81% from Minnesota

Snapshots

A Top-Ranked University

U.S. News & World Report magazine consistently ranks The College of St. Scholastica among the best colleges and universities in the region for academic excellence.

Graduate in 4 Years Guaranteed

At many colleges it may take five or six years to graduate with a "four-year" degree. At St. Scholastica, first year undergraduates who follow a few simple guidelines will graduate in four years - guaranteed - or subsequent years are free.

Small Class Sizes

With the average student to teacher ratio of 14 to 1, St. Scholastica's small class sizes offer more personalized instruction and a friendly learning environment. All classes are taught by faculty.

Learning Values

St. Scholastica places great importance on preparing its students for a life of purpose - as well as for economic gain - by emphasizing core values of the Benedictine tradition. Learning here entails a commitment to meeting rigorous academic standards, broadening the scope of one's vision and becoming accountable to both self and society.

Social Life

Campus festivals and cultural events allow students to celebrate customs, increase awareness of societal issues and spawn lasting friendships. Nearby universities also offer many opportunities.
