|                                                                                                                                                                     |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| INTRODUCTION .....                                                                                                                                                  | 1   |
| CONTENTS OF THIS REPORT .....                                                                                                                                       | 2   |
| ORGANIZATION OF THIS REPORT .....                                                                                                                                   | 2   |
| THE STUDY REGION, LAND-USES, AND ECOLOGICAL SYSTEMS .....                                                                                                           | 3   |
| MINING ACTIVITIES AND REGIONAL MINE RECLAMATION PROGRAMS .....                                                                                                      | 6   |
| SECTION 1 PLANT ECOLOGICAL ANALYSIS OF MINED LAND IMPACTS .....                                                                                                     | 10  |
| SECTION 2 LANDSCAPE SCALE EVALUATION OF MINED LAND IMPACTS ...                                                                                                      | 31  |
| SECTION 3 ASSESSMENT OF MINED LAND IMPACTS ON HYDROLOGICAL<br>SYSTEMS .....                                                                                         | 63  |
| SECTION 4 SCORING CRITERIA TO ASSESS ECOLOGICAL IMPACTS AND NATURAL<br>RESOURCES DEPLETION ASSOCIATED WITH IRON MINING IN THE MESABI<br>IRON RANGE, MINNESOTA ..... | 94  |
| INTRODUCTION .....                                                                                                                                                  | 95  |
| SECTION I. APPLICATION OF THE ECOSYSTEM IMPACT METHOD TO THE MESABI<br>IRON RANGE .....                                                                             | 98  |
| SCALE FACTORS .....                                                                                                                                                 | 99  |
| SCORING RANGES AND WEIGHING .....                                                                                                                                   | 99  |
| ECOSYSTEM EVALUATION MATRIX .....                                                                                                                                   | 100 |
| TABLE 1. KEY PARAMETERS FOR DEFINING ECOSYSTEM FUNCTIONAL VALUES<br>FOR LIFE CYCLE ANALYSIS AND IMPACT ANALYSIS .....                                               | 101 |
| TABLE 2. METHODS OF MEASURING, CATEGORIZING, AND VALUING OF<br>ECOSYSTEM RESOURCES .....                                                                            | 103 |

|                                                                                                                                      |     |
|--------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>SECTION II. EVALUATION AND SCORING OF MINED LANDS</b> .....                                                                       | 127 |
| <b>INTRODUCTION</b> .....                                                                                                            | 127 |
| <b>METHODS</b> .....                                                                                                                 | 127 |
| <b>RESULTS AND DISCUSSIONS</b> .....                                                                                                 | 129 |
| <b>CONCLUSIONS</b> .....                                                                                                             | 131 |
| <br><b>APPENDIX SECTION 1</b>                                                                                                        |     |
| <b>PLANT ECOLOGICAL ANALYSIS OF MINED LAND IMPACTS</b> .....                                                                         | 133 |
| APPENDIX 1. Plant species cover .....                                                                                                | 134 |
| APPENDIX 2. Plant species dominance .....                                                                                            | 135 |
| APPENDIX 3. Cluster analysis dendrogram .....                                                                                        | 136 |
| APPENDIX 4. Standing crop biomass .....                                                                                              | 137 |
| APPENDIX 5. Woody plant stem count .....                                                                                             | 138 |
| APPENDIX 6. Record of time meander search .....                                                                                      | 139 |
| APPENDIX 7. Plots of Log of cumulative species .....                                                                                 | 140 |
| APPENDIX 8. Records of the linear regression analysis .....                                                                          | 141 |
| APPENDIX 9. Linear regression analysis .....                                                                                         | 142 |
| APPENDIX 10. Brief descriptions of each of the study sites .....                                                                     | 143 |
| <br><b>APPENDIX SECTION 2 LANDSCAPE SCALE EVALUATION OF MINED LAND IMPACTS</b> .....                                                 | 144 |
| APPENDIX 11. Miscellaneous data .....                                                                                                | 145 |
| <br><b>APPENDIX SECTION 3 ASSESSMENT OF MINED LAND IMPACTS ON SURFACE HYDROLOGIC SYSTEMS</b> .....                                   | 146 |
| APPENDIX 12. Miscellaneous data, maps, and other information .....                                                                   | 147 |
| <br><b>APPENDIX SECTION 4 CRITERIA SCORING FOR EVALUATION OF MINED LAND IMPACTS ON ECOLOGICAL SYSTEMS OF THE MESABI IRON RANGE</b> . | 148 |
| <br><b>TABLE 3A. ECOSYSTEM EVALUATION MATRIX</b> .....                                                                               | 174 |
