

STATE OF MINNESOTA

Office of the State Auditor

Rebecca Otto
State Auditor

ROCK COUNTY
LUVERNE, MINNESOTA

YEAR ENDED DECEMBER 31, 2014

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 700 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Rock County
Luverne, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Rock County, Minnesota, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the

financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Rock County as of December 31, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Rock County's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic

financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2015, on our consideration of Rock County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rock County's internal control over financial reporting and compliance.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**ROCK COUNTY
LIVERNE, MINNESOTA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2014
(Unaudited)**

The Management's Discussion and Analysis (MD&A) provides an overview and analysis of the County's financial activities for the fiscal year ended December 31, 2014. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- Governmental activities' total net position is \$58,869,241, of which \$52,859,646 represents net investment in capital assets, and \$1,385,674 is restricted to specific purposes. The \$4,623,921 remaining may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's net position increased by \$940,063 for the year ended December 31, 2014. A large part of the increase is attributable to the County's net investment in capital assets.
- The net cost of governmental activities for the current fiscal year was \$4,996,595. General revenues and other items totaling \$5,936,658 funded the net cost.
- At the close of 2014, Rock County's combined ending governmental fund balances totaled \$8,640,057, a decrease of \$141,526 from 2013. Of this balance, \$2,273,299 was unassigned by Rock County and thus available for spending at the government's discretion.
- For the year ended December 31, 2014, the assigned and unassigned balance of the General Fund was \$3,513,856, or 54.6 percent, of the total General Fund expenditures for that year. This represents a decrease from 2013, which had 85.8 percent of the total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the basic financial statements. The basic financial statements consist of three parts: (1) government-wide financial statements, (2) fund level financial statements, and (3) notes to the financial statements. This report also contains other required supplementary information.

Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets and liabilities of the County using the accrual basis of accounting, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the County is improving or deteriorating. It is important to consider other nonfinancial factors, such as changes in the County's property tax base and the condition of County roads and other capital assets, to assess the overall health of the County.

The Statement of Activities presents the County's governmental activities. Most of the basic services are reported here, including general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, and economic development. Property taxes and state and federal grants finance most of these activities. The County has no business-type activities for which the County is legally accountable. The County has one component unit for which it is legally accountable.

The government-wide statements are Exhibits 1 and 2 of this report.

Fund Financial Statements

Fund level financial statements provide detailed information about the significant funds--not the County as a whole. Some funds are required to be established by state law or by bond covenants. However, the County Board establishes some funds to help it control and manage money for a particular purpose or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using modified accrual accounting. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County adopts an annual appropriated budget for its General Fund, Public Works Special Revenue Fund, Family Services Special Revenue Fund, Land Management Special Revenue Fund, Ditch Special Revenue Fund, and Debt Service Fund. Budgetary comparison schedules have been provided as either required or other supplementary information for each of these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements are Exhibits 3 through 6 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside of the County. Fiduciary funds are not reflected in the government-wide statements because the resources of these funds are not available to support the County's own programs or activities. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All fiduciary activities are reported in a separate Statement of Fiduciary Net Position on Exhibit 7.

The County presents the Rock County Rural Water District as a discretely presented component unit.

Notes to the Financial Statements

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30 through 83 of this report.

Other Information

Other information is provided as supplementary information regarding Rock County's intergovernmental revenue and federal awards programs.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net position serves as a useful indicator of the County's financial position. Rock County's assets exceeded liabilities by \$58,869,241 at the close of 2014. The largest portion of Rock County's net position (89.8 percent) reflects the County's net investment in capital assets (land, buildings, equipment, and infrastructure such as roads and bridges), less any related outstanding debt used to acquire those assets. However, it should be noted that these assets are not available for future spending or for liquidating any remaining debt.

Unrestricted net position--the part of net position that may be used to meet the County's ongoing obligations to citizens and creditors without constraints established by debt covenants, enabling legislation, or other legal requirements--was 7.9 percent of the net position.

Governmental Activities

The County's governmental activities increased net position by 1.6 percent (\$58,869,241 for 2014 compared to \$57,929,178 for 2013). Key elements in this increase in net position are as follows for 2014, with comparative data for 2013:

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

The focus of the County's governmental funds is to provide information on short-term inflows, outflows, and the balances left at year-end available for spending. Such information is useful in assessing the County's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, governmental funds reported combined ending fund balances of \$8,640,057, a decrease of \$141,526 in comparison with the prior year. Of the combined ending fund balances, \$4,000,798 represents unrestricted (assigned and unassigned) fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is classified as either nonspendable or restricted to indicate that it is not available for new spending because it has already been restricted for various reasons either by state law, grant agreements, bond covenants, or is nonspendable.

The General Fund is the main operating fund for the County. At the end of the current fiscal year, it had an unrestricted (assigned and unassigned) fund balance of \$3,513,856. As a measure of the General Fund's liquidity, it may be useful to compare unrestricted (assigned and unassigned) fund balance to total expenditures. The General Fund's unrestricted (assigned and unassigned) fund balance represents 54.6 percent of total General Fund expenditures. During 2014, the ending fund balance increased by \$1,164,937. The primary reason for this increase was due to bond proceeds received in 2014 but not completely spent.

The Public Works Special Revenue Fund had an unassigned fund balance of \$(257,097) at fiscal year-end. The ending fund balance decreased \$1,107,378 during 2014, primarily due to greater than anticipated expenditures due to the flood and for Minnesota Department of Transportation highway allotments not received before year-end.

The Family Services Special Revenue Fund had an assigned fund balance of \$103,796 at fiscal year-end, representing 8.1 percent of its annual expenditures. The ending fund balance decreased \$154,177 during 2014, primarily due to capital expenditures for the Human Service building.

The Land Management Special Revenue Fund had an assigned fund balance of \$640,243 at fiscal year-end, representing 94.4 percent of its annual expenditures. The ending fund balance decreased \$42,431 during 2014, primarily due to budgeted use of reserves.

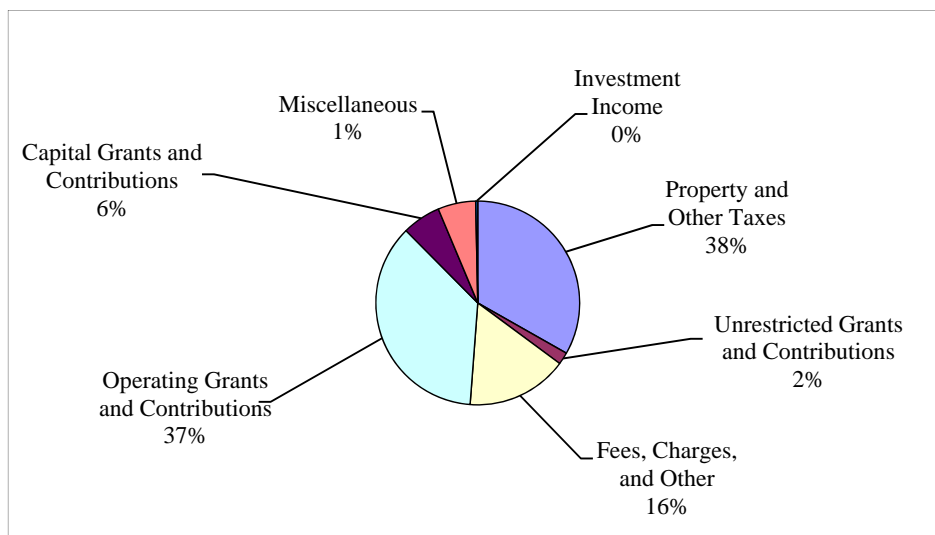

The Ditch Special Revenue Fund had a restricted fund balance of \$289,282 at fiscal year-end, representing 314.2 percent of its annual expenditures. The ending fund balance decreased \$16,260 during 2014.

The Debt Service Fund had a restricted fund balance of \$370,737 at fiscal year-end, representing 113.2 percent of its annual expenditures. The ending fund balance increased \$13,783. The Debt Service Fund consists of tax levy dollars used to pay the bond for the construction of the Law Enforcement Center and bonds for highway capital equipment and infrastructure.

Governmental Activities

The County’s total revenues were \$14,319,617. Table 1 presents the percent of total County revenues by source for the year ended December 31, 2014.

**Table 1
Total County Revenues**

(Unaudited)

Table 2 presents the cost and revenue of each program of the County. Total program and general revenues for the County were \$14,319,617, while total expenses were \$13,379,554. This reflects a \$940,063 increase in net position for the year ended December 31, 2014.

Table 2
Total Program Revenues and Expenses

The cost of all governmental activities this year was \$13,379,554. However, as shown on the Statement of Activities on Exhibit 2, the amount that our taxpayers ultimately financed for these activities through County taxes was only \$4,996,595 because some of the costs were paid by those who directly benefited from the programs (\$2,301,175) or by other governments and organizations that subsidized certain programs with grants and contributions (\$6,081,784). The County paid for the remaining “public benefit” portion of governmental activities with \$5,936,658 in general revenues, primarily taxes (some of which could be used only for certain programs) and other revenues, such as grants and contributions not restricted to specific programs, and investment income.

Table 3 presents the cost of each of the County’s four largest program functions as well as each function’s net cost (total cost, less revenues generated by the activity). The net cost shows the financial burden placed on the County’s taxpayers by each of these functions.

**Table 3

General Fund Budgetary Highlights

Actual General Fund revenues exceeded final budgeted revenues by \$966,041 primarily due to greater than expected grants and other intergovernmental aid and the receipt of the first full year of wind production tax.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The County's capital assets for its governmental activities at December 31, 2014, totaled \$57,912,318 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and infrastructure. The investment in capital assets increased \$3,996,922, or 8.5 percent, from the previous year. The major capital asset events were additions to:

Infrastructure	\$ 5,921,976
Machinery and equipment	225,985

**Table 4

Total	\$ 57,912,318	\$ 53,915,396

Additional information about the County’s capital assets can be found in Note 3.A.4. to the financial statements.

Long-Term Debt

At the end of the current fiscal year, the County had total outstanding debt of \$7,594,734, which was backed by the full faith and credit of the government.

**Table 5
Outstanding Debt**

	2014	2013

Capital leases	73,463	-
Loans payable	516,271	534,639
Total	\$ 7,594,734	\$ 5,069,639

Minnesota statutes limit the amount of debt a county may levy to three percent of its total market value. At the end of 2014, the County’s outstanding debt was 0.26 percent of its total estimated market value of \$2,915,447,600.

Additional information on the County’s long-term debt can be found in Note 3.C.4. through Note 3.C.7. to the financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS

- The unemployment rate for Rock County at the end of 2014 was 2.1 percent. This compares favorably with the state unemployment rate of 3.7 percent and shows a slight decrease from the County’s 2.7 percent rate of one year ago. The 2014 population is estimated at 9,553.
- On December 16, 2014, the Rock County Board of Commissioners approved the 2015 budget and adopted a property tax levy of \$5,009,217, which represents a 3.90 percent increase over the 2014 property tax levy of \$4,821,191.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2014**

Net change in fund balance - total governmental funds (Exhibit 5) \$ (95,113)

Amounts reported for governmental activities in the statement of activities are different because:

In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase or decrease in revenue deferred as unavailable.

Deferred inflows of resources - December 31	\$ 612,134	
Deferred inflows of resources - January 1	<u>(835,784)</u>	(223,650)

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Contributions of capital assets are reported in the statement of activities, but not in the funds. In the statement of activities, the net book value of assets disposed of is expensed, while not reported in the funds.

Expenditures for general capital assets and infrastructure	\$ 5,914,121	
Current year depreciation	<u>(1,917,199)</u>	3,996,922

Debt issuance proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. The net proceeds for debt issuance are:

General obligation bonds issued	\$ (3,970,000)	
Premium on bonds issued	(108,605)	
Capital lease purchases	(85,567)	
Loans issued	<u>(28,071)</u>	(4,192,243)

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal repayments		
General obligation bonds	\$ 1,500,000	
Capital leases	12,104	
Loan payments	<u>46,439</u>	1,558,543

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	\$ (43,794)	
Change in net OPEB obligation	(19,345)

NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as of and for the year ended December 31, 2014. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Rock County was established May 23, 1884, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. § 373.01. As required by accounting principles generally accepted in the United States of America, these financial statements present Rock County (primary government) and its component unit for which the County is financially accountable. The County is financially accountable if it appoints a voting majority of an organization's governing body and has the ability to impose its will on that governing body, or if the organization could potentially provide specific financial benefits or impose specific financial burdens on the County.

The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year. The County Administrator, appointed by the County Board, serves as the clerk of the Board but does not vote in its decisions.

Discretely Presented Component Unit

While part of the reporting entity, discretely presented component units are presented in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. The Rock County Rural Water District is included in the County's reporting entity because of the significance of its operational and financial relationship with the County. The Rock County Board of Commissioners appoints the members of the Rural Water District Board, and the District has the potential to be a financial burden or benefit to the County. The Rock County Rural

A. Financial Reporting Entity

Discretely Presented Component Unit (Continued)

Water District was established in 1978 to provide water to rural residents of Rock County with the powers, duties, and privileges granted it by Minn. Stat. ch. 116A. Separate financial statements are not prepared.

Joint Ventures and Jointly-Governed Organizations

The County participates in joint ventures described in Note 6.C. and jointly-governed organizations described in Note 6.D.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about the primary government and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which are normally supported by taxes and intergovernmental revenue, are reported separately.

In the government-wide statement of net position, the governmental activities are presented on a consolidated basis and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the

recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category--governmental and fiduciary--are presented. The emphasis of governmental fund financial statements is on major individual governmental funds, with each displayed as separate columns in the fund financial statements. The County reports all of its governmental funds as major funds.

The County reports the following major governmental funds:

- The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.
- The Public Works Special Revenue Fund accounts for restricted revenues from the federal and state government, as well as assigned property tax revenues used for the construction and maintenance of roads, bridges, and other projects affecting County roadways and accounts for the County's garbage transfer station.
- The Family Services Special Revenue Fund accounts for assigned property tax revenues used for economic assistance and community social services programs.
- The Land Management Special Revenue Fund accounts for restricted special assessment revenues, restricted revenues from the state government, and assigned property tax revenues for the maintenance of the County's sanitation, planning and zoning, and water planning functions.

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

- The Ditch Special Revenue Fund accounts for special assessment revenues levied against benefitted property to finance the cost of constructing and maintaining an agricultural drainage ditch system.
- The Debt Service Fund is used to account for the financial resources restricted for payment of long-term principal, interest, and related costs.

Additionally, the County reports the following fiduciary fund type:

- Agency funds - are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Rock County considers all revenues as available if collected within 60 days after the end of the current period. Property taxes are recognized as revenues in the year for which they are levied provided they are also available. Shared revenues are generally recognized in the period the appropriation goes into effect and the revenues are available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and are available. Property and other taxes, shared revenues, licenses, and interest are all considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are

recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Cash and Cash Equivalents

Rock County and its component unit have defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Additionally, each fund's or component unit's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

2. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Auditor-Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2014, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2014 were \$21,159 for the County.

3. Receivables and Payables

Activities between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the noncurrent maturities of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

LIVERNE, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

3. Receivables and Payables (Continued)

Advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15 or November 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as prior taxes receivable.

Special assessments receivable consist of prior special assessments payable in the years 2008 through 2014 and noncurrent special assessments payable in 2015 and after. Unpaid special assessments at December 31 are classified in the financial statements as prior special assessments.

No allowance for uncollectible taxes/special assessments has been provided because such amounts are not expected to be material.

The County had no accounts receivables scheduled to be collected beyond one year.

4. Inventories and Prepaid Items

All inventories are valued at cost using the first in/first out method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories at the government-wide level are recorded as expenses when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

(Continued)

5. Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (such as roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. The Rock County Rural Water District defines capital assets as assets with an initial, individual cost of more than \$500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25 - 40
Improvements other than buildings	20 - 35
Public domain infrastructure	15 - 75
Machinery and equipment	3 - 15

7. Unearned Revenue

Governmental funds and government-wide financial statements report unearned revenue in connection with resources that have been received but not yet earned.

8. Compensated Absences

The liability for compensated absences reported in financial statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for compensated absences is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are accrued when incurred in the government-wide financial statements. The government-wide statement of net position reports both current and noncurrent portions of compensated absences. The current portion consists of an amount based on a trend analysis of current usage of vacation and vested sick leave. The noncurrent portion consists of the remaining amount of vacation and vested sick leave.

9. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

**ROCK COUNTY
LIVERNE, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

9. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure/expense) until then. Currently, the County has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two such items that qualify for reporting in this category. The first item, unavailable revenue, arises only under a modified accrual basis of accounting and consists of receivables for revenues that are not considered to be available to liquidate liabilities in the current period; however, the second item, advance from other governments, arises under both the modified and the full accrual basis of accounting. Unavailable revenue and the advance from other governments are reported in the governmental funds balance sheet, while only the advance from other governments is also reported in the statement of net position. Unavailable revenues are deferred and recognized as inflows of resources in the period that the amounts become available and advances are recognized when timing requirements have been met.

11. Classification of Net Position

Net position in the government-wide and the component unit financial statements is classified in the following categories:

- Net investment in capital assets - the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.
- Restricted net position - the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position - the amount of net position that does not meet the definition of restricted or net investment in capital assets.

12. Classification of Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which Rock County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

- Nonspendable - amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.
- Restricted - amounts in which constraints have been placed on the use of resources either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

**ROCK COUNTY
LIVERNE, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

12. Classification of Fund Balances (Continued)

- Committed - amounts that can be used only for the specific purposes imposed by formal action (resolution) of the County Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.
- Assigned - amounts the County intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the County Board, the County Administrator, or the County Auditor/Treasurer, who have been delegated that authority by Board resolution.
- Unassigned - the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or committed.

Rock County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

13. Minimum Fund Balance

Rock County has adopted a minimum fund balance policy for the General Fund and special revenue funds. The General Fund and special revenue funds are heavily reliant on property tax revenues to fund current operations. However, current property tax revenues are not available for distribution until June. Therefore, the County Board has determined it needs to maintain a minimum unrestricted fund balance (committed, assigned, and unassigned) of no less than 35 to 50 percent of fund operating revenues, or no less than five months of operating expenditures.

14. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Future Change in Accounting Standards

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, replaces Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, and Statement No. 50, *Pension Disclosures*, as they relate to employer governments that provide pensions through pension plans administered as trusts or similar arrangement that meet certain criteria. GASB Statement 68 requires governments providing defined benefit pension plans to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This statement will be effective for the County's calendar year 2015. The County has not yet determined the financial statement impact of adopting this new standard.

2. Stewardship, Compliance, and Accountability

Deficit Fund Balance

The Public Works Special Revenue Fund has a deficit fund balance of \$3,833 at December 31, 2014. The deficit fund balance will be eliminated through a combination of spending reductions, increased allotments, or a transfer from the General Fund.

a. Deposits

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit.

The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

a. Deposits (Continued)

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated “A” or better and revenue obligations rated “AA” or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County’s deposits may not be returned to it. The County’s policy is to minimize deposit custodial credit risk by obtaining collateral or bond for all uninsured amounts on deposit and obtaining necessary documentation to show compliance with state law and a perfected security interest under federal law. As of December 31, 2014, the County’s deposits were not exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as “high risk” by Minn. Stat. § 118A.04, subd. 6;

- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers' acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The County and component unit minimize their exposure to interest rate risk by investing in both short-term and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the policy of the County and the Rock County Rural Water District to invest only in securities that meet the ratings requirements set by state statute.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. The County's policy is to minimize investment custodial credit risk by permitting brokers that obtained investments for the County to hold them only to the extent Securities Investor Protection Corporation (SIPC) coverage and excess SIPC coverage are available. Securities purchased that exceed available SIPC coverage shall be transferred to the County's custodian. As of December 31 2014, the County's investments were not exposed to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. It is the County's and the Rural Water District's policy that U.S. Treasury securities, U.S. agency securities, and obligations backed by U.S. Treasury and/or U.S. agency securities may be held without limit.

3. Loans Receivable

The General Fund has a loans receivable balance of \$928,225 as follows:

In March 2012, the County approved a \$150,000 loan to the Southwestern Mental Health Center, Inc., to bridge a financing gap for a building project. The loan is to be repaid with semi-annual repayments of \$3,336 each year, which includes interest on the unpaid principal at two percent beginning October 15, 2013, and ending March 1, 2043. The loan was issued during July 2013. As of December 31, 2014, the remaining balance on this loan is \$143,225.

In May 2013, the County issued a \$100,000 no-interest loan to the Rock County Agricultural Society to assist with fundraising gaps. Repayment is scheduled in \$20,000 installments beginning in 2014 and ending in 2018 with the intention to pay off early. As of December 31, 2014, the remaining balance on this loan was \$35,000.

B. Interfund Receivables, Payables, and Transfers

1. Due To/From Other Funds

The composition of interfund balances as of December 31, 2014, is as follows:

Receivable Fund	Payable Fund	Amount
Public Works Special Revenue	General	\$ 226
	Land Management Special Revenue	35
Total Due To/From Other Funds		\$ 261

The outstanding balances between funds result mainly from the time lag between the date the interfund goods and services are provided or reimbursable expenditures occur and are recorded in the accounting system, and the date when the funds are repaid.

2. Interfund Transfers

Interfund transfers for the year ended December 31, 2014, consisted of the following:

Transfer from General Fund to Public Works Special Revenue Fund	\$ 2,165,886	Transfer of bond proceeds
--	--------------	---------------------------

C. Liabilities and Deferred Inflows of Resources

1. Payables

Payables at December 31, 2014, were as follows:

Accounts payable	\$ 191,917

3. Construction Commitments

Rock County did not have any active construction projects except for highway projects that are state-funded and, therefore, not obligations of the County at December 31, 2014.

4. Capital Leases

In 2014, Rock County entered into lease agreements as lessee for financing the acquisition of squad cars for the Sheriff's Department. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

Loans Payable

In 2010, the County agreed to act as loan and project sponsor for a loan agreement made under the Clean Water Partnership (CWP) Law with the State of Minnesota through its Pollution Control Agency. The County makes loans to residents to be used for the control and abatement of water pollution. Loans are secured by special assessments placed on the individual parcels requesting funding of a project. Loan payments are reported in the Land Management Special Revenue Fund.

On August 14, 2012, the County Board was notified that Rock County would be the loan recipient of USDA RED-G proceeds of \$360,000 from the Lismore Telephone Cooperative. The Lismore Telephone Cooperative will retain the loan repayment proceeds from Rock County as a Revolving Loan Fund for future economic development projects. The loan proceeds were received by the County on May 30, 2013, and used to purchase a motor grader for the Highway Department. The loan is to be repaid over ten years at an interest rate of 1.375 percent.

4. Pension Plans and Other Postemployment Benefits

A. Defined Benefit Plan

Plan Description

All full-time and certain part-time employees of Rock County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund and the Public Employees Police and Fire Fund, which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356.

**ROCK COUNTY
LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

A. Defined Benefit Plan

Plan Description (Continued)

General Employees Retirement Fund members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan and benefits vest after five years of credited service.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Fund. For members first eligible for membership after June 30, 2010, benefits vest on a graduated schedule starting with 50 percent after five years and increasing 10 percent for each year of service until fully vested after ten years.

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by state statute. Defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

Two methods are used to compute benefits for General Employees Retirement Fund Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. For a Coordinated Plan member, the annuity accrual rate is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For Public Employees Police and Fire Fund members, the annuity accrual rate is 3.0 percent for each year of service.

LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

A. Defined Benefit Plan

Plan Description (Continued)

For all General Employees Retirement Fund members hired prior to July 1, 1989, whose annuity is calculated using Method 1, and for all Public Employees Police and Fire Fund members, a full annuity is available when age plus years of service equal 90. Normal retirement age is 55 for Public Employees Police and Fire Fund members and either 65 or 66 (depending on date hired) for General Employees Retirement Fund members. A reduced retirement annuity is also available to eligible members seeking early retirement.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for the General Employees Retirement Fund and the Public Employees Police and Fire Fund. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, Saint Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

Funding Policy

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the State Legislature. The County makes annual contributions to the pension plans equal to the amount required by state statutes. General Employees Retirement Fund Basic Plan members and Coordinated Plan members were required to contribute 9.10 and 6.25 percent, respectively, of their annual covered salary in 2014. Public Employees Police and Fire Fund members were required to contribute 10.20 percent of their annual covered salary in 2014.

LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

A. Defined Benefit Plan

Funding Policy (Continued)

In 2014, the County was required to contribute the following percentages of annual covered payroll:

General Employees Retirement Fund	
Basic Plan members	11.78%
Coordinated Plan members	7.25
Public Employees Police and Fire Fund	15.50

The County's contributions for the years ending December 31, 2014, 2013, and 2012, for the General Employees Retirement Fund and the Public Employees Police and Fire Fund were:

	2014	2013	2012
General Employees Retirement Fund	\$ 203,253	\$ 193,995	\$ 191,975
Public Employees Police and Fire Fund	116,609	91,851	89,425

These contribution amounts are equal to the contractually required contributions for each year as set by state statute. Contribution rates increased on January 1, 2015, in the General Employees Retirement Fund Coordinated Plan (6.50 percent for members and 7.50 percent for employers) and the Public Employees Police and Fire Fund (10.80 percent for members and 16.20 percent for employers).

B. Defined Contribution Plan

Six of the elected officials of Rock County are covered by the Public Employees Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the State Legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

**ROCK COUNTY
LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

B. Defined Contribution Plan (Continued)

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes 5.00 percent of salary, which is matched by the employer. Employees may elect to make member contributions in an amount not to exceed the employer share. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.00 percent of employer contributions and 0.25 percent of the assets in each member account annually.

Total contributions by dollar amount and percentage of covered payroll made by the County during the year ended December 31, 2014, were:

	<u>Employee</u>	<u>Employer</u>
Contribution amount	\$ 2,017	\$ 2,017
Percentage of covered payroll	5%	5%

Required contribution rates were 5.00 percent.

C. Other Postemployment Benefits (OPEB)

Plan Description

Rock County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical insurance benefits. The County provides benefits for retirees as required by Minn. Stat. § 471.61, subd. 2b.

Funding Policy

The contribution requirements of the plan members and the County are established and may be amended by the Rock County Board of Commissioners. Retirees are required to pay 100 percent of the premium costs.

**ROCK COUNTY
LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

C. Other Postemployment Benefits (OPEB)

Funding Policy (Continued)

The required contribution is based on projected pay-as-you-go financing requirements. Retirees and their spouses contribute to the health care plan at the same rate as County employees. This results in the retirees receiving an implicit rate subsidy. For 2014, there were approximately 80 participants of the County in the plan, including 2 retirees. The implicit rate subsidy amount was determined by an actuary study to be \$25,938 for 2014 (\$24,174 for the County and \$1,764 for the Rock County Rural Water District).

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation to the plan.

ARC	\$ 45,340
Interest on net OPEB obligation	4,692

Annual OPEB Cost and Net OPEB Obligation (Continued)

The County's annual OPEB cost; the percentage of annual OPEB cost contributed to the plan; and the net OPEB obligation for the years ended December 31, 2012, 2013, and 2014, were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Annual Employer Contribution</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
December 31, 2012	\$ 43,338	\$ 24,097	55.60%	\$ 85,636
December 31, 2013	43,880	25,258	57.56	104,258
December 31, 2014	43,519	24,174	55.55	123,603

Funded Status and Funding Progress

As of January 1, 2012, the most recent actuarial valuation date, Rock County had no assets to fund the plan. The actuarial accrued liability for benefits was \$399,473, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$399,473. The covered payroll (annual payroll of active employees covered by the plan) was \$3,636,645, and the ratio of the UAAL to the covered payroll was 11.0 percent.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress - Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**ROCK COUNTY
LIVERNE, MINNESOTA**

4. Pension Plans and Other Postemployment Benefits

C. Other Postemployment Benefits (OPEB)

Actuarial Methods and Assumptions (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2012, actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4.5 percent investment rate of return (net of investment expenses), which is Rock County's implicit rate of return on the General Fund.

The annual health care cost trend is 8.0 percent initially, reduced by decrements to an ultimate rate of 5.0 percent over 6 years. Both rates included a 3.0 percent inflation assumption. The UAAL is being amortized over 30 years on a closed basis. The remaining amortization period at December 31, 2014, was 23 years.

5. Risk Management

Rock County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters for which the County carries commercial insurance. To manage these risks, the County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For group employee health benefits, the County has entered into a joint powers agreement, the Southwest/West Central Service Cooperative. For all other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

**ROCK COUNTY
LIVERNE, MINNESOTA**

5. Risk Management (Continued)

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$480,000 per claim in 2014 and \$490,000 in 2015. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Southwest/West Central Service Cooperative (Service Cooperative) is a joint powers entity which sponsors a plan to provide group employee health benefits to its participating members. All members pool premiums and losses; however, a particular member may receive increases or decreases depending on a good or bad year of claims experience. Premiums are determined annually by the Service Cooperative and are based partially on the experience of the County and partially on the experience of the group. The Service Cooperative solicits proposals from carriers and negotiates the contracts.

6. Summary of Significant Contingencies and Other Items

A. Subsequent Events

On August 1, 2015, Rock County issued \$1,190,000 in General Obligation Bonds, Series 2015B. The bonds were issued to finance fiber optic infrastructure within the County and to fund improvements for the County library. The bonds have a final maturity of 2036 and interest rates ranging from 3.00 to 3.75 percent.

**ROCK COUNTY
LIVERNE, MINNESOTA**

6. Summary of Significant Contingencies and Other Items (Continued)

B. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the government.

Lincoln-Pipestone Rural Water System

At December 31, 2014, the Lincoln-Pipestone Rural Water System had \$33,742,008 of general obligation bonds and other loans outstanding through 2052. The bonds were issued by some of the participating counties in the Rural Water System to finance the construction of water system expansions and improvements.

The debt is paid by the Lincoln-Pipestone Rural Water System from special assessments levied against property specially benefited by the applicable expansion, extension, or enlargement of the system and from the net revenues from time to time received in excess of the current costs of operating and maintaining the system. The bonds are general obligations of the issuing counties for which their full faith, credit, and unlimited taxing powers are pledged. The participating counties (Lac qui Parle, Lincoln, Lyon, Murray, Nobles, Pipestone, Redwood, Rock, and Yellow Medicine) have adopted board resolutions and have signed joint powers agreements to define their liability for a proportional share of the debt should the issuing counties make any debt service payments. In such a situation, each of the other counties will promptly reimburse the paying counties in proportion to the percentage of Lincoln-Pipestone Rural Water System customers located in such county, in accordance with Minn. Stat. § 116A.24, subd. 3. The outstanding bonds are reported as liabilities in the annual financial statements of the Lincoln-Pipestone Rural Water System and are not reported as liabilities in the financial statements of any of the nine participating counties. The participating counties disclose a contingent liability due to the guarantee of indebtedness.

C. Joint Ventures

The County has an ongoing financial interest or responsibility in the following joint ventures:

Southwest Health and Human Services

Southwest Health and Human Services (SWHHS) was formed pursuant to Minn. Stat. ch. 145A and §§ 471.59 and 393.01, subd. 7, by Lincoln, Lyon, Murray, and Pipestone Counties. SWHHS began official operation on January 1, 2011, and performs human service and public health functions. Funding is provided by the member counties based upon consideration of: (1) population based on the most recent national census; (2) tax capacity; and (3) the most recent three-year average Social Services Expenditure and Grant Reconciliation Report (SEAGR); each factor to be weighted equally.

In 2011, Rock County petitioned to join SWHHS. Rock County's health and human services functions were assumed by SWHHS as of January 1, 2012. In 2012, Redwood County and Pipestone County petitioned to join SWHHS. Redwood County's health and human service functions and Pipestone County's human service function joined SWHHS as of January 1, 2013.

SWHHS is governed by the:

- Joint Health and Human Services Board ("Joint Board") - responsible for financial, personnel, budget, and general administration of the agency, and is made up of one County Commissioner (or alternate) from each County serving on the Community Health Board, and one County Commissioner (or alternate) serving on the Human Services Board.
- Human Services Board - responsible for duties set forth in Minn. Stat. ch. 393 and made up of two County Commissioners appointed annually and one layperson to be appointed consistent with the requirement of the Commissioner of Human Services.
- Community Health Board - responsible for all duties set forth in Minn. Stat. ch. 145A and made up of one County Commissioner and one alternate from each member county unless such county shall have a population in excess of twice that of any other member county, in which case it shall have two Commissioners and two alternates.

Lincoln-Pipestone Rural Water System

Rock County, along with Jackson, Lac qui Parle, Lincoln, Lyon, Murray, Nobles, Redwood, Pipestone, and Yellow Medicine Counties, jointly established the Lincoln-Pipestone Rural Water System pursuant to Minn. Stat. ch. 116A. The Rural Water System is responsible for storing, treating, and distributing water for domestic, commercial, and industrial use within the area it serves. The cost of providing these services is recovered through user charges.

The Lincoln-Pipestone Rural Water System is governed by a Board appointed by the District Court. The Rural Water System's Board is solely responsible for the budgeting and financing of the Rural Water System.

Bonds were issued by Lincoln, Nobles, and Yellow Medicine Counties to finance the construction of the Rural Water System. Costs assessed to municipalities and special assessments levied against benefited properties pay approximately 85 percent of the amount necessary to retire principal and interest on the bonds. The remainder of the funds necessary to retire the outstanding bonds and interest will be provided by appropriations from the Lincoln-Pipestone Rural Water System. Outstanding obligations at December 31, 2014, were \$33,742,008.

Complete financial statements of the Lincoln-Pipestone Rural Water System can be obtained at East Highway 14, P. O. Box 188, Lake Benton, Minnesota 56149-0188.

In addition, voting members of the Board include a member of the Southwest Minnesota Regional Advisory Committee, a member of the Southwest Minnesota Regional Radio System User Committee, and a member of the Southwest Minnesota Owners and Operators Committee.

Financing is provided by the appropriations from member parties and by state and federal grants. During 2014, Rock County contributed \$2,456 to the Joint Powers Board.

Southwest Regional Solid Waste Commission

Rock County has entered into a joint powers agreement with 11 other counties to create and operate the Southwest Regional Solid Waste Commission under the authority of Minn. Stat. § 471.59. The Commission was formed to exercise the County's authority and obligation pursuant to Minn. Stat. chs. 400 and 115A; to provide for the management of solid waste in the respective counties; and provide the greatest public service benefit possible for the entire contiguous 12-county area encompassed by the counties in planning, management, and implementation of methods to deal with solid waste in southwest Minnesota.

The governing board is composed of one Board member from each of the participating counties. Financing the Commission's solid waste management program is through appropriations from the participating counties, grants and loans from the Minnesota Office of Waste Management, or from the sale of bonds or other obligations secured by revenues of the Commission. Administration and planning costs of the Commission are assessed to the counties on equal shares. The current assessment is \$1,500.

Buffalo Ridge Regional Transit

Buffalo Ridge Regional Transit System (BRRT) was established between Murray, Pipestone, and Rock Counties, and the City of Worthington-Nobles County Public Transportation Partnership - Joint Powers Agreement, a joint powers entity. The Buffalo Ridge Regional Transit Board was established in 2012 under the authority of Minn. Stat. §§ 471.59 and 174.21 through 174.27.

The purpose of BRRT is to establish cross-country public transportation in the four-county area using existing public transit systems and to increase efficiency by having established scheduled route times. The Southwest Minnesota Opportunity Council, Inc., is the fiscal agent. As of December 31, 2014, BRRT no longer provides transportation routes between the counties, but the Transit Board meets quarterly to discuss issues and efficiencies among the transportation departments.

Funding for operations shall be provided by grant funds and passenger revenues. In the event that grant funds and passenger revenues are insufficient to cover operation costs, each county shall agree to provide one-fourth of 15 percent of the operating budget for any calendar year provided, that in no event, shall any county pay more than \$5,118 for calendar year 2014. This funding cap is set for each year not later than September 1 of the preceding calendar year.

Plum Creek Library System

Rock County, along with 19 cities and 8 other counties, participates in the Plum Creek Library System. The Plum Creek Library System was created as a public library service on May 29, 1974, by the act of contracting with various public libraries in its region to provide expanded library service, with the additional purpose of furthering the public interest by providing the potential for extending public library services into areas without such services. The Plum Creek Library System is governed by a board of trustees which consists of two representatives from each county. One is appointed by the County Commissioners, the second from the board of the participating libraries. During 2014, Rock County did not contribute to the Plum Creek Library System.

Rural Minnesota Energy Board

The Rural Minnesota Energy Board was established in 2005 under the authority of Minn. Stat. § 471.59. The purpose of the Board is to provide policy guidance on issues surrounding energy development in rural Minnesota. The focus of the Board includes, but is not limited to, renewable energy, wind energy, energy transmission lines, hydrogen energy technology, and bio-diesel and ethanol use. During 2014, Rock County paid \$1,000 to the Board.

Sentencing to Service

Rock County, in conjunction with other local governments, participates in the State of Minnesota's Sentencing to Service (STS) program. STS is a project of the State Department of Administration's Strive Toward Excellence in Performance (STEP) program. STEP's goal is a statewide effort to make positive improvements in public services. It gives the courts an alternative to jail or fines for the nonviolent offenders who can work on a variety of community or state projects. Private funding, funds from various foundations and initiative funds, as well as the Minnesota Departments of Corrections and Natural Resources, provide the funds needed to operate the STS program. Rock County has no operational or financial control over the STS program and does not budget for this program.

Southwest Minnesota Immunization Information Connection

The Southwest Minnesota Immunization Information Connection (SW-MIIC) Joint Powers Board promotes an implementation and maintenance of a regional immunization information system to ensure age-appropriate immunizations through complete and accurate records. A. Summary of Significant Accounting Policies

In addition to those policies identified in Note 1, the County's discretely presented component unit has the following significant accounting policies.

Reporting Entity

The Rock County Rural Water District is included in the County's reporting entity because of the significance of its operational and financial relationship with the County. The Rock County Rural Water District was established in 1978 to provide water to rural residents of Rock County. It is governed by a board composed of seven members appointed by the Rock County Board of Commissioners. It is reported in a separate column in the financial statements to emphasize that it is legally separate from the County. Financial statements of the Rock County Rural Water District can be obtained at 541 - 150th Avenue, Luverne, Minnesota 56156.

Measurement Focus and Basis of Presentation

The Rock County Rural Water District presents as an enterprise fund. Enterprise funds are used to account for operations financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or incidental activities.

Deposits and Investments

The cash balances are invested by the District for the purpose of increasing earnings through investment activities. Investments are reported at fair value at December 31, 2014, based on market prices. Pooled investment earnings for 2014 were \$1,006.

Deposits and Investments (Continued)

The District invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The MAGIC Fund is not registered with the Securities and Exchange Commission. The investment in the pool is measured at the amortized cost per share provided by the pool which would approximate fair value.

Rock County is holding short-term investments of the District. These certificates of deposit are for future expenditures on the distribution system and any other related expenditures. The total held by the County for the District was \$1,175,000 at December 31.

Restatement of Investments, Construction in Progress, and Net Position

The January 1, 2014, balances of construction in progress and net position were increased by \$50,137 to correct a prior year understatement.

The January 1, 2014, balances of investments and net position were increased by \$145,106 to correct a prior year understatement.

D. Other Postemployment Benefits

The Rock County Rural Water District provides a single-employer defined health care plan to eligible retirees and their spouses as described in Note 4 herein.

The District's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the plan.

7. Component Unit Disclosures (Continued)

E. Risk Management

The Rock County Rural Water District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters for which the District carries commercial insurance for property and casualty insurance. The District is covered under Rock County's policy for workers' compensation with MCIT. For group health benefits, the District is covered under the County's joint powers agreement with the Southwest/West Central Service Cooperative. For all other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

F. Subsequent Events

On May 11, 2015, the Rock County Rural Water District Board of Directors accepted a \$3,412,500 bid, pending United States Department of Agriculture (USDA) concurrence, for Phase II of the water improvement project.

On July 1, 2015, the Rock County Rural Water District issued temporary Water Revenue Bonds, Series 2015A, in the amount of \$2,445,000 with a maturity of July 1, 2017, and a one percent coupon rate. The bonds will be retired with the proceeds of a USDA Rural Development loan. The bonds were issued to finance water improvement projects for the Rock County Rural Water District.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2014

1. General Budget Policies

The County Board adopts estimated revenue and expenditure budgets for the General Fund, Public Works Special Revenue Fund, Family Services Special Revenue Fund, Land Management Special Revenue Fund, Ditch Special Revenue Fund, and the Debt Service Fund. The expenditure budget is approved at the fund level.

The budgets may be amended or modified at any time by the County Board. Expenditures may not legally exceed budgeted appropriations. Comparisons of final budgeted revenues and expenditures to actual are presented in the required supplementary information for the General Fund and budgeted special revenue funds.

2. Budget Basis of Accounting

Budgets are adopted on a basis consistent with generally accepted accounting principles.

3. Budget Amendments

The County did not amend the budgets for the General Fund or any of the special revenue funds.

4. Excess of Expenditures Over Budget

Expenditures exceeded final budgets in the following funds:

Fund	Expenditures	Budget	Excess
General Fund	\$ 6,433,184	\$ 4,649,036	\$ 1,784,148
Special Revenue Funds			
Public Works	10,024,246	2,433,777	7,590,469
Family Services	1,275,178	1,122,440	152,738
Land Management	678,477	526,009	152,468

**ROCK COUNTY
LUVERNE, MINNESOTA**

5. Other Postemployment Benefits - Funding Status

Since the County has not irrevocably deposited funds in a trust for future health benefits, the actuarial value of the assets to pay the actuarial accrued liability for postemployment benefits is zero. Currently, only two actuarial valuations are available. As the information becomes available, future reports will provide additional trend analysis to meet the three valuation funding status requirement.

See Note 4.C. in the notes to the financial statements for additional information regarding the County's other postemployment benefits.

6. Other Postemployment Benefits - Significant Plan Provision and Actuarial Assumption Changes

2012 Actuarial Assumptions

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality table was updated to reflect the projection of 2000 rates to 2012 based on scale BB.
- Future retirees electing to continue coverage on the County medical plan was reduced from 50 percent to 35 percent.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2014**

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Rock County and its discretely presented component unit, the Rock County Rural Water District. The County's reporting entity is defined in Note 1 to the basic financial statements.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Rock County under programs of the federal government for the year ended December 31, 2014. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of Rock County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Rock County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through grant numbers were not assigned by the pass-through agencies.

4. Reconciliation to Schedule of Intergovernmental Revenue

Federal grant revenue per Schedule of Intergovernmental Revenue	
Primary Government - Rock County	\$ 1,059,843
Grants received more than 60 days after year-end, considered unavailable revenue in 2014	
Disaster Grants - Public Assistance (Presidentially Declared Disasters) (CFDA #97.036)	41,593
Unavailable revenue in 2013, recognized as revenue in 2014	
Highway Planning and Construction (CFDA #20.205)	(90,007)
Component Unit - Rock County Rural Water District	17,670
Expenditures per Schedule of Expenditures of Federal Awards	\$ 1,029,099

**ROCK COUNTY
LUVERNE, MINNESOTA**

5. Subrecipients

The County did not pass any federal awards through to subrecipients during the year ended December 31, 2014.

6. American Recovery and Reinvestment Act

The American Recovery and Reinvestment Act of 2009 (ARRA) requires recipients to clearly distinguish ARRA funds from non-ARRA funding. In the schedule, ARRA funds are denoted by the addition of ARRA to the program name.

The threshold for distinguishing between Types A and B programs was \$300,000.

Rock County qualified as a low-risk auditee? **No**

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding 2005-001

Segregation of Duties

Criteria: A good system of internal control provides for an adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

Condition: Several of the County's departments that collect fees lack proper segregation of duties. These departments generally have one staff person who is responsible for billing, collecting, recording, and depositing receipts as well as reconciling bank accounts.

Context: Due to the limited number of office personnel within the County, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of Rock County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

Effect: Inadequate segregation of duties could adversely affect the County's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Cause: The County informed us that, due to the available resources, it would not be able to hire additional qualified accounting staff to segregate duties in every department.

Recommendation: We recommend that the County's elected officials and management be aware of the lack of segregation of duties of the accounting functions and, where possible, implement oversight procedures to ensure that the internal control policies and procedures are implemented by staff to the extent possible.

Client's Response:

Rock County management is aware of the lack of segregation of duties that exist within the accounting functions due to limited staff and also the importance of the cross-training within these functions. Rock County will continue to find ways to implement and monitor internal controls and will also continue to work on cross-training of the accounting functions.

Finding 2011-001

Network/Application Password Controls

Criteria: County management is responsible for the County's internal controls over its information systems. This requires establishing security policies and performing assessments of existing controls to determine if the internal controls established are still effective or if changes are needed to ensure County data is protected as prescribed by management.

Condition: Rock County updated to a new version of the Integrated Financial System (IFS) application software. This application was written as a web-based application and may be run on server or a mainframe system. For an employee of Rock County to access the new IFS application, the user must be signed on to the County network and have a current sign-on for the IFS application. The sign-on differs from the sign-on for the IBM iSeries system, so the mainframe security settings do not apply to the application. Rock County has not reviewed the network controls or assessed risks from the change to a web-based application to ensure password controls are working as intended.

Context: The IFS application is the general ledger for Rock County. Detailed receipt and disbursement transactions as well as budget information are maintained on the IFS application throughout the year. This information is used by management to monitor the resources available and make decisions based on the available resources. At or near year-end, certain accrual information is also recorded in the application. The information maintained within the IFS application is the key source of information used for the preparation of the County's annual financial statements.

Effect: Normal password controls in place in the IBM iSeries system are not effective for the IFS application, so a review of the IFS application controls and County network controls is imperative to ensure passwords are working as intended.

Cause: Rock County updated to a new web-based version of the IFS application software. Although County management was made aware of some of the password implications of this change during the previous audit, updates needed are not complete.

Recommendation: We recommend Rock County management complete updates and review password controls in place that limit access to the IFS application to ensure they are appropriate to protect the County data as prescribed by management.

Client's Response:

Rock County will take the steps necessary to ensure that all users with IFS application access comply with a network password policy.

ITEMS ARISING THIS YEAR

Finding 2014-001

Audit Adjustments

Criteria: A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Auditing standards define a material weakness as a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Condition: During our audit, we identified material adjustments that resulted in significant changes to the County's financial statements.

Context: The inability to make all necessary accrual adjustments or to detect misstatements in the financial statements increases the likelihood that the financial statements would not be fairly presented.

Effect: The following audit adjustments were necessary:

Governmental Activities

- decreased, thereby eliminated, deferred inflows of resources--unavailable revenue by \$835,784 as the related revenues (primarily for property taxes, special assessments, construction, town bridge, and highway planning) were recognized as part of prior year net position.

Ditch Special Revenue Fund

- increased special assessments receivable--noncurrent and related deferred inflows of resources--unavailable revenue by \$59,376 for amounts receivable beyond the accrual period that were not accrued by the County.

The adjustments were reviewed and approved by the appropriate County staff and are reflected in the financial statements.

Cause: Procedures were not in place to consider the full extent of all entries needed for financial reporting.

Recommendation: We recommend County staff review their financial statement closing procedures and trial balances and journal entries in detail to ensure that all significant adjustments have been made that are considered necessary to fairly present the County's financial statements in accordance with generally accepted accounting principles.

Client's Response:

Rock County will review the financial statement closing procedures and if necessary, implement steps to ensure that all significant adjustments have been made in compliance with general accepted accounting principles.

Finding 2014-002

Approval of Disbursements

Criteria: Management is responsible for establishing and maintaining internal control over the various accounting cycles, including the processing of disbursements. Management is also responsible for the accuracy and completeness of all financial records and related information, including but not limited to, the controls over initiating, authorizing, recording, and processing disbursements in the general ledger system.

Condition: During our testing of internal control over the County's general disbursements, we noted 4 out of 25 disbursements tested did not have itemized invoices to support the expenditures.

Context: Adequate support for payments is a fundamental requirement of a sound accounting system. Itemized receipts are necessary to determine the date, time, and items purchased to support authorized purchases.

Effect: Without itemized invoices, the County is unable to verify the expenditures are appropriate. As a result of this condition, the County lacks proper internal controls over the disbursement process, increasing the risk of fraudulent disbursements.

Cause: The County's disbursement process was not requiring itemized invoices before making authorized payments to vendors.

Recommendation: We recommend the County obtain itemized invoices before authorizing payment. In addition, before vendor claims are paid, the corresponding invoice should be reviewed, then initialed and dated as approved for payment by an authorized individual.

Client's Response:

Rock County will review invoices prior to payment to ensure they are itemized and also approved by the correct authorized individual.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

PREVIOUSLY REPORTED ITEM RESOLVED

Cash Management (CFDA No. 20.205) (2013-001)

For the U.S. Department of Transportation's Highway Planning and Construction federal award, the County requested reimbursement from the Minnesota Department of Transportation for federal program expenditures before the costs for which reimbursement was requested were paid.

Resolution

A technical interpretation requested before, but not received from the Minnesota Division of the Federal Highway Administration until after this item was reported in the prior audit, states that if the County is operating under an approved Delegated Contract Process (DCP) with the Minnesota Department of Transportation, then requests for reimbursement of federal program expenditures may be made when the costs are incurred rather than paid. We verified the County has a DCP in place. Based on this guidance, the 2013 finding is considered resolved.

IV. OTHER FINDINGS AND RECOMMENDATIONS

A. MINNESOTA LEGAL COMPLIANCE

ITEMS ARISING THIS YEAR

Finding 2014-003

Withholding Affidavit for Contractors (Form IC-134)

Criteria: Minnesota Stat. § 270C.66 states that, before making final settlement with any contractor under a contract requiring the employment of employees for wages by the contractor and by subcontractors, the County is required to obtain a certificate by the Commissioner of Revenue that the contractor or subcontractor has complied with the withholding requirements of Minn. Stat. § 290.92.

Condition: During 2014, the County made final payment to five contractors for contracts involving the employment of individuals for wages by the contractor. Final payments were made on these contracts before Form IC-134, which certifies withholding compliance, was received from each of the contractors and approved by the Minnesota Department of Revenue.

Context: The County sustained substantial damage to its roads and bridges due to a storm event that occurred in June 2014. Final payment was made to contractors for flood damage repairs in November and December 2014.

Effect: Noncompliance with Minn. Stat. § 270C.66.

Cause: The County Highway Department believed an IC-134 should only be filed on contracts that used subcontractors.

Recommendation: We recommend the County obtain the required IC-134 Withholding Affidavit Form before final payment is made to contractors and subcontractors on all contracts requiring the employment of employees for wages.

Client's Response:

Rock County will obtain the required IC-134 Withholding Affidavit Form before distributing any final payments to contractors.

Finding 2014-004

Publication of County Financial Statements

Criteria: The County is required by Minn. Stat. § 375.17 to annually publish its financial statements in a form prescribed by the State Auditor for one issue in a duly qualified legal newspaper in the County.

Condition: The County did not publish the financial statements for 2013.

Context: The County typically defers publishing its financial statements until the audit of its financial statements is complete.

Effect: Noncompliance with Minn. Stat. § 375.17.

Cause: The County did not publish the financial statements due to staff turnover in the Auditor/Treasurer's Office.

Recommendation: We recommend the County publish the County's financial statements annually as required by Minn. Stat. § 375.17.

Client's Response:

Rock County will publish the County's financial statements annually as required by statute.

Finding 2014-005

Publication of County Board Minutes

Criteria: County Board minutes are required by Minn. Stat. § 375.12 to be published within 30 days of the meeting and contain the itemization of accounts required, and shall contain a statement of the total number of claims that did not exceed \$2,000 and their total dollar amount.

Condition: We reviewed the affidavits of publication related to publishing of the County Board minutes for 2014 and found that some of the minutes were not published in the County's official newspaper within the 30-day requirement. In addition, the minutes published did not include the total number of claims that did not exceed \$2,000 and their corresponding aggregate amount.

Context: Of the 12 published minutes reviewed, 11 were not published within the 30-day requirement. None of the 12 published minutes we reviewed included the total number of claims that did not exceed \$2,000 and their corresponding aggregate amount.

Effect: Noncompliance with Minn. Stat. § 375.12.

Cause: The County experienced timing difficulties with having the County Board minutes approved at the following Board meeting, as the newspaper's deadline for printing the minutes within the 30-day requirement is at noon on the same day. The County believed they were in compliance with Minn. Stat. § 375.12 when they began publishing claims over \$2,000.

Recommendation: We recommend the County publish its County Board minutes or summaries of the County Board minutes in compliance with Minn. Stat. § 375.12.

Client's Response:

Rock County will work with the local newspaper staff to bring the publication requirement into compliance with statute and also include the total number of claims less than \$2,000.

B. OTHER ITEM FOR CONSIDERATION

GASB Statement No. 68, Accounting and Financial Reporting for Pensions

The Governmental Accounting Standards Board (GASB) is the independent organization that establishes standards of accounting and financial reporting for state and local governments. Effective for your calendar year 2015 financial statements, the GASB changed those standards as they apply to employers that provide pension benefits.

GASB Statement 68 significantly changes pension accounting and financial reporting for governmental employers that prepare financial statements on the accrual basis by separating pension accounting methodology from pension funding methodology. Statement 68 requires employers to include a portion of the Public Employees Retirement Association (PERA) total employers' unfunded liability, called the "net pension liability" on the face of the County's government-wide statement of financial position. The County's financial position will be immediately impacted by its unfunded share of the pension liability.

Statement 68 changes the amount employers report as pension expense and defers some allocations of expenses to future years—deferred outflows or inflows of resources. It requires pension costs to be calculated by an actuary; whereas, in the past pension costs were equal to the amount of employer contributions sent to PERA during the year. Additional footnote disclosures and required supplementary information schedules are also required by Statement 68.

The net pension liability that will be reported in Rock County's financial statements is an accounting estimate of the proportionate share of PERA's unfunded liability at a specific point in time. That number will change from year to year and is based on assumptions about the probability of the occurrence of events far into the future. Those assumptions include how long people will live, how long they will continue to work, projected salary increases, and how well pension trust investments will do. PERA has been proactive in taking steps toward implementation and will be providing most of the information needed by employers to report the net pension liability and deferred outflows/inflows of resources.

Rock County
Luverne, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Rock County, Minnesota, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 23, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rock County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness and other items that we consider to be significant deficiencies.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs as item 2014-001 to be a material weakness.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2005-001, 2011-001, and 2014-002 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rock County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the County's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because Rock County has no tax increment financing.

In connection with our audit, nothing came to our attention that caused us to believe that Rock County failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, except as described in the Schedule of Findings and Questioned Costs as items 2014-003, 2014-004, and 2014-005. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions.

Other Matters

Also included in the Schedule of Findings and Questioned Costs is an other item for consideration. We believe this information to be of benefit to the County, and it is reported for that purpose.

Rock County's Response to Findings

Rock County's responses to the internal control and legal compliance findings identified in our audit have been included in the Schedule of Findings and Questioned Costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditor's Report

Board of County Commissioners
Rock County
Luverne, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Rock County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on the County's major federal program for the year ended December 31, 2014. Rock County's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Rock County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Rock County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on the Major Federal Program

In our opinion, Rock County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of Rock County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
