# 2015-16

## Directory of Minnesota Organic Farms

The Minnesota Department of Agriculture developed this directory to benefit organic farmers and buyers in Minnesota.

### Are You a Farmer? Use it to:

- Evaluate production and market opportunities, as well as areas of saturation.
- Contact other growers.
- Create production and/or marketing alliances.

### Are You a Buyer? Use it to:

- Find farmers already growing an organic product you want to buy.
- Find groups of organic farmers in a particular county or region.
- Contact farmers.

### Please Note

This directory is for farmers who sell to each other and to processors, traders, retailers, chefs, and other intermediate or large-scale buyers. **If you are seeking organic or other local products for home use, try the Minnesota Grown Directory at [www.minnesotagrown.com](http://www.minnesotagrown.com)**

**Note:** This is a voluntary directory – 217 of the estimated 700 certified organic farms in the state asked to be listed. No farm was included without its permission. To comment, request additional copies, or to be listed in future editions, call 651-201-6012 or visit [www.mda.state.mn.us/organic](http://www.mda.state.mn.us/organic).

To be listed in future editions of the directory, visit [www.mda.state.mn.us/organic](http://www.mda.state.mn.us/organic).

## **About the Minnesota Department of Agriculture**

Our mission is to enhance Minnesotans' quality of life by ensuring the integrity of our food supply, the health of our environment, and the strength of our agricultural economy.

### **Buying Direct from Farmers**

In Minnesota, it is legal for brokers, buyers, and commercial food establishments, including restaurants, caterers, schools, food service, institutions, daycares, grocery stores, food markets, and bakeries, to buy directly from farmers. You will find a variety of helpful fact sheets about sourcing and food safety, at [www.mda.state.mn.us/food/safety/food-safety-resources.aspx](http://www.mda.state.mn.us/food/safety/food-safety-resources.aspx). These include:

- Approved Sources of Meat and Poultry for Food Facilities
- Sale of Home or Farm Raised Poultry
- Sale of Locally Raised Eggs to Food Facilities
- Providing Safe Locally-Grown Produce to Commercial Food Establishments and the General Public

### **Licensing/Bonding**

TO PROTECT THE INTERESTS OF FARMERS, commercial buyers and brokers who purchase livestock, grain, fresh fruits and vegetables, dairy products, poultry, and eggs directly from farmers in Minnesota must be licensed and bonded. Learn more at: [www.mda.state.mn.us/licensing/licensetypes/wholproddealer.aspx](http://www.mda.state.mn.us/licensing/licensetypes/wholproddealer.aspx), or call the MDA at 651-201-6620.
