenile" (EJJ) instead of being certified to adult court or dealt with as a juvenile delinquent. This intermediate category may apply to the following offenders:

- 14- to 17-year-olds who are designated EJJ's instead of being certified to adult court following a certification hearing
- 16- and 17-year-olds who would have been subject to the presumption in favor of certification but who are, instead, designated EJJ by the prosecutor
- 14- to 17-year-olds who are designated EJJ's by the court after a hearing on the matter

A child who is designated an EJJ has the right to a jury trial in juvenile court and the effective assistance of counsel on the issue of guilt.

If an EJJ is convicted of the offense, the child receives both a juvenile disposition and a stayed adult sentence. This stayed adult sentence may be executed and the child may be sent to prison if the child violates the terms of the juvenile disposition order. The court's jurisdiction over an EJJ lasts until the child's 21st birthday, unless terminated sooner by the court. [Minn. Stat. §§ 260B.130; 260B.193, subd. 5](#)

CHIPS Cases

The other major category of cases the juvenile court hears are those involving "children in need of protection or services" (CHIPS). Grounds for invoking the juvenile court's CHIPS jurisdiction include the following:

- the child is abandoned
- the child is physically or sexually abused or emotionally maltreated
- the child resides with a victim or perpetrator of domestic child abuse
- the child needs necessary food, shelter, or other care
- the child needs special care due to a physical, mental, or emotional condition
- the child is medically neglected, including infants in need of “medically indicated treatment” within the statute’s definition
- the child’s parent or guardian desires, for good reason, to be relieved of the child’s care and custody
- the child is in an illegal adoptive or foster care placement
- the child’s parent or guardian is unable to provide care due to disability or immaturity
- the child is in dangerous surroundings or is exposed to criminal activity in the home
- the child has committed a delinquent act or juvenile petty offense before becoming ten years old
- the child is a runaway from home
- the child is an habitual truant from school
- the child is experiencing growth delays, which may be referred to as a failure to thrive, that have been diagnosed by a physician and are due to parental neglect
- the child has been found incompetent to proceed or has been found not guilty by reason of mental illness or mental deficiency in connection with a delinquency certification, EJJ, or juvenile petty offense proceeding
- the child has a parent whose parental or custodial rights to another child have been involuntary terminated or transferred and social services had compelling reasons not to file a TPR petition
- the child is a sexually exploited youth

In CHIPS cases, the juvenile court is directed by law to secure for each child the care and guidance that is in the child’s best interests. In so doing, the court must observe the following policies wherever possible and in the best interests of the child:

- to make reasonable efforts to maintain the child in his or her own home
- to provide judicial procedures that protect the welfare of the child
- to remove the child from parental custody only when his or her welfare or safety cannot otherwise be adequately safeguarded
- when the child is placed out of the home, to secure care and discipline for him or her similar to that which should have been given by the parents
- to make reasonable efforts to reunite the child with his or her family, consistent with the child's best interests and safety, except in certain types of cases
- to ensure that when a child is removed from the home there is a voluntary placement agreement or court order with an individualized determination of the child's best interests
- to ensure appropriate permanency planning for children in foster care

[Minn. Stat. §§ 260.012; 260C.001; 260C.007](#)

Notice

After a petition has been filed alleging a child to be in need of protection or services, the court must issue a notice to a putative father of the child and a grandparent with statutory rights to participate, unless these persons voluntarily appear or have been summoned. [Minn. Stat. § 260C.151](#)

Dispositions in CHIPS Cases

The types of dispositions available to the court to achieve these purposes are:

- placing the child under protective supervision while permitting the child to remain at home;
- placing the child out of the home in a foster care setting or, under certain limited circumstances, in an independent living arrangement;
- allowing the child to be adopted in cases where the child is not returned home;
- ordering the abuser out of the home in cases of domestic child abuse; or
- ordering that the child receive special treatment for his or her mental or physical health.

Dispositional orders are for a fixed period of time not to exceed one year and may be renewed or modified by the court.

If the child is in need of protection or services due to truancy or running away from home, the court may also order counseling, probation, delivery of the child to school by the parent or legal guardian, a fine, community service, loss or denial of driving privileges, or placement in a correctional group home.

The court's continuing jurisdiction over the child lasts until the child's 18th birthday, except when in the person's best interest, the court decides to continue jurisdiction until the person is 19 years old. In foster care review cases, jurisdiction shall continue to age 21. [Minn. Stat. §§ 260C.193; 260C.201](#)

Alternative Dispute Resolution

In CHIPS, TPR, and permanency cases, the court may authorize the parties to participate in alternative dispute resolution, including family group decision making, parallel protection process, and mediation. [Minn. Stat. § 260C.163, subd. 12](#)

Court Process for Delinquency and Other Offenses

The following is a summary of the major stages of the juvenile court process for children alleged to have committed unlawful acts.

Apprehension

A child may be apprehended and taken into immediate custody by the police or a probation or parole officer before any court papers are filed, if the child is:

- in need of protection or services;
- a juvenile petty offender;
- one who has committed a delinquent act that would be a petty misdemeanor or misdemeanor if committed by an adult;
- found in dangerous surroundings;
- the subject of an arrest warrant;
- subject to arrest;
- a parole/probation violator;
- excluded from the parent's home under an order for protection against the child, in situations where the parent is unable or unwilling to provide an alternative safe living arrangement for the child; or

- under age 18 and truant from school. Custody under this circumstance is for the purpose of transporting the child home and into the custody of a parent or guardian, to school, or to a truancy service center.

[Minn. Stat. §§ 260B.143; 260B.175; 260C.143; 260C.175](#)

Pretrial Detention

Children taken into custody must be released as soon as possible to their parents, guardian, or custodian unless the child is a flight risk or the child's health or welfare would be immediately endangered. In those situations, an alleged delinquent may be held up to 36 hours, excluding Saturday, Sunday, and holidays, in a juvenile secure or shelter care facility. In order to detain children in juvenile facilities longer than these time periods, the court must hold a detention hearing and find that pretrial detention is necessary. Then, it must review the propriety of this continued detention every eight days until the child's case is heard and decided.

The detention of alleged delinquents in an adult jail or lockup is strictly limited under Minnesota law. In most cases, no child may be detained in an adult jail or lockup for longer than six hours in a standard metropolitan statistical area or for longer than 24 hours elsewhere unless a juvenile court petition and a motion to certify the juvenile for adult prosecution have been filed and a judge has approved the continued detention. A limited exception to the 24-hour rule exists if distance or weather conditions preclude a court appearance within 24 hours. In these cases, the juvenile may be detained in the adult facility for up to 48 additional hours or, in the case of weather conditions, for up to 24 hours after safe travel is available. [Minn. Stat. §§ 260B.176 to 260B.181](#)

Filing of Petition or Citation

The juvenile court process is begun officially by the filing of a petition or citation with the court. Delinquency petitions are prepared and filed by the county attorney; citations for petty offenses and misdemeanor offenses may be filed by a peace officer. [Minn. Stat. §§ 260B.141; 260B.143](#)

Arraignment Hearing

At the arraignment hearing, the child is given the opportunity to admit or deny the allegations contained in the petition. This hearing must be held within 30 days of the date on which the petition is served or, if the child is in detention, within five days of the time he or she was taken into custody. [Minn. R. Juv. Del. P. 7.03](#)

If the child denies the allegations in the petition or if the court refuses to accept the child's admission, an adjudicatory hearing is scheduled to take place within 30 or 60 days, depending on whether or not the child is in detention. If the child admits to the allegations and the court accepts the admission, the court will schedule a disposition hearing. **Minn. R. Juv. Del. P. 7, 8, 13, and 15**

**Certification for Adult
Prosecution Hearing**

A hearing may be held by the juvenile court judge, upon motion by the prosecutor, as to whether an alleged delinquent over the age of 14 should be referred to the adult court for criminal prosecution. In ordering the certification, the court must find that there is probable cause that the child committed the charged offense and that there is clear and convincing evidence that the public safety would not be served by handling the case in the juvenile system. The law presumes that certain offenders will be certified to adult court (see page 109). **Minn. Stat. § 260B.125**

**Extended Jurisdiction
Juvenile Hearing**

Upon request of a prosecuting attorney, the juvenile court must hold a hearing on whether to designate an offender as an "extended jurisdiction juvenile" (EJJ). Additionally, a child may be placed in the EJJ category by the court or the prosecutor without a hearing as an alternative to certification, under certain circumstances. If the child is not being considered for certification, the prosecutor must ask the court to hold a hearing if the prosecutor wants the child placed in the EJJ category. The effects of placement in the EJJ category are described on page 110. **Minn. Stat. §§ 260B.125; 260B.130; 260B.141**

**Adjudicatory Hearing
(Trial)**

An adjudicatory hearing is the equivalent of a trial in adult court. The hearing is held before a judge, except that in EJJ prosecutions the child has the right to a jury trial on the issue of guilt. At the conclusion of the hearing the court has seven days to decide whether the allegations in the petition have been proven beyond a reasonable doubt. If the allegations have not been proven, the court must dismiss the petition. If they have been proven, the court may either: (1) adjudicate the child as a delinquent or an offender, or convict the child as an EJJ and schedule a disposition hearing; or (2) withhold adjudication for up to 360 days, during which time the court may order counseling, supervision, treatment, or other conditions. **Minn. Stat. §§ 260B.163; 260B.198; Minn. R. Juv. Del. P. 13, 14, 15, and 19**

Disposition Hearing

A disposition hearing is similar to a sentencing hearing in adult court. It is designed to be informal and to allow all participants the opportunity to be heard. Based on the information received, the judge may order any one of the dispositions summarized on page 110. **Minn. Stat. § 260B.198; Minn. R. Juv. Del. P. 15**

Expungement of Delinquency Records

Juvenile delinquency records may be expunged if the court determines that expungement would provide a benefit to the petitioner that outweighs the burden on the government and any detriment to public safety by sealing the records. A record expunged under this subdivision on or after January 1, 2015, may be opened, used, or exchanged between criminal justice agencies under specified circumstances. [Minn. Stat. § 260B.198](#), subd. 6¹⁰

Major Constitutional Rights of a Child in Juvenile Court

Historically, children who appeared in juvenile court on charges of delinquency were not accorded the same constitutional rights as adults charged with criminal offenses. The rationale for this distinction was that the juvenile delinquency process was not designed to fix criminal responsibility, guilt, and punishment, but rather, was designed to protect and rehabilitate the child.

Since 1966, however, the U.S. Supreme Court has recognized that juvenile court proceedings can and do affect the rights of children to “life, liberty, and the pursuit of happiness” and, therefore, that juvenile court hearings and procedures must measure up to the essentials of due process and fair treatment.

Thus, during the late 1960s and early 1970s, the U.S. Supreme Court found, in a series of cases, that alleged delinquents have the following constitutional rights in juvenile adjudicatory hearings:

- the right to **written advance notice** of the adjudicatory hearing, allowing adequate time to prepare for it
- the **right to counsel**¹¹
- the **privilege against self-incrimination**
- the right to **cross-examine witnesses** *In re Gault*, [387 U.S. 1](#), 87 S. Ct. 1428 (1967)
- that findings of delinquency must be based on **proof beyond a reasonable doubt** if the offense is one that would be unlawful if committed by an adult *In re Winship*, [397 U.S. 358](#), 90 S. Ct. 1068 (1970)
- the **Double Jeopardy** Clause of the Fifth Amendment prohibits prosecution in adult court of a juvenile if an adjudicatory hearing has been held on the same matter in

¹⁰ [Laws 2014, ch. 246](#) (eff. Jan 1, 2015).

¹¹ In 1994, the Minnesota Legislature made it extremely difficult for juvenile offenders charged with serious crimes to waive their right to counsel: juvenile offenders who are charged with felonies or gross misdemeanors or are to be placed out of the home must have counsel or, if the right to counsel is waived, must have standby counsel appointed. However, in 1995 the Minnesota Legislature provided that juveniles charged with a juvenile petty offense are not entitled to counsel appointed at public expense. The petty offender category includes not only status offenses, but also certain nonviolent misdemeanors. See [Minn. Stat. §§ 260B.163](#), subd. 4; [260C.163](#), subd. 3.

juvenile court *Breed v. Jones*, [421 U.S. 519](#), 95 S. Ct. 1779 (1975)

In contrast, however, the U.S. Supreme Court held in *McKeiver v. Pennsylvania*, [403 U.S. 528](#), 91 S. Ct. 1976 (1971) that a **jury trial** is not constitutionally required in the adjudicative phase of a juvenile court proceeding, because juries are not essential to fundamental fairness in fact-finding procedures. However, several states have extended the right to trial by jury in some or all juvenile cases. Juveniles who have been designated “extended jurisdiction juveniles” in Minnesota’s juvenile courts have a right to a jury trial during the adjudicatory hearing.

Additionally, the Court held in *Schall v. Martin*, [467 U.S. 253](#), 104 S. Ct. 2403 (1984) that **pretrial detention** of an alleged delinquent, based on the risk that the child may commit additional crimes prior to trial, does not violate the child’s due process rights. It held that pretrial detention of alleged delinquents is compatible with the fundamental fairness requirement of the Due Process Clause of the Fifth Amendment, given the protective rather than punitive objectives of the juvenile justice system.

Court Process for CHIPS and TPR Cases

The following is a summary of the major stages of the juvenile court process as it relates to: (1) children alleged to be in need of protection or services (CHIPS) and (2) terminations of parental rights to children (TPR).

Pre-Adjudication Detention

As explained more fully on page 112, under certain circumstances a child may be taken into immediate custody by a peace officer or by order of the court prior to a juvenile court hearing. In child protection cases, the usual reasons for doing so are because the child is a runaway, to ensure the child’s presence at the hearing, or to remove the child from surroundings or conditions that endanger or reasonably appear to endanger the child’s health or welfare. Such a child may be held in a shelter care facility for no longer than 72 hours, unless: (1) a petition has been filed and the judge determines after a detention hearing that the child should remain in custody, or (2) after a hearing on an order for protection, the court has made a finding of domestic abuse perpetrated by the minor. If a child is taken into custody under a warrant or for the child’s safety, the child is entitled to a hearing within 72 hours, excluding Saturdays, Sundays, and holidays, of initial detention. In addition, upon the request of a party, the court will hold the adjudicatory hearing on the petition within 60 days of the detention hearing.

However, if another party shows good cause why the hearing should not be held, the hearing will be held within 90 days.

The detention order must be reviewed informally by the judge every eight days until the case is decided. The detention order must include rules for parental visitation unless visitation would endanger the child's physical or emotional well-being.

Children who are detained because they are alleged child abuse victims cannot be given mental health treatment for the effects of the abuse until the court finds probable cause to believe the abuse occurred or unless treatment is agreed to by the child's parent or guardian. [Minn. Stat. §§ 260C.175; 260C.176; 260C.178; 260C.181](#)

Filing of Petition or Citation

Any reputable person, including any agent of the Commissioner of Human Services, may file a CHIPS petition in juvenile court. Additionally, the social service agency responsible for the placement of a child in voluntary foster care may petition the court to review the child's foster care status. A county attorney must draft the petition upon a showing of reasonable grounds to support the petition. A petition filed by an individual who is not a county attorney or an agent of the Commissioner of Human Services must be filed on a form developed by the state court administrator. All petitions must be verified (sworn to) by the petitioner.

Any reputable person may likewise petition the juvenile court to terminate the rights of a parent to his or her child if the person has knowledge of circumstances that support such a petition.

A peace officer may issue a notice to appear to a child believed to be a runaway, and a school attendance officer may issue a notice to appear to an alleged truant. A notice to appear filed with the court has the legal effect of a petition. [Minn. Stat. §§ 260C.141; 260C.143; 260C.307](#)

First Appearance

This is a hearing at which the child and the child's parents and guardian are required to admit or deny the allegations of the petition. This hearing must be held within ten days after a detention hearing for a child who has been placed in pre-adjudication detention, or 20 days after filing the petition or citation if he or she is not in detention. If the allegations contained in the petition are admitted, the court will schedule a disposition hearing. If denied, the court will schedule an adjudicatory hearing within 60 days. [Minn. R. Juv. Prot. P. 34 and 39](#)

Adjudicatory Hearing

The adjudicatory hearing is held to determine if the allegations of the petition are proven. In contrast to the delinquency or offender adjudicatory hearing, proof of the allegations need not be made “beyond a reasonable doubt” but only by “clear and convincing evidence,” which is a lesser standard. If the court finds the allegations of the petition are proven, it may either withhold adjudication for up to 90 days, or adjudicate the child as being in need of protection or services, or neglected and in foster care, and schedule a disposition hearing.

Except when the sole basis for the petition is habitual truancy, the court shall appoint counsel to represent a child age 10 or older, parent, guardian, or custodian in any case in which the court feels appointment is appropriate if the person is financially unable to obtain counsel. In any case, before an out-of-home placement can be ordered, the court must appoint a public defender or counsel at public expense if the party is unable to obtain counsel on his or her own.

To the extent practicable, the court must conduct a disposition hearing and must enter its order the same day it makes a finding that the child is in need of protection or services, or is neglected and in foster care. In all cases, the order must be issued within ten days after the finding.

Where the petition is one to terminate parental rights and the allegations are proven, the court may terminate parental rights and transfer custody of the child in a disposition hearing. Even where the allegations have not been proven, the court may still determine that the child is in need of protection or services, or that the child is neglected and in foster care. In such a case the court will adjudicate the child accordingly and will schedule a disposition hearing. [Minn. Stat. §§ 260C.163; 260C.201; 260C.312; 260C.317; Minn. R. Juv. Prot. P. 25, 39-41](#)

Review of Court-Ordered Placements

The court must conduct a hearing to determine the permanency progress of the case not later than six months after the child is placed outside the home of the parent. For cases where the child is in voluntary foster care for treatment of the child’s developmental disability or emotional disturbance under chapter 260D and the child continues in voluntary foster care, the court must review the status of the child not later than 13 months from the date of the voluntary foster care agreement. [Minn. Stat. §§ 260C.201, subd. 11a; 260D.07; Minn. R. Juv. Prot. P. 42, 43](#)

Disposition Hearing

If the court finds that a child is in need of protection or services, it may order the dispositions summarized on page 112. Where the court terminates the parental rights of both parents or of the only known living legal parent, the court shall order guardianship of the child to the Commissioner of Human Services, a licensed child-placing agency, or a willing individual capable of assuming parental duties. [Minn. Stat. §§ 260C.201; 260C.317; 260C.325](#); [Minn. R. Juv. Prot. P. 42.10](#)

Reestablishment of Legal Parent/Child Relationship

Under the Family Reunification Act of 2013, a county attorney may file a petition for reestablishment of the legal parent and child relationship that was previously terminated by the court, if certain conditions are met. A petition may not be brought in any case where a TPR was based on sexual abuse or death of a minor or where the parent has been convicted of certain crimes. If a petition is granted, permanent legal and physical custody of the child is awarded to the parent. [Minn. Stat. § 260C.329](#)
