(Funding for document digitization was provided, in part, by a grant from the Minnesota Historical & Cultural Heritage Program.)

NORTH & SOUTH LINE **of** **1837 CEDED TERRITORY**

This map was prepared by the Minnesota Department of Natural Resources, Bureau of Engineering, showing the approximate location of the 1837 Ceded Territory.

The approximate boundary line was plotted on the Aitkin, Anoka, Benton, Chisago, Crow Wing, Isanti, Sherburne, Pine and Washington County Land Atlas & Plat Books and does not comply with any established mapping standards.

The approximate North line of the 1837 Ceded Territory was plotted on the computed great circle (shortest) distance beginning at the junction of the Crow Wing and the Mississippi rivers, between twenty and thirty miles above where the Mississippi is crossed by the forty-sixth parallel of north latitude, and running thence to the north point of lake St. Croix, one of the sources of the St. Croix River.

The approximate South line of the 1837 Ceded Territory was plotted based on the Composite Map of the United States and the Original Plats and Field Notes by J.W. Trygg.
