Species of Concern Mammals | Birds | Amphibians | Insects | Flowering Plants Fishes | Snails | Crustaceans The following list includes some (but not all) of the Species of Concern in Region 3 and actions that have or are being taken to document their status or conserve the species. As time and budget allows, species and additional information will be added to this list. "Species of concern" is an informal term that refers to those species which Region 3 believes might be in need of concentrated conservation actions. Such conservation actions vary depending on the health of the populations and degree and types of threats. At one extreme, there may only need to be periodic monitoring of populations and threats to the species and its habitat. At the other extreme, a species may need to be listed as a Federal threatened or endangered species. "Species of concern" receive no legal protection and the use of the term does not necessarily mean that the species will eventually be proposed for listing as a threatened or endangered species. Region 3 is the lead region unless noted otherwise. Abbreviation indicates the lead Field Office within Region 3 (e.g., TCFO). Guidance for Conducting Status Assessments Mammals Eastern small-footed bat (Myotis leibii) Federal Register (June 29, 2011): Notice of petition finding and initiation of status review **Northern long-eared bat** (Myotis septentrionalis) Federal Register (June 29, 2011): Notice of petition finding and initiation of status review Three Grassland Thicket Species: Prairie Gray Fox, Plains Spotted Skunk and DPS of the Mearn's eastern cottontail News Release: (December 5, 2012): Prairie Gray Fox, Plains Spotted Skunk May Warrant Protection Under the Endangered Species Act; U.S. Fish and Wildlife Service to Review Species' Status Federal Register (December 4, 2012): 90-Day Finding on a Petition To List the Prairie Gray Fox, the Plains Spotted Skunk, and a Distinct Population Segment of the Mearn's Eastern Cottontail in East-Central Illinois and Western Indiana as Endangered or Threatened Species (13-page PDF; 225KB) **The Petition Process** A Petition to list Three Grassland and Thicket (Early-Successional) Species as Threatened or Endangered under Section 4 of the Endangered Species Act of 1973. 14-page PDF
